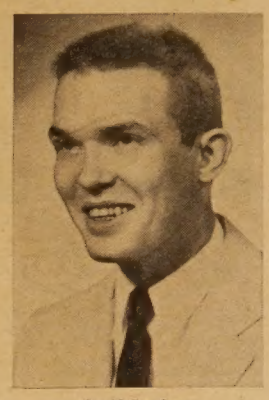
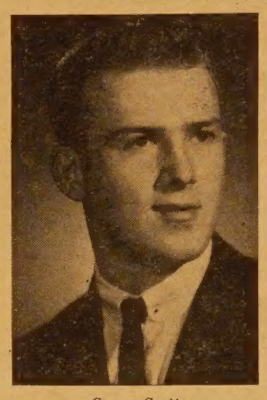
South Side Extends Welcome To Seventeen New Teachers



Robert Baker



Mrs. Karen S. Frankenstein

James Rohrabaugh

Edna M. Shideler

Preston Brown

David Cowdrey

George Scott

Virgil Graber

Miss Lois M. Murphy

Mrs. Madge Schone

(Additional pictures will be on page 3)

All Sections But Music Get Teachers

Increased Faculty Numbers 95 To Cope With 2300 Students

Due to increased enrollment of 2,300 and the retirement of teachers last spring, 17 new teachers will join the faculty this semester.

South Side welcomes the following teachers:

Mr. Robert Baker, football coach, will work in the Industrial Arts Department, and Mr. Preston Brown, assistant basketball coach, in health.

# # #

MR. DAVID COWDREY, Mr. Virgil Graber, Mr. George Scott, and Mrs. Agnes Sosenheimer will be added to the teaching staff in the English Department.

New social studies teachers will be Mr. Richard E. Block and Mr. Malcolm McQuillan; while Miss Edna Shideler, Mrs. Mary Smith, and Mrs. Lois Murphy will join the Home Economics Department.

Added to the science staff are Mr. Richard Ober, biology; Mr. Robert White, physics and general science; and Mr. Richard Shellenberger, physical geography.

Mr. James Rohrabaugh has taken over the publications, Mrs. Karen Frankenstein will teach business courses, and Mrs. Madge Schone will aid Mrs. Alice Keegan with girls' physical education.

# # #

MR. BAKER, football coach and industrial arts teacher, is from Muncie. Royerton School was the scene of eight years of teaching for him. Mr. Baker received his B.S. degree from Ball State Teachers' College and spent one year in the army. Fishing and traveling are his favorite pastimes.

Mr. Block from Versailles, Ind., has joined the social studies' faculty members at South. Hanover College awarded him his A.B. degree; while Ball State was the scene of graduate work and an M.S. degree. Mr. Block has served two years in the Navy and six years teaching. His teaching experience was gained at Dillsors, Muncie, and Southern Regional schools. He lists sports and arts and crafts as his main hobbies.

# # #

MR. BROWN, a graduate of North Side, has come here as an assistant basketball coach and health teacher. He received his B.S. degree from Ball State. He has served two years in the Army. Athletics and photography claim much of his spare time as hobbies.

The English Department will gain Mr. Cowdrey from Fort Wayne. He has served two years in the Army. Following his graduation from Ball State with a B.S. degree, he taught so, Phyllis Rearick, Larry Schneider,

Best Advice For Frosh: Subscribe For The Times

Roy—"Hey, Joe, have you joined the gang yet?"

Joe—"What gang?"

Roy—"Why the South Side gang, of course."

Joe—"What are they doing?"

Roy—"Well, man, they're all rushing to find room agents from whom to buy the **South Side Times**. By buying today they will be sure to receive all issues."

Joe—"Well, what are we waiting for? Let's go buy the **Times**!"

Yes, "Let's go buy the **Times**" is echoing through the halls of South Side as school starts again. Janet Terry, circulation manager, states, "The goal we have this year is a very high one—namely, outdoing South Side's previous record."

Students may buy The Times from any room agent today for $1. After today students may only subscribe from the agent in their homeroom. Homeroom agents will meet on Wednesdays, September 16, 23, and 30 in the study hall at 3:30 p.m. The campaign will officially end October 2.

Agents who obtain 100 per cent in their homerooms the first day will receive extra candy bars. The agent selling the highest number of subscriptions the first day will receive $1, and the second highest agent a prize of 50 cents. The two agents selling the most subscriptions along with the first day 100 per cent homeroom agents will have their picture taken for the second issue of the paper.

All 100 per cent agents after the first day will receive candy bars for everyone in their homerooms when homerooms are paid in full.

Susie Vesey, outside circulation manager, is in charge of alumni subscriptions and all other outside subscriptions. Alumni can purchase **The Times** for $1.50 for one year, and all other outsiders will pay $2 yearly. Room agents may sell outside subscriptions at any time during the campaign.

The first three issues will be free, but a person must subscribe by October 2 to be sure of receiving the remaining issues.

Homeroom agents and bookheads for this semester are:

Senior Pictures Due In October

"The deadline for senior pictures set by Clippinger's is for early October, but the Totem staff would appreciate the co-operation of the class in getting their pictures taken in early September, in other words, right away!" announced Kate Rastetter, Totem editor.

Seniors must pay $1.50 by October 28 to have their pictures in the Totem. Underclassmen must pay 35 cents to have their pictures in the Totem. These pictures will be taken at school sometime in October.

Geri Geller and Carol Miller, circulation managers for the Totem, say that they are looking forward to a very successful campaign, which will begin October 12 and terminate October 23. Students must subscribe before October 23 to have their names on their Totems; however, subscriptions will be taken throughout the year until the books run out. The Totem will be sold for $3.

Subscribers must have paid for their Totem in full by December 11 to have their names on their yearbooks.

Times To Meet Friday

A Times staff meeting will be Friday, in Room 16 at 3:30 p.m. All freshmen are cordially invited to attend. After the meeting the 1500 Club will meet and elect officers for the 1959-60 school year.

Semester Rental Fees, Book Prices Announced

More than 10,000 books will be acquired by South Side students today. Those wishing to purchase books will do so at the book store, located at the south entrance of the gym.

A $1 book rental fee will be charged of all students renting books, and rental cards will be passed out during first homeroom period. These cards, after being signed by the teachers, will be collected during second homeroom period.

Below is the list of books, sale prices, and rental prices for this semester.

*The rental price on these books has been doubled because they are used only one semester a year. The downtown office requested this in order to have the books pay for themselves within the five-year period that it takes other books, used two semester a year, to pay for themselves.

Supervisor Named For Lunch Program

Mr. Aaron T. Lindley has appointed Mrs. Frederick Feustal as supervisor of the school lunch program. This is the beginning of a plan to put all the city schools under one direction.

Mrs. Feustal is a graduate of the University of New Hampshire and did post-graduate work at Simmons of Boston, and is also a graduate dietitian of the Child Hospital in Boston. She is the supervisor of the South Side and Central cafeterias and the lunch programs at the new junior high schools, Lakeside and Northwood.

Mrs. Clarence Traster is in charge of the South Side cafeteria. Mrs. Traster supervised the lunch program at Washington Township School for a number of years. She has had much experience in working with church groups and young people.

Students wishing to help in the school cafeteria this year should apply at the cafeteria office. If teachers or students have any constructive comments to offer, they will be appreciated.

Mr. R. Nelson Snider To Evaluate Schools Of Japan, Islands For NCA

Mr. R. Nelson Snider, principal, has been selected by the North Central Association as one of two representatives to tour Japan and surrounding islands for the purpose of accrediting secondary schools in that area.

The North Central Association is the largest of six organizations of colleges and secondary schools founded for the purpose of accrediting or checking various schools to make certain they meet certain standards. Colleges and schools from 19 states in this section of the country belong to this organization.

Working with Mr. Snider will be Mr. H. W. Frankenfeld, registrar of the University of South Dakota.

Mr. Snider and Mr. Frankenfeld were selected for this honor by the Secondary School Commission of the North Central Association.

October 11 is the tentative date of departure, and the trip should take about three weeks.

During the trip they will visit a total of 14 schools in Hawaii, Midway, Japan, Okinawa, the Philippines, and Guam. Most of these schools are operated by the United States armed forces for the children of their personnel and other American families.

One Navy-operated school will be inspected on Midway. On Honshu, Japan's main island, are two schools, one operated by the Air Force, and in Tokyo, one operated by the Army. On Kyushu, another Japanese island, are three more schools, one Navy and two Air Force.

The Army has one school in Kubasaki, Okinawa. Still another is located in the Philippines at Clarks Air Force Base, about 60 miles from Manila.

The largest school to be inspected is at Agana, in Guam. It is about the size of South Side, with one-third of its students being children of military personnel. The rest of the students are natives.

Five schools are applying for membership in the Association. One of these is a new junior-senior high school in Hawaii, another is in Seoul, Korea. A third is operated by the Navy at Subic Bay in the Philippines. Finally, two new Army-operated schools are located in Japan, one at Tokyo and the other at Zama.

NCA REPRESENTATIVE—Mr. R. Nelson Snider, principal of South Side, will represent the North Central Association on a tour of Japan and the Pacific area. He and Mr. H. W. Frankenfeld will inspect high schools there to make certain they meet certain standards.

600 Lockers Gone, Kelly Boys Suffer

Because the old lockers in the boys' locker room were removed and the replacements cannot be obtained on account of the steel strike, approximately 600 boys will not have lockers at the beginning of the school year.

Although the order had been placed, the new lockers were not shipped, and will not be until the end of the strike.

Since there are not enough lockers available, the underclassmen will get lockers first.

Times Presents Radio To Faculty

As a token of appreciation to the teachers who regularly subscribe for the Times, a light brown walnut-finished transistor radio was presented to the faculty by the Times staff last spring.

The radio was placed in the new teachers' lounge.

Mrs. Emshwiller Meterite Sponsor

Mrs. Florence Emshwiller, English teacher, has been named sponsor of the Meterite Club since the retirement of Miss Susan Peck.

Program For First Day Listed, Rules Are Set For First Week

1. The program for the first day will be:

8:05- 8:35	Homeroom
8:40- 9:00	1st
9:05- 9:35	2nd
9:30- 9:50	3rd
9:55-10:15	4th
10:20-10:40	5th
10:45-11:05	6th
11:10-11:30	7th
11:35	Second Homeroom

Announcements of beginnings and ends of periods will be made by means of the P.A. System.

2. Program cards are to be taken to the rooms as indicated and are to be signed by the teacher in charge.

3. All program cards must be returned to the teacher in the second homeroom period.

4. A. During the lunch periods, pupils must go to the gymnasium and remain there.
   B. During the study periods, pupils must go to their seats in study hall.
   C. Gymnasium pupils must report to the Physical Education Director's office to have their cards signed.

5. **NO PROGRAM WILL BE CHANGED UNLESS AN ERROR HAS BEEN MADE!!**

6. During your Homeroom Period, **FILL ALL BLANKS ON THE PROGRAM CARD.**

7. Lockers will be issued during the 2nd homeroom period in all homerooms. If possible, lockers should be secured the first day. None will be issued again until Friday evening of the first week. Lockers will be issued at that time in Room 114 from 3:25 to 4 p.m.

8. Pupils who live outside the city limits, or whose parents live outside the city limits, must bring transfers.

9. Pupils who do not have Glee Club, orchestra, or band on their cards, and who want to take one or all of these subjects, should see the Music Department in Room 40.

10. Attention of all pupils is called to the method of handling absence excuses. For absence excuses, pupils will report to the attendance office. A written excuse giving the date or dates of absence, the reason for absence, and the signature of parent or guardian, must be brought by a pupil after an absence. Admit slips will be issued on presentation of the excuses.

11. Arrangements can readily be made to secure books for those pupils who cannot secure their own at the present time. Students who want help in securing their books should take their lists to Room 104 between 1 p.m. and 2 p.m. today.

12. Students who want lockers are to get an approval in Room 104 the second day of the semester. Lockers will be issued in the office on presentation of this approval.

Upperclassmen Roll Out Red Carpet To Welcome Incoming Freshmen

It's time once again for South Side to "roll out the red carpet" for all incoming freshmen. One of these students, Nancy Robinson, is pictured with members of other classes at South Side.

Born in Kentucky, Nancy spent her grade school and junior high school years at Harrison Hill. She has signed up to take Latin, algebra, home economics, English, gym, health, and choir on the college course. Wranglers and 36 Workshop are the clubs that interest Nancy. She also plans to work on the Times. Nancy attends the First Presbyterian Church and may become a member of Westminster Fellowship, a youth organization, there.

Some of Nancy's interests are cooking, playing the piano, dancing, and sports. The activities she enjoys most are tennis, water skiing, basketball, and baseball.

Nancy says she has heard a lot about South Side and its good reputation, especially that of the Times. She is "very glad to be entering" but is "a little afraid of getting lost."

Sophomore Cheryl Summers greets Nancy and her classmates to South Side with a bit of advice. Cheryl is taking Latin, English, geometry, and world history, also on the college course. Cheryl is a member of the Red Cross Club and works on the Times. She loves to read books, and "adores basketball." She is a member of Trinity English Lutheran Church and Luther League.

Her advice to an incoming freshman is "Study, do your homework, and above all, don't get behind."

Dan Decker, a midsemester junior, is also enrolled in the college course. His subjects are art, physics, solid geometry, and English. Dan is a member of Hi-Y, and is on the varsity football team. He is working towards a letter jacket. On Sundays, Dan ushers at the Wayne Street Methodist Church, where he is a member of the Methodist Youth Fellowship.

Dan plans to go to college, and is very interested in architecture. His hobbies are art and weight lifting. He had a summer job painting.

When asked to give advice to a freshman, he said, "Work hard from the start and don't play around. Put yourself into all you do, and don't overload yourself."

Sally Gilbert, another sophomore, gives this bit of advice. "Keep up on your homework, and always be honest." Sally is taking French, English, geometry, modern dance, and world history. She plans to join Boosters Club, 36 Workshop, and she hopes to do service work. Sally is a member of Trinity English Lutheran Church, Luther League, and Job's Daughters. Knitting, sewing, cooking, swimming, ice skating, basketball, and horses are her interests.

The last member of the welcoming committee is Larry McDonald, a senior. Larry, also on the college course, is taking English, chemistry, French, and government. He plans to go to a business college, and "join my dad's business."

Larry is a member of DeMolay, vice-president of the youth organization at Plymouth Congregational Church, and a member of Pi Mu, a musical organization. Larry's chief interests are swimming, golf, tennis, and music.

His advice from a senior to a freshman is, "Join lots of clubs, work hard, try to get along with everyone ,and make a lot of friends." He goes on to say, "In my senior year I expect to bring up my average, to have made more friends, and to have joined more clubs."

All South Side, the faculty and the students, wish the new freshmen "good luck" in the coming years at South.

COME ON UP!—Senior, Larry McDonald puts the finishing touches on the red carpet rolled out for Nancy Robinson, far right, incoming freshman. Cheryl Summers, sophomore, Dan Decker, junior, and Sally Gilbert, sophomore, prepare to help Nancy up the steps to South.

Versatile Fashions Dominant For Fall

With the look of a Spanish matador and the color of autumn leaves, this fall a smart young American Miss can wear a pancho. To those unfamiliar with this article of clothing a pancho is a loose fitting blouse that can be worn with many sport clothes. It is usually made of wool or similar warm material and is very bright and splashy.

The fall of '59 has given designers many beautiful plaids and woven materials. A pancho is an excellent pattern for such yardgoods. This blouse has loose fitting sleeves usually elbow length, a shawl collar that is stunning when fringed, and no zipper or buttons. No pattern is required to make one, and remnants of wool at least one and a half yards wide are excellent pieces to work with.

Undergarments such as a blouse or another sweater are not required if the pancho is too loose-fitting. To prove its versatility, if one wishes to wear other clothing under the pancho, it can serve as a lightweight jacket suitable for football weather. Slacks, skirts, or bermudas can be worn with the pancho in matching or contrasting colors.

Another hit this fall is wide-whale corduroy. In contrast to ordinary corduroy it has a heavy weight, wears better, plus the fact that it looks very collegiate. Black, olive green, caramel brown, rust, subdued orange, and charcoal gray are the popular colors of this old but new in fashion material. The strip in wide whale corduroy is wider than in ordinary thin corduroy giving it a rich, fine look.

It is suitable material for rainy weather and it needs no pressing if shaken out well. Jumpers, slacks, bermudas, jackets, skirts, and coats can all be made out of this material. Another advantage to this material is its versatility. It can be worn from early fall through winter until warm spring.

Many blues and greens will be seen together this fall. Unusual shades will be combined of both colors to produce a stripe, plaid, or check. Mint green and navy blue combined make a stunning plaid. Also forest green and royal blue plaids are equally eye-catching. These color combos are excellent for the wear and tear clothes received from active young adults. Drycleanings are few and far between, and many wools are hand washable.

Caramel brown is the other dominant color this fall. It is being shown in materials ranging from heavy weight cotton to luxurious velvet. Unlike the blues and greens it is not mixed with other colors, but left alone. Gold and silver accessories brighten it without changing its simplicity.

The problem of last year's crewnecks that still have a lot of good wear in them can easily be solved by personalized monograms. The initials or the complete name can easily be stitched on the weave. Tweed is as versatile as ever, looking fresh, smart and chic the whole day through. It is also very easy on the budget. Slot seams, double-breasted sweaters and jackets, pleated skirts, mock turtle neck sweaters, and shirtwaist dresses are some of the remaining added features of the fall fashions.

Alumni News

By Susi Hines

The engagement of **Jo Ann Perry**, '59, to Larry Wayne Durnell has been announced by her parents. Jo Ann is currently attending Indiana University. Larry attended South Side and will graduate from Central High School. He is employed by the Balus Company, Inc. No wedding date has been set.

Judy Ann Goller, '55, and Robert C. Corwin have announced plans for a September 11 wedding. Judy is a member of Beta Sigma Phi Sorority. Robert was graduated from Ohio Wesleyan University, where he was a member of Phi Delta Theta Fraternity. Both he and Judy are employed by the Phelps Dodge Copper Products Corp.

Susan Jane Lehman, '57, and John Stephan Parker will be married September 12. Sue is attending Indiana University where she is a member of Pi Beta Phi Sorority. John, a graduate of Indiana University, is a member of Sigma Nu Fraternity.

Judy Hicks, '56, and **James Frey**, '55, were married August 29. Judy attended Indiana University and was affiliated with Kappa Alpha Theta. She is presently employed by the U.S. Rubber Co. in Indianapolis. Jim was graduated from Indiana University in '59. He will be a sophomore at Indiana University Dental School in Indianapolis. He was a member of Phi Gamma Delta Fraternity.

Linda Gayle Hart, '58, and David A. Tucker's betrothal has been announced. Linda is presently employed by the Anthony Wayne Bank. David, a graduate from New Haven High School, has joined his father in the O. A. Tucker and Son Construction Company.

Mary Brunskill, '56, and Kenneth E. Eytcheson were married June 6. Mary is employed by General Homes Division of General Industries, Inc. Kenneth, a graduate of Concordia High School, attended Tulane University and is a senior at Manchester College.

Jacqueline Penisten, '57, and Jerry L. Martz were married August 22. Jerry, a graduate of Van Wert High School, attended University Hospital, Ann Arbor, Mich., and is a technician at Parkview Memorial Hospital.

Edna Marie Bromer, '54, and Lieut. Richard Walter Moore were married May 30. Edna, a graduate of DePauw University, is employed as health, education, and recreative director of the YWCA in Muncie. Richard, also a graduate of DePauw, is in the United States Air Force. He is in primary pilot training at Spence Air Base, Moultrie, Ga.

The engagement of **Shirley Ann McCormick**, '53, to Kenneth C. Luttenbacher was recently announced. Shirley is employed by the New York Life Insurance Co. Kenneth, a graduate of North Side, is attending the Ray Vogue School, Chicago. No wedding date has been set.

Robert Garrett Mossman, '47, and Joan Rule were married June 13.

Frazzled Freshman In Endless Agony

I am a frazzled freshman . . . Everything I do seems wrong . . . I am late to class . . . I get lost looking for the room . . . I am frightened frigid when a senior approaches . . . My voice sticks in a dry throat when a member of the faculty speaks . . . The possibility of living to graduate seems remote . . . I'm the foggiest frosh that ever graced the corridors of South . . . I'm loaded down with texts and notebooks . . . The assignments bend me double . . . I'm wondering if I'll have the strength to make it to the next class . . . I want to join everything, but I'm too scared stiff to join anything . . . Mr. Snider seems remote; I'll try to steer clear of his path . . . I want to learn all there is to know, but I'm so confused I can't read my locker combination that I can never remember . . . I can never find my billfold to pay for my Times or Totem . . . My pockets are full of receipts and hall passes I don't know where or how to use . . . I set my alarm at 5 a.m. so I'll not be late for class . . . I miss my ride after school because I get lost on my way out of the building . . . I'm as green as grass and as corny as pone cake . . . I'm striving and struggling to survive 'til the sophomore year comes to relieve me of this endless agony! I am a frazzled freshman—help!

Welcome To Frosh Extended By Senior With Helpful Hints

Dear Freshmen,

I imagine that you have already acquainted yourself with the locker-lined halls, seen the beautiful cafeteria, and heard of Mr. Snider. This and more is South Side, your home for the next four years. Welcome!

But there is more than meets the eye welcoming you here at South. Challenges- unlimited, opportunities galore, and fun to boot is in store for you if you walk carefully. Your high school years can be most productive and very fruitful if you pass by the temptations throughout these four years.

Probably right now the only temptations encountering you are elevator rides, a glimpse at Miller's through a classroom window, or a mad dash to the drinking fountain between classes. But as you familiarize yourself with South, new doors will open revealing temptations you never thought possible. The temptation not to study "right now" is one of the greatest. Your scholastic achievement while you are here at South is of utmost importance.

If you work on the books instead of the boys, if you concentrate on the courses instead of the clubs, you will find these other things fall right in line according to importance.

Remember, to be an individual, work for what you believe in, and stick to your guns. You are only one. You cannot do everything, but you can do something. Do not fail to do that something that you can do!

Sincerely,
A Senior

Student's Glimpse Of Archer Home

How does my school look to me, a student?

It is only a brick building often concerned with petty things; yet it is the doorway to education.

It is often torn between the past and present; yet it is the gateway to the future.

Its students are only human and often make mistakes; yet they are the type and substance of tomorrow's America.

Its rules are orthodox and simple; yet from them comes the fairness and freedom of this land.

Its faculty teaches, some indifferently; yet from them comes the experience of diligent effort mingled with blood, sweat, and tears.

Its organizations are varied and often seem to have little to do with building one's character; yet from them arise great leaders.

Its courses are often lifeless, without challenge; yet from them come inspired students to better God's world.

Its halls are often noisy, full of idle chatter; yet through them a new generation is learning to carry on, benefitting from the last generation's downfalls.

It seems to have little influence in the community; yet without it the community would be a poor place to live in.

Its budget is small and hard to balance; yet within it is to be found generous donations.

It is full of violations and violators; yet it is the institute of correction.

Those compelled to attend dread it; yet without it their life would be empty.

My school may seem weak, inefficient, inadequate, and worldly, yet it is my link with the future, the right future. May God bless our schools!

Posy's Pointers

By Posy Weilemann

Dear Posy,

I have learned what gossip can do to a person, and I would like to share the lesson I have learned with others.

Now that school has rolled around again, it's time for football, dances, studies, and as usual, gossip. Of course, we all like to talk about other people as long as it isn't us. Before you say anything though, stop to consider the subject!

You all know how quickly fads and sayings start. Gossip is just like that—only gossip can be very painful and very lasting. I don't have to give any examples; you all know what I mean. Believe me, spreading gossip is the most common and the worst offense a teenager or anyone can commit.

I, too, was once guilty of this, but luckily for me I went with a wonderful boy who showed me how foolish and wrong it is. So Archers, as that boy taught me a lesson I'll never forget, I really hope that this letter has taught at least a few of you a lesson also.

Although you're thinking about yourself and what others say about YOU, remember—each and every one of you has a name to carve on the tree of life. Don't blur or smear that name for anyone else; you'll be doing yourself a big favor.

There's a good saying I heard. Here's how it goes, "Never believe anything you hear, and only half of what you see." If you follow this, you'll do fine.

Thank you,
A '59 S.S. Graduate

Dear Posy,

I have a real problem. This fall I'm leaving for college. I have been going steady with a real nice girl for the past year. We like each other very much, but I feel we should break up since we are going to different schools. My girl, however, doesn't want to break up. I don't think this would be fair to either one of us. What is your opinion?

J. E.

Dear J. E.,

I think it would be very unfair to you to start college knowing you are obligated to someone at home. College is the beginning of a completely new way of life. You'll be meeting hundreds of new friends and many girls I'm sure you'd like to date. This is no time to be going steady! Your girl should also be dating boys at her school and joining in the social activities there. This is a very good way for you to find out if you really like each other. If you do, it will last.

Posy

Dear Posy,

I'm one of the many boys who go out for football every year at South Side. We start our practices a month before school starts. We practice twice a day in the hot sun in order to represent our school in athletics. After all this hard work, we are ready for the first big game. As we line up for the kickoff we glance around to see our "LOYAL" fans. There they are, ready for the game, or are they? Off to one corner, there is a huddle of girls . . . probably talking about clothes or who they have a date with that night. There aren't very many people in the bleachers either, but I guess that's natural . . . everyone over on the other side is trying to see who's there. These are just a few of the things we see going on. There are others as bad and some worse!

Depressed

O.K. Archers, let's show our football team that we're really behind them. They really work hard for us, so the least we can do is back them in their game. Let's show them we can do it!

Kelly Couples Enjoy Lake Party; Return To School Reluctantly

Well, summer is almost gone, and school is upon us once again. What a summer!

Just a couple of days ago the South Side gang got together for their last summer party at the beach. It was really good to see all the kids once again after being gone all summer.

We started out for the lake about 4 o'clock and hadn't gone far when we noticed a car with a flat tire pulled over to the side of the road. Boy, were we surprised to see **Susie Phillips** and **Merle Baldwin** struggling to change the tire while **Bob Duncan** and **Mike Milligan** sat by the side watching them. If we hadn't stopped to help them, I doubt if they ever would have made it to the party.

We finally got to the lake and we hadn't been there long when **Helen Robinson** discovered that **Don Campbell** ('59) had forgotten the hot dogs. **Sharon Probst** and **Gus Wade** decided to go with Helen and Don to get them. By that time everyone was starved.

Food was soon forgotten though, when **Judy Garrison**, **Bill Harader**, **Linda Meyers**, and **Bill Heathman** arrived late. It seems that they had gotten lost on the way. Linda had been in charge of getting the directions and she got a little mixed up.

While we were waiting for the hot dogs we listened to **Diane Irmscher** and **Jack Winder** tell about their exciting summer. Everyone immediately joined in enthusiastically and told about their summer experiences. Both **Susie Slick** and **Bob Bolyard** had been at the lake all summer. Oh, those tans!

As we were chattering about our fun this summer, they came back with the hot dogs. Everyone (especially the boys) dove into the food right away. Poor **Bob Rice**! He acted as though he hadn't had anything to eat for weeks! He ate all **Bev Liggett's** food plus his own.

We were all so busy eating that **Martha Dixon** and **Mike Weinraub** were the only ones who saw **Dean Rice** throw **Lynn Neiman** into the lake. When **Nancy Robinson** and **Ann Gallmeyer** saw what had happened, they ran to rescue Lynn while **Denny Van Orman** and **John Knight** stood on the dock laughing at the girls.

After eating, we were too full to do anything but sit around the fire and sing. We felt pretty lucky to have **Bessie Ferguson** and **Dick Rothberg** lead the songs, since they both have beautiful voices.

We soon got tired of singing and were trying to decide what to do when **Linda Amos** suggested that we all go swimming. **Bill Oldson** (Concordia) didn't like the idea but soon changed his mind when Linda turned on the charm.

Both the girls and boys hurried to change into their suits and the girls of course, were ready before the boys.

The water felt wonderful but **Patty Harmeyer** told us that it didn't feel very good when **Steve Clemmer** (Elmhurst '59) ducked her. She soon recovered though, and before long we were all playing tag. **Tom Hertel** was unanimously elected to be "it" and it sure didn't take him long to catch **Jan Curtis**. Meanwhile, **Carolyn Kennedy** ('59) was busy pushing **Bob Edwards** off the raft.

It was beginning to get pretty dark so we decided to call it quits and get ready for the long drive home. We gathered up our belongings and had just rounded the bend of the dirt road leading away from the lake when we heard someone frantically yelling at us. We turned around and discovered that we had forgotten someone. Sure enough, it was **Martha Reiff**, **Jerry Beaucamp**, **Mary Jane Spindler**, and **Terry Berk**. Could it be that they were too interested in each other to notice that everyone was leaving?

On Highway 427 going home **Dick Byers** (U.S. Navy) and **Bonnie Riskas** saw **Nancy Jones** and **Jack Ford** (I.U.) coming off Highway 33 in a '59 convertible. Nancy was hugging the door. It seems that she has a small teakettle that boils easily.

Glancing back once again we left the lake realizing that the summer was now behind us and another school year was confronting us. Well, that's the way the mop flops!

Archers Look Toward School With Desire For Good Year

Now that our little ole schoolhouse has opened its doors, I'm sure that you are all looking forward to all the fun and frolic you will be having this next semester. Well, some Archers seem to think that there will be more work than fun. But no matter what their opinion, they all want to make this year their very best. When asked, "What are your aims for next semester?" they answered:

Tom Felger: Get those grades and have a ball.

Karen Good: Get those ads and boost those grades and the fun, of course!!

Donna Weinraub: Improve grades, fun, work, fun, and "wear those contacts"!!

Linda Silverman: This week we've simply got to get organized!"

Sally Capps: Study, but have lots of fun too!

Susi Horth: I'll say that I'll try to do better than last semester, but I know I won't.

Dan O'Laughlin: First have fun; second have fun . . . then have more fun—very impressive agenda.

Susi Phillips: Every other week have fun . . . in between, study, or at least try.

Bob Duncan: Make my senior year the best.

Mike Church: Get on the ball and try to get some work done.

Jan Martindale: To get through!

Joan Rothchild: To find a large tea leaf in Tetley's Tea.

Annette Plesniak: To survive through the homework and drive all the teachers nuts.

Sharon Longenberger: To get rid of Neil.

Susie Hoard: To maintain 100 average, to become a child prodigy, and work up to capacity never ever procrastinating—I like challenges—like, help!

Judy Riping: To achieve the impossible, which is to grow four inches.

Valerie Callahan: Using my utmost ability to create inspiring and intellectual responses to these stupid polls.

Chris Parrott: I am looking forward to seeing my friends at South and anticipate a successful junior year.

Sue Hiller: To find some fool with a tape recorder and find out what my giggle is supposed to sound like.

The Chatterbox

By Julie Carr

September 9, 1959—This is it! The day the Fun-loving Freshmen have been waiting for, the day the Screaming Sophomores have been yelling about, the day the Jovial Juniors have been jesting about, and THE DAY for the Supreme Seniors!

Welcome Freshmen! We hope you like our school as well as we do. You have four great years ahead of you—if you don't think so, just heed this invaluable advice from two experienced seniors, Sam DeHaven and Bob Thompson: "It is better to remain silent and be thought a fool than to open your mouth and remove all doubt." Thank you very much, fellows!

Sam also has the unusual reputation of having the only live clothespin, alias Sam's left thumb. It seems that Sam was in Michigan this summer and was trying to make a clothespin out of wood when the knife slipped—right down the middle of Sam's left thumb. Does it hurt? Yes, but he'll rent it for 50 cents an hour.

Cook much, Janet? Among her duties as a camp counselor this summer, Janet Terry was required to cook the meals on camp-outs. That was fine with Janet until one night when they discovered she couldn't cook. While she was pretending to be a great chef, she noticed one little camper who kept staring at her. When she was finally done and yelled, "Come and get it," the little camper (bless his little heart) said, "Come and get what? You can't cook. I'm going home!"—he did too.

Not all seniors can be trusted! Especially Margo Dixon and Beth Golden, now known to their friends as the CBS of LG (Chief Boat Snatchers of Lake Gage). Their victims? Molly Dixon and Sylvia Grant (NSHS) who decided to sleep on a raft. They carefully rowed out to the raft and went to sleep. Meanwhile back at the hideout (about 4 a.m.), Margo Dixon and Beth Golden were elected by their friends(?), Judy Cramer, Bessie Ferguson, Penny Hunt, Julie Carr, Marcia Grant (NSHS), and Katie Rastetter to go out and steal—I mean take—ah—borrow the raft for an indefinite time limit. So, Brave Beth and Malicious Margo swam way out to the raft, borrowed the boat, and returned to the hideout—WITHOUT GIGGLING! Upon the morn poor Molly and Sylvia awoke to find themselves stranded without a boat. Yells for help were of course unheeded while the snatchers sat on the dock and merrily waved. Who won? The seniors, of course! Molly and Sylvia gave up and swam to shore.

Judy Chapman has devised a new way to slalom! While trying to slalom she dropped the slalom ski in the water and ended up skiing on one regular ski. It worked and was so much fun that Sue Phillips, Bob Duncan, Sue Horth, Sharon Carrell, Linda Amos, Lynn Neimann, and Dan O'Laughlin followed her example!

"Who's Fooling Who" Pamm Holtzberg and Kathie Sosinski still haven't figured this one out. This summer the girls decided to visit Kentucky. Anxious to fit right in they adopted a beautiful southern accent. Then one day they met something that Kathy says is a Greek God but Pamm declares was Tab Hunter for certain. So, in order to make him feel right at home they yelled a big "Hi, you-all!" and started a conversation only to find he had a hard northern accent. Guess where he was from? Dear little ol' Fort Wayne! (You can get his address—for a small price.)

And then there is the sad story of Geri Geller. Geri decided to start writing to colleges this summer specializing in speech. Something happened though that didn't quite fit into the speech field. The Southern California Oceanography Institute said they would be glad to accept her, after two years' training in marine life and biology. What's the matter, Geri, don't you like skin divers?

Exactness Required In Life's Recipe

In our modern age of such wondrous scientific miracles as polio vaccine and highly technical missile development, the element of time enters greatly into the lives of almost all the members of our equally developed and accelerated society.

Such a wide variety of occupations and fields of interest present themselves before the average man of this day, that often his choice of how to spend his time is hard arrived at. Then too, the question arises as to how he can occupy himself and his hours to best advantage.

A similar problem arises in the production of the famed "delicious apple pie," for which the extraordinary cook is often noted. Though the recipe is treasured and usually not often displayed, one can be assured that, as is the finished product, it is a work of perfection composed of a carefully proportioned and measured amount and number of ingredients, which together complement the others and add to their value.

But should a pinch too much salt be added or the temperature while baking be slightly too high, the "golden proportion" is broken and these faults detract from the value of the remaining ingredients and destroy the overall taste of the pie.

In making his decision as to how he is going to spend his time, a person must, like the experienced cook, construct his own recipe which will produce an excellent finished product.

To attain the favorable results that all undoubtedly strive for, this "personal recipe" must be well-balanced and contain the chosen ingredients in the proper amount, with each complementing and not detracting from the rest. Too much of the "pie" should not be occupied by one element or the value and importance of the others will undoubtedly be outweighed. Yet enough of each should be added so that the "pie" tastes rich and sweet and the crust is flaky.

Additional precaution must be taken that the ingredients used are the right ones, and contain certain extra standards which are necessary to every successful venture.

After he has formed his recipe and assembled the ingredients, a person must "bake his pie" with utmost care, to assure perfection in the finished product; his ultimate goal.

Though the road is often rough and blocked with obstacles beyond the control of even the best planning, a reward well worth the effort is received . . . the satisfaction of a job well-done and the admiring praises of those "who eat the pie."

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

Vocabulary Power Valuable In Life

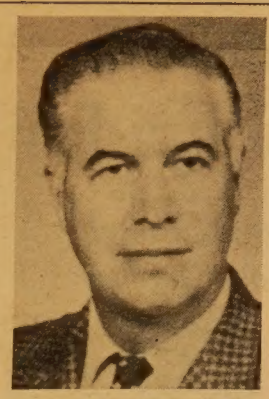
Needless to say words are important. When the human race was young, man probably got rather tired of using the same grunts and groans to make his thoughts and ideas known to the world. So to solve the whole problem he developed a larger vocabulary.

Unfortunately even in this enlightened age some people seem to habitually use the same words constantly. Soon people know them only by their favorite expression. See how many of the following words you know, and if you know them, use them!

1. **impoverished**
   A.—honest. B.—cordial. C.—poor. D.—sincere.
2. **filtrate**
   A.—to fool. B.—bore. C.—rock. D.—purify.
3. **element**
   A.—fog. B.—ax. C.—scepter. D.—simple substance.
4. **fumigate**
   A.—to get revenge. B.—to apply smoke. C.—be soaking wet. D.—mournful.
5. **impressario**
   A.—persuasion by flattery. B.—conductor. C.—old age. D.—mournful.
7. **granual**
   A.—A small grain. B.—professional. C.—idler. D.—criminal.
8. **doting**
   A.—to connect. B.—shortening. C.—excessively fond of. D.—dilating.
9. **deteriorate**
   A.—to crumble. B.—mend. C.—insist upon. D.—frieghten.
10. **inhabit**
    A.—to drain off. B.—translate. C.—live in. D.—humiliate.

Answers: 1—C, 2—D, 3—D, 4—B, 5—B, 6—D, 7—A, 8—C, 9—A, 10—C.

Mrs. Agnes Sosenheimer



Richard Ober

Richard E. Block

Miss Mary Elizabeth Ritter Smith

Malcolm McQuillan

Robert N. White

Richard Shellenberger

(Continued from Page 1)

two years at Elkhart. Outside of teaching, Mr. Cowdrey enjoys stamp collecting, sports, reading, and traveling.

Mr. Graber from Decatur, Ind., received his A.B. degree from Athenaeum College. He is also teaching English this year. Fourteen years of teaching experience are behind him, including teaching positions at Decatur, Wilshire, O., Ottoville, O., Waterloo, Ind., Star City, Ind., Hoagland, Ind., and Monroeville, Ind. Dramatics, radio, and television are his hobbies.

* * *

SOCIAL STUDIES is Mr. McQuillan's field. He received his A.B. degree from Colby College and an M.A. from Columbia University. Previous to this time Mr. McQuillan served three years in the Army. He has taught for six years. Teaching experience was gained at Stanford, Conn., Bellaire, Mich., Ortonville, Mich., and Colon, Mich. Fishing and writing are among his outside interests.

Mr. Ober received his B.S. degree from Manchester College and came to South Side as a biology teacher. He has acquired six years of experience at Noble County schools and Garrett-Keyser-Butler School Corporation. Music and antique autos claim his outside interests.

Director of publications this year is Mr. Rohrabaugh. After receiving his B.S. degree from Ball State, Mr. Rohrabaugh served two years in the Army. Teaching experience for this native of Frankfort was gained at Seymour, Ind., where he taught for two years. This past summer was spent at Ball State working on graduate studies. His hobbies include tennis, writing, and reading.

Mr. Scott from Hartford City has joined the English Department. He received his B.S. degree from Ball State. A man of varied interests, Mr. Scott enjoys Hi-Fi records, electronics, art, painting, and reading.

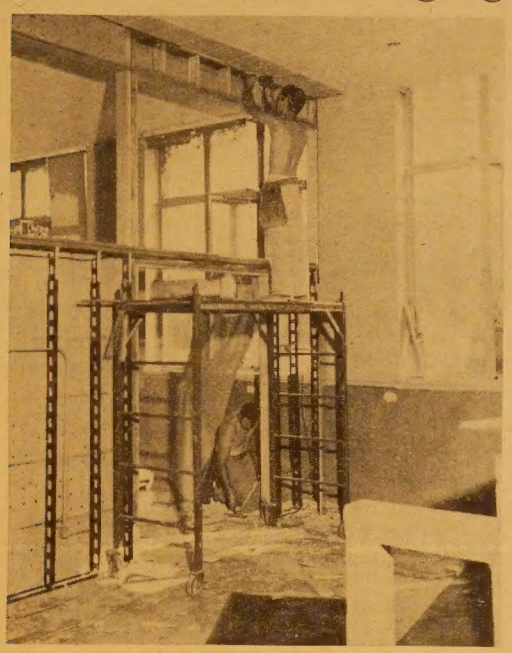
Astronomy, aircraft, and radio and television repair are the main hobbies of Mr. White, science teacher. A native of New Albany, Mr. White received his A.B. degree from the University of Louisville and his M.A. from Washington University. Previous to joining the South Side staff, he spent 34 months in the Navy and taught two years at Louisville Manual High School.

Mrs. Frankestein comes to South Side with a year of experience in teaching business courses. Her A.B. degree was received from Michigan State, and she regards golf, music, and bowling as her favorite pastimes.

* * *

GIRLS' PHYSICAL education will be taught by Mrs. Schone and Mrs. Keegan. Mrs. Schone comes to South after one year of experience at Leo High School. She received her B.S. from Southern Illinois. Sports, handicraft, and art are among her many interests.

Mr. Shellenberger, who received his A. B. degree from Indiana University, will teach physical geography. Originally from Indianapolis, he served 21 months in the Army. Mr. Shellenberger enjoys sports and possesses a fine collection of post cards and slides. His slides are from the Far East and western America.



Miss Shideler from Valparaiso will teach Home Economics. Sixteen years of experience are behind this Indiana University graduate. She received her B.S. from I.U. and her M.A. from the University of Minnesota.

English is Mrs. Sosenheimer's field. Her A.B. degree was given by St. Francis College. She finds much enjoyment in reading and drama.

Mrs. Smith is transferring to the Home Economics Department here from Washington Township. Her college work leading to a B.S. degree was taken at Purdue. Fifteen years of experience are behind her.

A transfer from Harmar, Mrs. Lois Murphy will complete the Home Economics staff. Her home town is Columbia City, and her B.S. and M.S. degrees are from Indiana University.

More Classrooms Result Of Summer Rearranging

CHANGES MADE—There certainly will be a few changes made in good old South Side this fall, and one of these is the new teachers' lounge. Shown here under construction, the lounge will be located in one section of the old cafeteria, upstairs in the north end of the building.—Photo by Thompson

Ever heard of a song called "There'll Be Some Changes Made"? Well, it would seem as if that song were written for South Side, as many changes have been made around these ivy-covered halls.

The old library, which used to consist of three classrooms, has been moved upstairs to Room 114. The room has been painted pink; new tables, chairs, and metal shelves have been purchased for it, and draperies will be hung on the north windows. Because of the space and loveliness of the new library, studying there will be more pleasant and comfortable.

A wall has been constructed in the old library, dividing the area in the ratio of 1/3. Miss Rehorst and her sewing class have moved into the larger of the two rooms, as the former sewing room was too crowded for convenience.

Approximately one-third of the old cafeteria on the west side has been walled off as a classroom, the remaining two-thirds has been divided in half. One part is to be the new Teachers' Lounge, and the other houses consultation rooms, the mimeograph machine, and desks for floating teachers and teachers with off-periods. The kitchen of the old cafeteria has been converted into lavatories for teachers.

New lights have been installed in the stadium, with three poles of 24 lights each on either side, replacing the five poles with six lights.

Y-Teen Clubs To Be Dropped

The Y-Teen clubs, So-Si-Y and USA, will be dropped at the beginning of this school year because of lack of interest.

So-Si-Y, for junior and senior girls, and its little sister club, USA, for freshman and sophomore girls, were YWCA clubs dedicated to service and the development of a friendly spirit among the members.

"South will never again have two Y-Teen clubs," stated Miss Pauline Van Gorder, dean of girls, "but, if interest arises among the incoming 9B girls this semester, the two clubs might possibly be reorganized to form one Y-Teen club."

Three Kellys Attend Achiever Gathering

Three South Side girls were included among the ten city students delegated to attend the National Junior Achiever's Conference, August 23 to 28 at Indiana University.

The girls are Betty Pherson, Linda Tomson, and Fran Hoffman, all seniors.

Betty Pherson, one of the local award winners, was chosen Best Treasurer by the National Association of Accountants. She was given a free trip to the conference as a prize and is now eligible for the quarter-finals of the national contests.

More than 900 teenagers gathered from nearly every state of the union to participate in discussion groups, workshops, and contests to determine the nation's top achievers.

The National Junior Achievers Management Conference is the only teenage convention in the world exclusively dedicated to business.

Richard Bussard Returns To South

Mr. Richard Bussard, a former teacher at South Side, is rejoining the faculty.

After teaching for two years at South Side, Mr. Bussard, upon receiving the National Science Foundation Scholarship, was granted a leave of absence to continue his studying at Washington University, St. Louis, Mo., to work toward his master's degree. The scholarship paid for his way there and back twice, his tuition and books, plus a stipend of $4,200 for the year.

He will return this fall to resume his former position of physics teacher.

Dieter Hillerbrand Seriously Injured

Dieter Hillerbrand was seriously injured in a three-story fall at Goshen College on July 10.

The accident occurred while Dieter was washing windows. He struck a second-story ledge and received multiple fractures of both arms, fractured pelvis, and dislocated collarbone.

Dieter has been attending South Side on a student visa and he will be returning as a junior for the fall semester. He is from Nurenburg, Germany.

While attending school he has been residing at the home of Mr. and Mrs. Cleon Fleck. Mrs. Fleck teaches art in Room 26.

Dick Rothberg And Terry Berk Impressed With Boy's State

Seniors Dick Rothberg and Terry Berk attended Boys' State this summer, and returned very much impressed and pleased with all that each learned about government and politics on state and local levels.

Boys' State is held annually on the campus of Indiana University at Bloomington, Ind. The boys were bedded in the Men's Housing Quadrangle, well fed in the campus cafeteria, and enjoyed the use of most of the facilities around the campus.

It was mandatory that only two periods and two regularly-scheduled lectures be attended per day; however, it was possible to elect a class on speech, journalism, and law.

Dick and Terry arrived at Boys' State on June 14 for a seven-day stay. Upon arrival, the boys received either a pink badge or a blue one, denoting Federal or Nationalist party, respectively. Also, each boy was assigned to a "city," which was composed of 50 boys, more or less. There were two "cities" to a "county," and eight "counties" to a party.

As the boys attended lectures and classes on state and local government, their knowledge about the functions of these organizations increased by leaps and bounds. If a boy wished to run for office, they submitted their names to the city or county chairman and then publicized themselves with posters. Primary, then general, elections were held. This "election" was held on Wednesday, June 18. To give you a general idea of what most of their days were like, here is a sample program of a typical day at Boys' State:

6:30—Reveille
6:45—Flag-Raising
7:00—Breakfast (varied)
8:00—Government Lecture
10:00—Government Class
11:45—Lunch (varied)
1:00—Government Class
2:00—Elective Class (Speech, Law, Journalism)
4:00—Government Lecture, Marched
5:00—Lower Flag
5:30—Dinner (varied)
8:00—Assembly
10:15—Lights Out

Both boys commented on the good food as well as the quantity of it. During spare time, the boys were permitted the use of the swimming pool, and most of the facilities.

On Thursday evening, June 19, the boys marched for Governor Harold Handley.

Dick's trip was financed by the Temple Brotherhood (connected with the Jewish church) and Terry's trip was financed by the American Legion.

When asked if they enjoyed their stay, all Dick could say was "Great," but Terry used "Immensely" to sum up his stay.

Two Archers Go To Music Clinic

During vacation, two Archers attended a music clinic at Indiana University. The girls, Carol Purdy and Vicki Sheldon, studied piano and violin for two weeks in the orchestra clinic, conducted by Mr. John H. Davies, director of instrumental music in the Elkhart public schools.

The scholarships which took them to Bloomington were awarded by the Fort Wayne Philharmonic Women's Committee. College credit will be given for these two weeks of work and fun.

Mr. Elmer Harkenrider, Press Foreman, Retires

With almost 23 years of service to the Fort Wayne City School Press behind him, Mr. Elmer Harkenrider, foreman of the press located here at South Side, retired this fall. Nicknamed "Harky" by the press and Times staff, Mr. Harkenrider is one of Fort Wayne's most skilled printers. He accepted the formanship in 1936 under Miss Rowena Harvey, supervisor of publications for the schools, who retired in June.

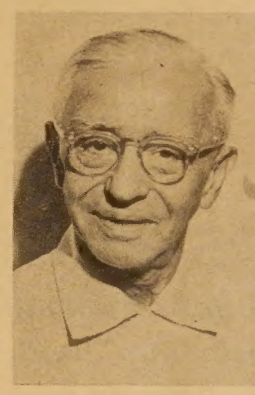
Mr. Harkenrider began his career with the old Fort Wayne Journal, working as a compositor setting display ads which was then done by hand. He learned to operate the linotype machine as soon as it became prominent in newspaper work.

"Harky" was also employed by the old Fort Wayne News-Sentinel and by two other newspapers in the city, and he worked in the first commercial typesetting shop in the city.

During this time, every commercial shop had its own methods and techniques, and since "Harky" wanted to learn the entire printing business, he worked in all the commercial shops in Fort Wayne and some in other towns.

Mr. Harkenrider said of his experience here, "While the job has been very strenuous and on some occasions looked like a mountain, with hard effort and the co-operation of a loyal force, we have always been able to get out each issue.

"My years at South have been the most pleasant ones of my entire experience as a workman.



"Mr. Snider, though he had no direct connection with the shop, still was always recognized and respected because of his position and because the shop is located in the building which he has run so proficiently. He has always worked and gone 'all-out' to help us in every way.

"Miss Harvey, as my boss, has been a very wonderful person to work for. I always loved to do things to please her.

"The decision to retire has been one of the hardest tasks I've had to face. It is with deep regret that I leave the school press and the good South Side Times. I shall always cherish the fond memories of my association with Mr. Snider, Miss Harvey, and all the students.

"My thanks also goes out to the administration office, Mr. A. T. Lindley, Mr. A. E. Koeneman, the purchasing agent, and all the others there who were always so helpful and cooperative. It is with a tear in my eye that I say goodbye."

On Mr. Harkenrider's retirement Mr. Maurice Forkert will assume the formanship of the shop. When Mr. Forkert was in school he worked part time in the shop, and came here two and one-half years ago from Auburn as an apprentice. He is now a journeyman.

Mr. Elmer Harkenrider

Other members of the press staff are Mr. Verne Ireland ("Irish"), who has been employed in the shop since 1928, and because of his excellent craftsmanship, is regarded as the shop's dean; Mr. Frank Reed, pressman; Mr. Gerald Romary, linotype operator; and Mr. Don Campbell, now serving his apprenticeship, who also worked in the shop during his freshman year in school.

New Homes Ready For Home Rooms

To add to the confusion of the first day, many homerooms will be in new locations. This is due to the fact that during the past summer the library has been moved to Room 114 and three new rooms have been created out of the old library and cafeteria.

Mrs. Florence Emshwiller will have a 9B homeroom in Room 116, the old cafeteria. The homeroom in Cafe B will be moved to the new cafeteria and the members of Cafe A will take up residence in Room 45.

Miss Pearl Rehorst will leave Room 138 and move with her homeroom to Room 84, which is part of the old library; while Mrs. Anne Redmond takes over Room 138 with a group of 9B's.

The members of Room 114 will be transferred to Room 88, also part of the old library.

The last transplant is that of the residents of Room 118. They will move to Room 61, where Mr. Leon Smith will be in charge.

Honey to:

Those buying The Times the first day.

The Great Guys in Green, our football team!

The new teachers, those brave souls . . .

The old teachers, those braver still.

The tile in the locker rooms.

All new freshmen.

R. Nelson Snider, who was seen working in his office late on hot summer nights.

Never will there be a more dedicated man.

Kellys To Start Season Against Anderson Friday

South Has Heavy Line, High Morale, Condition; Good Contest Predicted

Looking forward to a successful season, an eager South Side Archer football team will journey to South Anderson Athletic Field in Anderson this Friday. There they will meet the Anderson Indians at 8 p.m. in the Kellys' season opener.

This year's battle with Anderson should be quite different from last season's 20-6 defeat, since the Archer squad is in better physical condition and locker-room spirit has been high.

The Indians have lost some of their key players from last year's lineup, and they should not outweigh the Archers as they have in past years. On the contrary, the Kelly forward wall, averaging around 200 pounds, should dwarf the Indians.

The Anderson line, in fact, averages under 175 pounds. This is somewhat smaller than previous Indian powerhouses. Nevertheless, they will probably have the advantage of speed, a major factor in the attacks of recent Anderson squads.

Although the line appears weaker this season, there will be no weakness in the fleet backfield. The entire unit, composed of Jim Seal, Bob Townsend, Jessie Collier, and Steve Watson, are returning veterans.

Other returning letter winners include centers John Cunningham and Terry Seybert; guards George Krall and Conrad Bivens; ends John Jackson, Dave Brogdon, and Clark Harrison; and quarterback Bill McCurty.

The Anderson team, which is coached by eight-year veteran mentor Jim Carter, appears to be strong at the tackle positions, where Roy Guyot, a two-year veteran and Joe McCord weigh 209 and 210 respectively.

Coach Gernand will definitely have to hold down Anderson's small but fleet veteran backfield which has quick break-away potential. However, Coach Gernand and Coach Bob Baker, formerly of Royerton, have been working diligently with the squad to improve the Archer defense.

The Anderson game should be a real contest between these two clubs, and the Archers could get off to a good start by taking Anderson by surprise this Friday.

Probable starting lineup:

Anderson		South Side
J. Jackson	LE	F. Lude
G. Krall	LT	T. Berk
J. Duffy	LG	D. Tritch
J. Cunningham	C	B. Spindler
C. Bivens	RG	J. Olinske
R. Guyot	RT	J. Dawson
D. Brogdon	RE	K. Howe
J. Seal	QB	B. Bolyard
B. Townsend	LH	C. Johnson
J. Collier	RH	N. Mieras
S. Watson	FB	J. Somers

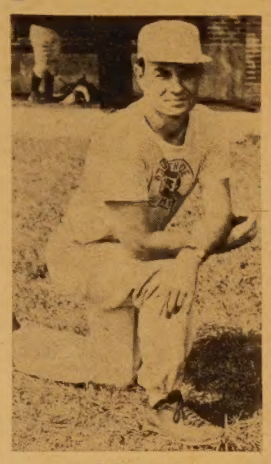
Mr. Reichert Helps Basketball School

South Side basketball coach Don Reichert, along with Mr. W. W. Stelzer, athletic director at Concordia Senior College, organized a junior basketball school this summer. The school, with classes at Concordia College Gym, was established to teach the boys the fundamentals of basketball. Classes were held for three hours a day, six days each week, from July 20 through August 1. Mr. Charles "Porky" Holt of South Side and Mr. Willie Doehrman of Leo also served as instructors at the school, which was open to all boys finishing grades four through eight in the public and parochial schools of Fort Wayne and Allen County.

The school closed out the program with a two-day single elimination tournament on July 30 and August 1, and an awards banquet for the players and their parents.

Mr. Baker, Assistant Coach, Is Also Gym, Shop Teacher

A powerful addition was made to South Side's coaching staff this year in the person of Mr. Robert Baker. He is assisting Mr. Gernand and the other football coaches this season as line coach. He came to South Side from Royerton High School.



Coach Baker originates from Bluffton where he attended Bluffton High-School. He was graduated from Ball State Teachers College where he played four years of fine football at quarterback.

After his graduation from Ball State, Mr. Baker gave his required services to Uncle Sam. In 1951, he became football coach at Royerton High, which is near Muncie. There, for a man as young and supposedly inexperienced as he was, Mr. Baker piled up an amazing record of 41 victories, nine losses, and four even contests. Royerton elevens also copped the Mississinewa Valley Conference championship five times during his mentorship. These are fine accomplishments of which any coach may feel proud.

Although it was too early to get Mr. Baker's opinion of South Side as an educational institution, he was expertly coached by Mr. Warren Hoover to say that South is a "fine school."

On the other hand, Coach Baker has his own ideas about South Side's football team. "They are a big team, but even accounting for their size, this eleven could prove to be very good or very ordinary. It's a mental thing. The real strength of the team depends upon the boys' mental attitude."

Mr. Baker is 31 years of age and is married. He and his family reside in Muncie. It seems the Bakers recently obtained a beautiful new home, and they didn't want to part with it. Therefore, Mr. Baker faces a daily round trip to Fort Wayne to teach here.

Robert Baker

The boys on the team think as a unit that Coach Baker is a "great guy," although he is quite a task master. Although one boy was heard to say, "Baker could take the smile off anybody's face," he has obtained the respect and friendship of all the team members.

In addition to coaching, Mr. Baker will teach industrial arts and will aid in the Physical Education Department.

What's Football Practice Like? Ask John Stein, Junior Hopeful

By John Stein

For the first football practice session I reported with butterflies in my stomach. This was my first attempt at football although I'm a junior, but I soon discovered my worries were groundless. Upon entering the stadium I saw that the other boys were just as nervous. We joked and talked until the coaches arrived and then the fun (?) began.

We ran two warm-up laps around the field and then just as we began to catch our breath, the coaches suggested we do calisthenics. We suggested that we not, but to no avail. After 10 of the best exercises the coaches could think of, we were split into groups according to the positions we wanted to play.

I was with the line and our coach had us run sprints until we were ready to drop. Then we were told to jog a lap so we could catch our breath and rest. Rest? Did I say rest? I was just plain pooped by the time I finished, and, judging by the huffing and puffing of my teammates, they were, too. We dropped to one knee while the coaches explained the fundamentals and then we were up again and running in place. We topped this off with front rolls.

We concluded practice with a couple of 100-yard dashes.

As yet I was not sure which position to try out for, but when the coach announced that the backs and ends would meet at 8 a.m. while the line was to appear, if still able, at 9:30 a.m., I decided the line would be better for me. Unfortunately, the next weke the practice times were reversed.

By the third day the team looked as if it were held together by tape. Blisters, bruises, and sprains were taking their toll. During our first two weeks we learned the plays, the basic blocks and tackles, as well as signals. It seemed like summer school in a field. We even had homework.

We also received our equipment, adding not only 15 pounds to our load but also considerable heat. No more shorts and T-shirts to look forward to; just full equipment. While everyone else had air-conditioning, swimming, and just plain relaxing to look forward to, the team had workouts twice a day in 90-degree heat to look forward to.

I would like to say that our present coaching staff is the best and nicest I've ever played for. It is also, as I mentioned before, the only one I've ever played for.

Mural Men

By Bob Thompson

In view of the fact that only a very small number of boys can participate on South Side's varsity teams, the Intramural sports program, headed by Mr. Clair Motz, strives to provide an opportunity for all boys of the school to take an active part in a large number of the more popular sports.

Stress is placed on the importance of participating in sports, rather than always winning. Many benefits such as lessons in sportsmanship, body development, opportunities to make friends, and a lot of fun may be had by those who take advantage of the opportunities offered.

A parent's consent card is the only passport needed to become a member of the Intramural program. The card may be obtained in the gym office and should be returned there after it is filled out and signed by a parent of the prospective participant.

For joining in each sport and for winning or placing in each, points are awarded to Intramural members. When 140 points are amassed by a person, a handsome green and white, inscribed "IM" letter is awarded. It is rather difficult, and therefore quite an honor, to be the recipient of one of these letters. However, many students have earned one in a single year by participating in a large number of sports and being very faithful in recording their points.

Further awards are given to those members who work for even more points, and when enough have been earned additional letters and Intramural pins are given.

In order that boys can play with others of comparable size and weight, each Intramural sport is divided into three divisions; light, middle, and heavyweight.

Lightweight teams are composed of boys weighing up to 125 pounds; middleweight from 126 pounds to 145 pounds; and heavyweight from 146 pounds up. Through this system, no one must compete against fellows much larger than he is; therefore, he has a much greater chance to excel and have fun in what he is doing.

The goal of the Intramural Department is to include a larger number of boys in its program each year, and for the last few years, they have accomplished this with large margins.

Touch football and cross country are the first sports on the agenda this fall; they will begin shortly after school opens. So go to the gym office, get your parent's consent card and sign up now, for the big game is soon follow these so get in on the program now, and be set for fun ahead.

In many instances graduates of South Side have returned to give high praise to the Intramural program, saying that it is quite similar to sports programs offered in colleges, and that it is excellent preparation for experiences of the future. The Intramural Department is quite proud of its program and thinks that you will also be glad that you are a part of it, should you join.

South's Coaches Work Hard, Anticipate Good Football Team

LEADING THE ARCHER GRIDDERS—Preparing the squad for the 1959 season are from left to right, Coaches Bob Baker, Bob Gernand, Warren Hoover, and Glen Stebing.—Picture by DeHaven.

Guiding and molding the talents of this year's gridiron prospects is the job of South Side's football coaching staff, headed by Mr. Robert Gernand. Assisting the head coach are Mr. Robert Baker and Mr. Warren Hoover; while Coaches Glen Stebing and Wayne Scott instruct the freshman candidates.

Mr. Gernand is starting his fourth season as Archer head coach. The 1944 South Side graduate was a pigskin star himself here and at Michigan State and Penn State. After his college days he coached high school football in Michigan. Gernand entered the Navy in World War II and then served as a Marine during the Korean War.

In 1953 Mr. Gernand came to South as an assistant coach to Mr. Jack Bobay. After being head coach at Escanaba, Mich., for the next year, he returned to Archerland and in 1956 took over head reins here. His three season head coaching record at South stands at 9-14-2.

Coach Gernand believes this year's team is better than the 1958 edition, but that the schedule will be tougher, Goshen and Hammond Morton being added. He sees strength in his first string line but a lack of depth. The backfield lacks only experience.

Newcomer to the Archer scene is Line Coach Bob Baker, a former Ball State gridder. Compiling an impressive coaching record in past years at Royerton, Baker is a sure bet to bolster the Kelly chances for a fine season.

Mr. Hoover begins his third year as assistant coach. The backfield mentor played football and tennis while attending Valparaiso and Indiana University.

"This year's team plays a better caliber of football than last year's, but the competition is also tougher," he feels.

Freshman Coach Glen Stebing is a veteran of 12 years at South. In his college day, Stebing won All-State honors in football at Manchester College and then attended Indiana University to receive his Master's degree in physical education.

Wayne Scott, athletic director and other mentor for the freshman crop, has coached off and on for the 17 years he has been at Archerland. Scotty was a basketball and baseball star while at Michigan State.

Both Scott and Stebing think that it is too early to tell just how good the first year gridders will do. However, Coach Stebing believes there is a good possibility for a winning season.

Archers Place In Tennis, Golf

Bing Gilardi Runner-up In Medal Golf Tourney

Summertime brings scores upon scores of persons, young and old, from near and far out-of-doors; this year was no exception. Some play tennis and others golf, two of the major summer sports. But most persons in either field don't have enough patience or know-how to play in a park tournament, let alone a state tourney. Fortunately, there are a few "experts" who can play well enough to win (and that's pretty well).

In tennis two such boys are sophomore Ron Heathman and senior Dick McGaw. Ron won the boys singles 15-and-under division championship. Dick won the boys singles 18-and-under division title. Ron beat Dukie Dow from Concordia High in the final game; Dick beat Mike McVey in the final match.

The boys then pushed on to Elkhart, but luck didn't follow them. Ron was beaten by Jerry Bradley of Peru; Dick by Kenny Badylak of Gary.

In the Junior Medal Golf Tournament Central Catholic took the top three honors, although Bing Gilardi was the runner-up. John Biteman took the 14-15 year division title while Jack Harms came in second just four strokes behind.

Junior Bruce Foltz also excelled on the links, winning the second flight of the City Junior Match Tourney at Foster Park.

As can be seen, not everyone took things easy this summer. Congratulations to those who won; and better luck next time to those who lost.

Archers Look Forward To Season With Tough Team

Heavy Line, Speed, Make Kellys Firm

12 Lettermen Return To Join 33 Hopefuls As Possible Champs

By Steve Rothberg

For some weeks now about 45 grid hopefuls and five coaches have been sweating it out twice a day, six days a week, in an attempt to whip a tough Archer team into shape so that when the season does start they will be ready to do proud the Archer name.

Coach Bob Gernand, in his fourth season as head Archer mentor, has potent backfield speed, combined with the biggest line he has ever coached at South Side. This, coupled with the annexation of Mr. Robert Baker, formerly of Royerton, seems to indicate that the Archers may be a local power for the first time in years.

With the return of 12 lettermen, the Green and White should have good seasoning and experience, necessary to a winning ball club.

= = =

THE BIG ARCHER line includes Jim Dawson, Terry Berk, Jim Olinske, Bill Spindler, and Dan Tritch. Ends are Ken Howe, a converted guard, Frank Lude, and Bob King. All are letter winners of last year. These, combined with some promising underclassmen, will really make a "solid" forward wall.

The backfield, oddly enough, is composed of mostly underclassmen, with only three seniors out of the first 10 backs. Bob Bolyard, as of the present, is number one in the quarterback slot, with Chris Parrott, doing sterling defensive work, close behind. Steve Hargan is the third man on the totem pole and he has the best throwing arm but lacks experience.

The rest of the backfield will be comprised of Carl Johnson, Bob Shine, Steve Burton, Tom Duff, Neil Mieras, Pat Goyer, and Win Moses at halfback, and John Somers, Emmitt Bowen and Tom Hertel at the fullback post. Johnson and Moses were converted from quarterback and fullback jobs to their present positions. Somers is the best at fullback so far, with Bowen second in line. Bowen has all the capabilities, but does not always give his all. Hertel played guard last year and needs more alacrity to be deadly on offense.

= = =

THE TEAM was unveiled publicly yesterday in the annual Jamboree at Northrop Field.

The schedule this year is tougher than last, but that is only fitting as the team will be tougher and probably do better against keen competition.

The team may be better than the previous season, but no matter how good they are, they will still need much, maybe even more moral support to turn this season into a winning one.

The schedule is as follows:

Sept. 8—Jamboree, North
11—Anderson, there
18—Shortridge, there
25—Hammond Morton, here
Oct. 2—North, here
9—Central, there, played at South Stadium
16—Royerton, here
23—Goshen, there
30—Huntington, there
30—Huntington, there
Nov. 6—Central Catholic, here

READY FOR ANOTHER SEASON—The '59 football squad prepares for the city title chase. They are left to right, first row: Steve Burton, Chris Parrott, Al Eitman, Bob King, Chuck Clifton, Dan Tritch, Steve Hargan, Frank Lude, Bob Griffiths, Bill Spindler, Terry Berk, Jim Olinske, Jim Dawson, Ron Moring, Steve Pohl; second row: Bob Shine, Ron Becker, Steve Druart, Tom Hertel, Pat Goyer, John Somers, Win Moses, Dan Decker, Carl Biewald, Steve Matthias, Steve Stults, Bob Gifford, Dan O'Laughlin, Bob Bolyard, Carl Johnson, Ken Howe, Steve Leininger, Tom Duff, Emmett Bowen; third row: Ken Rice, John Stein, Larry Sievert, Henry Persons, Tom McMahon, Mike Robinson, Ron Zeigler, Dave Benbenek, Dennis Graham, Bob Sheray, Dan Belschner, Tom Schwartz, Bob Ross, Dave Reynolds, Dave Cormany, Steve Black, Terry Thomas, Steve Banet; fourth row: Jerry Scherrer, Don Sievert, Mike Ewald, Bill Branstrator, Tom Frazell, Dick Vaughan, Steve Cook, Frank Lewis, Mike Stedge, Phil Bennett, Terry Newendorp, Chris Junker, Dave Wallace, John Weaver, George Gilmour, Stan Alfeld, Dale Smith, Chuck Parker, Jerry Blessing, Ron Rice.—Picture by Thompson

Carter's Corner

By Jim Carter

Once again the return to school brings thoughts of football to the minds of all Archers. This subject has occupied the thoughts of the gridders themselves since August 15, however, and they have been going through rugged twice-a-day drills since that date.

This season the fans will have far more to hold their interest, as Coach Bob Gernand will have the backbone of last year's squad returning for a change.

The strongest teams on paper at the campaign's outset are the Kellys and the Tigers of Central. The Bengals look extremely rugged, featuring 13 returning lettermen. As always, they will have good speed. New Head Coach Paul Bienz will inherit a veteran backfield, losing only Tharnell Hollins.

Outstanding returnees are Jim Keim at quarterback, halfbacks Fern Williams and Willie Rozier, and all-city halfback T. C Williams. Willie Curry and Willie Hatch capably hold down the end posts, and a former end, Rob Tilker, has been shifted to tackle to bolster a weak spot. Guard Pete Hogan is still a tower of strength in the middle of the line.

A record turnout of candidates denotes a marked increase in grid interest at Central, and the Tigers have labeled themselves as definite contenders for the city crown, and preseason favorites in some corners.

Featuring an entirely new team, city champ North Side will be rebuilding this year. Ex-Huntington Coach Wave Myers, in his first year with the Redskins, has only six returnees. Most of them saw little action, the notable exception being Sonny Gordon, a fullback who may also be used at half. This squad is highly inexperienced and has good speed, but not much size. North has a habit of turning completely new units into contenders, but this group is too raw to be a likely challenger.

Central Catholic, who tied the Tigers for the second spot in 1958, should also be a have-not this campaign. The Irish are a young squad, with only eight limited-action monogram winners returning. On top of this, they have been beset with a rash of injuries, nine players being inactive at the present time.

They will be slightly faster than the last edition of the Irish, but a light, inexperienced line will be in evidence here too. Mike Creigh at end and Leroy Carcione at halfback will be probable standouts. Dave Langas, leading quarterback candidate, is presently on the injury list, but he should still be effective this season.

The '59 Irish are a mere shadow of the previous powerhouses, and barring their sudden return to health, they do not look like contenders either.

That leaves the Archers, with 12 letter winners, a strong, experienced line, and an untried backfield. South and Central will be the front-runners, with the Bengals probable favorites. Central Catholic could show better than expected if injuries are overcome and some newcomers shape up. North is capable of an upset or two to keep the race interesting, but it looks like a two-team affair.

Despite Central's definitely favored status, this column will choose the South Side gridders as next city champs. With the line living up to expectations and an outstanding job by some junior backfield men, it can be done.

In a recent schedule controversy, doubt has arisen over the continuation of the North-Central grid series. The Red has Central scheduled for September 14, but the Blue does not have them down for that date. The Bengals wanted to play North on September 18, but the Redskins have another game on that date. September 14 is still listed as an open date on the Central calendar. Perhaps the authorities can straighten this one out in time to preserve that highly entertaining series, which now stands even after 32 years.

Mr. Robert Baker, formerly of Royertown, should aid Head Coach Gernand and the Green's cause immeasurably this year. His rugged training tactics for the lineman have already impressed all connected with the local grid picture.

Two unsung members of the coaching staff who helped out in pre-season workouts were Oscar Nelson and Mike Mileski, students at Northern Michigan College. They were coached by Mr. Gernand at Escanaba High School in Michigan.

Mississinewa will be absent from the Kelly's 1959 grid card, being replaced by Hammond Morton, a perennial power from up Calumet way. Another addition, filling the empty date which proved injurious to last year's squad, is Goshen, a consistently strong grid school.

This year's schedule includes nine games, five of which will be played at South Stadium.

Season Tickets On Sale Soon

Mr. Wayne Scott, head of the South Side Athletic Department, has announced that the season tickets for football and basketball will go on sale in the homerooms next Thursday.

The book of tickets, which includes passes for all of the South Side home games this year, will sell for $3. During the tournaments, season ticket holders will get the first chance to purchase tourney tickets.

The football and basketball games this year are scheduled as follows:

Football

Sept. 8—Jamboree, North
11—Anderson, there
18—Shortridge, there
25—Hammond Morton, here
Oct. 2—North, here
9—Central, there
16—Royerton, here
23—Goshen, there
30—Huntington, there
Nov. 6—Central Catholic, here

Basketball

Nov. 20—Bluffton, here
25—Southport, here
28—Concordia, here
Dec. 5—Huntington, there
11—Auburn, here
12—Logansport, there
19—Michigan City, there
Jan. 8—North, there
9—Mishawaka, there
13—Central, there
15—Terre Haute Gerstmeyer, here
22—Muncie Burris, here
23—Elmhurst, here
29—North, here
30—Shortridge, there
Feb. 6—Gary Froebel, there
12—Central, Coliseum
19—Central Catholic, Coliseum

First GAA Meeting To Be Next Monday

An organization meeting for the Girls' Athletic Association will be next Monday. All girls interested in sports are invited to attend.

Freshmen may join by signing with Mrs. Madge Schone, sponsor, and upperclassmen may sign with Mrs. Alice Keegan, sponsor. Both sponsors are in the gym office in the new addition.

After Monday the freshmen will meet every Friday from 3:30 p.m. to 4:30 p.m. Upperclassmen meet on Monday at the same time.

Instruction on how to play various games is offered to the freshman division. Girls learn game techniques and rules for all activities. Girls play on teams of their choice with captains whom they select. Awards are given for points earned.

Activities are divided into major and minor groups. Speedball, basketball, volleyball, softball, and tumbling come under the title of major sports and are played here at school.

Several minor sports take place outside of school. They are tennis, hiking, badminton, track, skating, bowling, and swimming.

Stadium Lights For Archer Fans

This year our stadium will have a new look. One hundred and forty-four lights have been added. Each of the six poles, which are 80 feet high will have 24 lights, each of 1,500 watts. The transformer weighs 60 pounds with a high voltage operation of 260 volts.

Baseball Draws Kellys During Active Summer

Pal's Truck Stop Wins League First Place In Federation Play

Baseball fever attracted 50 South Siders to participation in the national pastime as members of local league squads during the past summer. Of these 50 boys, 15 played in the Fort Wayne Pony League.

In Junior Fed play Pal's Truck Stop ended the season with a 16-4 record to finish first in the league. The team went on to win the Fort Wayne Junior Federation double-elimination playoff, climaxed by their dumping Indiana-Michigan in a best of three series. This enabled them to enter the Great Lakes Tournament held at City Utilities Park in Fort Wayne. Pal's, the host team, rolled on to take the meet undefeated.

I.&M. also represented Fort Wayne, although their bid was unsuccessful. The electric nine dropped their first two games.

= = =

THE NATIONAL Junior Federation Tournament was held at St. Joseph, Mich. Steve Hargan, a South Side junior, drafted from Fort Wayne Glass for the series, pitched a magnificent game, as he recorded a two-hit shutout to lead Pal's to an 8-0 victory over Rock Island, Ill. Pal's was ousted from the tourney in their fourth battle by St. Joseph, Mich., in overtime, placing third in the national competition.

Outstanding performances were executed by Steve Gaskill and Bob Rice of I.&M. Electric during both the local and Great Lakes playoffs. Neil Mieras and Carl Johnson, teammates, also aided the team's morale.

= = =

FORT WAYNE GLASS accounted for five victories and 16 defeats to finish in the eighth position, the cellar, in the Junior Fed standings. Steve Hargan, a brilliant young hurler, along with Steve Burton, Bob Bolyard, and Steve Mathias, all juniors, finished the season in fine style.

Other Kellys on respective Fed teams are as follows: Dave Conine, Fort Wayne Glass; Bob Haag, City Light; Tom Jones, Waynedale; Bob Bickel, GMC; Don Dennis, Dick Tipton, and Don Pollock of Fort Wayne Glass.

Six of the boys mentioned are 1959 graduates of South Side. They are as follows: Steve Gaskill, Bob Rice, Bob Bickel, Don Dennis, Don Pollock, and Dick Tipton.

= = =

O'BRIEN-SANDERSON won top Pony League honors for the '59 season by capturing both the city crown and the South Division title. The Insurance nine defeated Transport Motors, North Division winners, in a 6-3 verdict. Tom Shine crossed the plate for the winning run. Eddie Johnson hurled a no-hitter for 5 1/3 innings, but was relieved in the sixth inning after a Transport rally. Johnson was not credited for the victory. During the regular course, the team took the South Division title, with a 13-3 record.

In other Pony League action, John Biteman of Menu Meats turned in one of the greatest pitching performances in Fort Wayne Pony League history. The young hurler fanned 18 batters and paced his squad to a 10-2 victory in a game played during the regular campaign.

= = =

EDDIE JOHNSON and Tom Shine along with Steve Gard and Eddie Musice helped their team to win two championships. The Foster Park Lions finished runner-up to O'Brien-Sanderson in the South Division. Lion pitcher Clinton Wearly pitched a two-hit shutout trouncing Bunn Trucking, 7-0, handing Bunn the first shutout of the season.

Following are the Pony League rosters of Archers who participated the past summer: O'Brien-Sanderson—Steve Gard, Tom Shine, Eddie Musice, and Eddie Johnson; Forest Park Lions—Gary Butz, Tom Neuenschwander, Larry Gerig, Bob Acker, Clinton Wearly, and Bill Klighton; Rea Wire—Ronnie Hay, Bob Ramage, Dave Blanton, Bill Rastetter, Evert Mol, Allen Sheldon, and Greg Arnold; Menu Meats—John Biteman, Tom McMahon, Terry Baker, Don Carlo, and David Yaney; Shirmeyer—Ken Leaky, Mike Heuser, Mike Tomkinson, and Larry Barnett; Jerry Swanson—Shelly Sheray, Chuck Homan, Ed Tinkel, and Terry Usher; Jim Kelly Buick—Terry Dibert and Ed Freed; C. H. Bunn Trucking—Don Glass; Fort Wayne National Bank—Steve Rothberg and Jim Smith.

In the annual Pony League all-star game the South Division all-stars triumphed over the North all-stars in 10 innings by a 10-7 score. Twelve Kellys competed in the meet. They are Chuck Homan, Tom McMahon, Shelly Sheray, Gary Butz, Bob Ramage, Evert Mol, Ken Leaky, Jim Smith, Steve Rothberg, Eddie Johnson, Tom Shine, and Don Glass.

Reserve Teams Get Schedules

Besides its varsity football squad, South Side also has a reserve team, composed largely of sophomores, and a freshman grid team. Both of these teams play separate schedules with local underclass units, which are in no way connected with the varsity card.

Mr. Wayne Scott, athletic director, has announced the 1959 schedules as follows:

Reserve

Sept. 15—Elmhurst, there
21—Central Catholic, there
28—Central, here
Oct. 5—Concordia, there
12—North, here
20—Bishop Luers, site unknown

Freshmen

Sept. 14—North, here
17—Central, there
24—Concordia, here
Oct. 1—Central Catholic, there
8—New Haven, here
20—Elmhurst, there

There is also a possibility that Bishop Luers may be added to the freshman card at a later date.

Six Archers Place In City Swim Meet

Several members of South Side's student body placed well in the City Swimming Meet this year.

Freshman Dave Fleming took a pair of seconds in the junior boys' 25 meter freestyle and the 25 meter breaststroke. Sally McDonald, a junior, placed third in the junior girls' 25 meter backstroke.

Merle Baldwin and Penny Hunt were half of a relay team which copped all the marbles in the women's 100 meter freestyle relay. Paulann Hosler, North Side '59, and Carolyn Morrell, a South Side graduate, rounded out the winning team.

Sophomore Karen Simmons and freshman Connie Kaade were also half of a relay team. These girls, aided by Barb Burke and Sue Shoaff, ran, rather swam away with the junior girls' freestyle relay. Both relay teams came away with new city records.

413 Pupils Enter As Freshmen; Decrease Of 16 From Last Year

South Side once again welcomes freshmen from the junior high schools. A total of 413 freshmen are enrolled to begin their first day of high school at South today. Harrison Hill leads the enrollment list with 178 students. Smart is second with 93, Abbett is third with 45, and Hoagland ranks fourth with 43. Washington sent 19, Bethlehem Lutheran sent 15, Zion Lutheran sent eight, while Emmanuel Lutheran sent one. Other schools sending students include St. Peter's Catholic, St. Patrick's Catholic, Emmaus Lutheran, Peace Lutheran, St. John's Catholic, and Forest Park.

Freshmen from Harrison Hill are James Adamson, David Aubrey, Ruth Baber, John Bailey, Dianne Ball, Sarah Barker, Tommy Basham, Sharon Bass, David Bauserman, Ronald Bennett, Brian Bennington, Joyce Berberich, Suzanne Berk, Steven Birkenbeul, Brian Bixby, Robert Bohlender, Marvin Bowen, Mary Ellen Bowman, Beth Bradfield, Peggy Brase, Julia Breidenstein, Dian Bright, Nancy Brubaker, Laura Buckmaster, Suzanne Burdick, Margaret Burnett, Roberta Burnett, Pamela Caley, Donald Carlo, Samuel Carter, Frank Cary, Ann Chenoweth, Richard Clark, Roger Coloff, Matt Cornacchione, Jane Crobill, Glen Crosier, Louis Culbertson, Stephen Dannenfelser, Verjean Davidson, Carol Davis, Janet Diehl, and Kathleen DeVore.

* * *

DOROTHY DILDINE, James Dixon, Martha Dixon, Denver Druesdow, David Eaton, Robert Everett, JoAnn Feige, Richard Fisher, Barbara Fitzgerald, David Fleming, Ann Flickinger, John Freed, Nancy Frenzt, Thomas Furnish, Kay Gall, Ann Gallmeyer, Steven Gard, Robert Gargett, Nancy Goebel, Marla Habecker, Rosalie Hall, Marilyn Hansen, Sandra Harris, Becky Jo Harsch, Robert Hart, James Hawkins, Claudia Hershberger, Paul Hines, Tonya Hines, Annell Hoover, James Hughes, Bonnie Huth, Steven Jones, Betsy Junker, Connie Kaade, David Kennedy, Melvin Keissling, Lynn King, Harold King, Jr., John Knight, Robert Knox, John Kokosa, Cynthia Korte, Marcia Kuhn, Sandra Lamb, Marjorie Lampel, Jim Lantz, Robert Leininger, Susan Lohman, Thomas Low, Judith MacGiehan, Sally Mallough, James Markiton, Sherry Martin, and Helen Martindale.

Allan Mason, Sharon McBride, Ann McCallister, Ann McCoy, Rita McCoy, Gayle McNutt, Carol McVay, Richard Mendenhall, Janet Mercer, Betty Miller, Jean Morris, Joan Mumma, Joseph Murphy, Linda Neff, Robert Osborne, Kathleen Otis, Marilyn Parke, Dennis Patton, Richard Platt, James Plummer, Virginia Potter, Allen Purdy, Ann Raetz, Jim Ramsey, David Reidenbach, Mary Jane Reiff, Kenneth Richard, Nancy Robinson, David Rodenbeck, Richard Saylors, Patricia Scheib, Danley Schiebel, Keyes Schmidt, Peggy Schmidt, Stuart Schmitz, and Michael Schoen.

* * *

STEPHEN SHAMBAUGH, Susan Shelby, Sidney Sheray, Thomas Shine, Maurice Shively, Suzanne Smith, William Smith, Lex Smuts, Linda Snyder, Sharon Snyder, Elizabeth Spear, Carolyn Spradlin, Nancy Sprunger, Michael Stalter, Ellen Stanbery, David Stauffer, Tamara Stech, Claudia Stennes, Elizabeth Stephenson, Karen Stookey, Nelson Stover, Bonnie Strehlow, Walter Stuelpe, ElDonna Summers, Sarah Sweet, Margaret Terry, Joseph Thorpe, Jeffrey Tigges, David Tipton, Gene Todd, Michael Tomkinson, James Trulock, Bernard VanOsdale, Julia Wadlington, Phillip Waldrop, Michael Weinraub, Nancy Welch, Richard Werling, David West, Richard Whipple, Ricky Wietfeldt, Thomas Wooding, David Yaney, and Gwen Yordy.

Smart's freshmen include Mary Arnold, Nancy Baron, Paul Bentrup, Dennis Berryhill, Connie Billings, Larry Bodkin, Jerry Boyer, Tom Bradtmiller, Jane Brenizer, Alvin Brown, Rebecca Cassell, Sharon Chase, Victor Churchward, Judy Conley, Donald Dawson, Daniel Dentzer, Phyllis Dorsett, Pati Drake, Kenneth Fehman, Yvonne Fisher, Sonya Flagg, Louraine Ford, Michael Frederick, Mary Fremion, Robert Fruchey, Paul Fuller, Marsha Good, Leslie Green, Steven Gribler, Loretta Grider, Marsha Gronauer, Sandra Hall, Karen Hathaway, Alan Hoagland, Gary Hoffman, James Hughes, Betty Hunt, Lewis Jones, Patty Keck, Anita Kimball, Jerry King, Kenneth Koch, Sandra Kramer, and Mary Kraus.

* * *

KRYSTYNA KRIWOROTOW, Nancy Lagermann, Sue Lee, Raymond, Linsky, Dennis Lintermuth, Kenny Lothamer, James Mann, William Matlock, Larry Matthews, Terry Matthews, Sally McClain, Karen McClymonds, Mary McDonald, Patricia Menze, David Meyer, Gladys Millraney, David Moody, Charles Moore, Roberta Onspach, Sheila Palmer, Robert Piercy, Joyce Pollitt, Richard Proctor, Bruce Reed, Garry Roby, Tim Rogers, Robert Roop, Joanne Rose, Marilyn Roth, Donna Rudosky, Carolyn Scherer, Judy Schumm, Susan Showalter, Roger Siler, Corinne Silvers, Jacqueline Slater, Judith Smith, Avinell Swatchwood, Stephen Thomas, Linda Thompson, Tim Tindall, Connie Vallance, Craig VanGough, Tom Wenger, Margaret Whitenock, James Woods, Allen Young, Judith Young, and Alan Zimmerman.

Freshmen from Abbett are James Bailey, Gloria Barnes, James Barnhart, Donna Boutwell, Michael Bradley, Karen Bragalone, Kay Bragalone, Dianna Brown, Richard Buchanan, Carolyn Burns, Victor Clem, Robert Cormany, Laurie Crapo, Janet Dinius, Joan Dunn, Donna East, Carol Forsgren, Lynne Fraser, Wayne Garrison, Marsha Grabner, Cheryl Hager, Eddie Johnson, Vicki Jornod, Ramon Juncan, Richard McCormick, Mickey Miller, Susan Motter, Ronald Neff, Nancy Nordeen, Margaret Ranso, Phyllis Rearick, Larry Schneider, Martha Scott, Wayne Seele, Pamelia Serrano, Beverly Sievers, Ronald Skile, Terry Smith, Richard Thompson, Pamela Walker, Phillip Waltz, Kealii Williams, Yvonne Wilson, David Wolfe, and Jerry Young.

Entering from Hoagland are Ann Arnold, Michael Beltz, Charles Bodenhorn, Nancy Bowman, Sally Boyer, David Brumm, Jennifer Brumm, Janet Bunsold, Bonnie Byers, Charlotte Bynd, Marsha Coleman, Marilyn Drummond, Carl Foust, Connie Fugate, Edgar Glick, Barbara Haller, Clifford Hullinger, Loretta Kimmel, Jacqueline Kuhns, Carol Ladig, Paul Leipold, Brooks Lesh, Charles McDougall, Paulinea McDougall, Jean McGinley, Donald McIntosh, William Meglemry, Vicki Mettler, David Miller, Gaynel Musser, Harriet Ochstein, George Paris, Anna Ray, Daniel Richardson, Albert Ruch, Daniel Schwartz, Patricia Sheets, Patricia Slater, James Smith, Sandra Tannehill, Dawn Truex, Manda Tucker, Bill Wilson, Sharyon Yergens, and Judy Young.

* * *

WASHINGTON'S freshmen include Janet Brenn, Annie Eldridge, Willie Fields, Clyde Harte, Mike Lauber, Mike Levy, Harold Lyons, Georgia Mapes, Steve McElvene, William McKay, Barbara Morgan, Leanne Novitsky, Diana Ornas, Verna Patton, Sue Roemer, Ann Shilling, Diana Tracey, Roanna White, Jeanette Wright, and Carolyn Zurzolo.

Bethlehem Lutheran includes Patricia Abbott, Steve Chen, Pamela Foust, Clifford Greiner, Dorothy Kessler, Jerry Klaehn, Victor Meyer, Karen Miller, Karen Panader, Joanne Rose, Colleen Roth, John Rupel, Sandra Scheeler, Pamela Sebring, and Steven Zehendner.

Freshmen from Zion Lutheran are Mary Barretta, Ronald Bultemeier, Frederick Busche, Diana Cook, Wayne Culbertson, Paul Dolde, Barbara Heemsoth, and Kathleen Selking.

David Knight is from Emmanuel Lutheran. St. Patrick's sends John Belling and William Bergman. Bernard Stier entered from St. Peter's. Linda Gernand is from Peace Lutheran. Forest Park sent Sylvia Hileman, and Emmaus Lutheran sent Rhonda Roehm. Paul Slick entered from St. John's.

Library Rules Given To Pupils

"The relocated library, now housed in Room 114, will be open to students today," announced Miss Willodeen Price, head librarian.

The library is open for student usage from 7:50 a.m. until 4 p.m. excluding fifth period. Students are permitted to use the library facilities during their study periods.

The following rules have been set up for use in the library and are to be followed by the students.

When one comes to the library during his study period he should obtain a slip from the librarian and find the table at which he will be seated indicated by the number stamped on the slip. Students are required to remain in their seats until the bell rings and the slips are collected.

Upon checking out a book, the borrower should give his name and home room number. Home reading books may be checked out anytime during the day for two weeks; reference books may be taken out overnight and are not checked out until after school. Books should be presented at the door when a student leaves.

Books may be reserved by leaving a request at the desk.

Library books not returned before 8:25 a.m. of the day they are stamped due, are charged with a five cent fine.

If a book is overdue, a notice will be sent to the student the day after the book is due.

Students who wish to be excused from paying fines because of absence, should show their absence slips when they return the book.

Students are requested to return all books and magazines that they are not planning to check out to their proper shelves.

The library is open to only those wishing to use the books or other reference material.

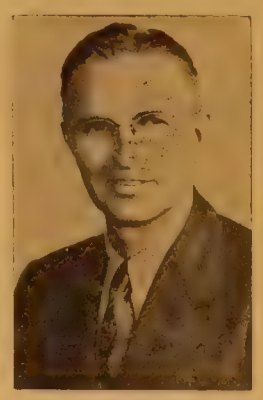
Principal, Dean, Guidance Director Offer Greeting

Mr. R. Nelson Snider

Welcome new students and faculty members! This September, South Side High School extends a cordial greeting to 17 new members of the faculty, and to almost a half-thousand new students. I am sure that each of you will find challenging opportunities, an inspiring atmosphere, and many sources of assistance in helping you achieve your maximum expectations. Students and faculty members from the past years wish each of you success, happiness, and great personal growth during the coming year.

R. Nelson Snider

Miss Pauline Van Gorder



Greetings to the freshmen and to other newcomers to South Side High School.

To have the opportunity of attending a school like South Side is a privilege of which anyone should be proud. The school offers an excellent program of studies. It is staffed by competent teachers, and the student body is extremely friendly.

What you as an individual get from South Side depends largely on what you put into it.

My best wishes to each of you for a happy and successful semester. If I can help you in any way, please come to my office, Room 104.

Pauline Van Gorder

Mr. Ora Davis

The Guidance Department wishes to welcome all new students. We want you to become acquainted with the services which we offer and are eager that you avail yourself of these services.

We are here to help you in any way we can. Feel free to come to the Guidance Office with any of your problems.

If you expect others to be friendly to you, you must be friendly yourself. If you expect the school to give you a richer life, you must in turn be loyal to its standards, rules, and traditions.

Ora M. Davis

Varsity, Reserve Cheerleaders Chosen For '59-'60 Sports Season

Janet Lawry, Sharon Zelt, Margo Dixon, Barb Wallace, and Sally Dill will lead the student body in cheers during the 1959-1960 football and basketball seasons.

These five girls were chosen varsity yell-leaders at the tryouts May 14. The reserve cheerleaders will be Sharon Eitman, Sheri DeYoung, Sharon Carrel, Jeanie Carroll, and Sylvia Ehrman.

The panel of judges presiding at the tryouts was composed of the senior members of the past varsity cheerleaders, John Hendricksen, Carol Lockwood, Janet Hicks, Judy Thompson, and Janis Mitchell; Mr. John Arnold, Miss Helen Pohlmeyer, and Mrs. Keith Darby, teachers; Miss Ellen Anderson, student teacher; Miss Pauline VanGorder, dean of girls; and class representatives Chris Parrott, Dick Rothberg, and Bob Mann.

Mr. Raymond Quance, cheerleading adviser, was unable to attend the tryouts because of his unexpected appendicitis operation.

Janet Lawry, 12B, has been on the varsity cheering squad for a year, and was a reserve cheerleader in her sophomore year.

Margo Dixon, also a 12B, has had a year's experience as a reserve cheerleader.

Sharon Zelt, another past reserve cheerleader, is a 12A.

Barb Wallace, 12B, has been a reserve cheerleader for two years and was captain of the reserves this year.

Sally Dill, 11B, was a reserve cheerleader last year.

College Hopefuls To Take New Test

Juniors and seniors who are contemplating college in the future will have the opportunity on Saturday, October 24, to take the new Preliminary Scholastic Aptitude Test. This test eliminates the need for juniors to take the Scholastic Aptitude Test for guidance and practice; and it qualifies seniors for consideration for over 1600 scholarships, including those in all of the colleges and universities in Indiana.

The College Entrance Examination Board has prepared the new test. Juniors and seniors who wish to take it are to bring their one dollar fee to their homeroom teachers on Monday, September 14. Receipts will be issued for the payments, and these receipts must be presented at the door on the day of the test. The time and the place of the test will be announced at a later date.

Journalists To Picnic

Room agents who have acquired 100 per cent on Times circulation are invited to attend the Times picnic, September 17, free. All others wishing to go should sign up and pay their 35 cents by Tuesday, September 15.

Plans for the picnic will be made on Friday after the staff meeting.

Robert King Heads DeMolay Officers

Bob King, South Side senior, will be presiding over the DeMolay meetings as Master Councilor starting this fall. Officers were elected last June, and will serve from September through January.

Bob will be aided by ten other South Side students. These officers are: Steve Leninger, senior steward; Frank Lude, orator; Charles Jellison, scribe; Stanley Redding, treasurer; James King, marshal; James Carter, chaplain; John Wilks, almoner; William Branstrator, Allen Mitchell, and Gene Jacobs, preceptors.

Kelly Mothers Express Views On What Makes A Happy Home

In some way, during the rambling course of conversation that drifts about the Times Room, some students came to the subject of happy homes. As they felt very intellectual and inquisitive at the moment (for only a moment, mind you) they began to analyze a happy home. They didn't get far, however: so they decided to consult some mothers to learn the key to a happy home.

Mrs. Dean Lockwood, mother of Joyce, a sophomore, replied that most important was the ability of the members of the family to understand and be considerate of each other; but sharing work and responsibility, and giving each other help when it is needed also contributes to family happiness. She added that parents should try to understand teenage problems and that teens should be allowed to know and voice their opinions on the parents' problems.

* * *

MRS. JOHN MORRELL, mother of Marti, a sophomore, and David, a Junior A, believes that patience with each other is the main factor in a happy home. "Love is important," she said, "and understanding is very necessary also. Understanding is needed because the time in which the parents lived and the present day are so different and understanding is needed to bridge the gap."

Mrs. John Martindale, mother of Jan, a junior, and Honey-K, a freshman, answered that a happy home consists of co-operation and politeness, plus a little love.

"A home worth living in," responded Mrs. Glenn Aubrey, mother of Diane, a junior, "is one in which each lives for all and all live for God. Once this is achieved, other things, such as love and understanding, fall into their rightful places and a happy home is the ultimate result."

* * *

MRS. HERBERT BANET, mother of Steve, a junior, observed that love and respect between father and mother are the key to family happiness. This feeling radiates on down through the family and creates a feeling of happiness among the children.

"Co-operation," she continues, "is very necessary between members of the family toward home and family obligations.

"The golden rule practiced conscientiously by all members of the family would surely lead to this spirit, thereby creating a harmony which, to my way of thinking, is family happiness," she said.

These mothers were also asked if they thought there was a relationship between family happiness and a long-time residence in one home. They all agreed there was some relationship, for although some families can move and adapt to new communities quite easily, some happiness is lost because they leave behind friends and familiar surroundings. However, happiness starts within the family unit of the home and if the family unit has the right foundation, the home will be happy wherever it may be.

Alan, Perry Schlie Are Related To Archaeologist Schlieman

To Alan and Perry Schlie the study of Latin and classical history has an added meaning. Their great-great-great grandfather, Heinrich Schliemann, was a famous archaeologist about whom they have studied.

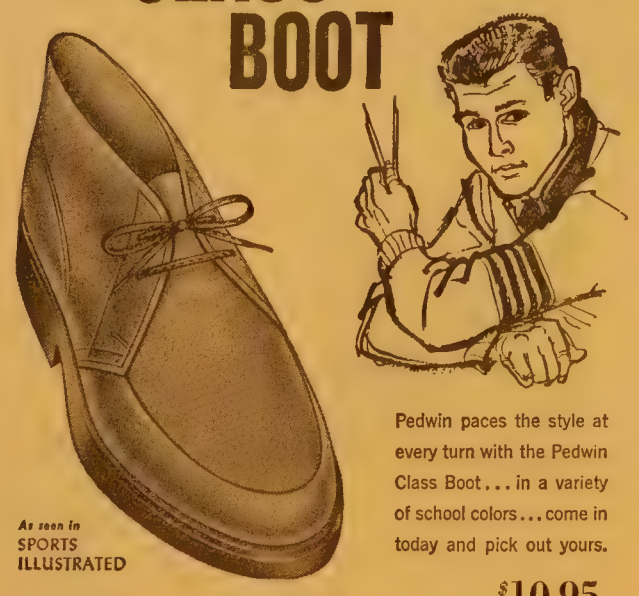
Born in Germany in 1822, Schliemann wandered about the world, living by his wits, and finally coming to the United States. He was in California in 1850 when it became a state, and he became an American citizen. During the Crimean War, he became a millionaire by selling supplies to Russia.

Schliemann had always been interested in the Homeric legends, and after he made his fortune he settled in Greece to be near the sites of these legends and devote himself to archaeological studies.

In 1873 he excavated the site of ancient Troy, and in 1876 he discovered ancient Mycene. These discoveries were an important contribution to the world's knowledge of early Greek civilization, and they earned him a niche in history.

Two children were born to the Schliemann family while they were living in Greece, and they were named Agamemnon and Andromache. It is interesting to note that these names reflect Greek characters of the Homeric era in which the elder Schliemann was so interested. Agamemnon was a Greek prince who led the Greek forces in the Trojan War, and Andromache was the wife of another hero, Hector.

Andromache Schliemann's son Christian, Alan and Perry's great grandfather, later returned to the United States, and he changed his name to the American form, Schlie.



Alan, a 9A now studying Latin, and Perry, a 12B, are direct descendants of the famous archaeologist. Although the two Archers have not determined their life's work, they both have an interest in archaeology and may some day follow in their famous ancestor's footsteps.

Students Invited To Participate In Band, Choir

Tryouts To Determine Four Sections Of Choir, 5th, 6th Period Bands

"All students with inclination toward music are invited to participate in the choir, band, or orchestra," announced Mr. Lester Hostetler, vocal director, and Mr. Robert Drummond, instrumental instructor.

Mr. Drummond remarked that tryouts for the band and orchestra will begin Thursday, September 10. Because of a limited number of uniforms, the band will be divided into two sections during the fifth and sixth periods. "Those working hard," Mr. Drummond stated, "will be included in the fifth period group."

Majorettes are to meet Thursday at 3:30 p.m. for tryouts. Further details for all tryouts will be given today.

Mr. Drummond would also like to remind all students to have their rental money and contracts in immediately.

z z z

THE VOCAL section of the music department is divided into four sections: training choir, advanced choir, occasional choir, and concert choir. However, once a person has reached concert choir, he must try out for the outgoing group. Mr. Hostetler stated that these tryouts will be soon and that the outgoing choir will be larger this year because of the increased enrollment.

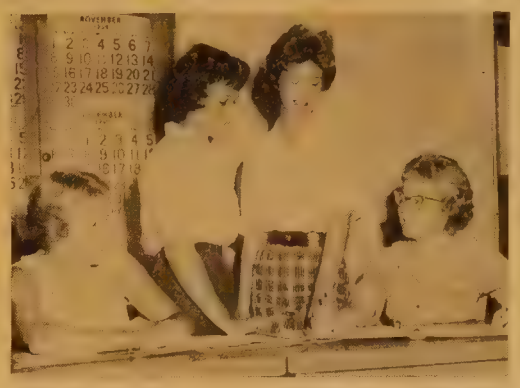
Mr. Hostetler has received many calls already requesting the services of the choir, but he won't make any arrangements until the choir is organized.

Any person who would like to be included in the Music Department but does not have it on his schedule should contact either Mr. Drummond or Mr. Hostetler. Also, anyone interested in accompanying the choir or orchestra should contact one of these directors.

"These subjects will be added to the pupils' program only if it may be done without changing the present program," Mr. Snider added.

Both the instrumental and vocal each year. The highlight of the past year for the orchestra was the Fine Arts in Miniature Series presented at the Plymouth Congregational Church.

The choir presented about 50 concerts in and out of school with all types of music. Their final performances were highlighted by a medley of tunes from Meredith Wilson's Broadway hit, "The Music Man."



z z z

WHEN ASKED what she had gained from participating in the orchestra for three years, Geri Geller, senior, stated, "I believe my experience has given me a sense of discipline, a feeling of fellowship, and a truer appreciation of fine music."

Asked the same question about her choir experience, Joyce Brittenham, senoir, concluded, "I have gained a sense of accomplishment, a feeling of fellowship in group singing, knowledge of musical skills, and the ability to follow directions."

As revealed by these comments, music students believe this phase of South Side's curriculum to be a very educational and rewarding one. Also the goal of each Music Department student is the acquiring of a pin as a reward for his efforts.

Times Campaign Begins Today

LET'S GO!—Say the girls on the circulation staff. Getting ready for the campaign, from left to right, are Susi Horth, Susi Phillips, and Sally Capps, circulation assistants, and Janet Terry, circulation manager. Absent when the picture was taken are circulation assistants Sylvia Ehrman, Diane Frederick, Ann Golden, Sharon Springer, and Edee White.—Photo by Thompson

Library Moved To Room 114

Among the myriad of changes that have taken place this summer at South the relocation of the library has been a major change. Formerly in Room 84, the library has been moved to Room 114.

The room has been repainted in beige. Five new metal bookshelves with seven shelves each will house the overnight books. Also new are five tables and 32 chairs. These tables have formica tops and will be numbered like the other tables.

One corner of the room is being converted into a workspace. This space will be used by the library's service workers to type and perform other duties. A wash basin will be provided for this space. Vertical files will partition off this space from the space used to check out books. Miss Willodeen Price, head librarian, hopes to have planters placed on these files.

The library will be getting 700 to 800 new books this fall. As of now there are over 9,000 books in the library.

The library receives 65 magazines and they are kept for five years. Easy index to articles in these magazines are found in the Reader's Guide.

When asked for a comment on the new library Miss Price replied, "I think that the new library will be more useful, more attractive and will be able to accommodate more students."

Miss Harvey Gets Camera From Staff

A camera was presented to Miss Rowena Harvey, retiring adviser, by the Times and Totem staffs, in appreciation of her years of service at South Side.

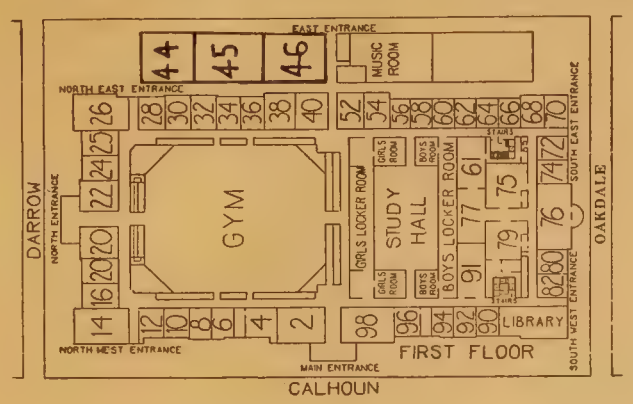
"It's a Bell and Howell 'Electric Eye' camera so there's no adjusting, a feature which I really appreciate," Miss Harvey commented. "It also takes color slides, color pictures, and black and white pictures, and these features are very handy," she added.

Miss Harvey took pictures of the Mackinac Bridge, Sault Ste. Marie, and sights in Fort Wayne, and labeled the results as "marvelous."

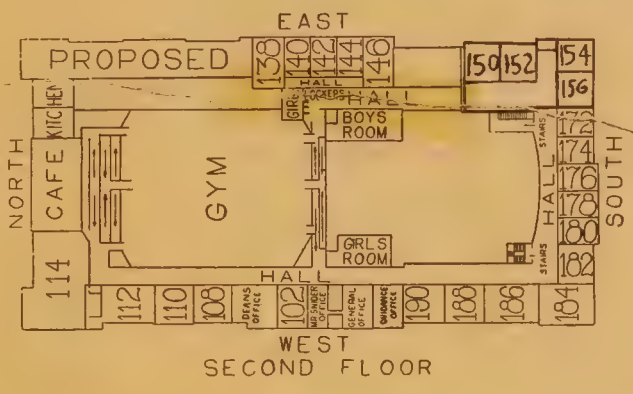
Cyclotron Club Renamed Nuclear Physics Section

The Junior Academy of Science this year will include the old Cyclotron Club, which has been renamed the Nuclear Physics section.

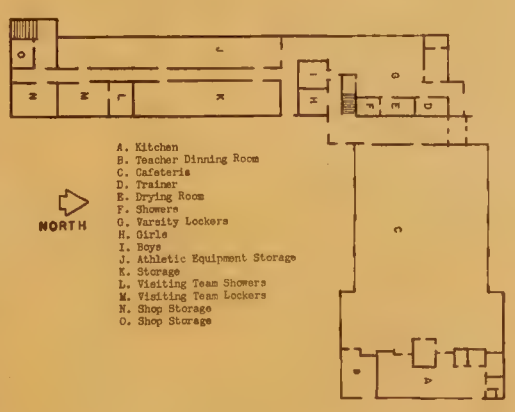
Mr. Don T. Weaver, a sponsor, has announced the revival of the old meteorology section of the JAS. This section, which will deal with the study of weather, is under the chairmanship of Charles Leopold.



Office Secretary To Join Husband



Mrs. Charlene Young, office secretary, has left her job in the office to join her husband, who is attending college.



Mrs. Young is being replaced by Mrs. Kay Krause Johnson ('59).

Class Of '59 Honors Miss Rowena Harvey

As a token of their esteem, the class of 1959 presented Miss Rowena Harvey with a 12 by 18 inch colored photograph of herself, commemorating her many years as adviser for the Times and Totem staffs.

Clippinger's Studios printed the picture and presented it to the Senior Class, who, in turn, presented it to Miss Harvey.

The photograph now hangs in the Times Room on the south wall among the many journalistic trophies won under her supervision.

Wranglers To Begin Semester's Work

"All students interested in any type of speech work are invited to attend the first meeting of Wranglers next Monday at 3:30 p.m. in the Greeley Room," announced Geri Geller, president.

This will be an organizational meeting, and the objectives and plans for the semester will be revealed. Also, each officer will explain her duties in the club.

An officers' talent show will highlight the program. Mr. Robert Storey, adviser, will narrate three scenes—a dress rehearsal of a play, a speech meet, and an officers' meeting. The officers will portray these scenes in a humorous manner.

Barb Eggeman, program chairman, will announce the programs for the semester. These will include a trip to WKJG studios, outside speakers, plays, and speech meets.

Concerning speech meets, Mr. Storey states, "All persons who participate in speech meets will gain much experience. This will be invaluable to them in everything they do, for they will obtain poise, confidence, and the ability to speak in large or small groups."

Dues of 25 cents will be charged each member. These must be paid by the third meeting and can be paid any time before that.

A total of three unexcused meetings during the semester is allowed.

Wranglers' officers for this semester are Geri Geller, president; Janet Terry, vice-president; Joyce Brittenham, secretary; Jo Ann High, treasurer; Barb Eggeman, program chairman; Diane Beams, publicity chairman; and Sue Blaising, point recorder.

Janitors, Matrons Listed For South

Maintenance of South Side this year will be handled by the following janitors and matrons: Russell Seltenright, Richard Arney, Kenneth Buckmaster, Helen Carlo, Earl Downey, Adolph Frankenstein, Archie James, John Kowol, Martin Reilly, Gene Royer, Dessie Spears, and Dwight Williams.

The custodians have stated that their work will be lightened if students will put paper into provided containers instead of scattering it about the halls.

Times Campaign Produces 1500 Subscriptions So Far

WHERE'S THE SLIP . . . . 100 per cent Times Homeroom Agents recording their subscriptions are from left to right standing, Sylvia Ehrman, Judy Robinson, Carol Szink, Sally Burton, and Sue Seibel. Seated are Linda Amos and Susi Horth.—Photo by DeHaven

Have you subscribed for the South Side Times? This is the question on the lips of every homeroom agent and over 1,500 students can give a positive reply to this inquiry.

A record number of 1,112 subscriptions was turned in on the first day of the campaign, Wednesday, September 9. The high salesman for the first day was Carol Szink; Susan Horth was second high. Agents with 100 per cents the first day of the campaign are Susi Horth, Susan Hines, Judy Robinson, Sally Burton, Susan Seibel, Carol Szink, and Linda Amos.

Over 1,500 subscriptions had been turned in after the first three days of the campaign. Janet Terry, circulation manager, said, "The campaign has been very successful so far, but every agent should keep working because the last subscriptions are always the hardest ones to get."

Susie Vesey, outside circulation manager, has announced that the outside subscription campaign is coming along very well. The price for alumni is $1.50 a year, while all other subscriptions are $2 a year or $1 a semester. Students will still be given the opportunity to buy the Times from their homeroom agent until October 9 when the campaign ends. They may pay as little as 25 cents now and the balance at a later date. Only one paper after this issue will be given to everyone. After that only those who have subscribed will receive a paper.

Below is a list of the homeroom agents and the number of subscriptions sold at the end of the first week.

Mr. Peirce Writes Book On Panama Canal Case

Mr. Clyde Raymond Peirce of the Social Studies Department has written a book to be released this fall entitled "The Roosevelt Panama Libel Cases."

The book contains a study of a controversy which took place between 1902 and 1909 over the money (40 million dollars) used to purchase the side and equipment for the Panama Canal. Several newspapers made slanderous remarks concerning Theodore Roosevelt, Mr. Charles P. Taft, Mr. Douglas Robinson, and several other public figures. As a result, these men instigated libel proceedings against Mr. Joseph Pulitzer of "The New York World" and Mr. Delevan Smith of "The Indianapolis News."

"The Roosevelt Panama Libel Case" is an outgrowth of a project begun in 1934 when Mr. Peirce chose this topic for his masters thesis at Indiana University. He formed the idea while reading a biography of Theodore Roosevelt written by Mr. Henry F. Pringle.

Published by the Greenwich Book Publishers, New York, N. Y., the book will sell for $3.50. It has been assigned the Library of Congress card catalogue number 59-0000.

In gathering material for his book, Mr. Peirce consulted personal newspaper clippings of President Roosevelt, clippings from "The Indianapolis News," and the files of about 50 other newspapers.

NROTC 14th Exam Available To Kellys

Applications are now available for the Navy's fourteenth annual competitive examination for its nationwide regular NROTC college training program, according to a recent announcement by the Navy department.

The mental examination is scheduled for December 12, and is open to all high school seniors and graduates who can qualify.

The deadline date for receipt of all applications is November 14.

Male citizens of the United States who are between the ages of 17 and 21 on July 1, 1960, are eligible to apply for the Navy College Aptitude Test. Those desiring a five-year college course must be under 20 years of age on that date in order to qualify.

Persons attaining a qualifying score will be given a physical examination in February. From the candidates remaining in competition, approximately 1600 will be selected for appointment as midshipmen and will enroll in one of 52 colleges of their choice where a NROTC unit is located.

After college graduation, these men will be commissioned as regular officers in the Navy or Marine Corps and will be assigned to active duty.

In addition to the normal college curriculum, midshipmen will study a course in naval science. All tuition, fees, and books will be furnished by the Navy, plus an annual retainer pay of $600 for a maximum of four years. Regular NROTC midshipmen will spend part of three summers on training cruises.

Applications for this program and additional specific information concerning it are available from Mr. R. Nelson Snider, principal.

125 Upholstered Chairs Purchased For Room 112

Comfortable and good looking is the way R. Nelson Snider, principal, described the new chairs in Room 112. The 125 chairs, purchased from the Louis Rastetter and Son Company, are blond with upholstered seats.

"The chairs were secured for use only in Room 112 and are not to be removed for any reason," stated Mr. Snider.

Banking To Start

Mr. Ora Davis, Guidance Director, has announced that banking will be continued this semester, although no exact starting date has been designated. The banking will be every Tuesday in homeroom.

Freshmen View School Library

Library orientation, to acquaint the Freshman B's with the new library, was on Monday through Wednesday of this week. This year's orientation was conducted by Mr. Charles Billiard and Miss Willodeen Price, librarian.

Freshmen received this orientation during their regular English period.

Miss Price explained library hours and told new freshmen the procedure for borrowing books for overnight or a period of two weeks. The system of the book cards and overdue fines was also explained.

Other items explained were reference materials, encyclopedias, and dictionaries. Miss Price showed the 9B's the card catalogue, the guide for locating books, and the Readers Guide, a magazine directory.

She stressed the fact that the library is not to be used for textbook study. And that all books and magazines are to be replaced to keep the room in order.

Graduating Seniors To Be Interviewed

"Senior interviews will be held this fall and continue until all of the approximately 470 graduating seniors are interviewed," said Mr. R. Nelson Snider, principal. The main purpose of the interviews is to discuss the students' future plans. Mr. Snider will attempt to supply desired information concerning colleges and universities. He will also inform the seniors of their grade average, scholarships, and the college board examination.

Those students planning to work after graduation are referred to Mr. Ora Davis, guidance director.

Mr. Snider wishes that no student be hesitant about coming to him with problems concerning their future plans. If any parents wish to talk to him about their son's or daughter's plans he will be glad to have them make an appointment to do so.

Mr. Hostetler Picks Service Workers

Mr. Lester Hostetler, vocal director, announced accompanists and service workers for this semester. Pianists Sally Capps, Sandra Yaggy, and Diana Meyer will accompany the concert choir, while Sharon Probst will play the organ. The second period advanced choir will be accompanied by Dennis Crill.

Susie Scott and Marcia Swathwood will service in the choir room first period. Mr. Hostetler will be aided by Pegeen Horth and Sally Capps second period, and by Marcia Mosel third period.

Fourth period service workers are Janet Long and Diana Meyer. Pam Stech has been selected to do service work fifth period, and Janet Terry, sixth period.

Sandy Landree and Chuck Jellison will help seventh period.

229 Archers Win Honors Last Term

Over 10 per cent of the student body at South Side made the honor roll last semester. Included among these were 23 seniors, 63 juniors, 57 sophomores, and 86 freshmen. Eighty-three of these students were boys, and 146 were girls.

These students are Robert Acker, Elizabeth Adams, David Allen, Barbara Altevogt, Linda Amos, Steven Anderson, Brenda Arnold, and Jane Augpurger.

Alice Bailey, Barton Bailey, Patricia Bailey, Merle Baldwin, Sally Bash, Steve Bash, Marjorie Bauer, Ellen Beatty, Carol Becher, John Biteman, and Marilyn Block.

Mrs. Clarence Traster Made Manager Of Cafeteria Staff

Mrs. Clarence Traster

Menu Revision Offers Bigger Food Selection; Student Helpers Named

To help in the planning of meals and the functioning of the cafeteria, Mrs. Clarence Traster has been appointed as cafeteria manager. Mrs. Traster will work with the six kitchen helpers in planning meals to please both the students and the faculty.

The menu has already been revised and many new items, priced reasonably, will appear. Hamburgers and french fries as well as cold meat and peanut butter sandwiches, are designed to have great appeal to the students.

"Hamburgers will only be 20 cents and butter will always be free. Also, all types of milk will be sold in cartons to help overcome spillage and mess," said Mrs. Traster.

Mrs. Traster related that she was very happy to be South Side High School's first cafeteria manager and hopes she'll be able to please the many people who eat there. Stressing the importance of suggestions concerning foods not on the menu, she stated, "We need your help to know just what kind of food you want and expect in the cafeteria. Please don't hesitate to send any suggestions to us."

The cafeteria's first function this year was an afternoon luncheon served to the faculty Wednesday, September 9. "It turned out very well and we were proud of the results," Mrs. Traster concluded.

"Student cafeteria helpers have been a great help the short time I've been at South Side, and I'm sure they'll continue in the same excellent manner," stated Mrs. Clarence Traster, newly-appointed cafeteria manager.

Student cafeteria workers are employed during the periods in which lunch is served. Those who were interested in devoting their lunch periods to this type of work consulted Mrs. Traster, who then selected students for the various jobs.

Although the workers can decide whether they want to receive a 60-cent lunch each day or 55 cents an hour, they cannot change after their first decision.

The following students help in the cafeteria fourth period: Cashier, Linda Niblick; servers, Ruth Beyerlein, Diane Gebhard; dishwashing room helpers, Sandra Bodkin, Pat Arnett, and Pat Mertens.

Fifth period workers are: cashier, Louise Jackson; server, Sally Gilbert; dishwashing room helpers, Ed Musice and Karen Snavely.

Ed Musice also works every other day during fourth, and Pat Arnett assists third.

Times Picnic To Be Today

The annual Times picnic will be today at 5:30 p.m. in Foster Park 3rd Pavilion. The charge for the picnic is 35 cents. All room agents with 100 per cent homerooms can go free to the picnic.

Each person will receive two hot dogs, two buns, two cokes, potato chips, baked beans, plus an ice cream bar and two applesauce doughnuts.

Philo To Welcome Junior, Senior Girls

All junior and senior girls who have an average of B or better in English are invited to attend the first organizational meeting of Philo Club Monday at 3:30 p.m. in the Greeley Room. Membership cards will be signed and dues collected at this meeting.

Future meetings of the literary club, which is the big sister to Meterites, will include drama presentations, short story contests, panel discussions, and a Mother-Daughter Tea. There will also be a banquet and a dance, Miss Evlyn Spray, sponsor, has announced.

The president of Philo this semester is Karen Brumm. Other officers are vice-president, Penny Hunt; secretary, Sandy Landree; treasurer, Lois Levine; program chairman, Julie Carr; and sergeant-at-arms, Barbara Dennis.

Junior, Senior Boys Invited To Hi-Y Club

"All junior and senior boys interested in joining the Hi-Y Club are invited to attend the first meeting which will be in the near future," said Terry Berk, president of the club.

The meetings will be held on Mondays at 7:30 p.m. in the Assembly Room of the YMCA.

Hi-Y is designed to create, maintain, and extend throughout the home, school, and community, high standards of Christian character. Its platform includes four planks: Clean Sportsmanship, Clean Scholarship, Clean Speech ,and Clean Living. Its outstanding function is to carry out service projects for the school, YMCA, and Fort Wayne. All junior and senior boys who subscribe to the purpose of the club are eligible for membership.

The Hi-Y Club is sponsored by Mr. Robert Weber.

Art Meeting To Be Next Wednesday

The first regular meeting of the South Side Art Club will be on next Wednesday at 3:30 p.m. in Room 26. The program is as yet unannounced but all students interested in art are urged to attend.

The Club's Cabinet will meet tomorrow at 3:30 p.m. in Room 26, to plan the year's activities. Officers for this semester are President, Nancy Vanderford; vice-president, Pat Nettrour; secretary, Rita Smith; treasurer, Carol Abramson; and sergeants-at-arms, Jack Byrd and Bruce Chaney. The adviser for the club is Mrs. Ruth Fleck.

Students Receive Awards At Recognition Program

Honors for outstanding scholastic, athletic, and extra-curricular achievements were awarded many underclassmen on Recognition Day, May 29.

Heads and sponsors of the various departments and clubs made the presentation of awards as follows: Publications—Merle Baldwin, Stan Redding, and Bill Stellhorn, gold-jeweled pins; Sally Burton, Mike Church, Bessie Ferguson, Carole Fischer, Barb Frederick, Sally Gelow, Karen Good, Sandra Grodrian, Cindy Hart, Penny Hunt, Ellen McCarron, Kate Rastetter, Judy Riping, Sue Sappenfield, Joan Stanton, Barb Steiner, Janet Terry, Robert Thompson, all received gold pins.

Silver pins were awarded to Julie Carr, Margo Dixon, Beth Golden, Susie Hoard, Bob King, Larry Levy, Judy Robinson, and Linda Silverman.

\# \# \#

JOYCE BRITTENHAM, Pat Brown, Jim Carter, Sally Capps, Anna Mae Chen, Elaine Edwards, Barb Eggeman, Sylvia Ehrman, Diane Fredrick, Kaylene Gebert, Sue Horth, Diane Irmscher, Sunny Kaade, Sandra Landree, Larry Lee, Lois Levine, Marian McCallister, Margie Mercer, John Musser, Joan Novitsky, Susan Phillips, Jody Reiff, Carolyn Harrold, Marjorie Havens, David Schwalm, Bob Shine, Bonnie Russell, Susie Vesey, John Wilks, Edee White, and Jack Winder were awarded bronze pins.

The Industrial Art Department recognized Jim Carter, Jim Crabill, and Bill Scott.

Those recognized for outstanding work in the Home Economics Department were Alice Bailey, Barb Collier, Janet Christensen, Barbara Dennis, Dayna Harader, Carol Hofer, Carolyn Holmes, Nancy Ryan, Darlene Schrader, Vicki Sheldon, Barbara Spiers, and Susan Van Fossen.

Speech Club awards went to Joyce Brittenham, Margo Dixon, Judy English, Geri Geller, Janet Lawry, Dick McGaw, Karen Simmons, Phil Spray, and Janet Terry.

\# \# \#

IN THE Social Studies Department, the citizenship award went to Alice Bailey and Sandra Thorn. Ellen Beatty and James Carter were recognized for their work in General History. Steve Meyers and Richard Dailey were recognized for their work in U.S. History.

Science recognition was given to Tom Cooper, botany; Jack Harmer and Janice Koch, physical geography; Dick Rothberg and Dan Tritch, physics.

Students receiving recogntion in visual education work were David Allen, Terry Baker, Claudia Bradley, John Byer, Dick Camp, Hershel Case, Jerry Clayton, Barbara Dennis, Dave Disher, James Evans, Paul Freehill, Ira Hartman, Mike Hogg, John Hosler, Dave Katzenmaier, Max Lane, Robert Lerch, Nick Miller, Mike O'Hara, Betty Pherson, Jerry Putt, Tom Watson, Gary Wilson, Nadine Wilson.

\# \# \#

THE ART DEPARTMENT recognized Sheri DeYoung, Sharon Carrel, Joan Erck, Ann Erickson, Trudy Estep, Susan Heidbrink, Carol Klaehn, Pam Olson, Lucille Palevich, Patricia Peterson, Ann Plogsterth, Donna Scott, Rodka Shady, Jon Shopoff, and John Wilson.

The Girls' Athletic Association awarded letters to Valerie Callahan, Sandra Grodrian, Jan Kessler, Peggy Markin, and Barbara Nahrwold. Gold pins went to Jane Glass and Judy Garrison.

First year Latin awards went to Marilyn Block, Anita Ferber, Babette Jones, Lyall Morrill, and Linda Newell. Second year awards went to Robert Acker, Janice Ferber, Ann Golden, Richard Hirschberg, John Mader, Robert Shine, Todd Thompson, and Nancy Whipple. Third year Latin awards went to Barb Frederick, Steve Meyers, and Ann Plogsterth.

\# \# \#

FIRST YEAR Spanish awards were given to David Conine and Jeffrey Roth. Second year Spanish recognition went to Joan Rothchild.

Recognized for outstanding work in French were Wendell Eicher, Merle Baldwin, Pegeen Horth, Penny Hunt, Evert Mol, and James Stewart.

The English Department recognition was as follows: Freshman English Scholarship Award, Lyall Morrill; Sophomore English Scholarship

(Continued on Page 6)

New Books On Both World Wars, Ancient Greece, Alaska, Russia Are Examples Of 1000 Purchased For Library Now Changed To Larger Site In Room 114

Keeping pace with its new decor, the library has ordered approximately 1,000 new books this semester.

New books are ordered by the suggestions of teachers and by Miss Price, head librarian. The suggestions are then sent to Mr. Arnold E. Koeneman, Director of Purchases in the Fort Wayne School System, who purchases the books. This year the books were purchased from A. C. McClurg and Co.

Listed below are some of the books and a summary of each.

Ice Palace, by Edna Ferber, is a novel about Alaska in the days before statehood. It tells of a 50-year struggle between five Titans, each trying to dominate Alaska's future.

The King Must Die, a novel by Mary Renault, is woven from legend and history. It tells of Theseus, player of monsters, abductor of princesses, and king of Athens.

Portrait of Jennie, by Robert Nathan, is the love story of a gifted artist and a lovely, sensitive woman.

The royal palace at Thebes, Egypt, is the scene of **Mara, Daughter of the Nile**. Mara, a slave girl, is unwittingly involved in sinister intrigue and danger. This book was written by Eloise Sarries McGraw.

I Always Wanted to Be Somebody, by Althea Gibson, is a glance at the hardships of being an American Negro. This story tells how Althea, sometimes called "the Jackie Robinson of tennis," fought her way from street fighting in Harlem to winning some of the top laurels in amateur tennis.

The life of Mrs. Jefferson Davis is told in **First Lady of the South**, by Ishbel Ross. It is a portrait of a courageous woman in trying circumstances.

BEFORE . . . . During the construction of the new library before school started this fall, Room 114 presented a picture of confusion. In the foreground are thousands of books and magazines waiting for places on the shelves being set up in the rear. Many new books were added to the Library's collection this year.

AFTER . . . . Making use of the facilities of the spacious new school library are Susie Stauffer, Lissa Hoffman, Sheri Busch, and Anne Erickson, left to right. The rows of new bookshelves shown hold approximately a thousand new books that could not be stored in the space of the old library.—Photo by Thompson

J. B., the story of a modern day Job, is written by Archibald MacLeish. A successful Broadway play, J. B. is a respected, wealthy banker and industrialist who loses everything.

For baseball fans the biography of Jackie Robinson, the first Negro baseball player to play in major league baseball, is a must. **Jackie Robinson** is written by Gene Schose.

Challenge of the Unknown, edited by Sir Edmund Hillary, covers the adventures of men in various fields of exploration. Twelve men, including Admiral Byrd, Charles Lindbergh, and Captain Jacques-Yues Cousteau, first aqualung diver, relate their exciting exploits.

Mystery fans will enjoy **Hurricane Weather**, by Howard Pease. Tod Moran and his friend, Stan Redleg, match wits with pearl smugglers.

The Phantom Major, by Virginia Cowler, is the story of David Stirling and his desert command. These courageous night raiders harassed Rommel's forces in Africa.

Master story-teller John Stunbeck's **Once There Was a War** tells the story of World War II and of the men who fought in it.

Contact Lenses Becoming Popular With Archers; Wearers Comment On Advantages, Disadvantages

More and more, people who wear glasses are throwing their specs away in favor of contact lenses. Among the many Archers who have done so are Linda Silverman, Dave Schwalm, and Joan Stanton, who voice their reactions to the problems and pleasures of contacts.

Dave Schwalm received his contact lenses last October mainly because he wore very strong glasses before and thought contacts would be better. Dave's sister already had them. She thought they were handier and allowed a person to see much better if he had weak eyes.

According to Dave, the advantage of contacts are that you can see better, they change with your eyes, they cost less in the long run, and there is less chance of breakage while playing sports. The cost of the contacts is greater at first but they last eight to 10 years.

One of the disadvantages of wearing contact lenses is that he can't go swimming while wearing them. Dave said he couldn't wear his regular glasses either, although he tried. Other disadvantages are that you have to carry the equipment with you and you have to remove them and put them back in.

Dave puts his lenses in once a day and takes them out at night, unless he goes swimming. He believes there is too great a risk in wearing them swimming.

It took Dave about three weeks to get used to wearing the contacts. While he was getting used to them, a humorous thing happened. As Dave explained, "I was downtown about five hours after I got my contacts. My sister was leading me around. I was holding my head in a rather odd position. We went into Wolf & Dessauer's tearoom where the hostess led me to a corner table thinking I couldn't see!"

Dave recommends contacts very highly. He believes that in a few years glasses won't be in use as contact lenses will replace them.

\# \# \#

THE END OF May last year meant a difference to Linda Silverman, for at that time she received her contact lenses. Linda's sister had contacts, so Linda wanted them. Linda said the real reason she received them was that her parents said she could have them. She thought they would be more convenient and she wouldn't have to lug them around all of the time. Linda said, "Contacts are becoming sort of a fad. Now many people have them. For instance, I attended camp this past summer, and about 10 girls had them. It was really neat."

It takes about 20 minutes to have your eyes examined for contact lenses. You stare into a machine that takes the measurement of your eyes. Then it took Linda three months to get used to her contacts. At the beginning, one was too large so another had to be made. At times they still give her some trouble.

Linda said that one of the greatest advantages of contacts is that they are cooler in hot weather. One of the disadvantages of contacts is that they fall out. Linda said that sometimes they fall out while she is in the car and she has trouble finding them. One time, her father had to take the sink apart trying to find one of the lenses. Unfortunately, he didn't find it. Another time, Linda and her sister put in each others contacts by mistake. They immediately realized it.

She recommends them to others. Linda thinks they make a wonderful conversation piece.

SPECS AWAY . . . That's right—Dave Schwalm, Joan Stanton, and Linda Silverman, left to right, are throwing their glasses in the trash can. Don't believe it? Blink your contacts back into position and read the story.—Photo by DeHaven

\# \# \#

JOAN STANTON started wearing contact lenses last April. Joan believes the advantages of contacts are that you can see better, your eyes don't change as frequently, the lens doesn't fog as glasses do, and they help your appearance. The disadvantages are that they are hard to get used to and they are very easy to lose.

It took Joan about two weeks to get used to her contacts. She wore them two hours a day, and later added 30 minutes a day. Now she comments, "I am crazy about them."

When Joan first got hers, she thought she had lost them and looked everywhere. Finally she discovered them in her eyes, as they had slipped off center without her realizing it.

Joan recommends them to others. She thinks they are very wonderful.

\# \# \#

DR. RICHARD C. SNOOK, optometrist, explained a little about contact lenses. Fluid type lenses were first used, then corneal lenses came into use. Now the corneal lenses are used altogether. The corneal lens floats in the normal eye fluid on the cornea itself. The bad thing about them is the fact that they fall out when the patient sneezes and at other times.

Dr. Snook commented, "Contact lenses are useful to people who want them for cosmetic reasons, and I would say that 95 per cent of those wearing them, wear them for that reason. There are a few patients who have better vision with contacts than they would with regular opthalmic lenses. These people include those with a high amount of astigmatism and those who are very nearsighted."

"I think the reason that more people are wearing them than in the past is the fact that you are able to wear the lenses all day long without discomfort. With the older type of fluid lenses, you had a most definite tolerance time. Usually this was about six hours at the most," stated the Angola optometrist.

Illustration Of Students Plus Freshman Agressiveness Jibe

"Left, right, left. Hup-two, three, four; Hup-two, three, four; Hup-two, three four. Left, right left— . . . It is important to start out on the right foot."

In a way, today everyone takes the role of a freshman. For everyone, today is different. It means leaving your carefree days and nights behind. It means less time to be with your friends. It means getting back on schedule. A different routine must be started. No more getting up at 9 or 10 o'clock.

Many students may have worked during the summer and have had to be on a schedule, but even they must admit that there will be a difference. You probably had some free time to do whatever you wanted. There were nights when you could do whatever you wanted. Now those nights will become nights of study(or at any rate, should become nights of study). There won't be times when your parents will say that you may date, or you may go to the show, or you may do something else on school nights.

After you have finished your homework and any other work there is to be done, you will probably be hearing, "Don't you think it's about time to go to bed?" This may be followed by a long lecture on no more long telephone calls during the school week because it's making you stay up too late. You may also hear that your favorite Western hero will have to be turned off your television set and a history book must replace it.

The way it looks, the freshmen have a lot to do their first few days at South, but this is the same for everyone at school. You will be getting teachers that are new. Maybe they have been here before but you are having them for the first time. The impression you give them is very important. The impression you give teachers that you have had previously is just as important. You must help them keep the one they already have, or try to correct a wrong impression they received the year before. You must try to keep the friends you already have made and at the same time try to make other friends. Friendship is a very important part of your high school life.

Appreciation Of Gift Not Reflected In Deeds

(Editor's Note): This article is the first in a series depicting the phrases contained in the anthem, "My Country 'Tis of Thee." It is hoped that from these articles a fresh meaning of an old patriotic song will be given to the reader.

Our country, America, beautiful, vast, fertile, is a wonderful gift from God.

"All things bright and beautiful,
All creatures great and small,
All things wise and wonderful,
The Lord God made them all."

Hills to mountains, bushes to trees, ponds to oceans, every size and shape was included in His gift. An American can find any territory or atmosphere he wishes in his country. He can be sunning on the sand in the morning and skiing on mountain slopes in the afternoon. By traveling only short distances in some parts of our country, he can sleep one night at the seashore, the next in the mountains. Truly, our land has everything we can desire!

What God gave us was a do-it-yourself kit; an untamed wilderness consisting of deserts, forests, lakes, rivers, mountains, and valleys to be molded into something great and wonderful, a haven for all peoples. Are we worthy of this gift? Are we capable of fashioning our country's future in the manner God intended?

The Creator has given us a wonderful start, the abundance of our natural resources and the great variety of our wildlife; now we must continue our preservation of these priceless possessions. As we look back, we can see that our original heritage has been diminished by our waste and destruction. Certain species of bird life, such as the passenger pigeons, have been completely destroyed. Some wild animals, the buffalo, for instance, who once roamed the plains by the millions, are now nearly extinct. Whooping cranes and certain types of deer are facing the same fate.

One of our greatest natural resources, the forest, is being rapidly destroyed today by our carelessness. In one little moment, one little match carelessly cast aside results in the destruction of hundreds of acres of trees which have taken hundreds of years to grow.

Is this the way God intended this land of ours to be used? Do we properly appreciate His gift and are we aware of our responsibilities toward maintaining it? "To whom much hath been given, of him much shall be required."

"Blessed is the nation whose god is the Lord!"

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

September Uncovers Desirable Virtues For High Schooler

Webster defines September as being the seventh month of the old Roman year. But most important of all, September is a uniquely wrapped month of 30 days allowing us that much time to step on new ground with a new start.

S—Sensibility should prevail always in the life of a high schooler. But the most important month is September. If one starts out on the right foot holding the right motives, it isn't so easy then to be side-tracked. The words of H. More should hold meaning for us on the application of sensibility. "Sensibility is neither good nor evil in itself, but in its application. Under the influence of Christian principle, it makes saints and martyrs; ill-directed, or uncontrolled, it is a snare, and the source of every temptation."

E—Enthusiasm is a virtue rarely to be met in times of the unruffled days of a teenager. But everything should be tackled with this strong feeling. The want of a high scholastic average must be met with enthusiasm and vigor if it is to be accomplished successfully.

P—A life full of happiness and enjoyment cannot be a life without prayer. Long words and rambling thoughts need not be included in a prayer, for in prayer it is better to have a heart without words, than words without a heart. The old statement, "It is better to give than to receive," can easily be applied to our lives in prayer. We will benefit by praying for others; by making an errand to God for them; for then we will have gotten something for ourselves.

T—Our talents lie hidden within us, and it is only with sincere efforts to get everything we can out of what is offered to us in high school that these talents will spring forth being stimulated by dormant desires.

E—We are less convinced by what we hear than by what we see. Therefore, students who are good examples of the kind of lives we should live, become very influential over us. It is wise to remember that you can preach a sermon with your life better than with your lips.

M—Without motives guiding us in high school we can wander easily from the right path. It is not what we have in material possessions or what we are faced with, but the way we go about solving our problems in God's eyes that really matters. Our motives for self-preservation must always be for the good of mankind or they will result in a disastrous crime.

B—Boasting of anything accomplished in our lives only mars our modesty and reveals the smallness of our minds. W. Secker once said, "Usually the greatest boasters are the smallest workers. The deepest rivers pay a larger tribute to the sea than the shallow brooks, and yet empty themselves with less noise."

E—Without effort there would have been nothing produced in this world. All would have been nil. Everything good has to be fetched. Nothing good will come if no effort is put out. Garfield once said, "Things don't turn up in this world until somebody turns them up."

R—Reverence should be held in us for all of our superiors. Teachers, parents, adult advisers, and guidance leaders all deserve our respect and admiration. Reverence for our God is the soul of all religions. Reverence is one of the signs of strength. No man will rise high who jeers at sacred things. The fine things in life must be revered or they will be sworn off in the day of trial.

Top Twenty Songs Tell Of Florida Trip

Dear Mary Lou,

Right Now, I'll Be Satisfied if I ever get this letter written! The Shape I'm In, I don't feel like doing much of anything. I Ain't Never seen such a mess as our house is, because we just got back from our summer vacation. What a Difference a Day Makes, only yesterday we were still in Miami!

We had a darling cottage on Promrose Lane. There were Forty Miles of Bad Road between us and anyone in the city though.

I became quite good friends with the girl next door, named Linda Lu. She is Only Sixteen, has curly blonde hair, and a Mona Lisa smile. She still talks Baby Talk; but that makes no difference to anyone, least of all the boys. She's really the Queen of the Beach in her Lavender Blue bikini. She thought she was my Private Eye and tried to introduce me to all the boys. Who's Fooling Who?! The Way I Walk, I look like a rovin' cowboy! But . . . It Was I who nearly drowned when Johnny Reb said, Hey Little Girl, I Want To Walk You Home! He was talking to me!!

Such a happy ending to the most perfect summer I've ever had! No more Lonely Days, or Lonely Nights for me, because he doesn't live too far away!

See You In September, Kelly Green.

Ode To School Year Great Times In Store

Summer is over, school's starting anew;
Too soon for many, too late for a few.
But whatever the case be, one fact is clear,
We're all come together to share one more year
Of classes, and clubs, and a lot of sports,
While hoping to gain an education of sorts.
The faculty's ready, greeting each with a smile,
And the homework's passed out,
(It would seem by the pile.)

Couples Search For Knowledge; Discover Inspiration In Books

Despite the hot weather during the first week of school, the Archers have really hit the books. In fact, some of the couples were seen at the library last Friday night! These are some of the books they were checking out for their first book report.

The Apple of the Eye
Judy Riping
Ross Binkley

The Good Companions
Karen Brumm
Steve Black

Great Expectations
Margaret Rogers
Doc Thompson (Purdue)

The Call of the Wild
Linda Tomson
Jeff Clark ('59)

Independent People
Sue Lewis
Frank Lude

Romantic Comedians
Chuck Jellison
Marsha Mosel

Magnificent Obsession
Edee White
Steve Druart

Paradise Lost
Sally McDonald
Bing Gilardi

The Possessed
Ann Erickson
Dan O'Bryant

Remembrance of Things Past
Mary Jane Tobey
Steve Burton

The Old and the Young
Sue Herrod
Carl Weaver (Purdue)

The Lost Week End
Karen Good
Tim Orn

Sentimental Education
Cindy Miller
Dave Crapo

Pride and Prejudice
Sandy Landree
John McCreery (Kendallville)

The Human Comedy
Dorothy Major
Bob Meredith (Kentucky)

The House of Mirth
Sue Springer
Fred Smith (Angola)

The Age of Innocence
Judy Robinson
Larry Miller (Bowling Green)

Lost Horizon
Janis Dedman
Mike Albersmeyer ('59)

Farewell to Arms
Marsha Eaton
John Kepler (North Side)

Grapes of Wrath
Pegeen Horth
Dick Delp (Purdue)

Kings Go Forth
Katy Rastetter
Dan Tritch

Persuasion
Sally Dill
Dick Johnson (I.U.)

This Above All
Sue Sappenfield
Bob King

The Sound and the Fury
Margaret Terry
Jim Bailey

The Chatterbox

By Julie Carr and Kathie Sosinski

The Jamboree sure helped to start school off with a bang! While the seniors, juniors, and sophomores were red in the face from yelling, two little Archer freshmen, Dianne Freedman and Linda Dollarhite, were red in the face due to lipstick. Some people seem to enjoy initiating freshmen with a smear of lipstick. Don't feel bad girls, there are 413 people just like you!!

A cool swim sure would feel good right now. If only it was the 17th of June instead of September! Sue Perry, Sharon Eitman, Sue Harrod, and Linda McMurtry probably wish that too. One day this summer they decided to go to the Fort Wayne Country Club and see some of their friends. But before they really got to see too much they were in the pool, clothes and all—the result of each others pushing! Thoughtful girls! But at least they had a nice swim.

Such is not the sad story of Andy Wood and Dennis Jones. After being given a hot tip on a cool place to swim (how about that!) they set out for a place called Lake Everett. Ah! Beautiful Lake Everett! Joy to humanity! Nature's Wonderland (please note that, Mr. Weber). Yes, beautiful, buggy, mucky, stinky, swampy, serene Lake Everett. The place to go—if you don't care where you go!

Some people never give up! Especially Dan Tritch who has just established a new world's record for summer injuries. In June Dan caught his foot in a conveyor belt; then in July he pulled a ligament in his foot. But he didn't give up, for in August Dan turned his knee cap, which now brings me to the case of Tritch vs. Thompson. Not to be outdone, Bob Thompson tried to catch up with the number of injuries needed to break Tritch's record. While riding on a tractor-trailer under the marquee at Eavey's, he fell off and cracked his head. When he came to, he suffered (?) a temporary loss of memory and couldn't remember his name. So in case Bob is unable to answer any questions in school, you'll know that he just had an unexpected temporary relapse.

Rosemary Capps and her sister, Sally, spent some of the summer on an island in Maine, which all sounds very nice and it was—almost. One day they decided to take a walk down the beach when Rosemary noticed a funny-looking rock. So, she went over and stepped on it—just an ordinary rock she thought—but it didn't feel like an ordinary rock. It felt kind of cold and slimy and it was—(just to keep you in suspence)—a dead seal! Pass the aspirin please!

Powerful Movement Creates Network

What is it? It is a world-wide prayer movement consisting of praying partners.

Who can join? Anyone who prayerfully and conscientiously wishes to join God in bringing about the world of peace and friendship God has promised.

Does it cost anything? No, just the postage you pay on the letters you write to your Prayer Mate.

Is this a pen pal movement? Decidedly no. The main purpose is prayer. You and your Prayer Mate can actually be co-partners with God and can become very close to each other because you will be working in the spiritual world where time and space mean nothing.

What is the purpose? The purpose is to create a network of Prayer Mates around the world. This network can become so closely woven that our love and prayers will actually bind and hold the world together.

Many of the world leaders have seen the possibilities and tremendous power of Prayer Mates. People in one country join in heart, mind and soul in praying with people of other countries.

If you are interested in joining, please send your name, address, age, sex and birthday to

Prayer Mates
RFD 2, Box 122
Lawrence, Mich., USA

Posy's Pointers

By Posy Weilemann

Dear Posy,

I'm 14, big for my age, and the oldest of three children. When it comes to working around the house my parents expect me to work as an adult. When I ask permission to have a date, they say I'm a child. What am I?

D. D.

Dear D. D.,

Nearly all parents expect more of the oldest child. Ask your parents to talk with some of your friends' parents about dating. Maybe they will realize that most kids your age are allowed to date.

Dear Posy,

My friends say my dad is an all right guy, but he makes me flip. When I bring friends home he tries to entertain them. He dances around the room like a kid. He tells impossible stories about what he did as a boy. How can I make his stop embarrassing me?

C. R.

Dear C. R.,

Your friends' opinions of your father are probably more accurate than yours. If it still bothers you though, talk to your mother.

Dear Posy,

I'm a freshman this year, and as usual a little green. I don't understand what you are supposed to wear to football games. Some of my friends say I should wear summer clothes. Some say that since school has started I should wear winter clothes. What should I wear?

Green

Dear Green,

How about wearing clothes to suit the weather? If it's cold, wear winter clothes. If it's warm, summer. Try to be an individualist instead of following the crowd!

Dear Posy,

My parents insist on meeting every boy I go out with. I've told them definitely this is old fashioned. I say the folks should stay away. Am I right?

Ellie

Dear Ellie,

Be proud of your parents and pleased that they are interested in your dates. A lot of parents don't care enough about their children to bother meeting their dates.

Arrival Of Autumn Marks Footmen Trap

Every fall a few football hopefuls work themselves to the top. Often a sweet young thing shares the spotlight with "her hero" by cheering him on at the games. Many girls find this a most desirable position. The problem is: When most players think of nothing but drills and scrimmages, how can a girl effectively trap a football star?

Sue Horth: Ugm guana stikii!!!

Jeannie Carroll: Tackle him.

Pam Olson: If he throws a couple of passes, catch them.

Judy Chapman: Suddenly love football.

Marijane Tobey: Make a pass when the field is open.

Diane Irmscher: Kick in as a watergirl.

Linda Amos: Buy a helmet and pray for someone to fill it.

Susie Vesey: Hope you don't have to play football to get one.

Sharon Longenberger: Set your backfield in motion.

Gretchen Meister: How should I know; I've never caught one.

Nancy Gift: Wish my father were still football coach.

Jan Davies: Join the team.

Sally Burton: Impossible! Absolutely impossible so why try?

Kathi Sosinski: First of all get in a huddle. Throw a few passes or do a few tackles. If all of this doesn't work, start early for basketball practice!!

Ambitious Archers Willingly Help Festival Theater, Gather Many Experiences, New Knowledge

A group of talented South Side Archers are doing their best to prove the age-old saying, "There's no business like show business." This summer the News-Sentinel Franke Park Outdoor Theater has been a second home for these ambitious Archers who have spent the fleeting moments of summer rehearsing and participating in the Festival Music Theater's three productions, "Plain and Fancy," "Li'l Abner," and "Brigadoon."

As a result of the differentiating themes of the three shows, our South Side chums were miraculously and quickly transformed into Scottish lassies and laddies, dog-patchers, and Amish country-folk not in costume alone, but also in critical dialect and mood changes. This transformation was extremely difficult and called for a great deal of skill especially from those persons who performed in two or more shows. Overlapping dialects often creeped into the conversation creating some humorous incidents.

\# \# \#

YOUTHFUL SINGERS, dancers, musicians, and artists lend just the proper amount of seasoning with their stamina and spirit to the chorus, corps de ballet, orchestra, and set design.

The magic of the theater is enthralling to our high school pals as the fascinating world of show business is opened up to these eager workers. More than any other information, the knowledge of operation and technical problems necessary to create an effective production is the most outstanding and unique phase of the theater. Also, a whole new vocabulary is to be found. Cut, scrim, traveler, and blocking have their meanings peculiar to the theater.

There is, of course, bitter with the sweet and disappointment walks hand in hand with reward for the Festival. Its villain is rain. Rain-outs during "Plain and Fancy" rehearsals were so menacing that one evening just after the show got under way the "rains came" and the company hurried to shelter to wait for it to cease. Fortunately, it stopped and once more the show commenced only to find that the rain decided to take another crack at the struggling company. Consequently, the retreat signal was again given. Not only was it exasperating, it also stole rehearsal time.

\# \# \#

NO MATTER how difficult it may be, "the show must go on"—and sometimes it's pretty difficult! For instance, during a performance of "Brigadoon" while Bob Weesner who plays Sandy Dean was dancing in the Bonnie Jean Ballet, his kilt fell down drawing quite a round of applause from the audience! Quite on the other hand, it just about broke up the other dancers and it took a great deal of composure to continue. Goofs aren't especially frequent, but usually the last night of each show, finding the actors in unusually exalted spirits, "cut-ups" are frequent.

These theatrical Archers have experienced the thrill of an opening night, the sadness of a closing one, the gratefulness of applause, their only reward, and in general, a full appreciation of the theater of which they would otherwise be oblivious.

The benefits are self-evident, and overwhelming. Says Susie Bond, "It's such a wonderful experience. I wish everyone could share it with me. It also keeps me busy during the summer."

Nancy Swaim agrees and she adds, "It's real sharp!"

\# \# \#

JUDY EISENHUT comments, "I've met many new and interesting people connected with the Festival Music Theater. Also, teamwork and discipline are of the utmost importance—it keeps you in shape for school. I play in the orchestra and find that the music is always stimulating and in good practice for school."

Working in the Festival is time-consuming. Rehearsals usually start two weeks before the first performance at the Boston Store site on Berry Street. The orchestra occupies the first floor, the dancers have the second, and the chorus uses the third. It's also energy-consuming, especially when the mosquitoes descend on Franke Park, as any orchestra member can testify.

All in all, it's been a great experience for the South Siders, and who knows, maybe someday one of our amateur pals will become another Sarah Bernhardt or Alec Guiness, thanks to his or her experience in the Festival Music Theater!

\# \# \#

THOSE ARCHERS who participated in "Plain and Fancy," were Margo Dixon, Molly Dixon, dancers; Merle Baldwin, chorus; Carol Jo Becker, Bethany Bond, Susan Bond, Rosemary Capps, Mike Church, Mike Collins, Tom Cooper, Kathy DeVore, Carol Downhour, Judy Eisenhut, Judy English, Janice Ferber, Sally Franklin, Karen Good, Vickie Jornod, Martha Lanning, Dian Leath, Steve Pratt, Bill Ryan, Shelby Smith, Nancy Swaim, and Jerry Boerger, orchestra.

Those who played in "Brigadoon" were Merle Baldwin, chorus; Brenda Dull, dancer; Bethany Bond, Susie Bond, Mike Collins, Tom Cooper, Carolyn DeVore, Judy Eisenhut, Marcia Evilsizer, Kay Keiffer, Dian Leath, Peggy Lee, Gretchen Meister, Cindy Miller, Linda Newell, Steve Pratt, Vicki Sheldon, Shelby Smith, and Nancy Swaim.

Senior A's Joan Novitsky, Dick McGaw Attend National High School Institute At Northwestern

For five weeks this past summer Joan Novitsky and Dick McGaw attended the National High School Institute at Northwestern University. This "summer school" course began on June 28 and lasted until August 1.

Mr. Storey, speech instructor, provided Joan and Dick with the necessary information concerning the institute.

A very high average and participation in extra-curricular activities are the two most important qualifications for attending. Both Joan and Dick meet these requirements. Joan is taking Algebra 3, English 8, Botany 2, French 3, and is doing service work. Dick's schedule includes Government 2, Solid Geometry, English 8, and Chemistry 1. He belongs to Hi-Y, Lettermen's, Wranglers, 36 Workshop, and the tennis team.

\# \# \#

BEING 12A's, JOAN and Dick realize the importance of furthering their education, and both agree the institute accomplished this. There were five divisions of the Institute. They were education, speech and debate, journalism, music, science, and engineering. Joan entered education and Dick entered speech and debate.

Joan explained that most of the students entered in education belong to the Future Teachers of America and plan to become teachers. In the morning, high school teachers and college professors lectured on the methods of teaching a class and the materials available for teachers' use.

In the afternoons, Joan attended various playgrounds and acted as an adviser to the younger children there. Seminars were held in the evenings. Two interesting topics discussed were European and Russian education. The students and school systems of Europe and Russia were compared with those of the United States.

\# \# \#

ON THE SOCIAL side, dances, beach parties, and scavenger hunts were planned for the education group. Joan explained that her group took many planned trips. Two of the most interesting were to the International Trade Fair and the Tribune Building in Chicago. She expressed great delight in seeing and hearing the Kingston Trio and Cole Porter.

As a reward for her outstanding work, Joan, along with nine others in the education group, received a gold key.

Joan summed up her trip by saying, "This past summer spent at Northwestern was one filled with fun, work, and excitement. I will be glad to talk to anyone who is interested in the High School Institute program. Don't pass it up because it is an experience I'm sure you will never forget."

\# \# \#

OUT OF THE 500 students attending the Institute, 230 were entered in the speech and debate division. Because of this, the division was subdivided into three smaller groups. These were debate, drama, radio-TV, and film. Of these three sub-divisions, Dick entered debate.

In the morning there was a two-hour lecture. Some of the topics were discussion and persuasion, leadership, climate of discussion groups, Dewey's five steps of reflective thinking, Freudian psychology (which deals with the personalities), the learning process, brainwashing, and hypnosis. The professor lecturing on hypnosis tried to hypnotize the class, but because of so many distractions, he was only able to hypnotize a few.

WHAT'S THAT AGAIN . . . . Joan Novitsky and Dick McGaw review their notes from the National High School Institute at Northwestern University, which they attended for five weeks this summer. Joan studied education, and Dick took speech and debate. — Photo by Thompson

In the afternoons, the debate group prepared five weeks for the debate tournament. The proposition debated was whether or not the federal government should substantially increase the regulations of labor unions. The affirmative and negative teams of the constructive speeches were each given eight minutes for debate, and the rebuttal teams were each given three minutes.

\# \# \#

DICK EXPLAINED that most of his free time in the evening was spent in the library preparing for the next day.

However, he did see the Music Man, Cole Porter, A Midsummer Night's Dream, and a great many concerts and plays. Dick advanced to the quarter-finals of the extemporaneous speech contest, and was among the top 18 contestants.

He commented on his trip by saying, "In short, the work in the debate division was exhaustive but very beneficial. It required a great amount of reading and preparation, analytical thinking, and precise speaking. The purpose was to provide a well-balanced schedule in scholastic, social, and cultural activities. Anyone who is industrious and willing to work hard to improve in these ways, should inquire about the National High School Institute."

Meterites Welcome Frosh, Soph Girls

Organizing will be the principal business of the first Meterite meeting scheduled for next Tuesday at 3:30 p.m. in Room 112. Membership cards will be passed out for all previous members and new members to sign.

Dues of 25 cents per semester will be taken at the first two meetings. Minor offices will also be announced.

Meterites welcomes all freshman and sophomore girls who have a B or above average in the previous semester in English. Passing grades in all other subjects is also a necessary qualification.

The purpose of the club is to develop leadership, to provide opportunity for students, to supplement work done in English classes, and create wholesome friendship.

Science Academy To View Movies

"Mr. Robert Weber, botany teacher, will show movies of his trips to northern Minnesota and the Grand Teton Mountains in Arizona at the organization meeting of Junior Academy of Science, September 17 at 3:30 p.m. in Room 76," announced Mr. Donald Weaver.

The sections of the club have not been formed, but it may have an astro-physical section and a radio section, depending on the interest shown at the first meeting. Everyone is invited to attend.

Rifle Club To Meet

The organization meeting of the Boys' Rifle Club will be held Monday on the range. "The 50 members of the club will discuss the schedule for the semester," stated the club adviser, Mr. Stephan Berg.

YMCA Dance Classes Announce Fall Schedule

Registration for YMCA Fall Series of Dance Lessons will open Monday, September 21st for both senior and junior high students, in the Youth Lobby of the Central "Y." Lessons will be given in foxtrot, "rock and roll," and waltz steps.

This year the classes will be under the direction of Maxine Hobbs of the Cabana Dance Studio.

The classes will consist of ten, one hour instruction periods. Senior high classes will meet on Tuesday evenings at 7 p.m. starting October 6. Junior high classes will convene October 10th and will be held on Friday evenings at 7 p.m. All classes will be held at the YMCA.

For additional information call the YMCA Youth Department at E-2202.

Job's Daughters Plans Hayride

Paul Hobrock's farm, on U.S. 427, will be the site of the annual Job's Daughters' Hayride, September 19, from 6:30 p.m. to 10:30 p.m. A record hop will be added for entertainment. Tickets at $1 per person may be obtained from Louise Misegades, Homeroom 96, chairman at South Side.

Heading Job's Daughters this year is Jean McCoy, '57, the new honored queen. New officers assisting her from South Side are Pat McCoy, junior princess; Judy English, guide; Roxanna Smith, marshall; Karen Johnson, junior custodian; Ellen Stanbery, first messenger; Nancy Coleman, second messenger; Rita McCoy, third messenger; Annell Hoover, fourth messenger; and Pam Buzzard, fifth messenger.

Other events in the Job's schedule consist of a meeting honoring past Queens, Guardians, and Associate Guardians. There will also be a rummage sale in the near future to raise funds.

"Sapotaccous" Has Variety Of Meanings To Archer Students

School has begun once again and as usual there is a lot of work to be done. Many students have forgotten a lot of things they had learned last semester, but what about vocabulary words? Do you know the meaning of sapotaccous? When asked the meaning there were many varied answers. If this word was on your test, could you answer it?

Diane Fredrick: Sounds like an inborn ordinary characteristic in a Martian monster!

Elaine Edwards: . Sounds like it's something great and scientific.

Sue Perry: Sounds like a good word for the seniors.

Little Lulu: Only sapotaceous people are signing this poll—they should be expelled!

Martha Lanning: How intoxicating! (Is it?)

Jan Davies: Looks like something to describe a tree—sapotaceous?

Sue Harrod: It must be a disease for a potato.

Linda McMurtry: A word to describe people who use words they don't know the meaning of.

Lissa Hoffman: Duh!!! Does it smell?

Sarah Finch: An adjective used to describe boys that aren't witty enough to answer this poll.

Susi Horth: This word is the adjective form of the noun sapotaceae, meaning: ■ family of trees or shrubs, consisting of about 335 genera and 600 species, widely distributed in tropical regions; the sapodilla family! etc., etc. Ask Webster, he knows!

Archer Clubs Explained For Freshmen; Present Programs To Improve Students

Editor's Note: Summaries of several other South Side clubs of interest will appear in the next issue of The Times.

To get the greatest advantage from school life a student should join at least one extra-curricular activity and South Side offers a good many clubs for this reason.

The purpose of the clubs are many; some supplement school work and others give an opportunity for acquaintance with teachers and students. For the advantage of the freshmen, following is a brief summary of the clubs.

Art Club—Sponsored by Mrs. Ruth Fleck, the Art Club is composed of all students interested in art and designing to work in various mediums creating a greater appreciation of art. It meets on alternate Wednesdays in Room 26 at 3:30 p.m. and the officers are president, Nancy Vanderford; vice-president, Pat Nettour; secretary, Rita Smith; treasurer, Carol Abramson; sergeant-at-arms, Jack Byrd and Bruce Chaney.

Camera Club—This club is organized to bring together the students interested in photography. Sponsored by Mr. Ernest Walker, the club meets on alternate Wednesdays at 3:30 p.m. in the Greely Room.

Girls' Athletic Association—GAA is for all girls passing in their academic studies to provide wholesome physical activities. Sponsored by Mrs. Madge Schone and Mrs. Alice Keegan, the upperclass meets Monday at 3:30 p.m. in the gym and freshmen on Friday at 3:30 p.m. in the gym.

Hi-Y—Hi-Y is designed for all junior and senior boys to create, maintain, and extend throughout the home, school, and community high standards of Christian character. The club meets on Mondays at 7:30 p.m. in the assembly room of the YMCA. The club is advised by Mr. Robert Weber.

Junior Academy of Science—To create, maintain, and extend an active interest in scientific pursuits is the purpose of this club, which is open to all students passing in their academic subjects. The sections are astronomy, biology (bio-con), meteorology, psychology, mathematics, rocketry, radio, and general. The club meets on the second Thursday of the month at 3:30 p.m. in Room 76. The officers are, president, Bob Gifford; vice-president, Chuck Leopold and Bob Thompson; secretary, Donna Barnes; treasurer, Mike Church. Mr. Robert Weber and Mr. Don Weaver are the advisers.

Know-Your-City—The purpose of Know-Your-City is to help members develop a greater appreciation for their city and its history. Sponsor of the club is Mr. Jack Weicker; the officers are Don Walters, president; Lee Jackson, vice-president; Ann Wilson, secretary; Nancy Baltes, treasurer. The club meets on alternate Tuesdays at 3:30 p.m. in Room 110.

Library Club—The purpose of the Library Club is to let student librarians help with the everyday work and service of the library. The officers are president, Cindy Hart; vice-president, Susan Seibel; secretary, Sandra Parrott; point recorder, Marsha Rolf. Miss Willodeen Price is the sponsor and no regular meetings are held.

Meterite Club—The purpose of this club is to supplement work done in class, develop leadership, and provide fellowship. It is open to all freshman and sophomore girls receiving ■ B or above in English and passing in all other subjects. The club meets on alternate Tuesdays at 3:30 p.m. in the Greeley Room and the officers are Sandy Thorn, president; Sue Horth, vice-president; Sue Smith, secretary; Sue Kelly, treasurer. Mrs. Florence Emshwiller will take over as the club sponsor because of the retirement of Miss Susen Peck.

Philo—This club is designed to stimulate an interest in good literature and to promote friendship and high ideals for all junior and senior girls with an average of ■ or above in English. The sponsor is Mrs. Evlyn Spray and officers are president, Karen Brumm; vice-president; Penny Hunt; secretary, Sandy Landree; treasurer, Lois Levine; program chairman, Julie Carr; sergeant-at-arms, Barbara Dennis. The club meets on alternate Mondays at 3:30 p.m. in the Greeley Room.

Safety Club—The Safety Club is set up to promote individual, school, and community safety and is made up of representatives from the clubs and the four classes. The meetings are held on the second and fourth Thursdays of each month and the sponsors are Miss Virginia Ayers and Mr. Glen Stebing.

Archers Lose To Irish In Jamboree Contest

Kellys Fail To Score As Irish Tally 13 Points To Make Fourth Defeat

South Side bowed to Central Catholic, 13-0, in the annual Football Jamboree at Northrop Field last week. South once again failed to score in the Jamboree. The Archers have an 0-2-2 record and have allowed 19 points in four years of the pre-season contest.

After receiving the opening kickoff, South picked up three yards each from Carl Johnson, John Somers, and Steve Burton. Burton tried for the first down but lost three yards, and South surrendered the ball on their own 47-yard line.

Mel Vachon and Bob O'Reilly set up the C.C. touchdown with end runs. Joe Musi climaxed the drive by slanting off right end from 12 yards out. Schimnele kicked the extra point.

The Irish ran the South ends freely in the second quarter before Leroy Carcione plunged over from the one-yard line for the final score. This time the conversion attempt failed.

Steve Hargan, third-string quarterback, had C.C. on their heels with excellent passing late in the second half. However, time ran out just as the Kellys started to move the ball.

The middle of the South line was tough though the corner linebacking was weak, as was the defensive end slot. The offensive backfield moved the ball fairly well and they should show much improvement as the season progresses.

New Haven defeated Concordia, 7-0, in the first game while a rugged Central crew, behind T. C. Williams, swamped North, 12-0, in the third.

Scoring: Musi (12—run), Carcione (1—plunge). Extra point: Schimnele (place kick).

	C.C.	S.S.
First downs	6	3
Rushing yardage	91	32
Complete passes	1-1	3-1
(1 more on interference penalty)		
Passing yardage	22	15
Yards penalized	25	5

Officials: Marvin Todd, Red Sitko, Burl McKenzie, and Hans Dienelt.

GAA Will Sponsor Tennis Tournament

"Drawings for the annual GAA tennis tournament will be made today," stated Mrs. Alice Keegan and Mrs. Madge Schone, GAA sponsors. Freshmen interested in GAA are urged to participate as well as active upperclass members.

An extra 25 points can be earned for taking part in the tournament. The runner-up will earn 75 points and the winner, 100 points. The matches should start immediately and are played on the courts in the city parks. If enough girls do not sign up in the girls' gym, the tournament may be cancelled.

Speedball Rules Announced For Girls' First Gym Event

The first activity in the girls' gym classes this semester will be speedball. The girls are asked to read the rules carefully so as to clearly understand the game. Only gym instructors are allowed to change any of the rules.

Playing Privileges:

1. A fly ball may be caught, passed, dropkicked, punted, or juggled.
2. A ground ball is stationary, rolling, or bouncing from the ground.
3. A player kicking the ball into the air is eligible to catch it herself before it hits the ground.
4. The goal tender has no special privileges.
5. The ball may be dribbled by feet at will, but only one over-head juggle is allowed.
6. A player is allowed one step in any direction while holding the ball and standing still. If running, two steps are allowed.
7. A player may legally guard an opponent who has the ball. Holding is not allowed, nor an obstruction of any sort.
8. The Ball: When the ball is held by two opposing players simultaneously or when a referee is in doubt which side last played the ball out of bounds, a tie ball is declared. It is also used at center after a double foul.
9. Free Kick: Whenever a free kick is awarded a team, the ball is put in play by a place-kick, the opposing team being required to stay five yards from the ball in every direction until it is killed. The kicker is not allowed to kick it again until it is touched by another player.

Playing Restrictions:

1. Personal Fouls:
   a. Kicking, tripping, charging, pushing, holding, or blocking an opponent.
   b. Unnecessary roughness of any description.
2. Technical Fouls:
   a. Unsportsmanlike conduct.
   b. Unnecessarily delaying the game.
   c. Kicking the ball.
3. Violations:
   a. Carrying the ball.
   b. Touching a ground ball with the hands or arms below elbows.
   c. Making two successive overhead dribbles.
   d. Violating kick-off rule. (Ball must not be played again by center forward until played by another; all members of her side shall stand behind the ball when kicked, and no opponent shall pass the restrained line until kicked.)
   e. Violating out-of-bounds rule (playing the ball again herself or taking more than five secons to play ball.)
   f. Violating the tie ball restrictions.
1. If a personal foul is committed outside her own area the opponent shall be awarded a penalty kick.
2. If a personal foul is committed outside a player's own penalty, kicks are awarded. The ball is in play after the second one is missed.
3. If a technical foul is committed outside a player's own penalty area, the opponent shall be awarded a penalty kick.
4. If a technical foul is committed inside a player's own penalty area, the opponents are awarded one penalty kick. As soon as the ball is kicked it shall be considered in play and a follow-up is allowed.
5. If a violation is committed by a player outside his own penalty area, a free kick is awarded at the spot of the violation.
6. If a violation is committed by a player inside his own penalty area, opponents shall be awarded a penalty kick with the opportunity of a follow-up if it is missed.

Steve Hargan, Junior, Hopes To Wear Major League Uniform

Playing major baseball is at some time the dream of almost every American boy. As a boy, Steve Hargan, Junior B, was no exception. However, where other youngsters' interests turn to different subjects, Steve still focuses his interest on baseball.

What's more, from the several contacts he has had with the major leagues, it appears that someday he may wear the uniform of a big leaguer. Steve's performances on local pitching mounds have already merited a trip to a Detroit camp, plus talks with two scouts.

In 1958, Steve visited Briggs Stadium for a tryout camp and clinic and performed under the watchful eye of the Tiger management. He learned some valuable tips on the trip and met several Tiger players.

The next contact was New York Yankee scout, Mr. L. H. (Pat) Patterson, who received a good look at Steve's hard fast ball and effective curve early this summer. Mr. Patterson talked with the slim right-hander and gave the lad a book on baseball skills.

z z z

TWO WEEKS AGO, a few days before Hargan's seventeenth birthday, Mr. Tony Lucadello, Philadelphia Phillies scout, held a serious interview with the talented hurler. Mr. Lucadella explained the minor league set-up and the steps in becoming a major leaguer. Steve says, "I was very interested in the interview."

Of course Steve didn't receive the interviews or the trip by luck. He has acquired much pitching skill and experience by hurling for eight years in local organized ball.

Little League was the first step for Steve; he pitched for Capehart of the Sacred Heart League. Later, as an eighth-grader at Smart, he pulled a "Johnny VanderMeer"—two no-hitters in a row—to lead the team to the city crown that year.

The next two summers were spent in Pony League with the Menu Meats, nine. Then the 6-2, 155-pounder joined Fort Wayne Glass in the Junior Federation League, a loop for 15 to 18-year-olds. Chucking for a last-place club and having two years still left to play, Steve has been nevertheless recognized as one of the league's best pitchers.

z z z

THIS SUMMER Pal's Truck Stop, local Junior Federation winners, obtained Steve for play in the national Connie Mack Tourney. He obliged by copping one regional game and Pal's only national victory, a sterling two-hit shut-out masterpiece over Rock Island, Ill.

Steve has given the future much serious thought. He states, "I definitely plan to finish high school. College would be fine if I could possibly receive a scholarship. However, if I receive an offer to play baseball after high school, I would most likely accept it."

A hard worker, Steve would not mind starting at the "bottom." He understands that there is not just glory in being a ball player, especially those years in the minor leagues. However, he is willing to make that sacrifice.

YES Secures Jobs For 715 Teenagers In Summer Months

"YES, the Youth Employment Service, placed 715 pupils from city schools in jobs this summer," stated Mr. Robert Fitzpatrick, director.

The Youth Employment Service fills jobs for teenagers on the basis of previous experience, skills, and preference of jobs. Each person is given a personal interview as to the type of job that interests him. The jobs that were most called for this summer were clerical sales, yard boys, housework, child care, stockroom workers, restaurant help, and farm maintenance.

The total earnings of the Youth Employment Service workers over the summer has been approximately $85,-000. This figure suggests that the average Youth Employment Service worker earns an average of $118.36 for the summer months, although many of these jobs are carried on through the winter.

"I have enjoyed this summer's work immensely. Close contact with the teenagers has strengthened a previously-held conviction that the overwhelming majority of youth today are a fine group of future citizens. I find them to be eager to display their talents, dependable, hard-working, and in no way bitter over the multitude of problems that they will soon inherit," Mr. Fitzpatrick stated.

Pianists, Helpers Named For Gym

Gym office service workers and pianists for this semester have been announced by Mrs. Alice Keegan and Mrs. Madge Schone. The office workers referee games, take attendance, and run errands.

Helping period one are Alberta Bonnell, Marilyn Budd, and Jenny Slater. Judy Garrison, Ruby Martin, and Linda Wolf will service period two. For period three, Shelba Cox, Jane Glass, and Jan Kessler have been chosen.

Period four, Bella Dyson, SuAnn Marvin, and Joy Walling will be helping. Working period six are Alberta Bonnell, Connie Dennis, and Sandey Dolson. Becky Davis, Elizabeth Hostetler, and Stephanie Roe will help in the gym period seven.

The pianists are Sara Finch, period one; Kathy DeVore, period two; Becky Hostetler, period three; Elaine Edwards, period four; Sandra Yaggy, period six; and Patricia Slater, period seven.

Carter's Corner

By Jim Carter

We're off to a good start! The Archer gridders have served notice that this season will be different from the last few by taking their opener against Anderson. This action, practically unprecedented in recent years, leads all to hope that the '59 squad has the desire to go with its strength on paper. It also goes far toward making up for a disappointing showing in last week's jamboree.

The Kellys journeyed to Anderson and defeated the Indians on their home field, 6-0. Both teams wanted to win that one very badly, but South showed its strength and emerged victorious. It was an extremely hard-fought contest, and Kelly starting tackle Steve Pohl was lost for the season when his leg was broken early in the game. Steve, one of the most improved boys on the squad, was starting his first game as varsity tackle.

Now that the Green and White has started to click, the squad faces one of its foremost obstacles of this season, the Blue Devils of Indianapolis Shortridge. The Devils made everyone sit up and take notice last week end when they defeated Richmond, undefeated last year and a recognized state power, 19-13. Furthermore, this was done at Richmond, where the home forces had won 20 straight previously. Four of the Blue Devil backs are trackmen who have been timed in 10.4 seconds or under for the 100-yard dash. When the Kellys oppose this powerhouse in Naptown, they will be decided underdogs. Shortridge will be out to avenge a 12-6 1958 upset, and Coach Bob Gernand and his charges will definitely have a job on their hands. This would be an opportune spot for an upset, so let's keep our fingers crossed.

z z z

IN OTHER ACTION by city teams last week end, Central won an outstanding victory, while Concordia and Central Catholic went down in defeat. North Side opens its season tomorrow at LaPorte.

The Bengals of Central posted a 28-13 victory over Marion. It seems to be a foregone conclusion that all-city halfback T. C. Williams will repeat this year, and now he is being touted as a possible all-state prospect. All he did personally against the Giants was gain 196 yards and score two touchdowns. His total yardage gained was almost two-thirds of Central's total, and it was within 20 of Marion's entire figure. Fullback Steve Cress also scored two touchdowns, and he too appears to be a potent threat on offense.

An outstanding facet of this contest was the 13 points which Marion scored. The Tigers seem to have a few weaknesses on defense. Due to the highly unfortunate schedule controversy, Central will have an open date this week end, the usual time for the North Side game. This appears to be quite a handy turn of events for the Redskins, who should not mind at all if they do not encounter Central again after the jamboree.

Concordia met defeat at the hands of Columbia City's Eagles by a 7-0 count. Tomorrow they oppose Wabash.

z z z

AFTER HANDING South Side a 13-0 setback in an abbreviated jamboree contest, Central Catholic's Irish were soundly whipped by South Bend Washington, 42-0. Washington used almost every man on the bench in rolling up the preponderous total, as they ran around, through, over, and away from the heavier Irish. C.C.'s total yards gained for the game added up to exactly a loss of 27 yards! This all goes to prove that a team cannot be judged accurately on the basis of 16 minutes in a jamboree, and the Archers will have at least an even chance against the Irish, come November 6. Next foe for C.C. is Indianapolis Scecina.

A name and face which has been familiar to Archers will be missing this season. It is that of Bob Duncan. Bob, a former end, had quite a bit of trouble with his knee last year. He finally had it operated on in the spring, and he spent some more time on those familiar crutches this summer. Unfortunately, it did not heal correctly, and it slipped out again on the third day of practice. Bob is now helping out as a student manager.

As the other schools start their cross country schedules, it still remains to be seen what will happen at South. With no coach in sight for the squad this year it appears that many of the boys who have spent much of their time this summer working out will be out of luck. Some of the boys have been practicing together unofficially, but their future is still a question mark. This is really quite unfortunate, especially in the light of some fine returning prospects. See you next week.

Mighty Archers Clip Anderson; To Battle Shortridge Friday

Kellys Snap Opener Jinx By 6-0 Tally

John Somers Scores One Archer Touchdown During Final Quarter

By Bob King

South Side's Archers ended a 10-year famine on the gridiron last Friday night at South Anderson Field as the mighty Green and White clipped Anderson's Indians by a 6-0 margin. In nipping the Red, the Kellys won their first opening game since 1949 when they clobbered Bluffton, 57-6. The victory also marks the Green's first win in three starts against Anderson; the Indians swamped South, 39-4, in 1957, and again tripped the Green, 20-6, last season.

The first half of play ended in a scoreless tie in which the Tribe dominated the game, rushing 174 yards to South's 84 yards. Anderson threatened a tough Kelly defensive unit three times in the first 24 minutes. But a strong front line of Dan Tritch and Frank Lude at the ends, Terry Berk and Jim Dawson at the tackles, and Jim Olinske, Bob Griffiths, and John Somers at the linebackers, aided by Chris Parrott, Carl Johnson, Steve Burton, and Bob Bolyard in the backfield kept the Red from paydirt during the entire game.

But the scene changed entirely after a beautiful half-time show put on by the Anderson High School Marching Band. The hard-hitting Archers gained 126 yards and seven first downs to the Tribe's 46 yards and one first down. The first touchdown of the season was scored as fullback John Somers plunged over from the two-yard line on a first-and-10 situation. The TD marked a 48-yard drive in 11 plays for the Green as the junior, 193-Somers marched over with eight minutes left in the fourth quarter.

Anderson showed a threatening passing attack as quarterback Jim Seal connected on several occasions to end Dave Brogdon and halfback Tony Mainford. Mainford, with fullback Steve Watson and halfback Bobby Townsend, carried the brunt of the running attack.

Both squads showed fine "hard-nosed" defensive football as pads cracked and shoulders tackled. An Anderson paper quoted Tribe Coach Jim Carter as stating, "It's no disgrace to lose to this Fort Wayne team. They are big, rough, and well-coached. It's certainly their finest team in years."

The game was marked by injuries which required three ambulances during the contest. South had the worst casualty of the evening, losing left tackle Steve Pohl for the rest of the season. Pohl sustained a broken leg (above the knee) early in the game and was taken to the Anderson Hospital where a splint was prepared by Dr. Gerald Somers, the team physician. Steve was taken to the Lutheran Hospital late Friday night and will remain there until the swelling disappears. John Somers sustained the other South injury as he broke a finger late in the second quarter. Two Anderson players were injured seriously with broken noses; one also received two broken ribs and a slipped disk in his neck.

South Coach Bob Gernand seemed quite happy with his Archers' performance Friday night but was already looking ahead to tomorrow night's game with Indianapolis Shortridge. The Archer coach alternated Lude, Parrott, and Griffiths with ends Bob King and Ken Howe, and center Bill Spindler on offense, and the three remained fresh on offense throughout the entire game.

Statistics

	S.S.	Anderson
First Downs	10	8
Rushing Yardage	190	127
Passes Attempted	5	15
Passes Completed	1	4
Passes Intercepted by	3	1
Fumbles Lost	1	0
Punting Average	28.5	13.7
Yards Penalized	50	10

Junior Bob Bolyard, Starter Quarterback, Is Three-Sport Man

A strong point in South Side's starting football lineup is junior Bob Bolyard. He holds the position of quarterback. Bob saw some varsity action last year and made a good showing in freshman and reserve football.

In junior high at James Smart

Bob Bolyard

School, Bob participated in basketball, baseball, and track competition. He then followed through in high school by taking part in freshman and reserve basketball and track, and freshman, reserve, and varsity football. In the future, Bob plans to play college baseball and football.

Bob thinks that this is the year that South Side's team will cop the city grid title. He had this to say about this year's team: "The backfield should be strong because the boys are all friends and go around together. The same goes for the line. Therefore, this team will work well as a playing unit."

Bob figures that South's toughest opponent this year will be either Central Catholic's Irish or the Tigers of Central.

Bob said that when he is through college he would like to go into teaching and coaching.

Small German Band Claims Tom Cooper; Gives Park Concerts

Do you have any plans for a party or any other special event in the near future? Add a little zest to the affair by hiring a German band.

Now, you are probably wondering where in the world are you going to find a German band without going to Germany. Well, just notify Tom Cooper. Tom, a senior at South who has played the clarinet for six years and also the tenor saxophone, played in a strolling German band last summer. The purpose of the band was to push live music.

The band, consisting of five pieces, gave concerts in the city parks on Sunday afternoons. It also played at the Republican Convention and at sponsored picnics. The musicians played several old favorites in the style of an old German band. They also arranged some of their own tunes.

Their uniforms consisted of bermudas, loud-colored ties, white shirts, white suspenders, and old band caps. The band was a great attraction for all ,especially to little children.

The leader of the outfit was James Link, baritone saxophone, a sophomore at Indiana University. Other members were Dick Shock, Purdue University sophomore, trombone; Whit Sidener, North Side High School junior, clarinet; and Jack Biddlecome, North Side High School graduate, trumpet.

"If you wish to have a German band for any special occasion, we are available," stated Tom.

Mural Men

By Dieter Hillerbrand

Attention! Touch football will start as soon as there are enough teams entered. Weight is divided into two divisions—light, 140 pounds and under; heavy, 140 pounds and up. The games are played usually during fifth period. Touch football is almost like regular football without losing the sight of the safety angle. It is played to develop speed and endurance and all the other skills needed in football. The important thing is that one can enjoy a game of football, but with very little body contact.

Here are the differences in rules from regular football:

1. Nine players make up a team, but only six are needed to start to prevent a forfeit.
2. Touching the ball carrier once above the waistline substitutes for the tackle.
3. The games are divided into two halves, each lasting about 20 minutes.
4. The scoring in touch football is the same as in regular football.
5. Substitutions are limited unless a player has been disqualified or injured.
6. The officials are referee, umpire, and linesman. Each team is to furnish one official and linesman.
7. Screening is prohibited, also any blocking that might be dangerous. Blocking players are to keep both feet on the ground and must not grasp the opponent with the hands.
8. Penalties: Clipping and tripping —15 yards from the spot. Offside —five yards from preceding side.
9. Five downs before loss of ball, or you must score or complete three successful forward passes.
10. An interception counts as a down.

Remember to get your team cards in the gym office as soon as possible! Your parent's consent card must be in, too. Last year's winners were Tom Wible's Click-Clack-Kickens in the lightweight division, and Jack Waite's Weasels in the heavyweight.

Intramural cross country will start September 16. This is an ideal sport to get you in shape for basketball or any other sport. The practices are held at Packard Park. There will be 20 practices and the final run. The distance for the final run is slightly above a mile.

Participants will receive 25 points for going out and attending most of the practices. Points received for the finish are—First, 20 points; second, 15 points; third, 10 points; fourth, five points. As usual, there are three weight divisions. They are: Light—125 pounds and under; middle—145 pounds and under; heavy—140 pounds and over.

Be sure to sign up in the gym office as soon as possible. Last year 60 boys reported for practice and 48 ran in the final run. In the lightweight division, Terry Gilbert was the winner in 5:23, Argioros Parnos was runner-up in 5:41. Tim Rondot came in third in 5:55.

In the middleweight division, the first three finishers all broke the old record. Duane Trim crossed the line first in 5:06, while Dave Reece came in second in 5:09, followed by Dick Waikel in 5:10, in a race that was close all the way.

Dave Bosselmann captured heavyweight honors, beating Jim Saylas in a good time of 5:26. Dave Smith was third winner in 5:31.

Things to remember! The fall tennis and horseshoe tourney will start soon. Watch the bulletin board in front of the gym office.

Untrodden Gridiron, Spectators Mark Arrival Of Autumn Season

8-17-24-10-7-hiiiiiiip! . . . . Such strange cries as this are not usually audible to the normal ear. But this is football season; the time when 22 well-padded men scramble over the gridiron in pursuit of a small air-inflated pigskin.

Yes, this is the time that eager spectators, blankets in hand, gather to waiting stadiums; that bands are marching and playing in the full glory of tradition; and that the inviting smell of hot popcorn floats across the barren fields and bleachers to tempt cold, impatient spectators.

It is a strange time to those not well-acquainted with it; but even more strange to the unwary onlooker, is the game itself. Football, like Italy or Russia, has a language and a set of customs of its own. And as a result, a visitor is as lost as he would be if he were visiting Rome or Moscow.

But after the initial amazement has worn off, and our newly initiated spectator has settled down to watching the progress of the game itself, innumerable sources of puzzlement present themselves to his curiosity.

Undoubtedly, he will notice a number of people who, though they are not actually partaking in the game, are playing a very important part in its progress.

These are, of course, the officials and coaches. The first of these parties distinguish themselves by their continual following of the players, and in many cases, their throwing of large, red hankies high into the air. Though they seem strange and often ridiculous, their duties are actually much more important than this, for it is their task to interpret and enforce the rules which govern and set the pattern for the seemingly erratic play of the game.

The coaches also are a point of great curiosity on the part of the new watcher. Their impatient instructions and reprimands to players, topped by relentless pacing of the ground in front of the bench adds an unmistakable touch of color to the game.

But this is not all that the coach lends to the game. For it is he who shapes the players into an efficient, smooth-running team. His introduction of new techniques and supervision of practice are, in most cases, responsible for a team's accomplishments of the fine points of the game.

Probably the most perplexing thing to our newly initiated onlooker, however, is the style of play employed in the game and the words used to describe these actions. Such terms as touchdown, safety, clipping, offsides, and a dictionary of others are familiar to accounts of the game and the action taking place in it.

Even though these words do sound strange, they are of great importance to the playing of the game. For instance, the touchdown, which sounds more like an aeronautical term than one of a game, is the object toward which all the players are driving. They are the things which often win or lose a game for a team; that is the possession or lack of them does.

Touchdown is the name applied to the time when a team carries the football over the opposing team's goal line. This is, in most cases, rather difficult to accomplish, since the closer a team gets to doing this, the harder the other tries to prevent it.

In this respect, a watcher notices the resemblance of the game to a small child scooping ice cream out of a box. The deeper he goes, the harder it becomes to get the next scoopful, and the messier his hands get.

Then, too, clipping sounds quite strange in association with football. One not acquainted with the game would quicker associate the word with a person cutting out paper dolls than with a player tackling or hitting an opposing runner from the flank or rear. But in either case a penalty is laid—in the case of football, usually a 15-yard gain for the team offended, and in the other instance, a sharp word if all scraps of paper are not picked up.

Hike, the term used in describing the passing of the ball from the center to the quarterback to start the play, sounds much more like a Boy Scout activity than one essential to the game of football.

Though the first-time gridiron fan does find these to be just a few of the things that puzzle and interest him, there is one thing which he sees and immediately grasps and enjoys. That is the spirit which is ever-present at a football game.

Both in the efforts of the players and in the backing given by the supporters of each team, this spirit is present and evident. It cannot be denied that one of the greatest impressions on a spectator is the feeling that he has as a multitude of hoarse throats cry, "Go, team, go!"

Football Prospect Born To Gernands

John Robert, future gridiron prospect for 1974, was born to Coach and Mrs. Robert Gernand August 14 at 11:49 a.m. John weighed eight pounds and one ounce. Mrs. Gernand was a former Home Economics teacher here at South Side.

The only comment made by Mr. Gernand is that he's "happy with his son as long as he doesn't cry at night."

New Mouth Guards Provide Protection, Delicious Chewing

By Bob Shine

Because of last year's frequent complaint of "Look, Mom, no cavities!" (which was quickly relayed to the coaching staff), this year's squad has been supplied with their own personalized mouth guards.

The guards were fitted at three private dentists' offices last spring so that the moulds would be ready for use at the team's first scrimmage.

Besides doing a fairly good job of protecting the teeth, the mouth guards do a creditable job of stopping chatter in the huddle. However, the quarterbacks did have a small amount of difficulty at first when they tried to call signals. Bob Bolyard overcame his trouble; and Chris Parrott, who can vouch for the mouth guards personally, used hand signals.

The mouth guards do have a few weaknesses. Either they are so delectable that the players can not help but chew on them or they were not built with a strong enough material. At any rate, after two weeks' use many of the mouth guards were beginning to develop cracks and holes; and, by now, most of them are probably nothing more than Nutty Putty.

Designers Gather To Get Acquainted

Designers' Associated Club had its first meeting yesterday in Room 120.

Mr. Thomas Polite, adviser, related that the meeting was devoted to freshmen and other new members to help them get acquainted and learn about the club.

Mr. Polite stated that this year's program will include tours, special films, and outside speakers.

Rifle Club Sponsors

Freshman, sophomore, junior, and senior girls are invited to attend the organization meeting of the Girls' Rifle Club next Thursday at 3:30 p.m. in Room 94.

"All girls interested are welcome to attend," stated Mrs. Mildred Luse and Mr. Hemmer, sponsors.

South Keyed To Battle Shortridge

Archers' Line Weight Surpasses Blue Devils' Senior Starting Lineup

By Dave Schwalm

After closely defeating a tough Shortridge eleven in a spirited grid battle last year, the Archers are keyed to make it two in a row against Shortridge in tomorrow night's contest at 8 p.m. in Shortridge Stadium.

With an all-senior lineup, the Blue Devils will have experience in their favor.

Tall ends John Walker and Lou Williams will prove to be quite a handful for the less-experienced defensive backs of South Side's squad. Blue Devil quarterback John Charleston will call the offensive signals.

At the guard positions Coach George Dale has placed Hershel Mann and Jim Caplin, who both weigh 180 pounds. Also a big threat on the line is 210-pound tackle Phil Dill.

In the backfield, the Devils offer two very fast halfbacks, Jerry McCall and Rex Stark. At the full position is hard-driving Melvin Jeter, 178-pound senior with a great deal of experience. Jeter will be one to watch through the center.

Although the Archer line lacks playing experience, the average line weight surpasses that of Shortridge by almost 30 pounds. However, the Blue has experience in the backfield, an area of Kelly weakness. This weakness might prove costly to the Archer eleven.

The Archers have played Shortridge for eight seasons, and the record stands with the Green on the short end of a 6-2 total. The Blue Devils have outscored South in those eight games, 186-52, blanking the Green's squad in three contests.

The South Side gridders and coaches are optimistic about Friday's game, although it should be a good contest.

Strange Experiences, Uncanny Knowledge Given As Illustrations For Extrasensory Perception

By Joan Rothchild

The existence of a SIXTH sense is a new and different idea. This sixth sense is known as extrasensory perception, sometimes called ESP. Perception is awareness of objects through the senses, or "sensory perception." Therefore, extrasensory perception is awareness of objects through more than the ordinary five senses.

Although the idea of ESP is new, instances of it have been known for many years. For example, in 1759, the following event occurred: The Swedish mystic and scientist, Mr. Emanuel Swendenborg, returned from a trip to England and dined with friends in Goteborg. About 6 p.m. Mr. Swedenborg went out and returned to the company quite pale and alarmed. He said that a dangerous fire had just broken out in Stockholm, on Sodermalm (where his house was), and that it was spreading very fast. He was restless and went out often. He said that the house of one of his friends, whom he named, was already in ashes, and that his own was in danger.

At 8 p.m., after he had been out again, he joyfully exclaimed, "Thank God! The fire is extinguished, three doors from my house."

* * *

ON TUESDAY morning (three days later) the royal courier arrived at the Governor's with the sad news of the fire, of the loss which it had caused, and of the houses it had damaged and ruined, not in the least differing from that which Mr. Swedenborg had given at the very time of the fire, for it was extinguished at 8 p.m.

The example just given illustrates the type of ESP in which a person seems to know what is happening in a place other than the one he is in without known physical means of communication. Other forms of ESP exist. In one form a person believes himself out of his physical body and able to look at it, as if from the point of view of another person.

Here is an example of such an instance: Recently, a clergyman who underwent an operation afterwards reported in detail what had happened while he was clearly anesthetized and unconscious. He accurately described the surgeon's having left the operating room to get another instrument, and the details of the conversations of those in the operating room.

* * *

SOMETIMES THESE "out-of-the-body" experiences, as they are called, occur when several persons simultaneously observe another person whose physical body is actually elsewhere. An example involving three persons occurred in the nineteenth century.

A Mr. Wilmot was crossing the Atlantic from Britain to rejoin his wife in the United States. He shared a cabin with another man. The cabin had a sloping side so that the upper berth was set back from the lower one. One night during a storm, Mr. Wilmot thought he dreamed that his wife came to the cabin, hesitated at the entrance, then entered and kissed him. When he awoke, his cabin-mate reproached him for having a female visitor and then described the appearance of his wife exactly as Mr. Wilmot had seen her in his dream.

* * *

WHEN MR. WILMOT landed and met his wife, to continue the story in his own words, ". . . almost her first question when we were alone was, 'Did you receive a visit from me a week ago Tuesday?' 'A visit from you?' said I. 'We were more than 1,000 miles at sea.' 'I know it,' she replied, 'but it seemed to me that I visited you.' 'It would be impossible,' said I. 'Tell me what makes you think so.' My wife then told me that on account of the severity of the weather and the reported loss of the 'Africa' . . . she had been extremely anxious about me.

"On the night . . . when the storm had just begun to abate, she had lain awake for a long time thinking of me, and about 4 a.m. it seemed to her that she went out to seek me. Crossing the wide and stormy sea, she came at length to a low, black steamship, whose side she went up, and then descending into the cabin, passed through it to the stern until she came to my stateroom.

"'Tell me,' she said, 'do they ever have staterooms like the one I saw where the upper berth extends further back than the under one? A man was in the upper berth looking right at me, and for a moment I was afraid to go in, but soon I went up to the side of your berth, bent down and kissed you and embraced you and then went away'."

* * *

IT SEEMS THAT the conditions of dying sometimes give the dying person heightened powers of extrasensory perception. Occasionally deathbed visions seem to include communications of an abnormal kind.

An elderly woman in this country became seriously ill. When the doctors said that she did not have long to live, the family gathered around her bed. Suddenly she seemed much more alert and the expression on her face changed to one of great pleasure and excitement. She raised herself slightly and said: "Oh, Will, are you there?"—and fell back dead.

Of the many members of the family who were present, no one was named Will. After her death, the family questioned who Will might be and found that the only Will in the family was a great-uncle who lived in England. Not long after the grandmother's death, word was received from England that her brother Will had died about two days before her death.

* * *

MANY SCIENTISTS believe that communication through ESP has great value. Westinghouse Eletric Corporation scientists are seriously studying the possibility of harnessing mental telepathy and other forms of extrasensory perception for long-distance communications systems. The outlook for such a prospect is very promising although a lot more work must be done before anything practical can be found.

Scientists are just at the beginning of their study of extrasensory perception. They don't know as of now just what it really is. The one fact that they have solidly established, however, is that extrasensory perception is a real thing.

Janet Lawry Second In Beauty Contest For 'Queen O' Lakes'

Janet Lawry

Have you ever entered a beauty contest? Janet Lawry advises all those interested in entering one, to do so. "It's a wonderful experience and much fun," she claims.

On June 27, in North Webster, Ind., Janet placed second in the "Queen O' Lakes" contest. Myra Hatter, 19, last year's winner, and Bobbi Ray Charm school model, advised her to enter.

To qualify, Janet had to be unmarried, between 16-26, sponsored by an organization, and owner of a title. Janet's sponsor was the Jaycees, and her manager, Dick Smithers.

* * *

JANET, DRESSED in a white floor length gown with pink flowers, was one of 58 entries. The contestants were judged by Don Piott of Los Angeles, Mr. and Mrs. James Pastor of Wyandotte, Mr. and Mrs. Jack Nelson of Indianapolis. The entries were judged on 10 points: beauty of hair, face, eyes, neck and shoulders, bust, waist, ankles and feet, poise, carries, and personality.

On the Saturday before the contest, the entries and their escorts went to the Mermaid's Ball at Tippecanoe Gardens and received their ribbons.

* * *

THEN THE BIG day of the contest was here! First was the parade in which Janet rode in a 1959 Ford Skyliner convertible. Then came the preliminary judging and dinner at the hotel. Homer Shoops Tennis Lodge on Lake Wawasee for pictures was the next stop, and then North Webster for the finals. The 10 finalists were judged, and the queen and her six princesses were chosen.

In the finals, Janet, along with the others, was asked two questions. Janet's first question was, "Why do you think the Mermaid Festival was important to the entries?" Janet seemed to have trouble with that one, but the next was easy to answer. "What qualities would you look for in the man you marry?"

Students Receive

(Continued from Page 1)

Award, Ann Plogsterth; Junior English Scholarship Award, Pegeen Horth; National Poetry Anthology, Kenneth Howe, John Lehman, Richard Spencer, Carol Szink; Meterite Club Award, fall term, Sylvia Ehrman; spring term, Margie Mercer.

* * *

36 WORKSHOP high point winners were, freshman, Alice Bailey; sophomore, Nancy Swain; and junior, Marge Bauer.

In the Mathematics Department recognition was given to Barton Bailey, Algebra 1; Lyall Morrel, Algebra Special; Dick Rothberg and Bob King, Algebra 3; Bill Stellhorn, solid geometry; Frank Lude, trigonometry.

Library recognition was given to Iva Dell Anspach, Karen Brumm, Barbara Collier, Phyllis Cozmas, Barbara Hamilton, Cindy Hart, Cheryl Habecker, Judith Estlick, Marjorie Havens, Pat LaLone, Kathi Lee, Sally McDonald, Sandra Parrott, Sharon Possell, Marcia Rolf, Sue Seibel, and Posy Weilemann.

* * *

SERVICE CLUB awards were: First pin, Merle Baldwin, Alberta Bonnell, Joyce Brittenham, Sally Burton, Judy Cramer, Barbara Dennis, Carolyn DeVore, Carole Fischer, Cindy Hart, Sandra Landree, Carol Oxenrider, Martha Reiff, Judy Robinson, Helen Robinson, Carol Salaka, Susan Seibel, Susan Slick, and Joan Stanton; second pin, Judy Conrad, Julie Dedman, Sylvia Ehrman, Linda Niblick and Katie Rastetter, Susan VanFossen received her third pin.

Other recognition was given to Janet Lawry and Barbara Wallace, cheerleading; Terry Berk, John Biteman, Bob Bolyard, James Dawson, Nick Demetre, Tom Duff, Bob Duncan, Gary Gardner, Bing Gilardi, Ken Howe, Carl Johnson, Bob King, Bill Lentz, Dick McGaw, Steve Meyers, Bob Shine, John Somers, Bill Spindler, Dick Tipton, Dan Tritch, Fred Von Gunten, and Ted VonGunten, athletic awards.

New Teachers Get Advisers

In order to orientate the new teachers, present members of the faculty have been asked to serve as advisers to them. The new teachers will go to the heads of the departments, or to the principal if there is no head of the department, for consultation concerning departmental matters, but they will consult the present members of the faculty assigned to them for matters concerning the routine of the school day.

The following is a list of the seventeen new teachers, and the names of present members of the faculty who are asked to serve as advisers to them: Mr. Robert Baker, Mr. Clarence Murray; Mr. Preston Brown, Miss Edith Crowe; Mr. David Cowdrey, Mr. Jack Morey; Mrs. Lois Murphy, Miss Pearl Rehorst; Miss Mary Smith, Miss Rehorst; Miss Edna Shideler, Miss Rehorst; Mr. Malcolm McQuillan, Mr. W. C. Wilson; Mr. Richard Block, Mr. Edward Weicker; Mr. Robert White, Mr. Richard Bussard; Mr. Richard Shellenberger, Mr. William Applegate; Mr. Richard Ober, Mr. Robert Weber; Mrs. Agnes Sosenheimer, Mrs. Evlyn Spray; Mr. Virgil Graber, Mr. Charles Billiard; Mr. George Scott, Mr. Marvey Knigge; Mr. James Rohrabaugh, Mr. George Collyer; Mrs. Karen Frankenstein, Mr. Ernest Walker; Mrs. Madge Schone, Mrs. Alice Keegan.

New Books

(Continued from Page 1)

A Man Escaped, by Andre Devigne, is the story of a French underground resistance leader who made an impossible escape from a condemned cell drop in the fortress of Lyons, even though the cell was heavily guarded by the Gestapo.

The First Book of World War I, by Louis L. Smyder, is the exciting and terrible story of "the war to end wars" and the peace that followed it. This book has many illustrative photographs.

On the Art of Drawing will interest many art students. This book, by Robert Farveetties, proposed to take the mystery out of drawing.

Rockets, Missiles, and Satellites, by Dr. Homer E. Nerwell, Jr., is a capsule view of the history, development, and use of all the rockets and missiles in service today. Working principles and technical terms are explained.

Horsefeathers and Other Curious Words is both an educating and amusing book. Written by Charles Funk Litt, Sr., and Charles Funk, Jr., this book discusses the origin of over 600 things which have odd names like hushpuppy and earwig, an insect.

Inside Russia Today explores the new Russia. Noted reporter John Gunther is author and expertly gives a vivid picture of what Soviet Russia is really like.

Rites For Mr. Hull Held Sept. 1; Sympathy Extended To Family

South Side's faculty and student body suffered a loss when Mr. Louie R. Hull, veteran high school physics teachers, died at 7:45 p.m. on August 29. He had been a patient at the Lutheran Hospital for 12 days.

A native of Warick County, Mr. Hull lived in Fort Wayne for 40 years. He came here from a teaching post at Kendallville High School in 1919. While residing in Fort Wayne, he taught at Central High School until 1922, then moved to South Side. He retired from South Side in 1951, but was called back in the fall of 1958 to teach physics.

Mr. Hull was a member of the Wayne Street Methodist Church, the Indiana Teachers' Association, the Retired Teachers' Association, and the Fort Wayne Academy of Science.

The friends Mr. Hull made at South Side join together in extending their deepest sympathy to his family.

Mr. Louie Hull

Anne Sherbondy, '59 Wins Scholarship; Attends State Park

Miss Anne Sherbondy, a member of last year's graduating class, earned the distinction of being one of 85 youths to attend Greenleaf Lake State Park in Oklahoma this summer. She received the scholarship from the Local Musicians Union.

Anne, who plays cello, met many famous musicians at the camp. Among them were Theodore Saltsman, principal cellist of the Philadelphia Symphony Orchestra, and Dr. Roy Haris of Indiana University.

At the end of each month of practice the string orchestras gave concerts in and around Tulsa and Muskogee, Oklahoma. Although practice each day was a must, the students were still able to enjoy the beautiful park and its surroundings. They also visited one of the beautiful resorts while at the camp.

Although Anne will be studying music education at Indiana University this fall, she feels that meeting other youth this summer was just as inspiring as her music development.

JRC To Meet Wednesday

The Junior Red Cross Club will have its first meeting Wednesday at 3:30 p.m. in Room 12. The officers will explain the club and its functions.

Senior Sue Sappenfield Prexy Of 1500 Club

Sue Sappenfield, senior, was elected president of the 1500 Club last Friday when the members met in the Times room. Other officers are as follows: Vice-president, Katie Rastetter; secretary, Joan Stanton; and treasurer, Bessie Ferguson.

To be a member of the 1500 Club, a student must acquire 1500 points by working either on the Times or Totem.

The South Side Times

Vol. XXXVIII—No. 3 South Side High School, Fort Wayne, Indiana, Thursday, September 24, 1959 Price Ten Cents

Times Campaign Continues; 2,000 Subscriptions Sold

PAPER, MISTER—Hawking their newspapers out in the north hall are Times bookheads Diane Frederick, Janet Terry, Sue Springer, Ann Golden, and Edee White, left to right. Anybody wanna buy a Times?—Photo by Thompson

"Our circulation campaign has been going along fine," stated Janet Terry, circulation manager. "Over 2,000 subscriptions have been sold, and we are striving for a goal by Friday—that all agents with less than 10 subscriptions left to sell will have 100 per cent."

Students have until October 9 to buy The Times.

All 100 per cent rooms will receive candy bars as soon as everyone in the homeroom is paid in full. Agents may also sell outside subscriptions which ure $1.50 per year for alumni and $2 for all other outsiders.

The following is a list of the homeroom agents and total subscriptions which remain to be sold in the homeroom.

PTA Announces Year's Activities

At the September 15 meeting of the PTA officers, the program for the coming year was decided upon. It is as follows:

October 5—Back to School Night, 7:30 p.m. "Looking in on South Side." (New cafeteria.)

November 2—Freshman Mothers' Tea, 2:15 p.m. Mrs. Charles Arnold, hospitality chairman.

November 3—Sophomore Mothers' Tea, 2:15 p.m. Mrs. Lester Grile, hospitality chairman.

November 4—Junior Mothers' Tea, 2:15 p.m. Mrs. John Morell, hospitality chairman.

November 5—Senior Mothers' Tea, 2:15 p.m. Mrs. James Favorite, hospitality chairman.

November 17—Annual Chili Supper, 5:30-7 p.m. Mrs. Lowell Redding, chairman. (New cafeteria.)

January 11—Courses and Activities Offered at South Side, 8 p.m. 8B and 8A Parents; Mr. R. Nelson Snider, chairman.
SCHOOL PROBLEMS PROGRAM (For all South Side parents and Teachers.) Mr. Ronald Gersmehl, Mr. and Mrs. Sam Hunt, Mr. and Mrs. Lawrence Dill, co-chairmen.

February 2—7:45 p.m. (Topic to be announced later.)

February 9—7:45 p.m. (Topic to be announced later.)

February 16—7:45 p.m. (Topic to be announced later.)

March 8—Dad's Night, 7:45 p.m. Open Forum Discussion and Election of PTA Officers.

May 3—Fashion Show and Exhibit by Art, Home Economics, and Industrial Arts Department, 2:15 p.m. Installation of PTA Officers.

The officers for this year are Mrs. Frances Hoffman, president; Mrs. Jack H. Terry, vice-president; Mr. Raymond Quance, second vice-president; Mrs. Charles Springer, secretary; and Mrs. Dean R. Lockwood, treasurer.

Boy's Rifle Club To Meet Mondays

What do you know about .22 caliber rifles? Do you know that you can improve your marksmanship right here within the walls of South Side High School by joining Boys' Rifle Club? They meet every Monday night at 3:30 p.m. in the basement.

The school owns and operates a 50-foot range. There is a 25-cent fee for each member, plus the cost of ammunition used.

The following slate of officers has been elected: President, Dave Welch; vice-president, Dale Smith; secretary-treasurer, Bill Batchelder; assistant, David Lain; and Mr. Berg, sponsor. Why not contact one of the above and join the Rifle Club?

Math Section Club To Organize Today

For students interested in mathematics as a hobby, the first meeting of the math section will be today at 3:30 p.m. in Room 36.

The club provides study into the fields of mathematics that regular classes do not cover, and projects which are worked on outside the meetings. Mr. Don Weaver is the sponsor.

Know-Your-City Welcomes Members

"Any student with a genuine interest in history and the background of Fort Wayne is cordially invited to join the Know-Your-City Club," stated Mr. Jack Weicker, sponsor. Mr. Richard Block, a new member of the Social Studies Department, will also assist with the club this year.

The September 29 meeting at 3:30 p.m. in Room 110 will feature an introduction of this semester's officers and a discussion of the program for the weeks ahead. Refreshments are to be served.

Club officers for this semester are Don Walters, president; Lee Jackson, vice-president; Ann Wilson, secretary, and Nancy Baltes, treasurer.

Robert Johnson Joins Faculty Of Saint Francis

Mr. Robert R. Johnson, former art teacher at South Side, has been appointed to the faculty of St. Francis College.

Mr. Johnson, who taught here during 1958, is a graduate of Central Catholic High School and Indiana University. After teaching the past year at Miami Norland High School, Miami, Fla., he returned to teach at St. Francis. He is married and has three children.

Upperclassmen, Parents Invited To College Night

Juniors, seniors, and their parents have been invited to College Night, October 6, at 7:30 p.m., by New Haven High School.

The purpose of College Night is to help acquaint high school juniors and seniors with several colleges in the tri-state area. To help these students in their planning, 40 college representatives have been invited to give information concerning their particular schools.

Mr. Davis Earns M.S.

Mr. R. Davis, chemistry teacher, received his Master's Degree at Indiana University this summer.

Club Officers To Convene October 1

All club officers and advisers have been invited by Miss Pauline Van Gorder, dean, to attend a workshop at 3:30 in the Greeley Room on Thursday, October 1. Two years ago there was a similar meeting which was evaluated by the students themselves as very successful.

The workshop was scheduled for three major purposes: to bring about more effective leadership in all clubs, to discuss mutual club problems, and to promote a closer unity among clubs.

The meeting is expected to last about one hour and will begin with the serving of refreshments. After an introduction of the clubs and their officers, Mr. R. Nelson Snider, principal, will speak briefly on the purposes and importance of extra-curricular activities.

Following Mr. Snider's talk the assembly will be divided into three smaller groups for separate round-table discussions. All presidents and vice-presidents will meet with Miss Lucy Osborne, English teacher; secretaries with Mrs. Evlyn Spray, Philo sponsors; and treasurers with Miss Mabel Fortney, math teacher.

Finally, each officer will be given a portfolio containing material applying directly to his or her own office.

Hi-Y Club To Give Worthwhile Service

The purpose and function of the Hi-Y Club was explained to the new members attending the opening meeting Monday night in the Assembly Room of the YMCA.

The remainder of the business meeting consisted of the appointment of various committees and committee-heads. Heading the Hi-Y directory committee are Bryon White and Steve Bash. Induction committee heads will be announced next week.

"This year as always, Hi-Y will represent itself with a special service project," said Terry Berk, club president. "Any suggestions as to a worthy or needy service project will be greatly appreciated both from the members and the students at South."

The entertainment program consisted of a free jazz concert by the Silhouettes.

Any junior or senior boy wishing to become a member of the club will be welcome at the next meeting Monday, September 28.

97 Kellys Accepted For Driver Training

"Out of 110 Archer applicants, 97 were accepted for driver's training classes," stated Mr. Glen Stebing, driving instructor. There will be five classes; four classes consisting of 20 students each, and one of 16 students.

"The non-credit course will meet every day. We will go out and drive at least once a week," said Mr. Stebing. The purpose of the inside classes is to teach the student more about the basic fundamentals of driving, good driving habits, and the different parts of the car.

The fee for the course is $5.00 and the age limit is 16. However, students 15 can be accepted if they have a special permit.

Boys taking the course planning to get an insurance exemption have to have a minimum of thirty class hours, and six hours of actual driving experience.

1954 Totem Editor Dies In Plane Crash

Mike Brutton, editor of the 1954 Totem, was killed when a private airplane in which he was riding crashed 15 miles north of Scobey, Mont., on September 7. The plane, a Cessna 182, struck power lines and burst into flames in an attempt to land.

Mike was stationed at Glasgow, Mont., Air Force Base where he was a radar observer.

Mike was a member of the South Wayne Baptist Church, the Order of Chevalier, the Elks Lodge, a past counsellor of the Order of the DeMolay, and was a graduate of Indiana University.

He was the editor of the Arbutus, the Indiana University yearbook.

School Doctor To Be At South Second Period

Dr. Elmer Singer, school doctor, will be in Miss Van Gorder's office second period each day, according to Miss Pauline Van Gorder, Dean of Girls.

Students who feel too ill to attend classes may either obtain a pass from their teacher, or go to Miss Van Gorder's office between periods. Students are not, under any circumstances, to leave school between classes without the express consent of Miss Van Gorder or Dr. Singer.

Seniors To Fill Out Cards For Caps, Gowns, Diplomas

Cards to be filled out for the senior caps, gowns, and diplomas were in the senior homeroom teachers' boxes this morning. Special instructions will be given for each group of cards to the individual classes.

36 Workshop Replaced By Committee; New Drama Club To Organize Today

Eleven Kelly Students Named To Organize South Side Assemblies

Thirty-Six Workshop, in its present form, has been disbanded, and a new plan for presenting school programs is being put into effect.

Under this new system a steering committee, composed of the present cabinet members of 36 Workshop will direct the work on the Talent Show and the Thanksgiving, Christmas, and Easter assemblies.

This steering committee, under the leadership of Miss Lucy Osborne, former sponsor of 36 Workshop, will choose workers to serve on other committees such as planning, script writing, stage setting, and presentation.

Serving on the original steering committee will be Bessie Ferguson, Beth Golden, Marge Bauer, Sally Capps, Lynn Goldman, Penny Hunt, Kate Rastetter, Pam Olson, Karen Simmons, Larry Chen, and Beth Curley.

For further details concerning participation in this program students may consult the bulletin board and future issues of the Times.

Mr. William Applegate

Drama Club Members To Appoint Committees, Organize Fall Program

Drama study and play presentation will be the chief activities of the newly formed dramatics club at South Side, sponsored by William Applegate, English teacher and a participant for many years in amateur dramatics.

This will be the first school organization devoted entirely to dramatics since the retirement of Miss Margery Suter, a former member of the faculty, in 1951.

All students having a sincere interest in dramatics and a desire to work in plays may attend the club's first meeting at 3:30 p.m. today in the Greeley Room.

Today's meeting will be primarily organizational in nature and will include an election of officers and appointment of committees to plan a program for the fall, chose a name for the club, and write a constitution.

* * *

THE CLUB will utilize the meeting time formerly used by 36 Workshop with meetings every other Thursday in the Greeley Room, and cabinet meetings on the alternate Thursdays in Room 10.

"I think that if the group so desires, and with the approval of Mr. R. N. Snider, principal, and the members' parents, it could be possible to make excursions in a group to our own Civic Theatre to see current productions, and possibly eventually to go to Chicago or New York," stated Mr. Applegate.

A more immediate objective of the club will be to present plays in the cafeteria in the style of "theatre-in-the-round."

* * *

MR. APPLEGATE'S qualifications for the job of sponsor date back to his high school days when he was active in a high school dramatics club. While attending the University of Michigan he was active in play production there. He also played in the Lafayette Little Theatre.

During the past eight years in Fort Wayne, he has appeared in 30 productions of the Civic Theatre, Festival Music Theatre, and Children's Theatre.

In addition, to keep abreast of current stage productions, he regularly travels to Chicago, New York, and even to Europe.

325 Upperclassmen To Get Aptitude Test

Preliminary Scholastic Aptitude Tests will be given October 24 to South Side juniors and seniors who wish to test their readiness for college.

Costing $1, the PSAT replaces a similar examination given in previous years for $7.

Mr. R. Nelson Snider announced that 325 juniors and seniors have signed up and paid to take the test. The PSAT, while good experience for juniors, will make seniors eligible for consideration for over 1,600 scholarships, including ones to all Indiana colleges and universities.

Safety Council To Hold First Meeting

Homeroom and club representatives are to attend the first of the regularly scheduled Safety Council meetings today at 3:30 p.m. in Room 182. Members for a poster program, accident reporting committee, and bicycle committee will be chosen.

Officers of the Safety Council met to discuss activities and projects for the coming year. The officers are Sue Hoard, president; Sharon Gebhart, vice-president; and Bev Liggett, secretary. The sponsors are Miss Virginia Ayers and Mr. Glen Stebing.

Suggestions pertaining to safety may be submitted to the council by anyone, regardless of whether they are members of the Safety Council or not.

Machine Dispenses Paper To Students

Students who wish to procure a package of notebook paper will find a vending machine conveniently located in the general office of South Side High School.

The cost of such paper is 25 cents per package. Each sheet contains five holes, and can be used in two or three-ringed notebooks. The paper measures eight-and-a-half by eleven inches, and there are 61 sheets in a pack.

All profits from these sales will be put in the general fund for school maintenance.

Elektra Club Displays City High School Stunts

The Elektra Club will be activated again this school year. The first program will appear Sunday, October 11, from 5:30 to 6 p.m. over WANE-TV, which is one hour earlier than last year. Phil Wilson will be the announcer.

Elektra will offer opportunity to students from Central Catholic, Concordia, Elmhurst, North Side, Central, and South Side high schools who have talent in singing, musical instruments, etc. The program will also present outstanding students in panel discussions on various topical subjects under the direction of Cliff Milnor.

Special programs are being planned for Christmas and Easter. Ken Seeman, director for the Elektra Club, is asking all interested students to contact the principal's office.

Thursday, September 24
36 Workshop, Room 112, 3:30 p.m.

Wednesday, September 30
Vesta Club, Room 112, 3:30 p.m.
Designers Associated, Room 44, 3:30 p.m.
Times Agents, Study Hall, 3:30 p.m.

Parents To Attend Annual Open House

"Open House is to familiarize parents with their children's subjects and teachers, but time will not permit a parent-teacher discussion of each child's problems," stated Mr. R. Nelson Snider, principal.

On October 5 at 7:30 p.m., parents will follow their child's schedule, going to their homeroom first. The periods will be 10 minutes long.

Wrangler Officers Exhibit Drama Skill

"I think of the fun, the excitement, the thrills which can come to anyone who takes an active part in our club, Wranglers," concluded Mr. Robert Storey, adviser, at the officers' talent show, September 14.

Mr. Storey narrated three scenes: an officers' meeting, a speech meet, and a play. These revealed three different phases of work in Wranglers.

While Geri Geller, president, presided at the officers' meeting, Joyce Brittenham portrayed a janitor who was shot because of his remark, "Hey, Stupid, I told you I didn't like Wranglers!" Those in disagreement with her were the other officers, Jo-Ann High, Janet Terry, Barb Eggeman, Sue Blaising, and Diane Beams.

The second scene involved JoAnn High playing an over-confident contestant; Sue Blaising, a nervous one; and Diane Beams, a stutterer, at a speech meet. Joyce Brittenham and Geri Geller judged these contestants.

Geri and Joyce also enacted the major roles in the third scene, a play. Barb Eggeman was the director while Janet Terry impersonated a cleaning woman.

Principal, Deans To Serve Food At Faculty Picnic, September 30

Faculty members and their spouses, retired and former teachers, are invited to the faculty picnic to be next Tuesday at 6:30 p.m. in the cafeteria. Reservations must be made in the office before 8 a.m., September 28.

Each teacher sponsor has been requested to join the new teacher assigned to him upon arrival and to stay with him in order that he may meet as many people as possible.

The guests are Miss Covalt, Mr. Sidell, and Mr. Wilson. Transportation for retired teachers will be furnished by Miss VanGorder and Miss Fortney.

General arrangements for the picnic will be handled by Mr. Earl Sterner, Mrs. Mildred Luse, Miss Pearl Rehorst, and Mr. Don Reichert.

Those assisting on the program committee are Mr. Ernest Walker, Mr. Raymond Quance, Mr. Ronald Gersmehl, Miss Virginia Ayers, Miss Helen Pohlmeyer, and Miss Ann Arber.

The table decorations committee is made up of Mrs. Ruth Fleck, Mr. Leon Smith, Miss Edith Reiff, Miss Willodeen Price, Mr. Clarence Murray, and Mr. Dorsa Yoder.

Those who will arrange tables for seating and silverware and napkins are Mr. LaVerne Harader, Mr. Jack Morey, Mr. Robert Storey, Mr. David Cramer, Mrs. Grace Welty, and Miss Olive Perkins.

Mr. A. T. Lindley, Mr. R. Nelson Snider, Mr. Ora Davis, Miss Pauline VanGorder, Mr. Charles Billiard, Mr. Paul Sidell, and Mr. W. Wilson will serve the food from behind the counter.

The coffee and dessert committee will be comprised of Mr. Edward Scott, Mrs. Alice Keegan, Mr. Richard Bussard, and Mr. Ernest Walker.

Senior Pictures Due October 15; Totem Campaign Plans Started

"Although senior pictures can be taken throughout the entire month of October, it will be easier for both the Totem staff and Clippinger's Studios if they are taken before October 15, so that the proofs may be returned by October 31," Kate Rastetter, Totem editor, has announced.

She also said that seniors who have not made appointments to get their pictures taken should contact Clippinger's.

Seniors must pay $1.50 by October 28 if they wish to have their pictures printed in the Totem.

* * *

CIRCULATION plans are now underway for the Totem campaign, which begins October 12 and terminates on October 23. The total cost of the Totem, $3, is to be paid in full by December 11 if student want their names on the cover; however, Totems will be sold throughout the year.

Announcement has also been made of the Totem staff for this year. The staff includes associate editor, Penny Hunt; senior class editor, Sunny Kaade; junior class editor, Sandy Landree; sophomore class editor, Bessie Ferguson; faculty editor, Barb Frederick; music editor, Joyce Brittenham; girls' sports editor, Sandy Grodrian; boys' sports editors, Sam DeHaven and Bob King; Intramural editor, Wendell Rose.

Also announced were events editors, Sharon Probst and Marian McCallister; club editors, Janet Lawry and Susan Menze; feature editor, Dick Rothberg; art and publicity editors, Marylyn Bugg and Barb Wallace; circulation managers, Geri Geller and Carol Miller.

Copy editors are Sue Sappenfield, Pegeen Horth, and Wendell Eicher; office managers, Barb Eggeman, Anna Mae Chen, Carol Szink, Linda Tomson, Linda Niblick, Margo Dixon, Lois Levine, and Judy Robinson; photographers, Sam DeHaven and Mike Seaman.

New Biology Club To Elect Officers

Biology Club members will elect officers at today's meeting at 3:30 p.m. in Room 91. The meeting will also feature a demonstration on radioactive detection and use by Mr. Nicholas Pipino, the club's sponsor.

Members of the new club are Janet Dinius, Dave Moody, Larry Hasby, John McNett, Ralf Enhardt, and Jim Bailey. Any person who has had biology or is taking biology who would like to do more than class work is invited to attend.

Culver Military Academy's Summer Schedule Offers Activities, Studies For Seven Archers

"Give a boy a horse he can ride,
Give a boy a boat he can sail,
And his rank and wealth,
His strength and health,
On sea nor shore shall fail!"

This is a verse extremely appropriate and applicable to the Culver Military Academy on Lake Maxinkuckee, Culver, Ind. Culver was one of the first academies to develope organized summer vacations for boys. Eight South Siders took full advantage of this feature during the summer. Dick Hirschberg, Larry Levy, Dean Rice, Karl Schlodeman, Dick Waterfield, Steve Dannenfelser, and Steve Weiss were enrolled this summer in the Culver Summer Naval School for midshipmen 14 to 18 years of age. Mike Levy and Tom Wooding were enrolled in the Culver Woodcraft Camp for boys 9½ to 14.

The aims of underlying philosophy of the Culver plan for a boy's summer is lots of wholesome fun, but accompanied by worthwhile, stimulating studies, which stir his ambition, give him confidence, strengthen his character, and improve his physique. Each boy's individual needs are of the utmost importance whether they be posture correction, better study habits, or getting along better with other boys.

* * *

MOST OF the boys felt they were benefitted by the straightening up, the poise, the disciplining, and added alertness that come from a bit of military training. It develops teamwork, courtesy, and a pride in being neat and smart in personal appearance. The actual drills are brief and varied enough to insure precision and smartness. Results are obtained for the most part by stimulating the boy's pride in his own organization at Culver. The opportunities for the boy to become an officer or to participate in numerous other forms of school administration prepare him for leadership.

Dean Rice commented that discipline was rigid; therefore, teachers had little or no trouble with their students. "Also at Culver, a defenite advantage was that you saved teeth . . . there weren't likely to be so many punches in the nose or rough-necking," stated Dean.

Larry Levy added, "After all, the basis of discipline at Culver is founded on the fact that you work for your rank. If you do happen to disobey rules or commit a so-called 'crime,'

(Continued on Page 3)

BON VOYAGE—Just back from Culver Military Academy, these five stalwart lads are getting ready to set sail on the St. Mary's River. Launching their ship are Karl Schlademan, Mike Levy, Larry Levy, Steve Weiss, and Dick Hirschberg, left to right.—Photo by Thompson

Two Kellys Join Presbyterians For Extensive Southwest Tour

WHERE'S THE ROUTE—Gretchen Meister, left, and Susi Scott try to figure out how they returned home from Texas, one of the states the girls visited on a church-sponsored trip through the southwestern United States.—Photo by Thompson

This past summer, Gretchen Meister and Susie Scott, Junior II girls, joined 38 other teenagers on a tour of the Southwest. The states they visited included Kentucky, Missouri, Oklahoma, Texas, New Mexico, and Kansas. The purpose of the trip was to further understand the National Missions and the work of the Presbyterian Church.

The girls visited the School of the Ozarks in Point Lookout, Mo.; Presbyterian Theological Seminary in Louisville, Ky.; Seminole Indian Parish, Seminole, Okla.; Menaue School, Albuquerque, N. M.; Paton, Tex.; Ghost Ranch, Abiqui, N. M.; the cowboy capital of the world, Dodge City, Kan.; Blackburn College, Carlinville, Ill.; and Emporia College, Emporia, Kan.

Everyone participating in the tour was from Indiana. Ray Boden of the First Presbyterian Church of Indianapolis was head of the tour.

\# \# \#

GRETCHEN LISTED the following qualifications which each member of the tour had to fulfill: (1) Anyone interested in his church, 15 years old, and in his last two years of high school; (2) Has attended a Presbyterian camp or conference prior to this type; (3) Participates regularly in Sunday School and local church Youth Fellowship; (4) Shows co-operation in his church; (5) Is recommended by his parents and session for the tour; (6) Will be willing to share what is learned on the tour when he returns; and (7) Meets other requirements set up by his local church.

Susie and Gretchen recommend the tour to others if they get the chance to attend. They said, "Definitely, we both heartily recommend it to anyone sincerely interested in the work of the Presbyterian Church. It is a terrific experience!"

The Pueblo Indian Village outside of Albuquerque, N. M., was their favorite place. Gretchen said, "It was so typical of the Southwest as we have heard of it through our history books. The adobe brick houses, the tiny Indian children, and the quaint, old pottery shop increased our enjoyment of the place."

Study groups of an hour each were conducted on the bus. They stayed in the churches, missions, and colleges that they visited.

\# \# \#

A VERY AMUSING thing happened while Susie and Gretchen were on the tour. As Gretchen explained, "Susie and I had just visited the book store in Dodge City, Kan., and both had excellent books which we wanted to read very badly. But it was "lights out" at 11 o'clock. Susie and I enclosed ourselves in our sleeping bags upside down and zipped them up! Using our flashlights, we proceeded to read our books. As you can well imagine, this didn't make a big hit! We read all night and in the morning our counselor had to tap up both on the shoulder and announced that we would now eat breakfast!"

Gretchen and Susie said that if they had the chance to go on a tour again, they would probably choose to go to the Northeast.

Sue Sappenfield, Senior B, Visits England, France, Spain, Italy, Austria, Switzerland, And Germany

On June 26, the ship "Ivernia" left the harbor of Montreal, Quebec. Where was the ship going? It was bound for Europe and aboard were 40 girls. Three of these girls were from the United States and the rest were from Canada. Among these three girls from the United States was a representative of South Side. It was Senior B, Sue Sappenfield.

After one week of sailing, Sue was in England where she stayed about a week seeing all the famous London sights. She and the other girls boarded a Mercedes Benz motor bus which they nicknamed Murtle Mercedes Meandering Motor Machine. After crossing the English Channel, this motor bus was to provide their transportation while touring Europe. Murtle faithfully took Sue and the others to France, Spain, Italy, Austria, Switzerland, and Germany. They also passed through a corner of Belgium and Luxembourg getting to their main destinations.

\# \# \#

"THE PEOPLE," said Sue, "were very friendly to our group. They were almost always willing to do anything for us, especially the Italians."

When asked what the teenagers in Europe were like and how they dressed, Sue replied, "It seemed to me that there was very little difference between the teens of Europe and the teens of the United States. However, the Europeans love rock and roll. While on tour, we heard 'Tom Dooley' in Italian and German. Surprisingly they knew many of our popular records.

"Concerning their dress, the boys are frequently seen in shorts, but this is not at all acceptable for girls. Both boys' and girls' tastes seem to be in more conservative clothes.

"As for language," explained Sue, "I had one year of French and that helped a great deal. It seemed that some of the people in Spain and some of the other countries knew a little French. I picked up enough Italian, Spanish, and German to get by. Some of the other girls on the tour knew these languages and they helped me to learn them."

\# \# \#

WHEN SUE was in Cochren, Germ private homes. The owner of the home where she stayed at had been sent to Siberia by the Russians where he stayed five years. Two other years two of his friends were imprisoned with him. During this time he saw or heard nothing of his wife or two sons.

In answer to the question, did the people have as many modern conveniences as we have and how does their weather compare with ours, Sue replied, "They had many more conveniences than I expected. We had running water in all our hotels. We also had telephones in the rooms many times, although they didn't always work. There are many cars. They are mostly all small ones except for what the Americans brought over for touring.

"As for the weather, there was very little difference. Southern France, Spain, and Italy were extremely warm, but Austria, Switzerland, and Germany were just perfect.

"The food was terrific, especially the ice cream!" Sue exclaimed. "I have heard that the Spanish ice cream, which was about the best, is made from goat's milk. The French pastries were good, but sometimes they looked better than they tasted.

"My favorite dish was a Spanish one. It was basically rice with all kinds of sea foods."

\# \# \#

SUE SAID one of the thrilling things was the bargaining in Italy. They put their prices very high and the customer tries to bargain them down. They think you're a fool if you don't try to bargain.

While in Paris, Sue went to the Lido and Moulin Rouge. Another just as exciting but not as well-known place in Paris where she went was L'Abbaye. Two American G.I. buddies started it after the war. It is no more than a hole in the wall and only holds 30 people, but about 100 pack in there every evening. In applauding, you snap your fingers as it's too crowded to clap. Gordon Heath and Lee Payant, the owners, sing folk songs in a different individual manner.

"It is too hard to choose my most favorite country or city as I loved something about all of them," said Sue. "The trip was really very wonderful!"

There are probably many of us that envy Sue for her experience, but we can be almost certain Sue would agree with us when we say, "There is no place like home."

Welcome back, Sue!

The Chatterbox

By Julie Carr and Kathie Sosinski

First in 10! Do it again! Our Archermen were beaming proudly as they ran off the football field the night of our first game. The first time in 10 years that our gridmen had won the opening game!! Well, gang, tomorrow night is our first home game—let's show our mighty men the support we Archers can give to them so they can give us another VICTORY!!!

If you underclassmen have seen the seniors walking around with a bewildered look and a "What's going on 'dere?" expression on their scholarly (?) faces, don't panic! It's just a normal reaction after a few days in chemistry class. (Please note, Mr. Davis!)

Is it true that Larry Platz had a date with a girl from HOLLYWOOD?

To believe or not to believe? That is the question! That's the situation freshman Mary Arnold was in when she asked a teacher for some directions. It seems Mary thought the teacher was trying to kid her—but she finally pulled through!

Have you heard our Fort Wayne Continentals' new record, "Dance With a Dolly With a Hole in Her Stocking"? What do you think?

HOLD IT EVERYBODY!!! Time out for everyone to look at their feet—please check to see if you have a size 12 gym shoe. If you do, please send it C.O.D. to Fred Musser, care of his homeroom. Poor Fred lost one at a church retreat last week. Don't worry, Fred, we'll find it for you!

Have you noticed how the tans have started to fade? Just think—all those long, hot hours wasted!

Ladies prefer blonds—or so thought Steve Spaw, who decided to see for himself. Steve madly mixed the secret ingredients together, then lathered it on his head. Ah! The final moment—the last rinse! Looking into the mirror, Steve saw his left side was a perfect color of bright blond. But wait a minute! Oh no—not red—not blond—not brown—but black! Don't feel too bad, Steve. People won't stare too long!

Hey there, Mac Wirick !Why the sunglasses?

"Happy birthday to Moon!" "Happy birthday to Moon!" Watch out pedestrians! Marilyn Taylor is now 16! Just to prove it ask Lesley Malone, Sue Pfeiffer, Evie North, and Nancy Vanderford about the surprise party they gave her!

Bored? Tired with life? Well, just think how all the seniors have matured—not only in actions (?), but in looks since their freshman year. If you want to see something funny go look in the 1956 or 1957 Totem and gaze at Dick "Greeny" McGaw! Ha! Ha !Ha! Ha! Ha! Ha!—plus a chuckle or two!

What's more embarrassing than losing a contact in a bowl of punch?

What's more disgusting than a teacher not collecting the assignment you spent five hours on?

What's more maddening than center hall at noon?

What's more confusing than a first-week freshman?

What's more congested than Miller's during fifth period?

What's more tiring than football practice?

What's more wonderful than 3:20 p.m. on a Friday?

What would be cooler than Mr. Hemmer singing rock and roll?

What's more maddening than Mad Magazine?

What's more fun than writing this column? Ha! Ha!

- - - And This Is LEVYty

Play Ball

Yes, once again the season has started, and thousands (literally!) of players began throwing erasers around in quest of a championship in perhaps Geometry 2 this year.

While most of the old professionals had managed to keep out of shape during the off-season this summer, they quickly remembered how to get down to business after that first night of homework.

Naturally some new rookies just up from the minors should figure in this year's race and new records may very well be broken. One of the first things they'll learn is that all the pros consult this column for the latest and greatest news of the day.

I'll be back in just 60 seconds after a word from the sponsor.

\# \# \#

Appetite in Germsville

I cannot think the gentle sperm
Intends us humans any harm,
Or that the visiting bacteria
Has motive in the least ulteria.
Or even that the vicious virus
Doth really downright dead desire us,
It's just that it's their nature to
Subsist on foods like me and you.

\# \# \#

A Different School

It's funny some of the things you learn in school, but at least you should be able to add right. Chemistry students were somewhat amazed as they gathered up at the blackboard in Room 4 and read:

Lab. fee	$1.00
Book fee	.51
Total	$1.50

But sorely enough the clever teacher was just trying to do away with that extra penny until a later date, as the class later learned.

\# \# \#

Wanted

Dead or alive—many contributions to this column. When you hear about or have an amusing experience write out the details and get in touch with the writer—via the Times Room.

\# \# \#

The Ideal Life

The other day a student leisurely strolled down the halls during the period between classes. After seeing 12 people on his jaunt from one end of the building to the other, this person finally met a group of friends in the center of the main hall.

As they began to talk a little, a few more of the crowd joined them and they were eventually, one great noisy assembly catching up on the day's gossip.

But, unfortunately, this wasn't at South Side High School, because you can't even go from study hall to the drinking fountain without barging through a couple of hundred people! Take the hint, and be courteous to your fellow classmates by getting through the halls quietly and quickly.

\# \# \#

Cool Cucumber

Did you ever say to one of your friends on a hot summer day, "I wish I were as cool as a cucumber." If you did it wasn't exactly the coolest thing to say for the inside of a cucumber is about 20 degrees hotter than surrounding air.

\# \# \#

Epicure's Epidemic

One of the subjects that's always brought up after a summer of life at camp is food. It is never quite as good as is mother's cooking and everyone has had their own experience with it.

This summer a couple of Archer boys, who were normally accustomed to eating their meals in a mess hall, decided to eat out on a certain night. They finished their supper and later retired to bed, after making some cracks about the high cost of eating out.

The next day they awoke to find about 1,500 of their buddies sick to their stomachs, etc. Upon investigation the "eater-outers" learned that the mess hall food happened to be bad the one night they had eaten out! How lucky can you get!

Boys Suffer From "Lugitis"; Girls Relieve Burdened Males

Owww . . . my aching arms! Sounds like an upperclassman in distress! Ah, of course, one of our "got-the-effect - of - the - steel - strike" boys is howling the now-frequent cry.

With the absence of a few lockers (say 600), our upperclassmen were obliged to lug their books "for awhile." Well, it has been two weeks and now more boys are suffering from book "lugitis" than from football injuries.

Some of our "smoother" senior boys caught a gal who just happened to have a locker in the hall; the more unfortunate already had girl friends whose lockers were in the Girls' Locker Room. Such is life.

The girls adjusted to the crisis by immediately offering to share their lockers so that some boy could have one. This was very conscientious of our girls, yet true to form (females always seem to notice where help is needed and comply). I certainly feel that these girls should receive a vote of thanks.

I can't help but laugh at the thought of some of the upperclass football boys having to wear or carry their equipment to classes—or seeing piles of cleats and padding dumped in homerooms.

Some of our obliging girls don't laugh when the boys' piled-up books fly out at them or their coats come out in a heap. Something should be done for the poor girls.

Our freshmen haven't quite sensed the situation yet. Well, consider yourselves lucky, kids; how would you like to drop your books in center hall or some such place? Added to the inconvenience of having to find classrooms, does it sound like fun?

Not only do some boys have to carry all their books, but others who were fortunate enough to receive lockers found them in the new building. Seeing how most upperclassmen don't have gym, health, art, or other classes located in that vicinity, we may find our elders losing a few pounds of weight or . . . yep, lugging their books around.

Oh, well, the load of books, the jammed-up lockers, and the aching arms are better than the greenness of the freshman year.

Sophisticated Soph

I am a smart sophomore . . . Of course everything I do is mostly right . . . I know my way around for I have been here before . . . I can look down at little freshmen and try to imagine myself in their frozen footsteps just a short year ago . . . I am the noisiest and most hilarious individual in the school . . . I come late to all football and basketball games so that I can yell at all my wonderful friends and let everyone know that I have arrived . . . I am acquainted with at least a few of my teachers . . . I am no longer petrified in my classes . . . I adjust easily to rules and regulations . . . Homework no longer worries me . . . I don't need a gigantic notebook anymore 'cause I find plenty of time before classes to do the studies . . . Mr. Snider is one of my good friends . . . At least some of the faces I pass everyday begin to seem familiar to me . . . I always have my past reputation to go by . . . Even the jovial juniors of yesteryear hold no fears for me . . . Confusion is "old stuff" for I've been through it all last year . . . I sit three whole rows closer to the gym floor . . . By far I make the most noise at pep sessions . . . I know all rules, regulations, requirements, and excuses backwards and forwards . . . I am prepared for any emergency . . . I carry my own hall passes and wander around at will . . . I take the longest route to class in order to pass by every one of my friends . . . I keep up on the latest news by daily "jam sessions" in any crowded hall . . . I look forward all year with immense anticipation to our marvelous sophomore party . . . I join all clubs to keep up with my friends . . . I read The Times to learn the latest gossip . . . I constantly get my picture plastered all over The Times and Totem for the various ridiculous things I do . . . I spend hours after school participating in alll my different clubs and activities . . . Boys are most important!!! . . . Girls come next after football . . . I enjoy life and look forward to having all the privileges of the esteemed seniors!!!

Irresistible Magic Of Hawaii Attracts Junior Edee White

"It was wonderful!" exclaims Edee White about her trip to Hawaii. Edee, a junior at South Side, left Fort Wayne for Hawaii on August 11 with her mother and father, Mr. and Mrs. William T. White, and her brother Bill, a sophomore at Indiana University. The Whites took a jet from Chicago to Los Angeles, then a night flight to Honolulu. This took only 22 hours, including a nine-hour wait for plane connections.

After reaching her destination, Edee spent most of her time on the beach. She learned to surfboard. "The hardest thing about it is paddling back out after you've come in on the board. It is relatively simple to ride in standing up," she says.

The Whites visited the islands of Oaho and Hawaii. They toured the apple factory and some pineapple fields, a sugar refinery, and a sugar cane plantation. They inspected lava fields, volcanoes, orchid farms, banana plantations, and coffee fields.

"Hawaiians dress no differently than we do except they wear muumuus, an extremely loose garment," Edee related. She bought a muumuu and several skirts to go with her newly-acquired skill, knowing how to hula.

Edee White

Edee attended a luau, a Hawaiian banquet, ate poi, and roast pig cooked underground. "The poi tasted like wallpaper glue, but the luau was fun. There were a few jam sessions on the beach that she attended at night.

On August 25, Edee and her family started home, saying Aloha to our newest state.

Archers Comment On "Typical" Word; Some Get Meaning

Being typical teenagers, South Siders got disgusted and bored at the typical comments made between the typical intelligence of American and Russian youths. So a typical word was picked out of a typical dictionary. Thus the youth of America showed their typical intelligence and personal typical meaning to the typical word Gallopade.

Gene Jacobs: Whatever it is, it's a nice one.

John Somers: It sounds like a new kind of horse's step—like prancing or trotting.

Patty McCoy: I think it sounds like a certain dance.

Jim Stewart: A small island infested with rats.

Phyllis Cozmas: You can do whatever you like with it. It's a pretty neat word.

Dan Gordineer: Sounds like a new type of poll to be taken. Heaven forbid!

Steve Koos: It sounds like a group of horses getting ready to go on a fox hunt.

Ah! At last the writer has found some typical people, because some of these typical Archers gave the typical answer correctly. Gallopade: 1. a sidelong or curveting gallop. 2. a kind of a lively dance; a gallop; also music for the dance.

Young Adults Demanding More In Motion Picture Industry

From silent, small film strips, the motion picture industry has advanced to stereophonic, spectacular movies. It has eaten through a multitude of talent, ground out unlimited footage, and produced hours of entertainment for countless millions. But the motion picture industry is on a decline.

Reduced Cost

A budding industry is pushing it aside. The industry which requires only $1,000 instead of $1,000,000 to make a film, which needs only the turn of a dial instead of 90 cents admission is television.

How can movies compete with this new free medium? Movies are competing with television in its growing success. Instead of putting out the accustomed volume of soggy, sloppy, sentimental slush, they are substituting quality for quantity. Somber black and white is being exchanged for splashy color extravaganzas. Noted examples are "The Diary of Anne Frank" and "Compulsion," movies with a message and without music. Money previously spent on color is now being spent for better scripts, better producers, better directors, and better actors.

Typical Trash

Why should the movie-going public pay to see two-bit musicals, westerns, and crime shows when they can view the same trash for nothing?

This is the crux of the problem and it is finally being realized and dealt with by the cinema industry.

Fort Wayne Area Evacuated; Rush To Wells County Fair

Kelly couples almost evacuated Fort Wayne last Friday night when everyone left in a mass of confusion for the quaint little town of Bluffton for the famous street fair.

It was pretty obvious that Carol Oxenrider and Jan Martindale were anxious to get there. They had Bill Koos (I.U.) and Gene Kraus (Kenyon) pick them up right from school.

Most of the couples had a little more sense and waited to go until after dinner, even if they did gulp their meal. Jan Curtis, Bonnie Bender, and Becky Baughman knocked themselves out hurrying to get ready for Barry McMillen, Bob Bradfield, and Steve Meyers, only to find they had to wait for an hour. Why are boys always late?

By eight o'clock most everyone had made the long and tiresome trip to Bluffton.

At the cotton candy stand Kathy Moore and Mary Keegan seemed more interested in making eyes at John McMillen and Dave Schwalm than in what was going on at the fair. As they stood there, Pat Goyer and Bob Haag came running up to buy Gail Woodruff and Janet Berkhiser (N.S.) some cotton candy. Carol Salaka and Bob Bolyard came right behind them but Carol changed her mind at the last minute and decided that she wanted a foot-long hot dog instead of cotton candy.

In the distance some shrieks were heard, a silence, then some more shrieks, followed by giggling. It turned out to be Susie Knight, Lois Lerch, Sandy Hadley, and Judy Evans on the rocket. I'll bet Gary McClure (Concordia), Brian Ronan, John Sauers, and Dave Wallace had to do some talking to persuade the girls to ride the rocket!

Janet Tillberry and John Somers suddenly came pushing through the crowd. The had lost Janet Long and Bruce Eerlein and were worried about finding them in such a huge crowd. It wasn't long before the heard a weak little "Hi there." It was Janet and Bruce merrily swinging in a little cart at the top of the ferris wheel.

Meanwhile John Koolman was scaring poor Judy Chapman to death in the spook house. Annelle Hoover and Dave Tipton were standing outside arguing about whether to go in or not. I suppose Annelle finally won out in the end.

Mike Weinraub was busily throwing balls at milk bottles trying to win a teddy bear for Tonya Hines, but, try as he would, he couldn't knock those bottle down. Jim Wagner (C.C.) and Linda McMurtry joined them and Jim showed Mike how it was done by winning Linda a big pink teddy bear on the first try! Some people have all the luck.

By this time most everyone was leaving and when Susie Lohman and Tom Porter (Concordia) began looking for Linda Seibel and Jerry Traxler, they couldn't find them anywhere. I'll bet you can't guess where they found them. Of course, they were in the tunnel of love.

Everyone (at least Linda and Jerry) had a fabulous time and most of the girls had souvenirs to remind them of an exciting night at the Bluffton Street Fair.

Latin Language Aids English Vocabulary

Attention, freshman Latin students! After approximately two weeks of study are you beginning to wonder why you are? Studying Latin, I mean. Have you condemned conjugations and declined declensions?

Don't give up! One of the most important reasons for studying Latin is that Latin helps you enlarge your English vocabulary. The following list contains English words derived from Latin. If at the beginning of Latin 1 your score is rather low, save the list ,refer to it upon completion of your study, and note your progress . . . Salve Amici!

(1) **erroneous**—A. witless, B. uncertain, C. mistaken, D. burdensome.
(2) **progenitor**—A. forefather, B. descendant, C. leader, D. prophet.
(3) **pro rata**—A. immediately, B. temporarily, C. in proportion, D. ahead of time.
(4) **per se**—A. with your permission, B. by itself, C. because, D. brief.
(5) **via**—A. aside, B. up, C. by way of, D. roundabout.
(6) **flora**—A. brilliant color, B. plant life, C. a layer of tiles.
(7) **introspection**—A. official inquiry, B. self-examination, C. unwarranted intrusion, D. homesickness.
(8) **denote**—A. to observe, B. be the sign of, C. nominate, D. lack.
(9) **subsist**—A. to stay alive, B. wait, C. eat well, D. serve.

Answers: 1-C, 2-A, 3-C, 4-B, 5-C, 6-B, 7-B, 8-B, 9-A.

Possession Of Free Soil Endowed Blessing To Us

Editor's Note—This article is second in the series connected with the patriotic song, "My Country 'Tis of Thee." This editorial deals with the phrase in the song "land of the noble free."

By Cheryl Summers

How fortunate are we who were born on free soil! How little we can appreciate the plight of those who were not! "Land of the noble free."

Americans are often divided into the "haves" and the "have nots," this division usually referring to material things. However, in the matter of personal liberty, all of us are in the category of the "haves." Here, as in all else, the possession of such a priceless treasure imposes great responsibility on the possessor. We Americans often take our great liberty for granted and disregard the important obligations which go with our liberty. We must not let the use of our freedom interfere with the freedom of other people.

Fortunate Nation

Determining where one's liberty begins and ends causes all types of arguments from petty neighborhood disputes over property lines, to long and complicated legal battles involving great amounts of money, time, and effort. Even different countries and nations interfere with each other's liberty. Many countries in all parts of the world have been overrun by Russian Communism, which is the greatest threat to the free countries, today. Our nation and the other nations of the free world are fortunate in having such great leaders who are trying their best to keep their nations safe and free. We should continually remember this and do all we can to uphold our leaders in their actions.

Responsibilities Accepted

Our nation was stunned by the teenage gang war which erupted in New York City recently and took the lives of several teenagers. Fortunately teenagers with such warped attitudes are in the minority. Most of our teenagers accept rather than reject their responsibilities and opportunities for a good life in this democracy. Our homes, schools, and churches must not fail in teaching our young people the responsibilities which go with living in a free country.

Freedom requires only the observance of the Golden Rule and the ten simple commandments that a just Father gave us to live by.

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award

Lynn Neiman Buys First 1960 Totem; Attends Girls School

As the saying goes, "There is always a first time for everything." The very first 1960 Totem has been purchased! Its owner will be Lynn Neiman.

Lynn has left South for Madeira private girls school in Greenway, Virginia where she plans to continue her education. For this reason she ordered her Totem early.

Since Madeira does not have midterm, Lynn will start her sophomore year over.

Subjects she will be taking are Latin, French, English, history and riding. Riding is very important to Lynn for she loves horses and hopes to plan her career around them. At Madeira, Lynn will learn to hunt and jump as part of her riding.

Lynn says she loves South Side and will miss it a lot, and she will buy a Totem each year to bring back fond memories and to keep her informed as to the happenings at school.

Clubs Explained To Give Choice To Freshmen

Lettermen's Club—Lettermen's is organized to create and maintain a high standard of character, sportsmanship, and conduct in our school. Membership consists of all varsity letter winners. The club is advised by Mr. Ora Davis and the officers are, president, Ken Howe; vice-president, Dan Tritch; secretary-treasurer, Bob King; sergeant-at-arms, Dave Barrett. The club meets on assigned Thursdays at 7 p.m. in the Greeley Room.

Industrial Arts Club—Meeting twice monthly on Thursday at 3:30 p.m. in Room 44, this club is designed for boys to study and work on the designing of automobiles and houses, as well as general drafting. The club is advised by Mr. Thomas Polite.

Cyclotron Club—To interest students in science, particularly nuclear science, and teach them about the various sciences, this club meets every Tuesday at 3:30 p.m. and the sponsor is Mr. Richard Bussard.

Rifle Club, Girls'—This club is planned to train girls in marksmanship and to furnish recreation. Sponsored by Mr. Alfred Hemmer and Mrs. Mildred Luse, the club meets Tuesdays at 3:30 p.m. on the rifle range.

Junior Red Cross—Junior Red Cross is organized to help people throughout the world by sharing kindness and teaching the ways of kindness. President, Judy Cramer; vice-president, Marilyn Budd; secretary, Phyllis Redding; treasurer, Margo Dixon are the officers and Mr. John Arnold is the sponsor. The meetings are on alternate Wednesdays at 3:30 p.m. in Room 12.

Rifle Club, Boys'—The purpose of Rifle Club is to improve the sportsmanship and marksmanship of all boys interested in firearms. Sponsored by Mr. Stephen Berg, it meets on Mondays at 3:30 p.m. in the rifle range. The officers are president, Dave Welch; vice-president, Dale Smith; secretary, Bill Batchelder; assistant secretary, David Lane.

Service Club—This club is composed of all students who do service work for teachers. Mr. Ora Davis is the sponsor and there are no regular meetings.

Vesta Club—For all girls interested in home economics, Vesta is designed to train young women to be better homemakers; to furnish an opportunity, through organization, for social life such as programs and social gatherings; and to promote more interest in home economics. The meetings are on Wednesday at 3:30 p.m. in Room 75. The officers are president, Nancy Ryan; vice-president, Nancy Jones; secretary, Martha McChesney; sergeant-at-arms, Phyllis Cozmas.

Wranglers—For all students who desire to further their interests and develop their skill in speech, Wranglers is organized. It meets in the Greeley Room at 3:30 p.m. on alternate Mondays and the sponsor is Mr. Robert Storey. The officers are Geri Geller, president; Janet Terry, vice-president; Joyce Brittenham, secretary; JoAnn High, treasurer; Barb Eggeman, program chairman; Diane Beams, publicity chairman; and Sue Blaising, point recorder.

Shy Boy Strategy Requires Subtle Plan

Is a shy boy your aim, girls? If your sights are set on a shy guy you'll find the strategy for scoring a hit is totally different from the strategy you'd use with the big-man-on-campus.

First of all, start off with a friendly smile. This is a sure way of making a pleasant impression on even the most wary male.

Second, don't corner him in a crowd. Your conversation is doomed if your timing is poor. Provide an empty stage and you'll get a better performance. You're more likely to discover a mutual passion for skindiving while walking down the hall together than when you're thrown together in a noisy crowd.

Third, you've got to be very clever to steer your man onto solid ground. Be sure to talk about something you know he's interested in. You'll make more progress by talking about his interests than by talking about him. And be sure to never, never pry.

Then, by all means, don't undo all the good work you've done by talking too much. Most men (especially this kind) hate a babbling female. A lull in the conversation doesn't necessarily mean a lack of interest on the boy's part. Comfortable silences are sometimes very pleasant. And you don't have to fill every moment with sparkling remarks.

And finally, don't provide your friends with a blow-by-blow account of your progress. This kind of talk is bound to get back to him and then you've lost him for good.

Linotypist's Prayer Seeks Type Message

O merciful Master,
Cast my life into clear-cut lines
That can be read by all men who see them!
May Thy message to wayward men
Be clearly read in me.

Skim the dross from my life;
Then heat me until
Thy type be cast in me, free from flaw,
Ready to print a little of Thy Word
On the blank lives of others!

Teachers Enjoy Summer Activities

Mr. Fred Hellman spent the summer at Fort Leavenworth, Kan., and Chicago, Ill. During the first two weeks in June, Mr. Hellman was at Fort Leavenworth. He was graduated from the Army Command and General Staff College at Leavenworth.

Mr. Hellman then went to Chicago where he taught at the Fifth Army School. During his stay there, his wife and two sons spent a week with him. Together they visited the show, "South Pacific," and the Cinerama, "South Sea Adventures." Major league baseball games and swimming in Lake Michigan were also enjoyed by Mr. Hellman and family during his summer vacation.

Mr. Dorsa Yoder worked most of the summer roofing his barn and doing odd jobs around his farm. A vacation to the East was his only real enjoyment.

While on his eastern tour, Mr. Yoder visited the United Nations Building and the West Point Academy. The real highlight of his trip came when he saw President Eisenhower at Gettysburg.

Mr. Richard Block, a new Social Studies teacher, spent part of his summer studying at Ball State College. He also worked part-time at an insurance company.

Mr. and Mrs. Block's leisure time consisted of going to a lake in the southern part of Indiana. They were also blessed with a baby girl on July 4.

While everyone was enjoying their summer, Miss Lutie Young taught a math course in summer school at Central High School. She attended the meeting of National Council of Mathematics, and helped in the Math Department of a junior high school. She spent her leisure time traveling through Northern Michigan.

This summer Mrs. Redmond attended Ball State Teachers College and received her Master's Degree.

Mr. Morey went to Lake George for one week this summer, and he also played in "Brigadoon" at the Franke Park Outdoor Theater.

Mr. Russell Furst, business teacher at South Side, spent a very enjoyable summer taking trips. During the latter part of June, he pulled his small trailer to Northern Wisconsin. Much to his disappointment, it rained every day, and the fishing was not too good.

He also took a few one-day trips. One of these was to Indianapolis. The rest of his summer was spent working around the house which he enjoyed immensely.

Mr. Nicholas Pipino, science teacher at South Side, spent most of his summer at Purdue University. Four of these weeks were spent at the General Biology Institute for Biology Teachers. The last four were spent studying Radiation Biology.

Later in the summer, he took a one-week trip East. His trip took him to the Finger Lakes in New York, and also to Canada. During his trip he enjoyed wonderful weather. In his own words, Mr. Pipino said, "All in all, I enjoyed my summer very much."

Miss Ann Arbor spent three weeks in Florida, and took trips to Detroit and Cleveland. During the time she remained in Fort Wayne, Miss Arbor worked with the County Line Theater.

Mrs. Cleon Fleck enjoyed a trip to Chicago this summer. While there, she saw "The Music Man" and a Cinerama, visited the Merchants Market, witnessed the Pan American Games, and attended a game between the White Sox and the Tigers.

Mr. and Mrs. Fleck started construction on a cottage at Loon Lake over Labor Day. Mrs. Fleck also worked at refinishing furniture from the year 1900, with which she plans to furnish the cottage.

Mr. and Mrs. Lester Hostetler and their two daughters, Becky and Elizabeth, stayed at Lake Webster, near North Webster, Ind., from the day after school let out until August 22. While there, they purchased a new boat which was thoroughly enjoyed by the whole family.

Mr. Hostetler also worked at the Lincoln National Bank and Trust Company as a cashier.

Mr. Robert Weber, of the Science Department, was Troop Director for the YMCA Pioneering Program. He and a group of boys made three trips in 18 weeks during the summer. They traveled to Minnesota, hiked on the Appalachian Trails, and went mountain-climbing in Wyoming.

The boys from the YMCA Pioneering Program ranged from 13 to 18 years of age.

Mr. and Mrs. Weber made a few trips to Michigan and Southern Indiana.

This summer Miss Crowe and her sister, Edith, went to Yonkers, N. Y. They left on June 27 and returned a few weeks before school started.

While there, they walked their friend's dog and went to see many plays. Among them were "Russian Exhibit," "K. B.," and "Music Man." They also saw some of the oldest houses in the United States.

Mr. Arnold taught summer school at Central this summer. He taught economics and sociology for eight weeks. During the rest of the summer, he and his family went to New York for about three weeks. They went swimming and fishing, and just "lived it up" in general.

The Arnold family went by way of the Ohio Turnpike. They went through Pennsylvania, New Jersey and into New York.

Miss Edna Shideler is a new addition to the home economics staff. She was formerly employed by the Indiana Department of Public Instructors, where she held the position of Central District Supervisor of Home Economics. Miss Shideler has held this position for the last 10 years.

Mrs. Madge Schone spent her summer with her family visiting her husband's mother in California. A trip to Disneyland highlighted their trip.

Mrs. Mary Elizabeth Smith and her husband took a plane trip to Mexico City to visit relatives. Highlights of their trip were the Pyramids, the University of Mexico, and the Catacombs.

Although entertaining company and visiting out-of-town relatives consumed most of his time, Mr. Earl Sterner of the Latin Department still found time to work on odd jobs around his home. These jobs consisted of painting and a little gardening.

Mr. Sterner also enjoyed the visit of his daughter, Jacky, class of '46, and his son, Dan, class of '51. Both were home from college for two weeks.

This past summer saw Miss Graham make a change of scenery after 29 years in the same house. She had a few of the normal first-day troubles, such as putting towel racks up in the wrong places or putting too many holes in a wall.

Although the task of moving used up a considerable portion of the summer, Miss Graham did find time to take a brief trip to Illinois to visit her sister.

Anyone want to know the effect of hail on farm crops? Well, if so, just ask Mr. George Collyer, for he took a trip to the University of Ames, Iowa, to study the results of hail on farm crops.

Mr. Collyer spent the rest of his summer vacation rebuilding the house on his 130-acre farm, where he intends to put to use the information learned at Ames.

Mr. Richard Shellenberger spent the summer serving as a Forest Ranger at Yellowstone National Park. He was 150 miles from the park on his honeymoon at the time of the earthquake. He reported the damage as being "quite extensive."

Mr. Shellengerger joined the faculty as a physical geography teacher this year.

Mrs. Mildred Luse's summer started with a new breezeway and a lot of company. She also had a lot of attic cleaning to do because she had many boxes full of interesting family relics that hadn't been opened in 40 years.

Fishing on Honor Lake was fun, and both Mrs. Luse and her husband enjoyed their boat trip down the Platt River. She claimed that "the biggest fish got away, hook and all!" Mr. and Mrs. Luse also traveled to the Straits.

This summer Mr. Coats spent his vacation seeing the doctor due to a voice box and esophagus injury early last spring. Between visits to the doctor, he went to DePauw University to attend a religious conference. He also visited friends and relatives.

This summer Miss Pohlmeyer traveled by automobile through Maine, New York and many other New England states. While there she stayed at many resorts, and traveled within sight of the Atlantic Ocean much of the way.

During the rest of the summer she divided her time between playing golf and sunning herself at her summer home located on Sylvan Lake near Rome City, Indiana.

This summer Mr. Gernand, besides painting houses, welcomed a new member to the household. His name is John Robert and he is one month old and weighs 11 pounds. Congratulations!

While many of us were scorching in Fort Wayne this summer, Mrs. Myrtle Grimshaw was enjoying herself in the comfortable Florida air. She flew to St. Petersburg to visit her parents for a few weeks. She also tutored college and high school students in Spanish and English in her home.

Mrs. Karen Frankenstein, a new teacher at South Side, had quite a summer. The event that made it so special was her marriage on June 13. She is now learning to cook. She and her husband traveled to Atlantic City and Ocean City in New Jersey. They also enjoyed Philadelphia and Gettysburg, Pennsylvania; Plymouth and Detroit, Michigan.

Mrs. Agnes Sosenheimer, also a new teacher, enjoyed herself relaxing at Lake James. She spent most of her time reading and swimming. The Sosenheimers found Chicago a nice place to shop even though it was hot. They visited the Aquarium, the Art Museum, and other places of interest.

Mr. William Applegate, English teacher, took a European tour this summer. He set sail on the Flandre, a French ship, on June 20.

June 26, he arrived in London. Mr. Applegate spent two weeks seeing operas and shows, and one of his favorite operas was Merdea at Convent Garden. John Gielgud recited Shakespeare readings. He then boarded a boat-train to Northwest Keswick.

Mr. Applegate left Keswick and headed for Paris on another boat-train. He was there for Bastile Day, July 14. Bastile Day is a celebrated holiday with the colorful Bastile Parade. Jets flew in formations with blue, white, and red exhaust to honor the flag.

Zurich, Switzerland was his next stop. He spent a week there visiting Lucern Artus. He went to the Tyrolean Alps for a little mountain climbing, which he enjoyed very much.

Mr. Applegate went to Italy and saw an opera. While in Italy he went to Verona, Florence, and Venice, which he found both exciting and interesting.

Paris and London were so beautiful that he returned to visit again. In London he visited Oxford and Oxford College. Mr. Applegate then traveled to Coronia, and left to come back to the United States on August 12.

Mr. Dick Sage spent his summer going to school in Terre Haute, Ind. At Terre Haute, he worked on his Master's Degree at Indiana State Teachers College.

Mr. Sage's only real vacation came at his sister's cottage on Lake Michigan. He spent a week there just relaxing and taking life easy.

Mr. A. Hemmer attended Graduates School at Purdue where he completed his Master's Degree this summer.

Mr. Harader spent the summer visiting relatives at Ocean City, N. J. He enjoyed the Boardwalk, the Steel Pier, and fishing for flounder.

Mr. Harader said, "Riding the swells of the ocean was more fun."

Mr. Petty and his family enjoyed boating and swimming at Lake Tippecanoe this summer for a few weeks. He also went to Jefferson, Ind., for the last week in August.

He finished the summer by painting houses with Mr. Gernand.

Mrs. Alice Keegan and her husband drove to White Bear Lake, Minnesota this summer for five weeks. They visited the Paul Bunyan Country and Lumber town, U.S.A.

At the University of Minnesota, Mrs. Keegan had interviews with some of the instructors in the Physical Education Department.

Mr. Cramer was busy most of the summer teaching summer school at Central High School. He also painted houses for friends.

After his summer teaching job, he and his family spent 10 days in Minneapolis. There Mr. Cramer went to the convention of American Federation of Teachers, AFL-CIO, of which he is the vice-president.

Auto Deaths Will Decrease With Driving Sense Increase

Good driving and walking rules mean driving and walking without taking unnecessary chances such as speeding, passing on hills and curves, ignoring traffic signs and regulations, and walking across streets between intersections. No one would be foolhardy enough to take such chances if they always resulted in an accident, but because the rules of safe driving and walking can be broken at times with no apparent ill effects, many people disregard them.

According to the law of averages, one person will be killed or injured for a certain numbr of chances that are taken.

If one takes chances while driving or walking, he is asking for an accident. The accident may or may not come the next time he takes a chance, or even the time following, but if he gambles a sufficient number of times, the inevitable will happen.

The modern automobile is able to reach a speed of 80 to 90 miles an hour with less effort than its predecessors required to attain a speed of 35 to 45 miles an hour. As the result, there has been a natural temptation to drive faster than safety allows. Speed exceeding 60 miles an hour is overtaxing many roads, and what is more serious ,it is overtaxing the person driving the car.

* * *

MORE AND MORE, people are beginning to realize that it doesn't pay to drive fast. They have learned that the few minutes that can be saved are very poor compensation for the extra dangers involved, and for the strain on their nervous systems and on the nerves of those around them.

In removing unnecessary risks from driving, it is important for the driver not only to limit his top speed but to adjust his speed to road conditions. On a good, open highway with a clear view of the road ahead, speeds up to 60 miles per hour are reasonably safe, while in a dense fog on the same highway, driving at 25 miles per hour might be foolhardy. A good driver will reduce his speed when approaching intersections, curves, and other points which present additional hazards.

* * *

ACCORDING TO state records, eight per cent of motor vehicle accidents are attributable to drinking. Liquor does not have to make a man noticeably drunk before he becomes a menace on the roads.

A scientific study carried on in Evanston, Ill., over a period of three years shows that 47 per cent of the drivers involved in personal injury accidents have alcohol in their blood.

The study also shows that as a driver becomes increasingly drunk, he becomes increasingly dangerous.

A horse was pretty well able to look after itself if the driver let his mind wander for a moment, but that is not one of the qualities of the modern automobile. An automobile must have intelligent supervision every moment it is in motion.

* * *

IF SLEEP OR REST is needed, the best thing is to stop, even if it delays arrival by a few hours. The driver will be much surer of getting to his destination, and the trip will be much more enjoyable. In other cases, a cup of coffee, some fresh air, or a five-minute stop for relaxation will curb the drowsy feeling. Some drivers follow the practice of stopping and relaxing five minutes out of every hour to break the dulling of the senses which naturally results from long periods behind the wheel and constant staring at the road ahead.

Drivers are not the only ones who should guard against moments of inattention. Pedestrians and cyclists cause many accidents each year by unthinkingly walking or riding into the path or even into the side of a car. Jaywalking is perhaps the worst pedestrian disease. Sane walking habits include crossing at intersections, with the green light, walking on the left side of rural highways so as to face oncoming traffic, and staying out of the way of cars at all times.

Although exact figures are not available for the number of motor vehicle accidents caused by inattention, statistics based on 46,000 nonfatal and 5,000 fatal accidents show inattention on the part of the driver as the major cause of 10 per cent of them, and drowsiness the major cause of another three per cent. If we include pedestrian inattention, it is probable that more than 20 per cent of all modern vehicle accidents result from inattention of one form or another.

Whether you walk or drive, be alert!

Experience Of Soph Out Of Ordinary

To many an airplane traveler, flying is an ordinary experience. But to Joyce Lossant, sophomore, it was a miraculous moment! Joyce and her family took a trip this summer. Upon their return by air a window flew out of the airplane in which they were riding. It was partially frightening to know there was nothing between Joyce's family and several hundred feet of space, but safety measures were soon secured, and all could relax once again.

Joyce has proven that she can do other things also. She is a member of GAA and band. Her hobbies are music, dancing, playing drums, and reading. The airplane experience she was a part of this summer has not made her afraid of air-travel. Joyce stated, "It really was a worthwhile vacation. We saw the beautiful, expansive west. I hope to go back when I graduate from college to live there."

Tanning Methods Differ Greatly But Same Burn, Peel Results

Sometimes people who have tremendous tans begin to provoke others more than fascinate them. After all, didn't many others go to the same trouble the "tans" did and ended up with only a pale, olive, purple color?

Everyone knows what is meant when it is said that much precious time and energy is put into acquiring a tan. (For everyone has been seized by the mania at one time or another.)

Let us take the case of a hypothetical guy named John. All winter he has methodically lain under the sun lamp, acquiring in the process a fairly decent tan. At least it is fairly decent until the first time he gets in the sun. Then it all peels off!

* * *

CONSEQUENTLY he has to start from scratch. First of all, he goes outside and hands anyone within two feet, who is usually a girl, a sun tan bottle filled with evil smelling junk which is later discovered to be baby oil and iodine. This unsuspecting victim is expected to plaster John's back but not to get any on his white terry cloth trunks, which the victim personally thinks look like diapers.

Next John decides to go rowing since it's good for both muscles and tan. After the girl has endured this, which also includes sunstroke, she is ready to abandon ship. But she can't. They're over 50-foot water and she can't swim.

* * *

AND THEN THERE are the girls and their tans. They usually won't go swimming because they'll get strap marks. They go swimming two seconds and they have strap marks. One can't see them, but they're there. So all they do is to lie around and gradually lose their minds.

In order to get a really terrific tan most girls start in the dead of winter. In that way, by the time school is out, they already have their tans. All they must do after that is to even it out. If a girl is being scientific about the whole thing, she'll start out with little doses of sun and gradually lengthen them. But, if she is in a dreadful hurry, she'll plaster herself with some kind of gook, lie out all day, and catch millions of ants. That way, when the ambulance comes she has a nice burn to tide her over during her stay in the infirmary.

As we said before, there are many different ways to get a tan. Personally, the hit-and-miss method seems to work best for yours truly. You know, tan, burn, and peel. Tan, burn, and peel.

Mr. Bob Weber, Four Archers Brave The Rugged Wilderness

This summer, for the third season, Mr. Robert Weber, science teacher, directed the YMCA Camp Potawotami Advanced Pioneers Camping Program, in which four Archers, Doug Fisher, Larry Briton, Paul Johns, and Phil Spray participated.

Mr. Weber accompanied the campers on three canoing, camping, and climbing excursions during the camp season. Boys participating in these trips had to be 13 to 18 years old with previous experience in camping.

The first trip was a canoeing trip into the Quetico-Superior area of Northern Minnesota. The boys who made this trip needed to be expert swimmers and to have some experience in canoeing. The trip originated from Camp Potawotami on Friday, June 19. Campers were due at camp at 9 p.m. on that date for a short orientation before their departure to the North.

The boys spent 10 days canoeing on the north woods waters and found numerous opportunities to test their skill and know-how in the out-of-doors under the supervision of qualified experts in the field. They returned on July 3.

* * *

THE SECOND OF the pioneer trips was from July 5 to July 11 and consisted of trail camping and hiking in the West Virginia and North Carolina section of the Appalachian Trail. This was a rugged camping experience in a remote section of the United States. The swimming and canoeing requirements were waived for this trip.

The final trip was a four-week trek through the western section of the country, featuring a day in a mountain-climbing school. The big adventure was scaling the Grand Teton, which is the highest peak in the Grand Teton range. Various side trips up smaller peaks were made. Several historic and scenic points were visited en route to and from Wyoming. While in Wyoming, they spent a week at Yellowstone National Park, but left before the quake occurred.

Four boys from South Side went on these trips. Doug Fisher went on the first, Larry Briton and Paul Johns were on the second, and Phil Spray went on the third.

Culver Military

(Continued from Page 1)

you face the consequence of being relieved of your rank."

* * *

DRILL and calisthenics were forms of discipline. "The first couple of days, drill is tough! We learned the fundamental rules of drill first. Then we were taught how to handle our rifles and last we delved into the 'Manual of Arms'," said the boys.

Table discipline is rigid, also. If a boy doesn't sit straight, he is penalized by eating a "square meal." A "square meal" consists of placing a fork between the boy's stomach and the table, and placing a knife between his back and the chair. This usually "straightens" him up. A boy in his second year gains the privilege of resting his wrist on the table while a boy in his third year may rest his elbow on the table.

Parents commented on definite transformations in their sons. Fathers remarked that the usual "Dad" was replaced by "Sir." A general straightening up was noticed.

Karl Schlademan said that his daily schedule began at 6:25 a.m., and from then on every day was packed full of things to do. Karl's studies included Latin, track, and seamanship. Since he is a 10B this semester and has yet a year of Latin to cover, he said that taking Latin at Culver was sure to help. Karl, like most of the South Siders who attended the Academy this summer, expresses an interest in a career in the United States Navy.

* * *

DEAN RICE'S day started much like Karl's with getting his room in P.I. (police inspection) condition. Dean, a 10A this fall, took driver's training, seamanship, and tennis.

"The only time I had to be alone was in the evenings, and I spent many of them writing letters in my barracks where it was quiet," stated Dean.

This summer made Dean's second at Culver and he said that a difinite benefit which he gained was the experience of taking on more responsibility each year. He also commented, "The food was good!" Dean was on the drill team which he thought to be very good this year.

The commencement ball is a gala event at the end of the summer, and not only did Dean invite Lynn Neiman to it, but he also asked Susie Horth to be the date of his roommate from Chicago.

Larry Levy, a veteran of four summers, commented that those who took a non-academic course such as tennis were responsible for tests and grades like those who took academic courses. Larry was news editor of the "Vedette," the Culver newspaper. This is his second year in the Naval School and he also has had two years in the Culver Woodcraft Camp. He, too, is entertaining the idea of a Naval career.

All in all, a mutual description of the school is best given by Karl Schlademan in the words, "It's a real nice place to be!"

Kellys Meet Defeat At Shortridge's Field; Are Shutout By 31-0

Archers Are Stumped By Blue Devil Speed; Fumble Goal Attempt

Although South's promising football team was playing its second game of the season last Friday evening at Shortridge Field, in Indianapolis, they appeared to have a severe case of the jitters as they were defeated by a score of 31-0.

The lopsided score was due to the Shortridge team's tremendous speed, which was apparent not only in the backfield but also in their rugged line, and especially to Melvin Jeter, Shortridge's speedy, hard-driving fullback.

South had a golden scoring opportunity at the start of the first quarter as they received the opening kick and marched deep into Shortridge territory before a fumble cost them the ball. The drive was sparked by passes from Bob Bolyard to halfback Steve Burton and end Bob King.

\# \# \#

ONCE SHORTRIDGE gained possession, they marched all the way for a tally. When it appeared that the Archers had stopped Shortridge's powerful ground attack, the Blue Devils would pass to their star end, Lou Williams, for another first down.

The Archers seemed to go in spurts both offensively and defensively, and they soon found that it was impossible to relax against so powerful an opponent.

After Shortridge's first touchdown drive of 73 yards, the Archers tried to close the ends against the speedy end Gerald McCall, who plunged for the first score; but Mel Jeters continually cracked the Archers' front wall and scored twice as the Archers were "three and four yarded to death."

\# \# \#

THE ARCHERS played a better game in the second half. Realizing that they could not let up as they did in the first half, the Archers' defense bore down; and the first string allowed only one more touchdown.

Jim Dawson and Chris Parrott were standouts on defense as they prevented sizable gains. Linebackers John Somers, Karl Biewald, and Bob Griffiths also played a good heads-up game.

Dan Tritch and Frank Lude were very strong at their defensive end posts and were aided by Dawson, Jim Olinske, Terry Berk, and Emmitt Bowen at the tackle positions.

\# \# \#

OFFENSIVELY, THE Archers' backfield was stymied by the Blue Devils' strong forward wall. John Somers was somewhat hampered at his fullback position by a heavily-taped finger which was broken in the Anderson game, but he and halfbacks Steve Burton and Carl Johnson still were able to break through at times for some good gains.

Quarterback Bob Bolyard held the team together during the entire game, and he also played well at his defensive quarterback position. Bolyard was later removed on defense for Win Moses, who came in to do a fine job.

Bill Spindler played well at his offensive center position and Ken Howe and Bob King appeared to be much improved at their offensive end locations.

Scoring:

South	0	0	0	0	— 0
Shortridge	7	12		6	—31

700 Tickets Sold; Sale To Continue

Nearly seven hundred season tickets, amounting to two thousand four hundred dollars, have been sold, announced Mr. Wayne Scott, athletic director.

He also announced that ticket sales will last for at least another week.

Money from these sales is used for buying equipment, paying for game officials, team transportation, meals, and costs for overnight lodging.

Leaders Announced For Gym Classes

Student leaders have been announced by Mrs. Alice Keeagn and Mrs. Madge Schone. The student leaders are to help and be courteous to their classmates, help with the equipment, and know game rules so they can referee.

In Mrs. Keegan's classes, period 2, group 1, are Judy Arnold, Sandy Fisher, Su Ann Penland, Karen Porter, and Karen Rowley are student leaders. Those in group 2 are Beth Burnett, Janey Daugherty, Carol Eberle, Penny Frey, Susan Johns, Carolyn Martin, Toni Sorensen, and Carol Stanger.

Helping out during period 3, group 1, are Elaine Baxter, Marcia Evilsizer, Sheryl Hall, Louise House, Jane Ladig, Marcia Melching, Pamela Punsky, and Jan Spuller. Marjorie Bloom, Carol Byrne, Karen Finfrock, Leanna Morris, Kathleen Petty, Sydney Schinbeckler, Bonnie Smith, and Ellen Williams are in group 2.

For period 7, 18 girls were chosen. Group 1 leaders are Susan Case, Cheryl Doege, Anita Ferber, Beverly Fromm, Judith Koop, Joan Lambert, Pat Millraney, Cynthia Russell, and Judy York. Those in group 2 are Rose Carpenter, Eleanor Dekker, Bella Dyson, Sandy Etzler, Kathleen Head, Gloria Tothamer, Jenny Slater, Sharon Terry, and Lily Mae Wilson.

In Mrs. Schone's classes, period 1, group 1, are Rebecca Clevenger, Judy Hoffman, Virginia More, Pat Nethour, Delores Shadowens, and Nadine Wilson. In group 2 are Katherine Hauser, Margie Lehman, Cynthia Snider, Sharon White, Barb Cleary, Sharon DeBaillie, Sandra Kunkel, and Mary Frederick.

Those chosen in period 4 are Janice Bodkin, Reba Burgess, Ann Hickler, and Sandra Heidbrink. Connie Belschner, Mary Lawley, Ruby Jean Campbell, and Varginia Kachaimenis was chosen in group 2.

Student leaders in period 6, group 1, are Rebecca Collins, Joanne Goble, Arlene Osburn, and Jeanine Syndram. In group 2 are Claudia Bradley, Rosemary Capps, Susan Moyer, Susan Smith, and Peggy Swartz.

First Pep Session To Be Tomorrow

The season's first pep session will be tomorrow at 8:20 a.m. Mr. Gernand will speak and the cheerleaders, led by Janet Lawry, will lead cheers and songs. The cheerleaders will emphasize keeping the cheers peppy.

Song sheets will be passed out to all freshmen.

A yell contest between the different classes will also be featured.

Varsity cheerleaders for this year will be Janet Lawry, captain; Barb Wallace, point recorder; Margo Dixon, Sharon Zelt, and Sally Dill.

Reserve cheerleaders will include Jeannie Carroll, Sharon Carrel, Sheri DeYoung, Sharon Eitman, and Sylvia Ehrman.

GAA Pairs To Vie For Tennis Crown

Pairings for the annual GAA tennis tournament have been made by Mrs. Alice Keegan, GAA sponsor. Games will be played on the city tennis courts.

The pairs are Ann Heckler, Janice Nahrwold; Sandy Heidbrink, Sandy Grodrian; Jane Glass, Sharon Krakower; Marcia Marchand, Gretchen Brumm; Rita Hessert, Mickey Flaig; Diane Longberry, Judy Garrison; and Jane Kessler, Barb Nahrwold.

Archer Frosh Upset Tigers By 13-6 Score

Davis Sprints 40 Yards For Tally; Platz Steals Pass For Touchdown

A rough and ready Kelly freshman squad upset the Tigers of Central last Thursday at Central Field in a battle royal, which saw South emerge the victors by a 13-6 margin.

Oliver Davis, by far the most outstanding player in the game, swept through and around the Central line for beautiful runs and excellent yardage. Tom Shine, the starting quarterback, piloted the Archer crew in fine style. The rugged South line, headed by Paul Slick, Bob Leininger, and Dave Tipton, held the Central backs to small yardage. South's offensive unit, led by Davis, Sid Sheray, Dave Platz, Leininger, and Tipton, enabled the Green and White to post the victory over Central.

\# \# \#

SOUTH RECEIVED the kickoff to start the first quarter activity. Dave Braumn carried the ball to South's own 45-yard line, and Oliver Davis burst through on the next play for a first down. Sid Sheray gained 14 and moved to the Central 41 for the Archers' second first down.

On the next play Davis highlighted the game with a sensational 40-yard dash to pay dirt. The Kellys converted, the extra point putting them into a 7-0 lead. South kicked off and Central moved to their own 32, where they were halted by Archer tackles.

The next series of plays consisted of an off-side penalty against South, a first down, and an incomplete pass. Back to back fumbles succeeded this activity. Central fumbled and Shep Jefferson of South scrambled for the recovery. The Green and White fumbled on their first down and Central regained possession. The Tigers were spilled for a loss of eight yards in the next two plays, due to South's powerful line play.

After an incomplete pass, Central was forced to punt. The Kelly backs then advanced 23 yards and moved into Central's sacred territory. An incomplete pass ended the first quarter.

\# \# \#

SOUTH CONTINUED their drive in the second period, but not far enough for a touchdown. Rick Werling punted to Central's 10-yard line for one of the longest kicks of the game.

The second quarter witnessed no scoring, although the Archers threatened late in the period. The Kelly offense broke through the Tiger barrier for a gain of 31 yards. At this point it looked as if the Green and White was sure to score, but on the next play they gained no yardage. The final seconds elapsed, and the first half was over.

South's kick in the third quarter landed on the 20-yard line and Central moved to the 35. They advanced to the 42-yard stripe before losing the ball on downs. Late in the third period Dave Platz intercepted a partially blocked pass and ran for a touchdown. The attempt for the point after touchdown was no good.

South now sustained a 13-0 lead.

A pressed Tiger team didn't give up, though. Midway in the fourth stanza they scored a touchdown, narrowing South's margin to 13-6. Their conversion attempt was no good. The Kellys held possession for most of the remaining time, and at the sound of the final whistle, the score read South 13, Central 6.

Mural Men

By Dieter Hillerbrand

Saturday, September 20, is the date for the Intramural fall tennis and horseshoe tourney at Packard Park, which will start at 8:30 a.m. As usual there are three weight divisions: light, middle, and heavy. In the tennis tourney, the best of six games is the winner, while in horseshoe, one has to win two out of three games to win the match. Today is the last day to sign up in the gym office.

Last year's winner in tennis in the heavyweight division was Perry Schlie, who defeated Wendell Rose, 4-2. Larry Christman captured middleweight honors, winning all six games from loser Dennis Truit. Ron Heathman captured laurels in the lightweight division, defeating Gary Leips, 4-2.

In the horseshoe tourney, Wendell Rose defeated Jim Vanderford, 15-12, 15-10, to come off victorious in the heavyweight division. Max Van Fossen won the middleweight crown by defeating Ron Ziegler, 15-11, 9-15, 9-15. Vaughn Correll was victor in the lightweight division for the second year, defeating John Hinder to the tune of 15-9, 8-15, 15-10.

In the opening game of the '59 touch football season, Doug Smith's Stars defeated Don Haselbring's Black Widows, 33-0. Phil Jones was the star of the show as he scored one touchdown on a six-yard run and also threw eight completed passes. There are just a few teams turned in, so get a team together and sign up in the gym office.

The parent's consent card is extremely important in Intramurals. There are too many boys who sign up without having a consent card. Mr. Motz and the Intramural managers have a lot of work to do, so make sure your card is in before you sign up for a sport. Some boys try to forge the cards. If a boy forges a consent card and is caught, he is barred from Intramurals for one year. Get those parent's consent cards in and make this a "bang up" year in Intramurals.

Things to remember. The fall golf tourney will be held on the first week end in October at Foster Park. Sign up now!!

Trojan Reserves Defeat Archers In 7-0 Battle

Penalty Aids Elmhurst; Fumbles Prove Costly To South Side Reserves

Fumbles were costly to the Archers as they bowed to the Elmhurst Trojans, 7-0, last week at Elmhurst.

The Trojans won the toss and returned the kick-off 37 yards to their own 40. However, they failed to penetrate a heavy Archer line and uncaged a 40-yard punt. After several plays, the Green committed its first fumble, losing the ball at midfield. From then on the first half was quite uneventful, with neither team reaching more than the other's 30-yard line.

At the start of the second half, the Green made a two-yard runback of the kick. After a close attempt at a first down, South fumbled a second time losing the ball on their own 25-yard line. The Trojans crashed to a first down, but a bad snap, constituting an 18-yard loss, cost them the ball and took South out of danger.

The Green took over, but for the third time they fumbled and Elmhurst took command on the Archer 30. Then the Trojans bobbled the ball for a loss and, after failing in an aerial attack, surrendered the ball to the Archer gridmen at midfield.

At the start of the fourth quarter, both teams played spirited football. The Kellys battered to a first down. Then sophomore Tom David broke loose on a long run but was hit hard on the Trojan 17 and committed another fumble.

The Red and White recovered moving 36 yards in three plays to two first downs. Then the Archers received a 15-yard penalty on a technicality, putting them in trouble with the Trojans pounding at their door. At this point, the Elmhurst gridmen intensified their attack and in three plays smashed their way to the Green four with goal to go.

Then Trojan halfback Reuille, in two plays, galloped to pay dirt through the middle. Howard Ditmar converted the extra point on a kick.

With 2:20 to go, the Archers took to the air, completing two of four passes, but time ran out giving the victory to the Trojans.

For the Archers, halfback Johnson and fullback Robinson did a great job in the backfield making many nice gains around the ends and some through the center. The South line looked good led by Jack Harter and Mark Hagerman.

The Trojan strongpoint was the backfield with fullback Wetzel and halfback Reuille running the majority of the plays. Elmhurst center Ron Downing did a commendable job at his position.

Junior Jim Dawson Expects Good Year For Football Team

Jim Dawson

An outstanding personality on South Side's football team this year is junior Jim Dawson. Wearing number 79 on the white uniform, Jim stands six-feet, three inches tall, and weighs 230 pounds. Jim, chosen player of the week for his sterling defensive work, played on the varsity team in his sophomore year and saw much action last year. Because of his great size, Jim has been an asset to the Kelly team.

When asked about the coming campaign, Jim said that South has a good chance to go far. He said that all the teams in the city will be real tough and it should be an interesting race.

"The guys on the team are really swell and want to work hard," was Jim's comment about the team.

In Jim's estimation, the Green team has a very good backfield, and since it is largely composed of juniors, gives the Archer fans a lot to look forward to this year and next.

Jim is also very active in track, and for the coming season he has prospects of becoming one of the best shot-putters in the state.

Jim is looking forward to college where he hopes to continue his athletics.

New Restrictions Placed On Parking

New parking restrictions have been adopted by the Civil City to be enforced on school days from 7 a.m. to 4 p.m.

No parking is allowed on Calhoun, Darrow, or Oakdale next to the building, and on the north side of Darrow between the posted signs. Violators will receive parking tickets.

Archers Will Meet Hammond Morton Under New Lights

Kelly Squad Favored For First Home Game

Hoping to bounce back from their 31-0 pounding by Indianapolis Shortridge last week, the South Side Archers make their initial home gridiron appearance tomorrow night at 8 p.m. against Hammond Morton in the Archer Stadium. Coach Gernand's forces rule as a slight favorite.

South's team is big, rough, deep, and well-coached. The Green front wall averages 190 pounds per man, 15 pounds more than the average Hammond lineman. The Kelly backfield weighs 17 pounds more per man than that of the Governors and only eight pounds per man less than the Scarlet line.

This year's line, one of the biggest and best in Archer history, shut out Anderson in the first game this season. Linemen Howe, King, Dawson, Tritch, Olinske, Griffiths, and Spindler will be trying to make another whitewash after allowing 31 points in last week's nightmare.

The young, rugged backfield of Bolyard at quarterback, fleet Burton and Johnson at halfback spots, and bull-like Somers at fullback, will attempt to dent the scoring column after a one-game famine.

The quartet has scored only six points this campaign, but they have been up against some stiff competition.

Coach Gernand's forces should not have very much trouble in turning back Morton. They will first have to watch number 27, Rich Florence, and also avoid a morale letdown.

Morton has lost both their starts this year to city rivals Clark and Tech by 7-6 and 12-7 scores, respectively. The Governor squad is young, inexperienced, and it lacks weight and depth.

However, there are several bright spots in eight-year veteran coach Maurey Zlotnik's crew.

Brightest is Captain Rich Florence, who won All-State honorable mention as a junior end last year. This year Florence has been moved to left halfback in order to give Morton more needed offensive power. The 6-0, 164 pounder moves well and could give the Archer defense trouble if allowed to ramble around the ends.

Another strong feature is the Governors' rangy interior line composed of Teegarden and Whiting at tackles, Suchanak and Barno at guards, and Gardner at center. They have proved to be quite stingy in yielding enemy touchdowns, allowing Hammond Clark and Hammond Tech a total of only 19 points.

However, this meager amount of points was enough to stand up because of the lack of a strong offense. Directing the offensive assault for the Scarlet and Gray will be 126-pound Duane Hicks, one of the smallest starters in Indiana this year.

Don Butler at right half plus Ken Salyars, running from a fullback post, round out the light Governor backfield. Neither is a solid scoring threat.

Hicks may open a passing attack against South Side, with tall but inexperienced ends Jerry Oller and Wayne Lee plus halfback Florence as his probable targets.

Hammond Morton, a highly spirited team, will surely be "up" for this game, being anxious to post their initial victory this season for Coach Zlotnik.

A large, enthusiastic, and attentive crowd of South Side rooters would greatly aid the Archer cause in what should prove to be a very interesting, wide open, probably high-scoring contest.

Following is the probable starting lineups:

Morton	Pos.	South Side
J. Oller	LE	R. King
D. Teegarden	LT	D. Tritch
R. Suchanak	LG	R. Griffiths
R.. Gardner	C	W. Spindler
L. Barno	RG	J. Olinske
A. Whiting	RT	J. Dawson
W. Lee	RE	K. Howe
D. Hicks	QB	R. Bolyard
R. Florence	LH	C. Johnson
D. Butler	RH	S. Burton
K. Salyars	FB	J. Somers

Basketball Hopefuls To Pick Up Cards

All boys who are not out for football and intend to try out for basketball may pick up physical and parent's consent cards from Mr. Reichert. The cards should be completed and returned to Mr. Reichert not later than Wednesday.

Practice will start October 5 with a meeting for all those who have cards in by Wednesday. No cards will be accepted after October 7.

Stadium Lights Add Brilliance To Archer Field

144, 1500-Watt Lamps Change Kelly Arena Into Good Grid Site

Have you seen the "new" athletic stadium? Yes, it's the same old field with its hard seats; but 144 1,500-watt lights have been installed on six 80-foot poles to improve the field lighting.

Northrop Field has been the best football arena in recent years, but with this much-needed improvement, South's Stadium will take its proper place as a ranking area grid site.

In order to have the new facilities ready for tomorrow's home opener with Hammond Morton, work was begun in August, before school opened.

It was necessary to tear away sections of the crumbling walls where the poles were to be installed. Then concrete bases for the poles were poured.

Next the poles were assembled on the ground and the batteries of lights installed.

The poles then received a coat of green paint.

Finally, last Thursday, the old posts were lifted from the ground and the new ones inserted in their bases atop the stands.

The only work remaining to be done after that was the adjustment and wiring of the lights themselves. Workmen clambered up the poles to adjust the lights to the proper angle and wire them.

STUDENT MANAGERS: Bob Duncan, Dick Koch, Tom Donahue.

Carter's Corner

By Jim Carter

Crunch! South's grid offensive ground to a halt last Friday night at Indianapolis Shortridge as the Green went down to a 31-0 defeat.

Without making any alibis for the season's first defeat, it is easier to excuse a loss to the state's number three team.

Although the score did not look too good for the Archers, it could very easily have been far worse, and the underdog Kellys did their best. In this instance, however, their best was found lacking, as the Blue Devils proved entirely too strong for the South gridders.

With what will probably prove to be their most difficult test out of the way, the Archers have spent the past week preparing for their home opener against Hammond Morton tomorrow. Morton, a new addition to the Kelly schedule, should be somewhat weaker than the first two foes, Anderson and Shortridge. In fact, the Green will be definite favorites to grab this first contest in South's "new" stadium.

* * *

The past week end as a whole was rather disastrous to all Fort Wayne gridders, as not a single Summit City squad emerged victorious. Two defeats, those of South and Central Catholic, came at the hands of Naptown teams.

Central's Tigers sustained an open date, due to their schedule controversy with North Side, and their 1-0 record is tops in the city. They are the only remaining undefeated team after the second week on the firing line.

The Bengals return to action against Concordia at Zollner Stadium tomorrow, and the Blue will be solid favorites.

North opened its season Friday with a 20-6 setback at the hands of conference foe LaPorte. The Redskins looked about as competent as had been expected, as Brad Bendure scored the lone touchdown. Next opponent for the Red is South Bend Adams, where they appear to be in for a very sound whipping.

* * *

Concordia lost another fairly close one, this time to Wabash, by an 18-6 margin. The Cadets still failed to show a consistent offense in dropping their second straight.

Every team has scored at least one touchdown now, and Concordia's man in the scoring chase is John Dickmeyer.

Once again Central Catholic brings up the rear. The Irish were tagged with their second consecutive defeat by Indianapolis Scecina, 26-19. It was a heart-breaker to lose, with the tie-breaking score coming on the last play of the contest.

An extremely bright spot for C.C. was halfback Leroy Carcione, who dashed to the head of the city scorers with three jaunts to pay dirt. The Irish try their luck again tomorrow against South Bend St. Joseph at Northrop Field.

* * *

In "Hamblin's Ratings," the ranking of Hoosierland's top 100 grid squads by State Police Sergeant Bob Hamblin in the Indianapolis Star, South's Archers are ranked eightieth.

The state's top ten, according to these ratings are East Chicago Washington, South Bend Central, Indianapolis Shortridge, Evansville Memorial, Indianapolis Wood, Logansport, South Bend Adams, Gary Roosevelt, South Bend Washington, and Washington..

Fort Wayne squads Central and North are rated 38 and 72, respectively. These standings should be reshuffled by the end of the season.

Other interesting ratings are future Archer opponents Huntington, 14, and Goshen, 25. Anderson, beaten two weeks ago by the Kellys, is 84.

* * *

On the collegiate grid scene, Purdue's Boilermakers looked like anything but Big Ten contenders in a dismal scoreless tie with UCLA.

Purdue made almost every miscue in the book in outgaining their opponents by some 200 yards and still failing to score. Perhaps some of the rough spots will be smoothed out in time for their conference opener with Wisconsin on October 10. The Boilermakers have an open date this week end.

Louisiana State's defending national champs opened their season with a 26-3 conquest of Rice. The Bayou Bengals, with All-American Billy Cannon, look like possible repeaters.

Most of the college elevens open their campaigns Saturday, when the Crimson of I.U. will tackle Illinois.

* * *

No news of any variety can be complete this week without mention of Soviet Premier Nikita S. Khrushchev's visit to our country, so we present the following, from the Indiana Daily Student:

Said Ike to Nikita: "Tell me, Mr. Chairman, how do you figure Navy against Boston College"

"Futbol, fooey!" replied Nikita, through an interpreter. "Futbol is a bourgeois mayhem. I came to talk peace, not war. Pick 'em yourself."

Navy won, 24-8.

See you next week.

South Frosh Lose To North

Davis, Platz Score; Penalties Doom Green

South Side's freshman football team opened its season against North Side here Monday, September 14 with a 13-12 defeat.

Playing for the Green and White were Dave Meyer, left end; John Wolf, left tackle; Dave Tipton, left guard; Paul Slick, center; Bob Leininger, right guard; Sheppard Jefferson, right tackle; Sid Sherray, fullback; Tom Shine, quarterback; Oliver Davis, left halfback; Davis Platz, right halfback; and Dave Brumm, right end.

After the game, Coach Wayne Scott, commenting on the game, said that he liked the defense. Many good plays led to South Side's two touchdowns. Some of the good long runs were rolled off by Richie Werling, Dave Meyers, Dave Platz, Tom Shine, and Oliver Davis. Davis and Platz were South's only scorers. Davis scored three touchdowns, two of which weren't counted because of clipping penalties. Platz scored South's second touchdown.

The Archer freshmen fought hard and lost only in the last fifteen minutes. They never gave up until the last whistle.

Scoring by halves:

South Side	6	6	12
North Side	0	13	13

Rothberg, Parrott, Fredrick Elected As Class Presidents

Dick Rothberg, Chris Parrott, and Diane Fredrick have been elected presidents of their respective classes this year.

Class officers were chosen Monday from ballots containing the names of the original nominations September 21.

Senior officers will be Dick Rothberg, president; Dick McGaw, vice-president; Susan VanFossen, secretary; Janet Lawry, chairman of the social council; and Barbara Frederick and Ken Howe, members of the social council.

SERVING FOR THE junior class will be Chris Parrott, president; Bob Shine, vice-president; Evilou North, secretary; Sheri DeYoung, chairman of the social council; and Tom Duff and Sally Dill, members of the social

Assisting Diane Fredrick, president of the sophomore class, will be Dean Rice, vice-president; Deborah Brooke, secretary; Sue Horth, chairman of the social council; and Brenda Dull and Tom McMahan, members of the social council.

Among the responsibilities of the senior officers will be the planning of the senior reception, alumni dance, senior prom, and senior banquet.

Junior social events will include the junior banquet and the junior prom, while sophomore officers will be responsible for their class party.

DICK ROTHBERG has had much experience in class offices, as he was president of his junior class last year and served on the social council during his sophomore year.

Dick McGaw has served as secretary of his class for the last two years.

Barbara Frederick had experience serving on the social council last year and during Ken Howe's sophomore year, he served as vice-president.

Also serving as president for his second year will be Chris Parrott.

Evilou North was vice-president of the class last year, while Sheri DeYoung was last year's class secretary.

As a sophomore, Tom Duff served as social council chairman.

OTHER CANDIDATES appearing on the senior ballot were Merle Baldwin, Steve Bash, Terry Berk, Sally Burton, Penny Hunt, Jim Jackson, Bob King, Frank Lude, Steve Meyers, Winfield Moses, Kate Rastetter, and Dan Tritch.

Chosen for the junior ballot were Bob Bolyard, Sally Capps, Jim Carter, Beth Curley, Molly Dixon, Sylvia Ehrman, Jan Martindale, Dennis McBroom, Pam Olson, Dave Schwalm, Joan Stanton, and Jack Winder.

Other sophomore finalists included Bob Acker, Stan Alfeld, Sharyl Busch, Janet Christensen, Sally Franklin, Babette Jones, Larry Lee, Dave Meek, Terry Newendorp, Henry Persons, Bob Ramage, and Tom Wright.

Kellys Approach Goal In Last Campaign Week

52 Room Agents Get 100 Per Cent; Papers Will Not Be Free Today

Fifty-two room agents have made their goals as 134 Archers haven't subscribed for the Times, keeping their homerooms from getting 100 per cent signs and candy bars.

Students who have not subscribed will not receive a free issue today.

"With only one week remaining in the circulation campaign, all agents must get on the ball and must get those last subscriptions," stated Janet Terry, circulation manager.

Janet also announced the final meeting for all room agents will be in the study hall next Wednesday at 3:30 p.m.

The following is a list of room agents and the number of subscriptions they must get to receive 100 per cent:

Varsity, Honor Band Chosen; Orchestra Includes 61 Students

Band and orchestra tryouts under the direction of Mr. Robert Drummond are completed. Sixty-one students were placed in Concert Orchestra, 56 in Honors Band, and 46 in Varsity Band.

In Concert Orchestra those who will play violin are Allen Steere, Gretchen Meister, Carolyn DeVore, Vicki Sheldon, Carol Purdy, Nancy Swain, Karen Good, Geri Geller, Martha Lanning, Rosemary Capps, Jack Seigle, and Shelby Smith.

More violinists are Nancy Sprunger, Diane Leath, Karen Briggs, Marcia Good, Marcia Evilsizer, Jan Dinius, Gloria Barns, Bob Acker, Leslie Sipe, Cindy Miller, Becky Hostetler, Susan Bond, Bethany Bond, Kathy DeVore, and Linda Newell.

APPOINTED FOR cellos were Mike Church, Janis Ferber, Bonnie Smith, and Peggy Lee.

Judy English and Bill Ryan will play base fiddles.

The flute players are Merle Baldwin, Kay Keiffer, and Lauri Crapo. Those who made oboe are Carol Downhour and Carol Becher.

Clarinet players are Tom Cooper and Judy Eisenhut, and Anita Ferber will play bass clarinet.

The bassoon player will be Nancy Stauffer.

THE FRENCH HORN players are Tom McMahan, Dave Rood, Mike Bradley, and Sondra Stouder.

On alto saxophone will be John McNett and Sandra Petrie; and Judy Dunlap will play tenor saxophone.

Trumpeters are Mike Collins, Wendell Eicher, Dan Oesch, and Bruce Berlien.

The trombones will be played by Dave Dill, Warren Burns, and Chuck Clifton. Bill Stellhorn will play the tuba.

Percussion instruments will be played by Susan Parady, Fred Richardson, and Ron King.

Sharon Possell will play the piano.

IN HONORS BAND flutes will be played by Merle Baldwin, Kay Keiffer, Lauri Crapo, Sally Boyer, Lynne Goldman, Jeff Roth, Sally Franklin, and Gay Musser.

The oboes are Carol Downhour and Carol Becher. Carol Downhour will also play the French horn.

The bassoon will be played by Nancy Stauffer.

Tom Cooper, Judy Eisenhut, Dave Flanigan, Kathy DeVore, Cindy Miller, Sue Harrod, John Musser, David Moody, Barb Eggeman, Elaine Edwards, Brenda Harper, Allan Flowers, Mike Carter, and Marsha Bechtold will all play clarinet.

ALTO SAXOPHONES will be played by John McNett., Sandra Petrie, and Helena Kamm, while Judy Dunlap, Bonnie Smith, and Dan McCroskey will play tenor sax, and Dave Bauserman plays baritone saxophone.

Tom McNeahan, Dave Rood, Mike Bradley, and Sondra Stouder will play French horns. Trumpeters are Mike Collins, Wendell Eicher, Dan Oesch, Bruce Berlien, Allen Purdy, and Steve Pratt.

Dave Dill, Warren Burns, Byron White, Chuck Clifton, and Don Walters will play trombones, and Jack Seigel will play baritone.

Bill Stellhorn will play the tuba, while Ron King, Fred Richardson, Mike Ferverda, Susan Parady, Nancy Swaim, Carolyn DeVore, and Judy Garrison will be on percussion instruments.

APPOINTMENTS for Varsity Band are: flutes, Donna Barnes, Sharon Todd, Mary Ellen Braden, Judy Welty, Nancy DeBrular, Logan Smith, Nancy Baltes, Steve Lowens, Bella Dyson, and Ann Arnold.

Playing clarinets will be Sue Harrod, Donna Rudasky, Jim Feustel, Dave Schele, Ellen Lowe, Monda Tucker, Marsha Grabner, Kathy Petty, Sharyan Yerge, Susan Lotz, Jackie Phil Waltz, and Wayne Seele.

Saxophone players will be Carol Forsgren and Dick Moser, while on French horns will be Frank Lewis and Anita Kimball.

TRUMPETERS ARE Terry Smith, Ken Davis, Pam Walker, Steve Feustel, Bob Wasson, Jim Plummer, Steve Griffin, Bill Batchelder, Bob Suhr, Allen Sheldon, and Karl Krause.

Trombones will be played by Bill Wilder and Bill Branning, with Bob Gargett on baritone.

On tuba will be Nelson Kimball and Dave Reidenbach.

The percussion will be Mike Schoen and Joyce Cossairt.

Kelly Lawn, Shrubs, Flowers Get Care

The lawn around South Side received care during the summer months.

Mr. John Kowal and Mr. Kenneth Buckmaster spent muuch of this summer trimming and watering the shrubs and taking care of the lawn.

Shrubs planted by the students last spring are progressing very well. Mr. Davis said that out of 133 shrubs, only eight were lost.

The rose bushes on the north end of the building are still blooming due to the care given them.

Grass has been planted in the stadium, but due to the work being done, the water system has been damaged so the east side can not be watered.

Since school has started Mr. Buckmaster has fertilized the lawn and planted altogether 3200 tulip, crocus, narcissus, and hyacinth bulbs.

Kenny Howe and Carl Johnson of the Lettermen's Club work one hour each day. The Lettermen's Club takes care of the lawn and spends approximately $300 on it each year.

Picnic For Hi-Y To Be Monday

Terry Berk, Hi-Y president, announced that the annual fall picnic will be held next Monday at 5:30 p.m. in McMillen Park. All old and new members should sign up in Mr. Robert Weber's room sometime this week.

Chairmen for the picnic are Ted VonGunten, Fred VonGunten, and Jim Richardson.

A film and lecture on Thailand by Floyd Wilson, secretary of the YMCA, highlighted the entertainment portion of the Hi-Y meeting Monday night in the Assembly Room of the YMCA.

The remainder of the meeting consisted of the appointment of the initiation chairmen, Bob Duncan, Dave Barrett, Dick McGaw, and Nick Arnold, and the reports from the Hi-Y directory committee chairmen, Steve Bash and Bryon White.

Next Monday is the last time new members can join the club.

"We are especially looking for boys willing to contribute time, effort, and interest to Hi-Y," said Terry.

Emphasizing the importance of Hi-Y, Terry concluded, "Hi-Y is designed to create, maintain, and extend throughout the home, school, and community high standards of Christian character.

"Its platform includes four planks: Clean Scholarship, Clean Speech, Clean Living, and Clean Sportsmanship.

"Its outstanding function is to carry out service projects for the school, YMCA, and Fort Wayne.

"All junior and senior boys who subscribe to the purpose of the club are eligible for membership."

Early Typewriters To Be On Display

The Business Department will have an exhibition of early typewriter models in Room 184 for Open House next Monday. They will be kept on display Tuesday for the students of the business department.

The typewriters are being loaned to South Side by Mr. Paul Sprinkel, owner of Office Stationers.

The typing department has received six large typing letter posters to be posted in the front of the room as teaching devices.

All mimeographing will, from now on, be done by the business department. Sam Green, a senior, has been appointed in charge of it.

Angel Body, Marianne Pinkham, and Luanne Uhl are service workers for the business department and act as secretaries for the business teachers. This is the first time the business department has had general service workers.

New Safety Ideas Selected By Council

A flasher system in center hall, a slogan contest, and accident-free months were ideas approved at the first meeting of the Safety Council in Room 182 last Friday.

The members signed up for poster, program, accident reporting, bicycle, and special program committees.

Members selected by each homeroom and by the extra-curricular activities are urged by the officers to be present at the meeting tonight.

Parents Invited To Meet Teens' Teachers Monday

Kelly Parents To View Children's Schedules, Subjects, Classrooms

"Open House is to help parents become better acquainted with their child's subjects and teachers," explained Mr. R. Nelson Snider, principal. The annual back-to-school affair is slated for Monday at 7:30 p.m.

Parents will follow their child's schedule, starting with the homeroom period. Each period will be 10 minutes long. Teachers will explain the subject, requirements, and the homework. Time will not allow a parent-teacher discussion about an individual student's problems or capabilities, but teachers will give as much general information as possible.

Homeroom mothers will contact all parents and invite them to attend. "We feel that Open House will be very helpful and informative, and we urge all parents to come," added Mr. Snider.

CHECKING UP—Mrs. Francis Hoffman, center, PTA president, reviews the membership record with the chairmen for the PTA Mothers' Teas, Mrs. Basil McCoy, Mrs. K. McMahan, Mrs. Carl Ashman, and Mrs. E. M. Stanbery, left to right. Absent is Mrs. Robert Kaade.—Photo by Thompson

DURING THE homeroom period, each parent will be invited to join the PTA. Homeroom mothers will assist the teachers in selling memberships, costing 25 cents per person.

Open House is the first event on the PTA calender. The officers of the organization are as follows: Mrs. Francis W. Hoffman, president; Mrs. Jack Terry, first vice-president; Mr. Raymond Quance, second vice-president; Mrs. Charles Springer, secretary; Mrs. Dean Lockwood, treasurer.

Heads of the welfare committee are Miss Pauline Van Gorder, Mrs. Robert Lohman, and Mrs. Wallace Bash. Working under these co-chairmen as class chairmen will be Mrs. Howard McVay, freshman chairman; Mrs. Allen Sheldon, sophomore chairman; Mrs. Norman Miner, junior chairman; and Mrs. Norman Rolf, senior chairman.

CO-CHAIRMEN of the ways and means committee are Mrs. Lowell Redding, Mrs. Stephen R Capps, and Mrs. James Demetre. The class chairmen are Mrs. Leonard Harsh, freshman chairman; Mrs. Charles T. Harrod, sophomore chairman; Mrs. Walter Volmer, junior chairman; and Mrs. Frank Goldman, senior chairman.

Mrs. Carl Ashman is chairman of the membership committee. Mrs. E. M. Stanbery is freshman chairman; Mrs. V. K. McMahan, sophomore chairman; Mrs. Basil McCoy, junior chairman; and Mrs. Robert Kaade, senior chairman.

SERVING AS co-chairmen of the hospitality committee are Mrs. George Aright and Mrs. Herman Korte. Freshman chairman is Mrs. Charles Arnold. sophomore chairman, Mrs. Lester Krile; junoir chairman, Mrs. John Morell; and Mrs. J. F. Favorite, senior chairman.

Program chairman is Mrs. Robert Parrott. Mrs. Earl Woodign, Mrs. Richard Waterfield, Mrs. Arthur Bowman, and Mrs. A. N. Ferguson are freshman, sophomore, junior, and senior chairmen, respectively.

Mrs. Richard Vanderford is publicity chairman; Mrs. Glenn Reiff, publications chairman; and Mrs. Laverne Gelow is chairman of the legislature committee. Mrs. Lewis Nelson is in charge of keeping the scrapbook, and Mrs. Donald Robinson heads the scholarship committee.

Co-chairmen of the Study Groups are Mr. Ronald Gersmehl, Mr. and Mrs. Lawrence Dill, and Mr and Mrs. Sam Hunt, Jr. Music committee co-chairmen are Mr. Lester Hostetler and Mr. Robert Drummond. Mrs. Curtis Stein is chairman of the procedure and by-laws committee. And Mrs. John Martindale heads the character and spiritual life committee. Mr. R. Nelson Snider will serve as historian.

Newly Formed Dramatics Club Holds Election Of Officers

The organization meeting of the newly-formed dramatic club was held September 24, 1959, and presided over by Mr. William Applegate, English teacher, and sponsor of the new club.

Mr. Applegate stated that 36 Workshop was disbanded because of too many inactive members. Therefore, each member of the new club must be willing to work hard and participate in all the activities. He also stated that each student should have a sincere desire and a lot of interest in dramatics in order to join. An application was filled out by each student, and a membership committee was chosen to help screen the students. The people chosen for this committee were Kathy DeVore, Phil Spray, Sue Horth, and Kathy Sosinski.

THE MAIN BUSINESS of the meeting was the election of officers. Jim Jackson was elected president; Merle Baldwin, vice-president; Judy English, secretary; Pegeen Horth, treasurer; and Jim Carter and Jim Edwards, sergeants-at-arms. Joyce Brittenham and JoAnn High were appointed program chairmen. Later committees will be chosen to write a constitution and to pick a name for the club.

Plans and activities for the club consist of putting on play cuttings and having guest speakers, touring the Civic Theater, and possibly going to see Civic Theater productions.

Friday, September 25, 1959, marked the first board meeting of the new club. The membership committee screened the students and chose 60 members to start off the club. There will be a waiting list so all members must be active or they will be replaced. A list of members will be placed on the center hall bulletin board sometime this week.

THE ENTERTAINMENT for the first regular meeting, October 8, will be two play cuttings done by the officers. Starring in "Winterset" will be Jim Jackson as Mio, Pegeen Horth, Meriamme; Fred Musser, Trac; Chuck Clifton, the shadow; and Phil Spray, Car. The second play cutting, "The Blithe Spirit," will have Jim Edwards as Charles; Merle Baldwin, Ruth; Joyce Brittenham, Madame Arcatic; JoAnn High, Edith; Chuck Leopold, Doctor Bradman; Judy English, Mrs. Bradman.

Officers, Sponsors To Attend Workshop

Invitations to attend the club officers' workshop at 3:30 p.m. today in the Greeley Room have been distributed to a total of 70 officers and 23 sponsors. Philo officers will act as hostesses at the event.

The purpose of the workshop is threefold: to bring about more effective leadership in all the clubs, to discuss mutual problems, and to promote unity among the clubs.

Serving refreshments from 3:30 until approximately 3:45 will be Miss Price, director of the library, and the officers of the Library Club. The refreshments will consist of doughnuts and apple cider.

Junior Red Cross officials will distribute name cards to the other officers, and will also pass out special portfolios designed by the Art Club. These folders, given to each officer, will contain material pertaining directly to his or her own office.

Mr. R. Nelson Snider, principal, will speak at 3:45 on the purpose and importance of extra-curricular activities. Following his speech, the officers will meet in separate discussion groups. Secretaries will meet in Room 110, treasurers in Room 108, and presidents and vice-presidents in the Greeley Room.

Dads Sponsor Sport Program

In order that the sport program of South Side might have interested sponsors, the South Side Dad's Club has been organized.

The members of the club are fathers of boys on the varsity or reserve squads of the teams. They plan and sponsor many of the athletic programs during the year.

One of the club's purposes is to promote an interest in sports. The members also plan all athletic banquets and other special programs. A banquet to terminate the football season in November will be one of their many projects.

The club has no regular schedule of meetings which are held at South Side, as they are called by the president when the need arises.

Although the fathers of freshmen are not included, all other fathers whose sons participate in the varsity or reserve squads of the major sports are invited to join.

The membership fee is $2 for a year.

The officers are Dr. V. K. McMahan, president; Fred E. Junkers, vice-president; Robert B. Parrott, secretary; and Charles F. Kollman, treasurer.

Potter's Wheel Use To Be Demonstrated

A demonstration by Mr. Clyde Burte on the use of the potter's wheel will highlight the Art Club meeting Wednesday at 3:30 p.m. in Room 26.

Mr. Burte is professor of ceramics at the Fort Wayne Art School and of Cranbrook Academy of Art.

He has studied at Langdon's Commercial Art School and at the Cape Cod School of Art.

Previously he taught at the Dayton Art Institute. At the Fort Wayne Art School he gives day classes and also Tuesday night classes for interested high school students and adults.

His private studio is located in Melrose, O.

All South Side art students of one semester or more may join the art clubs. Others who would like to come for this demonstration only may contact Mrs. Ruth Fleck, club adviser, in Room 26.

Totem Staff, Managers Announced; 1960 Campaign To Commence October 12

Now is the time for all good agents to come to the aid of the Totem! This is the slogan chosen by Carol Miller and Geri Geller, circulation managers, to start the 1959-60 Totem Circulation Campaign.

"The goal is set at 1,500 subscriptions, and it is the sincere hope of the entire Totem staff that this goal will be surpassed," stated Carol and Geri.

Subscriptions and four advertisements are the only source of income for the Totem, so it is essential that the student body backs the Totem by subscribing. If enough subscriptions are not sold, the Totem will not be printed and money will be refunded.

The price of the 1960 Totem will be $3. This must be paid in full by December 11. In order for students to have their name printed free on their books, a down payment of 50 cents must be paid by October 23. Underclassmen wanting their pictures in the Totem must pay 35 cents; seniors must pay $1.50 for their pictures.

IN THE PAST, the Totem has been awarded the Medalist award from the Columbia Scholastic Press Association and the All-American award from the National Scholastic Press Association.

The Totem campaign officially starts October 12 and terminates October 23. A meeting will be held on Friday, October 9, at 3:30 p.m., in the Study Hall for all Totem homeroom agents. Instructions for the selling of the Totem will be explained at this meeting. Therefore, it is essential that all Totem agents attend this important meeting. Other meetings will be October 14, 21, and 28.

NOW IS THE TIME . . . . says Sunny Kaade, senior class editor of the Totem, to co-circulation managers Carol Miller and Geri Geller, standing. The girls are getting ready for the Totem circulation campaign, which begins October 12.—Photo by Thompson

The senior and underclassmen who sell the most Totems will be given free 1960 Totems.

KATE RASTETTER will serve as the 1960 editor, and Penny Hunt will

(Continued on Page 3)

Kelly Model A, Exploding Automobile Objects Of Devotion From Loyal, Car-Minded Archers

One-hundred and fifty dollars for a puff of smoke? Who would pay a price like that? Well, it all started one very hot day in July when Bob Shine, Bob Sheray, and John Biteman, class of '61, started out for a refreshing dip at the Orchard Ridge Country Club. Passing a gasoline station en route to the Ridge, they noticed a car for sale. That was it: they had to have that car.

Each was to pay one-third of the cost with a "use as needed" agreement as to when who got the car.

After the arrangements were made and the car purchased, the next thing to do was to take it apart and put it back together again. This particular car seemed to have a little wire trouble; but when the boys got finished with it, it had even more. The wires kept shorting and when they did the car went up in smoke.

When not working with their car the boys do manage to find a few hours to go to school.

Bob Shine is taking Physics 1, English 5, Algebra 3, and U.S. History 2. He is very active in the Times work and Lettermen's Club, and goes out for track and football. One thing Bob doesn't like is to have a lot of homework over the week end.

Dominating girls are Bob Sheray's pet peeve. He's taking Latin 1, Wood 1, U.S. History 1, and English 5. Bob goes out for track and football.

English 5, U.S. History 1, Algebra 4, and Physics 1 is John Biteman's schedule besides playing golf. He plans to go out for basketball this year.

The car is an old variety of Ford. It has a non-working, six-cylinder engine settled under a rustic hood with a $15 louvre job. The upholstery inside consists of a smattering of rusty springs, a few tufts of cotton, and several fragments of leather. The boys, because of periodical rains in this area, found it best to replace the failing top.

Another nice feature of this car is the pair of next-to-new chrome headlights. Pure caprice! It also has, like flowers on a garbage skow, four brand new white-wall tires.

The car has wire trouble and the boys have many problems. Whom shall we feel sorry for, the boys or the car?

It has a luggage rack, a spare tire on the fender, a '32 Studebaker engine, and 25 horsepower. What is it? Although it may sound like a rustic object which should be taken over by the curator of a museum, it is a prized car of Mac Wirick. It is not a shameful contraption either, for Mac is the envy of many guys because of his car. With his ingenuity and skill, he has worked on the car until it really looks "sharp"!

"Owning a Model T," said Mac, "is just as much fun as having a convertible." Mac has had two other cars besides this one, but states that this is his favorite of them all. When Mac bought the car, the former owner told Mac that the auto was in excellent condition in spite of its years. This was very true.

The car at the present time has had three different coats of paint. At first it was black; then a primer coat of red was applied, and finally a forest green was used to give the car a very clean-looking appearance. Maybe Mac was being patriotic to 'ole South Side when he decided to paint it Archer green.

The privileged girls who ride in Mac's car must meet certain qualifications. Mac states that he didn't like to see girls smoke or use foul language.

GOOD OLD DAYS—Pictured above are John Biteman, Tom Shine, Bob Sherry, and Bob Shine proudly admiring their Model A Ford coupe. Below, Bill Lentz and "Mac" Wirick ready themselves for a jaunt in Mac's 'way back when' '32 Studebaker.—Photos by Musser

Friend Bill Lentz comments on Mac's car: "It is the only car in which any key will fit the ignition. The back seat is real comfortable." Bill stated that sometimes he sleeps overnight in Mac's car.

Pushing the Model T to school in the winter time is a frequent but funny experience! It isn't so funny, however, when the accelerator decides to stick on a date.

Attention all girls! Mac intends to keep his car for a while. If you would like to take a spin in it, just live up to his standards of what he thinks a girl should be like, and let him know you're interested in his bomb!

Mac intends to become a chiropodist. He knows that this will be a tough course, so he is striving for high grades in school. He is also a member of Hi-Y, and was a member of the football team during his freshman and sophomore years.

Senior Tips To Frosh

Many bewildered freshmen walk down the halls of South Side asking themselves a question similar to this —What's going on? If you are one of these people, these Senior Tips to the Green might help you.

Sunny Haade—To freshmen who wish to get started off on the right foot, I recommend that they acquire efficient study habits and budget their time wisely.

Barb Wallace—The most important thing is study, but freshmen do not realize this until they are juniors or seniors. Also extra-curricular activities are very important, but do not get involved in too many of them.

Susie Vesey—Help-a-helpa.

Senior Soliloquy

Points Per Prominent Person

Helen Robinson . . . age, 17 . . . height, 5-4 . . . eyes, blue . . . hair, blond . . . course, college . . . favorite food, steak, french fries . . . subjects, English and chemistry . . . record, "Sea of Love" . . . pastime, knitting . . . fad, Don . . . singer, Johnny Mathis . . . TV shows, "Keep Talking" and "Loretta Young Show" . . . hobby, horseback riding . . . pet peeve, people who are inconsiderate in the halls.

Mike Church . . . age, 17 . . . height, 6 foot . . . eyes, green . . hair, light brown . . . course, college . . . favorite food, roast beef . . . subject, chemistry . . . record, "What Is Love?" . . . pastime, sleeping and reading "Pogo" . . . fad, flat tops . . . sport, golf . . . TV show, "Jack Parr Show" . . . singer, Johnny Mathis . . . color, blue . . . pet peeve, homework.

Carol Eisenacher . . . age, 17 . . . height, 5-4 . . . eyes, blue . . . hair, brown . . . course, business . . . favorite food, chicken . . . subject, government . . . record, "Mac, the Knife" . . . pastime, dancing . . . fad, short skirts . . . singer, Johnny Mathis . . . TV show, "Wagon Train" . . . activities, Red Cross and choir . . . pet peeve, boys that are not honest.

Dick Erb . . . age 17 . . . height, 5-10 . . . eyes, blue . . . hair, brown . . . course, college . . . favorite food, pizza . . . subject, Algebra 4 . . . record, "Mac, the Knife" . . . pastime, swimming and bowling . . . fad, blazers . . . sport, basketball . . . TV atcor, James Garner . . . singers, Kingston Trio . . . color, red . . . pet peeve, lazy people.

Bob King . . . age, 17 . . . height, 5-11 . . . eyes, green . . . hair, brown . . . course, college . . . favorite food, lobster tails . . . subjects, chemistry and mathematics . . . record, "Teen Beat" . . . pastime, Sue Sappenfield . . . fad, girls . . . singers, Four Freshmen . . . sport, football . . . TV show, "77 Sunset Strip" . . . activities, DeMolay and the Times . . . pet peeve, D.A. smokers.

The Chatterbox

By Julie Carr and Kathie Sosinski

Hail to the new Lettermen! Girls, have you noticed the proud faces they have been wearing? All kidding aside, the boys wearing the green really deserve the jackets for they all have worked hard for them!

Hey! Remember last year when we played North Side, how they all paraded around the stadium with candles, slamming our lighting system? We're going to scalp the first Redskin tomorrow that says anything about our lights THIS year! Our football stadium is looking sharp with its new lights and new entrances. Thank you!

How do you like the cheerleaders' football outfits? We think they're swell!

We have heard a lot of excuses as to why kids are delayed from getting home on time from dates at the stated time—but we never thought anyone would really rely on the "all-around" excuse! Just ask Linda Amos why Bob Oldsen (Concordia) brought her home at 1:30 a.m. instead of the deadline 12 midnight. Sounds a little fishy to us!!

Freshmen!!! You can not and will not realize the IMPORTANCE of your studies until it's too late (when you're a senior)! Take heed!!!

Each week we are going to present to some worthy person a genuine, metallic, engraved, majestic, gold-plated, historical, invaluable, famous Murphy's Hero Badge!! This week's recipient is Dr. Keith McMahon, father of Tom McMahon!

Claudia Stennes, Intelligent Frosh, Starting Out Right

Contrary to many teenage girls, Claudia Stennes admires and sincerely hopes that some day she will become like her mother. This is not meant to infer that all girls do not admire and respect their parents, but during adolescent years teenagers often have many difficult times with their elders. Such is not true in the Stennes home.

Homework Hound

On the College Preparatory Course Claudia Stennes is taking algebra, Latin, home economics, biology, gym, and health. At the present time Claudia is not planning to join any extra-curricular activities. She is mainly concerned with her studies, for she feels that her scholastic average is foremost in her high school education.

Claudia does, however, find time for many hobbies at home during her spare time. She has a large collection of dolls, animals, and various knick-knacks.

First-Hand Advice

Her advice as a beginning student at South Side to older upperclassmen is to not smoke or swear. She believes that the use of foul language by a girl is a filthy thing.

Miss Stennes also finds time to be an active member of her church. She is a member of the Wayne Street Methodist Church at Wayne and Broadway. She attends Methodist Youth Fellowship every Sunday evening, and finds it a stimulating and worthwhile organization. She is also a member of Girl Scouts.

This summer Claudia stated that she traveled west and up in Minnesota. There in Minnesota she visited friends and relatives.

Wise Thoughts

Her expectation of her high school education can be stated in her own words: "I want to prepare myself thoroughly for college. I hope that in a few years I can find a career for my life that will not only benefit me, but others also." Such a wise freshman!

Songs And Sayings

See You in September—Hi, here I am!
Sea of Love—Susie Bumgerdner's is Oliver Lake.
Teen Beat—Fred Richardson.
It's Such a Lonely Night in Paris—without Sue Sappenfield.
There Goes My Baby—off to college.
Lonely Teardrops—I fall for those summer romances.
Danny Boy—Dan Tritch.
Three Bells—Ding, Dong, Ding.
Mac, the Knife—Mac Wirick??
Open Arms—loaded with books.
Sleepwalk—to school.
I've Been There—to the new library.
Worried Man—Mr. Snyder.
I Must Be Dreaming—I don't have any homework.
Who's Fooling Who?—we're not getting such good grades!
Till I Kisesd You—I didn't have a cold.
The Mummy—I scare people!
Put Your Head on My Shoulder—(you'd better use a pillow).
What Is Love?—Ask Noah Webster.
Peace—I ask of thee ol' river.
Lavender Blue—Jane Glass' favorite color.
It Was I—who wrote this crazy story!

Temperate Twosomes Influence Thermometers Around South

Good morning, folks! Here is your up-to-the-minute weather report on the condition of Archer couples around South Side.

-15°—Very Cool Romance
Evi Nort hand Tom Ogles
Dorothy Dildine and Gary Probst
Penny Hunt and Roy Strohl (North Side)

0°—Breaking the Ice
Susie Scott and Jim Jackson
Cindy Miller and Dan Oesch

15°—Chilling Off
Judie Welty and Jim Edwards
Judy Wilburn and Steve Feustal

25° Fair and Warmer
Susie Horth and Chris Parrott
Babs Jones and Dave Meek

35°—Sunny Days Ahead
Judy Koch and Kenny Buchan
Carol Fischer and Bob Douglass (Elmhurst, '55)

50°—Warming Up
Martha Dixon and H. H. Persons
Penny Thorn and Nick Demetre

75°—Rise in Temperature
Sally Franklin and Jim Carter
JoAnn Bixby (Elmhurst) and Stan Redding
Nadine Wilson and Gale Johnson (North Side)

85°—Continually Warm
Kay Sheean and Don Miller ('59)
Nancy Thayer and Jim King (New Haven, '58)
Leslie Malone and Terry Van Blaricom

95°—Torrid Temperature
Zorana Toscos and Carl Johnson
Marsha Rolf and Kenny Hyman ('59)

105°—Steaming Humidity
Gretchen Meister and Fred Van Fossen ('59)
Nancy Stillwell and Jim Blackburn
Ramona Byrd and Bob Bower ('59)

115°—Tropical Heat Wave
Sharon Zelt and Steve Jones ('58)
Susan Bechtold and Al Fry (Central, '55)
Sandy Collins and Gary Noll (Salem Center, '57)

Homeroom News

Sue Rousseau, Homeroom News Editor

The vogue in Homeroom 154 this summer was trips, trips, trips! . . . Nancy Hurley and her sister traveled to Houston, Tex. . . . Pam Holtzberg and Kathie Sosinski buzzed down to Kentucky. Their report of the trip, I quote, "We all had a lil' ole' riot' . . . Susie Heidbrink developed her muscles by paddling down the Fawn River in Michigan. Susie also did some skin-diving . . . Jim Jackson trotted up to the Lake of the Woods for a one-week fishing trip, and Betty Jackson found time to see Edgewater, Mich., and Cleveland, O. . . . Carolyn Isch went on a two-week trip to the Sault Ste. Marie in Michigan . . .

But along with the players, we had some workers, too! John Hosler was employed by Scott's Market on Fairfield . . . JoAnn High worked at the Wayne Hobby House Restaurant . . . Susie Hoard was a junior counselor at the YWCA Camp on Dallas Lake . . . Franny Hoffman worked also.

Our homeroom teacher, Mrs. Spray, who is beginning to adjust herself to us, spent several weeks at the lake after teaching summer school at Central High School. She needed a vacation after us last spring.
tion after us last spring.—Susie Hoard, reporter

* * *

Peggy Schmidt, Nancy Robinson, and Stewart Schmitz of Homeroom 26 found out what it was like to "sweat it out" last summer, when they attended typing school during those hot summer weeks. Peggy and Stewart took typing at the International Business College for four weeks and Nancy took it at Central for eight weeks. They hope sometime in the near future to use their "skills."

Peggy Schmidt was also busy doing other things. When she got tired of swimming in her backyard swimming pool and riding her family's bicycle built for two, she, along with her family, took a trip into the wilds of Minnesota. This is one trip that Peggy will never forget, for during this time she discovered her own little island.

Patty Schieb visited the State Fair last summer . . . Dave Rodenbeck visited New York City after going to camp at Lightning Dude Ranch.—Nancy Robinson, reporter

Mike Ewald went to Key West, Fla., where he went swimming and deep sea fishing. (Some people have all the luck!) On his return trip he saw the beautiful sights of the Smokey Mountains. Sandy Fast spent most of her summer sitting in a hospital room, entertaining her boy friend. (These loyal South Siders!) Dan Ellis spent a week in Cyril, Okla. . . . Betty Ensley went to Big Blue Lake for the first time and also appeared on Club 21. Sandy Etler attended quite a few record hops and spent some leisure hours at the lake . . . Penny Frey was also up at a lake. The Freys have a cottage on Big Long Lake and Penny spent her summer there. We would like to extend a hearty welcome also to Penny who is another new student in our Homeroom 8.

Ron Ehrman appeared in the first Music Festival Theatre play, "Plain and Fancy." (Do we have a future Broadway star?) Ron also learned to water ski at the lake. Jim Evans spent most of his summer constructing a telescope which he says works very well.

* * *

Jack Harter spent many days at Lake James learning to ski. It took a Criss-Craft with a 300-horsepower motor to get him up. Jack had only one close shave. That was when he almost hit a rowboat, going 40 miles per hour on skiis. Poor rowboat! . . . Mark Hagerman visited the East Coast part of the summer and also spent a lot of time at Clear Lake, painting boats, and docks for the ski club . . . Diane Hall babysat part of the summer. She took trips to different lakes including the Great Lakes . . . George Gosheff and family took a trip to New York. He liked the Empire State Building best of all. He also spent some time at Tri-Lakes and Big Long Lake . . . Karen Guy took a few trips to Chicago and also visited Big Long Lake . . . Larry Gerig had to drop football near the end of the summer because Fred Bowin stepped on his feet during practice.—Bob Hendricksen, reporter

Three Archers Prove Skills In State Skiing Tournament

WHERE'S THE WATER . . . . There isn't much here, but these Archer skiers saw a lot of it this summer. Displaying the tools of their trade, with which they won several trophies, are, left to right, Jim Somers, John Somers, and Diane Beams.—Photo by Thompson

Water skiing was enjoyed by many people this summer, but few felt skilled enough to participate in lake or state tournaments and then win. South Side is fortunate enough to have three such talented people within its walls.

Diane Beam's family owns a cottage on Snow Lake which has enabled her to ski for about four years. This year she entered the ski tournament at Lake James and through her ability and hours of practice she was able to take third in the slalom.

Jim and John Somers have been skiing for nearly five years on Lake James where their parents own a cottage. The boys have entered lake and even state tournaments and have won awards in slalom, jumping, and overall skiing.

Setting his sights on being a doctor, John is taking English, physics, Geometry 3, and U. S. History 1. He goes out for a wide variety of sports and collects silver dollars as his hobbies.

Physics, English 5, Geometry 2, and U. S. History 2 are being taken by Jim this year. He enjoys many of the same hobbies. Both attend the First Presbyterian Church.

Indiana University is where Diane is headed when she gets through South. To prepare for this she is taking English 7, U. S. History 1, Spanish 3, and Government 1.

Colorful Vocabulary Essential For Selling Ideas, Hopes, Plans

In the competitive world of today, it is essential that one be able to express himself in a clear, effective, and intelligent manner.

When it comes to seeking a position in the business world or impressing ideas, hopes, and plans on others, thise persons with a large and colorful vocabulary will be the most successful.

English teachers suggest that when a student reads, he should keep a dictionary near in order to look up all words strange to his vocabulary. Both this method and the quiz below will help enrich a person's word power.

1. **innuendo**
   A. wit, B. innocence, C. insinuation.
2. **spawn**
   A. to produce, B. spatter, C. to reject with distaste.
3. **maudlin**
   A. tearfully sentimental, B. slavish, C. corrupt.
4. **gaucherie**
   A. puzzling statement, B. awkward or tactless action or speech, C. witty remark.
5. **palpable**
   A. foolish, B. trembling, C. obvious.
6. **disintegration**
   A. penetration, B. gradual decay, C. deception.
7. **somnolence**
   A sympathy, B. inclination to sleep, C. wakefulness.
8. **ultimate**
   A. final point, B. exaggeration, C. size.
9. **prototype**
   A. dignitary, B. photographic print, C. model.
10. **matriarch**
    A. woman of wealth, B. woman who rules a family, C. woman of health.

The following are the right answers: 1—C, 2—A, 3—A, 4— B, 5—C, 6—B, 7—B, 8—A, 9—C, 10—B.

Source Of Explosion In Female's Purse

Crash!

The sound you have just heard was not from a nuclear bomb test at Cape Canaveral. You might say that it came from a sort of bomb for this "thing" is about as dangerous.

It all started one sunny afternoon as I was walking down the street. Suddenly I heard a tremendous crash. After recovering from the shock of the impact, I proceeded with caution to find the source of this "explosion." To my surprise, I saw a teenage girl standing in the middle of the street, the contents of her purse scattered all around.

Sizing up the situation, I decided that my first course of action would be to set up detour signs along the street (I knew that it would take several hours to clean up the mess). Next I started to pick up the various articles.

They included such things as 10 tubes of lipstick, a broken bottle of fingernail polish, an old ball pass, several assortments of gum and candy wrappers, two or three combs (one with teeth, two without), a couple of old love letters, an unmailed get-well card to a friend who has been out of the hospital for five weeks, a broken mirror.

Last but not least, an assorted collection of bottle caps. After squashing everything into her very tiny purse, I handed it to her. She thanked me and proceeded merrily on her way.

I turned and started walking away. Suddenly I heard a tremendous crash . . .

Fall Fashion Mode Reflects Fresh Look Of Last Year's Style

Gazing into the crystal ball of fall fashion we see shaggier sweaters, boundless boots, crazy colors, and plaid pouches. Many of last year's styles have returned, such as danskins and trench coats, but the keynote this year is new, new, new!

What are the opinions of South Siders on the new fashions? Let's have it, boys, what do you think about the way girls dress?

Bob Rice: I don't like danskins and some of the crazy outfits I've seen on girls this year. I think slacks should be worn to football games, especially on cold nights when girls who wear bermudas turn blue.

Dennis McBroom: It doesn't bug me when girls wear tennis shoes to school, but I draw the line when they plod around in desert boots. I think sweaters and skirts are the sharpest thing for school.

Bob Hagg: What really looks horrible are those socks girls wear that roll down to a big glob at the bottom, like from Crashville. Crew-neck sweaters, tennis shoes, and white outfits are from Smashville. Sensational!

Here is your chance to get even, girls. What do you think of the way boys dress?

Mimi Ilinman: I love the Ivy League drab olives that the boys are wearing this year. Generally, the well-dressed boy in clean-cut clothes is tops. Pegged pants and other extremes are definitely out. By the way, Dennis, two shoes are a lot more fashionable than one.

Mary Keegan: I think boys should dress casually, but without going overboard. Levis are out for school. I like the Ivy League, bulky sweater, loafers, and trench coat look, the more collegiate the better.

Sandy Miller: Boys look sharpest in khakis and crew-neck sweaters for school. Only one complaint: I don't think boys pay enough attention to whether the colors they wear together look all right or not. I think this is more important than hvaing an expensive wardrobe of odd colors.

Courage, Strength Built Land Of High Ideals

Editor's Note: This is a third in a series on the editorial "My Country 'Tis of Thee." This editorial deals with "Land where my fathers died, land of the pilgrim's pride."

By Cheryl Summers

Who can look back over America's history without being infinitely proud and thankful that our country was founded by people with courage, perseverance, and high ideals?

For many generations our predecessors have faced continual problems and discouragements; but with courage and the conviction that this was the "land of the free and the home of the brave," they built America.

Seeking Free Religion

The land the pilgrims prided was a land where they could worship God as they wished. That land was our land, America; and the pilgrims were the first people to come here seeking the freedom of religion which they couldn't find in the Old World.

Although more than half of them died that first winter, the rest stayed on because they were firmly convinced that it was right for them to remain, however great the hardships.

Strife For Life

No one can think of a land where our fathers died unless they think of that long, hard winter at Valley Forge. Here the shoeless, bleeding feet of cold and hungry men left on the white snows of winter their red badge of courage. These frost-bitten, half-starved men survived that winter and came out all the better for it because they had something to live for and something to fight for: freedom and the birth of a new nation.

After the new nation gained her independence, she had to organize herself and establish a strong governmental foundation. The slaves were freed by the Civil War, and this created more problems to be solved.

Then came World War I, a severe depression, and another world war, World War II. These were hard times for everyone, and millions of our young men died on the battlefield fighting for their country and her Allies who were trying to rid themselves of Hitler's dictatorial rule.

Struggle For High Ideals

Throughout the years Americans have been fighting and dying for a country whose high ideals they believed in. This fact along with our democratic type of government has made America outstanding among the nations of the world.

We must continue the work of our forefathers to keep our country peaceful, free, and independent. As Jess Gorkin, editor of the Parade, recently said: "The American system was born from the bloody triumph of our forefathers over despotism. Out of the wilderness they wrested a mighty civilization. Since those stirring days, we have met changing conditions with new ideas. Our economic growth has been matched by political and social progress. Now we face the future with boldness and imagination."

"Blessed is the nation whose god is the Lord!"

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

Talented Miss Ann Arber Tells Of Theater Experiences, Roles

The stage is not only a world of entertainment, but also glaring lights, powders and creams, unbelievable glamour, and exhausting work. Miss Ann Arber, English teacher, having acted since the age of three, is well acquainted with the many phases of the make-believe world of show business.

Miss Arber has portrayed many and varied characters in approximately 50 television and stage productions. Because of the large number of roles created by her, Miss Arber commented, "Every character that I create is my favorite; therefore, it's almost impossible to select a special one."

She added that Queen Gertrude in Hamlet and Sarafina in the Rose Tatoo, completely different types of roles, have been extremely enjoyable to characterize.

\# \# \#

IN 1958, MISS ARBER won the Anthony Award for the best actress in Fort Wayne.

Miss Ann Arber

She received her first training in dramatics as a child. Her mother decided that she should begin at the age of three.

"I have been exposed to this type of entertainment so long it seems a natural occurence for me, not only to enjoy participating in creative activities, but also to enjoy watching them," Miss Arber commented.

Miss Virginia Withey, a drama coach, was the first to give her extensive drama training. Miss Arber received additional instruction in high school as she selected all courses offered in drama, speech, and writing.

Miss Arber also majored in dramatics in college and received a Bachelor and Master degree in speech and theater.

\# \# \#

MISS ARBER SPENT three years in New York as a professional actress appearing in television shows and off-Broadway productions. While in New York, she also was a pupil of Tamara Dayhanova, who studied under Stanislavsky, the innovator of the realistic method of acting.

Unpredictable events have happened to everyone, and Miss Arber is no exception. During a dramatic scene in "Hamlet," the train of her costume caught on a nail. Although she was supposed to move, she played the rest of the scene on the stairs.

Finally, because the audience's attention was diverted with the entrance of another actor, she was able to kick herself loose and continue.

\# \# \#

ALTHOUGH TEACHING English is her main occupation, she soon will conduct creative drama classes for students seven to 18, at the Civic Theater. Miss Arber insists, "I will not coach these students in dramatic monologue or plays. Creative drama of the impulse should arise from the student."

When asked if she would ever give up teaching in order to devote her time to acting, Miss Arber replied, "Oh, I couldn't do that for I gave up acting for teaching."

Cafeteria Serves 400 Per Day; Student Positions Announced

Did you know that nearly 400 students are fed in the cafeteria every day of the school week? This figure indicates approximately 2,000 students eat there in a week! A full house such as this needs many helpers and a qualified supervisor.

Mrs. Clarence Traster is the new cafeteria manager. Student cafeteria workers are: Linda Niblick, Louise Jackson, Ruth Beyerlein, Diane Gebhard, and Sally Gilbert.

Others are Sandra Bodkin, Pat Arnett, Gertrude Gerardot, Ed Musice, Pat Mertens, Jim Bailey, Eileen Ray, Wanda Millraney, and Bob Bartel.

These students work during fourth or fifth periods, depending on their lunch hour.

"Sloppy Joes and mashed potatoes are at the top of the list of popular foods," stated Mrs. Traster. "I believe the students really miss the peach pie on the days we don't serve it," she concluded. The lemon drink was voted the best liked in hot weather, while homogenized milk is preferred through the winter months.

Many new items are on the menu this semester, and all are at very reasonable prices. This, and the fact that the cafeteria and the food have been designed for greater student appeal may be an important factor in the increase in service. An approximation on the receipts of this year, and those of last year, show the cafeteria is now serving a greater amount of students.

South Side, along with other city high schools, is in an organization concerning cafeteria service. The profits from the cafeterias go for the needs of the schools. Our new cafeteria is considered a great success, particularly because of the good recommendation of the food and the pleasant atmosphere.

Are Our Teenager's Spoiled? Archers Comment On Question

Some of the most popular, influential and important Archers give their opinion on the ever timely question: "Are American teenagers spoiled?"

Bill Stellhorn says, "Yes, we're a bunch of spoiled brats. That's why the Times is so good."

Pat Shuler commented, "I'm spoiled . . . but I love it."

Ken Leakey and Jane Augsburger agreed, "Nuh!"

Sally Capps says, "I don't think they are as thankful as they should be for what they have in comparison to teenagers in other parts of the world."

Bill Rastetter replied, "No, but I wish that I could get everything I want."

Tom Felger says, "They are more insecure than spoiled."

Susie Berk replied, "Yes, because we have all the advantages a prosperous nation can give us. Others are not as lucky as we are."

Dianne Petznick commented, "Those that are showered with mostly material values usually are more so than those who have received the most love and affection."

Edee White didn't care to comment. Sob! Sob!

Dianne Frederick believes that teenagers are not spoiled. "We slave our fingers to the bones 23 hours a day."

Miss Harvey was consulted to get an adult's opinion. She said that, "The children of today are no more spoiled than the children of yesterday."

Pat Bailey says, "No, I think they are O.K."

Erin Rose replied, "No, teenagers are not any more spoiled than any other of children."

Jim Carter said, "Yes, and I like it."

Nancy Robinson says, "Yes, but who's complaining?"

Susie Horth replied, "Yes, definitely compared to foreign teenagers, but I'll bet they like our 'spoiled' way of life."

Nick Roembke answers, "You can't say that American teenagers are and others are not. There are spoiled teenagers all over the world. America may have more only because of the riches she possesses."

Ken Howe replies, "This kid is."

Margie Terry says, "I plead the Fifth Amendment."

Sally Gelow says, "Yes, mostly me!"

Sue Hiller, "I think, that for the most part, teenagers of this day and age have too much free money, and not enough parental influence in spending."

Senior Sam Green To Run Mimeograph

If any student has had trouble reading his mimeographed test questions during the first weeks of school, the situation has been remedied. The Business Department is using the services of Sam Green, Senior B, as the mimeograph operator.

As a service worker first period, Sam was trained to run the machine by Mr. Ernest Walker.

His main responsibility is the reproduction of stencils prepared by the teachers. He will also be responsible for the condition and cleanliness of the equipment located in the office.

Designers Plan Program

Designers' Associated Club will meet next Wednesday at 3:30 p.m. in Room 120 to plan the program for the coming year.

The program will include tours, outside speakers, and special films.

Soph Tom Thieme Travels To Norway; Sees Scenic Beauty

Some people collect stamps for a hobby. Others work with radios and other equipment. Travelling is the hobby of Tom Thieme. Tom has travelled extensively in the United States. In recent years, he has travelled abroad.

On June 2, 1959, Tom went to New York to meet his brother. He flew to Bergen, Norway, where he met his parents. This was a dream come true for the Sophomore A. Tom, along with his brother and his parents, Mr. and Mrs. Wayne L. Thieme, spent eight days in Norway.

It took one night to reach Bergen, Norway. They stayed in Norway for eight days. During the eight days they went to the North Cape, and along the coast of Norway. They saw the M. S. Oslo fjord while on tour.

Tom's favorite sights were on top of the North Cape and at Hammerfest. He explained, "North Cape is on the top of a mountain which you have to climb. Hammerfest has a large mountain behind it. When you climb the mountain, you get a very beautiful view."

When asked if he would like to live in Norway, Tom commented, "In the summer it would be nice. I didn't particularly care for the climate, the mountains, or the people. I enjoyed my stay in Norway but it was good to return home."

While sightseeing during the day, Tom noticed that the Norwegian people are very much like Americans.

The Thieme family stayed on the ship at night. On this same ship, they sailed home in five days.

Tom has many memories of Norway as he returns to his studies at South. He is sharing his experiences with his classmates and with everyone in his homeroom, S-5.

H.R. 142 Banks $50.60 Sept. 22

The total amount of receipts received the week of September 22 was $317.75.

The three rooms which turned in the most receipts are first, Miss Mary Crowe's Homeroom 142; second, Miss Edna Shideler's Room 79; and third, Miss Edith Reiff's Room 140.

Miss Crowe's room had $50.60 in receipts. Second-place Room 79 had $32, and in third place with $22.50 was Room 140.

Philo's Programs To Be Announced

All junior and senior girls maintaining a B or above average in English may attend Philo's second meeting Monday at 3:30 p.m. in the Greeley Room, when the program for the year will be announced.

Appointments for chairmen were made during the organization meeting of Philo last Monday.

Appointed to the various positions of the club were: Song leader, Cathy Lee; pianist, Sharon Possell; bulletins, Marsha Eaton; scrapbook, Susan Menze; posters, Susan Bond; placing of posters, Marilyn Miner; thespian chairman, Barb Eggeman, and assistant thespian chairman, Ellen McCarron.

Sophomore 2 Girls Trounce Seniors 7-2

The Sophomore 2 team defeated the Seniors 7-2 in Upperclass GAA Speedball Monday night in the gym. The Juniors defeated the Sophomore 1 team, 5-0.

Pam Buzzard and Sandy Heidbrink were the high scorers for the Sophomore 1's. High scorers for the Seniors were Judy Garrison and Jane Glass. High scorers for the Juniors were Connie Dennis and Donna Barnes.

Members of the Sophomore 1 team are Alice Ashton, Tamara Beaty, Sherry DeBaillie, Sherry Hall, Jane Ladig, Margie Lehman, Marcia Melching, Sue Merchant, Nancy Nichols, Nancy Pfeiffer, Sharon Krakower, Jan Spuller, Sharon Todd, Mary Zimmerman, and Dayna Harader.

Fifteen girls belong to the Sophomore 2 team: Ann Hechler, Marjorie Bloom, Gretchen Brumm, Pam Buzzard, Joyce Cossairt, Bella Dyson, Beverly Fromm, Sandy Heidbrink, Janice Nahrwold, Flora Reynolds, Barb Uhl, Sharon Shuler, Marcia Marschand, Sandy Walton, and Martha Bonnell.

Alberta Bonnell, Val Callahan, Connie Denis, Sandy Dolson, Mickey Flaig, Carol Hofer, Barb Markiton, Leslie Sipe, Linda Vollmer, Joan Erck, Diane Spencer, Shirley Stahlhut, Donna Barnes, and Janice Garrison are the Junior members.

Members of the Senior team are Luann Uhl, Nancy Baltes, Barb Burdick, Shelba Cox, Jane Glass, Sandra Grodrian, Jan Kessler, Peggy Markin, Barb Nahrwold, Joy Walling, and Linda Wolf. Alice Ashton, Ann Hechler, Val Callahan, and Luann Uhl are serving as captains.

Kellys Study Hard For Good Grades

Mrs. Schone's gym classes are studying speedball rules. These techniques must be learned to play the game effectively.

Mrs. Schone's dance classes are doing minor exercises which will tone the muscles and prepare the girls for future exercises.

Mrs. Elizabeth Smith's home economics classes are studying different styles of clothing and what styles would be best for each girl. The classes will begin their first project in about one week.

Mr. Hauk's Chemistry 1 classes periods 4 and 7 have taken up the study of atomic structure, symbolism, and formulas.

Miss Young's Geometry 1 classes periods 2 and 5 took a test over the study of lines and angles. High grades were made by John McNett, Carol Berher, Bill Wilder, period 2; Diane Fredrick, Debbie Brook, Sue Kelly, Doug Edwards, Karen Swygert, Sandra Stanner, Tom Irmscher, Dayna Harader, and David Allen, period 5.

Miss Rehorst, home economics teacher, is greatly pleased with the improved facilities of the new sewing room. The room includes four new Singer machines which have not yet arrived, and one large table used for cutting.

The new room, Room 86, has recently been tiled and painted, making its appearance more becoming and pleasant to the teacher as well as the students.

Mr. Block's Citizenship 1 period 5 class has been studying the rules pertaining to various areas of the school. They are now starting to study the extra-curricular program offered at South Side.

Mr. Block's Citizenship 2 classes periods 3 and 6 have recently begun the study of Persons and Personalities. Also, one day out of the week has been set aside for discussion of current events.

Mr. Block's United States History 1 period 2 class studied the Colonial Period. They have been working on maps, special reports, and spending one day on current events. High grades on a test were made by Mary Spindler, Bruce Foltz, Marilyn Taylor, Dieter Hillerbrand, James Stumar, and John Nader.

Mr. Baker's industrial arts class is studying Wood 1. They are learning to use their hands and various types of tools. Identification of different kinds of wood will also be undertaken. The boys are to make small wood projects such as cutting boards and letter holders.

Mrs. Frankenstein's Business English class is studying the use of commas. In shorthand, brief forms are being learned. Types of businesses such as corporations, partnerships, and proprietorships are the current topics in Mrs. Frankenstein's marketing class.

Mrs. Grimshaw's three classes in Spanish 3 are reviewing what they forgot during the summer. Spanish 1 classes are speaking Spanish, answering and asking questions, and memorizing phrases and dialogues.

Mrs. Sosenheimer has five English 1 classes. Four of these classes are reading short stories in literature and studying parts of speech. The fifth period class is reading the novel, "Jonathan Goes West," and writing letters.

In Mrs. Luse's Geometry 1 period 2 class seven students made 100's on a recent test. They were Nancy Mae Bain, Charles Borarnd, Terry Dibert, Robert Hawkins, Richard Vaughan, Terry Hoff, and Alan Mitchell. Keith Snavely, Denny Truitt, Judie Welty, John Smith, Ann Ellia, and Glenda Kayser made 97's and Steve Grizfin and Martha Bonnell made 93's. On another test, Terry Hoff and David Rieman made 100's. A 95 was earned by Robert Hawkins.

Seven students in Mrs. Luse's Algebra 4 period 1 class received perfect scores on a recent test. They were Edwin Heuer, Jim Jackson, Bob King, Richard Moser, Grant Osborne, Shelby Smith, and Richard Spencer. Grades in the 90's were made by Steve Bash, Mike Church, Charles Clifton, Robert Gifford, Nelson Kimball, Bill Lentz, and Nick Miller.

Eighteen students in Mrs. Luse's Geometry 1 period 3 class made 97 or above on a recent test. They were Tom Ables, Karl Bandemer, Kay Carrier, Judy Evans, Phil Geller, Judy Handy, Charlie Hohman, Joe Kraick, Lois Lerch, Barbara Monser, John Nickels, Marna Reiber, Ron Rice, Deloris Shadowens, Jim Smith, Aletha Staight, Joyce Stocks, and Dennis Vebert.

Grades of 100 were made by Jerry Blessing, Janet Christensen, Marilyn Cole, Lane Grile, Diana Hess, and Karen Simmons on a recent test in Mrs. Luse's Geometry 1 period 4 class. Four students made 96's or 98's on this test. They were Bonnie Russell, James Rondot, Frank Lewis, and Lee McClymonds.

Tom Erb, Tim Grodrian, and Susan Moyer received 100 on a recent test in Mrs. Luse's Algebra 2 period 7 class.

Mr. Graber's English classes have done very well on a three-paragraph introductory theme.

The English 4 and 5 classes of Mr. Graber are going to write a theme on their favorite hobby or sport in class Friday.

Twenty-one students in Miss Perkins Spanish 1 period 1 class received 90 or more on a recent dictation test. They were Stuart Schmitz, Sandra Bredwn, Sally Mallough, Kathleen Harris, Cynthia Kared, Bonnie Head, Nancy Ahearn, Charles Bodenhorn, Sally Boyer, Margaret Burnett.

Also Ronald Davids, Carolyn DeVore, Robert Herzog, Jacqueline Kunhus, Margy Mercer, Vicki Metter, Billy Palmer, Sandra Petrie, Imogene Pollow, Gary Probst, and Julie Wadlington.

In Miss Perkins French 1 period 3 class, Janet Martindale, Evilou North, Sharon Possell, Nancy Rose, and Joan Rothchild made 100's on a recent three-chapter test. On the same test, 90 and above scores were made by Linda Adams, Patricia Bailey, Mary Ella Braden, Kay Bradley, Sally Gelow.

Also Leslie Green, Steve Huffman, Gretchen Meister, Gaynel Musser, Sandra Starke, Terry Smith, Mary Jane Spindler, Susan Stauffer, Bonnie Strutz, Donna Weinraub, and Mary Yore.

Jean McGinley made the only 100 on a test in Miss Perkins' French 1 period 4 class. Marks of 90 or above were made by Janet Brenn, Sally Capps, Sally Freeland, Nancy Gift, Susan Gough, Sylvia Hileman, Betsy Junker, Bob King, and Paul Leipold.

Also Mary Jo McDonald, Karen Miller, Diana Ornas, Kathleen Otis, Ann Plogsterth, Kenneth Richard, Joanne Rose, Ann Shilling, Ruth Sprunger, John Stein, Sandra Tannehill ,and Margaret Terry.

Receiving perfect scores on a quiz concerning the systems of the body in Mr. Brown's Health 1 classes were Dave Brumm, Matt Cornacchione, Ken Davis, Lex Smuts, Jerry Berry, Connie Caley, Marla Habecker, Sue Roemer, and Sharon Stetner.

Mr. Collyer's General History classes are studying the people of ancient Egyptian civilization and Tigris and Euphrates Valley. They are also making oral reports on subjects of interest on these people.

Mr. Sage's Algebra 3 period 3 students with the best scores on a recent test were Craig Holmes and Evan Bergwell. Mr. Sage's Algebra 3 class is currently studying graphing, and his four Geometry 2 classes are studying loci.

In Mr. Motz's gym classes, the boys warm up by doing calisthenics, then go outside and play touch football. Touch football will be played until the weather becomes too cold to go outside.

Mr. Petty's Algebra 1 classes had a test over the second chapter. Those receiving 100 in period 2 are Janet Brenn, Sherry Ann Martin, Carol Ann McVay, Judy Ann Schumn, and Julie Wadlington.

In period 3, there were only two receiving 100 per cent—David Aubrey and Howard Hoffman. Those in period 7 are Dianne Ball, Nancy Bowman, Ann Flickenger, Sylvia Hileman, Jerry King, James Kuker, and Ellen Stanberry.

Mrs. Keegan's gym classes are practicing speedball techniques, while the dance classes are working on the modern dance steps.

Linda Amos, Sarah Dill, Rita Hessert, Steve Kunkle, and Roger McNett made perfect scores on an introductory quiz in Mr. Weber's Botany 1 period 2 class.

In Mr. Weber's Botany 2 period 1 class, Sheri DeYoung received the only 100 on a review test of Botany 1. Scores of 90 or more were made by Gary Martin, Ward Miller, Joyce Rothgeb, and Phyllis Trees.

Sheri DeYoung also received a perfect score on a wood chapter quiz. The next highest grade was 87, which was received by both Ron Brateman and Steve Druart.

Alberta Bonnell, Steve Bowen, Janie Favorite, Ruby Martin, Joan Noxitsky, and Suise Slick received 100 on a review test of Bontay 1 in Mr. Weber's Botany 2 period 5 class.

Mr. Hostetler's first period beginning music classes are learning how to read musical notes, different types of notes, music expressions, and other fundamentals of music. The second period class of Mr. Hostetler's, the advanced chorus, does three-part singing. This class has the advantage of books.

Mr. Hostetler's occasional chorus, fourth period, does four-part singing. The fourth period class works close with the fifth period class. Mr. Hostetler's fifth period concert choir works towards singing at concerts and assemblies.

Suzie Fast and Steve Golden received 100's on a test in Mr. McQuillan's Government 1 period 1 class. In Mr. McQuillan's Government 1 period 7 class, Tom Schwartz received the only 100. In the same class, 90's were made by Kathy Sosinski, Fred Syndran, John Slick, and Jerry Everett.

In the U.S. History 1 period 4 class of Mr. McQuillan, Jim Bright, Paul Klenzak, Darryl May, and Arnold Merin received 90's on a test. In the U.S. History 1 period 5 class, Dave Schwalm received the highest grade, which was 100. Margie Mercer made a 90 on the same test.

Mike Bradley, Janet Brenn, Marilyn Parke, Terry Smith, Lex Smuts, and Sarah Ann Sweet received perfect scores on a literature unit test in Miss Osborne's English 1 period 1 class. In the same class, clever compositions were written by Janet Deihl, Richard Fisher, Mary Jo McDonald, Marilyn Parke, Mary Jane Reiff, and Peggy Schmitz.

In Miss Osborne's English 8 period 2 class, 100's were earnd by Jim Olinske, Don Walters, and Steve Golden on a literature unit test. The next highest grade was given to both Ramona Byrd and Perry Schlie.

The students in Mr. Rohrabaugh's Journalism 1 and 2 classes have been studying the writing of leads and the preparation of copy. High grades on a test over this subject were made by Karen Good, Cindy Hart, Sally Gelow, John Musser, Pat Shuler, Sue Springer, and Pam Thomas, period 1. Period 2, Don Gordineer, Sandra Grodrian, Sue Rousseau, and Susi Smethers.

In the first quiz in Mr. Applegate's French class, high grades were made by Wendell Eicher and Louise Jackson.

Miss Covalt, typing teacher, gave ribbons to two typing students. Marianne Pinkham, Typing 3 period 2, qualified for her 50 ribbon. She typed 50 words per minute with 100 per cent accuracy. Barb Nahrwold, Typing 3 period 2, qualified for her 60 ribbon by typing 62 words per minute with 100 per cent accuracy.

Lettering of both the upper and lower case is being studied by Mr. Polite's industrial arts classes.

During the first weeks of school, Mrs. Emshwiller's English classes have been reviewing the fundamentals of grammar.

Miss Murphy's Home Economics 2 classes are learning the principals of nutrition. Textures, fibers, and materials are being studied by the Home Economics 3 girls.

The Driver Education classes, under the direction of Mr. Stebing, began Tuesday, Septembr 22. The indoor classes are held in a room in the basement under the shop classrooms. During the first two weeks, the fundamentals of driving will be taught. Outside classes will then be held, in which the students actually learn to drive.

Mr. Cowdry's English 1, 4 and 5 classes are combining poetry and speech. After memorizing certain lines of poetry, the students present and interpret them before the class.

"Disadvantages of Owning One's Own Business" was the title of the test given to Mr. Walker's Business Organization and Management students. Grades of A— were received by Zorana Toscos, Jackie Gillis, Jeanne Schumm, and Iva Anspach. Steve Sappenfield received an A. Many students also received B+'s.

In Mr. Furst's fifth period Clerical Practice class, 100's were made by Sandy Long, Nancy Hurley, Karen Meyers, Joyce Rondot, Sandy Schugg, and Bonnie Hathaway. The test was a 100-word spelling test. Many also made a grade of 95.

The highest grade received on a test in Mr. Pipino's period 3 freshman biology class was 96 per cent. This grade was received by Dave Brumm. High grades were also received by Jim Bailey, Paul Leipold, Mike Levy, and Tamara Stech. In the sixth period class Peggy Schmidt received the high grade of 100 over the same material. Janet Dinius, Margaret Terry, and Janet Calvert received the next highest grades.

Tim Grodrian and Sondra Stouder received the highest grades on a test in Mr. Pipino's period 2 Biology 2 class. Earners of the high grades over the same test were Betsy Adams and Beth Burnett, fifth period.

Barbara Altevogt, Susan Smith, and Jack Seigel all received 100's on a test in Mr. Pipino's period 7 biology class. The next highest grade was earned by Sue Gerig, which was 92.

Miss Ayers' semester 1 Commercial Geography classes have been studying climates, land provisions, and land features. They have also been studying how the lands affect the people.

In Mr. Berg's government classes, the students are studying the philosophy of democracy. In his citizenship classes they are beginning to study "Personality."

Mr. Coats' English 5 period 1 class has written a paper showing the Anglo-Saxon ideals as expressed in "Beowolf." The English 5 and 6 classes are studying the novel, "Jane Eyre."

In Miss Reiff's Latin 3 classes, Sheri Baxter, Fred Schoen, Janet Christensen, Barbara Gantz, Dana Harader, Diane Leath, David Lipp, Karen McFarland, William Mueller, Barb Spiers, and Loraine Stone made a score of 90 or better on a test covering infinitive forms.

Along with designing covers for their portfolios, Mrs. Fleck's Art 1 students just completed a test over famous artists and their paintings. Scoring high in periods 1 and 3 were Larry Christman, Marsha Gripe, Sharon Smith, Zoranna Toscas, and Judy Conley.

Outstanding self-portraits were drawn by Margo Dixon, Beverly Sievers, Zoranna Toscas, Sharon Smith, Ann Ladd, Raymond Linsky, Gary Richardson, Nancy Sprunger, Dave Wallace, and Katie McGee in Art 1.

Art 2 students with exceptional contour drawings are Donna Arnette, Sandra Gustafson, and Tom Risk.

Art 3's have been doing commercial illustrations with outstanding work done by Sue Martin, Judy Godman, and Sandy Hoop.

In Mr. Storey's speech classes outstanding individual pantomimes were given by Sylvia Ehrman, Jeanne Carroll, Susi Smethers, Bernice Fitch, and Gretchen Meister, period 1; Terry Berk, Connie Brookhart, Steve Burton, and Sue Hiller, period 2.

Excellent pantomimes in the period 3 class were given by Molly Dixon, Judy Estlick, George Pheiffer, Wendell Rose, and Gus Wade; Jim King, Kathy Misegades, Annette Plesniak, and Joan Stanton, period 4.

Outstanding pantomimes were contributed by Judy English, Carole Oxenrider, Gene Jacobs, and Steve Mathias, period 6.

In Mr. Havens period 1 Business Organization and Management class, outstanding special reports were given by Carole Salaka, Freda Gersos, and Bertha Fackler.

Period 2 reports were given by Phil Gallmeyer, Tom Glass, and Darlene Schrader; Ruth Beyerlein, Pat Reburg, and John Remmers, period 7.

Miss Arber's classes in periods 1, 3, 4, 6, and 7 have completed the study of the short story.

Freshmen of Mr. Reichert's citizenship classes wrote a theme on South Side following their tour of the school.

Mr. Feasel's General History 1 classes have been discussing and learning about the activities and life of prehistoric man.

General History 2 classes spent the last week studying the French Revolution and the life of Napoleon.

Mr. Knigge's English 5 classes have been studying the Anglon-Saxon period. They have also been studying paragraphs of detail.

The English 3 classes had a quiz on short stories. Those receiving high grades are Roger Acton, Elaine Edwards, Mary Karrick, John McNett, and Steve Muller. Others are Jim Porter, Eugene Gallagher, Dianne Saalfrank, and Gary Tinkel.

Mr. Compton's English 1 classes are reading the "Scarlet Pimpernel." His English 3 classes are reading "Ramona," and the English 2 classes are reading "Silas Marner."

Mr. Gersmehl's English 7 classes are making an analytical study of the short story. The studies are turned in in the form of reports.

Deductive reasoning is the topic in Mr. Gersmehl's English 6 classes. Deductive reasoning concerns logic, reasoning, and composition outlines.

In Mr. Quance's Wood 4 class, Dick Skelton is making a corner cabinet; Charles Cook, a desk; and Tom Harding, a night stand.

Totem Staff

(Continued from Page 1)

act as associate editor. Other members include Sunny Kaade, senior class editor; Sandy Landree, junior class editor; Bessie Ferguson, sophomore class editor; Judy Cramer, freshman class editor.

Circulation managers are Geri Geller and Carol Miller; faculty editor, Barb Frederick; music editor, Joyce Brittenham; girls' sports editor, Sandy Grodrian; boys' sports editors, Sam DeHaven and Bob King; Intramural editor, Wendell Rose.

Sharon Probst and Marian McCallister are events editors; Janet Lawry and Susan Menze, club editors; Dick Rothberg feature editor; Marylyn Bugg and Barb Wallace, art and publicity editors.

\# \# \#

COPY EDITORS are Sue Sappenfield, Pegeen Horth, and Wendell Eicher; office managers, Barb Eggeman, JoAnn High, Anna Mae Chen, Carol Szink, Linda Tomson, Linda Niblick, Margo Dixon, Lois Levine, and Judy Robinson; photographers, Sam DeHaven and Mike Seaman.

Agents for the Totem have been chosen: Delores Shadowens, 2; Jane Whitenack, 4; Ann Arnold, 6; Jim Feustel, 8; Karl Bandener, 10; Judith Follis, 12; Nancy Vanderford, 14; Byran Sexton, 22; Mary Jane Keegan, 24; Rhonda Roehm, 26; James Ten Eyck, 28; Alan Mitchell, 30; Tom Shine, 32; Paul Sorg, 34; Peggy Brase, 36; Diane Kimble, 82; Joan Rothchild, 44; Leanna Morris, 46; Jerry Holiday, 50; Phil Sproy, 52; Allen Purdy, 54; Carol Ann Hildebrand, 56; Iva Dell Anspach, 58; and Anna Mae Chen, 60.

\# \# \#

OTHER AGENTS are Diane Petznik, 61; Barb Collier, 62; Pat Shuler, 64; Phillip Stettner, 66; Elaine Edwards, 68; Ira Hartman, 70; Pamela Buzzard, 72; Karen Miller, 74; Sharon Stettner, 76; Mary Beth Foote, 77; Mary Meily, 79; Dick McGaw, 80; Sue Perry, 82; David Schwalm, 84; Sandra Starke, 88; Pat Glass, 90; Lois Lerch, 91; Dave Redmond, 92; Evilou North, 94; Karen Brumm, 96; and Jan Martindale, 98.

More Totem agents are Dick Waterfield, 108; Helena Kamm, 110; Connie Vallence, 116; Carol Downhour, 120; Mike Levy, 138; Connie Knade, 140; Larry Levy, 142; Nancy Ormsby, 144; Lane Grile, 146; John Bitoman, 150; Sue Sappenfield, 152; Bonnie Hathaway, 154; Diane Telgman, 156; Jane Augspurger, 172; Judy Conley, 174; Nancy Goebel, 176; and Judy Riping, 178.

Other Totem agents are Debbie Brooke, 182; Karen Curley, 184; Carol Druart, 186; Ellen Beatty, 188; Martha Dixon, 190; Carole Ashman, C-B; Judy Ashman, S-1; Mary Fawley, S-2; Jane Ladig, S-3; Carolyn Pio, S-4; and Deborah Tourkow, S-5.

Freshman Latin Student Saluted For Proficiency

Bill Mueller, 10-B, answered correctly 128 of 130 questions to obtain the highest score made on the freshman Latin recognition test given last spring. The second place student, Lyall Morrill, had 135 correct answers.

Through some error, Bill's name was omitted from the list of students who had received recognition which was published in the September 17 issue of the Times.

Scientists Elect Officers

Biology Experimenters elected officers and decided the name of the club on Thursday, September 24.

The following officers were elected: President, John McNett; vice-president, Larry Haslup; secretary, Janet Dinius; and reporter, Jim Bailey. The next meeting will be held October 8 at 3:30 p.m. in Room 91.

Untried, Thinly Clad South Siders In Triangular Meet October 6

Charles Holt Renamed Coach For Harriers

Numerous Returnees Spark Cross-Country; Indicate Fine Season

With the naming of Mr. Charles "Porky" Holt as coach, the South Side cross country squad has begun practice after a five week's wait, for a meet with Kokomo Tuesday. No one was hired to coach earlier due to the misunderstanding of starting dates.

Before Coach Holt's appointment, it was feared that the string of 17 years of having a harrier team at South might be broken.

Starting last Monday, the hill-and-dale boys buckled down to serious work. Eighteen hopefuls turned out last week for the daily workouts, and several more were expected to appear the first days of the week.

Standout on the squad is Al Rainbolt, a hard working, self-sacrificing junior two-miler. On the fifth practice day, Al breezed to a speedy 7:35 time for a mile and one-half distance. From this indication, he appears to be one of the best runners in this area, and he'll be back next year, too!

Seniors returning from last year's team are Sam Green, Larry Fruchey, and Ron Bogan. If these three could all run below 11 minutes for the two-mile chase by sectional time, the Kellys could duplicate their 1958 trip to State.

\# \# \#

THE TOP THREE junior candidates for varsity positions, besides Rainbolt, are Dave Reece, Paul Romey, and Jim Porter. Reece has experienced one year of running, while the other two are newcomers but show promise in track.

Though they probably will not gain top laurels, Archer sophomores Larry Lee, Terry Dibert, and Bob Smith will add much depth to the squad. What the trio lacks in size—they average 5 feet 4 inches—they make up in desire.

Lee ran as a freshman; Dibert and Smith are products of Mr. Clair Motz's intramural cross country team.

A bright spot for future years is Stuart Schmitz, a freshman, who apparently is not afraid to "put out." Dave Jones, an intramural first year man, may add support to Coach Holt's force, too.

Other harriers competing for a varsity or reserve spot are senior, Mike Boyer; sophomores Lee McClymonds, Karl Schlademan, Bill Borgmann, and Martin Platupe; and freshman Mike Tompkinson. None has had any cross country experience, but one or two might come through as a pleasant surprise for Coach Holt.

Rounding into shape in a typical practice, Holt's henchmen warm up by jogging a half mile and exercising for 15 minutes on stretching calisthenics. For speed work the boys cover six to ten 110-yard dashes at 15 to 16 second pace.

Next the long-distance men build endurance by scampering five continuous minutes up and down hills and then, after a few minute's rest, racing a half-mile for time. After jogging another half-mile to cool off, they are ready and very willing for the shower room.

Following is the complete Archer cross country schedule:

Oct. 6—Fort Wayne Central, Kokomo..... Franke Park
Oct. 10—Indianapolis Shortridge.. ..... Indianapolis Invitational (for Archers under 10:20 only)
Oct. 12—Concordia . . . Franke Park
Oct. 15—Elmhurst..... Elmhurst
Oct. 20—Sectionals... Franke Park
Oct. 31—State Meet .. Indianapolis (For team and individual qualifiers)

Carter's Corner

By Jim Carter

Congratulations to the Archer gridmen on their come-from-behind victory over Hammond Morton in the home opener last Friday.

The Kelly squad showed the reason for its comparatively successful season thus far by demonstrating greater strength than in past years, both on offense and defense, and a fine spirit.

\# \# \#

WHEN THE Governors steam-rollered to their first-quarter score, the situation looked rather dark for the Archer cause. The Hammond club seemed to have almost no trouble in knifing through South's line, or in passing over it to tall end Jim Perdew. At this point it looked as if another rout similar to the Shortridge contest was in the making.

In spite of their disappointing first-half showing, the Kellys never gave up. They fought back to take the lead on a beautiful Bolyard-to-Howe pass, and from that point on they dominated most of the action.

In the fourth quarter, after Bolyard scored on a near mishap, South again mounted an offensive, and probably would have added another score, had time permitted. During this drive second quarterback Chris Parrott, a defensive standout all night, directed the number two team quite effectively.

\# \# \#

HALFBACK TOM DUFF opened eyes with several good breakaway runs during this drive to roll up the Archer first down total.

Other particular standouts besides Bolyard, Howe, Parrott, and Duff, were starting halfbacks Carl Johnson and Steve Burton and linemen Jim Dawson and Dan Tritch.

Although the defense was rather constant, the blocking could have been better and much is still lacking in the way of offense, as Coach Gernand comments. It's nice to have the breaks with you and win for a change, but there is still plenty of room for improvement.

\# \# \#

TOMORROW CENTRAL will receive its first real test, and this one should go far in determining the course of events for the remainder of the season. The Bengals face Elkhart's Blue Blazers at Elkhart.

Last Friday Elkhart defeated ranking power South Bend Washington, who had just finished trouncing Fort Wayne Central Catholic in their opener, 42-0.

The next foe for Concordia will be Kendallville, and the Cadets will have a better chance in searching for their initial victory there.

\# \# \#

IN OTHER ACTION North Side dropped their second game, this time to rugged conference rival South Bend Adams, 26-20.

Although they were defeated, the Redskins proved themselves capable of mounting a rather potent offense. Veteran Duane "Sonny" Gordon scored one TD, and end Jack Smith scored two in the final stanza on tosses from Brad Bendure.

Gordon also converted two extra points. One cannot help wondering how much it would aid the Archers before the end of the season if they had an extra-point specialist such as Gordon or Central's Pete Hogan. Those missed extra points sometimes come in handy.

\# \# \#

EVEN THOUGH it has dropped its first two contests, the Red is not to be reckoned with lightly. It is a rugged, swift, but rather light squad which could very easily up-end the Green tomorrow night if all are not on their toes.

North holds an all-time 19-14 edge in the series with the Archers, and there have been two ties. Furthermore, the Redskins have won the last six straight.

At least there should be no candle display in the South Side Stadium this year, with the fine new lights functioning splendidly. Now it would be nice to be able to hear what is going on as well as to see it. The present speaker system is as hopelessly inefficient as the old lights were.

However, it really seems to make little difference whether the fans can see or hear what is happening, since few of them seem to be tryign anyhow. The team would certainly appreciate a little less apathy and a lot more interest.

\# \# \#

THE ONLY OTHER city game last week end was Central Catholic's third defeat at the hands of South Bend St. Joseph, 7-6. At least the Irish are getting closer. Next opponent for C.C. —Garrett.

In comparing the offensive and defensive averages of city teams, it is interesting to note that Central is the only one with its head above water.

The Tigers have both the highest offensive and the lowest defensive average at 24 and 9.5 for a difference of 14.5.

Although South has a larger difference deficit than either North or Concordia, the Kellys have come out winners in two of three as opposed to no successes whatever for the others.

\# \# \#

WITH REFERENCE to tomorrow's contest, comparison of South's and North's statistics show the Archers with a better defense and the Redskins with a stronger offensive punch. But nothing is proved by some figures on paper, and something must give somewhere tomorrow night.

At last the Kelly cross country trotters have gotten their season under way after some early difficulty, but it is questionable as to how well they can develop for the Sectional in late October.

South has good returning harrier material in Sam Green, Al Rainbolt, Ron Bogan, Dave Reece, and several others. There still seems to be no one in contention with Central's Henry King, who looks like a good bet for state honors this year.

Kelly Harriers To Start Season In 3-Way Meet

Although they are starting the year at a very late date, South Side will put a potentially great cross country team into business Tuesday afternoon at Franke Park.

Coach Charles "Porky" Holt's harriers will attempt a triangular triumph in their first outing, as they meet both the Tigers of Central and Wildcats of Kokomo.

The Blue and White from the center of the city, defending Sectional champs, along with their ace, sophomore Henry King, will put most of the boys from last year's great squad back in action.

\# \# \#

KING, GUTIERREZ, and West, the one-two-three men on the team, are returning from the past season with hopes of helping their squad finish better than eighth in the state, Central's position in that final meet.

Coach Pete Williams has built up four other men, Kammeyer, Easterly, Davis, and Griggs, to puncture the scoring column to a greater extent.

Kokomo's runners have not been seen in this area and little is known of their squad, except that the team, which thoroughly pounded the Archers last season at Kokomo, will again present three of their top-flight runners.

The Kokomo team finished in the middle of the pack at last year's State contest.

\# \# \#

SAM GREEN and Al Rainbolt, two of the top three men from last season, should put the Green squad way up front in the fight for positions Tuesday. Last season, Sam ran a 10:05 and Al 10:10 for the two-mile race.

Ron Bogan, Larry Fruchey, and Dave Reece, three returning varsity men, will add the scoring punch to the team while new men Terry Dibert and Jim Porter will try to maintain the pace.

"We had a late start, but the boys are working very hard," are Coach Holt's words. "We have not had time trials yet, but by Sectional time the team should be very good."

\# \# \#

FOR THE REMAINDER of the season, the hopeful harriers will have a tentative date with Central Catholic, along with meets against Elmhurst and Concordia. Mr. Holt will also take some of his outstanding individuals to the Indianapolis Shortridge Invitational October 20. The anxious Archers should be at their peak for the contest.

The cross country season will be hectic and hard for South's squad; but with the desire which is present on the team, the boys should uphold the South Side name to the maximum.

Kelly Reserves Lose To Irish By 18-0 Score

Stolen Passes, Penalties Hurt Archers; 70-Yard Touchdown Run Nullified

Failing to score in their second straight game, the South Side Archer reserve gridders dropped an 18-0 decision to the Central Catholic Irish. The defense-filled contest was played at Lawton Park last Monday evening.

Though the score does not indicate the actual closeness of play, Coach Warren Hoover's forces had little to cheer about. The Green offense bogged down before the Irish front line throughout the entire game.

However, South's downfall was due to their own mistakes. Two lofty passes intercepted by C.C.'s Barnes and a penalty nullifying an Archer touchdown hurt them very much as to the final outcome and the Kellys lost the ball on downs at the 10-yard marker.

Highlights of the scoreless first quarter were a 35-yard kick-off return by South's Robinson and a nullified 70-yard dazzler from scrimmage reeled off by elusive teammate Dick Johnson. Neither backfield could make any yardage except for these two plays.

Barnes of C.C. starred as a "one-man show" in the second quarter. In the first minute, he intercepted a Tom McMahan-thrown pass and skirted 40 yards down the sideline for the first score of the game. Several minutes later Barnes jaunted 35 yards down the same left sideline with another Archer aerial for his second score. Both extra point attempts were unsuccessful.

South received its best scoring opportunity in the third quarter with a first and ten situation on the Irish 17-yard stripe. However, Coach Terry Coonan's boys stiffened on defense, and the Kellys lost the ball on downs at the 10-yard marker.

The fourth quarter saw the Fighting Irish sustain a 90-yard drive, capped by a touchdown pass from Walsh to end Kahn. After the touchdown coaches substituted freely as the final outcome was certain.

Coach Hoover was pleased with his team's performance, especially halfback John Weaver's. Johnson also did a fine job for the Archers, as did the entire defensive line.

Lettermen To Hear Mr. Robert Baker

Mr. Robert Baker, assistant football coach, will speak at the first Lettermen's Club meeting today at 3:30 p.m. Cider and doughnuts will be served afterwards.

The officers for this semester are Ken Howe, president; Dan Tritch, vice-president; Bob King, secretary-treasurer; and Dave Barrett, sergeant-at-arms.

Upperclassmen Tritch, Parrott Receive Player Of Week Titles

Dan Tritch

Chris Parrott

Editor's Note: This is the first in a series of players of the week selected by Coach Bob Gernand and his staff. Choices are based upon performances in the previous weekend's action.

Two hundred four pounds; five feet, ten inches; three year letterman: put these qualities together, and you have South's Lineman of the Week, Dan Tritch. Dan has received the title this week for his hard-nosed football playing, a product of his determination and work.

Dan played nearly the entire game last Friday as the Archers rolled over their Calumet foe, Hammond Morton. His offensive play at left tackle, coupled with the fine work he turned in at the defensive left end spot, earned Dan the honor of being named Lineman of the Week by Coach Gernand and his aides.

\# \# \#

THIS IS DAN'S fourth year as a member of South's football squad and his third year as varsity team member. He was a member of the freshman team his first season and played both varsity and reserve ball during his sophomore year. Dan has been a starter for the past two seasons, although this is his first try at tackle; he had played guard but was moved to the tackle slot vacated by the injured Steve Pohl after Steve's leg was broken in the Anderson game.

Dan asserts that there is no feeling quite like that after your team has won the game. As for this year's team, Dan feels that "we could have the best record of any varsity squad since I've been here. The City Series championship could be ours."

\# \# \#

INJURIES PLAGUED Dan early in the season, although he's in top shape now. Dan caught his foot in a conveyor belt this summer while working and was confined to bed for several weeks. As if that weren't enough, he injured his knee during the first week of summer practices, putting him out for a week.

Besides football, Dan is a member of the varsity track team, pole vaulting his specialty. He is also vice-president of Lettermen's and a member of the four year honor roll.

Dan's future desire is to play college football. Another interesting desire of Dan is to attend the United States Naval Academy, (and play football for the Middies.) All of South's fans offer Dan congratulations for being named Lineman of the Week, and wish him luck in his hopes for the future.

\# \# \#

RUGGED QUARTERBACK Chris Parrott has been chosen Player of the Week for his sterling defensive work against Hammond Morton.

Parrott, who holds down the difficult corner back position on defense, stymied the rugged Governors; and by the time he had chalked up a number of key tackles, the Archers had gone ahead to win the game.

Chris, an 11B and president of his class, has been playing varsity football for two years on South's promising team, and his rugged blocking and tackling have added considerable strength to South's rapidly improving defense.

When asked who had been South's toughest foe to date, Chris unhesitatingly answered, "Shortridge." He also felt that we would meet our most formidable opponent during the remainder of the season in Central.

Voicing his opinion of the team Parrott said, "I think that we've got a fine team with a group of fine boys. We have lots of spirit at times; and I feel that if we have the right spirit at the right time, we can beat all our remaining opponents."

Archer Gridmen To Face North Tomorrow

Kelly Team In Bright Lights Aiming For Third Win Soon

The South Side Archers will be aiming their arrows at the North Side Redskins as the Red and White visit South's newly lit stadium tomorrow night at 8 p.m.

The North Side gridders and coaching staff have had a face-lifting with only six returning lettermen and three new coaches. New to the coaching staff are Wave Meyers, formerly of Huntington, Joe Springer, from Nappanee, and John Becker, a former Central Catholic and Purdue lineman.

Returning lettermen are linemen Mike Belfry, Al Hapner, Jim Worley, Mike Musto, and Frank Baughman; the lone monogrammed backfielder is Duane (Sonny) Gordon.

# # #

NORTH IS NOT the formidable opponent this year that it has been in past years. The varsity line contains only four seniors with only two of them being letter winners. Like the line, the backfield lacks experience as only one man, Sonny Gordon, has varsity experience.

In weight, the Archers' average line weight is almost 35 pounds the better of a light Redskin squad. This is a definite advantage for the Green and may help them to victory.

	North	South
1958	26	6
1957	19	6
1956	27	7
1955	51	19
1954	14	0
1953	21	6
1952	0	21
1951	19	0
1950	19	0
	196	65

In the backfield, senior Sonny Gordon will be the big threat. He weighs 176 pounds and has much drive.

However, the Kellys have a heavy and fast backfield composed of John Somers at the full position, Steve Burton playing right half, Carl Johnson at the other half position, and calling the signals will be quarterback Bob Bolyard.

# # #

THIS CONTEST puts experience in favor of the Archers who are starting nine men with varsity play under their belts, all of whom have their letter jackets.

The Geren will be bent on revenge for last year's ignominious loss at the hands of the Redskins, 26-6.

In the last nine years, the Redskins defeated South eight times with the Archers pulling down one. The lineup for the South-North game is as follows:

North	Pos.	South
B. Kabish	LE	F. Lude
D. Geist	LT	D. Tritch
D. Baron	LG	B. Griffiths
J. Neurge	C	B. Spindler
J. Rabus	RG	J. Olinske
J. Worley	RT	J. Dawson
M. Musto	RE	K. Howe
B. Bendure	QB	B. Bolyard
J. Davison	LH	C. Johnson
D. Gordon	LB	J. Somers
J. Smith	RB	S. Burton

Ratings Place First Twenty

Archer Grid Squad Named Eighty-Fifth

According to "Hamblin's Ratings" in the Indianapolis Star, the State's top 20 grid squads for this week are:

1. East Chicago Washington 3-0
2. South Bend Central 2-0
3. Evansville Memorial 2-0
4. Logansport 4-0
5. Columbus 4-0
6. Evansville North
7. North Central 4-0
8. Huntington 4-0
9. Elwood 4-0
10. Hobart
11. Southport 4-0
12. Gary Roosevelt 3-0
13. Terre Haute Garfield
14. Indianapolis Wood 3-0
15. Idnianapolis Cathedral
16. Indianapolis Washington 3-0
17. Vincennes
18. Princeton
19. Fort Wayne Central 2-0
20. Evansville Lincoln

Indianapolis Shortridge, 31-0 conquerors of the Archers two weeks ago, dropped from second to 22 because of their 20-19 upset by Indianapolis Washington last Satruday.

Other notable absences from last week's leaders are South Bend Adams, South Bend Washington, and Washington High.

The Tigers of Central are ranked 19, while North rates 63, and South 85.

Future Kelly opponents which should prove rugged are Huntington, in the number eight spot, and Goshen, 31.

Archer Frosh Crush Cadets By 21-6 Score

Davis, Lohman, Johnson Score Kelly Touchdowns For 2-1 Season Tally

The "victory stricken" Archer freshman squad trounced the Concordia Cadets at South Side Field last Thursday by a score of 21-6. The victory marked the Green and White's second consecutive win against one loss.

Oliver Davis, Bob Lohman, and Eddie Johnson highlighted Kelly scoring. Tom Shine, the starting quarterback, along with Mike Hauser, conducted the Archer pack in excellent fashion.

The South line, led by Dave Tipton, freshman captain; Bob Leininger, Paul Slick, and Dave Platz, halted the Concordia backs to little yardage.

South Side's Dave Meyer kicked off to the Concordia 30-yard line to start first-quarter play. The Cadets moved to the 33-yard line, lost yardage and were forced to punt.

Davis received the punt return on the five-yard line and moved to the South 30 before being tackled. Shine carried for four yards on a quarterback sneak.

# # #

DAVIS MOVED to the 43-yard line for the Kellys' first down. The Archers gained nine yards and Sid Sheray went to the 25 for another first down. On the second down Davis passed to Johnson, who sprinted across into the end zone to pay dirt.

The Kellys converted for the extra point ending the first quarter and placing the Archers on top by a margin of 7-0.

In the second quarter Meyer kicked off to the Concordia 20-yard line, and the Cadets moved to their own 45.

The opponents were spilled for a loss of two, and South was called for an off-sides penalty. The ball was placed on the 43-yard line, but the Cadets were unable to obtain a first down.

# # #

MIDWAY IN the second quarter, Dave Platz intercepted a Concordia pass for the second Archer touchdown. The touchdown was nullified though, due to illegal use of hands.

The persistent Archers would not quit. On the next play Davis passed to Bob Lohman who hurled through and around the Concordia defense for the Green and White's second score. The point after touchdown was good and the Archers extended their lead to 14-0.

With 45 seconds remaining in the half, Concordia moved to the 40-yard line for a first down. On the next play Tom Shine intercepted a pass ending the first half.

# # #

RICK WERLING received the kick-off on the 33-yard line and moved to the South 46 to start the second half activity. South moved to the 25-yard line before fumbling, giving possession to Concordia.

The Cadets carried the ball from their 21 to the end zone for the touchdown. Their conversion was no good, although they whittled South's margin to 14-6.

In the fourth stanza, Clark took the kick-off on the 33-yard line and drove for three more yards before being stopped. On the first play, the Archer speedster, Oliver Davis, broke through the Cadet line for a spectacular 64-yard dash for a touchdown.

The point after touchdown was good, ending the game with a final score of South 21, Concordia 6.

TIME OUT—South's defensive line takes time out to pose for a picture before the Hammond-Morton game last Friday. Around the two-man sled, left to right, are Jim Dawson, Frank Lude, Emmitt Bowen, John Somers, Bob Griffiths, and Dan Tritch. — Photo by Thompson

Sports in Shorts

By Sandy Grodrian

Hi, fellow GAA'ers! Isn't it great (?) to be back? As you can see, I have my doubts. I do want to welcome Mrs. Madge Schone to our wonderful girls' physical education staff, though. We hope she likes South Side.

Now that school is under way, we can reminisce about our wonderful summer. GAA president Jane Glass worked most of the summer. She did spend two weeks in Wisconsin with her family. Eating, swimming, and sleeping consumed most of her time. At least that's the idea I got from her letters.

Vice-president Jan Kessler played baseball for the Cardinals in the Junior Girls Baseball League. Her team won first place in the tournament, and Jan won best pitching and most valuable player awards. When she wasn't playing, Jan worked in her father's grocery store. Time for a free ad: "Buy your groceries at Kessler's Market!"

Valerie Callahan worked part-time at the Lutheran Hospital this summer. She then helped welcome a new baby sister to the family. Find it much work, Val?

Touring Detroit, Mich., highlighted Barb Burdick's summer. While there, she baby sat with her cousins. At least we know Barb didn't loaf the whole summer.

Barb Nahrwold experienced the troubles of a secretary this summer while she worked for an insurance company. Is shorthand really that easy, Barb?

Peggy Markin spent most of her time traveling to Ohio, Michigan, and Kentucky. She also visited Hamilton Lake and Pretty Lake. I do know she didn't go to the TPA picnic.

Joyce Cossairt had a very unusual experience while flying home from Colorado. A window flew out of the plane! Is it very windy up there, Joyce? While in Colorado, she visited her aunt and uncle. Joyce plans to move out there as soon as she graduates.

Sandy Heidbrink went to St. Louis, Mo., this summer. Sandy plans to become an airline stewardess, and while she was there, she visited a jet airport. Actually, beating everyone in tennis isn't going to help you attain this goal, is it, Sandy?

Sandy Dolson can now add several more trophies to her collection. She won skiing awards this summer at Lake James and Crooked Lake. Congratulations!

Mickey Flaig played baseball for the Lassies in the Junior Girls Baseball League this summer. Her team won third place in the tournament. Mickey played the positions of pitcher, catcher, second and third bases. When asked if she would play next summer, Mickey's answer was, "Yes!"

Carol Hofer visited Chicago this summer. While there, she saw the Science and Industry Museum and ate supper in Chinatown. Have much trouble in ordering your meal, Carol?

Nancy Baltes also worked as a secretary in her dad's office. Got any aches and pains? Go see Doctor Baltes.

Gretchen Brumm had a very interesting time in New York City during the summer. She stayed at her grandmother's lodge, and while she was there, Gretchen served at a wedding.

We would all like to welcome Leslie Sipe, a new GAA member. Leslie came from Wiley High School in Terre Haute, where she was also a member of GAA.

Well, I guess that's about it. Heavens! It's past my bed time. See ya' later at GAA, of course!

Mural Men

By Dieter Hillerbrand

Today is the last day to sign up for the Intramural Golf Tourney, which will be held this week end at Foster Park. Anyone who wants to compete should play 18 holes with a friend who is also in the tourney. Participants should sign their names on the score sheet of their partner, and then turn the scores in at the gym office.

Vaughn Correll carded an 83 last year to win the laurels in the lightweight division. Fred Schoen was runner-up with 91, followed by Max Allen with a 92.

Winner in the middleweight division was Jack Harms, who recorded a 78, the lowest score of the tournament. Dave Timma was next with 88, while Jeff Roth came in third with 108.

Dick Rothberg won the heavyweight honors for the second consecutive year with an 83, beating Wendell Rose by one stroke. Dan Bill was third winner with 89.

# # #

Well, cross country is under way now. There are 41 boys who signed up and attend the practices regularly. Practice, held at Packard Park, usually consists of warm-up laps, calisthenics, and competitive races.

Those who are out in the lightweight division are John Bill, Bob Bohlender, Ken Davis, Jerry Fruchey, Tim Grodrian, Dave Jones, Dennis Jones, John Knight, Jim Lantz, Dick Preston, Bruce Reed, Bob Smith, Dave Smith, Mike Stalter, and George Townsend.

In the middleweight division Rick Alexander, John Biteman, Mike Boyer, Gary Butz, Bob Camp, Dan Davis, Bob Dorsett, Denver Druesedan, Jerry Everett, Tom Fawley, Jim Teiter, Dan McIntosh, Arnold Meyer, Harvard Miller, Kerry Nidlinger, George Panis, Perry Schlie, Bob Symonds, and Dave Tyner have signed up.

Only six boys have signed up in the heavyweight division. They are Ray Fanger, Mike Ferverda, Phil Gallmeier, Dave Hickman, John McMillen, and Doug Smith.

# # #

Another game was played in touch football. The U-Bangies defeated the Bears by the score of 18-0.

Most of you probably have some questions about the awards given by the Intramural Department. Without going into too much detail, I will try ti give you a brief, accurate picture about it. Points are received for both participating and placing in any Intramural sport. It takes 140 points for freshmen and 125 points for upperclassmen to receive the first letter. After that, 125 points are needed for each additional letter or pin. Pins, bronze and silver, are given instead of the fourth and fifth letter. There are seven letters that can be awarded. In this case, the name of the person is engraved in the Intramural Plaque in the gym office. Only one person, Jack Ford, has ever earned seven letters. Last year, 36 letters, 28 of them being first letters, were awarded.

Team Sends Governors Back To Lake Region With Their Third Loss

Local Squad Rallies During Second Period To Win By Score, 14-6

South Side staged a second-half comeback last Friday to beat Hammond Morton, 14-6, at South Stadium. The Archers recovered from their slow, sluggish first half to send the Governors back to Hammond with their third loss.

Chris Parrott, Dan Tritch, Jim Dawson, and Ken Howe turned in fine performances as did Bob Bolyard and Carl Johnson. Tom Duff picked up a great deal of yardage behind superb blocking in the fourth quarter.

Morton took the opening kickoff, but was forced to punt. Unable to move the ball, South punted back. Halfback Don Butler reeled off consecutive gains of five and seven yards for a first down on the Archer 17.

# # #

RICHARD FLORENCE carried twice for nine yards and Butler picked up another first down. These two pushed the ball down to the South 12, where a fumble and a penalty put them back on the 18.

Little quarterback Duane Hicks picked up seven yards around left end before being hit by Parrott and Emmitt Bowen, and removed from the game. Florence then hit end Jim Perdew in the end zone shortly before the quarter ended. The conversion kick was wide.

The Archer defense stiffened and contained the Governors well in the second quarter, keeping them in their own territory. However, despite excellent running and punting by Johnson, the offense was unable to assemble a sustained drive.

# # #

MIDWAY THROUGH the second quarter, the Governors had the ball on their 13. The ball was centered over Florence's head and through the end zone for a safety. The half ended with South trailing 6-2.

Steve Burton returned Morton's second-half kick-off from the 15 to the 31, and a penalty added 15 yards more. An Archer punt and nice tackles by Parrott and Tritch put Morton on their three.

The Governors punted on a third down, and Burton returned the ball from the 35 to the six.

A clipping penalty put the ball back on Morton's 38.

Two plays later, Bob Bolyard hit Ken Howe with a 19-yard aerial, which Howe carried in for the score. Johnson was stopped plunging for the extra point.

# # #

DICK FLORENCE took the kick-off and started to move the ball for Morton. Morton was forced to punt, and Tom Duff fumbled twice on the return, putting the ball back on South's 10.

The teams then traded punts, with the only outstanding play being a 22-yard pass from Florence to Wayne Lee. Another South punt was fumbled by Florence, and Howe picked it up and carried it to Morton's 32.

Bolyard then sneaked for 10 yards. Bolyard fumbled on the next play, but recovered and carried 22 yards off guard for the touchdown. A pass for the extra point was incomplete.

# # #

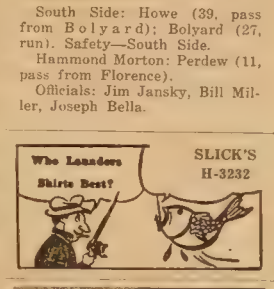
FLORENCE RETURNED the kick-off for 27 yards, but the Governors eventually punted. The second team went in for the Kellys and started to move the ball.

Parrott sent Duff through the right side of the line twice for 10 and 12-yard gains. Bob Shine then picked up 14, by the same route. Bowen drove up the middle for four and Parrott threw incomplete.

Duff then ripped off a 17-yard gain. A play later, Steve Hargan, in at quarterback, hit Dan Belschner with a pass for a first down on the Morton 11. The final gun was sounded before another play could be run.

South wasn't up mentally at the start of the game and Coach Gernand was disappointed with the first-half showing. However, they pulled together in the second half to route a dazed Hammond team.

	S.S.	H.
First Downs	6	8
Yards Rushing	148	123
Yards Passing	56	34
Total Yards	204	157
Passes Attempted	8	5
Passes Completed	3	2
Fumbles Lost	0	1
Yards Penalized	15	45
Punts	7—31.6	6—32.5



Scoring:

South Side	0	2	6	6	—14
Hammond Morton	6	0	0	0	— 6

South Side: Howe (39, pass from Bolyard); Bolyard (27, run). Safety—South Side.

Hammond Morton: Perdew (11, pass from Florence).

Officials: Jim Jansky, Bill Miller, Joseph Bella.

Newly Formed Workshop To Plan, Stage Assemblies

Ferguson, Golden, Bauer, Capps Named As Officers; Club To Meet Each Friday

Mr. William Applegate has been named sponsor of the new Assemblies Workshop. "The Workshop will write, plan, and stage the assemblies. Anyone who is interested in this type of work is invited to attend the meetings," explains Mr. Applegate. The club will meet every Friday in Room 10 at 3:30 p.m.

Mr. Applegate is also the sponsor of the newly-formed dramatics club.

# # #

THE TWO CLUBS are replacing 36 Workshop. Mr. Applegate will control the assemblies through both clubs, although any student may participate in them.

Assemblies Workshop will not be a club, and there will be no dues and no point system. The officers of the club are those who were officers of the old 36 Workshop. Bessie Ferguson is president, Beth Golden and Marge Bauer are first and second vice-presidents, respectively, and Sally Capps is secretary.

# # #

"THE WORKSHOP will plan the assemblies, and we hope to get the speakers from the Drama Club, Wranglers, and organizations concentrating on speaking and acting, although anyone can be in them," Mr. Applegate adds.

QUIET—REHEARSAL . . . . Newly elected Drama Club officers practicing a play are, standing, Merle Baldwin, vice-president; Joanne High, program chairman; Jim Edwards, sergeant-at-arms; Joyce Brittenham, co-program chairman, and Judy English, secretary. Kibitzing in the foreground are Jim Jackson, president, and Pegeen Horth, treasurer. These students will help the Workshop plan assemblies for the coming school year.

Math Club To Hear Talk On Numbers

Mr. Don Weaver, physics teacher, will give a talk on the binary number at tonight's Math Section meeting at 3:30 p.m. in Room 36. He is to follow a talk on number systems with bases other than 10.

The purpose of the club is to give students who have an interest in mathematics an outlet for their abilities, as a hobby or recreation outside of the classroom.

All members work on projects through the semester, with the possibility of entering them in the Science Fair in the spring of the year.

Girls' Rifle Club Elects Sue Blaising President

Sue Blaising was elected president of Girls' Rifle Club at the September 29 meeting, held in Room 94. Connie Franz was elected vice-president; Nancy Rose, secretary; and Linda Adams, treasurer.

Another meeting is scheduled for October 6. Plans for the meeting include a discussion on safety, parts of a gun, rules on the range, and the club rules.

Only Two Days Remain In Circulation Campaign

Fourteen Homerooms Need 35 Subscriptions For 100 Per Cent School

All delinquent Archers who haven't yet subscribed for the Times, take heed! The circulation campaign closes tomorrow.

"Although the campaign, for the most part, has been excellent, the remaining 35 students still have time to show school spirit and buy the Times," commented Janet Terry, circulation manager.

All homerooms with 100 per cent Times subscription will receive candy bars as soon as all promissory notes have been paid.

The following is a list of room agents and the number of subscriptions they must get to receive 100 per cent:

Mr. Snider Flies Today To Far East

Mr. R. Nelson Snider, principal, left Fort Wayne early this morning to tour Japan and its surrounding islands. Mr. Snider along with Mr. H. W. Frankenfeld, registrar of the University of South Dakota, are making the tour for the purpose of accrediting secondary schools in that area.

The men will fly to Chicago this morning. Their next stop will be in San Francisco. They should arrive there by 3:47 p.m. today. Next, they will leave Travis Air Force Base at 12:30 p.m. tomorrow. Mr. Snider believes that they will arrive in Japan on Sunday. As he explains, "It would take us only three days to fly to Japan if we wouldn't have to cross the International Date Line."

During the trip, they will visit schools in Hawaii, Midway, Japan, Okinawa, the Philippines, and Guam. Most of the schools are operated by the United States armed forces for the children of their personnel and other American families.

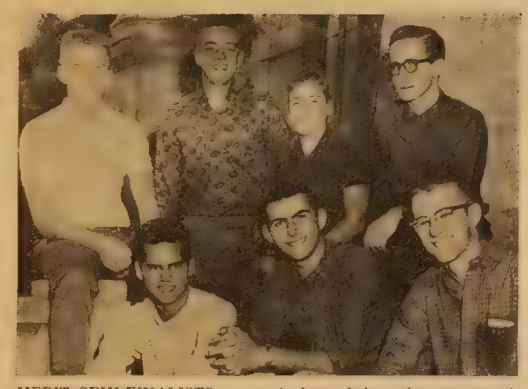
Mr. Snider and Mr. Frankenfeld were selected for this trip by the Secondary School Commission of the North Central Association.

Mr. Snider is planning to return to South Side sometime during the latter part of October. His return depends on the schedule of the Military Air Transport Services. MATS makes only scheduled flights at different times. They do not make regular flights.

"I think I will enjoy the trip. I am interested in seeing the American schools, the armed forces, and the natives of Japan," stated the principal. "I am sorry that the tour isn't during the summer and that I will have to miss school," Mr. Snider commented.

Mr. Ora M. Davis, guidance director, will be in charge of any business during Mr. Snider's absence.

Irregular Programs Need Office O.K.



Students who wish to carry irregular programs next semester must have their programs approved by the office. This applies to programs carrying less than four solids, and is particularly important to post-graduates.

Teachers will secure cards from Mr. Davis' office, which must be filled out and returned after the card has been signed by the student's parents. If the program is approved, the card will be returned to the homeroom teacher for filing. No irregular programs will be made out for any student without this approval.

Grade Period To End

The grade period ends tomorrow. S and U grades will be issued next Tuesday.

Nine South Siders Qualify In National Merit Test

MERIT SEMI-FINALISTS . . . . Archer scholars chosen as semi-finalists in the National Merit competition on the basis of their high marks on the NMSQ Test given last year are, front row, Jim Jackson, Dick Rothberg, and Mike Church; back row, Frank Lude, Steve Meyers, Kate Rastetter, and Bill Harader. Absent when the picture was taken were Carol Purdy and Dave Roderick.—Photo by Thompson

Runners-up Awarded; Finalists To Be Chosen By Two Additional Tests

Nine South Side seniors have qualified as semi-finalists in the National Merit Scholarship Tests. The semi-finalists are Dick Rothberg, Carol Purdy, Katie Rastetter, Bill Harader, Mike Church, Frank Lude, Steve Meyers, Dave Roderick, and Jim Jackson. Dave Roderick has moved and is now attending school in Toledo, O.

The National Merit tests are part of an annual nationwide search for students demonstrating extraordinary scholastic ability. The search is sponsored by the National Merit Scholarship Corporation, a non-profit organization established in 1955 for this purpose.

The test consists of three parts, the first of which was given April 28 to 17,096 Indiana second-semester juniors and first-semester seniors. On the basis of this three-hour examination, 321 semi-finalists were chosen.

In December these semi-finalists will be given another examination. Students who repeat a high performance on this second examination become finalists in the Merit Program. Grand winners will be selected from this group of finalists.

Four-year college scholarships are awarded to the winners. Each finalist's name is sent to colleges and universities and to other scholarship agencies.

An additional 10,000 students, those next in line in each state, are awarded letters commending them for their superior performance.

The April 28 test covered English usage, mathematics usage, word usage, social studies reading, and natural sciences reading.

First Totem Agents' Meeting Will Start Campaign Tomorrow

"To start the Totem campaign, there will be an agents' meeting, Friday, October 9, at 3:30 p.m. in the Study Hall," stated Carol Miller and Geri Geller, co-circulation managers. All Totem agents must attend this important meeting in order that the campaign can successfully start on Monday, October 12.

The goal is 1,500 subscriptions, and prizes will be awarded to the highest senior and underclassman salesman.

"It is necessary that the student body back the Totem campaign, since the yearbook is self-supporting," Carol explained. "If not enough money is collected, the Totem staff will be forced to refund all the money and a yearbook will not be able to be issued this year."

# # #

THE ENTIRE price of the Totem is $3; senior pictures are $1.50; underclass pictures are 35 cents. All students who make a down payment of 50 cents before October 23 will receive their names printed free on the cover of the Totem if they pay in full by December 11.

Selected agents for the 1960 Totem campaign are Judy Ashman, S-1; Mary Fawley, S-2; Carol Ladig, S-3; Carolyn Pio, S-4; Deborah Tourkow, S-5; Karen Rowley, 2; Pamela Whitenack, 4; Ann Arnold, 6; Jim Feustal, 8; Karl Bandener, 10; Judy Follis, 12; Nancy Vanderford, 14; Bryon Sexton, 22; Mary Jane Keegan, 24; Rhonda Roehm, 26; James TenEyck, 28; Alan Mitchell, 30; Tom Shine, 32; Paul Sorg, 34; Peggy Brase, 36; Diane Kimble, 38; Joan Rothchild, 45; Leanna Morris, 46; and Jerry Holliday, 50.

More agents are Phil Spray, 52; Al Purdy, 54; Carol Ann Hildebrand, 56: Iva Dell Anspach, 58; Anna Mae Chen, 60; Diane Petznik, 61; Barb Collier, 62; Pat Shuler, 64; Phil Stettner, 66; Elaine Edwards, 68; Ira Hartman, 70; Pamela Buzzard, 72; Karen Miller, 744; Dayna Harader, 75; Sharon Stettner, 76; Mary Beth Foote, 77; Mary Meily, 79; and Dick McGaw, 80.

# # #

OTHER TOTEM agents are Sue Perry, 82; Dave Schwalm, 84; Sandra Starke, 88; Pat Glass, 90; Lois Lerch, 91; Dave Redmond, 92; Evilou North, 94; Judy Riping, 96; Jan Martindale, 98; Dick Waterfield, 108; Helena Kamm, 110; Connie Vallance, 116; Carol Downhour, 120; Mike Levy, 138; and Connie Kaade, 140.

More selected agents are Larry Levy, 142; Nancy Ormsby, 144; Lane Grile; John Biteman, 150; Sue Sappenfield, 152; Bonnie Hathaway, 154; Diane Telgman, 156; Jane Augspurger, 172; Judy Conley, 174; Nancy Goebel, 176; Karen Brumm, 178; Debbie Brooke, 182; Karen Curley, 184; Carol Druart, 186; Ellen Beatty, 188; Martha Dixon, 190; and Carole Abramson, C-B.

Three Kellys Get Pins

Three students have earned membership in the 1500 Club this semester. Receiving their bronze pins are Marilyn Cole, Sunny Kaade, and Sandy Miller.

Sue Hoard received a gold pin for earning 5,000 Times points.

Junior Red Cross To Make Bean Bags

Junior Red Cross Club plans to make about fifty bean bags for the retarded children next Wednesday at 3:30 p.m. in Room 12. The bean bags, resembling faces and animals, will be stuffed at the next meeting.

The officers are Judy Cramer, president; Marilyn Budd, vice-president; Phyllis Redding, secretary; Linda Vollmer, sergeant-at-arms; Margo Dixon, treasurer; Sue Stafford, program chairman. They urge that all members come to Wednesday's meeting.

Eighteen New Officers To Plan Social Events For 1959-60

JUNIOR CLASS OFFICERS . . . . Chosen for the driver's seat of the junior class this year are, seated, Evilou North, secretary-treasurer; Sheri DeYoung, chairman of the social council, and Sally Dill, social council. Standing are Bob Shine, vice-president; Chris Parrott, president, and Tom Duff, social council.

SENIOR CLASS OFFICERS . . . . Planning the year's social events for the senior class are, foreground, Janet Lawry, chairman of the social council, and Barb Frederick, social council. Seated in the back row are Dick Rothberg, president, Susi VanFossen, secretary-treasurer, and Dick McGaw, vice-president. Ken Howe, social council, was absent when the picture was taken.

SOPHOMORE CLASS OFFICERS . . . . Elected to pilot the sophomore class through their 1959-60 school year social activities are, seated left to right in the front row, Debby Brooke, secretary-treasurer, Susi Horth, chairman of the social council, Brenda Dull, social council, and Diane Fredrick, president. Seated close to the building are Dean Rice, vice-president, and Tom McMahan, social council.—Photos by DeHaven

On September 28, the members of the upper three classes voted for those students whom they wanted to lead their class during the present school year. All of those elected expressed feelings of shock and surprise, and the new officers wished to give thanks to those who had voted for them.

Dick Rothberg is the new president of the senior class. He is on the college course and is taking chemistry, English, algebra, government, concert choir, and developmental reading. Dick also finds time for service and Assemblies Workshop.

Assisting the new president is vice-president Dick McGaw. Dick is also on the college course and is taking government, solid geometry, chemistry, and English. He is active in Hi-Y, Lettermen's, and Wranglers. Dick plans to go to college and study law.

Sue Van Fossen has been elected secretary-treasurer by her classmates. Her curriculum includes chemistry, English, home economics, and economics. Sue would like to go to Purdue and study home economics.

Chairman of the senior social council is Janet Lawry. Janet may be found taking chemistry, home economics, government, and English. Besides being a varsity cheerleader, Janet is a member of the Drama Club.

Members of the social council are Barb Frederick and Ken Howe. Barb is taking English, government, Latin, chemistry, and concert choir. She also does service, belongs to Philo, works on the Times and the Totem, and is program chairman of the Luther League at her church. Ken's schedule includes English, wood, drawing, and A and N. He participates in football, Hi-Y, and Lettermen's.

# # #

LEADING THE junior class is Chris Parrott. He finds himself busy with English, physics, U.S. History, and solid geometry. Chris is a member of the football team.

Serving as vice-president is Bob Shine. Bob is on the college course studying English, physics, algebra, and U.S. History. He also finds time for football, Lettermen's, and the Times.

When asked his reaction to the newly-acquired position, Bob replied, "I was very surprised and honored and will do my best to fulfill the expectations of the members of my class."

Evilou North is the new secretary-treasurer and said, "I was shocked to say the least, but also very happy."

Evi is taking U.S. History, botany, French, and English. She is a member of Philo, service, and is also a Totem agent. She plans to attend DePauw for a degree in elementary teaching.

Elected chairman of the junior class social council is Sheri DeYoung. Sheri is taking botany, English, U.S. History, and art. She is a reserve cheerleader and also does service.

Sally Dill is a member of the social council and when asked her first reaction upon hearing that she had received an office, she answered, "I was very happy and will do my best to do a good job."

Sally is studying English, U.S. History, botany, and speech. A varsity cheerleader, she also takes part in Junior Red Cross, service, and library club. At the present, she is interested in getting an elementary teaching certificate at Indiana University.

The other member of the social council is Tom Duff. He is taking English, U.S. History, solid geometry, and physics. Tom is also a member of the football team.

# # #

THE NEWLY-ELECTED president of the sophomore class is Diane Fredrick. Included in her curriculum are English, geometry, world history, Latin, and dance. Diane is also active in Meterites, Wranglers, Times, and Westminster Fellowship at her church.

"I was completely surprised, but very happy," said Diane concerning her new office.

Assisting Diane in the office of vice-president is Dean Rice. Dean is taking English, Latin, geometry, general history, and gym. He is also a member of the football team. When he learned of his new position, Dean said that he was really happy and pleased that everyone voted for him.

Secretary-treasurer Debby Brooke is a 10B and is on the college course studying English, Latin, geometry, world history, dance, and advanced choir. Debby is also active in the Drama Club, Meterites, and the Youth Forum at her church.

"I was shocked and very surprised that I had received an office," replied Debby when asked to comment on her reaction to her new position.

Serving as social chairman of the sophomore class is Sue Horth. Sue is busy in school with English, dance, developmental reading, geometry, Latin, and general history. After school hours, she occupies herself with work on the Times, membership in the Drama Club, and vice-president of Meterites.

Members of the social council are Tom McMahan and Brenda Dull. Tom studies geometry, Latin, English, world history, band, and gym. Brenda is taking geometry, advanced chorus, dance, English, general history, and Latin.

Junior Achievement Companies Offer Teenagers Experience Of American Business In Miniature

"Junior Achievement is an exercise in private enterprise." It sets up companies each fall and elects officers. In Fort Wayne there are some 22 companies each year. Every company comprises some 10 to 20 teenagers. These miniature business companies are in every detail a reflection of adult American business except for size. Meeting for two hours one night a week, the members face and solve, or fail to solve, many of the same problems that face their adult counterparts.

A J.A. company begins the year by surveying local markets and selecting a product they think will sell. The company's name is slected. Costs of raw materials, tools, wages, rent, and operating overhead are estimated. It determines the capitalization needed to launch their "business." Stock is sold (50 cents a share) to friends, neighbors, and themselves, and thus necessary capital is produced. Elected officers and directors appoint production and sales managers.

z z z

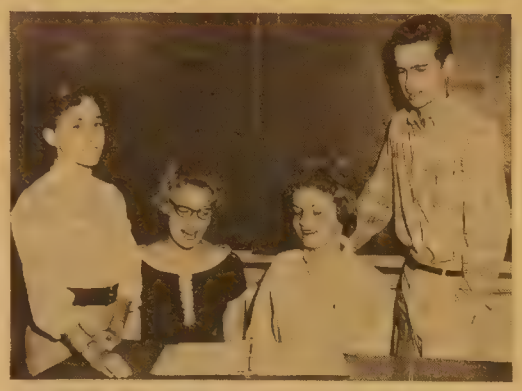
EACH COMPANY maintains records, treasurer's reports, inventories, production schedules, general monthly records, time-keeping records, trial balance, and profit-and-loss balance sheets, payroll records, delivery schedules, etc.

With product selected and materials at hand, production and selling begin. Usually a company is divided into three departments—accounting, producing, and selling.

z z z

AT THE END of a year, all companies are required to liquidate. Shareholders are paid off and a stockholders' report, giving an accounting to investors, is made.

Sponsors are selected by the board of directors. These sponsors help the companies by providing three adult advisers. The advisers guide the young people in obtaining a workable understanding of the American free-enterprise system.



z z z

The J.A.'ers also have many extra-curricular activities—parties, dances, a yearly banquet, the trade fair, and conferences. Awards are given for both ability and enthusiasm. The company with the most points is given an award. An Achiever pin is the first individual honor given. After the Achiever pin, J.A.ers' work for their Advance Achiever pin, the Junior Executive pin, and finally, their Executive pin. The last two individual honors are received by the teenager only after he or she successfully passes a test and an interview. At the end of the year, some five scholarships are given to the J..Aers who have done the most for their organizations.

z z z

BETTY PHERSON declares that the program was organized to give the teenagers of Fort Wayne a concept of business and an opportunity to put into practice the things learned about the business world. Betty has been in J.A. for two years and was treasurer of her company last year. She feels that it has taught her much about bookkeeping and note taking. The Treasurer of the Year award was won by Betty.

"J.A. is good experience and important in future life," Sunny Kaade commented. "I've met a lot of wonderful people, too. It seemed to make catching on in my summer job a lot easier." Sunny was also treasurer of her company which took care of the J.A. bank.

BALANCING THE BOOKS . . . . Looking over the financial record of their Junior Achievement Company are, left to right, Fran Hoffman, Betty Pherson, Sunny Kaade, and Dave Bishop. Fran was president of the Junior Achievement company last year which earned the greatest total points, and Betty was chosen the Junior Achiever Treasurer of the Year last spring.—Photo by Thompson

FRAN HUFFMAN was the president of the Bozer Company last year and it was her company that won the award for having the largest total points. She felt that learning the fundamentals of business through her organization a wonderful advantage. The giving of a scholarship was a challenge, too.

Two boys at South who have decided to join agree that they want to learn more about the organization of business and to gain more actual business experience. David Bishop and Gary Martin are enthusiastically looking forward to the work and fellowship of this "wonderful" group.

Varied Sports Occupy Time Of Steve Druart, Senior B

Determination and versatility are the key words to describe Steve Druart, Senior B. Steve is enrolled on the College Course, taking English, sociology, art, drawing, and botany. He is a member of the varsity football squad and an active member of DeMolay.

Steve stated that he hopes his high school education will prepare him thoroughly for college. He would like to attend a small college where he could play football, his favorite sport.

Bongo Beater

A beater of the bongo drums, Steve is the owner of this musical device. With a few family objections and neighborhood complaints, Steve finds it hard to really "go to town on them." He thinks that they are a lot of fun just to mess around on. However, he stated that he would never want an audience. Modesty is one of his traits.

Steve sincerely hopes that the football record will be 7-2 this season. He plays fullback on offense and linebacker on defense. Steve stated also that he thought football was a wonderful sport to take part in as well as to watch.

Weight Lifter

December 1, 1958, marked Steve's untold career of weight lifting. Steve started working out diligently with Olympic weights in order to increase his strength for football. At first he worked up to where he could lift 390 pounds. He can now lift 500 with comparative ease. This proves the theory that if one works hard enough for something, it can be attained if you really desire it.

Steve's pet peeves are people, especially girls that smoke. He also dislikes the use of foul language. Steve's advice to teens is this: "Be sure you are right in whatever you do, keep up your persistence, and work for your goal in an honest, Christian-like manner." Steve believes that you can never go wrong with such an attitude.

Like Webster's Definition

Webster defines determination as a persistence toward achieving a mark or goal. Surely this word exemplifies the life of Steve Druart.

Appreciation Small For New Cafeteria

Every day during his lunch period Joe goes down to the cafeteria and eats a hot lunch. Little does he appreciate the modern facilities of our cafeteria.

Some of the things that he does notice, however, are the clean tables, adequate lighting, convenient waste cans, and the delicious food. This food ranges from Sloppy Joes to cube steaks, all kinds of salads and pies, and, of course, the new lemon drink. All of these being served from the spotless steam tables.

One of the things he doesn't realize is that the cooks are at school from 6:45 a.m. to about 3 p.m. preparing the menus and the food. The kitchen help and the janitors have to clean the tables and the floor during the short time between periods.

Students like Joe should begin to notice and appreciate the things that the cafeteria does for them and say "Thank you."

Sleepyhead News: Dread Of Alarm Normal Reaction

Oh, how we hate to get up in the morning!

Wake up, sleepyheads, and listen to some good news: psychiatrists have decided you're probably normal.

Most of us hate to wake up. Phychiatric opinion tells us that we are absolutely right. Waking up means facing the problems of the day—and anyone in his right mind would prefer to stay in bed. Result: we have to keep inventing new ways to wake ourselves up.

The first mechanized replacement for the classic cock-a-doodle-do of the rooster was invented by Levi Hutchens in 1787. He called it an alarm clock, but nobody got alarmed . . . Levi was the only man to have one. In 1876, Seth Thomas patented a wind-up alarm clock in a metal case. This shocked sleepers all over the country.

Just when we learned how to snooze blissfully through the loudest alarm clocks, along came the telephone, and the phone wake-up service. In New York a client insisted to be wakened by some dramatic message. One day they woke him up by telling him his house was on fire. The poor guy was down the street in his pajamas before he really woke up.

The latest gadget is enough to give the strongest sleeper nightmares. It is a wake-up bed that wakes you by bouncing you up . . . electronically. You plug the bed into a clock radio and at the appointed time—boing!—the bed pleats up like an accordion in less than 30 seconds.

If you are a pupil of South Side you can purchase a bed of this type for only two dollars. Mail your money to Sleepyhead in care of Yawntown, Time-To-Get-Up Island.

Fragile Fragrances Describe Fraternal Feelings Of Couples

Kellys Give Opinions On Effective Ways To Control Tensions

In this modern and scientific world, many tensions are built up by everyone. When Archers were asked the question, "How do you deal with your tensions?" they answered:

Sue Martin: I d-d-d-don't h-h-have any t-t-t-tensions. I just g-g-g-go mad.

Diane Thomas: Sue Martin and I take weekly trips to Madsville.

Stephen Putman: I store them up and save them for a rainy day.

Sherrie Busch: I take Bufferin.

Debbie Tourkow: I close my eyes and maybe they'll go away.

Craig Miller: Well . . . please restate the question.

Sue Norman: I don't deal with them, I create them.

Gonda Rider: I find that tensions are like an ice cube. After you sweat it out, it only amounts to a drop.

Rick Busch: I don't have any to worry about.

Vicki Miller: I tell them to my girl friends and let them worry.

Oma Ake: I scream.

Bob Weiss: I'm sure if we can't spell it, we can't answer it.

Aquatic Archer Is Trying Her Wings

Karen Simmons

When Karen Simmons was eight, she was thrown into water. Because of this she's been swimming ever since.

This water-logged 10B has been in competition for four years and is on the YMCA boy and girl swimming team. Even the Amateur Athletics Union awards they keep hanging around her neck don't weight her down.

When Karen eventually climbs out of her pool, she plans to become a nurse and perhaps to specialize in cerebral palsy. At this point, however, when she isn't doing a jackknife or a one-and-a-half gainer, she may be found plugging away at Latin or Lincoln's Second Inaugural Address.

Ever since grade school and Harrison Hill's Junior Wranglers, Karen has been making speeches. She took fourth place at the Howe Inexperienced Meet with a sizzling declamation. That's not half of it; she's also a news reporter and a room agent for the Times.

Karen's been using her water wings. Last spring she accompanied her father on a trip which took them to Washington, D.C., where they visited the Supreme Court and the Capitol Building.

Archers Boosting Team To Victory; Celebrations Held

Ah, football season is here again, and many Archers have turned out to boost their team on to victory. **Janet Lawry, Barb Wallace, Sally Dill, Sharon Zelt,** and **Margo Dixon** are leading the cheering section with a **"Teen Beat." "Boogie (Tom) Bear"** seems to be yelling loudest of all.

In the dressing room, **Coach Geruand** overhears **Bob Bartell** bragging to **Jim Dawson** and **Steve Burton** about how he learned to **"Dance With the Dolly."** (He really was talking about the tackle dummy.)

Out on the field, **"The Angels Listened In"** as **Chris Parrott** tells the rest of the boys that **"Okefenokee"** is a tough team and it will look like the **"Battle of Kookamonga"** unless they all work together.

The gun is fired, and **Steve Matthias** passes the ball to **Carl Johnson,** who yells menacingly, **"Come On and Get Me."** Someone did get him, but not before he made a touchdown!

At the half we see **Ann Gallmeyer, Marla Habecker,** and **Susie Lohman** at the popcorn stand. They are talking to **Cindy Korte, Tamara Stech, Babs Fitzgerald,** and **Susie Berk** and are admiring the new stadium lights.

Bob Hendricksen is yelling **"Hey Little Girl"** to **Gail Woodruff** because she won't sit still long enough for him to take one of his famous candid photos.

In Okefenokee's huddle the captain is saying **"A Prayer of a Fool."** They are fools if they expect to win this game, because the first pass fell right into the **"Open Arms"** of **"Danny Boy" Tritch.** As **Tom Duff** slips through his fingers, Okefenokee's tackle says, **"'You Were Mine,'** but all you Archers are as slippery as seals."

The opposing team now has the ball. Their player hardly got started when we hear him sigh, **"You're No Longer Mine,"** as he is tackled by **Bill Spindler.**

As the game resumes, **"Johnny Reb" Somers** speeds toward the goal line, whispering to the ball, **"I Want to Walk You Home'** but **I'll** get there faster if I run." He makes the tenth touchdown. The game is over and it is a happy night for all Archers.

To celebrate, **Mary Collins** has the car and is going to take **Jeannie Carroll, Pam Olsen, Jan Martindale,** and **Mary Meily** out to Hall's.

"Sitting in the Back Seat" of **Bob Colburn's** Corvette are **Neil Pierce, Flip Andreson, John Gear,** and **John Sauer.** We all know his Corvette doesn't have a back seat, so it looks like those boys will buzz Hall's on their feet.

Church Activities Claim Anne's Time

Although church activities claim much of her time, junior Anne Eversman still participates in other worthwhile pursuits.

After a normal school day which includes a college course of Botany 1, United States History 1, English 5, and Home Economics 1, she might be found at a Philo meeting, exercising in Modern Dance, working on her figurine collection, or playing in a game of tennis. In the summer her favorite sport is swimming.

Being treasurer of Methodist Youth Fellowship at the Wayne Street Methodist Church is her main concern. This summer she went to church camp at Lake Webster, in northern Indiana, and lent her talents at interpreting Bible passages. She has accompanied her church group to such places as DePauw and Ball State on week ends to engage in similar undertakings.

She is an accomplished pianist, having studied for six years. She also studied ballet.

This summer she had another enjoyable experience—that being a trip through the South, concentrating on Tennessee, North Carolina, and South Carolina.

This 16-year-old, blue-eyed Archer brunette likes South Side very much. South Side is certainly proud to be able to credit her to its enrollment.

The Chatterbox

By Julie Carr and Kathie Sosinski

HOLD THAT TIGER!! Isn't it sharp the way the fans have been backing our Archers this year? Keep up the good work students and team!

"I think you're going to hit that pole." WHAM!!*@Ib&'?/%! That's the way one school morning started for four senior girls. The driver might be embarrassed if we told her name—so we'll be good and keep it a secret. The car wasn't damaged very much but one girl got a little wet when the flowers and water spilled out of the vase she was holding. Don't worry Posy—your secret is safe with us. FOREVER SILENT!!!!!

Bob Griffiths saying to his date at Hall's: "Order anything you'd like . . . Chubby."

Did you know that South Siders have the reputation of being snobs—is it true?

Latest flash from the chemistry castrophy club: Barb Bailey was very industriously mixing the substances for her experiment when all of a sudden—POW!!!! The hydrochloric acid blew up! Barb is O.K. now, but when they came to take her away, all she kept saying was, "Dr. Davis, I presume?"

Overheard at a freshman party: "Someone is going to have to leave. We've run out of people to talk about."

Now for the moment you all have been waiting for—this week's presentation of the MURPHY'S HERO BADGE!! For his outstanding work in "literature," Professor Dan Oesch is this week's lucky recipient. An example of his "literature" will now be presented to you.

Ode to a Locker

O' boxes of steel,
Standing straight and tall as the vaults
Of a prosperous metropolis,
What riches do your rich-laden contents imprison?
Gold, no doubt, in the form of books,
And other implements of knowledge.
So valuable are your rich-laden contents,
That two soldiers guard you against evil
Clutches of the underworld.
Brave and stalwart, your guards, like the
Mighty Odysseus in the seige of Troy.
Halt there thou villainous knave.
What errand of evil brings you to this
Private domain of valuables?
Sign your name on this ledger.
Any misdemeanor committed in these
Hallowed halls, shall be under the jurisdiction
Of an authority greater than that of this noble soldier.
Stand thee before Lord Davis and explain your perilous plight.
Once again you are safe O' boxes of steel.
In all seriousness, Dan, this is really great!!

Girls! Have you noticed how the boys always rush to the door when the bell rings, leaving us to walk out last. We ask you—is chivalry dead?

See you at the football game!!!!!

Threat To Our Freedom Combated By Devotion

Editor's Note: This is fourth in a series of the editorial concerning "My Country 'Tis of Thee." This one deals with the phrase, "From every mountain side."

To keep freedom ringing is the urgent and constant responsibility of every citizen. The greatest glory of a free born people is to transmit that freedom to future generations, and the greatest glory of each generation is the knowledge that they've upheld and advanced freedom's cause. These freedoms—social, economical, mental, spiritual, domestic, and political—all belong to us now, but if we don't continue to use these freedoms correctly and justly, we will soon find ourselves without them.

Americans enjoy social and economic freedoms. Class barriers are no restriction on the heights to which a man can climb. No matter how poor his beginnings, a man has the opportunity to become an industrial tycoon or a millionaire. Mental and spiritual freedoms are the birthright of every American, and we should use these freedoms to their fullest extent. We should try to understand and weigh not only national situations, but the world situation, as well. Freedom of religion is one of an American's greatest privileges. Each of us is free to worship God as he pleases and in the church of his choice. Our pilgrim fathers founded this country for that express purpose, and the first political document drawn up on the American soil, the Mayflower Pact, began with these words: "In the name of God the Father, amen."

Our domestic and political freedoms are not always fully appreciated. How thankful we should be that our society is based on happy homes and united families rather than the inhuman system of the Russian communists. Our opportunities to vote for the men of our choice assure our political freedom, but only as long as we exercise this freedom. It is in constant danger from the apathetic majority whose favorite phrase is, "One vote won't matter anyway."

Nikita Krushchev, a "shrewd, crafty, ruthless high apostle of almost everything evil," is the personal embodiment of the threat to all our freedoms. Thoughtful Americans realized this on his recent visit to our country. We must not be taken in by this smiling little butcher who, in one breath, talks about "peaceful co-existence" and in the next, makes the confident prediction, "I am certain that communism will overtake capitalism in the United States." Walter Reuther expressed the feeling of every thinking American when he said, "We must tell Krushchev how much we condemn the Soviet system and how much we are devoted to our own system based on freedom."

May our country be blessed with freedom from the shores of the mighty Atlantic to the shores of the calm Pacific, from the Canadian border to the Gulf of Mexico. And may the young Americans today that will one day be our future doctors, lawyers, teachers, statesmen and workers continue working and fighting, if necessary, to keep the glow of freedom alive and shining in every American's heart.

"Blessed is the nation whose god is the Lord!"

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

Crystal Ball Predicts Archers To Prove Exciting And Unusual

October, the tenth month of the year, is a month of many changes. One of the many changes is that of the switch from summer screens to storm windows by strong **Ed Freed. Nancy Goebel** proves this idea of changes in October by raking fall leaves instead of picking summer daisies. **Dorothy Dildine** will help to show the change from summer cottons to winter wool fashions.

Along with all these changes comes the replacement of outgoing freshmen by incoming graduates of the eighth grades. Halloween's gypsies have consulted their crystal balls and predict that the following freshmen will prove to be both exciting and unusual in the next four years to come.

O—Oval-faced **Barbara Heller's** bewitching blue eyes seem to catch everyone's attention. Barbara comes from Hoagland School. She'll soon be leaving South Side because her family is moving to another town in Indiana. Her good sense of humor makes her well liked by everyone. She's in Homeroom 176.

C—The fact that the golf season is almost over saddens **Cindy Korte,** who plays golf daily at the Orchard Ridge Country Club. Who knows, Cindy may even be another Ben Hogan. Along with golfing this summer, Cindy made a Hawaiian muu muu to celebrate the addition of our newest state. Cindy came from Harrison Hill and is now in Homeroom 138.

T—**Terry Matthews** enjoys all sports, especially football and basketball. Collecting old coins is his hobby. A paper route keeps him busy part of the day. He and his twin brother are in Homeroom 74.

O—Dancer **Denny Van Orman** is on his way to becoming another Arthur Murray or Fred Astaire. It's really a privilege to dance with Denny. Denny had quite a struggle trying to persuade his mother to let him come to South Side. He comes from Aboite Center.

B—Swimmer **Janet Brenn** is sorry to say good-bye to summer for a couple of reasons. She misses her favorite sport, which is skiing, but she is keeping in shape by practicing it on the slippery floor of the room she takes health in. Snice Jani wants to get her watch which she left around the pole on the dock of her lake cottage, she hopes that next summer will come in a hurry. This pert miss comes from Washington School.

E—Exotic **Connie Vallance** is an enthusiastic bug collector. Her exciting collections range from humming birds to squirrels. Biology is her favorite subject. She would like to be a naturalist. One of her favorite foods is raw hot dogs. Connie is in Homeroom 116. Connie comes from Smart School.

R—Radiant **Connie Kaade** owes her beauty to the Merle Norman Cosmetic Studio where she received her first facial. She made her television debut on "Shock" as Dracula's daughter. She likes to swim and dive. She works on the paper and enjoys writing. Connie comes from Harrison Hill. She is now in Homeroom 140.

Hash And Honey

Hash To:
the kids who are non-subscribers to the Times.
the kids who walk in one minute after the bell—they didn't mean to!!
the kids who brought winter sooner by wearing fall clothes.
the Seniors who haven't had their pictures taken yet.

Honey To:
the boys in green on our football and basketball team!!
the green freshmen who must use that certain smile to the privileged seniors.
the teachers who excused those last few kids who were late during the first few weeks of school.
the people that maneuvered South Side into good running condition.
the supervisors and boys and girls who manage to send out a paper to the kids in South Side every week.
the new teachers—Freshmen aren't the only ones new!!
the cooks who prepare the delicious food for the starving South Siders.

Homeroom News

Sue Rousseau, Homeroom News Editor

Bill Tucker traveled through northern Michigan . . . Karen Ann Walker spent the summer at Sand Lake . . . Rita Waikel spent four weeks of her vacation at Lake Gilliad in Michigan . . . Sue Whitmer spent part of her vacation at Angres, a city in northern Michigan . . . Mary Marker traveled through Michigan and Ohio during the summer . . . Stella Masierak visited Rhode Island . . . Denny Van Orman spent part of his summer at Camp Charliviox, while Elizabeth Lothamer visited the Chicago Museum.—Susan Whitmer, reporter

z z z

During the summer many students in Homeroom 30 went on trips or to lakes . . . Lyall Morrill went to Pennsylvania and Ohio . . . Terry Newendorp went to Kentucky and Detroit . . . Bill Mueller went to the West . . . Barbara Monser and Sue Norman went to Illinois and Mike O'Hara went to Pike's Peak . . . Students who went to the lakes are Kerry Nidlinger, Alan Mitchell, and Carol Moilanen . . . Linda Newell went to church camp for a week and had loads of fun . . . We would like to welcome Judy Merrill, who moved here from South Bend.—Pam Orchard, reporter

z z z

Sharon Eitman took a trip with some friends to Lake Huron where she spent a week. She had a wonderful time and came back with a beautiful tan. Judie Evans took a trip with her father to New York City. She saw "Music Man," "Flower Drum Song," and toured the National Broadcast Company. Judie also went shopping in the New York stores. Sarah Finch took a trip to Little Rock, Ark., and St. Louis, where she visited relatives. She also taught swimming and did volunteer work for the Red Cross Agency.—Sarah Finch, reporter

z z z

Barb Frederick of Homeroom 77 spent a week at Cornell University with over 2,100 teenagers from the U.S.A., Canada, Hawaii, Africa, and British Guiana for a Luther League of America convention . . . Going to Culver Military School formal dance was quite a grand thing for Judy Weber.—Sharon Ebersole, reporter

z z z

Homeroom 98 spent most of the summer going to the lakes and traveling . . . Jan Martindale went to Minnesota for two weeks with her family and some friends in June. She spent most of the remaining summer at their cottage on Lake Michigan . . . Kenneth Long spent all the summer at Lake Wawasee . . . Jim Crabill spent a very enjoyable part of his summer in Dallas, Tex. . . . Steve Kunkle went with his family across the Mackinac Bridge to Saulte Ste. Marie. He said it was a very interesting trip . . . Sue Gough went camping in northern Minnesota. She also visited relatives in the Twin Cities . . . Camilled Luther traveled through northern Michigan. She also stayed at Crooked Lake . . . Carol Lewis spent the summer at Lake Wawasee with 16 other girls . . . Nancy Matlock visited in southern Indiana and also spent some time at the lake . . . Marilyn Masters spent a very enjoyable two weeks in Seattle, Wash., and Glendale, Calif., visiting relatives . . . Sue Maxon spent about two weeks at a small lake outside of Rome City.—Marilyn Masters, reporter

Nuclear Physics, Meteorology Parts Added To Junior Science Academy

The meteorology and nuclear physics sections, two new divisions of the Junior Academy of Science, are beginning their fall activities.

The meteorology section, or weather bureau, is headed by Charles Leopold, 12B-142, while Dave Briggs, 11A-188, heads the instrument committee, and Roger McNett, 12B-142, directs weather observations.

Beginning soon, observations will be made during the first, fourth, and seventh periods. Each observation will require about 10 minutes. Students interested in becoming weather observers should contact Mr. Don Weaver or Mr. Robert White, sponsors.

\# \# \#

INFORMATION recorded at each observation will include atmospheric pressure, wind speed and direction, temperature, cloud formations, and precipitation.

Equipment now in possession of the club includes a barograph, a self-recording barometer, a weather instrument shelter, and wet and dry bulb thermometers. In addition, Dave Briggs is constructing an anemometer, which is an instrument for measuring the force and velocity of the wind.

A weekly summary of the weather bureau's findings will appear in the Times. It will include such information as the extreme highs and lows of temperature during each school day and the amount of precipitation. Future plans include the possibility of posting a daily weather map somewhere in the halls.

\# \# \#

THE WEATHER bureau idea is not completely new. A similar organization was in operation here between the fall of 1955 and the spring of 1957.

The nuclear physics section will replace South Side's division of the Cyclotron Club. Cyclotron is a city-wide club, although at present, all its members are students at South Side.

Bob Gifford, currently president of the Junior Academy of Science, will head this section. Members will meet every Tuesday at 3:30 p.m. in the cyclotron room, the main business consisting of work on the cyclotron and the training of new members.

The overall purpose of this club is to study the effects of nuclear physics.

\# \# \#

In addition to these two established sections, a new one dealing with astro-physics will be formed at the regular Junior Academy of Science meeting October 15, at 3:30 p.m. in Room 76. A radio section will also be organized in the future if enough interest is shown in this subject.

The astro-physics section will be for people who are interested in astronomy. Most of its original members will probably be Archers enrolled in the Fort Wayne Astronomy Club, but this is not compulsory.

For use by this section, the Academy already owns an eight-inch reflecting telescope with planetary mountings. It also has equipment for grinding lenses for use in other telescopes. This eight-inch telescope is sufficiently powerful to reveal, among other things, the moons of Jupitur, the rings of Saturn, and some of the coloring of the planet Mars.

Astronomers interested in helping form this section should contact Mr. Weaver.

\# \# \#

IF THE RADIO section is formed, it will be a revival of a radio club active here between 1922 and 1932.

This club had a license signed by "Herbert C. Hoover, Secretary of Commerce," and was authorized to broadcast on a frequency currently being used by one of Fort Wayne's commercial radio stations. However, it was forced off the air in 1932 by restrictions connected with World War II.

The school already owns some radio equipment including a good aerial used by this former club and phonograph records for code training.

\# \#

LICENSED RADIO operators are needed for the organization of this section, but any student is welcome to join. The club will provide a student with the opportunity of monitoring and possibly broadcasting during his study period.

Another project of the section will be to keep a log of all operators contacted by its members.

Archers interested in science or math, who have not selected a particular field, may join the Junior Academy of Science without joining a specific section. Also, membership in two sections is the maximum permitted by the laws of the club.

FAIR AND COOLER . . . . Say members of the Junior Academy's Weather Section after checking the barograph in the foreground. Far left, seated and standing, are Chuck Leopold and Bob Gifford; far right standing is Dave Briggs. Looking on are Mr. White, center standing, and Linda Moody, right seated, of the club's Astrophysics Section.—Photo by DeHaven

Wranglers' Picnic Scheduled Oct. 12

"All Wranglers members are encouraged to attend the annual fall picnic Monday, October 12, at 5:30 p.m.," announced Geri Geller, president.

The picnic will be held at the third pavilion at Foster Park. Initiation of new members will comprise the program. The menu will include hot dogs, beans, salad, coke, and taffy apples.

General chairman of the picnic is Janet Terry. Food committee chairmen are Carol Purdy and Barb Frederick. Marilyn Cole heads the program committee with Sue Springer and Karen Curley aiding her.

All dues for the semester must be paid at the picnic along with 15 cents for the coke and taffy apples.

At the September 28 meeting, Dick McGaw presented a talk on his experiences at the Northwestern High School Institute this past summer. Dick attended the debate division and explained to the group the academic, social, and cultural advantages of this institute.

Coming speech meets include Howe Inexperienced, November 7; Freshman-Sophomore School Meet, November 4; and New Haven Experienced and Inexperienced, November 14. All students interested in going to these speech meets should sign up in Room 190.

A committee to choose a Christmas play has been chosen. Judy English is chairman, and Susan Menze and Janet Christensen are the other members of the committee.

Pep Session Tomorrow

To acquaint the student body with the fundamentals of football, Mr. Everett Havens and Mr. Robert Gernand will speak on the football plays and signals during the pep session today. Another yell contest between the classes is also being planned.

Thursday, October 8
Dramatics Club, Room 112, 3:30 p.m.

New Member Initiation Scheduled For Vesta

New members will be initiated at the October 14 meeting of Vesta. This will also be the last meeting that students are able to join.

H.R. 70 Leads Banking Race

Total amount of receipts received the week of September 29 was $400.07. This was an increase of $82.32 over September 22's total of $317.75.

The three rooms which turned in the most receipts are first, Mr. Richard Sage's Homeroom 70; second, Miss Mary Crowe's Homeroom 142; and third, Mrs. Myrtle Grimshow's Homeroom 92.

Mr. Sage's room had $43.05 in receipts. Second place Room 142 had $38.60, and in third place with $25 was Room 92.

Service Club Members To Hear Mr. Gersmehl

Mr. Ronald Gersmehl, English teacher, has chosen "Something's "Gotta Give" as the topic of his speech to be presented to the Service Club members at their annual potluck next Thursday in the cafeteria from 6 p.m. to 8 p.m.

Every student doing service work and the members of the faculty are invited to attend the potluck. The students are to sign up in Mr. Ora Davis' office to bring a side-dish, plus a quarter or pay $1. The menu will consist of meat, potato salad, jello salad, cake, pie, baked beans, vegetable, deviled eggs, scalloped potatoes, milk and ice cream.

The Randolph Jacob's Service Award will be presented to the senior who has done the most service for the school. Every senior doing service work is eligible for this award and their names will be placed on the ballots to be passed out at the banquet. The senior receiving the most votes will receive the award to be presented by Nancy Jones.

\# \# \#

MARTHA REIFF and Carole Oxenrider are serving as general chairmen for the event. Other committee chairmen are, decorations, Marcia Mosel; menu, Penny Hunt; program, Joan Novitsky; publicity, Linda Tomson; and program, Chuck Jellison.

Marian McCallister is in charge of invitations, and Nancy Jones is in charge of the table setting. Serving will be supervised by Miss Frances Stobaugh, and Bob Thompson will take care of the clean-up committee.

Mr. Ronald Gersmehl

Mr. Walker Announces Scheduled Class Films

Mr. Ernest L. Walker has announced the films scheduled to be shown to the various classes. "The Doctor Examines Your Heart," "A Matter of Time," and "Heart Disease: The Major Causes" will be shown to the Health 1 classes on October 8.

Physical geography classes will see "The Earth—Our Planet" and "Molecular Theory of Matter" on October 12.

The biology classes will be shown "Amoeba," "Bacteria," and "Paramecium" on October 13.

On October 14 "Industrial Design," "Safe Shop," "Wood Working," and "The Woodworker" will be shown to the wood classes.

Senior Girls May Try For Scholarship

Any senior girl wishing to try for the General Mills scholarships of $500 to $5,000 should register with Miss Pearl Rehorst in Room 84 by Friday, October 23.

The scholarships may be won by taking a test called "The Search for the Homemaker of Tomorrow," to be given December 1.

Archers Trample North In City Series Opener

Slow-Starting Kellys Click In Second Quarter To Tally 14-6 Score

After a slow start, South Side's Archers came back to trounce a tough Redskin team, 14-6, last Friday at South Side's Stadium.

The North gridders won the toss and started on the march. The Redskin backfield launched an aerial and ground attack which stunned the Archer squad.

Long end runs by halfback Jack Smith and a pair of key passes by quarterback Brad Bendure sent the North Siders to three first downs and a touchdown. Fullback Sonny Gordon failed to convert the extra point.

The Green, still somewhat shaken by this first-period score, fumbled and had to kick out of trouble.

Soon, however, their confidence returned as Steve Burton smashed his way to a first down; the gun sounded for the quarter.

z z z

THE SECOND quarter showed the Archer line doing a fine job holding the Red and White well into their own territory. The Bowmen looked even better on offense.

Junior halfback Carl Johnson received a North Side punt and executed a beautiful dash 40 yards deep into Red territory.

South then penetrated to the one-foot line, but pressure took its toll.

North recovered a costly fumble and saved themselves temporarily. Shortly, however, Carl Johnson pinpointed a 40-yard toss to senior end Ken Howe, who was all alone near the goal line. Howe trotted across for the first Archer score.

John Somers plummeted through the middle to convert the extra point. The score at the half showed South on top, 7-6.

z z z

THE SECOND HALF displayed a confident Archer squad and a tired, fearful North Side team. The Green ran all over the Red defenses. Bob Bolyard spotlighted the third quarter with a fine 45-yard run around letf end.

The Redskins intercepted a pass inside their 20-yard line but could do nothing with it. To the end of the quarter the two teams traded the ball deep in North Side territory.

The Archers took command in the fourth quarter smashing their way to three first downs on good runs by Emmit Bowen, Bob Bolyard, Bob Shine, and Tom Duff. Penetrating deeply into North land, John Somers crunched through the middle of the North line for the Green's second score.

Somers also converted the extra point clinching the game for the Archers.

Time ran out on the Redskins before they could retaliate. The final score was South 14, North 6.

z z z

BOB BOLYARD did a fine job calling plays and ball handling. Carl Johnson and John Somers looked outstanding on both long and short runs.

Defensively, the whole Archer line did a great job of holding the Red in their own territory. Also on defense, junior Chris Parrott worked well as a defensive linebacker, making many important tackles.

Score by quarters:

South Side	0	7	0	7	—14
North Side	6	0	0	0	— 6

Harrier Muscleteers Rainbolt, Green, Reece Spearhead Squad

WARMING UP .... Dave Reese and Al Rainbolt, foreground, and Larry Fruchey and Sam Green, standing, do calisthenics under the direction of coach "Porky" Holt. The Archer trackmen are getting ready for their October 12 meet with Elmhurst.—Photo by Thompson

One—two—three equals Rainbolt—Green—Reece as the Green and White sends its cross country squad into competition. Al Rainbolt, Sam Green, and Dave Reece will do their best in leading the team to glory throughout the remainder of the short season.

Al, a Junior B, takes English 5, U. S. History 1, Physical Geography 1, and Business Law 1 during the school day. Out of school, Al has the privilege of being one of the best mile and two-mile runners ever to come to South Side.

Last season, as a sophomore, he was able to run a 9:58 two-mile race at Franke Park and 10:17 on the longer Franke Park course. In Sectional competition, Al came in twelfth out of 300 runners.

z z z

AL'S COACH, Mr. Charles "Porky" Holt, feels that "he is in good shape and is running easily for having been in no competition yet, and he should run quite well when he meets his opponents." Al feels that "the team has not had much time, but the boys are coming along very well."

Sam Green, a Senior B, takes English 6, U. S. History 2, Government 1, and business organization and management. On the track, he is considered quite a respectable miler because of his tremendous speed at the end of a race.

Mr. Holt thinks that "Sam is not in top physical shape yet, but will be good when he is." Sam feels that "the team has a good chance to take the trip down to state."

z z z

DAVE REECE, a Junior B, takes Business Law 1, English 5, U.S. History 1, and Wood 2 in school. Last year, Dave moved up from intramural to varsity cross country and aided the team in the Sectional by placing 42.

Mr. Holt knows that "Dave has been hampered by a sore leg, but he will be much better." Dave feels that "although we had a late start, we could go down to state this year."

Thus these three boys should lead their team into competition, and score as a real one-two-three punch.

Latin Enthusiasts Reorganize Club

Ann Plogsterth will entertain the Latin Club next Thursday at 3:30 p.m. in the Greeley Room.

The Latin Club, which is to meet for the second time this year, was organized October 1. South Side previously had a Latin Club, but it was disbanded in 1942 because of lack of participation.

At the organizational meeting, officers were elected. Dave Schwalm was elected consul; Stan Redding, proconsul; and Ann Plogsterth, scriba-questor. The sponsors are Mrs. Anne Redmond and Mr. Fred Hellman. No name has been chosen for the club.

Mr. Berg Urges Boys To Go To Rifle Club

In order to acquaint the new members of Boy's Rifle Club with the workings of a rifle, the fundamentals of firing, and the rules for safe firing, a meeting will be Monday at 3:30 p.m. on the rifle range.

Mr. Stephen Berg, sponsor, urged all boys interested in rifles to attend.

Results Of Iowa Tests Given To New Freshmen

Results of the Iowa Educational Development Tests were given to members of 9B homerooms today. The tests were taken while the present freshmen were in their respective junior high schools. The tests are to evaluate the development of the student's education.

Know-Your-City To See County Historical Society

Allen County-Fort Wayne Historical Society will be toured by Know-Your-City Club October 13, under the direction of Mr. Jack Weicker and Mr. Richard Block. Members are reminded to bring permission slips and bus money.

Last week KYC discussed projects for the coming year. Club membership is still open. Any non-member interested in the history of Fort Wayne is invited to attend.

Mural Men

By Dieter Hillerbrand

Cross country is well under way now, and the day of the final run is coming closer and closer. The date for this run has not yet been determined, but it usually takes place after practices have been held. The distance is about one and one-eighth miles.

Competitive races are the features of the daily practices. John McMillen leads all competitors, being clocked at 2:46 for the two-lap race (which is slightly above a half-mile). Right behind are Dennis Jones and Gary Butz with 2:48 and 2:53, respectively.

In relay races a "champion" team, consisting of Gary Butz, Phil Gallmeier, Dennis Jones, and Bob Camp takes on the leading challengers, John McMillen, Dave Schlie, Doug Smith, and Mike Ferverda.

The last time the two teams ran, the champions nosed out the challengers by obtaining a 4:21.8 clocking for the four laps.

z z z

IN TOUCH football, the V-Bangios turned back the Motz Monsters by the score of 19-2. Jim Allendorph was the first to break into the scoring column, as he intercepted a pass and ran back for a touchdown.

A short while later, Tom Wible threw a pass to Jim Allendorph for another touchdown. They then threw to Gary Butz for the extra point.

Again it was Tom who threw to Gary for a touchdown to make the score 19-0. Don Schwartz then got the only score for the Motz Monsters as he caught Tom Wible in the end zone for a safety.

z z z

DOUG SMITH'S STARS racked up their second straight win as they defeated the Cercury Marothonians, 24-6. Phil Jones passed to Mike Boyer for the first touchdown. The conversion attempt then failed.

Again it was Phil Jones who accounted for the next two touchdowns. First he threw to Mike Boyer for a touchdown and then ran around end to score. Don Gordineer ran back an intercepted pass to score the last touchdown for the Stars. Lee McMillen scored the only Mercury Marathonians TD on a pass from Steve Weiss.

z z z

ABOUT TWO weeks ago I mentioned in this column the importance of the parent's consent. It seems like some people didn't pay any attention to it. Last week two touch football games were forfeited because some of the boys forged their parents' signatures!

If a boy forges a signature and gets caught, he is expelled from all Intramural sports for at least one year. Mr. Motz and the Intramural managers run the whole program on their spare time, so please show your appreciation by not making them do more work than necessary.

Let's get those consent cards in and make it a great year in Intramurals!

Things to Remember: The Fall Bowling Tourney will be held at Scott's during Teachers' Convention. SIGN UP NOW!!!

Safety Council Adopts Series Of Safety Devices

A flasher system in center hall is to be in use within one week, announced Safety Council members and sponsors. A bicycle inspection is also being planned. This was decided at the October 1 meeting in Room 182.

All representatives are to be present at the next meeting.

South To Meet Trojan Thinlies

Al Rainbolt, Sam Green Outstanding Runners

Competition for the Archer harriers in their third team meet will be provided by the surprising Elmhurst Trojans. The rivals compete in the two-mile run on October 15 with Franke Park the probable site.

Coach "Porky" Holt's boys should be strong enough to hold back the Trojan challenge. South has two outstanding runners in junior Al Rainbolt and senior Sam Green.

Plenty of depth is present in the personages of Dave Reece, Terry Dibert, Larry Fruchey, Paul Romey, and Jim Porter. All these varsity members are able to break 11 minutes.

Elmhurst is vastly improved over its 1958 cross country edition. Reinhold Mueller leads the youthful Trojan charge, which consists of only one senior and one junior, the remainder being underclassmen.

Other varsity members include Ken McGill, John Gref, John Mitchell, Dean Cutshall, Dave Waldrop, and Dave Caston.

Coach Doug Spencer's harriers have compiled a 3-1 record thus far this campaign. They have downed Huntington Catholic, Fort Wayne C.C., and Bluffton. Fort Wayne Central, an area power, provided their lone downfall.

Although Elmhurst has the edge in running experience for this year, they will probably not match South's Rainbolt and Green or the sizeable Archer depth.

Boys' Rifle Club Meeting To Stress Rifle Care

The Boys' Rifle Club will meet next Monday at 3:30 p.m. on the rifle range.

The first few meetings are devoted mainly to training in the care, handling, and use of a rifle. There will be no matches until the boys have become more experienced.

Redskin Game Proves Griffiths, Somers Are Players Of Week

John Somers

Bob Griffiths

This week's Archer grid honors go to junior guard Bob Griffiths and junior fullback John Somers. Bob and John were instrumental in South's 14-6 victory over North Side last Friday.

Griffiths, moved up to first string when Steve Pohl broke his leg in the Anderson game, provided excellent blocking and tackling in the rugged Kelly forward wall. The line was consistent in stopping the Redskins ground game, as well as providing tremendous blocking for the Kelly ball carriers.

Bob is on the business course at South, taking U.S. History, Commercial Geography, English and art. Bob also caught for Shirmeyer's baseball team a few years ago in Pony League.

South Side's crushing fullback, John Somers, has been chosen player of the week for his sterling performance against North Side last Friday night. John scored one touchdown and made both extra points for the Kelly team.

John found holes in the Redskin line and crashed through for good gains. He also made several good defensive plays and set up many end sweeps for the other backs.

This was Somers' second touchdown of the season, as he scored the winning tally at Anderson in the opener.

z z z

JOHN STANDS six feet tall and weighs 193 pounds. Being a junior, he has a brilliant future ahead of him in athletics at South Side.

Last season John was a fullback on the reserve team and a linebacker on varsity. He was also starting forward on the reserve basketball team last season, and varsity shot-putter on the track squad.

z z z

JOHN FEELS that the team has an excellent chance to take the city title this year and has already proved themselves to be a powerful team.

"In my estimation, this year's team consists of a great bunch of guys and most of them work real hard," John remarked.

John's goal as a football player is to become the best player that he possibly can and to help the team to the best of his ability.

Bengals Boast Of Three Wins With New Coach

Swiftness, Experience Definite Strong Points In Favor Of Tigers

Another rugged City Series foe is South's opponent tomorrow night at 8 p.m. in the Stadium as the Archers meet Central in what appears to be one of the Kellys' most rugged games.

The Tigers, under new Head Coach Paul Bienz, boast plenty of speed and 13 returning lettermen as their strong points.

Already the Bengals have chalked up victories over North in the Jamboree, Marion, and Concordia; and they appear to be eager to open City Series competition in quest of bringing home a championship.

# # #

CENTRAL CERTAINLY appears to be "backed up" this season as all four starters in their backfield are monogram winners of last season. Jim Keim is at quarterback, while fleet T. C. Williams and Willie Rozier man the halfback spots. Steve Cress, a senior letterman, will probably hold down the fullback position. Fern Williams, another letter winner, also sees much action at the halfback spot.

T. C. Williams will definitely be the man whom the Archers will have to hold in check if they want to come out on top. He has already shown his heels to the previous Central opponents, and it will be no easy task to hamper his usually fine performance.

In the line, Bienz has moved Bob Tilker from end to tackle to fill the only position where there was not a returning letterman. He will be aided by Jerry Wagstaff, John Smith, and Kenny Hill.

# # #

PETE HOGAN, 180-pound guard who is renowned for his place-kicking ability, and Walt Young have the edge on the starting guard positions; and Dick Bates will handle the ball snapping.

The ends will be Willie Curry and Dave Easley with sufficient help from Steve Hatch and J. C. Lapsley.

The center position is the only spot where the Tigers have a lack of depth; and they are certainly eager to prove just how strong they are.

In meetings of the Green and the Blue over the last 10 years, South has been able to snag only three victories. These came in 1949, 1953, and 1956. Most of the contests between the two arch-rivals have been close, with no less than eight of the 10 decided by margins of one touchdown or less.

Scores for past encounters are as follows:

	Central	South
1958	6	0
1957	7	6
1956	7	12
1955	49	13
1954	13	0
1953	0	7
1952	7	0
1951	18	13
1950	13	7
1949	14	19
	134	77

The only lopsided game in recent years was Central's 49-33 victory in 1955. The overall totals, however, give the Tigers a decided edge. In 10 encounters they have rolled up a total of 134 points to only 77 for the Kellys.

Prabable starting lineups:

Central	Pos.	South
W. Curry	LE	F. Lude
R. Tilker	LT	D. Tritch
W. Young	LG	B. Griffith
R. Bates	C	B. Spindler
P. Hogan	RG	J. Olinske
J. Wagstaff	RT	J. Dawson
D. Easley	RE	K. Howe
J. Keim	QB	B. Bolyard
T. C. Williams	LH	C. Johnson
W. Rozier	LH	S. Burton
S. Cress	FB	J. Somers

Carter's Corner

By Jim Carter

By tomorrow night the story will be known. As the City Series race now shapes up, the crucial South-Central game will probably decide the next city champion.

North Side was decisively ruled out as championship caliber this season by the 14-6 pounding the Redskins received at the hands of the Archers, who now lead all city teams.

# # #

IT WAS THE first time in seven years, since 1952, that the Kellys were able to unseat a Red squad. This time, however, the Green left no doubt as to which was the best team.

Once again South was scored on first, as North won the toss, elected to receive, and rolled to an early score. The apparent weakness displayed in the first quarter, similar to that occurring two weeks ago against Hammond Morton, could have proven disastrous against a better team, and it stands in need of correction before the Central contest.

When the Kellys did get their drive under way, they sacrificed two potential scores as a result of a fumble on the one-yard line, and an intercepted pass. These attempts later proved unnecessary, but it would be nice to start off the game on the right foot tomorrow.

# # #

AN OLD, RECURRING weakness which showed up once again in the Archer defense during the first quarter was in the cornerback position. Fleet Redskin halfback Jack Smith picked up some valuable yardage around the Green's right end.

The South backs, particularly John Somers and Bob Bolyard, looked good in the victory, but it was the excellent rough, heads-up play of the Kelly line which stood out. Led by Jim Dawson, Bob Griffiths, and Dan Tritch, the forward wall opened large holes for Somers and the halfbacks; and they proved equal to the task, rushing for a total of 218 yards.

The Green and White also looked good throwing the pigskin, as they completed three of six attempts for 443 yards and one touchdown. This reserve passing attack, when used, has gone a long way this season toward keeping opposing defenses honest.

A surprising contradiction to pregame suppositions was the extra point situation. On the strength of Duane "Sonny" Gordon's previous success and South's failure, North was supposed to be favored to win if the number of touchdowns was equal. However, Gordon's kick was pitifully off on the one try his team provided for him, and the Archer line opened holes through which fullback Somers crashed for both of the Kelly extra points.

# # #

AFTER THE Green overcame its early unsteadiness, it confined the Redskins to their own end of the Stadium for most of the contest, forcing no less than six punts. On South's side, halfback Carl Johnson got off two good punts, for an average of 32 yards per kick. Some of the Archers' kick offs were lacking, however.

North now has an 0-3 record, and the Redskins' immediate future does not look bright. Next week's schedule pits them against Northern Indiana Conference foe South Bend Central, one of the state's top teams.

# # #

IT WAS OBVIOUS that the team, as well as the fans, were really intent on winning from North, and general congratulations are due to all. Nevertheless, a still bigger challenge remains in the Tigers of Central.

Friday's game will be Central's home affair, but it will be contested at South's now well-lighted stadium. In the 40-game history of this tradition-rich series, the Bengals hold a 25-15 edge. They have won the last two, the last previous Archer victory being by a 12-7 margin in 1956.

Due to a 13-7 defeat suffered at the hands of Elkhart's powerful Blue Blazers, the Tigers now occupy second place in the overall standings with a 2-1 record. Elkhart was able to hold flet T. C. Williams, Central's most potent threat, somewhat in check, and he failed to score.

Other Tigers who bear particular watching are fullback Steve Cress, halfback Fern Williams, and end Willie Rozier.

The Tigers at present are the only team with a positive number for the difference in their offensive and defensive averages. South is 2.3 points below even because of the lop-sided defeat by Indianapolis Shortridge.

In comparing figures, it is found that Central has an offensive-minded squad, with an 18.3 average, against the Archers' 8-5. Both have shown stout defenses in holding their apponents to around 11 points, but the Green is generally considered to have an advantage in this department.

Rated a tossup, tomorrow's game could very easily go either way, but if the Archers and the fans can display a desire to win equal to that demonstrated against the Redskins, they should be able to emerge victoriously.

# # #

IN OTHER Summit City grid activity, Concordia and Central Catholic each posted their initial win of the season.

The Cadets squeaked past the Kendallville Comets, 14-13. Standout performances were turned in by Gary Novak, Keith Markey, Max Wiebke, and John Dickmeyer. Coach Bill Koch's boys, now holding a 1-3 record, take on the Bulldogs of New Haven at New Haven. This will be a reply of the opening game of the Jamboree last month, in which the Bulldogs stopped the Cadets; and they will be favored to repeat.

C.C. picked up its first win at the expense of hapless Mississinewa. The Indians, dropped this season from the Archer schedule, were defeated 19-13. Outstanding player for the Irish was halfback Leroy Carcione, who added two more touchdowns to his total for 30 points, tops among city scorers.

The next foes for the Irish are Garrett's Rainroaders, who will come to town Saturday night.

In the city scoring race, Carcione is trailed by Williams of Central and Redskin Jack Smith, with 18 points each. Fourth spot is held down by South's bruising fullback, John Somers, with 14. Those tied for fifth with 12 are Archer Ken Howe, Cress and Rozier of Central, C.C.'s Mel Vachon, and Keith Markey of Concordia.

# # #

THE GREEN HAS accounted itself quite well thus far in grid competition, leading both the City Series and the overall standings, but it will take hard work and perseverance to remain there. After Central come such teams as Goshen and five-game winner Huntington. It's a rough schedule, but if they can get by the big one tomorrow, the Archers should be up to almost anything. See you next week.

Frosh Gridders Defeated 25-0 By Irish Squad

Powerful Squad Causes Second Archer Upset, First Season Shutout

South Side freshman gridders were defeated by a highly capable Central Catholic Irish team last Thursday at Lawton Park as the Irish blanked the Archers by a margin of 25-0. The game marked the first time this season that the Archers were left scoreless.

The frosh grid standing is two victories and two defeats.

The speedy Irish squad went for four touchdowns, but they were held to only one extra point. The longest run in the game was a 65-yard dash by Phil Charrias of Central Catholic.

The Archers were very sluggish and lacked the high spirit which they displayed in previous games.

The South line was crushed and could not hold the Irish offensive unit. The backfield was also weak and lacked the usual drive.

Kelly Oliver Davis continued his tremendous performances but he received little assistance.

South took the kick-off on about the 10-yard line, but was unable to drive to pay dirt. The Green and White's only threat came in the final stanza, when they moved to the Irish five-yard line. It was first down, but the quarterback fumbled and Central Catholic regained possession.

The South line, headed by Dave Tipton, Shep Jefferson, Bob Leininger, and Paul Slick, was not nearly as effective as it was in the Concordia game last week. Tom Shine, Oliver Davis, and Sid Sheray led the backfield.

Team 1 Victorious In Frosh Speedball

Team 1 defeated Team 2, 9-6, in Freshman GAA Speedball last Friday night in the gym. The captains are Dodie Kessler, Team 1, and Betsy Junker, Team 2.

Members of Team 1 are Patty Albate, Marsha Good, Martha Grimme, Claudia Hershberger, Judy Koop, Nancy Lagemann, Gloria Lothamer, Mary Marker, Stella Masierah, Celeste Riemer, Virginia Rose, Colleen Roth, Carolyn Scherer, Sydney Schinbeckler, and Gwen Young.

Players of Team 2 are Sue Burlage, Ann Chenoweth, Lorraine Ford, Mary Fremion, Sherry Hager, Anita Kimball, Mary Jo Kraus, Sue Lohman, Diane Longberry, Ann McCoy, Donna Rudasky, Toni Sorenson, Elaine Edwards, Judy David, and Nancy McBride.

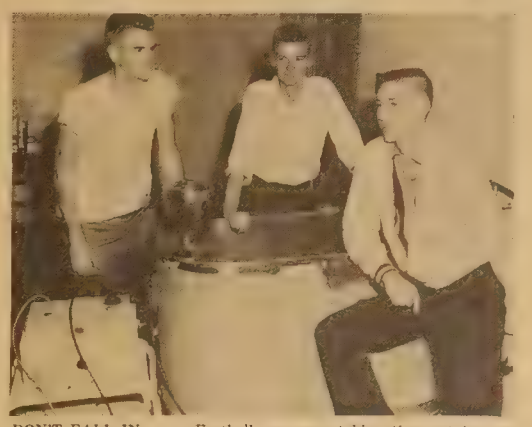
Junior Team Beats Senior Girls, 12-4

Juniors defeated the Senior team, 12-4, in Upperclass GAA Speedball Monday night in the gym. The Sophomore 1's beat the Sophomore 2 team, 8-6, in the second game.

High scorers for the Juniors were Sandy Dolson and Connie Dennis. For the Seniors, Sandy Grodrian and Jane Glass were the high scorers. Scoring for the Sophomores were Alice Ashton, Sherry DeBaille, Jane Ladig, Margie Lehman, Martha Bonnell, and Janice Nahrwold.



Members of the Junior team are Val Callahan, captain; Alberta Bonnell, Donna Barnes, Connie Dennis, Sandy Dolson, Mickey Flaig, Janice Garrison, Carol Hofer, Barb Markiton, Joan Erck, Leslie Sipe, Diane Spencer, Shirley Stahlhut, and Linda Vollmer.

Nancy Baltes, Barb Burdick, Shelba Cox, Jane Glass, Sandy Grodrian, Jan Kessler, Peggy Markin, Barb Nahrwold, Joy Walling, Linda Wolf, and Luann Uhl, captain, make up the Senior team.

Players of the Sophomore 2 team are Marjorie Bloom, Gretchen Brumm, Pam Buzzard, Martha Bonnell, Joyce Cossairt, Bella Dyson, Beverly Fromm, Sandy Heidbrink, Janice Nahrwold, Marcia Marschand, Flora Reynolds, Barb Uhl, Sandy Walton, Ann Heckler, and Sharon Shuler.

Alice Ashton, Tamara Beaty, Sherry DeBaille, Dayna Harader, Sherri Hall, Jane Ladig, Margie Lehman, Marcia Melching, Sue Merchant, Nancy Nichols, Sharon Krakower, Nancy Pfeiffer, Jan Spuller, Sharon Todd, and Mary Zimmerman are the Sophomore 1 members.

Donahoo, Duncan, Koch Perform Varied Tasks As Grid Managers

DON'T FALL IN . . . . Football managers taking time out to pose around the athletic department's whirlpool are, left to right, Bob Duncan, Jim Donahoo, and Dick Cook.—Photo by Thompson

Aiding the football coaching staff this year by caring for the equipment and performing other numerous tasks as football managers are Tom Donahoo, Bob Duncan, and Richard Koch.

Heading the football managing staff is Tom Donahoo. Tom is a Junior B on the college course. His subjects are Solid Geometry 1, U. S. History 1, Physics 1, and English 4.

As head manager, Tom's main duty is making sure that each manager does his appointed job. During a game, he either spots the Archer gridmen for the press or supplies the needs of the team.

Tom believes this year's team is the best in recent years because of the depth in the line and speedy backfield.

# # #

KEEPING TABS on each player's number of varsity points is senior Bob Duncan's main chore. Bob explained that each player receives 8 points per quarter and for every 50 points, a player receives a letter.

Bob is on the college course taking English 7, Chemistry 1, Algebra 4, and Government 1.

Due to the fact that the line has depth and 13 returning lettermen, therefore experience, Bob feels that this is one of the best South aggregations in recent years. Bob, himself, played varsity football until an operation on his knee sidelined him.

Rounding out the small but efficient staff of football managers is sophomore A, Richard Koch. Richard's most important task is to make sure all the equipment is out on the field before each practice session. During the games he alternates with Donahoo in the spotting duties.

As to the team's chances this year, Dick rates them as pretty good, stating that they have all around strength, size, speed, and depth which should carry them far.

Off the field, Dick pursues the business course by taking as his subjects, Geometry 2, English 4, Bookkeeping 2, Physical Geography 2, and Physical Education 4.

When queried as to what his favorite sport was, he quickly replied, "Football, of course."

Archers Excel In Classroom Work

Mrs. Schone's Physical Education 1 classes are playing speedball. Squad 1, Group 2, period 1 won their first game, 9-2. Squad 1, Group 2, period 4 also won their speedball game, 17-14.

Mrs. Schone's dance classes will continue exercises for about two weeks; then they will begin original routines.

Miss Shideler's Home Economics 4 classes are studying Architectural Styles. Included in these styles are Old English Homes, Early Colonial, French Provincial, and the modern Ranch Type home.

Miss Shideler's Home Economics 6 classes are studying Child Development. Each girl has selected a child for whom she will record his growth habits.

Mr. Ober's Biology 1 classes have been studying the circulation of the foot of a frog.

Mr. Ober's General Science 1 classes are experimenting with compounds. They recently made iron-sulfide and decomposed water by eletrolysis.

Mrs. Mary Smith's Home Economics 1 classes are preparing for their first sewing project. The girls will be allowed to make either pajamas or housecoats. This week they are still in the process of picking out their patterns.

The pupils of Mr. Block's Citizenship 1 period II class have discerned their schedule for their remaining years at South Side.

Miss Rehorst's Home Economcis 5 period 6 class is in the process of choosing fabrics for suit ensembles and coats.

Miss Rehorst's Home Economics 3 periods 2 and 7 classes are making all types of dresses for their first project.

Home Economics 1 period 1 class is making housecoats for their first project under the direction of Miss Rehorst.

Mr. Shellenberger's Physical Geography 1 periods 1, 3, and 4 classes had a test on the earth and the planetary. High grades were made by Judy Godman, Lillian Krudop, John Allan Smith, Lewis Thoop, Melodie Potts, Mike Pierson, Ken Meese, Paulette Lontz ,and Ken Louden.

Mr. Shellenberger's Physical Geography 2 period 2 class had a test on the changing of the earth's crust. High grades were made by Vaughn Correl, Diane Carpenter, and Tamara Beaty.

Mr. Hauk's General Science 2 periods 1 and 6 classes have been making lists of the various chemicals found at home.

Chemistry 1 periods 4 and 7 have been studying elements and compounds, writing formulas, and balancing equations in Mr. Hauk's classes.

Mr. Block's United States History 1 period 2 class has recently been studying aspects of the American Revolution. They have also studied Mr. Khrushchev's visit through the United States.

High grades on a recent quiz were made by Sylvia Robles and Mary Jane Spindler.

A panel discussion on "Teenage Personalities" was held in Mr. Block's Citizenship 2 period 6 class.

Miss Young's Geometry 1 periods 1 and 2 classes were given a quiz over construction. High grades were made by Margie Grieser, Don Seivert, Steven Schuster, Bruce Winn, Carol Jo Becker, Marilyn Block, Jeanne Pollon, Jim Tomson, and Bill Wilder.

In Miss Perkin's French 1 period 3 class Evilou North and Nancy Rose made 100's on a test over the first five lessons. Patricia Bailey, Kay Bradley, Ann Chenoweth, Sally Gelow, Jan Martindale, Gretchen Meister, Sharon Possell, Joan Rothchild, Sandra Starke, Terry Smith, Mary Jane Spindler, Susan Stauffer, Donna Weinraub, and Penny Yore also made A's.

Sally Capps and Ann Plogsterth made 100's on a recent French 1 period 4 class. A's were also made by Janet Brenn, Sally Freeland, Susan Gaugh, Bob King, Paul Leopold, Jean McGinley, Lavinia Miles, Karen Miller, Joanne Rose, Ruth Sprunger, John Stein, and Sandra Tannehill.

Twenty-one students in Mrs. Luse's Geometry 1 period 4 class made A's on a recent test. They are Oma Ake, Jerry Blessing, Ann Brase, Janet Christensen, Marilyn Cole, Steve Cook, Elizabeth Ellis, Joanna Gobel, Lane Grile, and Diana Hess.

Also Susie Hines, Kathleen Knettle, Frank Lewis, Lee McClymonds, James Moshammer, Pam Orchard, James Rondot, Bonnie Russell, Karen Simmons, Loraine Stone, Tom Thieme, Linda Winkelmann and Steve Wright.

In Mr. Graber's English 5 classes, Bill Bryant, Mary Ann Frye and Barry McMillock made high grades on a test over the English fundamentals.

Pat Tyler, Nancy Matlock, and Rich Dobson received the highest grades on a recent test in Mr. Graber's English 4 classes.

Seven students in Mrs. Luse's Algebra 4 period 1 class made 100's on a recent test. They are Steve Bash, Mike Church, Bob King, Richard Moser, Grant Osborne, Richard Spencer, and Loren Stanski. Sam DeHaven made a 97 on the test.

Tim Grodrian and Bob Lohman made 100's on a recent test in Mrs. Luse's Algebra 2 period 7 class. Grades in the 90's were made by Jim Bishop, Laura Carper, Tom Erb, and Jack Sanderson.

The highest grades on a recent test were made by John Wightman and Judith Handy in Mrs. Luse's Geometry 1 period 3 class.

Terry Hoff and John Smith made high grades on a recent test in Mrs. Luse's Geometry 2 period 2 class.

Marilyn Cole made the highest grade on a recent test in Mrs. Luse's Geometry 1 period 4 class. Janet Christensen, Steve Cook, Elizabeth Ellis, Kathleen Knettle, Frank Lewis, and James Mosshammer also made high grades.

In Miss Graham's English 7 period 3 class Kathryn Kieffer dramatized, with costume, makeup, and stage properties, the closing scene of the play by James M. Barrie, "The Old Lady Shows Her Medals."

Allan Mason, Sally Sweet, Suzie Moyer, Suzie Smith, and Paul Leopold made perfect scores on a recent test in Mr. Brown's Health 1 classes. The test was over the first chapter entitled "You."

In Mr. Collyer's General History 1 classes the following received high grades on a recent test about the Egyptians: Anita Ferber, Sue Kelly, William Borgmann, Susie Bumgerdner, Pam Hines, William Kleifgen, and David Meek. Also receiving high grades are Dave Minnick, Lydia Sutto, Cynthia Christman, Mary Frederick, Mary Keegan, Pat Bee, Karen Simmons, Bill Mueller, and Dennis Truitt.

Student leaders recently chosen in Mr. Motz's gym classes are Steve Putnam, Robert Pio, Ray Learch, Curt Holley, Robert Doresett, Alan Schlie, Robert Hendricksen, Mike Roese, Bill LeFever, George Goshoff, Warren Burns, Don Hasselbring, James Eme, William Kleifgen, Gary Tinkle, and Bill Jay, period 1.

In Mr. Motz's other period 1 class, the student leaders are Larry Lee, Phil Spray, Bob Wenger, Robert Hawkins, Dave Coolman, Bud Lucas, William Scott, Don Nobles, Kent King, Dave Ray, Tom Wright, Jerry Isch, Mike Dunn, Dave Lipp, Ken Fritz, and Ross Clark.

Student leaders in period 3 are Dan Holloway, Jack Garrison, Dave Smith, James Prine, Tom Felger, Bob Lohman, Karl Schlademan, Dan Bishop, Ron Reynolds, William Branning, Dave Margerum, Jim Munro, and Robert Zartman.

Student leaders chosen in the period 4 class are Dwight Arnette, Kerry Nidlinger, Philip Geller, Ed McClure, Steve Black, Steve Lertz, George Townsend, Jim Bly, Dick Klaehn, Roger Acton, Guy Music, and Steve Chapin.

Attractive posters have been made by Shirley Stahlhut and Pamela Punsky in Mr. Hellman's Latin 6 and 2 classes, respectively. Shirley's poster is the "Hall of Fame" type, depicting great men of the age of Cicero; Pamela's poster gives a quotation from Seneca, "Dacendo Discitur," which means, "We learn by teaching."

The highest scores on an arc and angle test given in Mr. Sage's Geometry 2 period 1 class were received by Christine Coulter and Sandy Miller.

In Mr. Sage's period 2 class Brenda Arnold, Bill Branning, and Allen Williams made perfect papers.

Those receiving perfect scores in Mr. Sage's sixth period class are Larry Gerig, Anne Eversman, Bella Dyson, and Lee Crowell.

Bob Rammage received the only perfect paper in Mr. Sage's period 7 class.

In Mr. Yoder's period 4 Biology 1 class the students are studying the chemicals involved in living organisms.

A demonstration on the properties and uses of oxygen was given by Mary Marker.

In Mr. Harader's English 7 period 4 class Ward Miller and Ron Bogan received high grades on a literature test. Darryl May, Cindy Hart, and Joyce Reynolds received high grades in the English 7 period 7 class.

Mr. Petty gave his Algebra 1 period 2 class a test. Those receiving high grades are Janet Brenn, Ron Bakalar, Laura Ann Buckmaster, Frank Carey, Steve Jones, Harriet Achstein, Judy Shumm, Karen Walker, and David Yaney.

Students earning high marks in the period 3 class are Dave Aubrey, Janet Calvert, Matt Cornacchione, Janet Diehl, Tom Galland, Howard Hoffman, Carol Ladig, Mick Schoen, and Sue Shelby.

A test was given over areas to Mr. Petty's Math 2 period 5 class. Lucretia Burgess and Gloria Lothamer made high grades.

In Mr. Petty's algebra class period 6 Leslie Malone, Judy Koontz, Jim Carter, Karen Curley, and Ed Sarver made very high grades.

Mr. Cramer gave his Algebra 1 students a test. Those receiving 100 are Betsy Junker and Sally Malloguh, period 2. Ann McCallister was the only one in the period 7 class.

They are also working on solutions of simple equations by using the four fundamental process laws.

In Mr. McQuillan's period 1 Government 1 class Judy Biberstein earned the highest grade on a test covering the Constitution and The Citizen and Public Opinion. On the same test in Mr. McQuillan's period 4 class 100's were earned by Ken Buchan, Ron Carlo, Nick Demetre, and Joyce Reynolds. Richard Fruchey earned a 98.

In Mr. McQuillan's period 7 Government 1 class Dotty Ertel, Stan Robinson, Steve Kearnes, Keith Henninger, and Linda Fox earned 100's on the same test. The next highest grade, 98, was earned by Tom Schwartz and Carol Salaka.

In the U.S. History 1 period 2 class of Mr. McQuillan, Pamela Stech received the highest grade on a test over chapter 2. On the same test in Mr. McQuillan's period 6 class, 100's were earned by Bette Lamlay and Dave Schwalm. Margie Mercer received the next highest grade, which was a 98.

Mr. Hostetler's Beginners class, first period is doing book exercises and studying notes and symbols of music. Mr. Hostetler's period 4 Occasional Chorus is singing "Love Divine," "The Kerry Dance," "Ay Ay Ay," and "Give Me Your Tired and Poor." The fourth period class is singing music close to that which the Concert Choir is singing.

Mr. Hostetler's Concert Choir is singing "Couldn't Hear," "It's a Grand Night," "If I Loved You, "I Love Those Dear Hearts," "Autumn Leaves," "He Took a Child," "Lil' Liza," "I Dream of You," and "Give Me Your Tired and Poor."

In Miss Osborne's period 6 English 7 and 8 class Merle Baldwin, Richard Dailey, Wendell Eicher, Pegeen Horth, Carol Miller, Kate Rastetter, and Dick Rothberg earned perfect scores on a grammar test.

On a grammar quiz in Miss Osborne's English 8 period 7 class A's were earned by Steve Bash and Judy Cramer. An A— was earned by Joan Novitsky, Judy Garrison, Bill Berning, and Sally Burton.

In Mr. Weber's Botany 2 period 1 class the students were given a test covering notes they had taken on a lecture about paper-making. Joyce Rothgeb made the highest grade.

On a wood chapter quiz in Mr. Weber's Botany 2 period 5 class the highest grade was earned by Susie Slick.

On an introductory quiz, 90's were earned by Dan Bill, Susan Gough, Carole Haag, Camile Luther, and Edward Morton in Mr. Weber's Botany 1 period 6 class.

In Mr. Sidell's Geometry 1 period 3 class Diane Saalfrank and Dave Tyner made 100's on a test covering lines and angles.

On the first three quizzes in Mr. Applegate's French 3 period 1 class Penny Hunt has made straight 100's.

Ellen McCarron gave an excellent report on "Dress and Manners of the 18th Century" in Mr. Applegate's English II period 2 class.

Grades of 100 were made by Molly Dixon, Don Gordineer, Sandra Grodrian, Joyce Rondot, Kathy Sosinski, and Judy Riping.

In English 3 period 1 class students excelling in the study of adjectives, adverbs, and noun clauses are Diane Fredrick, Bill Muller, Jim Walker, and Elizabeth Hostetler. The class is now studying "Silas Marner."

On a standard spelling test the excellent spellers and their grade placements are Jo Ellen Bobay, Karen McFarland, Bill Muller, and Linda Winkelmer, placing 11.7; Diane Fredrick, David Knepple, Frank Lewis, and John Sauer, 11.2.

English 3 third and sixth period classes are studying kinds of complements. Ones who are doing best are Julie Hutchens, Oma Ake, Bob Symonds, and John Weaver.

In the study of "Our Town," the best appreciation, understanding, and applying who we read is shown by Sharon Krakower, Bob Wenger, Brenda Harper, Heidy Hess, Jane Ladig, and Nancy Nichols, English 4.

In Miss Crowe's U.S. History 2 period 7 class Ellen McCarron is giving a biography of Rockefeller and also, the story of his business.

Mr. Arnold's History 1 and 2 classes have been making maps. Excellent maps turned in were Magellan's Voyage Around the World, drawn by Bob Crossley; Early Explorations by Linda Koch; Triangular Trade Routes by Bob Crosley; and The Thirteen Colonies, drawn by Stan Redding.

Students from Mr. Polite's period 1 Drafting 2 class who have finished lettering and geometry construction and have started scale drawings are Ted Von Gunten, Dennis Verbert, Dick Camp, Charles Cary, and Mike Hegerfeld. Others who have completed the same are Fred Von Gunten, Les Fairweather, Phil Glick, Nick Miller, John Chaper, Jim Burton, and Norman Lontz.

In the period 2 Drafting 3 and 4 class boys who have finished lettering and have started on their first drawing and general constructions are Phil Rodenbeck, Larry Herbst, and Dick Hechler.

Drafting 1 students in the period 3 class who have finished lettering and have started geometric construction are Bob Colburn, Thomas Fawley, Jack Fitzgerald, David West, and James Evans.

Students who have not only finished lettering but also number drawing and have started geometric construction in the period 5 drafting class are Ken Gerke, John Gear, John Markiton, Merlin Overman, Robert King, and David Ray.

Mrs. Emshwiller's English 2 classes recently took a test on the fundamentals of grammar. Rosemary Capps was the only person who received 100 on the test in period 1. Other high grades were made by Karl Krause, Tim Grodrian, Kay Falb, Bill Rastetter, Dale Hilsmier, David Rood, Betsy Adams, and Susan Moyer, period 1.

Those in the period 7 class are Bonnie Smith and Sandra Stouder. In the period 4 class, high grades were made by Robert Lohman, Sharon Stettner, Barbara Altevogt, Tom Erb, Bill Cupp, Sue Gerig, and Linda Seibel.

The South Side Times

Our Team Is Royalty! Where's Your Loyalty?

Vol. XXXVIII—No. 6 | South Side High School, Fort Wayne, Indiana, Thursday, October 15, 1959 | Price Ten Cents

Outstanding Senior Server To Receive Randolph Cup

ALMOST READY . . . Completing preparations for the Service Club Potluck are Linda Tomson, Marsha Mosel, Martha Reiff, Penny Hunt, and Carol Oxenrider, left to right. The annual potluck will be held in the cafeteria this evening at 6 p.m.—Photo by Thompson

The Randolph Jacobs Service Cup will be presented tonight to the senior who has done the most service work in his four years at South Side.

Ballots will be cast at the banquet and Nancy Jones will present the award to the senior with the most votes.

"Something's Gotta Give" is the topic of the address chosen by Mr. Ronald Gersmehl, English teacher, for the annual service potluck from 6 p.m. to 8 p.m.

Martha Reiff and Carol Oxenrider are serving as general chairmen for the event. Heading the respective committees are Marcia Mosel, decorations; Penny Hunt, menu; Joan Novitsky, program; Linda Tomson, publicity; Marian McCallister, and Chuck Jellison, programs; Nancy Jones, table setting; Bob Thompson, clean-up; and Gretchen Meister, invocation.

The Randolph Jacobs Cup was presented by the family of Randolph Jacobs in his memory. He was killed while flying a plane in the Second World War.

Times Campaign Sets New All-Time Record For South

For the first time in the history of South Side every homeroom in the school is 100 per cent for The Times. Also, a final accounting reveals that the school percentage for this semester is 103 plus per cent.

Janet Terry, circulation manager, remarked, "Though we have had over 100 per cent for the school in past years, the fact that we have finally succeeded in achieving 100 per cent in every homeroom is terrific. I would like to thank everyone for their fine co-operation and participation, including Mr. Rohrabaugh and Miss Harvey, the eight bookheads, the 74 homeroom agents, and every student who subscribed for The Times. It has been hard work, but worth it!"

When the eight bookheads were asked to make comments concerning the campaign, the following remarks were made:

Edee White—"Glorious!"
Ann Golden—"Marvelous!"
Sally Capps—"Wonderful!"
Sylvia Ehrman—"Tremendous!"
Sue Springer—"The Greatest!"
Susi Phillips——"Fabulous!"
Diane Fredrick—"Hilarious!"
Susi Horth—"C'est magnifique!"

Any students who have not yet purchased The Times may do so anytime. One hundred per cent signs will be given to all homerooms this morning, as well as candy bars to those rooms which have all promissory notes paid up. The deadline for promissory notes to be paid is November 20.

Room agents are asked to turn in their point sheets to Janet Terry as soon as possible. Also, each agent is reminded that he must come in and fold twice a month.

Congratulations are due the following room agents:

South Has Largest Enrollment In City

In September South Side High School had an enrollment of 2,215, making it the largest high school in the city.

In September of 1958 the enrollment was 2,095. Our attendance this September was 98 per cent, which is the same as the first month of school last year. In November last year our attendance dropped to 96 per cent due to an average number of colds and sore throats.

In February and March our attendance dropped to 90 per cent because of the flu "bug." The average per cent of attendance for the 1958-1959 school year was 96.2 which is still excellent for a school the size of South Side.

Following South with the second largest enrollment is North Side with an attendance of 1,985 students. Central's students number 1,472. Elmhurst has a total of 875 pupils enrolled and 863 pupils now attend New Haven High.

Career Day For Seniors, Juniors Set

Educators, industrialists, and businessmen from the Fort Wayne area are developing a program to assist city high school juniors and seniors choose a career and college.

The first Career Day Conference will be November 14 on the campus of Indiana Technical College. Approximately 2,000 high school juniors and seniors from a 10-county area are expected to converge on the campus for the entire day.

General chairman for the conference is Mr. Aaron T. Lindley, superintendent of the Fort Wayne Community Schools, who commented, "We must try to help each boy and girl find a place in the future."

"This future," continued Mr. Lindley, "will be filled with occupational novelties with 25 per cent of today's graduates in jobs not now existing."

\# \# \#

FUNDAMENTAL purpose of the conference, which is a project of Tech Associates, a group of more than 100 leading businessmen and people in Fort Wayne, is to help each student determine the vocation in which he is most interested.

The reason for the conference is the national concern over the lack of proper guidance for young people ready to assume further education or to go into jobs.

Dr. Louis Dobbs, assistant to Tech President Archie T. Keene, said the idea was born when Tech staff members visited area high cshools a year ago.

In talking with principals and superintendents it was learned there was a need for more counseling.

\# \# \#

EARL SCHWALM, president of the Lincoln National Bank and chairman of counselors for the career board, explained that counseling will be provided in 22 major categories involving scores of careers.

Groups will consist of no more than 25 students, each group provided with the best counseling available in that particular field.

Principal speaker for a meeting held in the Tech auditorium will be Charles A. Dana, chairman of the Dana Corp., Toledo, O.

Speech Group To Tour WKJG

"A bus has been chartered for Wranglers' trip to WKJG television station on October 26," announced Mr. Robert Storey, adviser.

All members planning to attend must pay 50 cents to Mr. Storey immediately to cover the expense of the bus. The group will tour the station and view a television program.

"I believe the picnic last Monday was a great success," commented Geri Geller, president. The entertainment for the picnic was the initiation of the new members and was planned by Marilyn Cole, Sue Springer, and Karen Curley.

Carol Purdy and Barb Frederick made arrangements for the food while Janet Terry served as general chairman.

Freshmen and sophomores entering the freshman-sophomore speech meet on November 8 have been assigned to upperclassmen to be coached.

The categories for the meet include dramatic interpretation, humorous interpretation, radio, and poetry.

Howe Inexperienced Speech Meet is to be staged November 7 at Howe Military School. A bus has been chartered fo rthis meet, and a charge of $1.75 will be made.

Other speech meets in the near future include the Voice of Democracy contest on November 4, the school Rotary meet on November 5, and the New Haven experienced and inexperienced contest on November 14.

Hi-Y Members Assigned Skits

The Hi-Y meeting Monday night, October 5, consisted of the annual fall picnic at McMillen Park. The picnic was preceded by a football game.

The business portion of the meeting Monday night in the Assembly Room of the YMCA consisted of the assignment of skits, which is a part of the initiation of new members. Dick McGaw, Nicky Arnold, and Bob Duncan are the chairmen of this committee.

The remainder of the business meeting consisted of the reports from the Hi-Y directory committee chairmen, Bryon White and Steve Bash, and the installation of Bill Lentz as the new Hi-Y chaplain.

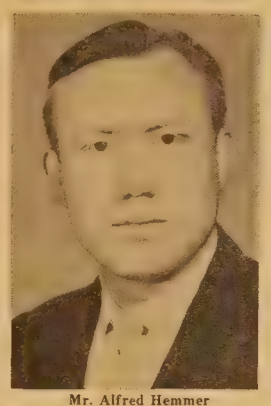
Several members of the Hi-Y Club were recognized for their contribution to the North-South game, October 2. Terry Berk, club president, and club member Roger McNett decorated the goal posts for the game!

Dr. Dayton Musselman conducted the entertainment portion of the meeting with his speeches, "Vocational Guidance" and "Choosing Your Vocation."

Times Ad Solicitors To Meet Tomorrow

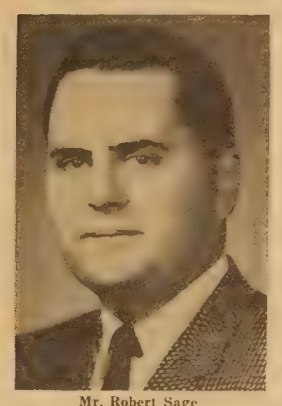
Students interested in becoming an advertising solicitor for the South Side Times are invited to attend a staff meeting tomorrow at 3:30 p.m. in the Times room.

Miss Mary Graham, Mr. Ronald Gersmehl Chosen Senior Class Advisers By Officers



Miss Mary Graham

Mr. Ronald Gersmehl



Mrs. Mildred Luse

Mr. Alfred Hemmer

Mrs. Evlyn Spray

Mr. Robert Sage

Juniors Rename Two Sponsors; Sophs Elect Mrs. Spray, Mr. Sage

For the fifteenth year, Miss Mary Graham, English teacher, has been chosen senior adviser. Dick Rothberg, Dick McGaw, Susie VanFossen, Janet Lawry, Ken Howe, and Barb Frederick have chosen Mr. Ronald Gersmehl as the other adviser.

Mr. Gersmehl, who came to South Side in the fall of 1957, has not previously been a class sponsor.

These two appointed teachers, along with the senior officers, will guide the senior class through the Senior Reception, December 8, and Alumni Dance, December 21. During the second semester they will help with the Senior Banquet, February 5; Senior Play, April 22nd and 23rd; Ivy Day, May 27; Baccalaureate, June 5; the Senior Prom, June 7; and Commencement on June 8.

\# \# \#

JUNIOR PRESIDENT, Chris Parrott and his officers, Bob Shine, Evi North, Sheri DeYoung, Sally Dill, and Tom Duff have chosen their class sponsors.

Mrs. Mildred Luse, mathematics teacher, and Mr. Alfred Hemmer, social studies teacher, will help the class conduct the Junior Banquet on November 13, and the Junior Prom on May 13.

Last year, both Mrs. Luse and Mr. Hemmer served as sophomore sponsors.

Mrs. Evlyn Spray, English and Developmental Reading teacher, and Mr. Robert Sage, geometry and mathematics teacher, have been picked as sophomore sponsors.

Mrs. Spray has sponsored the sophomore class several times previously. Joining the faculty in the fall of 1958, Mr. Sage has not been a class sponsor prior to this time.

\# \# \#

DIANE FREDRICK, Dean Rice, Debby Brooke, Susi Horth, Brenda Dull, and Tom McMahan, with the help of their advisers, will lead their class in the sophomore party April 29.

Senior John Musser Receives Certificate In Photo Contest

Senior John Musser was awarded the Certificate of Merit by the Eastman Kodak Company in the 1959 Kodak High School Photo Contest for his action shot of a cowboy jumping off his horse onto a bull.

The picture was taken Labor Day at the IOOF Rodeo at the Speedway in Fort Wayne. The photo had been previously selected as the Co-Ed Print of the Month and appeared in the Roto section of the News-Sentinel.

Two other photos taken by John will appear on the cover of the coming edition of "Vision," the Christian national magazine for youth.

John is planning to make photography his career, either in advertising or photo-journalism. His father has had photography as a hobby for several years, and John became interested about three years ago when he and his father joined the Co-Ed Camera Club of the YWCA.

John is on the college course, taking English, government, chemistry, and journalism. He rounds out his school day by playing the clarinet in the band.

Two Sections Added To Science Academy

"The forming of two new sections of the Junior Academy of Science will be the highlight of this afternoon's meeting," announced Mr. Don Weaver, club sponsor. The two new sections will be a radio section and an astronomy section.

The Radio Section will be sponsored by Mr. Richard Bussard and the Astronomy Section by Mr. Robert White.

Any student interested in joining these new sections is invited to attend the meeting this afternoon in Room 76. Also on the agenda is the election of officers for the new sections.

12B Janet Terry To Address Teachers During Convention

Senior Janet Terry will speak on "Paths to Peace" Thursday during the annual Teachers Convention, at 3:30 p.m. at the YWCA.

The convention will convene in five regional districts in Indiana, on October 22 and 23. School will be dismissed for the pupils of Fort Wayne.

Fort Wayne is one of the five sites for the convention this year. Every teacher will attend one district to listen to a speech on the particular subject that he or she teaches.

Teachers may go to any of the regional conventions that they think has the best speakers on their subjects.

\# \# \#

AL CAPP, creator of "L'il Abner," will address the teachers at the general session scheduled for 7:30 p.m. Thursday, October 22, in the Scottish Rite Auditorium. His lecture is titled "Al Capp Talks."

Mrs. Louelyn Hood of Pierceton, vice-chairman of the Northeast Division, will preside over the Thursday night general session. Music will be furnished by the Berne High School Orchestra, under the direction of Dr. Freeman Burkhalter.

Max Freedman, Washington correspondent for The Manchester Guardian, will speak at the two Thursday morning sessions. His topic will be "Our Threatened Values." Mr. Freedman is scheduled to speak at 8:30 a.m. and 10:15 a.m. in the Scottish Rite Auditorium.

\# \# \#

HAROLD W. McSWANE, principal of Lakeside Junior High School and chairman of the Northeast Division, will preside at both morning sessions.

Music at the 8:30 p.m. meeting will be furnished by the Butler High School Band under the direction of Keith Gnagy. The Converse High School Band, directed by Carlyle Drake, will play at the 10:30 meeting.

Dr. J. Frank Lansing, pastor of the South Wayne Baptist Church, will give the invocation.

Main sessions will be held at the Scottish Rite Auditorium and workshops will be conducted at Central High School and the Fort Wayne Allen County Library.

New Meterites To Be Initiated

A humorous initiation of the new members will highlight the October 20 meeting of Meterites. The meeting will be held at 3:30 p.m. in the Greeley Room.

Peggy Floyd is chairman of the initiation committee. Serving on this committee are Sue Harrod, Sue Phillips, and Lisa Hoffman.

Taffy apples will be served after the meeting.

All freshman and sophomore girls who wish to join Meterites and have a "B" average in English must have their 25 cents dues paid by 3:30 p.m. at this meeting.

Jenny Manth will be general chairman of the annual Meterite after-game dance to be held on November 20. Committee chairmen for the dance are Lisa Hoffman, program chairman; Sue Phillips, refreshment chairman; Debby Brooke, publicity chairman; Barb Altevogt, ticket chairman; Pam Punsky, clean-up chairman; and Sue Horth, cloakroom chairman.

The minor officers for this semester have been announced. They are Rosemary Capps, program chairman; Erin Rose, talent chairman; Karen Simmons, house chairman; Marilyn Cole, publicity chairman; Kaylene Gebert, point recorder; and Elaine Edwards, assistant point recorder.

Philo To Discuss Shaw's Life, Work

A group discussion of the life and works of George Bernard Shaw will hightlight the third meeting of Philo Monday at 3:30 p.m. in the Greeley Room. This discussion will begin the club study of Shaw.

All club members will participate in one of three groups studying Shaw during the semester.

The second of these groups, to be held November 30, consists of a group discussion on the comparison of Shaw's play, "Pygmalion," to its musical version, "My Fair Lady."

The entire semester's program will conclude with the third phase in the study of Shaw, and a presentation of a cutting from "Pygmalion" by the members.

Julie Carr, program chairman, announced that the groups would compile their information on Shaw into a paper to be presented to the English Department as a product of Philo accomplishment for the semester.

Karen Brumm, president, stated that the club's goal for the semester would be to eliminate any members who did not participate in the club's activities, thereby making the club a mere enjoyable and worthwhile one.

United Fund Drive Today

United Fund donations will be collected during the home room period today. Students are asked to contribute ten cents apiece to this drive. The overall goal set for the faculty and other persons employed in the school is $2,271.

Circulation Campaign Gets Underway; Totem Goal Set At 1500 By October 30

"The entire receipts of the first day of the Totem campaign totaled $140, and the Totem staff is certainly pleased," stated Carol Miller, co-circulation manager. "Subscriptions totaled 74," she added.

The goal, set at 1,500 subscriptions, must be reached by October 30, the end of the campaign, in order to enable the Totem to print a yearbook this year.

The entire cost of the Totem is $3; a down payment of 50 cents must be paid before October 30 in order for the student to have his name printed free on the cover.

The entire balance of the Totem must be paid by December 11.

A prize of a free Totem will be given to the underclassman and senior agent who sell the most Totems.

Totem meetings are scheduled for October 14, 21, and 28. It is imperative that all agents attend these meetings as they are important.

Underclass pictures will cost 35 cents to be printed; senior pictures are $1.50 and they must be paid for as soon as possible.

Office managers for the Totem staff are Barb Eggeman, Carol Szink, Linda Tomson, Anna Mae Chen, Lois Levine, Margo Dixon, Judy Robinson, Linda Niblick, and JoAnn High. Cir-

(Continued on Page 6)

Mr. Storey Obtains M.A. Degree At I.U.

While many of our teachers enjoyed a relaxing summer, two teachers spent their summer vacation studying. Mr. Robert N. Storey, speech teacher, spent his summer earning his Master of Arts Degree and Mr. Richard L. Sage will receive his degree at the end of another summer's work.

Mr. Storey received his Bachelor of Arts Degree in 1943 from the University of Minnesota. In August he received his Master of Arts Degree from Indiana University.

Instead of writing a thesis he spent 10 extra hours studying. The degree was for theater and speech.

While Mr. Sage has not received his Master of Arts Degree yet, he has been working toward his degree each summer.

He acquired his Bachelor of Arts Degree at Indiana State Teachers College in June, 1957.

He takes the National Science Foundation Course at Purdue University each summer.

He hopes to receive his Master of Arts Degree next June.

New Archers Enter School

South Side has received many new students since the start of the school year. The students and their homerooms are Evan Bergwall, Cafe; James Messer, S-4; Steven Schuster and William Scott, 2; Marilyn Engle, 8; Gordon Baumgartner, 10; Jacqueline Yaney and Margaret Wilson, 14; Robert King, 24; Sondra Stanner, Susan Stroller, Linda Turner, Tamara Vyhovsky, and Rozann Whitehurst, 28.

More students are James Osbun and Judy Merrill, 30; Paul Sorg and Thomas Van Dolan, 34; Judy Clark, Don Harmon, Craig Holmes, and Joe Kraick, 38; Carol Burne, 45; Keith Snavely and Maurice Sollberger, 52; Harold Girardot, Nancy Goodwin, George Hamlet, and Larry Haslup, 56.

Also Vaith Barnhill, Judy Biberstein, Connie Brookhart, and Judi Dye, 58; Robbie Cavill, 72; Marilyn Headford, 75; Stephen Morley, 79; Tom Shirmeyer, 80; David Pelz and David Rieman, 82; Michael Reiter, 84; Leslie Marie Sipe, 88; Jeanine Pelz, 90; James Kenwood, Ann Ladd, James Leiter, and John McMillen, 91.

Others are Arlene Osbun, 94; Lane Netherland and Steve Zimmerman, 96; June Whitehead and Andy Wood, 108; Dennis Groves, Kay Keiffer, and Leslie Larison, 110; Thomas Barker, Stephan Carney, and Sandra Croft, 150; Iris Quick and Gayleen Rowley, 152; Sandra Hoop and De Etta Leistra, 154; Sharon Austdran, 172; Don Cowan, Sharon Dils, and Sally Jane Freeland, 186.

Nine students withdrew since the school year began. They are David Wright, Howe; Neil Mieras, private school; Betty Hunt, Lakeside; Pam Douglas, New Haven; Norma Waikel, quit; Richard Adamonis, work; Terry Barnhill, dropped; Bob Marschand, dropped; and Mark Rybolt, Gas City, Ind.

National Newspaper Week Proclaimed Oct. 15 To 21 By President Eisenhower, Observed By South Siders

Objectives Of Times Expressed, High Hope Of Stimulation Soon

This week, October 15-21, the entire nation is celebrating National Newspaper Week. In fact, the celebration is going to be on a national scale. President Dwight D. Eisenhower and governors of many states plan to pay tribute to 1,700 daily and 9,000 weekly papers.

High school publications also play a major role in this observance. Quill and Scroll, an organization designed for the purpose of maintaining high school news sheets, encourages all schools to participate in this movement.

Newspapers are textbooks of freedom. They are a vital factor in stimulating the freedoms of religion, speech, and press.

No matter how insignificant his task may seem, each member of a paper staff has an obligation to fulfill. No matter how small, each paper has an obligation to its subscribers.

The South Side Times owes you, its readers, the best articles, pictures, and factual information. Let's see what our goals are.

News reporters must report precisely, unbiasedly, and concisely.

Feature stories should be interesting, informational, and educational.

Editorials should be thought provoking, express opinions, and contain humor and human interest.

Advertisements are well-written, factual, and forthright.

After considering this list of goals, you should readily see the requirements a good newspaper must meet.

There is another reason for National Newspaper Week. The Quill and Scroll committee sincerely hopes that these events will spur staff members to conquer greater feats.

As an added incentive Quill and Scroll will reward a ceritficate to the outstanding high school paper.

Although National Newspaper Week only occurs once a year, The South Side Times makes an honest effort to maintain excelllent quality in every issue.

Journalism has come a long way since the first days of pioneer publication. Tremendous headway has been made. Journalism, like every other art, had not been drained of all possibility. It is the duty of each staff member to strive to make advancements in this field.

Fort Wayne Papers Observe Week, Give Luncheon, Tour, Film

In honor of National Newspaper Week, October 15-October 21, Fort Wayne Newspapers, Inc., will give a luncheon for the publications staff of South Side and Central, Monday, October 19, at 11 a.m.

Thirty-five students from The Times and 25 from The Caldron were selected for this luncheon which will include a film strip and a complete tour of the new building, 600 W. Main Street. Mr. Robert D. Adams of the News-Sentinel will conduct the group.

After the luncheon, a movie titled "Your Newspaper Team" will be shown, after which Mr. Park D. Williams, city editor of the Journal-Gazette; Mr. Ralph E. Heckman, circulation manager; Mr. Robert F. Johnson, business manager of Fort Wayne Newspapers, Inc.; and Mr. William A. Good, classified advertising manager, will answer any question the young journalists may have.

Mr. William A. Good, advertising manager, will explain classified, retail, and national advertising.

After the completion of the film a tour will be conducted through the recently constructed building.

This is the second year this program has been offered to the city high school newspaper staffs. It is one of the ways in which the News-Sentinel and the Journal-Gazette observe National Newspaper Week.

Those students to attend this luncheon are Joan Stanton, Barb Steiner, Mike Church, Sandy Grodrian, Sally Capps, Judy Riping, Karen Good, Kate Rastetter, Janet Terry, Bob King, Sam DeHaven, Bob Thompson, Jane Glass, Penny Hunt, Sandy Thorn, Sue Rousseau, Julie Carr, Bill Stellhorn, Sally Burton, Merle Baldwin, Jim Jackson, Ellen McCarron, Jim Carter, Ed Sarver, Dave Schwalm, Beth Golden, Sue Sappenfield, Bob Shine, Dianne Saalfrank, Cheryl Summers, Susie Hoard, Joan Rothchild, Peggy Schmidt, Linda Silverman, Jenny Manth, and Sally Gelow.

Diet In Vocabulary Require Restoration With Pep Vitamins

Do you think that people who use words containing more than two syllables should be shot? Perhaps if you have this feeling, your vocabulary is suffering from lack of well-chosen, interesting words.

As the old saying goes: "If you can't lick them, join them." Let's replenish our dictionary diets with a few vitamins.

Below are listed 10 words. Beside each word is given four meanings. Check the meaning that you think is correct. At the end of the article the proper meaning will be listed.

1. **Affable**—A. rude, B. clumsy, C. skilled, D. hospitable.
2. **Fez**—A. helmet, B. black hat, C. red felt cap, D. bonnet.
3. **Durance**—A. freedom, B. sentiment, C. imprisonment, D. everlasting.
4. **Concord**—A. argument, B. agreement, C. conquered, D. conquest.
5. **Excerpt**—A. passage from a book, B. exert, C. excell, D. extreme.
6. **Rhetoric**—A silent, B. skilled speaker, C. mathematics, D. science.
7. **Chaste**—A. run after, B. competer with, C. challenged, D. morally clean.
8. **Cynosure**—A. a many-legged insect, B. center of attention, C. greed, D. a cynical person.
9. **Dormant**—A. a mouse under a door, B. mean, C. one who resides in a dormitory, D. buried.
10. **Facetious**—A. having a face, B. witty, C. flexible, D. perfection.

Answers: 1-D, 2-C, 3-C, 4-B, 5-A, 6-B, 7-D, 8-B, 9-D, 10-B.

Modern Melodies Mark Memories Of Matched-Mates

"I'll Be Seeing You"
Marilyn Bugg and Tom Shoaff (Middlebury)
Anna Mae Chen and Dan Lee (New York)

"I Get Misty"
Maralee Branstrator (Elmhurst) and Bob Griffiths
Sally Dill and Dick Johnson (I.U.)

"If I Give My Heart to You"
Sandy Miller and Mike Lehman (I.U.)
Sylvia Ehrman and Tom Bolyard (I.U.)

"You Were Mine"
Sharon Longenberger and Neil Mieras (Cranbrooke)
Susie Slick and Gene Menze

"Just Ask Your Heart"
Honey-Kay Martindale and Bob Wasson
Ann Gallmeyer and Steve Berkinbuel

"Oh Carol"
Sharon Carroll and Denny McBroom
Carol Eisenacher and Gene Beghtel (U.S. Navy)

"So Tenderly"
Brenda Arnold and Fred Von Gunten
Amie Kendon (Dayton, O.) and Terry Berk

'First Love, First Tears"
Diane Fredrick and Bob Hendricksen
Debbie Brooke and Bob Haag

"When Sunny Gets Blue"

Barb Wallace and Richie Miller (Citadel)
Susan Seibel and Ken Howe

"Darling, Je Vous Aime Beaucoup"
Ruby Martin and Steve Matthias
Joan LeChot (Florida) and Steve Stultz

Shrimp, All Salads Favorites Of Freshmen Hines, Hoagland

HE'S STUCK, TOO . . . Allen Hoagland, left, seems puzzled as he tries to help Tonya Hines with her homework. These two frazzled frosh, despite appearances, are really getting off to a good start at South. —Photo by Thompson

Meet Tonya Hines and Allen Hoagland. These two freshmen are unique only in the fact that they are normal people and have normal interests. They are outstanding because they are among the future leaders of this country.

* * *

SHE IS A member of Meterites and Wranglers, and is also a homeroom agent for The Times. Tonya also belongs to the Luther League at her church and is active in the youth choir.

Horses are one of her main interests, and she has a large collection of figurines that are mostly horses. Tonya may often be found at the Fort Wayne Riding Academy where she spends a great deal of her free time in riding.

She has taken piano lessons for six years and dancing lessons for the last 10 years. During this decade, she took tap-dancing and is now engaged in her first year of modern jazz.

Tonya said that she loves to travel and that her family does quite a lot of this during the summer. In fact, they have been in almost every state in the Union.

Tonya has two sisters and a brother, all younger than she, and she admits that they are a trial at times.

* * *

HER PET peeve is her sister, age 11, "who is constantly borrowing my things and not returning them promptly." This freshman, whose favorite color is blue and who loves salads, is very impressed by South.

When asked her opinion of South, Tonya replied, "It is such a big change, but I love it. There is a lot more homework, though. Everyone is so friendly and nice that I couldn't help but like it."

Tonya is confident that South will give her a good background for college, which she is definitely planning to attend.

Allen Hoagland is also a Freshman B from James H. Smart. His curriculum includes English, general science, Latin, algebra, gym, and health. He is a member of the Boys' Rifle Club. His hobbies are chemistry and ham radio operating.

Allen, whose favorite food is shrimp, also likes popular records, and is very keen on football.

He is confident that South can give him a good foundation in science or in any other field that he might decide to enter.

Appreciation Of New Library Deeply Felt By Student Body

What are teachers talking about? What are students shouting about? Why are the custodians chatting? Of course, the new library at South is causing all these compliments.

Actually, the library is something to rave over. The freshmen don't know how difficult it was to gain access to the old library. They've never had to wedge themselves in at one of the crowded tables and wait for a service worker to find them a book because the shelves were closed.

Nevertheless, I think that the freshmen have spotted the convenience the new library offers. Freshman Mike Zehender accurately stated the common opinion by saying: "I think it's a real keen place."

Those of us who've used the old library are tickled pink about the new one. We really appreciate the improved facilities.

Like all good things, this library didn't just appear from the blue. Many hours of planning, organizing, and physical labor went into the construction of the room and its equipment.

* * *

FIRST LET'S take a brief look at the area. The room is painted spice-beige, and contains approximately 628 more feet of shelving space. Since the room is larger than the one formerly used, it will seat 100 students comfortably. This is a 30 per cent increase in seating capacity.

Have any new books been purchased? Miss Willodeen Price, librarian, and a group of teachers have selected 1,000 books that they feel will be of use to Archers. At the present time only one-third of the additional reading material has arrived.

* * *

WHEN MISS PRICE was asked if she found advantages in the new library, she said: "I feel that we have gained a lot by making the move. There is better lighting, it's quieter, the location is ideal, and we have so much more space."

There are several students who've contributed much time and effort organizing the library. Miss Price would like the following people to know how much their services were appreciated: Sandy Landree, Steve Black, Karen and Dave Brumm, Mike Beltz, Barbara Collier, and Sally McDonald.

Miss Price would also like to thank Mr. Snider, principal, and Mr. Seltenright, janitor, for their splendid co-operation. "All the custodians have done a marvelous job," Miss Price said gratefully.

* * *

MISS PRICE thinks that the students have shown their appreciation by their orderly conduct in the library.

The teachers are very enthusiastic about the library. Miss Edith Crowe, health teacher, said, "Because of its new location I find myself stopping in often to look for reference material."

Mary Crowe, U.S. History teacher, commented, "It's lovely."

Mr. M. H. Knigge, English teacher, added, "It helps me because it helps my students."

Archers really love the set-up.

Bev Liggett, senior, Linda Silverman, junior, Dave Schele, sophomore, and Alethea Straight, sophomore, all agreed: "It's a great improvement over the old one. It has a lot more space."

Bob Thompson, senior, said, "I think the people who've given freely of their time and effort have done a terrific job. I hope their work will pay big dividends."

Mike Church, senior, commented, "It's helped me find reference material."

* * *

PAUL SORG, junior, who recently transferred from another school, said, "What was wrong with the old one?"

Sarah Finch Adjusts To Soph Existence

Sarah Finch

Many of South's student body come from Harrison Hill Grade School. Sarah Finch, a graduate of June, 1958, is now a well-adjusted sophomore.

Sarah is kept very busy both in and out of school. She has taken piano for seven years under Ruth E. Castle at the Castle Music Studios. To further the study of music she joined PIMU, a club formed for this purpose. Sarah holds the office of treasurer in the Fort Wayne chapter of this nation-wide organization. Another organization in which she participates is the Westminster Fellowship at the First Presbyterian Church.

Inside school, Meterites, working on the Times, and service work take up her extra time.

Her subjects on the college prep course are dance, chorus, Latin 3, History 1, English Literature 3, and Geometry 1. Among these Sarah has chosen English as her favorite. After graduating from high school she plans to go to college and study either music or home economics.

As you have probably guessed, music plays a big part in Sarah's life. It shows up in many ways, also. She has a favorite song entitled, "Mr. Blue." Her favorite television program is the "Dick Clark Show." Her pastimes are playing records and listening to Marv Hunter on the radio.

Her pet peeves are kids who smoke and people who are always late.

All in all, Sarah seems to have a well-balanced and well-organized curriculum.

Goal Of Teen Car; To Serve Mankind And Never Destroy

Dear Lord—before I take my place
Today behind the wheel,
Please let me come with humble heart
Before Thy throne to kneel—
And pray that I am fit to drive
Each busy thoroughfare,
And that I keep a watchful eye
Lest some small child be there.

And keep me thinking constantly
About the Golden Rule,
When driving past the playground zones
Or by some busy school.
Then when I stop to give someone
His right to cross the street,
Let me his brother's keeper be
And spare a life that's sweet

Please make me feel this car I drive
You gave me to enjoy,
And that its purpose is to serve
Mankind and not destroy.

For Teens
by Catherine Clark

The Chatterbox

By Julie Carr and Kathie Sosinski

Congratulations newly-elected class officers!!!! Here's hoping each class has a wonderful and prosperous year through your leadership!

Seeing is believing!!! While **Katie McGee** was out at Hall's, someone yelled to her that her car had a flat tire. Katie thought they were kidding and soon forgot about it. That is she forgot until she started her car and it wouldn't move. So Katie hopped out to see what were the haps and sure enough—flat tire!

Say! What has happened to the familiar ring of the five after bell?

Nothing like getting all situated in the 'ole haywagon when—POW—flat tire—right **Bob King** and **Bob Duncan?**

Mr. Morey: "How would you punctuate this sentence—"I saw a beautiful girl coming toward me."

Phil Jones: "I'd make a dash after the girl!"

Sights Around South

Sue Sibel walking barefooted around the football game!

Barb Wallace and **Terry Berk** madly decorating the goal posts for the North Side game.

Keith Henninger sitting in English class with no shoes on!

Evilou North driving around trying to learn how to drive her new foreign car!

Wasn't it maddening trying to explain to your parents how to get to your different classes the night of open house?

Diane Beams! We know who has been sending you those mysterious cards through the mail! Pay us and we might tell!

Hey, **Al Klopfenstein**—we bet you were a little embarrassed when you boosted the wrong girl into the haywagon and left your date standing there! Right?

Lost: One homeroom's completely-filled five-and-one cards—guess who's **Mr. Robert** (Reliable) **Weber's.** Lost: One job.

Did you know that there were about 400 kids that have second period study? After studying the situation, we have discovered some astounding figures. Of these 400, 27 are in the library, 23 do service work, 50 are sleeping, and 299 are in the spacious boys' locker room playing cards—now, let's see . . . yes . . . uh-huh . . . that leaves remaining: one green soul diligently studying a first-year Latin book. That's it—don't give up! YOU may be the next to receive the Murphy's Hero Badge.

Girls, do you feel run down, sluggish, tired, tired, tired? If you do—take SPFG—the only insurance that insures you of your safety when you have that run-down feeling! Don't be left behind! Be the first of your downtrodden equals to receive the services of Paul Slick, Dave Brumm, and Ted Sheray Associates—the SPFG—Special Protection for Girls!

It has been a long time since we have seen anything as nice as our new library. Our sincere appreciation to all those who have made it possible!

Mr. Applegate's Devotion To Workshop Incessant

Allons sur l'assemblee! Let's get going on the assembly!

Venez au Cercle Dramatique! Come to the Dramatics Club! These cries might well echo the halls in either French or English now that Mr. William Applegate, teacher of both languages, has charge of these important activities at South. With the separation of 36 Workshop into working committees and the newly formed Dramatics Club, Mr. Applegate's responsibilities and ideas must radiate to these two organizations as well as to the classrooms.

Although to many people the mere thought of facing such tasks is overwhelming, Mr. Applegate feels that by planning carefully and using the aid of the participants in the two areas, he can get the jobs accomplished. The Dramatics Club and the assembly committees will work closely with each other, as well as drawing workers from other clubs of the school.

The Dramatics Club has always been Mr. Applegate's "baby," and at last it is to be realized. Setting up the machinery for a new club is by no means a simple process, but this has already been accomplished. Now Mr. Applegate's only problem is to keep this and assembly progress flowing at the usual rapid rate.

South is very fortunate to have a faculty member so willing to give up his time for the enjoyment of the student body at assemblies and for the participation of those in his club. The result? Perhaps our programs will now be spoken in French!

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

Buy Your Totem Now

In 1938 the students did not support the Totem. The subscription rate for the Totem was very low; therefore plans were made to refund money to students who had already subscribed. Only at the last minute did the students rally to support the 1938 Totem. Lets don't have such a campaign this year.—Subscribe now!

Remember . . . our high school years are our best. We don't want to forget any of the many wonderful experiences. Through the flip-of-the-page we can see month by month the events that have made this the best year ever.

Interest In Education Stimulated By 20th Century; American People Rise In Skill In All Fields

(Editor's Note: This article is a report on a discussion of American Education in TIME, September 14, 1959. Facts, figures, and quotes are repeated from this source.)

For many decades, with the coming of each new school year, the idea has endured that American people could rise by education. As a result, "an unlettered people scramble for skill and knowledge."

By the Twentieth Century, the development of the American public school system had accomplishd almost remarkable feats in the fields of increasing general knowledge, promoting good morals without religious teaching, and uniting into one American people the immense number of immigrants coming into this country.

Since 1940, the average schooling of the adult American has risen from eight grades to 10.8 years. And the increase is predicted to continue to 12.2 years by 1965. In contrast to the 95,000 high school graduates of 1900, the U.S. is producing a million and a half this year . . . and nearly half of these are going to college.

Out of these public schools, past, present, and future, armies of our nation's leaders march. But such great steps in national education have not taken place without ever-increasing support for the program. From the $215 million spent on education in 1900, the cost of our nation's schools has risen to nearly three per cent of the entire national product—$14.4 billion.

The result . . . "Of all living Americans, one of five is a public school product.

WHEN VIEWING our public school system, the question immediately arises as to whether anything so large, operating on such a great scale, can be excellent. It has no actual leader to guide and instruct it! "Public education is a heedless wonder. The problem: to give its body—the citizens—faith and direction."

With the arrival of this fall, the 1959-60 school year, our great public education machine is having its troubles. Disregarding continual new construction, the nation's greatly increasing birth rate leaves schools lacking 195,000 teachers and nearly that many classrooms, to provide for the 1,843,000 more children than the schools have room for.

Though prominent educators are urging the country to spend twice as much for schools as it does, an educational deficit of between $6.8 billion to $9 billion is maintained annually.

* * *

EVEN MORE troublesome than the financial shortage is the unevenness of public education standards in the U.S. In comparison with European state-run schools, the United States public educational system might be called grossly disorganized. Stemming from the efforts of the writers of the Constitution to divide the powers of government, educational matters were left solely to the discretion of state and local communities.

At present, nearly 200,000 members of a fourth that many school boards control all matters of public education in this country. The schools in their charge vary greatly in facilities and standards, but the teachers they employ are paid salaries ranging from "splendid to shameful!"

CRITICISM OF the schools, too, is no new development. When educators of the Nineteenth Century urged the institution of a broader curriculum than "the Bible and figgurs," opponents insisted that every county would need an insane hospital. Public schools were criticized for every problem that they could possibly be associated with.

Now, the criticism is academic "softness." But this criticism is not, in a great sense, just, for to criticize the school of today, one must take into consideration the great diversity of these institutions. The average U.S. high school is comprehensive, in that it sends some of its students to college, and the rest into innumerable occupations and vocations.

A leading educator has cited the major question of the day as . . . Can a high school give all its students a good general education, give a majority usable skills, and challenge the academically talented? He believes that if it cannot, major changes should be made.

* * *

THE BELIEF is suggested that guidance is the real "keystone to the arch of public education." To accomplish better guidance programs, a number of possibilities which, if carried out on a large scale, might produce surprising results, have been suggested. To accomplish an "academic inventory," new methods of aptitude testing, which go far beyond the old standard "I.Q." tests, have been developed. And a method of comparing the student's achievement and aptitude with the courses that he has been taking have been investigated.

Janet Terry, Barb Frederick To Be On Elektra Club Sunday

WELL, I THINK . . . Archer Dave Redmond, lower center, expresses his opinions on last Sunday's TV "Elektra Club." Seated next to Dave are Marsha Grant and Mary Knoblauch; in the top row are Paul Smith, Delores Hiatt, and Lewis Lantz. — Photo by Donald Reynolds

Seniors Janet Terry, reporter, and Barb Frederick, panelist, will appear on this year's second Elektra Club program Sunday. Opening the show's season last Sunday were school reporter Mike Church and panelist Dave Redmond.

The program, sponsored by Indiana and Michigan Electric Company, is designed to provide, through the medium of television, an opportunity for the recognition of outstanding talent and accomplishment of the youth of Fort Wayne in such fields as art, science, and business.

These fields will be emphasized because the sponsors feel that public recognition of outstanding talent and accomplishment of the youth of Fort Wayne in such fields as art, science, and business.

These fields will be emphasized because the sponsors feel that public recognition of athletics already far overshadows the recognition of young people with other talents and interests.

Each show will be divided into several segments including an interview, a talent showcase, school news reporting, and a panel dicsussion. Interviews will include people with interests in many fields such as science, business, and theater.

Each week a representative from each of Fort Wayne's high schools, chosen by the school principal, will be allowed 30 seconds in which to report the major news items from his or her school. A new feature this year will be the "headline of the week." The front page of each school paper will be shown along with one headline concerning the major news item of the school for the week, as chosen by the reporter.

Panels each week, containing one student from each school, will discuss questions pertinent to social customs, academic activities, government, and college. Questions of general interest to all ages will be chosen in order to reveal the views of teenagers on these topics.

South Siders appearing on the third program, October 25, will be Susie Vesey, reporter, and Dick Rothberg, panelist. The panel will discuss the question: "How should you study and how should study be balanced with other activities?"

Vis-Ed Department Acquires New Lens

Mr. Ernest Walker, Visual-Education Department head, announced the various changes made by the visual-education department for the coming years. Mr. Walker stated, "We have a new projector lens that allows the projector to be placed against the back wall and still keep the picture on the screen. The projector was previously in the center of the room."

"Now we are planning to permanently install a powerful supplementary speaker in the northeast corner of the Greeley Room to improve the sound." Mr. Walker continued, "Soon all equipment will be moved from the hall cabinet and stored opposite the library in the former home economics office."

All of the visual education work is now out of Room 180 instead of Room 174.

Lex Smuts is serving as equipment manager. He sets up the projectors and takes them down. His job also includes taking care of all the equipment.

Claudia Bradley is the student secretary. Contacting teachers and assigning operators are among her tasks.

Present projectionists are Lex Smuts, Ira Hartman, Mike Hogg, Dick Camp, John Byer, Tom Watson, David Allen, Gary Wilson, and Ray Lerch. Jack Meese, Terry Baker, Hershel Case, Mike O'Hara, Betty Pherson, Dave Disher, Barbara Dennis, and James Evans are also serving as projectionists. Richard Henkel, Jerry Clayton, Paul Freehill, John Hosler, Dave Katzenmaier, Max Lane, M. Marquart, Nick Miller, and Rex Patterson are other projectionists.

Mr. Walker said that the department makes copies of the schedule. The schedule is then duplicated and every teacher who uses the films has a copy.

"We need more projectionists for the second, fourth, and fifth periods. They may be girls or boys," commented Mr. Walker. Anyone interested in doing this is asked to contact Mr. Walker in Room 174, immediately.

Red Cross Members To Tour Homestead

Next Wednesday after school Junior Red Cross Club members are going to the Old Folks Home to take a conducted tour of the building.

At the last meeting the club members made 50 bean bags for the retarded children. The bags resembled faces and animals.

Mr. Harader Is Booster Adviser

Mr. LaVerne Harader

Mr. LaVerne M. Harader is replacing Miss Rowena Harvey as Booster Club sponsor. The club sells coke, candy, ice cream, potato chips, South Side sticks and pennants at the home games.

Money derived from these sales is used for any cheerleading expenses and contributions to the Quarter Century Club.

Booster members get service points, are provided with seasonal passes, and get free Sectional and Regional Tournament tickets.

Anyone interested in working for the Booster Club may see Mr. Harader in Room 72.

Mr. Russell Furst Contracts Tuberculosis

A South Side business teacher, Mr. Russell Furst, will not be teaching the remainder of this year.

Mr. Furst was taken ill with pneumonia recently, and later tests showed he had contracted tuberculosis.

After spending a year at the Irene Byron Sanitorium, Mr. Furst hopes to return to his classes.

Substituting for him during his absence is Mrs. Nina Harris.

H.R. 142 Banks $127.30 Total

The total amount of receipts received the week of October 6 was $457.03.

The three rooms which turned in the most receipts are first, Miss Mary Crowe's Homeroom 142; second, Mr. Robert Petty's Room 74; and third, Miss Mary Graham's Room 54.

Miss Crowe's room had $43.10 in receipts. Second-place Room 74 had $25, and in third place with $18.25 was Room 54.

In an overall picture, Miss Mary Crowe's Homeroom 142 has turned in receipts totaling $127.30 for the semester. Second is Miss Edna Shideler's Room 79 with $55.05, and third is Mr. Richard Sage's Room 70 with $48.55.

The total receipts for the semester are $1,074.85.

Designer's Associated Seeks Auto Information

Designers' Associated met Wednesday after school to discuss the project of obtaining information on ideas in car designing from the Ford Company and General Motors Company.

Boys who are interested in joining the club may do so during the remainder of the week.

Secrets Of Hypnosis Remain Unsolved Mystery; Answers So Far Unsatisfactory, Misleading

What is hypnosis? What can hypnosis do for you? Will your mind become keener under hypnosis? Will you suddenly, like a drowning man, be able to remember everything that ever happened to you?

Will you acquire an uncanny sense of time and an acute sense of smell? Will hypnosis give you mysterious powers of telepathy and clairvoyance? Can it change your habits, overcome your fears, develop your hidden talents?

These are questions that everybody who has come close to hypnotism asks and most have been given unsatisfactory if not completely misleading answers. More nonsense has been written about hypnotism than any other subject short of love. The more people talk about it, the more they realize that the average man's conception of hypnotism is on a par with his understanding of Hindu music.

* * *

PEOPLE TELL stories that hypnotism weakens the mind, that intelligent people can't be hypnotized, that hypnotism is dangerous, that some people can't be brought out of it, and that no one under hypnosis can be made to do something against his will.

Some people theorize that hypnosis is a form of sleep, and some even say it is the work of the Devil.

Even when science discovers something, the knowledge is often times withheld from the people. In recent times painstaking and carefully controlled laboratory investigations have provided a factual basis for measuring hypnosis and suggestibility. Hypnotism, as a result, has emerged from the shadowland of the imagination and has taken a legitimate place in experimental psychology.

It is clear that there is no one state of hypnotism, but that various subjects are influenced in various ways—some deeply, some lightly, some with one after-effect, some with another. The degrees of hypnotism range from just relaxation and susceptibility of the subject to suggestion to the point where the subject is completely obedient to all instructions of the hypnotist.

Here are some examples of hypnotism at work: Etta Adams, an attractive girl of about 24 and a person very susceptible to hypnotism, was hypnotized and went at once into a deep sleep. She was tested with pin pricks and a match flame for a suggested complete anesthesia. There was no noticeable response. A lighted match was held in front of her open eyes. Miss Adams showed no pupillary contraction.

"Etta," said the operator, a professional hypnotist, "I am going to wake you in a few minutes. When you waken, you will feel completely normal in every way. You will be wide awake, refreshed, and rested. But while you were sleeping, Bill (he indicated her escort) went away. He is no longer here; he had some work to finish. You will not see him in the room."

* * *

MISS ADAMS WAS awakened. She was in good spirits. She yawned, smiled, then, looking around the room and straight through the man referred to as Bill—who was still sitting in his chair—she said, "Where is Bill?"

"He had to leave," explained the operator. "He asked us to give you his apologies. He had something very important to attend to. But he will be back in an hour and pick you up."

Miss Adams accepted the explanation as something quite reasonable and gave the missing Bill no further attention. A few minutes later she said, "I want a cigarette." Someone offered her a pack. Miss Adams took a cigarette and put it to her lips. Bill, meanwhile, rose from his chair, struck a match, walked over to Miss Adams and held it for her.

Miss Adams screamed, "What is this? The match is coming through the air all by itself."

The people in the room found this amusing. The more they laughed, the more frantic Miss Adams became. "You can't do this to me," she said to the hypnotist, "it's wierd. I don't understand it—I don't like it."

Miss Adams was still unable to see Bill, despite the laughter and the fact that her reactions in every other way were seemingly normal. The persistence of the hallucination made her so uncomfortable that the operator was forced to dispel it. "I'm going to count three," he said. "At the count of three you will see Bill again. Look at the chair he was sitting in. One—two—three— there he is." He snapped his fingers.

The hallucination was dispelled as mechanically as it was created. Bill reappeared in Miss Adams' consciousness.

* * *

A FAMOUS FRENCH physician was once called on to treat a man afflicted with paralysis of the tongue. The paralysis had resisted all treatment; one doctor after another had been tried by the unfortunate man, but without noticeable result. One day he heard of an instrument developed by this doctor, an invention using the "galivanic" current then coming into fashion.

"I am positive my invention will cure you," the doctor said, "it is the latest development in science."

Before wheeling out his apparatus, however, the doctor, who was a thorough man, decided to take the patient's temperature. He opened the man's mouth and inserted a standard clinical thermometer. The patient mistook the thermometer for the doctor's marvelous invention. A few minutes later he joyfully yanked the thermometer out of his mouth, felt his tongue. "Doctor," he announced in a loud voice, "you've cured me."

This example indicates that sometimes suggestion alone is a sufficient force to induce body changes.

Sometimes, under hypnosis, we can be made to see something other than the thing that we are actually looking at.

A certain woman patient was shown a photograph of a pastoral scene in the Pyrenees, a view featuring a group of donkeys. "Look," said the hypnotist, telling his hypnotized subject to open her eyes. "Look, this is your portrait, you are quite naked."

When awakened, the subject happened to see the photographic plate from which the print had been made. Believing it to be her picture, she became so furious that she threw the glass plate on the floor, stamped on it, and smashed it. Two months later she was shown one of the prints which had been made from the plate. She again believed that she was looking at a nude of herself. Her temper rose a second time. Taking up the print, she tore it to shreds.

* * *

HYPNOTISM COULD be very useful in medical practice. It could be substituted for light or local anesthesia where minor surgery is involved. Hypnotism could also be used as a pain killer after an operation. A very good use of hypnotism would be helping the patient adjust to the rigors of being bedridden. Hypnosis could make the weeks slip by like days and turn restlessness into restful sleep.

There are many varied uses for hypnotism, each one opening a new and fascinating world. Hypnotism is still, for the most part, a mystery. The eventual solving of this mystery will have a great effect on the lives of the world's people.

Blind Kelly, Janice Hattendorf, Gets B.A. Degree In Three Years

Three years ago you may have read that a girl was graduated from South Side High School as valedictorian of the class of '56. This girl was Janice Hattendorf. Only last week, she finished her work at Ball State Teachers College in three years, graduating with a Bachelor of Arts Degree.

This was accomplished in spite of the fact that she endures one of the greatest of human handicaps. Janice is blind.

Ten years ago, a little fifth-grade girl was told that she would never see again. To the average individual, this statement would bring much grief; but to Janice Hattendorf, it opened a new and different world and a greater challenge in life.

This 20-year-old, former Archer graduated with a Bachelor of Arts Degree which consisted of a double major in social science and foreign languages. Her three-point acumen was 3.8, only .2 away from an A-plus average.

To graduate in such a short time span, Janice had to take a maximum semester load of 20 hours. She also went to summer school for five weeks the past two summers, carrying an over-maximum load of 12 hours.

The Spanish-minded youth spent an eight-week session in Mexico studying at Mexico City College. This was accomplished between her freshman and sophomore years of college.

What seems to be the end of an education to most persons is just the beginning for Janice. In a few weeks, she will enter the Indiana University School of Law. She is attending on the Herman Krannert freshman scholarship to begin three years of graduate study in preparation for a career in law.

Janice Hattendorf will be the second girl ever to attend the Indiana School of Law. This makes very little difference to Janice. She commented, "It will just be a bigger challenge. I'm thrilled to death to have the opportunity to compete with male legal minds."

Although Janice is not sure which field of law she will enter, she will practice in Fort Wayne.

Janice's abilities and achievements do not stop with scholastic successes. She recently knitted a dress, coat, and suit. She also attends movies with her friends, plays the piano, reads, and is an expert conversationalist.

While at Ball State, she was a member of the Pi Beta Phi Sorority; the winner of its Senior Cup; a chosen member of Pi Gamma Mu, social science honorary; and the chairman of her sorority's altruistic project.

These are the accomplishments of a South Side graduate. There will be many more accomplishments in Janice Hattendorf's life. We could all learn and benefit from her life and her accomplishments.

Archers Drop Three-Way Meet, TakePartInShortridgeInvitational

Tigers, Kokomo Defeat Kellys In First Game

Reece, Green, Rainbolt Win Third, Fifth Places Despite Foul Weather

Braving rain, wind, and weather, the South Side Archers got the 1959 cross country season underway as they dropped a three-way meet to the Central Tigers and the Kokomo Wildcats last Thursday at Franke Park.

The final score was Central 21, Kokomo 38, South Side 73. Central's Henry "Da Da" King won individual honors as he covered the distance in a fast 9:37 time.

King, never behind after the mile mark, won going away, while teammate Onofre Gutierrez came in second in 9:44.3. Dave Terrell and Nate Brooks led the 'Cats across the line, coming in third and fourth, respectively, with clockings of 10:09 and 10:10.

\# \# \#

SENIOR SAM GREEN was first for the Kellys, as he recorded the fine time of 10:31 while placing ninth in the first meet of the season.

Archer Dave Reece jumped into an early lead after the start of the race. After about a quarter of a mile had been run, the Tigers' King and Gutierrez showed up in front and took the lead, while South's Sam Green and Al Rainbolt were running in about fifth position.

Al showed great promise as he was third when the first mile was covered. But then, a stomach cramp started bothering Al and he was forced to give up.

\# \# \#

THROUGHOUT the second mile the Tiger runners, King in front and Gutierrez about five yards behind, steadily increased their leads. But when the finish line neared, Gutierrez was no match for King, who crossed the line first, beating his teammate by about seven seconds.

At this time, Green, who had a 5:28 clocking for the first mile, sprinted to a fine finish, placing ninth.

Great promise was shown by junior Paul Romey, who ran a 10:33 in his first race, placing tenth.

\# \# \#

THE ONLY OTHER finishers for South were Terry Dibert and Larry Fruchey, who came in seventeenth and eighteenth, to make South's final score 73.

Central, placing eight men under 11 minutes, seems to be one of the top teams in the state again. But if the Archers progress as the season goes along, they will have a good chance to threaten the Tigers' supremacy in the city.

Carter's Corner

By Jim Carter

After a short-lived occupancy of the City Series lead, South's Archers have returned to second place.

The important contest between South and Central, which may prove to be conclusive as far as this year's title is concerned, was supposed to be a close affair. The Tigers, however, forgot to read the advance notices and they proceeded to all but run the Kellys off the field in a 27-0 rout.

The Bengals' touted offense lived up to its reputation in fine style, as the Green was unable to contain the fleet Central backfield, T. C. Williams in particular, to any degree whatsoever.

Furthermore, the Centralites even excelled the Archers in their particularly strong department — defense. The Green was held to a total of a mere 64 yards as compared to 224 for the Bengals.

The Blue completely sealed the ends and frustrated all passing attempts, forcing the Kellys to run the vast majority of their plays straight into the line.

After some early gains through the middle by fullbacks John Somers and Emmitt Bowen, the Tigers also filled this gap.

South's touted line was also, for the most part, completely outplayed; and the Archer backs, possibly bothered by the very cold weather among other things, fumbled rather consistently.

At no time was South able to mount an organized offensive of any kind or to even show such semblance of working as a team at all. In compiling a total of five first downs, never more than two consecutively, the Archers failed to appear even distantly related to the Titans who downed North Side two weeks ago.

Halfback Carl Johnson again acquitted himself well as a punter, averaging 34.4 yards on eight tries. On the Tiger boots, however, fleet ends Willie Curry and Dave Easley were invariably down the field by the time the ball descended. This led to very few good Kelly runbacks.

Place-kicker Pete Hogan lived up to his reputation, booting three out of four extra points successfully for the Blue. His first two efforts were letter-perfect, comparable to pro Lou Groza's beautiful placements which have become a standard.

Nevertheless, Hogan's third PAT wobbled slightly to the left of center, and his final attempt was blocked by Archer Jim Olinske.

The Central band appeared to be as well drilled as the Blue's gridders, as it presented fine shows before the game and at the half.

Central Catholic posted its second straight triumph over the past week end, topping Garrett by a 14-6 count. This victory placed the Irish season record at 2-3, compared with 3-1 for Central and 3-2 for South.

The C.C. squad is looking increasingly better every game, and it could conceivably figure in the city championship picture by the end of the season. The Irish will seek to even their record Saturday night against Central.

This contest will be C.C.'s initial attempts against a city foe and Central's second and final showing. If the Irish should defeat the polished Bengals, they would be in a commanding position to take the championship, needing only a victory over South for the title or a win from North for a tie.

If the Tigers should emerge victorious, however, they will complete series action with a perfect 2-0 record.

This immediately raises the question which has been in the back of almost everyone's mind since the season opened: Will Central, playing only two games to South and C.C.'s three, be eligible for the city crown?

It is highly unfortunate that the schedule incident, in which North Side evaded the Tigers, has caused this muddled situation.

If Central can whip the Irish, the Bengals could be hailed as city champs on the strength of their defeat of North in the Jamboree.

In other action, Concordia and North were handed losses by New Haven and South Bend Central.

The Cadets, led by quarterback Gary Novak, lost a narrow 20-19 contest to the New Haven Bulldogs in a repeat of the Jamboree opener in September. Concordia takes on C.C.'s recent victim, Garrett, tomorrow night in what should be a fairly even match.

North Side, still seeking its first victory after four defeats, including a 38-6 lacing by the powerful South Benders, will have a rough job finding it against Goshen. Ranked ninth in the state last week, Goshen's Northern Indiana Conference strong men will be the Archers' foes a week from tomorrow.

The Kellys will have a chance to regroup their forces after the Central disaster when they meet Royerton Friday night in the last appearance of their present home stand. They should find the Delaware County team slightly weaker than the Bengals. Royerton, formerly coached by assistant Archer mentor Bob Baker, has compiled a perfect season record of no wins and six losses so far.

Following this game are road meetings with Goshen and Huntington powerhouses on October 23 and October 30. The Archers will then return home for the season finale with C.C. on November 6.

In the city scoring chase, Irish halfback Leroy Carcione and Tiger T. C. Williams both added to their totals, as they continue to lead the field with 36 and 30 points, respectively.

They are followed by Tiger Willie Rozier and Redskin Jack Smith, with 18 points each, and South's John Somers with 14. John, a real tower of strength in the Kelly offensive attack, may have an opportunity to add to his total tomorrow night.

See you next week.

Rainbolt Runs Mile; Is Only Archer Entry

Open Division Attracts Redskin; Bulldog Entries Among 180 Harriers

Top attraction in state cross country circles last week was the seventh annual Shortridge Invitational Meet contested Saturday at the Indianapolis South Grove Golf Course.

South Side's lone entry, Al Rainbolt, scampered home in a 10:33 time for the two-mile course, good for 38th place.

Rainbolt, a sparkling junior, ran as an individual in the meet's Open Division, which attracted over 20 teams and 180 harriers from the large schools in Indiana.

Elkhart's Charley Umbarger led his team to victory in team standings by pacing the field with a 9:45.1 closing. Tim Bagby of Chesterton at 9:57, and Phil Weatherly of Marion in 10:06.9, placed second and third, respectively.

\# \# \#

TWO OF THE next four places were garnered by local boys. Pete Poorman paced North Side with his fourth place ribbon, and Herman Schnelle led the New Haven Bulldogs by finishing seventh.

Besides Poorman, the Redskins received fine performances from Steve Newbaid, 13th; sophomore Ted Summers, 22nd; Steve Rinne, 68th; and Jim Scheele, 70th.

With a 197 total, North Side captured fourth place. Elkhart (84), host Shortridge (192), and Anderson (196) stood one-two-three in the standings.

Muncie Central, defending meet and State champion, could muster only a fifth-place position with 226 points.

In addition to the Open Division, there was also a Closed Division for those schools with an enrollment of 400 and under. Also, a Freshman Open for those freshmen not yet 16 years old attracted young harriers from 15 squads. The distance was shortened to a mile and one-half for this race.

\# \# \#

THIS MEET IS the major tune-up for the State harrier run to be held at this same course on October 31.

From the race it definitely appears that Elkhart is the team to beat in Indiana. However, Fort Wayne Central, which did not compete in the Invitational, should not be counted out.

The Tigers, led by ace Henry King, lost to the Blue Blazers by only several points in dual competition earlier this year.

Other local powerhouses are North Side and surprising New Haven, which placed 13th Saturday after failing to field a winning team last season.

Freshmen Beat New Haven 7-0

Archers' Rugged Line Sets Pace For Victory

"Power packed" Archer freshman gridders defeated an idle New Haven squad by a margin of 7-0 last Thursday at South Side. The Green and White season record now stands at three victories and two defeats.

The rugged South line was the chief factor for the Archer victory. Shep Jefferson, Dave Bergman, Bill Wolfe, and Bob Lohman crushed the Bulldogs for losses with tremendous tackling. Bob Leininger and Dave Tipton also aided the defensive morale.

Rick Werling highlighted the kicking power with excellent punts, one soaring across the field as far as 25 yards. Tom Shine piloted the Kelly crew in fine style and received fine assistance from the center Bob Gargett.

Sid Sheray and Dave Blanton, Archer fullbacks, played outstanding ball throughout the game. These two players carried the ball for most of South's yardage.

The lone Archer touchdown came in the second quarter on a pass play. After driving from about their own 25 the Kellys moved into the sacred land on about the New Haven 35-yard line.

Shine completed a sparkling 35-yard pass to Eddie Johnson in the end zone. The point after touchdown was good and the Green and White sustained a 7-0 margin.

There was no scoring for the remainder of the period and at half time the score still stood at 7-0.

New Haven's threat came in the third quarter. The Bulldogs moved to the Kelly 4-yard line with first and ten. At this point Archer spectators were beginning to feel a little pessimistic. It seemed apparent that the New Haven eleven would score. But the powerful South line halted the Bulldogs' drive.

Both teams failed to score in the second half and at the game's conclusion the Green and White were on top by a 7-0 score.

Chairmen Chosen For Safety Council

Chairmen and co-chairmen for Safety Council committees have been chosen. They are, program, Pat Shuler, co-chairman, Pam Stech; poster, Sheri DeYoung, co-chairman, Marsha Gripe; accident reporting, Tamara Vyhovsky, co-chairman, Connie Caley; and bicycle, Pat Campbell, co-chairman, Jack Garrison. These people will serve this complete school year. But, of course, everyone else who signed up for the committees is needed in order for the committees to function properly.

The goal, an accident-free year, is being impressed upon everyone. The next scheduled meeting is November 5. All representatives should attend this meeting. The guest speaker will be a member of the Fort Wayne Police Force.

Seniors Bowen, Olinske Boast Back, Lineman Of Week Titles

Jim Olinske

Emmitt Bowen

Football honors go this week to senior guard Jim Olinske and senior fullback Emmit Bowen. Both boys did a fine job holding down a rugged Central team last Friday.

Jim Olinske was chosen by the football coaches as lineman of the week. Jim is a senior and plays varsity right guard. He is studying English 8, Algebra 4, Chemistry 2, and Economics 1.

Jim played baseball and ran track at Abbett Junior High.

Jim thinks that Central is the toughest rival the Archers have faced. However, he figures on Goshen to be the roughest future opponent.

When asked about South's chances in the grid race this fall, he replied, "If we play as a team, we can finish with a 7-2 record. We have some tough teams to face, but if we play heads-up ball, we can whip them."

Jim said his real thrill in South Side football is just playing. After he is out of high school, Jim plans to go into the service.

Fullback Emmitt Bowen has gained back of the week honors because of his consistent gains up the middle in the Central game. From his fullback position, Emmitt cracked Central's forward wall time after time after he came into aid the Archers' backfield, which was rapidly getting nowhere against the eager Tiger forward defense.

Off the playing field, Emmitt is one of the most congenial players on the Archer squad. His big happy grin and friendliness have gained the respect and admiration of the entire team. However, when he bears down on offense or defense in scrimmages, he becomes one of the most rugged players on the team.

Besides his offensive fullback position, Bowen also handles the job of tackle on defense.

In school Emmitt is taking wood, metal, art, and English.

Emmitt has been on the varsity squad for two years. He was a lineman in freshman and reserve ball, but he was changed to the fullback position last season.

Slack In Grid Interest Shows Minority Regards Game Lightly

On the whole, football at South Side is not appreciated as it should be. Too many students regard football games too lightly.

These students fail to realize the hard, taxing practice which it takes to develop a football team as good as ours. They fail to realize that their football team represents THEM. How about the student body representing the team?

Since early August, our team has diligently practiced many long, hot hours. The drive they display on the football field shows the result. Because of the great effort displayed by our team, don't you think they deserve YOUR school support?

If you don't understand football, make an effort to learn something about it! If you understand the game, you can't help but appreciate and enjoy it. Don't sit in the stands and refuse to yell because no one else does. Ever try starting it yourself? Don't walk around and disregard your team! How would you feel if they took an "I don't care" attitude when they were playing football? I doubt if you would be very proud of them.

Cheerleaders, you can help, too! Why not spread out and give a little cheer to the students sitting at the far ends of the stadium? You might be surprised at the response you receive!

If our cheerleaders will support the students, then the students will support the team, and your team would be one of the greatest you've ever seen!

Mrs. Jack Weicker New Book Secretary

Mrs. Jack Weicker has been chosen to fill the position of secretary in charge of the book rental at South Side.

Mrs. Weicker is the wife of Mr. Jack Weicker of the Social Studies Department at South Side. Mother of four children, she attended Indiana University and has music as one of her varied interests.

This position was formerly held by Mrs. Robert Johnson, who is expecting a baby in the near future.

Central Defeats Kellys; South To Face Royerton, Goshen

Rozier, Curry, Williams Score Against Archers

Central's rampaging Tigers pounded out a 27-0 decision over South Side last Friday at South Stadium. The high-flying Bengals scored in every period with their ace T. C. Williams tallying twice.

Williams picked up 102 yards from scrimmage while quarterback Jim Kiem passed for four touchdowns. Dependable Pete Hogan kicked the first three extra points though the last one was blocked.

Central's rugged defense contained South after the opening kickoff and forced the Archers to punt. The Tigers then moved the ball 60 yards in 10 plays to their initial score. Williams highlighted the drive with runs of 21 and 12 yards. Kiem hit Rozier in the end zone with an eight-yard aerial to cap the drive.

\# \# \#

NEITHER TEAM was able to move the ball until South took over early in the second quarter. Fullback Emmitt Bowen bulled for two first downs on four consecutive carries. The Tiger defense stiffened, however, and South was forced to punt.

Late in the second quarter, Steve Hargan dropped back to his 11 to pass. He was hit hard and the ball skittered away, ruled as a fumble on a questionable decision. Central recovered, and Kiem pitched to Willie Curry in the end zone on the first play.

South continued to run into hard luck and a well-polished Central outfit in the second quarter. John Somers and Bowen had gained excellent yardage through the middle of Central's forward wall in the first half; in the second half this route was plugged up.

\# \# \#

THE BENGALS had the ball fourth and four on their 43, midway during the third quarter. Gerry Turnpaugh dropped back to punt, but a 15-yard roughing penalty was called on South Side which gave Central a first down.

Two plays later the officials threw in another 15 yarder for grabbing a face guard. This gave Central a first down on the Archer 15-yard line. Shifty T. C. Williams carried the ball in for the third Bengal touchdown.

The Tigers again dominated play in the fourth quarter. Jim Kiem ended a 36-yard scoring drive with a touchdown pass to T. C. Williams from the 12-yard line.

Central's high-powered offense and rugged defense were beyond reproach.

Summary:

	Central	So. Side
First downs	12	5
Rushing yardage	182	52
Passing yardage	42	12
Total yards gained	224	64
Passes attempted	5	3
Passes completed	4	1
Passes intercepted	0	0
Fumbles lost	1	1
Yards penalized	15	45
Punts	5-36.2	8.34.4

Scoring:

South Side	0	0	0	0	— 0
Central	7	7	7	6	—27

Central: Rozier (8, pass from Kiem); Curry (10, pass from Kiem); T. C. Williams (15, run); (12, pass from Kiem).

Officials: Ray Nemeth, referee; Ernie Szekely, umpire; Charles Borowsky, head linesman; Don Spague, field judge.

Juniors Cop First Place In Speedball

Juniors defeated the Sophomore 2 team, 8-6, to capture first place in Upperclass GAA Speedball Monday night in the gym. Sophomore 1's beat the Seniors, 10-6.

High scorer for the Sophomore 1 team was Jane Ladig with eight points. Sandey Dolson made six points and Marcia Marschand scored four points for the Sophomore 2 team.

Players for the Senior team are Nancy Baltes, Barb Burdick, Jane Glass, Sandy Grodrian, Jan Kessler, Peggy Markin, Barb Nahrwold, Joy Walling, and Luann Uhl.

Alice Ashton, Tamara Beaty, Sharon DeBaillie, Sheri Hall, Sharon Krakower, Dayna Harader, Jane Ladig, Margie Lehman, Marcia Melching, Sue Merchant, Nancy Nichols, Nancy Pfeiffer, Jan Spuller, Sharon Todd, Mary Zimmerman, and Ginny Kachiamenis make up the Sophomore 1 team.

Working together for the Junior team are Alberta Bonnell, Donna Barnes, Val Callahan, Connie Dennis, Sandey Dolson, Mickey Flaig, Janice Garrison, Rita Hessert, Carol Hofer, Joan Erck, Barb Markiton, Leslie Sipe, Diane Spencer, and Shirley Stahlhut.

Margie Bloom, Gretchen Brumm, Pam Buzzard, Joyce Cossairt, Martha Bonnell, Bella Dyson, Beb Fromm, Marcia Marschand, Sandy Heidbrink, Janice Nahrwold, Flora Reynolds, Sharon Spuller, Sandy Walton, Annie Heckler, and Jenny Slater play for the Sophomore 2's.

Fourteen Majorettes Chosen At Tryouts

Fourteen girls were chosen by Mr. Robert Drummond as Junior Majorettes.

The girls will march before the games dressed in kelly green and white outfits. They will also present the flag.

The Junior Majorettes are Vivki Adams, Barbara Andrews, Judy Conley, Barbara Enzor, Priscilla Ickes, and Ginny Kachiamenis.

These girls are also majorettes: Sheri Koch, Joan Lamber, Joyce Moore, Sydney Schinbecker, Diane Simmers, Jenny Slater, Yvonne Swartz, and Dianne Thomas.

Teachers Donate Time To Aid In Grid Games

Forty-five men on the South Side faculty are donating their time and service to help at the school football games.

Twenty-two teachers helped during the September 25 game; 24 helped at the October 2 game; 21 will help tomorrow; and 22 will help at the final game November 6.

Cadets Defeat Kelly Gridmen

Reserves Lose 6-0; Suffer Fourth Setback

South Side's reserve gridmen bowed in their fourth straight contest by dropping a 6-0 heart-breaker to a fired-up Concordia eleven. The hard-fought thriller was played at Zollner Stadium last Monday.

South's fate was decided in the last 15 seconds on a 20-yard, fourth down, "do-or-die" Cadet pass that connected for a touchdown.

This dramatic finish came after Coach Warren Hoover's boys appeared to be on a scoring jaunt themselves. Quarterback Tom McMahan passed and ran the Archers deep into Cadet territory late in the fourth quarter.

\# \# \#

A 15-YARD PENALTY against the Green placed the ball on the Maroon 40-yard line. On the next play an alert Concordia back intercepted a lofty Archer aerial and legged the pigskin all the way to South's 20-yard stripe.

In the following three plays, the Maroon failed to gain. With time running out, they attempted and connected on the desperation pass, during which they eluded two Archer defenders in the end zone.

\# \# \#

EARLIER IN the contest South was headed for pay dirt several times, but the offense bogged down in each instance. Thus, South Side has failed to score a point this season.

Coach Hoover praised halfback Dick Johnson highly for his sterling performance on both offense and defense. The entire Archer defensive unit contained the Cadets to a scant number of total yards gained.

Al Colvin, a husky, bull-like halfback, provided most of the winners' offensive punch.

Assistant Coaches Scout Future Foes For Football Team

One factor which aids the South Side football team is the scouting report which they get on opposing teams which they have not encountered.

One of the assistant coaches, Mr. Warren Hoover, Mr. Glen Stebing, or Mr. Robert Baker, is usually sent to check on the abilities of the opponents in the near future. Their main purpose is to check the offensive and defensive formations, plus watching the strength of the personnel.

Defensively, the coaches attempt to get the blocking assignments and certain formations from the play of the team. Also, they attempt to check the types of kicks, and distances of kicks; along with pass plays and the specific passers. Furthermore, individual players are carefully watch to find their weaknesses and strong points, both offensively and defensively.

Mr. Gernand feels that "If this is well cleared up, we can generally tell what they are going to do." Accordingly, the team is able to put forth their best efforts, and most generally play an outstanding game.

READY—SET— . . . Members of South's junior backfield in practice are, left to right, Steve Burton, John Somers, Bob Bolyard, and Tom Duff. Steve, John, and Bob are starters on the varsity team.—Photo by Thompson

Mural Men

By Dieter Hillerbrand

Intramural cross country is nearing the final run, which will be held Tuesday, October 13. Two time trials, one of which was one and three-sevenths of a mile and the other a mile and one-seventh were held in preparation for the final run.

Gary Butz was the winner of the first race as he covered the distance in 8:21. Bob Dorsett was runner-up with 8:22, while following closely was Ray Fanger with 8:27. Dennis Jones was victorious in the second race, recording a fine 6:06 clocking. John McMillen was reset with 6:20, while Alan Schlie took third place with 6:38.

Ken Louden was the first to capture an Intramural championship as he beat Wendell Rose, 4-1, to cop laurels in the heavyweight division of the tennis tourney. Barton Bailey took the middleweight honors, defeating Alan Schlie by the score of 4-0. In the lightweight division. Bob Rodocker turned back Tom Hawkins by a score of 4-1 to take home the blue ribbon.

Along with the tennis tourney, the fall horseshoe tourney was played off. Bob Rodocker added another championship to his tennis title, as he outlasted Dave Ray, 10-15, 15-2, 15-8. Allen Sheldon won the heavyweight crown without playing the final match, for runner-up Tom Schwartz was prevented from playing.

October 1, 2, and 3 were the dates for the fall golf tourney at Foster Park. Bruce Foltz shot the lowest score of the entire tourney, a 78, as he won the lightweight title. Last year's winner, Vaughn Correll, was the runner-up with 79. Dick Waterfield placed third with an 84.

Ray Tora was first among the middleweights, his score being an 87, well ahead of Bill Sherbondy with 110. John Schmidt turned in a score of 81 to come out victorious in the heavyweight division. Two boys tied for second place. Bill Gay and Don Hasselbring shot scores of 110.

Several games were played in touch football. Doug Smith's Stars racked in their third consecutive win as they clobbered the South Side Serpents, 27-0. Doug Smith opened the scoring for the Stars, passing to Tom Risk for a touchdown. He then passed to Roger Diffendorfer for the extra point. Mike Boyer ran back an intercepted pass for a touchdown. Wendell Rose scored seven points as he threw both the touchdown and the conversion passes to Smith. A few plays later, Doug sprinted around end for a touchdown. Don Gordiner caught the pass for the extra point to make the final score 27-0.

Led by Nate Norment, the Gridironers handed the South Side Serpents their second loss, defeating them 15-0. Nat caught the Serpents' ball carrier in the end zone for a safety. A little later, he broke away and scored a touchdown. He also passed to Britton for the extra point. Later, Harold Snyder caught a pass from Norment for a touchdown.

In the third, the Krimpers turned back the Blackwidows, 19-0. Acie Eldridge whipped a pass over to Gary Platz for a touchdown. Bob Lohman ran back an interception to score a touchdown. Eldridge then passed to Jefferson for the touchdown and to Mol for the conversion.

Scoring their first victory as compared to one loss, the Bears defeated the Midgets by the tune of 20-0. Anderson was the first one to break into the scoring column, hitting Ables with a pass for a touchdown. Bruce Foltz then passed to Joe Harper for the extra point. Joe showed his ability in the passing, as he passed to Bruce for another touchdown. Harper also threw a pass to Anderson for the extra point. Anderson then passed to Foltz for the last score of the game.

Friday, October 23, will be the date for the annual fall Bowling Tourney, which will be held at Scott's Recreation Center. Anyone who wants to participate should sign up in the gym office and pay 75 cents. This will allow him to play three games. Last year, 67 boys were entered.

Keith Camell emerged as winner among the heavyweights with a score of 534. Walt Snyder was second with 496, and Dick Byers was third with 455.

In the middleweight division, Chuck Kraus copped first honors with the score of 520, while Dave Miller was runner-up with 475. Jerry Putt was third, as he turned in a score of 465.

Scoring 462, Larry Levy captured the blue ribbon in the lightweight division. Ron Ehrman was reset with 451, while Jack Winder came in third with 442.

Birds May Be Easy Prey; Goshen Boasts 5-1 Record

South Side's Archers will meet 'the cat and mouse' in reverse order during the following two weeks of action on the gridiron. The Green will take on the winless Royerton outfit tomorrow night at South Side Stadium and will journey to Goshen over Teacher's Convention to meet a Redskin team which boasts a fine 5-1 record.

Royerton will be the Archer's prey Friday night, for the Red Birds have yet to dent the win column with a record of 0-6. Head coach John Livengood brings an inexperienced team with only four returning lettermen to Fort Wayne for the first time.

\# \# \#

THE RED and White averages a respectable starting line of 170 pounds, led by 6-1, 243-pound tackle Mike Harper. Fullback Tom Unger is the Birds' largest back at six feet even, and weighing 160 pounds.

The Kellys should outclass the Royerton team from every standpoint of play. It seems as though this would be a fine opportunity for Coach Gernand to play his entire squad, keeping a fresh combination playing at all times.

The Archers won't be in easy company when they travel to Goshen next week. This time it will be the Redskins who will be the "cat," for the state's ninth-ranked team has lost but one game, that being last week's 19-12 tumble to perennially tough Michigan City.

\# \# \#

THE 'SKINS were tied with South Bend Central, the state's top-rated team, for the Conference title before last week's fall. Archer Coach Bob Gernand feels that Goshen, with 18 returning lettermen, could be the toughest team on South's present schedule.

The Crimson trimmed Elkhart, 14-7, in their second game of the season, but the Blue Blazers defeated Fort Wayne Central, 20-18, two weeks ago. As South fans will remember, city foe Central clobbered the Green last week, 27-0.

\# \# \#

GOSHEN HAS several outstanding performers this season. Fullback Dan Berkley, the 'Skins' leading ground gainer, is Goshen's best back in years. Also in the veteran senior backfield are halfbacks Bud Smith and Bill Johnson, and quarterback Jim Yoder. Heading the Crimson all-veteran line are guards Kary Hake and Fred Yoder plus Tom Hutchinson.

Next Friday night's game at Foreman Field proves to be a thriller if the Green is fired up. South could certainly gain prestige by upsetting this strong Goshen outfit, possibly the finest in years.

Archers Recommend Art Of Knitting To Those Seeking Relaxing Hobby

Personalized Presents, Original Creations Possible With Knitting

Sometime or another, you have probably felt the urge to grasp a strand of yarn hanging out from someone's sweater and give it a yank.

There is no telling what the consequences would be if you were unlucky enough to pull the tell-tale thread of one of the many South Siders who have taken up knitting. These girls know the long hours of hard work and concentration put into the making of a knitted garment.

The girls will agree, however, that there are many good reasons for putting spare time to use knitting.

Evilou North will tell you that it is an excellent pastime while watching television or listening to records.

z z z

WHEN THE summer days seem to drag along, it's the time to begin on your fall wardrobe; Evi completed three sweaters over vacation.

Knitting provides a chance to relax, yet do something constructive for people that must always be busy.

The cost of knitting surprises beginners. Contrary to beliefs, in many cases instead of being cheaper, the articles may cost more than the ready-made style.

One runs into the greatest expense in buying yarn, of which there are choices running from fine wool, cotton, and rayon, to the newest man-made fibers.

A plain sweater could be made for about the same price as it could be purchased.

The greatest savings would be made on garments with intricate designs and stitches. Detailed pieces found in stores would run quite a bit more than those knitted by hand, but, of course, the more fancy the design, the harder it is to make.

What can you gain from knitting? First of all, it is a way to get additional clothes. You can pick your own styles and colors and add personal touches.

ALL BY HERSELF? . . . Ask knitting girls Gretchen Meister, Mary Jane Reiff, Nancy Vanderford, and Evilou North, standing, to each other. Smiling in the affirmative is Linda Meyers, along with Joan Rothchild and Martha Reiff, seated.—Photo by Thompson

z z z

MANY TIMES you can knit much prettier things than you could buy. You have a choice of things to make, including sweaters, skirts, dresses, vests, scarves, hats, slippers, and mittens. Pieces can be made to go with clothes you already have, and dyed-to-match skirts can be obtained to match the knitting you do.

Starting with the basic steps you can branch out into clothes requiring harder stitches and adorn your articles with additional needlework.

"Naturally," says Joan Rothchild, "there is a great deal of personal satisfaction connected with wearing something to which you can attach your own name."

There is really no trick in learning to knit. Books can be obtained which give clear explanations and simple illustrations.

Friends, parents, or relatives also can teach you to knit.

Grandmother passed the art on to Nancy Vanderford, who has already hung two new sweaters in her closet.

Your knitting will also help your pocketbook around Christmas and birthdays. This is illustrated by Gretchen Meister, who knitted a sweater for a certain male friend of hers.

Who wouldn't be thrilled to receive one of the many lovely things you can make to say "just for you"?

Freshmen Relate Experiences, Funny As Well As Embarrassing

In the hurried and harried world of the upperclassmen, all of the funny things which occurred to them are readily forgotten, and this includes the predicaments that they undoubtedly got themselves into as freshmen.

To the newly-arrived frosh, however, these experiences are still a very embarrassing subject, if not a sore one. For the benefit of those who still have clouded memories as to their first few days in these ivy-covered halls, a few of the newcomers have donated their experiences for their entertainment.

To quote just a few:

Janet Calvert: When we first got our lockers, I worked at the combination for such a long time that a sophomore took pity, and helped me get it open.

Cindy Jackson: I ducked behind a locker every time that I saw a group of senior boys for fear of them knowing my brother, and trying to initiate me.

Karen Walker: I found out I had to get upstairs on the first day, and I couldn't figure out how to get up there.

Sue Whitmer: I was lost nearly every day for the first week.

Ron Bakalar: I got thrown into the showers at Bishop Luers.

Dianne Friedman: I was dumb and stumbled into the Boys' Gym instead of the Study Hall.

Mary Marker: I got lost and took the wrong seat in Study Hall.

Janie Crabill: "Ugh CRASH!!" . . . That was what happened to me on the second day of school. I'll never forget when I was trying so hard to get along at South, and then it happened. The "UGH" was a senior boy I rammed into, and the "CRASH" was the sound of my books all over the hall. I picked them all up, and very meekly asked directions to the Girls' Gym. After he had instructed me, I went on my way. I would hereby like to thank him, the big ape.

Martha Grimme: It took me at least 25 minutes to find my locker, and naturally I had trouble finding my classrooms.

Dan Bishop: My first day as a freshman was a rough one. People told me how to get to my classes, only they sent me in the opposite direction. They also tried to sell me tickets to the pep sessions.

Dan Holloway: On the first day, I was initiated by some seniors who were waiting at the door for me.

Steve Birkenbuel: One day in Latin class, the teacher asked us to fill out some cards. The windows were to the left, and the door was to the right. He asked us to pass the cards to the left to the door, and when no one could figure out what to do, he gave us a lecture on following directions at South.

George Kurtz: I made the stupid mistake of asking directions, and naturally was lost. Then some boys I knew ran me through the showers.

Tim Grodrian: My first day as a freshman was a nightmare. I was only two doors away from the cafeteria the period before lunch, but when the bell rang, I turned and walked all the way around the building to get there.

Dale Hilsmier: My problems included finding classes, and finding my locker.

Meterites Send Note To Former Sponsor

A letter of appreciation has been sent to Miss Susen Peck, retired Meterite sponsor, by the Meterite Club. The club extended appreciation for Miss Peck's many years of service to South Side and the Meterite Club.

Susan Smith, present secretary, along with Mrs. Florence Emshwiller, present sponsor, wrote the letter. The letter was read at the officers' meeting and at the regular meeting, and sent to Miss Peck.

Alcohol, Narcotics Effects Demonstrated In Course

Effects of Alcohol and Narcotics, a course taught by Miss Edith Crowe, is being offered this semester.

This course is only offered when enough students elect it.

The course was first offered in 1949.

Although 16 upperclassmen are in the class, it is not restricted to just juniors and seniors.

The course is one semester and is a regular elective.

Alumni News

By Susi Hines

Carol Cramer, '57, and Joe Hammonds, '54, have recently announced their engagement. Carol is presently attending Indiana University where she is affiliated with Alpha Pi Sorority. Joe is attending Purdue University.

Second Lieut. Paul W. Dailey, Jr., '55, married Carolyn Gail DeHaven, '55. on August 30. They are residing in Madison, Wis., where Paul is studying meteorology in connection with the United States Air Force.

David Eitman, '56, and Virginia Pugh, '56, were married August 29. David is a senior at Indiana University and a member of Phi Gamma Delta Fraternity. Virginia is affiliated with Pi Beta Phi Sorority. She is presently employed by Leo C. Ward.

Donna Jean Hengsteler, '54, and Alexander Gringauz were married August 29. Donna was graduated from Purdue University where she was a member of Alpha Xi Delta Sorority and the honorary dental society, Kappa Epsilon. Alexander was graduated from Brooklyn College and is now attending Purdue University.

Donna Curley, '57, and David O. Harrold, '53, were married September 12. Donna is employed by the Lupke Insurance Agency, Inc. David is a student at Purdue University.

Patricia Minier, '58, and Joseph Clancy were married August 1. Patricia is employed by the Lincoln National Life Insurance Co. Joseph is a graduate of Central Catholic and is now attending Purdue University.

James R. Lagemann, '57, and Jacqueline Holbrook were married September 12. James is an alumnus of Warner's Beauty College and is presently an employee of the Wolf and Dessauer Beauty Salon. Jacqueline was graduated from North Side High School and Ravenscroft Beauty College. She is employed by Leo C. Ward Beauty Salon.

Carol Jean Putt, '58, and Larry Lee Robb were married September 4. Carol and Larry attended International College. Larry was graduated from Logansport High School and served four years in the Navy.

Linda Baughman, '59, recently pledged Alpha Delta Phi Sorority at Ohio University, Athens, O.

Maria Hilsmier, '59, and David Miller were married October 10. Maria is attending Fort Wayne Beauty College. David attended North Side High School and is employed by Fort Wayne Newspapers, Inc.

Norma Rose A'Hearn, '55, and Jerry Edwin Savio were married October 10. Norma is a graduate of St. Joseph School of Nursing and is employed in the office of Dr. Wallace E. Bash. Jerry was graduated from Central High School and is an employee of the P. & H. Supply Co.

Judith Bedsworth, '56, and Gerald S. Lopshire were married October 3. Judy is employed at the hospital. Gerald was graduated from Central Catholic and International College. He is associated with his father as a florist.

The engagement of Nancy Jo Liechty to **Russel S. Oyer, '58,** has recently been announced. Nancy attended Taylor University prior to her enrollment at Indiana University. Russell also attended Taylor and then transferred. Both are seniors at Indiana.

College Courses Should Be Studied For Successful Entry

With the fast increasing enrollment of students in colleges and universities, it is necessary for every high school student seeking college entrance to prepare himself by taking the proper subjects.

The basic requirements for entering college are four years of English, two years of a foreign language, two years of math, three years of social studies, and one year of a lab science.

Mr. Snider commented that anyone taking the college course at South Side would meet the minimum requirements for the majority of colleges.

However, if a person wishes to enter a specific occupation, he should find out what the special requirements for it are. For instance, if a boy wishes to enter a school of engineering, he must have more than the minimum requirements of math and science.

Many colleges check the grades as well as the subjects applicants take in high school, so it is also necessary to maintain a high grade average.

Colleges differ in their methods of accepting students. Some require the student to be in the upper third of the class, others the upper half of the class. Still others will consider any high school graduate if he passes certain examinations and if his high school record is good.

It is wise, therefore, to find out early what specific subjects are required in entering the college of your choice.

Mr. Snider has information in his office about every college and university in the United States and he will be glad to talk to anyone who has questions about college.

Joanna Gobel Goes To Ball State College For Summer Study

Joanna Gobel, sophomore, was one of the many teens at South Side who spent their summer studying. Like many others she wanted to further her education.

While most South Siders went to summer school in Fort Wayne, Joanna was able to attend Ball State Teachers College from June 8 to July 31.

Although Joanna wanted to go to summer school in Fort Wayne, she was unable to because her parents were not always in town. Instead they sent her to Ball State.

Since she was only taking English and art, she had time to work at the campus snack bar, the stopover for college students. She thought that working at the snack bar was fun because she met many people.

In between studying and working at the snack bar, she was able to swim at the pool and participate in the usual activities of the college.

Joanna is on the college preparatory course, and is taking developmental reading, English, Spanish, history, and geometry.

Joanna believes that going to Ball State was a very rewarding experience. She would like to return to the college again because she learned many new things and she enjoyed meeting new people.

Archer Susie Hoard Occupies Duties Of Journal Teen Editor

Clickety-click, clickety-click, clickety-click, zing—what's that noise coming from the new Fort Wayne Newspapers Building? Who could be slaving away at this late hour? Let's peek in and see. Why, my goodness, it's our Susie! Blond-haired, green-eyed Susan Hoard is pounding away at a typewriter!

"Yes," says Sue, "my new job as Teen Editor of the Journal-Gazette entails a lot of work." Susie applied for the job along with many other hopefuls in August and was almost as shocked as she was pleased when she got the job on September 1 from Mr. Lovelitt, managing editor of the Journal.

As the Teen Editor of Sunday's teen page, Sue's main duties are choosing the Teen of the Week, writing the column, Rambling at Random, and taking care of any other pertinent articles. You may wonder how Sue manages all this. Well, she's not left entirely on her own.

She has contacts in all the schools who inform her about the happenings of the past week and the events to come at their schools. A few part-time writers help somewhat, but most of the responsibilities rest on Sue's shoulders.

z z z

"I'M JUST CRAZY about my job, the people, and the building," Sue said. "I've met many of the top brass on the staff, and they've all been so nice. Of course, it will take me a while to get used to everything. (Like the other day, I opened a drawer in my new desk, and a typewriter flew out at me.) But I'm working hard on it and trying to do my best. I usually work every Saturday, and the job pays well.

"That building is just marvelous! I'm simply awed by the magnitude of everything! The other evening I wandered down to the press room out of curiosity and was amazed by what I saw. The room was tremendously long and was filled with enormous printing presses and huge rolls of paper as tall as I and twice as wide. (And that's pretty wide!) When I realized that my stories would be on every one of those sheets, I could hardly believe it."

Being a senior, the editorial editor and former feature editor of the Times, Susie is well-qualified for her new job. She has always been interested in journalism and is going to attend the Journalism Institute at Franklin, Ind., during Teachers' Convention.

z z z

SUSAN HAS A well-rounded personality and many varied interests. She is definitely planning on going to college and perhaps majoring in psychology. Being a good student at South Side, she will, no doubt, continue her high scholastic standing at college.

She is a former president of the Red Cross Club, this semester's president of the Safety Council, and an active church member at the Wayne Street Methodist Church. Employment through YES and counseling at camp were two of Susan's summer activities.

When asked how she viewed her new job and its responsibilities, she replied, "I know it's going to mean a great deal of work, but I love it, and I'm very grateful for this opportunity. I shall do my very best to uphold the wonderful records of the past editors."

New Grade Period Starts Off Well For Studious Archers

Pat Lee, Sheri Baxter, Martha Lanning, Richard Waterfield, Fred Shone, Anita Ferber, David Meek, Lee Jackson, and Steve Lowens made the highest scores on a test covering sight translation in Miss Reiff's Latin 3 period 3 class.

Art 3 students in period 1 and the Art 1 students in periods 4 and 6 have been working on posters for Education Week under the supervision of Mr. Leon Smith.

Art 6 students have taken up the study of Art Philosophy, and the Art 2 students are continuing their work on house models.

James Barnhart, Susan Roemer, Linda Snyder, Matt Cornacchione, Carol Forsgern, David Kennedy, and Allan Mason scored high on a test over parts of speech in Miss Pohlmeyer's English 1 periods 4 and 7 classes.

Karen Snavely and Barbara Smith made the highest grades on a test over the direct object and linking verb in Mrs. Redmond's Latin 1 classes.

Karen Rowley, Larry Davis, Oma Ake, Karen Dowty, and Joan Lambert received the highest grades on a test over problem solving in Mr. Berg's period 1 Citizenship 2 class.

Shiela Eddy, John Schmitt, Mike Hofer, Susan Burlage, Robert Zartman, Jr., and Katie Mishler were high in the period 7 class.

Kay Bradley, Mary Ellen Bowman, Connie Vallance, and Mike Schoen are writing extended compositions in Mr. Scott's English classes.

On a weed identification quiz in Mr. Weber's Botany 2 period 1 class, the highest grade was earned by Gary Martin. In the same class on wood charts, 95's were earned by Steve Druart, Jerry Holliday, Karen Johnson, Ward Miller, Joyce Rothgeb, and Ada Williams.

In Mr. Weber's Botany 1 period 2 class, Roger McNett earned 100 and Rita Hessert a 90 on a cell chapter quiz.

On a wood chart in Mr. Weber's Botany 2 period 5 class, 100 was earned by Susie Slick, 96 by Joan Novitsky, 95 by Karen Reddy, and 90's by Ruby Martin and Jack Fitzgerald.

Captains have been elected in Mrs. Keegan's gym classes. In the period 2 Gym 1 class, Susan Bevington, Nancy Byers, Wanda Klus, Marilyn Headford, and Cheryl Williams were elected. In Gym 2, Joan Allen, Carole Eberle, Carolyn Kumfer, and Sandra Scheeler were chosen.

Louraine Ford and Linda Moody are the captains in the period 3 Gym 1 class. Those in Gym 2 are Dorothy Dildine, Pat Keck, Orin Rose, and Edee White.

Captains elected in the period 7 Gym 1 class are Diane Bright, Sharon McBride, Betsy Junker, Peggy Schmidt, and Dawn Fruex. Girls in Gym 2 are Rose Carpenter, Sandy Etzler, Jenny Slater, and Carol Sample.

Student leaders chosen in Mr. Motz's period 2 classes are Terry Usher, Bill Hess, William Syndram, Dave Haslup, Howard Berrier, Louis Troop, John Wightman, Doug Yaney, Sheldon Sheray, Ken Davis, Bob Symonds, Phil Spray, Robert Bartel, Dick Moser, and Mike Seaman.

Those elected in Mr. Motz's other period 2 class are William Cupp, James Leiter, Larry Meyers, Clint Wearly, James Egts, William Mueller, James Rondot, and Dave Tyner.

Also Ron Heathman, William Bennett, Dave Jones, Dave Katzenmaier, Robert Martin, Alan Sheldon, Max Tinkle, and Bob Current.

Each of Miss Arber's classes are doing book reports. On an English literature test given to English 3 students period 7, high grades were made by Caren Fine, Tom Helton, and Marna Reiber.

In Mr. Pipino's Biology 2 classes, two tests over insects were given. The title of the tests were "The External Anatomy of the Grasshopper" and "Insect Classification." Making high grades in his second period class are Tom Erb, 96 and 94; Tim Grodrian, 96 and 94; and Karl Krause, 96 and 97.

In the fifth period, the high grades were made by the following: Betsy Adams, two 100's; Beth Burnett, 96 and 100; Jane Prill, 92 and 95; Barbara Altevogt, 100 and 89; Rosemary Capps, 100 and 95; Jack Seigel, 100 and 95; and Susan Smith, 100 and 97.

Drawing 1 students, under the direction of Mr. Polite, who have finished the sixth drawing in period 3 are Jerry Baker, Bob Colburn, Ed Musice, Clint Wearly, and David West.

Those in the period 5 Drawing 1 class who have finished their eighth drawing are Jack Blombach, John Byer, John Gear, Ken Gerke, Merlin Overman, Joe Rice, and David Ray.

Charles Cary, Don Watters, Ted Von Gunten, Dennis Vebert, and Mike Hegerfeld of the period 2 Drawing 2 class have finished the three-view drawing and have started the first isometric drawing.

Those in period 6 who have done the same are Robert Dorsett, Les Fairweather, Phil Glick, Ken Howe, Frank Lude, Jerry Traxler, and Fred Von Gunten.

Miss Rehorst's classes are sewing in real style with the four new Singer machines. Linda Niblick has completed a skirt for her first project in Home Economics 5 period 6.

Mr. Block's United States History 1 period 2 class had a test. High grades were made by Judy Koontz and Susan Gough.

High grades were made in Mr. Storey's period 1 class on a demonstration speech assignment by Sylvia Ehrman, Sandra Grodrian, Priscilla Scott, and Suzanne Gilmer.

On the same assignment high grades were made in period 2 by Allen Berk, Sandy Landree, Carole Downhour, and Sue Sible; Diane Irmscher, Lois Levine, Wendell Rose, and George Pfeiffer in period 3.

Excellent demonstrations were given in period 5 by Sally Dill, Dieter Hillerbrand, Annette Plesniak, Chuck Weinraub, and Joan Stanton; Judy English, Carole Oxenrider, Susie Vesey, and Dave Bosselman ,period 6.

Students who received A's on their first theme in four of Mr. Compton's English 3 classes are James Osbun, James Leiter, Janice Foreman, Betty Ensley, James Egts, William Branstrator, Richard Waterfield, Fredric Schoen, and Judith Godman.

Also, Janet Christensen, Sherry Baxter, John Smith, Janice Nahrwold, George Gilmour, Susan Cox, and Barbara Cleary. Martha Bonnell, Marilyn Cole, Sarah Finch, Sarah Frankland, Tamara Vyhovsky, and William Wilder also received A's.

Outstanding two-paragraph themes were done by David Rood, Jack Siegel, and David Blanton in Mrs. Emshwiller's period 1 English class. In the period 4 class Barbara Altevogt, Tom Erb, Karen Finfrock, and Diane Petznik made high grades.

The best themes in period 7 were done by Ira Hartman and Beth Burnett. The students were free to choose their own topic for this particular theme.

The English 3 students in period 3 wrote themes on something that influenced their lives. Peggy Bauer, Argy Parpos, David Johnson, Jim Eyck, and Katherine Houser made the highest marks.

Betsy Bowman, Carol Campbell, Charles Bowling, Phyllis Redding, Jeffrey Marion, and Ed McClure of period 6 English 5 did outstanding work with a theme on their biggest problem.

An excellent map in history was drawn by Diane Irmscher, who drew a Triangular Trade Route map. Others were by Stan Redding, Population Density; Linda Koch, Early Explorations; Lois Wartenbe, Important Cities of 1689; and Katherine Misegades, Dwellers of the Plains.

In Mr. Knigge's English 5 period 7 class, A's were made by Karen Allmandinger, Janice Brandyberry, Diane DeVincent, Judy Eisenhut, Dieter Hillerbrand, Tom Ogles, Martha Price, Terry Thomas, and Karol Wise.

Jean Berry and Dan Hudson received the highest scores on a test over the first unit in Literature in Mr. Gersmehl's second period English class. Over the same test in sixth period, Sharon Richardson and Priscilla Ickes received the highest scores.

In Mr. Walker's Business Organization and Management classes, a test was given over the Sole Proprietorship. In period 2 A's were made by Shirley Bland, Priscilla Scott, Sandy Smead, Zorana Toscos, Barbara Wallace, and Ada Williams. In period 7, A's were made by Pam Holtzberg, Carolyn Harrold, Luann Uhl, and Karen Randall.

Mr. Cowdrey's English 5 students who did well on a literature test covering "Canterbury Tales" and the early history of England in period 2 are Pam Brown, Margie Havens, Jane Hunter, and Nancy Rose. High grades were made in period 6 by Sally McDonald, Marilyn Masters, Jody Reiff, and Chuck Weinraub.

A test over the short story and poetry was given by Mr. Cowdrey to the English 4 students. In the period 3 class, high grades were made by Tamara Beaty, Sharon Todd, Sandy Wietfeldt, and Curt Holley.

English 1 students took a test over the short story. Nancy Baron, Patty Schieb, and Dick McCormick did well in period 5. Colleen Roth, Don Rieling, and Bernie Stier made the high grades in period 7.

English 6 students have begun giving oral interpretations of "Canterbury Tales." They have also been working with paragraph writing such as the explanatory or exposition paragraph. Both English 1 and 4 students have been doing general interest themes.

Mr. Feasel's General History 1 classes have been studying early civilization. Those receiving high grades on a recent test are Babs Jones, James Feustel, Larry Lee, Fred Schoen, Roberta Twitchell, William Branstrator, Kay Carrier, Sally Gilbert, Janet Christensen, Richard Fremion, and Daniel McCroskey.

Those receiving high grades on Mr. Reichert's citizenship test are Lynne Fraser, Virginia Rose, and Sharon Snyder all in period 2. Those in period 3 are Carol Burns, Gloria Lothamer, and Nancy Baron.

In period 4 they are Sharon Bass, Larry Brown, Nancy Brubaker, Steve Chen, Bill Hastings, Robert Knox, Beverly Sievers, and Linda Snyder.

Mr. Havens' period 7 Business Problems class was shown a movie entitled "The Little Giant," which depicts the service of the Consumer Finance Co. They were also entertained by a speaker, Mr. Harley Barr, manager of Southgate Household Finance Co.

On a test over Business Problems in the same period, Everett Scherrer got a high grade of 99 or A+.

On a test covering Anglo-Saxon literature in Mr. Coats' English 5 classes, an A— was earned by Jim Carter, Ann Erickson, and John Mader.

English 3's and 5's were also given tests on review grammar. The 3's in period 3 who received high marks are Larry Myers, Flora Reynolds, Dennis Cook, and Joe McClure. Barbara Dager and Elaine Biddle were the 5's in period 6 who did well on the test.

All of Mr. Cowdrey's English classes were assigned 200-word themes on subjects chosen from a selected list. Possible topics were overstuffed and understaffed schools, steady and unsteady dating, and Khrushchev's visit.

High marks on this particular theme were made by the following: Period 2 English 5, Margie Havens, Nancy Rose, and Sandy Starke; period 3 English 4, Marcia Marschand and Sandy Wietfeldt; period 5 English 4, Jim Trulocw; period 6 English 5, Joan Erck, Rita Hessert, Judy Hoffman, Sally McDonald, and Linda Myers; and period 6 English 1, Colleen Roth.

A nutrition test was given to the girls in Food 2 periods 1, 6, and 7. Scores of 100 were received by Dorothy Dildine, Sandy Etzler, Wanda Milhaney, Pamela Serrano, Ruth Sprunger, Sharon Stether, Linda Turner, Jane Augspurger, Tamara Beaty, Alice Habegger, Karen Hathaway, Nancy Jones, Pat Keck, Diane Petznik, and Erin Rose.

In Mr. Walker's period 6 Business Organization and Management class a test was given entitled "Financial Requirements for Starting a Business." The highest grade, which was 86 per cent, was made by Gertrude Gerardot.

During Mr. Furst's illness, the substitutes have done a fine job of taking over his Clerical Practice classes. On a 100-word spelling vocabulary test, 100's were made in the period 5 class by Nancy Hurley, Betty Jackson, and Karen Meyers. The only one to make 100 in the second period class was Karen Randall. Besides studying spelling the classes have also been studying the uses of pronouns in the nominative case.

On a quiz over the microscope in Mr. Pipino's Biology 1 classes A+'s were made in the third period by Diane Ball, Brian Bennington, Dave Brumm, Steve Jones, Lynn King, Mike Levy, Judith McGehan, and Honey Kay Martindale.

In the sixth period A+'s were made by Janet Calvert, Janet Dinius, Terry Smith, Peggy Smith, and Margaret Terry.

Julie Carr, Barbara Bailey, Dick Rothberg, and Sue Sappenfield received the highest grades on a test over the foundations of government in Mr. Berg's Government 1 class period 2.

JoAnn High, Richard Dailey, and David Coine received the highest grades in period 4; and Carol Szink, Sue Menze, and Barb Frederick were high in period 6.

Marcia Zelonis, Brian Ronan, and Dieter Hillerbrand made A+'s on a quiz in Mr. Knigge's English 5 literature class. The test was over the Anglo-Saxon period.

In English 3, Lorraine Stone and Bonnie Russel received 100's on a quiz on a short story.

Peggy Floyd, Arginos Parqus, Flora Reynolds, Joyce Stocks, and Ross Clark scored high on a test covering relative pronouns and vocabulary in Miss Reiff's Latin 3 periods 2 and 7 classes.

In Mr. Gernand's General Math 2 periods 3 and 6 classes Larry Britton, Susan Burlage, Ruby Campbell, Sarah Dickey, Ronald Guenther, Phillip Bennett, Barbara Driver, John Remmers, Carol Ann Stanger, Pauline Marsh, and William Syndram earned the highest grades.

On a test over the first three chapters of the text book given by Mr. Storey in his speech classes, high grades were made by Sylvia Ehrman and Gretchen Meister, period 1; Carole Downhour and Linda Adams, period 2.

High scores were made by Dave Dill, Diane Irmscher, and Lois Levine, period 3; Jim Carter, Joan Stanton and Chuck Weinraub, period 5. High scores were made in period 6 by Carole Oxenrider, Judy Shore, Sue Pfeifer, and Grant Osborn.

The girls in Miss Shideler's Home Economics 4 classes are studying Home Management. Floor plans, different styles of architecture, and different periods of furniture have been discussed.

To give all this information realistic appreciation, each girl has selected a building sight, blueprints for a home, and an architectural style to suit the type of home they have selected.

In future weeks they will study interior decoration, and furnish the homes they are working on.

Mrs. Fleck put her Art 4's and 6's to work on floral arrangements for the annual teachers' picnic. The arrangements were made with autumn in mind, and carried vacation and fall themes.

A wide variety of items were used in the bouquets. Among them were sunflowers, red peppers, tomatoes, squash, gourds, wild flowers, corn, Japanese lanterns, bittersweet, and pine cones.

Mary Fremion and Gerry Klaehn scored 100 on a test in Mr. Weaver's Algebra 1 period 2 class.

Dean Rice received the only 100 in Mr. Feasel's General History 2 period 6 class. Marcia Disler, Mary Miller, and Jim Hill received 95 on the test.

Mrs. McKay substituted for Mr. Feasel when he attended his wife's sister's funeral.

Bob Wenger and Judy Godman scored the highest grade of 97 on a test in Mr. Weaver's Geometry 2 period 4 class.

Oma Ake, Barbara Nahrwold, and Barbara Driver received the highest grades on a test over "Personality" in Mr. Berg's Citizenship 2 period 1 class. John Schmitt, Bill Syndram, and Sharon Richardson scored high in period 7.

Mr. Weaver's service workers this year are Jane Hunter, first period; Marilyn Miner, fourth period; and Pat Krebs, seventh period.

Sue Perry and Diana Hess have turned in their Latin book reports for this semester in Mrs. Welty's Latin 3 period 7 class.

The best themes in Mr. Applegate's period 6 English class were written by Judi Dye, June Garvin, Steve Bowan, and Phil Schulze.

Peggy Saalfrank has scored 100 on all her tests in Mr. Compton's period 4 English 3 class.

In Mr. Bussard's Physics 1 class students making high grades on a test are Beth Curley, John Margerum, Dave Welch, Gary Wilson, and John Andrews. Also Pam Brown, Ellen Crowder, Janice Ferber, Linda Meyers, Chris Parrott, and Carolyn Sievers.

Chuck Jellison, Everett Scherrer, Shirley Stahlhut, Mike Collins, Eric Hoekstra, and Bill Stellhorn made high grades on a recent test in Mr. Bussard's Physics 2 class.

Mr. Quance, one of the shop teachers, has announced that the shop teachers are very happy with the newly-completed shop rooms. He stated that "there is at least $500,000 worth of new machinery. We expect great things from the boys."

Child Development is the topic of discussion in Miss Shideler's Home Economics 6 classes. In order to practice the various techniques in caring for a child, a baby doll has been secured. The girls have named the baby Kim.

As the class studies the necessities of a child, Kim's bed, clothing, bottles, and toys will be bought.

High grades on a test in Mr. Haven's period 2 Junior Business 1 class were made by Jerry Scherrer and Virginia Kachiamenis.

In periods 1 and 3, high grades were made on a Business Organization and Management test by Bruce Chaney, Dean Haggarty, Jon Heaven, Judy Short, and Tom Wible.

Also Judy Willey, SuAnn Marvin, John Irmscher, Jerry Everett, John Harper, Pat O'Connor, and Rodka Shady made high grades.

In Mrs. Luse's Algebra 4 period 1 15 students made 96 or above on a recent test. They are Nick Arnold, Stephen Bash, Mike Church, Charles Clifton, Ronald Flickinger, and Robert Gifford.

Also David Hickman, Jim Jackson, Bob King, Thomas Lindenberg, Richard Moser, Grant Osborne, Shelby Smith, Fred Von Gunten, and Don Wirick.

Eight students in Mrs. Luse's Algebra 2 period 7 class made 100's on a recent test. They are Joyce Ake, Terry Baker, Laura Cooper, Michael Fox, Tim Grodrian, Dale Hilsmier, Bob Lohman, and Doug Yamey.

In Miss Perkins Spanish 1 period 1 class, eight students made 100's on a recent test on vocabulary and oral comprehension. They are Ronald Davies, Carolyn DeVore, Kathleen Head, Robert Herzog, Cynthia Korte, Margie Mercer, Gary Probst, and Julia Wadlington.

"Aucassin et Nicolette," a short French novel, has been read by Miss Perkins' French 3 period 6 class. Recently they had a test over the novel. Barbara Bailey, Marilyn Bugg, Sally Burton, Ramona Byrd, Lynne Gall, Geraldine Geller, Beth Golden, Joan Novitsky, Carol Purdy, Robert Ramage, Sue Sappenfield, James Stewart, and Linda Tomson made high scores.

In Mr. McQuillan's Government 1 period 1 class, perfect scores were earned by Bonnie Hathaway, Janice Kessler, Rex Patterson, and Jeannie Pelz on a quiz covering Chapters 5 and 6. On the same quiz in Mr. McQuillan's Government 1 period 4 class, 100's were earned by Ken Buchan, Ron Carlo, Anna Mae Chen, Betty Jackson, Darryl May, Arnold Merin, and Barbara Nahrwold.

The period 2 U.S. History 1 class of Mr. McQuillan had a test on Chapter 3. Perfect scores were earned by Ron Buesking, Bill Burr, Dave Dill, James Eme, Mickey Flaig, Darryl May, Linda Meyers, Martha Price, Bobbi Ross, Pamela Stech, and Donna Weinraub.

On the same quiz in Mr. McQuillan's U.S. History 1 period 6 class, 100's were earned by Jon Anders, Jane Badders, Ellen Crowder, Mike Durnell, Sharon Longenberger, Margie Mercer, Don Nelson, Dixie Piercy, Dave Schwalm, and Terry Twitchell.

Mr. Baker's Wood 1 class is finishing their small wood projects. Bruce Berlin and Ed Buchan are starting on their next project. They have decided to make skis. The boys can make anything they so desire as long as it is in their capacity.

On a recent quiz in Mr. Brown's Health 1 classes the following received perfect scores: Mike Zehender, Jerome Berry, Connie Celey, and Margaret Wilson.

Karen Swygart, Susi Hines, Jim Burton, Sue Harrod, and Kerry Nidlinger received the highest grades on a recent test on clauses in Mr. Harader's English 3 period 3 class.

Captains for Mrs. Schone's Physical Education 1 classes have been chosen. Period 1 captains are Virginia More, Pat Nettrour, Sandy Kunkel, and Margie Lehman.

Captains for period 4 are Janice Bodkin, Ann Hechler, Mary Fawley, and Mary Merrill. Becky Collins, Arlene Osbun, Tam Stech, Claudia Brudley, and Susan Mayer are captains for period 6.

A very good group discussion on the book "R.U.R." was given by Bernice Fitch, Ramona Byrd, Fred Dibert, Mike Boyer, Steve Golden, Linda Woodruff, Perry Schlie, Sharon Zelt, and Margaret Rogers in Miss Osborne's period 2 English 8 class.

In the same class, a good discussion was given on "Cry The Beloved Country" by Steve Zimmerman, Linda King, Don Walters, Bob Gifford, and Jim Olinske.

Students making the highest grades on compositions in Mr. Applegate's French 2 period 3 class are Janie Favorite, John Poinsette, Nancy Pfeiffer, Karen Rhaden, and Debbie Tuorkow.

Those scoring 100 on all their tests so far in Mr. Compton's period 1 English 3 class are Jane Finnell, Janice Foreman, James Leiter, Kenneth Leakey, and Karen Rahden.

On a test covering lines, planes, and space in Mr. Sidell's Geometry 3 classes the following students made 90 or above: Period 2, Mike Collins, Jan Martindale, and Dave Osborne; period 7, Honey Jo Arnold, Tom Felger, Ron Hay, and Nancy Swaim.

Mrs. Fleck's Art 4 and 3 students have been doing still life drawings of flower arrangements in both water color and pastel chalk. High grades were made in period 4 by Linda Towns, John Remmers, Sheri DeYoung, and Sandra Grodrian; Judy Godman, Marty Clark, and Sue Martin had high scores in period 6.

Also in period 6 Art 3 students Sam Green and Bonnie Allen have been doing cartooning, Judy Godman has been doing book cover illustrations, and Linda Woodruff and Pam Holtzberg have been doing fashion drawing.

A test was given in Mrs. Frankenstein's Shorthand 3 class. Scores of 100 were received by Judy Cramer, Pat Forehand, Georgia Gomez, Jo Ann High, Carol Jekel, Barbara Nahrwold, Mary Ann Soles, Sharon Stevens, and Carol Szink.

Those who earned 100 on a marketing test were Jim Dawson, Jerry Holliday, and Anita Kellers.

Angel Body, Pat Forehand, Jo Ann High, Nancy Ormsby, Marriane Pinkham, Mary Ann Soles, and Carol Szink made 100's on a spelling test given in Mrs. Frankenstein's Business English class.

To start the study of English Literature in Miss Graham's English 5 period 1 class, Sue Sappenfield was invited to give a talk on her impression of England and the English people.

On Mr. Sage's Geometry 2 test over loci, Ellen Williams and Bill Branning received the highest scores in period 2. Dick Hershberg, Don Nobles, and Sharon Carrel received the highest scores in period 6.

Miss Burr's English 4 periods 2 and 4 classes have finished the study of "Our Town" by doing a special paper.

English 3 period 1 is deep in the study of appreciation of "Silas Marner."

Some of the best work in English 3 periods 3 and 6 (both verb study and short story study) is being done by Oma Ake, Julie Hutchens, Bob Symonds, Janice Bodkin, and Steven Schuster.

On a recent test given by Mr. Hemmer to his Citizenship 1 class, Lyle Culbertson, Dennis Patton, JoAnne Dunn, and Carolyn Scherrer made the highest grades.

Marilyn Budd and Donna Preston received the highest grades on a U.S. History test given by Mr. Hemmer.

On a health test in Mr. Yoder's period 3 class, high scores were made by David Margerum, Karl Krause, Dave Moody, Mike Stalter, Jim Trulock, and Jack Whitten.

In Mr. Yoder's period 7 health class Ronald Bultemier received the highest score. In his period 1 class Mike Hansen and Craig Holmes received high scores. Lynn King received the highest grade in Mr. Yoder's period 6 class.

Mrs. Sosenheimer's English 1 period 2 class had a test over capitalization. High grades were received by Rhonda Roehm, 100; Janet Calvert, 99; Don Dawson, 98; Dave Moody, 97; and Sue Burdick, 96.

In the period 3 class high grades were received by Karen Miller, 97; Joanne Rose, 97; Betsy Stevenson, 96; and Jane Whitenack, 96.

A test was given over the parts of speech in Mrs. Sosenheimer's sixth period class. June Dominy and Diane Dunken earned 93's. Celeste Rieman received a 97. In the seventh period class, Richard Clarke earned a 95; Marcia Michels, 91; and Karen Snavely, 93.

In Mr. Sterner's Latin 1 classes a test was given with the following receiving perfect scores: Dave Bauserman, Jim Mann, Karen Ponader, Nancy Sprunger, and Tamara Vyhousky.

In Algebra 1 period 1, Mr. Cramer gave a review test. Perfect papers were made by Pat Dunn, Carl Hike, Rhonda Roehm, and Nancy Summers.

In his Algebra 1 period 2 class high grades were received by Karen Hathaway, Gene Morris, and Donna Summers. And in period 6, perfect scores were earned by Dave Bauserman, Lynn King, and Sharyan Yerger.

On a recent test given by Mr. Bussard to his Physics 1 class, Al Mayle, Dave Callahan, Janice Ferber, and Marjorie Havens made the highest grades.

Mr. Bussard's Physics 2 classes just finished experiments on the Law of Conservation and Momentum, and the Law of Conservation of Energy.

Steve Kelly received 100 on a test over water in Mr. Weaver's General Science class sixth period.

Mr. Weaver gave his Algebra 1 class an advanced algebra test on equations to show them that they didn't know everything about algebra yet. Jerry Klaehn received the highest grade on this test.

Outstanding work was done on an extra credit project by Ann Plogsterth in Mr. Hellman's Latin 6 period 3 class. Ann translated the song "Yankee Doodle" into Latin. She also drew illustrations.

Suzanne Berk did outstanding extra-credit work in Mr. Hellman's Latin 1 period 4 class. Suzanne wrote a 17-page typewritten report on Roman History.

Homeroom News

Sue Rousseau, Homeroom News Editor

Natives of Homeroom 186 evasively murmur what they did on their vacations . . . Sally Dill went to Northern Michigan and saw "Music Man" in Chicago . . . Tom Felger tore down an old garage and built a new one . . . Anne Eversman went off to South Caroline . . . Carole Druart went to the lake for a spell.

Don Eisenacher worked at Hall's and spent a week at the lake . . . Dave Dill says he went to the lake and painted . . . Sally Freeland worked . . . Sharon Dils went to Chicago and says she stayed at a "fabulous" hotel . . . Jan Doelling went to Northern Michigan to work . . . Kay Dickerson visited Ohio, and Joan Erck went to Pokagon and Cold Springs all summer long.

We saw Molly Dixon in "Plain and Fancy" at Franke Park.—Ann Erickson, reporter

z z z

Brenda Arnold spent a month with her cousin at Annapolis, Md., touring the Naval Academy and nearby Washington, D.C. . . . Dave Anderson went to Toronto, Canada, and Niagara Falls. Highlighting the trip was a tour of an English castle . . . Ralph Aadkinson is working at the Fort Wayne Riding Academy.

Judy Ashman spent the month of June with her brother in California, where she especially enjoyed Disneyland . . . Howard Barrier went to the drag races at Peru every Sunday. He also attended the Indiana State Fair where he enjoyed the horse races very much.

Phil Bennett went water-skiing on various lakes in Indiana and Michigan . . . Vacationing with a friend in Tennessee took up part of Marsha Bechtold's summer . . . Tamara Beaty's home base for her summer activities was Lake Tippecanoe where she enjoyed water-skiing and record-hopping . . . Louise Brown spent part of her summer in Northern Michigan.

Judy Chapman and Sharon Carrel were among the group of approximately 12 assorted girls, mothers, brothers, sisters, and animals who enjoyed a week skiing, swimming, sunning, tobogganing, and record hopping at Hamilton Lake during August.—Sharon Carrel, reporter

z z z

Connie Brookhart has been doing outside sketching for art class . . . Shirley Bland went to a wedding in Ossian . . . Marge Bauer is going to Purdue for Dad's Day where she will see the Wisconsin-Purdue game and Victory Varieties.

Sue Blaising and Dianne Beams went to Howe Military School for the week end . . . Tomma Arnold appeared on Club 21 last Saturday. The theme of the dance was the "Roaring 20's." She also marched at the South-North football game.

Judy Biberstein went to a surprise going-away party . . . Steve Adair went to Lake Baw Beese, Mich., where he water-ski-ed and swam.—Tomma Arnold, reporter

z z z

Persons in Homeroom 172 visited many different places this summer . . . Terry Baker visited the states of Oregon and Washington. He stayed at Yellowstone National Park and Mount Rainier National Park . . . Rosemary Capps went to Maine and swam in the Atlantic Ocean . . . Asked what he did this summer, Bill Cupp replied, "I didn't do nothin'!"—Barb Altevogt, reporter.

z z z

Debbie Tourkow learned to ski all summer. Debbie admits that she almost drowned herself while trying to accomplish the project . . . Sandy Thorn took ice skating lessons this summer. She also spent a week in Canada, a week at Lake James, and many hours at Barbee Lake at her cottage . . . Dave Wallace spent six weeks at Lake James. He attended record hops, square dances, and did a lot of skiing.

Mr. F. Roland Smith spent much of his summer working at his lake cottage . . . S-5 recently received a 100 per cent for the Times . . . Our best wishes go with Edee White who left S-5 to join a junior homeroom. Good luck, Edee!—Sandy Thorn, reporter

z z z

Andy Wood and Bill Wyatt are new members in Homeroom 28 this year. However, we lost two of our old classmates, Kay Weist and George Wilkin . . . This past summer Culver Military Academy was the big attraction for Dick Waterfield.

A trip to West Virginia was on the agenda of Bill Wyatt . . . Bill Wilder studied for his amateur radio license. He later visited Glacier National Park . . . Douglas Woodside took a trip to Northern Michigan to see the new Mackinac Bridge.

Visiting Missouri, Arkansas, Oklahoma, and Kansas took most of John Wightman's time, but he also found time to spend at Lake Lavine . . . Swanson's Pony League team was the center of summer activity for Bob Weiss . . . Andy Wood spent most of his time working . . . Jon Van-Oosten spent his vacation in Walter Reed Army Hospital having a knee operation.—Bill Wilder, reporter

z z z

Homeroom 34 is glad to welcome a new member to the class, Tom Van Dolen. Tom has been cutting down trees all summer . . . Bonnie Strutz is experiencing a new venture. She is staying at the Fort Wayne Bible College while her parents are in California . . . Bob Suhr is going to Minnesota during Teachers' Convention. Bob spent a pleasant summer bathing in the warm Florida sun.

All Rooms 100 Per Cent For Times

WE DID IT . . . Says Janet Terry, Times circulation manager, posing behind the circulation cup. Elated with their combined 103 per cent circulation record are bookheads Edee White, Ann Golden, Sally Capps, Sylvia Ehrman, Susi Sprunger, Susi Phillips, Diane Fredrick, and Susi Horth, left to right. This is the first year in the history of South Side when all homerooms have been 100 per cent for the Times. (Story appears on page 1).—Photo by Thompson

Junior B Sally Capps Feels That Studying Is All Important

To successfully combine both school-work and outside activities is quite an achievement. One of the greatest problems of a high school student is studying! Either the student doesn't know how to study or he doesn't put forth enough effort. Many times, a student's problem is joining too many clubs and other activities. When this happens, his school work usually suffers.

Junior B Sally Capps has combined both very successfully. On the college preparatory course, Sally is taking English 5, Latin 5, French 1, U.S. History 1, and concert choir.

"I really enjoy all of the subjects I am taking, but I especially like history," Sally agreed. "I think it is very interesting to learn how our ancestors lived, and the trials they suffered to gain the freedoms that our country takes for granted today.

"My hardest subject is English because it takes more original thought and is not just memorization and remembering afterwards what I learned before. A composition is required of our class every two weeks. I either run out of ideas after the first few or else I have trouble organizing my material," replied the junior.

French is Sally's easiest subject. She said that her Latin has helped immensely in her French.

Over all the semesters Sally has been at South, her favorite subject has been English. The hard-working youth stated, "I love to read, and we are given many chances to do this. We always have a lot of class discussion in English. I think this is one of the best and most interesting ways to understand literature."

By the time a student is a junior, he usually has his future practically planned. Sally Capps is no exception. After graduation from college, she is interested in working at the United Nations as a translator or something else along that same line.

At one time, she was a member of Junior Red Cross and Meterites. The activities in which she is presently engaged include Times, Assemblies Workshop, Philo, concert choir, and service. She serves as secretary of the Workshop; a bookhead, news and feature writer for the Times; and is the accompanist for the concert choir.

Besides school activities, she belongs to the Westminster Fellowship and choir at the First Presbyterian Church and is still taking piano lessons. At times, she plays the organ for the worship service in Fellowship.

This is the present life of a junior, Sally Capps. She sets an excellent example for others to follow. These are the citizens of the school and the country. What do you have to look forward to in your future life?

Frosh Patty Scheib Has Coin Collection Of Many Countries

When Patty Scheib's parents returned from a tour of Europe four years ago, they inspired Patty to take up coin collecting as a hobby. She now has many coins from Italy, France, Egypt, Lebanon, Jordan, Syria, Greece, Switzerland, England, Ireland ,Ceylon, Canada, Spain, Portugal, India, New Zealand, Burmuda, and several South American countries.

Patty has received these coins from her parents, who got them on trips, her father's drive-in restaurant, coin agencies, and banks. She has also sent to Washington, D.C., for freshly minted coins since 1952.

Patty needs only four more coins to complete her penny collection. It contains pennies from the 1856 flying eagle to the present-day Lincoln head penny.

Patty also has in her possession one-half dimes, two-cent pieces, one-half - cent pieces, three - cent pieces, large cents, wooden head nickels, and silver dollars. She has one coin which is worth $50.

The oldest coin she has is an American coin minted in 1804.

Not only does she collect coins but Patty also has a stamp and a doll collection.

Patty, a Freshman B, is on the college course. She is taking English 1, Algebra 1, Latin 1, home economics, health, and gym.

Choir Director Names Leaders

Mr. Lester Hostetler, vocal director, has announced that Janet Terry will serve as head secretary of the choir this year. Marcia Mosel has been chosen to assist her, and Chuck Jellison to preside as administrative assistant. Dick Rothberg will replace Chuck at semester time.

"We have had many calls for concerts this year; but, as yet, have not definitely scheduled many," remarked Mr. Hostetler. However, the choir did perform at open house last Monday night for the parents.

Included among the songs the choir sang were "I Couldn't Hear Nobody Pray," by William Dawson; "It's a Grand Night for Singing," by Richard Rodgers; "If I Loved You," by Rodgers and Hammerstein; "Dear Hearts and Gentle People," by Hawley Ades; "Autumn Leaves," by Johnny Mercer;

"He Took a Child," by Lois Emig; "Li'l Liza Jane," by Lyn Murray; "I Dream of You," by Roy Ringwald; "Give Me Your Tired, Your Poor," by Irving Berlin; and "Love Divine," by Charles Wesley.

All girls who have choir formals still at school are asked to take them home immediately. The remaining dresses will be issued to newcomers in the choir. Mr. Hostetler stated that since there are only a limited number of dresses, tryouts for outgoing choir will be held soon.

"Many people have expressed a desire to play the organ that is presently in the choir room. Anyone else desiring to do so should see me immediately," commented Mr. Hostetler. Also, those interested in performing special numbers this year are asked to contact him.

As a final remark, Mr. Hostetler would like to thank Kate Rastetter for the use of her chair last week. For many years the choir has been in need of chairs. In order to solve this problem, Katie brought a chair from home that had been made by Rastetter Furniture Company and placed it in the choir room. The result—seventy choir members all racing for the same chair! The conclusion—"Perhaps some day the chair may have some companions," stated Mr. Hostetler.

Boys' Rifle Club To Start Target Practice On Range

Members of the Boys' Rifle Club will begin actual target practice at the meeting on Monday at 3:30 p.m. on the rifle range.

At this meeting, pictures for the Totem will also be taken.

"Nurses" Convene Oct. 29

Girls interested in nursing as a career are invited to attend the Lutheran Hospital's "open house" Thursday, October 29, from 3 p.m. until 5 p.m. Girls wishing to attend must register in the office on or before October 21 in order to be dismissed from school.

"Do You Really Like TV Shows?" Archers Report On Programs

Westerns "out-Mavericking" Bart himself, musicals, give-a-ways, and spectaculars to end all spectaculars are being televised this season. How about you, are any of these your favorites?

Since school has started and most students have the usual grind of homework, they haven't had much time to watch the new fall programs.

Here is how some of our Archers answered the question, "Do you really enjoy TV shows?"

Dave Brumm: TV programs fill my uneducated mind's distant tunnels with information that is not obtainable from "Mad" Mazagine. (Moxie.)

Sally Franklin: I like some of them to a certain extent, but most of them are too far fetched.

Jim Smith: No, I'm a conconformist.

Carolyn DeVore: Television? You mean that little box that shows moving pictures. I fainly recollect something similar to that in my childhood before homework was invented.

Margie Terry: It depends on the show. Most of them are not as good as they could be, but there are some that are worthwhile and should be watched.

Ken Lowden: I think television is a great invention, but it has one disadvantage; it keeps me from doing my homework.

Tom Cooper: I like the ones like "Peter Gunn" that have jazz background music. All the rest are strictly too legit.

Vitamin C, Aspirins, Onion Sandwiches Pet Cures For Colds

Do you suffer from a plugged-up nose, or maybe an itchy throat? If you have these common allergies, take a few helpful hints from several Archers as they give their pet cure for the common cold.

Janet Christenson: Take vitamin C and calcium. Drink orange juice, tomato juice, and grape juice. Then go to the games on Fridays.

Bob Weiss: Don't see your girl friend the night before.

Dianne Thomas: I stay home from school and eat, eat, eat!

Steve Putman: It's this way. You've caught a cold, so live with it.

Sue Martin: I never had a cade in my node, but if I ever would, I'd stay away from Steve Leitz.

Dave Tyner: Drink lots of Seven-Up.

Sandy Bates: I feel the same way as Dave Tyner, only I'd take a few aspirins and have an ice pack handy.

Bob Martin: Take two aspirins topped off with a Dagwood sandwich.

Lorraine Stone: Eat an onion sandwich. Not only will you lose your cold, but you'll lose your friends, too.

Steve Cook: Do everything you would normally do.

EAT, DRINK, AND BE MERRY

That first vacation now shows on the horizon. A real opportunity comes to all of us to get that needed second wind while our faculty convene for inspiration and additional information to enlighten our own education. Let's get with it over Teachers' Institute—study some, rest a little, play a bit, and incidentally PATRONIZE OUR ADVERTISERS!

Times Ranked Superior By Quill And Scroll Judges

Internat'l Honor Rating, George Gallup Award Given For 34th Time

By Bill Stellhorn
News Editor

For the thirty-fourth consecutive year, the South Side Times has been awarded the International Honor Rating and George H. Gallup Award by the Quill and Scroll Critical Service, part of an international honor society for high school journalists.

"Certainly this year's rating proves that the South Side Times is still one of the greatest high school papers in the nation. Miss Harvey was happy to learn that last year's papers were awarded this high recognition," stated Mr. James Rohrabaugh, the publication's new adviser, when he heard the news.

Papers are judged on a point scale; and from a possible total of 1,000 points, the Times received 951. Any paper receiving 900 or more points is awarded the International Honor Rating which is reserved for "newspapers of superior achievements."

z z z

SCORING IS done in five categories: The newspaper as a news medium to inform its readers; the newspaper as a leadership medium to influence its readers; the newspaper as a feature medium to entertain its readers; the newspaper as a business enterprise; and the newspaper as an educational laboratory.

Serving as head judge for his second year was Mr. A. M. Sanderson, a memebr of the staff of the State University of Iowa. One of Mr. Sandrson's major criticisms concerned the size and arrangement of certain headlines in the paper. He also indicated that the homeroom news articles could be improved, perhaps by the use of pictures.

Concerning extracurricular news coverage, Mr. Sanderson wrote, "You cover the school like a blanket."

z z z

AFTER READING the judge's criticism thoroughly, Mr. Rohrabaugh said, "We certainly wish to thank Mr. Sanderson for his detailed letter in which he pointed out the various errors we made through the year. Although the South Side Times had no major errors, there are some little things we shall try to correct."

Mr. Rohrabaugh also said that in compliance with the judge's suggestion, the Times will conduct a "readability poll" to determine what the students like and what they do read.

Quill and Scroll, the International Honorary Society for High School Journalists, was organized by a group of high school advisers in 1926 for the purpose of encouraging and rewarding individual student achievement in journalism and school publications.

The society has taken an active part in raising standards in this field and in directing the course of high school journalism.

THIS AWARD proves again that The Times is one of the outstanding high school papers in the United States.

Safety Committee To Check Bicycles

Safety Council made a check on all bicycles that had been ridden to school on October 21. Seventy-two bikes were checked and the following malfunctions were found: Nineteen bikes with no license plates, several bikes with no fenders, several bikes with improper pedals, several bikes with faulty tires, several bikes with no brakes, and several bikes with no tail light.

"Each of these things must be functioning properly in order for the rider to be safe. If one of these is lacking, an accident can easily result. Each bike rider is asked to check his bike against the above list and correct any malfunctions.

"Another bicycle check shall be made within the next few weeks, and all faulty bikes will be tagged.

"See if you can keep from getting a tag on your bike," stated Larry Cooper, chairman of the committee.

Junior, Senior Skits To Highlight Philo

The Philo Club meeting next Monday at 3:30 p.m. in the Greeley Room will conclude the first group discussion dealing with George Bernard Shaw's life. Sandra Landree will head the discussion group.

The junior skit, led by Margie Mercer and Nancy Swaim, will be presented to the members followed by the senior skit, led by Judy Riping and Barbara Collier.

The formal initiation will be included in the program as well as the removing of the green bows presented to the new members at the previous meeting.

This will be the last meeting for ordering Philo pins.

Thanksgiving Assembly Planned By Workshop

The current project of Assemblies Workshop is the planning of the Thanksgiving Assembly, which will be on Wednesday, November 25.

Dick Rothberg is the general chairman of the assembly. Those who helped write the script are Sylvia Ehrman, Steve Meyers, Dick Rothberg, Beth Golden, Bessie Ferguson, Carol Purdy, Richard Dailey, and Carol Szink.

Rabbi Speaks At Induction As 38 Candidates Join Hi-Y

Rabbi Fredric A. Doppelt was the guest speaker at the Hi-Y candlelight induction ceremony at the Jewish Temple last Monday. The ceremony consisted of the presentation of the 38 new candidates who dedicated themselves to Hi-Y.

The Rabbi spoke on "Dedication" as pertaining to the creeds and principles of Hi-Y. He continued by stating the difference between obligation and responsibility. Obligation concerns those things which we have to do; responsibility, those things which are extra. When speaking of this, Rabbi Doppelt stressed that the most important factor was to live by the things in which you believe.

He continued by discussing the three factors which must come from within a person considered to have character. These three factors are discipline, criticism and evaluation, and self-control. Rabbi Doppelt said that too many people are too quick to criticize when they should evaluate the situation.

Rabbi Doppelt concluded his speech by saying that these new members of the Hi-Y Club should believe and act on what they just said "in the way of the most beautiful prayer."

Before taking this induction into Hi-Y, the new candidates are required to take a test over Hi-Y material. The two highest scores on this test were made by Dave Bosselmann and Terry Van Blaricom. They were presented to the other members as the new Active Candidates.

The service was followed by a reception in the Jewish Temple. Cider, coffee, and donuts were served.

Sue Sappenfield, Susie Hoard Go To Safety Lunch

Tuesday, October 6, two of South's students attended a kick-off banquet. The banquet was given in order to start the high school safety councils out on the right foot. The lucky girls who represented South Side were Sue Sappenfield, editor of the Times, and Susie Hoard, president of the Safety Council.

The banquet was sponsored by The Fort Wayne National Bank, and was held at the Fort Wayne Chamber of Commerce.

After an excellent meal, an educational, beneficial, and interesting program began. Chief Mitchell Cleveland gave a speech concerning the safety of students. Sheriff Dunifon, Officer Waldrop, and Lieutenant Butz also expressed their ideas, and emphasized the importance of school safety.

z z z

SUSIE HOARD and Sue Sappenfield both stated that they thought the suggestions of these officials would be very helpful in organizing a safety campaign.

A representative of the Fort Wayne National Bank was present. As spokesman for the bank staff he stated that all the employers and employees of the bank were ready and eager to participate in maintaining an outstanding safety program. In fact, the Fort Wayne National Bank spends hundreds of dollars each year to support this promotion.

z z z

IF CIVIC-MINDED people are interested enough to take an active part in this program, don't you think, we, the students, owe the adults the practice of better safety habits? Don't you think we owe it to ourselves to cultivate better safety habits?

Last year, South's safety record WAS NOT GOOD. This term it is up to every student with the help of the Safety Council to correct this error. The Safety Council is planning activities which will remind us of the importance of safety.

z z z

SUE SAPPENFIELD says: "I think the more people read about safety, the more they will be aware of it."

Susie Hoard commented: "I was very surprised and pleased to see how enthusiastic the adults were about the safety project. I sincerely believe that their interest should be repaid."

What do you think?

Mr. Jack Buschor Gives Sophomore Hearing Tests

Mr. Jack Buschor, from the Department of Speech and Hearing Therapy, gave hearing tests to sophomore students during their gym classes, and to new students to South Side during their study periods.

The tests were given this week in Room 118.

Students interested in photography, who wish to take pictures for the Times and Totem this year, are invited to talk to student photographer Sam DeHaven in Room 16 at 3:30 p.m. today.

Thief Robs Athletic Safe On Oct. 18

South Side was the scene of an act of vandalism on October 18 when the Athletic Office safe was robbed of an undetermined amount of money.

The theft was discovered early Monday morning by janitor and nightwatchman Mr. Gene Royer, who reported the burglary at 4:37 a.m.

Police investigating the robbery found facts showing that the thief had gained entrance to the building through an unlocked window located on the Calhoun Street side of the school.

The intruder then pried open the door to Mr. Scott's office. There the safe door was ripped off and a considerable amount of money was taken. Checks in the safe were left.

Although no one has yet been apprehended for the crime, police speculate that this robbery, and four similar ones taking place in recent weeks, were handled by the same persons.

Mr. Hostetler Chooses Singers For Out-Going

Mr. Lester Hostetler, vocal director, has announced the 1959-60 outgoing choir. These persons were chosen from the concert choir to perform at many concerts outside of school. The concerts vary from church programs to social affairs.

Sopranos who will be included in this group are Connie Arnold, Joyce Brittenham, Marilyn Bugg, Suzie Fast, Susan Hoard, Pegeen Horth, Becky Hostetler, Sunny Kaade, Sandy Landree, Linda Niblick, Marianne Pinkham, Judy Robinson, Janet Terry, Linda Tomson, Joy Walling, Ann Wilson, and Anne Witte.

The alto section will be composed of Tomma Arnold, Judy Chapman, Beth Curley, Becky Davis, Sharon Ebersole, Barb Frederick, Beth Golden, Carolyn Hickman, Kathi Lee, Janet Long, Jan Martindale, Marcia Mosel, Susie Scott, Barb Steiner, Elana Stepanek, and Sandra Trulock.

This year's tenors will be Marjorie Bauer, Julie Carr, Lynn Gall, Lois Levine, Lesley Malone, Betty Pherson, Dave Schwalm, Sue Sappenfield, Jim Saylors, Fred Schoen, Marcia Swathwood, Linda Vollmer, and Jack Winder.

Boys in the bass section will include Evan Bergwall, Larry Cooper, Dennis Crill, Eugene Guenther, Chuck Jellison, Steve Kunkle, Bob Lee, Don Nobles, Grant Osborne, Bob Pfundstein, Nick Roembke, Dick Rothberg, Steve Sappenfield, Loren Stanski, Bob Steinbauer, and Roger Vorholzer.

"Masque And Gavel" New Dramatics Club

At their last meeting the members of the Dramatics Club approved the name "Masque and Gavel" for their club.

The club has chosen to study theater in the round this semester. To further this project, they are planning to study and present the play, "Glass Menagerie," by Tennessee Williams.

The officers of "Masque and Gavel" took a trip to Bryan, O., for a thespian convention. At this meeting, three plays were presented by high schools. These were "The Marriage Proposal," "Rachel," and "I Saw Three Ships."

After these plays were presented, discussions were led on three different phases of presenting a play. These three phases are character study, pantomime, and state settings. Discussion leaders were three men who teach on the college level.

Totem Drive Nears Goal In Last Days Of Race

HURRY, HURRY! . . . . Buy your Totem today or tomorrow, say the girls on the yearbook staff. From left to right are Judy Riping, agent, Geri Geller, circulation manager, and Anna Mae Chen, office manager, checking Totem receipts.—Photo by DeHaven

1246 Subscriptions Sold; 254 To Go By October 30 To Get Totem Printed

"Exactly 1,246 Totem subscriptions have been sold since October 12, and we must sell 254 subscriptions by Friday, October 30, in order to reach our goal of 1,500," stated Geri Geller, Totem co-circulation manager.

In order for students to have their names printed free on the cover of the 1960 Totem, they must pay a down payment of 50 cents before the end of the campaign, October 30. The entire balance of the Totem, $3, must be paid by December 11.

If students do not subscribe by October 30, they must pay an additional 25 cents to have their name printed on the cover. Agents are urged to inform their homerooms to buy before th end of this week.

Underclass picture money, 35 cents, should also be paid as soon as possible. The deadline for senior picture money, $1.50, was Wednesday, October 28.

z z z

FREE TOTEMS will be given to the underclass and senior class highest salesmen.

Totem editors Kate Rastetter and Penny Hunt expressed their satisfaction at the progress of the campaign so far. Last year at this time, only 240 subscriptions were sold. However, students are still urged to purchase their Totem this week. If the goal of 1,500 is not reached, it will be impossible to print a Totem.

Office managers will be in the Totem office mornings, noons, and after school. The office managers are Lois Levine, Barb Eggeman, Linda Niblick, Margo Dixon, Carol Szink, Linda Tomson, Judy Robinson, Anna Mae Chen, and JoAnn High. Circulation managers are Carol Miller and Geri Geller.

Agents selling Totems are Judy Ashman, Mary Fawley, Jane Ladig, Carolyn Pio, Deborah Tourkow, Karen Rowley, Pamela Whitenack, Ann Arnold, Jim Feustel, Karl Bandener, Judy Follis, Nancy Vanderford, Byron Sexton, Mary Jane Keegan, Rhonda Roehm, James TenEyck, Allan Mitchell, Tom Shine, Paul Sorg, Peggy Brase, and Diane Kimble.

z z z

JOAN ROTHCHILD, Leanna Morris, Jerry Holiday, Phil Spray, Al Purdy, Carol Ann Hildebrand, Iva Dell Anspach, Anna Mae Chen, Dianne Petznik, Barb Collier, Pat Shuler, Phil Stettner, Elaine Edwards, Sue Ellen Gerig, Pamela Buzzard, Karen Miller, Dayna Harader, Sharon Stettner, Mary Beth Foote, Mary Meily, Chuck Jellison, Sue Perry, and Dave Schwalm are also selling Totems.

Other Totem agents include Sandra Starke, Pat Glass, Lois Lerch, Judy Ridlen, Evilou North, Judy Riping, Jan Martindale, Helena Kamm, Connie Vallance, Carol Downhour, Mike Levy, Connie Kaade, Carol Livingston, Nancy Ormsby, and Lane Grile.

More Totem agents are Darlene Schrader, Bonnie Hathaway, Diane Telgman, Jane Augspurger, Judy Conley, Karen Brumm, Debbie Brooke, Karen Curley, Carol Druart, Ellen Beatty, Martha Dixon, and Carole Abramson.

Pupils, Faculty To Explain Kelly Activities At Teas

"South Side students and faculty members will give short talks explaining class activities, general school procedures, and extra-curricular activities during the program for the PTA teas," announced Mrs. Robert Parrott, program chairman of the PTA.

The teas are planned for November 2, 3, 4, and 5 for 2 p.m. in the cafeteria for freshman, sophomore, junior, and senior mothers. The string ensemble, under the direction of Mr. Robert Drummond, will play for 15 minutes and the programs will start at 2:15 p.m.

The program chairman for each class will introduce the speakers. Mrs. Carl Wooding is freshman chairman, Mrs. Richard Waterfield is sophomore chairman, Mrs. Arthur Bowman is junior chairman, and Mrs. A. R. Ferguson is senior chairman.

z z z

AFTER THE programs, coffee, mints, and cookies will be served by the hospitality committees. The cookies will be made by the Home Economics Department under the direction of Mrs. Lois Murphy and Miss Edna Shideler. Mrs. George Wright and Mrs. Herman Harte are co-chairmen of the hospitality committee and the frsehman, sophomore, junior, and senior chairmen are Mrs. Charles Arnold, Mrs. Lester Grile, Mrs. John Morell, and Mrs. J. F. Favorite, respectively.

The string ensemble will start the freshman mothers' tea on November 2. Mr. Paul Sidell, head of the mathematics department, will speak about courses of study open to freshmen. Miss Pauline Van Gorder, dean of girls, will talk about extra-curricular activities; and Karen Brumm, president of Philo, will add the students' viewpoints to Miss Van Gorder's talk.

Joyce Brittenham will sing a solo accompanied by Sally Capps. The Minimum Essentials Test will be explained by Mr. Charles Billiard, head of the English Department, and Mr. Ora Davis, guidance director, will talk about general school rules. Miss Lucy Osborne will explain the functions of homeroom.

On November 3, at the sophomore mothers' tea, Mrs. Evlyn Spray will talk about the developmental reading program, and Miss Van Gorder will discuss honors given at South Side after the string ensemble plays. Max Allen, a senior, will speak about the Intramural program, and Mr. Billiard will explain the Minimum Essentials Test. Mr. Ora Davis will talk about service work done by many students.

After the string ensemble begins the junior mothers' tea, Mr. Ora Davis will speak about college requirements, and Chris Parrott, class president, will talk about junior activities. Members of the Girls' Athletic Association will give a demonstration directed by Mrs. Alice Keegan. Mr. Billiard will explain the Minimum Essentials Test and Miss Van Gorder will talk about general school rules. Developmental reading will be disbussed by Mrs. Evlyn Spray.

Concert Choir, under the direction of Mr. Lester Hostetler, will begin the program for the senior mothers' tea on November 5. College entrance will be discussed by Mr. Ora Davis, and Mr. J. H. Rowden of Lincoln National Life Insurance Company will talk about employment. Dick Rothberg, class president, will explain the traditions and activities of the senior class.

Circus, Pep Session Yearly Activities Of New Latin Club

Mens sana in corpore sano'.

Can you translate this Latin quotation? All Latin students know it means "A sound mind in a sound body." A person has to have a sound mind if he decides to join the reorganized Latin Club.

This year the Latin department has started a club for all students in their second, third, or fourth year of Latin who wish to further their knowledge of this subject and have fun at the same time. The club meets every other Tuesday at 3:30 p.m. in the Greeley Room. The sponsors are Mrs. Anne Redmond and Mr. Fred Hellman.

Some of the activities which the club will be sponsoring this year are a Roman circus, a Latin pep session, and various money-making projects.

The idea of having a Latin Club at South Side is not new. Fifteen years ago, a similar club named Societas Romanas existed. It had a membership of around 75 students. The original constitution of this club has been rewritten and a few other changes have been made.

The officers of the Latin Club are: Dave Schwalm, Consul (President); Stan Redding, Pro-Consul (vice-president); and Ann Plogsterth, Scriba-Questor (secretary-treasurer).

280 Students Take Scholastic Exam

The Preliminary Scholastic Attitude Tests were given to South Side juniors and seniors on Saturday in the study hall.

Of the 325 students who registered for the tests, 280 students took them.

The students will receive the scores of their tests in December.

While the tests provided good experience for juniors, it will make seniors eligible for consideration for over 1,600 scholarships, including ones to all Indiana colleges and universities.

Twelve Students Leave School Since October 2

The following students have left school since October 2: Dick Henkel, Sarah Kidd, Charles Rodgers, Roger Siler, Cordelia Williams, Jan Curtis, Jan Mercer, Jeanette Wright, Don Harmon, Jim Keefer, Ken Kennedy, and Susan Stoller.

There were no entries.

Meterite Club To Have Original Poetry Contest

"An original poetry contest will highlight the November 3 meeting of Meteries at 3:30 p.m. in the Greeley Room," announced Sandy Thorn, club president.

Ann Golden has been named sergeant-at-arms due to the increase in the number of members.

City Schools Plan Halloween Dance

Mrs. Jack Terry and Mrs. D. Hoffman represented South Side at a meeting October 1, at the Park Board office concerning plans for a Halloween Dance next Saturday, 8 p.m. to 11 p.m. in the Exhibition Hall of the War Memorial Coliseum.

"Adequate police protection will be provided for discipline and control of the crowd," stated Don Myers, manager of the Coliseum. Mr. Myers has assured the public that provision will be made this year for clothes to be checked or deposited.

The American Red Cross has also agreed to furnish a First Aid person.

z z z

THE SOUND SYSTEM will be improved from last year's dance and the lighting will be similar, although somewhat dimmer.

Mr. Ken Record will be disc jockey and The Silhouettes, a high school instrumental group, will play.

Kinney will operate the concession stand and refreshments will be served to chaperons immediately after the dance.

Each of the seven high schools of Fort Wayne are required to furnish at least five couples to serve as chaperons. All chaperons are to report to Mr. Nading in the Exhibition Hall before 7:30 p.m. Saturday evening, at which time all will receive detailed instructions for the dance.

z z z

BUS TRANSPORTATION is being provided to and from the dance.

The following rules and regulations were recommended for the high school dance:

1. No masks permitted.
2. Smoking permitted but not on dance area.
3. Girls must wear skirts.
4. No "pass outs."
5. For City High School pupils only.
6. No improper or indecent dancing allowed.
7. No drinking.

Senior Janet Terry, Outstanding Server, Awarded Randolph Jacobs' Service Cup

Janet Terry, South Side senior, was chosen to receive the Randolph Jacobs Service Cup at the Service Club's annual potluck on October 15 for the outstanding work she has done for the school.

"I was very thrilled and honored to receive the award," said Janet.

Janet is on the college course, taking chemistry, government, concert choir, and English. She services for three teachers—Mr. James Rohrabaugh, Mr. Robert Davis, and Mr. Lester Hostetler.

The banquet, held from 6 to 8 p.m. in the cafeteria, began with an invocation by Gretchen Meister. After the dinner, Mr. Ronald Gersmehl, English teacher, addressed the members of the Service Club; his topic was "Something's Gotta Give."

During the banquet ballots were cast by all the students present for the senior server who had done the most work for the school. Janet received th highst number of votes. The cup was presented to her by Nancy Jones.

The Randolph Jacobs Cup was donated by the family of Randolph Jacobs in his memory. He was killed while flying a plane in the Second World War.

Martha Reiff and Carol Oxenrider served as general chairmen for the event. Heading the respective committees were Marcia Mosel, decorations; Penny Hunt, menu; Joan Novitsky, program; Linda Tomson, publicity; Marian McCallister and Chuck Jellison, programs; Nancy Jones, table setting; Bob Thompson, clean-up; and Gretchen Meister, invocation.

CONGRATULATIONS! . . . . Go to Janet Terry, right, winner of the Randolph Jacobs cup for outstanding service this year. The award was presented to her at the annual Service Club potluck, held October 15, by Nancy Jones, center. Looking on is Guidance Director Ora Davis.—Photo by DeHaven

Eugene Gallager, Sophomore B, Owner Of Extensive Model Train Collection

Sophomore Eugene Gallager spends a great deal of his leisure time working on an unusual hobby. He is an avid model train collector. Two years ago a boy friend gave Gene a diesel engine for Christmas. This friend had model trains himself and thought Gene might derive enjoyment from one.

Since that Christmas, Gene has added to his hobby extensively. A year ago, after he'd earned enough money, Gene went down to Kern's and bought a steamer. This was his second engine. He then built himself a large four-foot by eight-foot table for his trains, which incidentally, occupies a considerable portion of the basement area. Gene buys most of the additions to his collection, not depending on gifts from friends and relatives. He now has 10 cars which he has fixed up and painted to his own liking. Thoroughly enjoying making the items necessary to create a realistic atmosphere, Gene builds miniature villages as a setting for his trains, including bridges, tunnels, and street crossings.

"I have about 25 or 30 feet of track," says Gene, "although I haven't looked lately." Being a modern youth, Gene has only electrically operated trains, none of these old mechanical clickety-clack things! The speed of his trains is controlled by a transformer. Model train assembling is made hazardous on occasion by his two sisters, one older and one younger.

In spite of his hobby, Gene has never ridden on a train, although he and his family took a trip to Canada this summer. They visited friends in Detroit, spent a night in Canada, and came back via Pennsylvania and New York. "We never did see Niagara Falls," commented Gene regretfully, "but it was a wonderful trip anyway."

ALL ABOARD . . . . Says Sophomore Eugene Gallager, readying his model trains for a quick trip around the table. Gene has pursued his hobby of building miniature railroad equipment for several years, and has developed quite a collection.—Photo by Thompson

Trains are by no means Gene's only interest. Cameras attract him, and he hopes, by joining the Camera Club at South, to further this interest. Television ("Maverick"), basketball, football, and just "goofing around" when homework's done, of course, are some of Gene's other pastimes.

Being a sophomore, homework does occupy a great deal of Gene's time. (In this the reporter sympathizes with him!) Geometry, history, Spanish, and English are on his agenda, and these subjects entail a lot of work. Nevertheless, Gene finds time to pursue his fascinating hobby and hopes to enlarge it even more in the future.

Clever Combinations Given For Reading

Here are some different books for your reading lists; only slightly revised by these new authors!

The Egg and I by Sherman White.
Lantern in Her Hand by Seymore Clearly.
From the Top of the Stairs by I. Woll Fall.
Call Me Lucky by Horace Shoe.
Moby Dick by Ima Whale.
The Man in the Gray Flannel Suit by Robert Hall.
Anatomy of a Murder by Red Skeleton.
Drums Along the Mohawk by Gene Krupa.
Bluebery Muffin by Betty Crocker.
Green Pastures by Elsie Cow.
Rings Around Us by Hula Hoop.
Sing One Song by Lester Hostetler.
A Certain Smile by Mona Lisa.
Medical Terminology by Iva Paine.
Give a Man a Horse by Roy Rogers.
The Ugly American by Tab Hunter.
Cheaper by the Dozen by Vincent Price.
Under the Spreading Chestnut Tree by Johnny Appleseed.
White Fang by Rin Tin Tin.

Jim Carter Tells Success Secret, "Hard Work And Little Sleep"

Jim Carter, Junior B, is a Kelly to be envied by all. Jim, as well as being an excellent student, is very active in extra-curricular activities.

Jim is on the College Preparatory Course and is taking English 5, Physics 1, public speaking, Algebra 4, and United States History 1. His most consistently difficult subject is physics, although he admits all subjects seem impossible at times. His favorite subject is English because of the many interesting phrases investigated by his class.

Jim is a member of Wranglers, Hi-Y, and Service Club as well as being the sports editor of the South Side Times, sergeant-at-arms of Mask and Gavel, and preceptor and chaplain of DeMolay.

When asked how he could be so active in extra-curricular activities and still keep his scholastic rating, Jim replied, "It takes long hours of hard work and very little sleep!"

Jim likes to spend his spare time on his hobbies, genealogy, music, and sports. He also added, "I like to conspire with several friends in writing and putting on assorted skits for any occasion."

Jim is interested in liberal arts and in going into law. He is undecided as to which college he will attend, but he is considering Michigan and Ivy League schools.

Jim summarized his philosophy of school and studying, by saying, "Since very few job opportunities are open to students until they are at least 16, I feel that while they are in high school, studies should always come first. Their thoughts during these years should be dominated by school-work with extra-curricular activities, which are always very desirable, secondary.

In high school, we also meet many people and learn to work in groups through social activities. In this manner, we become acquainted with many different personalities and learn to adapt ourselves to work in harmony with them.

Our various extra-curricular activities are also beneficial in teaching us to assume responsibility. My experience on the Times staff has helped me realize the full meaning of responsibility.

In my experience at South, I have found the teachers always glad to help me whenever I have asked for assistance. Their friendliness and cooperation are an encouragement to any sincere student.

It is easy to get into the habit of not applying yourself and only doing enough work to pass. I feel that every student should take the fullest advantage of his opportunities and make the most of them."

Miss Harvey Acclaimed; "Many Stones" Polished

Have you been picking up pennies from Heaven around South Side? You haven't found an arbor of money trees lately? Then you need to be let in on something big . . . something for nothing! Almost every person connected with the Times and Totem has been receiving an education bonus from Miss Rowena Harvey, retired adviser of South Side's publications, who has been slipping to the staff little chunks of journalism education.

For an example, very green freshmen have joined the Times staff knowing absolutely nothing about anything. Because of Miss Harvey's advice and her insistence on the polishing of all stories, by the time these people are seniors, they know just as much, if not more, as any journalism student; however, their knowledge would probably only be a very small portion of what Miss Harvey has already forgotten.

One of the great ladies of the School Press, Miss Harvey has, by perseverence and just plain "getting after the kids," made the Times and Totem what they are today. Her influence has also affected other school publications. She organized the School Press, located at South, helped to found Quill and Scroll, the international honorary society for high school journalists, and has served as vice-president of the Columbia Scholastic Press Advisers Association.

In Webster's Dictionary, a tribute is defined as an offering or gift to show respect, allegiance, and gratitude. This article tries to do just that for Miss Harvey, but actually this isn't really enough to show the Archers' appreciation and praise of her work. Appreciation is a very small word to express thanks, but we hope it conveys the meaning we want to get across.

Miss Harvey's leaving is a great loss that is almost irreplaceable, but the standards of publication she set up long ago will always be maintained and her memory will keep everyone going.

New Adviser, First Rate, Respected By Everyone

Although she officially retired last spring, Miss Rowena Harvey has been a frequent visitor at South this fall to help break in the new faculty adviser, Mr. James Rohrabaugh.

Last week, Miss Harvey set out in her white Thunderbird for California where she hopes to make her home.

With her departure, Mr. Rohrabaugh is now completely on his own, and he has already proven that he can do a first rate job in publications.

Mr. Rohrabaugh is a native of Frankfort, Indiana. In high school he wrote a weekly student column for the Frankfort Morning Times. He attended Ball State Teacher's College and Indiana University.

At Ball State, Mr. Rohrabaugh served as editor of the Ball State News during his senior year. He also worked on the Orient, Ball State's yearbook, for three years.

After he was graduated from Ball State where he received his Bachelor of Arts Degree, Mr. Rohrabaugh served in the army for two years. He then taught high school English at Seymour, Indiana for two years. He was also in charge of the yearbook and the school paper there and taught journalism for one year.

"My job is one that is well cut out . . . to maintain the high standards which Miss Harvey has established for The Times during the years she has served as faculty adviser," commented Mr. Rohrabaugh on the responsibility of his new position.

Echoing the words of every student at South, especially those involved in publications, "Good luck, Mr. Rohrabaugh."

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

Investigation Held; Suspicious Sandra Proves Great Kelly

Sandy Heidbrink

Who's been spying on Sandy Heidbrink? We have!

"I'm a 10B," she said, "you can't pin anything on me. I'm on the business course and I'd like to be a stenographer—I'm going straight to the top!"

It looked bad. We checked our records and found that she had won a track award in grade school and a tennis tournament. She likes swimming, ice-skating, and horseback riding.

Very suspicious. She goes to the Emmaus Lutheran Church and belongs to the Walther League. We sent Joe to check that out.

We tried to pin her down, "What are your hobbies, Miss Heidbrink?"

"Sewing, crocheting, collecting coins—"

"Aha! So, you collect coins! Very suspicious—do you collect coins in tens and twenties?"

"Oh, no," she said, "I have a century-old penny and coins from all over the world: Japan, the Philippines, Canada, Germany, and Brazil. I started five years ago."

We investigated her daily routine and found that she is studying home economics, physical education, bookkeeping, and science. She is a student leader and belongs to GAA.

As a last resort, we questioned her, "What is your advice for teens?"

She smiled, "Do your best on all your jobs and have a pleasing smile."

We asked her what she thought was necessary for a happy home.

"Understanding discipline," she answered, "and faith in God."

All this confirmed our suspicions. Sandy is a great Archer and an up-and-coming girl. Best of luck!

Posy's Pointers

By Posy Weilemann

Dear Posy,
I am a junior this year and dated a boy all last year who was a senior. He graduated last spring and is now in college. I still like him very much, but I'm afraid he's losing interest because he writes that he has met some very attractive girls. How can I hold his interest?
Curious

Dear Curious,
Of course the boy is meeting many new girls in college, and that's to be expected. Don't let him know you're jealous and never try to confine his interests. To be possessive is the quickest way to lose him. Encourage him to meet a lot of new people. Your turn will come in a couple of years.
Posy

Dear Posy,
I march in a high school band. The trombone player keeps hitting me during parades. What can I do?
Lucy

Dear Lucy,
If your school has an orchestra, join it! It's safer!
Posy

Dear Posy,
I think I'm sending this to the right person, but I'm not sure. I hope you can help me. My problem is really hard to understand. I seem to fall for too many girls at the same time. I guess I fall for every cute face and figure I see. I would like to like only one girl at a time and would like some help. Thank you.
Mixed Up

Dear Mixed Up,
You really are mixed up if the only thing you can see in a girl is her face and figure. There's nothing wrong with liking more than one girl at a time anyway. I think it's really too bad that some people are so blind that they pick their dates by her looks instead of her qualities. Remember, looks aren't everything, and beauty is only skin deep.
Posy

Dear Posy,
I like a boy very much. Some of my friends say he is losing his good reputation by running around with the wrong people. I don't think he is. What should I do?
Determined

Dear Determined,
Base your judgment on the facts of how he treats you. If he is always considerate of you and acts like a gentleman, then forget about the silly rumors.
Posy

Russell Seltenright Deserves Gratitude

Here's to South Side's shining knight,
His name is Russell Seltenright,
Who with dust pan, mop, and broom,
Keeps clean corridor and room.
And when there are things to mend,
He is on the spot to tend.
We, the folks at South Side High,
Really like and admire this guy.

As you will probably guess after reading the above poem, Mr. Russell Seltenright, head janitor at South Side, has earned an excellent reputation at school. Faculty and students stop to smile and greet this well-known broom-bearer. It is an established fact that people like Mr. Seltenright, and Mr. Seltenright likes people.

Helping to complete the new library was one of his chief summer projects. It took about three weeks to complete this conversion. He fashioned two bookcases for the library.

THERE IS ONE senior homeroom that is particularly grateful because of Mr. Seltenright's thoughtfulness. Jim Jackson expressed his gratitude this way: "There are no shivering seniors in Room 154 because every morning Mr. Seltenright comes in and turns on the heating system, and every evening he returns and shuts it off."

"What about future plans?" the author inquired.

Mr. Seltenright's comment was instant and sincere. "I just aim to keep plugging, and help make South a better school."

Adherence To Rules, Problem Of Teens In Today's Society

"To be or not to be, that is the question." Are you a conformist or non-conformist?

Most Archers agree with Susi Phillips and say they are "'kinda in the middle." Bonnie Russell doesn't see how anyone with the social standards of today, could be a total non-conformist, yet she doesn't conform to the ways of which she does not approve.

\# \# \#

CONFORMING to what he thinks is right is Nick Arnold's idea, and Tom Bear agrees and says he goes along with some fads, but not others. Sheri DeYoung, Sue Harrod, and Sharon Eitman, all conform to their own ideas of what they like and what they think is right. They follow the crowd when they approve of its doings.

The ideas of Bob Lohman, Bill Cupp, and Mary Keegan coincide with Dennis McBroom's. They don't believe in being squares; yet they don't think all things done by others are right. They do as they want

\# \# \#

FOUR SOPHOMORE girls, Judie Evans, Becky Baughman, Sandi Hadley, and Diane Fredrick think the majority of people are both conformists and non-conformists. They imitate the fads they think are sensible.

Another in-between, Tom Shine, does not drink or smoke like some young people, yet is usually doing or wearing the latest fad. Ken Lawden doesn't conform with all fads and other types of amusement because, he explained, that some fads have no business being.

\# \# \#

"I CONFORM right along with the rest when it comes to fads," says Tom Ogles, "but I try to be a non-conformist when it comes to something which calls for an intelligent answer rather than a group answer."

Talking the way others do, wearing the same type clothes, and going along with the new fads are some characteristics of Marna Reiber, but, she explained, "Of course I'm not a conformist!"

Lissa Hoffman says she is both a conformist and a non-conformist just like everybody else. And Sue Korte decides she is a conformist because she signs this poll.

\# \# \#

TOM IRMSCHER, determined to be original, concluded he wasn't either. He's just an American. A reformist is what Linda McMurtry calls herself. She used to be a conformist and her goal is to become a non-conformist.

Stan Alfeld, however, an individualist, does what he pleases and not what others want him to do. "I please myself, not my friends," retorted Stan.

\# \# \#

MARLA HABECKER really sticks to her guns and believes in standing on her own two feet, and doing what she thinks is right. She tries to dress as she thinks fit and not to always follow the gang. She tries to always think for herself. Also a non-conformist is Dan O'Laughlin. He thinks something over first, then draws his own conclusions as to what is right or wrong.

Who says the backbone of the future generation of America is weak?

DePauw University Rated High; Liberal Arts Course Offered

To freshmen it is a far-off experience.
To sophomores it comes into view.
To juniors it takes shape.
To seniors it comes close to reality —so close that this year's seniors are madly racing around visiting colleges with one question looming in their minds: "What college should I attend?"

When considering such a question, many values are weighed by each person. Each person evaluates a college differently; but, basically, each person considers many of the same facts.

One of the first points by which a person judges a college is the size of the school. For those favoring a relatively small school, DePauw University in Greencastle, Ind., may be the answer.

\# \# \#

APPROXIMATELY 2,200 students attend this Methodist related school, which meets all standards of accreditation. In a recent publication of "Who's Who in America," DePauw's graduates ranked second among co-educational liberal arts colleges and seventh when universities and men's colleges were added.

The university is made up of the College of Liberal Arts, the School of Nursing, and the School of Music. Certain subjects are required of all students, with specialized study in one field or a group of fields in a student's junior and senior years.

Fees are about $2,000 a year. Opportunities for work and scholarships are available. Rector scholarships for men are some of the well-known DePauw scholarships.

A student faculty ration of 13:1 is maintained at DePauw, which provides for much personal contact with professors.

\# \# \#

TO BE ADMITTED to DePauw a person should rank in the top half of his class and have taken at least three years of English, two years of language, two years of mathematics, one year of history, and one year of laboratory science. The qualifications must be high; for, as the admissions counsellor states, "Only 350 of every 1,000 girls who apply to DePauw each year can be admitted."

The ultimate goal of DePauw University and of all colleges is expressed in one of DePauw's pamphlets: "The purpose of DePauw University is to give its students, through a broad and liberal education, an understanding and appreciation of the cultural and scientific achievements of man, past and present, to inspire them with a love for truth and beauty, and to prepare them to live in society more effectively for themselves and more helpfully for others."

No cars are allowed on campus, but many activities take place there. Sports, debate, dramatics, radio, journalism, and church activities are but a few offered. The school possesses its own radio station and Little Theater group.

"The DePauw" is the college's tri-weekly paper, and "The Mirage," the yearbook. Many religious denominations have active groups on the campus. Religious participation is emphasized by voluntary chapel held twice weekly.

Can You Imagine . . .

Any hall or locker room not looking like the inside of a crowded sardine can?

Poetry-Possessed Archers Try Pen On Paper, Excellent Result

Tom Dooley

On mountain made high a maiden I met.
The binge was lethal, and life's length was gone.
On mountain made high a maiden I met.
I stabbed her so swiftly I sensed it was wrong.

Tomorrow, by the time the time bells toll three,
I reckon I'd have rambled o'er roads and rivers.
If Grayson's gumption curtailed had been
Tiring of traveling, Tennessee I'd be in.

But tomorrow at the time the bells toll two
No rambling or runnin gto regain peace of mind.
Hanging so heavily by hemp 'round my neck
Down in a valley as death does me in.

Tom Dooley, your head hang down on this day
And weep, oh Dooley, and wail of the wrong.
Wrong that was wreaked on a mountain so high,
Deed which was daring will lead you to die.
—Craig Holmes

Thoughtful Spot

Taken from
"A House at Pooh Corner"

This place so proudly possessed by Pooh
Is sunny and silent; serene from surprises.
A place to ponder problems pressing,
Or sit in seclusion and glimpse still stars.

Oh, fleeting Memory, a fatal mistake,
For now I remember much forgotten.
My dwelling dear is also adored
By Piglet, puny but friend forever.

(Originally the poem was written like this:)
This warm and sunny spot
Belongs to Pooh.
And here he wonders what
He's going to do.
Oh, bother, I forgot—
It's Piglet's, too.
—Linda Silverman

The Chatterbox

By Julie Carr and Kathie Sosinski

We know you tried to have a riot during your vacation last week but nothing seemed to go right, did it? We understand. It was just because the paper wasn't published and you couldn't read our column—SLAM!

Everyone that talks to Win Moses today, please say to him, "Come on, Win, you can win!" We think if he is given more encouragement he will finally break down and try to wear his contacts which are hidden away. "COME ON, WIN, YOU CAN WIN!"

Did you see "Holiday on Ice"? Don't you think our ex-Archer, Kitty Stevens, did a fine job?

Well, we certainly hope Karen Johnson won't pull any more confusing stunts! After the Johnson family retired for bed, they were aroused at midnight when Karen jumped out of bed screaming, "Oh, my gosh, the jello!" Frantically Karen explained to her mother that she was supposed to take jello to the Service Potluck for the next night. So patiently and sleepily, her mother made the jello at 12 midnight. Only until Karen arrived at school that morning did she realize that the potluck was the FOLLOWING week!

Say Jim Dawson! We heard your grandmother attended her first football game at South. Did she like it?

RULE: Most Archers diligently study whether they are in the Study Hall, library, or in the cafeteria!

Recipe:
1. Start in early September and make one friend per week so by October 12 you will have made four friends; two weeks are allowed for a trial and error period.
2. Start in extremely early September and flatter Mrs. Arnold so that—
3. You can get your four friends to sit across from you in the cafeteria.
4. Take four chairs, new ones preferred, and—
5. S-T-R-E-T-C-H! Enjoy yourself!

This is what Carl Cichock did one Monday in his seventh period study hall—in the cafeteria. Did it work? Well, at approximately 3:40, Carl was still sleeping—through the bell, student chatter and locker clatter!

ATTENTION, World Series Fans! There is a new name you should add to your list of famous catchers of baseball—Mr. Sol Rothberg. Mr. Rothberg caught the last ball in the World Series!

Have you ever wondered—
what you'll look like in 30 years?
why it took Dieter Hillerbrand a half-hour to explain one sentence of Latin to Annie Arnold?
what makes the world go around?
why all popular songs are above love?
why you always mistype the LAST word on your paper?
how Mr. Cramer thinks up those algebra tests?
how much practice it takes to make a good basketball team?

Junior Banquet In Planning Stage; Titled "This Wonderful Year 1959"

"This Wonderful Year 1959" is the title chosen for the Junior Banquet. The annual affair is to be November 13 at 6:30 p.m. in the school cafeteria.

The theme of the banquet will follow a review of events of the year, both in school and out.

Homeroom representatives in charge of tickets are Carol Abramson, Cafe B; Susan Getty, 12; Marcia Zelonis, 14; Nancy Swaim, 34; Pat Jacobs, 38; Joan Rothchild, 44; Gene Jacobs, 50; Jack Harms, Jane Hunter, 56; Bonnie Shug, 64; John Stein, 66; Linda Meyers, 79; Jody Reiff, 84; Susie Stauffer, 88; Annette Plesniak, 94; Lesly Malone, 98; Val Callahan, 150; Becky Davis, 184; Molly Dixon, 186; and Susan Bond, 188.

Committee heads have also been chosen and general planning is in progress. Tom Duff and Evie North will head the entertainment committee. On the publicity committee will be Pam Olson and Tom Ogles. Sheri DeYoung and Sally Dill will be in charge of the decorations committee.

Members of the program committee are Annette Plesniak, Patty McCoy, Jan Martindale, Sharon Longenberger, Dave Dill, Jeanie Carroll, Jim Carter, Mimi Hinman, Karen Roehm, Marie Rohn, Ellen Beatty, Pat Shuler, Gretchen Meister, Chuck Weinraub, John Wilks, Dave Welch, Nancy Gift, Cindy Miller, and Jody Reiff.

JUNIORS BEGIN PLANS . . . . "This Wonderful Year 1959" will be central theme for this year's banquet. From left to right are Sheri DeYoung, Tom Duff, Sally Dill, and Evilou North, who will head this year's steering committee.

Sharon Snyder Enjoys Training, Raising Horses

Sharon Snyder, a freshman from Harrison Hill, has been riding and training horses for three years. Sharon became interested in raising horses when she took riding lessons from a riding academy.

Sharon has owned four horses. At the present she owns a black quarter horse. She has trained it as a pleasure and show horse. She has also owned a pony, a palomino, and a pinto.

When Sharon entered the Junior Horse Show at the Maumee Valley Saddle Club, her horse placed first in western pleasure and Sharon received third place in western equitation. Sharon has also won other ribbons in the local area.

Sharon plans to join the Fort Wayne Charity Horse Show Club.

She is on the business course taking English 1, Algebra 1, Civics 1, Health 1, Gym 1, and Spanish 1.

After she graduates, Sharon plans to attend Purdue University and take agricultural courses. She hopes to raise and train quarter horses.

Sharon also enjoys sailing and other outdoor sports.

Archers Disclose Profound Desires Of Accomplishment

During the summer Kellys have had ample opportunity to think up answers to Times polls. However, some were caught off their balance and were a little embarrassed when asked what their most secret, repressed desire was.

Jane Ladig: If I were to tell you my most secret desire, it wouldn't be secret any longer.

Dean Rice: Like my talents, my desires are so secret, that even I don't know what they are. I can guess though. I'm going to build a submarine with screen doors, become a teacher at a girl's school, and disprove the Pythagorean Theorem.

Kaylene Gebert: To be a student manager. (What happened to my application, Mr. Petty?)

Diane Hall: Well, uh . . . er . . . well, I'll tell ya . . . oh, never mind!

Diane Hoppas: If I were to build a car like someone I know did, I would be doing well. Instead, I would build my own car without a body!

Sandy Miller: My only desire is at I.U.

Edee White: My desire is to find my most secret, repressed desire.

Dave Katzenmaier: If I were to tell my most secret repressed desire, people wouldn't think as much of me as I do.

Jackson, Havens To Represent South On TV Elektra Club

Junior Marjorie Havens and Jim Jackson, senior, will appear on WANE's Elektra Club this Sunday at 5:30.

Cliff Milnor, moderator, will present a special interview with Brigitte VanNeuwenhuyse, a foreign student attending Central Catholic. Entertainment will be furnished by Bob Taylor and Elmhurst students, Ron Davis, Anne Stump, and Dan Streeter.

Panel members will be Jim Jackson, South Side; Joan Laird, Central; Ronald Holls, Concordia; Jim O'Brien, North Side; Lydia Newhard, Elmhurst; and Kathy Crosby, Central Catholic.

School reporters will be: Judy Nagel, Concordia; Mike Ormiston, North Side; Connie Byers, Elmhurst; David Bartholomy, Central Catholic; Marjorie Havens, South Side; and Mavis Goshorn, Central.

Kellys Contribute $2655 To United Fund Drive

The recent United Fund Drive found South Side contributing a total of $2655 this year, as compared to last year's total of $2694.

The faculty donated a total of $2490 as compared to the expected $2271. The student body gave $165, falling short of the anticipated $200.

South Side's 32-Year-Old Progressive Program Profits Pupils By Promoting Well-Developed Ideas

Russia's unique progressive learning program which has been in the public eye so much recently has absolutely nothing on South Side. An illustration of that fact is shown in the number of special classes for quick-learning students.

According to Mr. R. Nelson Snider, principal, this progressive program is "nothing new." He commented that it has been working successfully for the past thirty-two years. "It will continue in the future as long as it deems itself valuable," he stated.

Mr. Snider felt that the sudden public awareness of the American system of education is due to the recent comparison of it to the education system of Russia.

# # #

ALTHOUGH MUCH of the same program is being developed and carried on in many schools throughout the United States, this is not part of a nationwide program.

Since 1927 the more gifted students at South Side have been given the opportunity to broaden their realm of study and to work in a much greater capacity.

Mr. Snider continued, saying, "It has long been known to the general public that some students are naturally more able to excel in certain subjects than other students. However, it definitely is not fair to the advanced child to keep him at the level of the majority and thus prohibit possible growth."

# # #

OUR PRINCIPAL spoke of such a group of aspiring boys and girls who several years ago were promoted from an English 4 class to an English 7 class. The results were successful as the students made adjustments rapidly and proceeded to do excellent work under the new system.

Such students are faced with the fact that a great deal more preparation will be needed in order to keep up the difficult work. The homework assignments are not so easily absorbed, for they are lengthier and more difficult to comprehend.

The student is in tough competition with himself and with his intelligent, quick-learning classmates.

# # #

MR. LOWELL COATS, teacher of a special English 5 class this semester commented, "I believe that there is more to such a class than acceleration." He said that at about the level of English 6 the acceleration really begins to show up. Discussion is intense and stimulating. Students commented that they had to be on their toes every minute of classtime.

Running out of ideas on a certain subject never seems to occur, as everyone seems to have his own well thought out and original idea. As Mr. Coats says, "I could almost go one by one down and up each row and receive just as many interesting, logical, and mature opinions as there are people in my class.

"Also, many more aspects and subjects can be delved into and explored accurately and maturely than in a regular class. This makes the class certainly interesting for me, since I thoroughly enjoy being in the middle of a good discussion. What's more, the class is a challenge," states Mr. Coats.

# # #

"A STUDENT'S placement into one of these progressive classes is based on three aspects: his I.Q., the results of his Iowa Tests, and recommendations of his grade school teachers," said Mr. Snider.

The curriculum of such an accelerated course consists of the amount of work which the X course of that subject covers plus extra work which takes the class farther and deeper into the subject matter.

Special classes at South extend into the courses of Latin, English, and mathematics. Mrs. Evlyn Spray, Mr. Charles Billiard, Mr. Lowell Coats, and Miss Lucy Osborne teach the English classes. Mr. Robert Petty, Miss Mabel Fortney, and Miss Lutie Young teach the math classes; while Mr. Earl Sterner and Mrs. Anne Redmond teach the Latin classes.

The teachers all seem to agree that while there are benefits in teaching every one of their classes, they obtain special benefits from the progressive classes.

# # #

AS TO THE RESULTS of this program, Mr. Snider answers, "The results lie in the minds of the students." He adds that the benefits always show.

Specific examples of the results are shown in a number of letters from various colleges stating to Mr. Snider that South Siders attending their colleges have been excused from classes and promoted to higher ones on the grounds of their unusual abilities.

We can be proud and happy to claim South Side as our high school since it has made such an effort to produce students ready to face the world, with particular abilities well developed and ready to use.

Oct. 13 Banking Totals $327.87

The total amount of receipts received the week of October 13 was $327.87.

The three rooms which turned in the most receipts are, first, Mr. Alfred Hemmer's Homeroom S-1; second, Mr. Robert Petty's Homeroom 74; and third, Miss Mary Crowe's Homeroom 142.

Mr. Hemmer's room banked $22 for first place. Second-place Room 74 banked $19; and third-place Room 142 banked $18.10.

The total amount of receipts received the week of October 20 was $646.20.

The three rooms which turned in the most receipts are, first, Mr. Ronald Gersmehl's Homeroom 66; second, Mr. Robert Petty's Room 74; and third, Miss Mary Crowe's Room 142.

Mr. Gersmehl's homeroom received first place with $251 in receipts. Second-place Room 74 had $57, and in third place with $33.25 was Room 142.

Freda Gersos, Grecian Senior, Loves America, Sports, Chicken

Meet Aphrodite Gersos, blonde-haired, gray-eyed Grecian senior at South Side. When Aphrodite came to the United States, she and he rgir! friend shortened "Aphrodite" to "Freda;" so we'll call her Freda, too.

Freda has led a very unusual and exciting life which I'm sure none of us would want to live. She was born in the little Grecian village of Skatoria, but only attended first grade in Greece. This was because, in 1946, there was an uprising, and the guerillas sent the Gersos to Albania for their safety. In 1949 the Gersos were sent to Hungary where they remained until 1954 when they went back to Greece.

Freda and her older brother attended school in Hungary, but it wasn't a happy life. The two lived like orphans, they in one building and their parents in another.

In 1951 Mr. Gersos, thinking it would be easier to get his family out of Hungary, came to America. Freda, her brother, and mother stayed in Hungary until 1954 when they moved back to Greece. Then, in 1955, the wonderful day arrived; with the help of the Red Cross, the Gersos came to America.

About her unusual life Freda said, "I wouldn't want to live it again, and I hope I'll never have to.

"Grecian families are very close like many American families," Freda remarked, "but the schools are different. The students have no selection in subjects, and, therefore, the teachers go from class to class instead of the students. In Grecian schools the girls aren't as free to date boys as they are in America, and they don't wear lipstick. The parents take care of their children until the children marry. Quite a bit different from America, isn't it?"

When asked how she likes America, Freda exclaimed, "I love it! How you say it, from bottom to top? The conveniences are wonderful."

When asked what she liked about Greece, she countered, "What do you like about America? I like Greece because it's my country."

Being a senior at South, Freda has a lot of homework. She's taking government, home economics, and business organization and management. But Freda doesn't stop here; she goes to night school where she takes shorthand which she likes very much. She hopes to be a secretary, since typing is another one of her accomplishments.

Freda Gersos

Freda had many hobbies and interests, one being an avid interest in reading, "I love to read and have read many books," said Freda. She also enjoys basketball, football, volleyball ,and dancing Freda hasn't been able to join any clubs at school because her mother can't speak English, and it's necessary for her to be around home in the afternoons. She and her family belong to the Greek Orthodox Church and attend in South Bend, since there is not a parish in Fort Wayne.

When Freda was asked what her favorite food was, she replied, "I'm afraid to say this, but—it's chicken!" Freda also likes any kind of music and as for TV shows, "I watch them all."

Life has presented many difficulties to this youth which she has overcome wonderfully, and we hope that her future years in our land will bring her the happiness she deserves.

Gun Safety Discussed At Girls' Rifle Meeting

Mr. Alfred Hemmer gave a talk on gun parts and the care of a gun to the Girls' Rifle Club at the October 6 meeting in Room 94. Also included in the meeting was a discussion of safety and club rules, collection of dues, and signing of club cards.

October 13 the girls will meet on the range with their sponsors, Mrs. Mildred Luse and Mr. Alfred Hemmer.

Nine Students Enter South; Ten Leave

Since October 5, nine students have entered South Side and 10 have left.

Those who entered are Vicki Crowe, 12B; Sandra Klingerman, 11B; Kay Perry, 12A; Laura Rawan, 9A; Barbara Rydell, 11A; Kay Faraz, technical student; Marilyn Doyle, 10B; Myrna Hamilton, 9B; Philip Hosier, 10B; Nancy Williams, Steve Squier, 10B; and Clem Jehl, 10B.

Safety Council Plans Flasher For Center Hall

Members of the Safety Council under the direction of Miss Virginia Ayers, plan to install a safety flasher in center hall. The flasher will be where the school calendar is now.

A safety slogan will be written in large letters, and behind it will be a light which will flash on and off.

This will serve as a reminder to practice safety in the halls and around the school.

It has not been decided whether the flasher will be on all the time or just between periods.

Mr. Hamilton Pleads To Teens For Sane, "Safe Auto Driving"

A short while ago, Robert J. Hamilton of North Manchester, Ind., experienced a tragic event. His granddaughter and girl companion were killed in an automobile accident. Mr. Hamilton decided to start a campaign called "Safe Auto Driving." He has sent a letter with eight suggested appeals to many school officials, asking students to agree to these appeals at all times:

1. To do our best to observe all automobile driving rules and regulations.
2. Not to use alcoholic drinks of any kind before driving an auto or while driving.
3. Not to allow liquor or anyone under the influence of liquor in the car.
4. Not to ride in a car driven by one who has drunk liquor within an hour of such driving.
5. Not ride in an auto with anyone drinking liquor or brings it along.
6. Not to ride in an auto with a reckless driver.
7. To show our respect and cooperation to any officer trying to save lives or promote safe driving.
8. Encourage safe auto driving and riding.

High school traffic violations are decreasing in Fort Wayne. Eighty-six less traffic violations occurred the year of 1958-1959 than for 1957-1958. Reckless driving was highest on the list of violations. If the above eight points will be followed by all South Siders, Mr. Hamilton is sure this number can be decreased even more. He is also sure that many more lives can be saved. A good slogan to remember is "It won't kill you to drive carefully."

Junior Red Cross To Plan For Membership Drive

Junior Red Cross will meet next Wednesday to make plans for the annual membership campaign.

The nationwide campaign raises funds to back up Junior Red Cross aid programs. Any student may become a member by contributing a small donation.

The members also plan to make articles for the retarded children.

Harriers Defeat Cadets; Cop Fourth In Sectional

Sam Green, Al Rainbolt Lead Improved Kellys To First Season Win

Improved by every meet, the Archer cross country team bounced back from earlier losses as they defeated the Concordia Cadets and also managed to place fourth in the Sectionals.

The Sectionals were held Tuesday, October 20, at Franke Park, with the Central Tigers coming off victorious.

Tigers' Henry "Da Da" King ran away with the individual honors, covering the distance of two miles in 9:34.5. King, never behind after the mile mark, won going away from North's Pete Poorman.

Al Rainbolt was first for the Archers as he romped home in fifth place with a 9:55 clocking.

After the start of the race, South's Sam Green, took an early lead. Soon after, King and Poorman forged into the lead, with New Haven's Herman Schnelker and Central's Onofre Gutierrez close behind. Kellys' Green and Rainbolt were running in the pack at that time.

z z z

AT THE MILE mark, passed in 5:08, positions remained virtually unchanged with Al Rainbolt moving up front. King and Poorman kept together most of the distance, but when the finishing line came nearer, Poorman was no match for King's terrific kick, and King was ahead by about 30 yards as he crossed the line.

New Haven's Schnelker was third, while Tiger Gutierrez was fourth. Fine running was shown by Archer Rainbolt who put on a fine sprint to place fifth, almost catching Gutierrez. Sam Green turned in his best performance of his career as he had a 10:10 clocking for tenth place. Next for the Archers was Paul Romey, placing twenty-fifth, while teammate Dave Reece came in fortieth. Gary Fruchey pulled a pleasant surprise as he ran fifth for the Archers.

Central turned in a running score of 48, while New Haven was second with a 61. North Side followed with a 94, and South was fourth with a 138.

Next Saturday, for the second straight year, the Archers will travel to Indianapolis to take part in the State Meet which will b eheld at the South Grove Golf Course. Last year the Green and White placed twenty-seventh, but if they keep improving as they have been, they might be a dark horse this year.

z z z

TURNING IN ONE of the best performances of the season, the Archer cross country team defeated the Concordia Cadets, 19-39, in the meet held Thursday, October 15, at Franke Park. The individual winner was South's Al Rainbolt, who ran the distance of two miles in 10:10.

Al, in the lead since early in the race, crossed the line about 20 yards ahead of teammate Sam Green, while Cadet Louis Hartman was third.

South dominated all the way as Archers Rainbolt, Green, Dave Reece, and Larry Fruchey were in the lead at the mile mark, which was passed by Rainbolt in 5:10.

In the second half, Fruchey dropped back into the pack, while Cadet Hartman and Archer Jim Parker moved to the front. Rainbolt slowly built up a lead over Green and won without too much trouble.

Concordia's Hartman managed to beat potter to place third, while Paul Romey placed seventh to make South's final score 18 to 39 of the Cadets.

Carter's Corner

By Jim Carter

Archer grid action over the past two week ends has presented a sharp contrast. On October 16, the Kellys completely trounced a hapless Royerton squad, 40-0; but last Friday, they were handed their most lop-sided defeat of the campaign, 33-0, by Goshen.

In the Royerton contest the Redbirds were far outmatched by the home forces. South rolled to four touchdowns in the first 15 minutes and coasted the rest of the way. The outcome was in little doubt after the first quarter, which saw the Kellys post the first two of their scores. By halftime, with the Green leading, 27-0, a rout was insured.

The second half was contested exclusively by the Archer reserves, with the Kelly third and fourth stringers seeing most of their action for the season thus far. This provided some of the best football of the game, since the reserves were on a fairly even par with the Royerton regulars.

There were many individual standouts, including Bob Shine, who scored two touchdowns and two extra points; Emmitt Bowen, who accounted for two more scores and one conversion; Bob Bolyard, who scored one touchdown; Frank Lude, who took a 31-yard scoring pass from Bolyard, and many others.

z z z

HOWEVER, THE Archers found the Redskins of Goshen quite different from the Redbirds of Royerton. They run into the 47-20 conquerors of North Side with a dull thud on a cold, rainy night in Goshen.

South couldn't seem to get an effective offense under way, and some costly mistakes on defense paved the way to the Northern Indiana Conference team's easy victory. Goshen's superb quarterback, Jim Yoder, sparked a fine aerial attack which caught the Green at one of its weak spots, pass defense. Furthermore, the Archers could supply no effective passing in retaliation.

The mired condition of the playing field was not an important factor in the one-sided affair, but the wind might have hampered the Redskins' passing attack slightly.

z z z

THE KELLY gridders' record now stands at 4-3, second best in the city. Their remaining contests are with Huntington tomorrow night and Central Catholic next week.

Huntington's Vikings, undefeated and untied against lesser-known teams for the season, are ranked top in the state among medium-sized schools. This is virtually the same situation which existed last year when the Archers carried off a 13-13 tie, but there are a few changes.

Both squads have many of last year's members returning, but South's team has a better record and is given a better chance for a victory than the 1958 Kellys were. Also, the Vikes have a new coach, their former mentor, "Wave" Myers, going to North this year as head grid coach. The game is at Huntington.

z z z

IN OTHER CITY action, Central won a pair of big ones from C.C. and Richmond. The Tigers, behind ace T. C. Williams and a host of others, trounced the Irish, 36-6, for their second and final City Series victory and the city championship.

The Bengals also raised their prestige state-wise and made their season record 5-1 with a 10-14 victory over Hammond, always a state power. Central's next game is with a good Muncie Central team tomorrow night at South Stadium, where the Tigers have a good chance to add another win to their impressive record.

The Irish of Central Catholic suffered two defeats in recent contests. Both come in City Series competition, dumping them into the basement in that category. Besides their defeat by Central, the Irish were edged by North Side, 20-19. Their record now stands at 2-5, with their next opponent a rugged, favored Hammond Noll squad.

After being trounced 47-20 by Yoder and company, North rebounded to defeat C.C. for its first victory of the year against five losses. Duane "Sonny" Gordon was the biggest gun in the Redskin attack.

North has a 1-1 record in city competition, tying them with the Archers pending the outcome of the South-C.C. contest. The Red returns to action Friday against conference foe Michigan City at Northrop Field.

Concordia's Cadets were also handed two losses, and they bring up the rear with a 1-6 record. The Maroon was beaten, 28-12, by Garrett and, 24-12, by Mississinewa. Their next game is against Decatur.

z z z

IN THE CITY scoring race, Tiger T. C. Williams and C.C.'s Leroy Carcionne are in front of the pack with 48 and 42 points, respectively. Carcione has played in one game more than Williams has.

Following close on their heels are "Sonny" Bordon of North with 26, and Steve Cress and Willie Rozier of Central with 24 each. South's leading scorers, who did not place in the top five, are Bob Shine and John Somers with 14 counts each.

As the football season nears its conclusion, the cross country runners, active in only an abbreviated season this fall at South, prepare for the State meet Saturday in Indianapolis.

Central's Henry King won the Sectional run in a fine 9:34.6, fastest time recorded in the state. Following King in order of finish were Pete Poorman of North, Herman Schnelker of New Haven, Onofre Gutierrez of Central, and South Side's Al Rainbolt.

All of the qualifiers journed to state last year, with the exception of Rainbolt. South, Central, North, and New Haven all qualified complete teams for the big one.

King ran third in last year's race at state, and with what has been the strongest team in the area this season. Central stands a fair chance to take the championship. Defending Individual state champ Chuck Umbarger of Elkhart won the South Bend Sectional in 9:48.65, and the race between he and King should be very exciting.

See you next week.

Basketball Tryouts Attract Sixty Boys

Hard at work in defense of their record of the 1958-59 basketball season is this year's basketball team. Of sixty boys who tried out for basketball this season, there are forty boys still practicing.

Coach Don Reichert reported that the boys run through basic drills and then have short scrimmages at practice. Coach Reichert said that since several of the boys are out for football they would be a little behind in practice.

Away-Game Trips Offer Free Meals, Sleep To Gridmen

By Bob Shine

Most football players enjoy away-game trips for various reasons. To one, it might mean legally skipping his seventh period class. To another (usually a lineman), it means two free meals; while still others may receive enjoyment in sleeping during the ride.

The trips to the game always begin with the usual confusion. There is always someone who is late, and there is usually someone who has forgotten something. For example, when the team reached Goshen last Friday, Dan Tritch discovered that he had forgotten his pants.

The trips to the games are usually the most quiet part of the evening.

It is on the way back that things begin to happen. Even if the team has lost (since all but the seniors are very philosophical losers) there is usually an amusing incident or two.

After the Shortridge game, the team ate at the Teepee in Indianapolis. Because of the crowded conditions they were separated into two groups.

The group without the coaches happily ordered milk shakes, while the others had plain milk.

Although the team has its share of fun on the trips, they are well-behaved at the proper time.

The coaches have received compliments about the boys in many places, and they know that the team would never do anything too drastic!

Green Score Easy Victory Over Birds

Coach Clears Benches As Kellys Score; Shine, Bowen Tally Twice

South Side's Archers romped easily over an inept Royerton crew on October 16 at South Stadium. The Archers scored each of the first four times they got the ball and tallied in every quarter, making the final score read 40-0 in favor of the Kelly boys.

Bob Shine and Emmitt Bowen scored two touchdowns each as South made use of three Redbird fumbles. Coach Bob Gernand emptied the Kelly bench in the first and second half, but the furious Archer onslaught continued.

South took the opening kickoff and moved steadily down the field with Carl Johnson, Bob Bolyard, and Steve Burton picking up six and seven yards a carry.

With the ball fourth and one on the 25, Chris Parrott sent Bolyard through the left side of the Redbird line for a touchdown. However, a five-yard penalty nullified the play.

Quarterback Parrott then pitched back to Bolyard who hit Frank Lude in the end zone for the initial score. A run for the conversion failed and South kicked to Royerton.

z z z

THE ROYERTON offense was unable to move, and the Redbirds punted from their 33. Steve Burton took in the punt on his own 23 and returned it 52 yards to the Redbird 25.

Bolyard then carried to the 15 and Johnson to the seven. Johnson plunged to the three, and Bolyard drove for the touchdown. Johnson then ran for the extra point.

Rickey Ring of Royerton returned the kickoff 15 yards to the 30 before fumbling. Bowen recovered the fumble for South Side. Bowen bulled for two yards and Tom Duff reeled off eight. Steve Hargan then recovered a Kelly fumble. Bowen picked up gains of seven and four yards to the four just before the quarter ended.

z z z

JUNIOR HALFBACK Bob Shine opened the second quarter in fine fashion driving in from the four-yard line. Shine then skirted his left end for the extra point, making the score 20-0.

Phil Unger returned the kickoff to his own 32 before meeting the same misfortune as Ring. Karl Biewald, defensive center, recovered the fumble.

Steve Hargan threw a 32-yard touchdown aerial to Bob Shine. Emmitt Bowen bulled across for the twenty-seventh Archer point. The two teams exchanged punts: neither gained much yardage until the second half.

z z z

TOM DUFF started our Archer drive from his own 25 with a four-yard gain. Emmitt Bowen cracked the center of the Redbird line for 19 yards. One play later, Hargan threw an aerial to end Dan Belschner, covering 49 yards to the Royerton four. Bowen slammed across for the touchdown though failing in the conversion attempt.

Royerton then started their only sustained drive of the night with back Fred Fadrea gaining excellent yardage around the Archer flanks.

The drive was stopped, however, on the Archer five when the Redbirds lost the ball on downs.

z z z

DUFF RETURNED a punt 44 yards to the Redbird 25 late in the fourth quarter. Bowen picked up 15 yards in two plays, and Duff added two more. Bowen then cracked across from the eight, and Shine added the extra point. A few plays later time ran out.

Janice Nahrwold Wins GAA Tennis Tournament, 6-3, 6-3

WHAT'S YOUR RACKET? . . . . Janice Nahrwold, right, and Judy Garrison proudly attest that theirs is tennis. Janice was the winner of the GAA Tennis Tournament and Judy the runner-up. The tourney was held October 18 at Weisser Park.—Photo by DeHaven

Janice Nahrwold defeated Judy Garrison, 6-3, 6-3, to win the annual GAA tennis tournament. The winning games were played at Weisser Park Sunday, October 18. Janice will receive 100 points, and Judy, 75 points.

Sixteen girls entered the tournament this year. The games were played on any of the city parks, and participants had to furnish their own equipment.

In the first round Janice Nahrwold defeated Ann Hechler, 6-1, 6-1. Sandy Heidbrink beat Sandy Grodrian, 6-4, 6-3. Jane Glass lost to Sharon Krakower; and Marcia Marschand beat Gretchen Brumm, 6-3, 6-1. Rita Hessert was victorious over Mickey Flaig, 8-6, 6-2. Diane Longberry lost to Judy Garrison, 6-0, 6-1; and Jan Kessler was defeated by Barbara Nahrwold, 8-6, 6-0. Shirley Stahlhut ended the first round by defeating Eleanor Dekker, 6-0, 6-0.

Janice Nahrwold defeated Sandy Heidbrink, 6-2, 6-1, to start the second round. Sharon Krakower was victorious over Marcia Marschand, 6-3, 5-7, 6-4. Judy Garrison beat Rita Hessert, 6-1, 5-7, 6-4; and Barbara Nahrwold won over Shirley Stahlhut, 6-0, 6-2.

Tying up the tournament, Janice Nahrwold beat Sharon Krakower, 7-5, 4-6, 6-4, in the third round. Judy Garrison was victorious over Barb Nahrwold, 6-0, 4-6, 6-4.

Janice Nahrwold then defeated Judy Garrison to end the tournament.

All participants earned 25 points for entering the tournament. The runner-up earned 75 points, and the winner, 100 points.

Steve Burton, Dan Belschner Chosen Outstanding Players

Steve Burton and Dan Belschner take the spotlight as the outstanding players of the week, while the Archer football squad fights to uphold one of the greatest years as the season draws to a close.

A main reason for the Kellys' easy victory over Royerton was the performance of Steve Burton, first string right halfback, who played a sparkling game both on offense and defense.

Although he did not touch pay dirt himself, the wiry Junior A set up several early Archer touchdowns with his generous gains over the right side of the line. His bruising blocks on Royerton defenders made it possible for his teammates to spring loose for long yardage, too.

Burton's performance on defense perhaps overshadowed that on offense. From his right cornerback slot, his slashing tackles kept enemy backs to minimum yardage in the Archer secondary and were a major reason why the Redbirds failed to tally in the 40-0 whitewash.

Stymied on the ground, Royerton's quarterback soon found he could not open a successful passing attack against South Side either; his receivers were unable to elude the speedy back of the week.

Off the gridiron, Steve's curiculum includes English 5, Speech 2, Physical Geography 1, and U.S. History 2. He also excels in varsity basketball, as a guard, and in track as a quarter-miler.

Dan Belschner was chosen lineman of the week for his outstanding defensive performance in the Goshen game. Although the Archer team was defeated, Dan made several fine tackles and held back many Redskin players.

Dan feels that Goshen played a very rough game and proved to be one of the roughest foes South has faced this year.

When asked about South's record to date, Dan replied, "The team has done a great job so far and have fuced some very rugged teams."

Dan thinks that the Kelly team will have plenty to do to beat Huntington but feels that the boys will work hard to do their best.

Dan is a junior and is taking drafting, U.S. History, wood, and English.

Frosh Gridders Trounce Luers With 28-0 Score

Shine, Sheray, Blanton Score, Help Archers Boost Record To 4-2

Archer freshman gridders trounced an inactive Bishop Luers squad last Wednesday at South Side Field by a 28-0 victory margin. South's season record now stands at four victories and two defeats. The Kellys played a considerably good game although their opponents, a 16-man crew were no match for them.

Kelly offense was exceptionally good, accounting for four touchdowns, one scored in every quarter. Sid Sheray and Dave Blanton, Kelly backs, and Eddie Johnson, Archer end, gave outstanding performances.

Bishop Luers started activity with a kick-off to the 35-yard line where Dave Platts received and carried to the 45-yard line. South made two consecutive first downs before fumbling on the nine-yard line, where Bishop Luers took possession. Luers was spilled for heavy losses and were forced to punt.

z z z

Johnson returned the kick-off to the 30-yard line. Sid Sheray charged through the Bishop Luers line to the one-yard line. Shine went over on a quarterback sneak for the touchdown. The point after touchdown was good and the Green and White led by a 7-0 score.

Bishop Luers was unable to make a first down and chose to punt once again. Dave Platts returned the kick on the 46-yard line and handed off to Eddie Johnson, who ran 54 yards to pay dirt, receiving excellent blacking assistance all the way.

Due to illegal use of hands, the touchdown was nullified and officials placed the ball back on the 39-yard line. Archer backs moved the ball to the four-yard line before the first quarter elapsed.

z z z

Dave Meyers began the second-half action with a kick-off to the 23-yard line. South's defense was there immediately and pinned the Luers ball carrier back on the 20-yard line. After losing precious yardage, Luers, with a fourth down and 16 yards disadvantage, was forced to punt. An Archer receiver carried to the 39-yard line.

z z z

Dave Blanton went over for his second touchdown of the day, thus extending South's lead to 28-0. Mike Hauser came in at this time as acting quarterback. Midway in the quarter Luers intercepted an Archer pass.

Two plays later the Kellys regained possession with an interception on the 42-yard line. They continued to drive steadily, reaching the 18-yard line before the game had ended. At the game's conclusion, the score was South 28, and Bishop Luers 0.

Kellys To Battle With Vikings, Hope For Second Victory

Archers Travel To Huntington For Grid Battle

South Side's Archers will be going for two wins in three starts in a battle with the Huntington Vikings tomorrow night at the Huntington stadium at 8 p.m.

The Vikings are under a new Odin this year as they have acquired Jerry Huntsman to replace last year's ace mentor, Wave Myers, now with North Side. Huntsman and his squad have copped six straight this season and are aiming to make South number seven. However, Archer arrows may be first to piece their thunder shields.

So far this season, the Red and Black have piled up high scores against their opponents. They have scored a total of 190 points to their opponents' 25, including three shutouts. The Huntington aggregation toppled a very tough Wabash squad earlier this year.

Coach Jerry Huntsman has had five years' experience and he is doing a fine job in the gridiron business. His aides are Oscar Mabb, Ivan Wellem, and Bob Straight.

* * *

THE VIKING team is a fairly lightweight unit and are not particularly tall. However, they have 10 lettermen on the starting squad and three on the bench. Several of the starters have two or three years of regular varsity play.

The Norsemen have great speed in the backfield. Therefore, they don't pass much. Quarterback Ken Tewel, left half Ron Handwork, and fullback Gail Wetters handle most of the Red and Black scoring, utilizing both speed and weight, and playing a long ground game.

The Huntington squad has line speed as well as backfield speed. Left guard Jon Mickley recovered a fumble and dashed away from the Marion squad to aid the Vikings in a 24-0 victory at Marion.

* * *

THE ARCHERS are hampered with injuries with John Somers out with a knee injury, Steve Druart out with a pulled muscle, and Steve Matthias down with a torn ligament. Junior halfback Bob Shine, who scored 14 points against Royerton, is out with an arm injury. However, these boys may yet see action against the Vikings.

The Green have weight on Huntington which may prove to slow down the Viking drive. In the backfield, Emmitt Bowen is doing a great job on offense and should be strong in this game.

The Archer coaches and players are pointing for this game and are not influenced by the previous record of the Vikings.

Team 2 Victorious In Frosh Speedball

Team 2 defeated Team 1, 18-17, in Freshman GAA speedball Friday after school in the girls' gym.

High scorers for Team 2 were Lourain Ford, Toni Sorensen, and Elaine Edwards. Martha Grimme, Gwen Young, Jane Whitenack, and Sydney Schinbeckler were high scorers for Team 1.

Members of Team 1 are Dodie Kessler, captain; Patty Albote, Martha Grimme, Claudia Hershberger, Judy Koops, Nancy Sogemann, Gloria Louthauer, Macy Macker, Stella Masiek, Aleste Riemen, Virginia Rose, Colleen Roth, Carolyn Scherer, Sydney Schinbeckler, Gwen Young, Pamela Foust, and Jane Whitenack.

Sue Burlage, Ann Chenoweth, Judy David, Elaine Edwards, Louraine Ford, Mary Fremion, Dianne Friedman, Sherry Hager, Anita Kimball, Mary Jo Kraus, Sue Lohman, Diane Longberry, Nancy McBride, Ann McCoy, Donna Rudasky, Toni Sorenson, and Betsy Junker, captain, make up Team 2.

Al Rainbolt, Junior, Leads Cross Country To State Competition

Al Rainbolt, the hard-working harrier, has been able to lead his cross country squad to a trip to Indianapolis for the state cross country meet this Saturday.

Al placed fifth personally in the Sectional meet at Franke Park on October 17, while his teammates added up enough points to finish fourth.

This season, the Green and White two-milers started late in the year, but held a total of five meets. In these, Al took two first places and two second places. Al's best time at Franke Park was 9:43 and 10:16 on the longer Foster Park course.

"I hope we can bring back a better record than last year," said Al. The Archer team did go to State last season, but ended up 27th. This year, the squad should improve upon this ranking in state competition.

Al has led his team in the season and should bring out the best in the squad once again in that final race Saturday.

Mural Men

By Dieter Hillerbrand

Well, cross country is over now. The final run was held Tuesday, October 13, at Foster Park. About 40 boys took part in the finals. Thanks for the nice work, boys!

Dennis Jones ran away with lightweight honors, as he beat runner-up Dick Fruchey by 30 seconds, winning with the fast time of 5:11. Tim Grodrian was next with 6:01, followed by Bob Hawkins with 6:11.

Outdistancing all opposition in the middleweight division, Alan Schlie won the blue ribbon as he turned in the winning time of 5:23. Bob Dorsett nosed out Bob Samp for second place honors in the time of 5:32. Fourth was Gary Butz who was timed at 5:35.

Among the heavyweights, John McMillen proved to be best, as he crossed the finish line ahead of second place man Doug Smith. Third place winner was Ray Fanger, while Dave Hickman placed fourth. Due to a confusion among the timekeepers, there was no official time for the heavyweights.

* * *

CONGRATULATIONS to Doug Smith's Stars, the '59 heavyweight champions in tap football. In the final game they defeated the Mercury Marathonians by the score of 18-8. Phil Jones opened the scoring for the Stars as he threw a touchdown pass to Doug Smith. Dave Barrett then ran a pass interception back for a touchdown to make the score 12-0. But then the Marathonians rallied as Dave Martin threw a touchdown pass to Ron Wasson. Don Gardineer scored a safety for the Marathonians to make the score 12-8. But Doug Smith sealed their fate as he whipped a pass to Phil Jones for the final touchdown.

To get into the final game the Marathonians had to win two games. In the first one they turned back the Gridironers, 13-0. Steve Weiss was the star of the show as he scored all the points for the winners. He ran around end for 30 yards to score. Again it was he who ran the ball into the end zone for a touchdown. Connecting on a pass, he also scored the extra point.

In the second game they stopped the South Side Serpents by the score of 13-0. Steve Weiss was the first one to score for the winners as he threw a pass to Eddie Tinkel for a touchdown. He also threw a conversion pass to Dave Meek. Ron Wasson ran a pass interception back for a touchdown.

Congratulations to Tom Wible's U-Bangies, the lightweight champions. They first set back the Trojans, 59-0, and then defeated the Bears, 26-13, in the final game. Tom was the first one to score as his pass to Gary Btuz was good for six points. A little after, Butz ran a pass interception back for a touchdown. ible Wthen passed to Bill Meyers for the extra point. Again Gary Butz ran back a pass interception to score his second touchdown of the day. For the final touchdown of the game, Tom Wible passed to Max VanFossen. He also threw the conversion pass to Max. Bruce Foltz accounted for all the points of the losers as he threw two touchdown and one conversion pass for 13 points.

* * *

INTRAMURAL BASKETBALL will start just as soon as there are enough teams turned in. As usual, there will be two leagues, the Noon League and the Night League. In the Noon League there will be three weight divisions: light, up to 125 pounds; middle, 125 to 145 pounds; and heavy, 146 pounds and over. In the Night League, which will be played on Monday and Friday nights, there is only one weight division. Seven men make up a team; however, only five are needed to start the game.

Every team is allowed to have one boy of a lighter weight division on the team. For example, a middleweight team may have one lightweight, or a heavyweight team one middleweight. However, no one is allowed to play on a team in a weight division lighter than himself. A lot of excitement and interest is added to Intramural basketball through the all-star games. In these games, the championship team in every division takes on the all-star team, selected from the other team's division. Incidentally, the champs win most of the time.

Did any of you attend any of the meetings at Teachers' Convention? Mr. Motz, who is the head of our Intramural Department, gave a talk about the Intramural Department and the self-testing program at South Side, on Thursday, October 21, at North Side.

Several boys also gave self-testing demonstrations. They were George Townsend, balance board; Dewayne Trim, rope climb; Ron Russell, squad balance; Mike Ferverda, agility run; Mike Seaman, squad balance; Ken Lowden, agility run and basketball dribble; Bob Hawkins, standing broad jump. I think it's a great tribute to South Side and the Intramural program for Mr. Motz to be given the chance to talk about it.

Well, see you next week!

Junior Team Wins Speedball Tourney

Juniors won the Upperclass GAA speedball tournament by remaining victorious throughout the tournament. The Sophomore 2 team placed second; the Sophomore 1's, third; and the Seniors, fourth place.

The Juniors defeated the Seniors, 9-6, in Upperclass GAA Monday night in the gym. In the second game, the Sophomore 1 team beat the Sophomore 2's, 3-0. High scorer for the Junior team was Sandy Dolson with nine points. Barb Burdick, Luann Uhl, and Peggy Markin scored for the Seniors. Alice Ashton was the scorer for the Sophomore 1 team.

Members of the Senior team are Nancy Baltes, Shelba Cox, Judy Garrison, Jane Glass, Sandy Grodrian, Jan Kessler, Peggy Markin, Barbara Nahrwold, Joy Walling, Linda Wolfe, and Luann Uhl, captain.

Donna Barnes, Alberta Bonnell, Val Callahan, Connie Denis, Sandy Dolson, Joan Erck, Mickey Flaig, Carol Hofer, Barbara Markiton, Leslie Sipe, Diane Spencer, Shirley Stahlhut, and Rita Hessert are the players for the Junior team. Val Callahan is the captain.

The Sophomore 1 members are Alice Ashton, captain; Tamara Beaty, Sherry DeBaillie, Sherry Hall, Dayna Harader, Virginia Kachiamenis, Sharon Krakower, Jane Ladig, Margie Lehman, Marcia Melching, Sue Merchant, Nancy Nichols, Nancy Pfeiffer, Jan Spuller, Sharon Todd, and Mary Zimmerman.

Marjorie Bloom, Gretchen Brumm, Martha Bonnell, Pam Buzzard, Becky Collins, Joyce Cossairt, Bella Dyson, Beverly Fromm, Sandy Heidbrink, Marcia Marschand, Janice Nahrwold, Flora Reynolds, Jenny Slater, Sharon Shuler, Barbara Uhl, Sandy Walton, and Ann Hechler make up the Sophomore 2 team.

Jenny Slater and Jan Spuller refereed the first game, and Shelba Cox and Sandy Dolson refereed the second game. Mrs. Alice Keegan, sponsor, kept score for both games.

Sophomore 2 Team Defeats Seniors, 5-2

Seniors were defeated by the Sophomore 2's, 5-2 in Upperclass GAA Speedball Monday night in the gym. The Juniors beat the Sophomore 1 team, 6-4. High scorers for the Junior-Sophomore game were Connie Denis and Jan Spuller.

Players for the Senior team are Nancy Baltes, Barb Burdick, Shelba Cox, Jane Glass, Sandy Grodrian, Jan Kessler, Peggy Markin, Barb Nahrwold, Judy Garrison, and LuAnn Uhl, captain.

Marjorie Bloom, Gretchen Brumm, Pam Buzzard, Joyce Cossairt, Bella Dyson, Martha Donnell, Bev Fromm, Sandy Heidbrink, Jan Nahrwold, Marcia Marschand, Flora Reynolds, Sharon Shuller, Jenny Slater, Barb Uhl, Sandy Walter, Annie Heckler, and Beckie Collins played for the Sophomore 2 team.

Members of the Junior team are Donna Barnes, Alberta Bonnell, Val Callahan, Connie Denis, Mickey Flaig, Jan Garrison, Carol Hofer, Rita Hessert, Joan Erck, Barb Markiton, Leslie Sipe, Diane Spencer, and Shirley Stahlhut.

Alice Ashton, Tamara Beaty, Sharon DeBaille, Sherry Hall, Sharon Krakower, Dayna Harader, Virginia Kachiamenis, Jane Ladig, Margie Lehman, Marcia Melching, Sue Merchant, Nancy Nichols, Jan Spuller, Sharon Todd, and Mary Zimmerman are the members of the Sophomore 1 team.

Alberta Bonnell and Jan Spuller refereed the Senior-Sophomore game, and Mrs. Alice Keegan, sponsor, kept score. Shelba Cox and Jenny Slater were the referees for the Junior-Sophomore 1 game, and Mrs. Keegan kept score.

'Skins Stun Kelly Eleven By 33-0 Tally

Goshen Carries Ball, Pulls Sneaks, Capitalizes On Fumbles For Scores

By Bob King

Goshen's mighty Redskins outcharged South Side's Archers to a five-touchdown margin at Foreman Field last Friday night, stunning the Kellys, 33-0. The game was played on muddy turf as the visiting Green found the footing undesirable and the ball slippery in the constant rain.

The Archers won the toss but elected to kick, gambling on the idea that the host 'Skins would err in their own territory. But Goshen marched to the Archer 38-yard line with quarterback Jim Yoder and fullback Dan Berkey lugging the ball for sizeable gains.

Yoder then tossed the pigskin to left end Tom Hutchinson for the Crimson's first score with only five minutes gone in the first period. Halfback Steve Ellis passed to Yoder for the extra point to make the score 7-0.

* * *

THE SECOND period saw the Redskins score twice on the ground, pushing back South's defensive line for huge chunks of yardage.

Yoder scored the 'Skins second six-pointer when he sneaked over from the Archer two-yard line. An Ellis-to-Hutchinson pass made it 14-0.

Late in the second quarter, right halfback Bud Smith saw an opening off tackle and skirted 62 yards for the third Goshen touchdown. Dawson blocked Ellis' place-kick attempt and the half ended at 20-0.

* * *

THE ARCHERS came back in the third period with a new team. After kicking off to the 'Skins, the Green forced the home team to give up the ball on their own 34-yard line and proceeded to march to the nine. A fumble in the Archer backfield forced the Green to give up the ball and ended the Kellys first and only serious threat.

Goshen scored twice again in the fourth quarter. South set up the fourth Crimson touchdown when they fumbled on their own two after putting on a fine defensive stand to gain possession of the pigskin.

Yoder plunged over from the two when the Redskins recovered the Green fumble. Ellis booted the leather through the uprights to make it 27-0.

* * *

ANOTHER ARCHER fumble on their own 21-yard line set up the 'Skins' final six-pointer. Four plays later, halfback Charlie Hursch plunged over, making it 33-0. Ellis' extra point try was blocked by Berk and the rest of the quarter resulted in a stalemate.

South was definitely affected by the loss of two key players, Carl Johnson and Bob Bolyard, who were dropped from the squad earlier in the week for disciplinary reasons. The two were important cogs in the Archers' defensive and offensive teams.

Goshen led in all statistics. South completed only one pass (a hook-in to end Ken Howe from quarterback Chris Parrott) while Goshen connected on three.

The victory marked the 'Skins' sixth win against one loss. They will go against South Bend Adams next week while the Archers pit their 4-3 record against Huntington's unbeaten and untied Vikings.

	S.S.	G.
First downs	3	11
Passes attempted	2	6
Passes completed	1	3
Fumbles lost	3	1
Yards penalized	15	65

Lineman, Back Of Week Awards Go To Bill Spindler, Chris Parrott

Bill Spindler

Chris Parrott

Chris Parrott, in the backfield, and Bill Spindler, lineman, receive recognition as players of the week. These players are chosen by the coaches for their performances in the previous week's game.

The starting center on South's squad is Senior A Bill Spindler. Bill has been consistent in throwing key blocks in this year's contests.

Bill is new to interscholastic sports in high school. He did not compete in junior high sports at Harrison Hill.

Bill says his biggest personal thrill is playing in that "big game" for which they prepare all week.

Commenting on the team, Bill stated, "I feel we have the best team South has seen for a long time. We have all-around strength, both in the starting crew and those on the bench. We should be capable of beating Huntington."

Bill has picked Shortridge as our toughest previous opponent and predicted that Goshen would be a big power to be dealt with during Teachers' Convention.

Bill plans to attend either Indiana or Purdue where he will go into chemical research.

Chris, the outstanding backfield man, lent his talents both offensively and defensively as quarterback and corner-backer, respectively, for the fighting Archers. Playing on a wet field, Chris feels that the passing attack was stifled, and the running attack limited in the game with Goshen.

The popular president of his junior class takes English, U.S. History, physics, and solid geometry in school. When college time comes, Chris hopes to attend either a military school or smaller liberal arts school. If the latter is his selection, Chris will probably take the pre-medical course. Also, while in college, Chris will try his skills at both football and hockey.

Shortridge has Chris' nod as the toughest team faced by the Archer eleven, and this week's game with Huntington will be the roughest of the remaining games. Chris knows that "Huntington is a team to be respected, and the game will be worth watching."

Even though Huntington is an unbeaten team this season, Chris states that "we don't want to lose anymore," and that will uphold the ideas of the team when they face this formidable foe.

Chris has shown his ability and drive in everything he does, and with a person of this caliber leading the Archer squad, they are sure to be at their best come Friday night.

Archer Frosh Crush Trojans In 26-0 Shutout

Archer Defense Holds Elmhurst; Lohman Pulls In Key Passes

The South Side surprising freshmen, taking full command of their Elmhurst foes, rolled to an impressive 26-0 victory over the Trojans. In gaining their fourth win against two setbacks, the Archer line showed some tremendous blocking and tackling, while the backs displayed terrific running and ball-handling.

The scoring started early for the Archers, and it never ended. On the second play from scrimmage halfback Ed Johnson passed to halfback Dave Platz for a 45-yard touchdown. In the second quarter freshman quarterback Tom Shine started the Archers on another drive. After some great runs by fullback Sid Sheray, substitute quarterback Rich Clark banged over for the touchdown. Sheray picked up the extra point. The half ended with South leading, 13-0.

Scoring ceased throughout the third period, but things livened up in the final stanza. Dave Platz fired a 57-yard pass to Bob Lohman from South's 25 to the Trojans' 18. Two plays later Tom Shine passed to Lohman for the touchdown. Shine then took the ball over for the extra point to make the score 20-0.

The frosh again added to the score when they recovered an Elmhurst fumble on the Elmhurst 25-yard line. Mike Houser quickly scored to make the final tally 26-0.

A standout on defense was Bob Lohman, who, along with the other members of the line, Jefferson and Wolfe at tackles, Leininger and Tipton at guards, Gargett at center, and Meyers at the other end, made it difficult for Elmhurst to gain any yardage.

Archers' Good Grades Scare Spooks And Goblins Far Away

In Mr. Knigge's English 5 period 7 class those receiving 100 on a word group test are Karen Allmandinger, Rick Busch, Karol Wise.

In English 3 those receiving A or A— on Theme 1 are Debby Brooke, Elaine Edwards, Anita Ferber, Peggy Floyd, Judith Handy, Steve Lowens, John McNett, Bonnie Russell, Diane Saalfrank, and Loraine Stone.

In Mr. Feasel's General History 2 period 6 class those receiving high test grades on Chapter 21 are Ross Clark, Marcia Disler, Jim Hill, Sue Horth, and Mary Jane Miller.

On a wood chart in Mr. Weber's Botany 2 period 1 class Karen Johnson earned a 98; Ada Williams, 96; Steve Druart, 95; Jerry Holliday, 94; Joyce Rothgeb, 92; and Ward Miller, 90. In the same class on a weed identification list high grades were earned by Jerry Holliday and Carole Maners.

In the Botany 1 period 2 class of Mr. Weber, on an Osmosis Demonstration, Linda Amos earned the highest grade. Bonnie Brenn and Nancy gift earned 95; Becky Hostetler, Roger McNett, and Jody Reiff earned 93; and Bonnie Adams, 90.

In the same class on a final weed list, Carol Campbell and Jody Reiff earned 100; Linda Amos and Diane Fehman received 98; Bonnie Brenn, 96; Sandra Trulock, 95; Leslie Sipe, 93; Sarah Dill, 95; Roger McNett, 92; and Bonnie Adams and Nancy Gift earned 90.

On a growth quiz in Mr. Weber's Botany 2 period 5 class 100's were earned by Jack Fitzgerald and Sandy Smead, 97 by Joan Novitsyk, 96 by Janie Favorite, and a 92 by Sharon Wickliffe. In the same class on a week identification quiz, 99 was earned by Ruby Martin and Susan Slick, 94 by Jack Fitzgerald, and 90 by Alberta Bonnell and Sharon Wickliffe.

On a grammar quiz in Miss Osborne's English 8 period 4 class, high grades were earned by Sally Burton and Judy Garrison. The second highest grades were earned by Bill Berning, Jim Bash, Judy Cramer, Nelson Kimble, and Dick McGaw.

Merle Baldwin, Wendell Eicher, and Dick Rothberg all had 28 out of 30 possible points on the Grammar Point System in Miss Osborne's English 7 and 8 period 6 class. The second highest scores were earned by Penny Hunt, Jim Jackson, Steve Meyers, Carol Miller, Sue Parady, Kate Rastetter, and Marcia Swandown.

On a Government test in Mr. McQuillan's Government 1 period 4 class 90's were earned by Sandi Russell, Paul Klenzak, Ron Carlo, Kenneth Buchan, Jim Bright, and Tomma Arnold. The test was on political parties.

On a test in Mr. McQuillan's U.S. History 1 period 2 class 100's were earned by Michele Flaig, Dave Dill, Darryl May, and Linda Meyers. The next highest grade, 90, was earned by Bill Meyer, Sue Pfeifer, Martha Price, Ray Hieber, Donna Weinraub, and Bobbi Jo Ross.

On the same test in Mr. McQuillan's U.S. History 1 period 6 class 100's were earned by Don Nelson, Margie Mercer, Dixie Piercy, Sharon Longenberger, Dave Flaig, and Mike Durnell. Jane Badders, Paul Sorg, Sandy Sieber, Dave Schwalm, Ken Rice, and Betty Lamley earned 90.

Several excellent reports have been given in Mr. McQuillan's classes recently. In Government 1 period 1 Suzie Fast gave a good report on "Communism." Arnold Merin gave a report on the "Taft-Hartley Law" in Government 1 period 4. Jane Badders, in the U.S. History 1 period 6 class, gave a report on the "Annapolis Convention." Also from period 6, Dave Schwalm reported on "The Gold Standard."

In Mr. McQuillan's Government 1 period 7 class Carol Beghtel gave a report on the "American President." Susan Mayer, also in period 7, reported on "The Republic."

On a test covering fractions in Mr. Gernand's Mathematics 1 period 1 class Susan Cass, Judith Clawson, Mike Clemmer, Margaret Dorsett, Lynne Fraser, James Hughes, and Ronna White received the highest scores.

Susan Burlage, Ruby Campbell, Dwight Arnett, Robbie Jean Cavill, Janice Dedman, Barbara Driver, Carol Ann Driver, William Syndram, and Judy York earned the highest grades on a test covering scale drawings and ratios in Mr. Gernand's Mathematics 2 periods 3 and 8 classes.

In Miss Reiff's Latin 3 periods 1 and 3 classes Anita Ferber, Lee Jackson, Mary Keegan, Martha Lanning, Steve Lowlands, David Meek, Fred Schoen, Richard Waterfield, Barbara Buckles, Pam Christensen, Barbara Gantz, David Lipp, Diane Leath, Karen McFariand, William Mueller, Ronald Russell, Patricia Nettrour, Barbara Spears, and Loraine Stone received the highest grades on a quiz covering translating.

On a recent Biology 1 test in Mr. Yoder's period 4 class Gary Probst received a perfect score. James Mann, Bill Tucker, and Craig Van Gough received the next highest scores.

The test was over the chemical elements and compounsd essential to living organisms.

In one of Mr. Motz's period 6 gym classes the student leaders are Bruce Winn, Jack Sanderson, Bob Rodecker, Tim Grodrian, Art Cross, Mike Carter, Roger Vorholzer, Fred Schoen, Dave Smith, Victor Pierson, William Hartsing, Mike Collins, Bob Herzog, and Alan Mitchell.

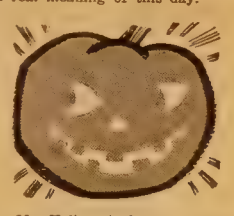
Student leaders elected in Mr. Motz's other period 6 class are Dick Hirschberg, Greg Lantzer, Ray Lora, Rich Parke, Mike Ewald, Karl Bandemer, Ken Leakey, and Joe McClure.

Also Don Hudson, Tom Irmscher, Tom Neuenschwander, Dennis Truitt, Steve Griffin, Barton Bailey, Dale Hilsmier, and Mort Platupe.

Miss Arber's periods 4 and 7 English 3 students have been doing research into the Elizabethian age and the age of Julius Caesar in connection with the study of the play, "Julius Caesar."

English 2 students in Miss Arber's class have been studying the form of the one-act play.

High grades were made on a literature test by Robert Current, period 1; Sheldon Sheray, period 2; and Mike Lovette, period 6.



In Mr. Havens' BOM classes high grades were made on a test by Bruce Chaney, Betty Jackson, Frita Garsos, and John Irmscher.

All of Mr. Storey's classes have completed the unit on demonstration speeches without props. Next they will take up animated narrations. This is to be an actual, personal experience suitable in narration. They can also be based on fiction.

Miss Mary Crowe's U.S. History 1 classes took time to observe the 467th anniversary of Columbus' discovery of America, October 12.

Janice King, Annette Plesniak, Cindy Miller, Susie Scott, and Becky Davis used poems, biographical material, and a short story to interpret the real meaning of this day.

In Mr. Hellman's Latin 1 period 4 class Suzanne Berk made a special report on Hannibal. In the same period Peggy Brase mad a poster illustrating the different types of Roman apparel.

Karen Ann Walker made a poster giving the motto of John Hopkins University which is "Veritas Vos Liberabit," meaning "The Truth Shall Make You Free." Shirley Stahlhut made several posters illustrating the mottos of Michigan and Indiana. Shirley is in Mr. Hellman's Latin 6 period 5 class.

Grades of 90 or better were received by the following Latin 1 period 4 students: Sarah Barker, Brian Bennington, Mary Ellen Bowman, Peggy Brase, Dian Bright, Ronald Bultemeier, Judy Clark, Don Dawson, Paul Dolde, Babs Fitzgerald, Mary Fremion, Linda Gernand, Kay Gall, and Ann Gallmeyer.

Mr. Cowdrey's English 5 students recently wrote descriptive paragraphs. The object of the theme was to paint a picture with words.

Basic fundamentals of grammar and composition writing are being studied by the Englis h1 and 4 classes. Also the English 1 students did themes on autumn. The English 4 studetns have been learning how to write letters properly.

Just before the end of the first grading period Mrs. Grimshaw's Spanish classes had a test over all work studied so far this year. In the Spanish 3 classes, only three people received grades above 90. In first period class Carol Link received 97; in the second period class, Davide Conine received 91; in seventh period class, Jeff Roth earned 96.

There were many grades of 90 or above in her two classes of Spanish 1. In the class that meets third period, Celeste Riemen received 90; Ronald Bauer, James Bly, and Marjorie Lampel each had 91; David Lowe received 93.

In sixth period class, 13 students had grades above 90. Roberta Omspach received 91; Mary Meily and Bonnie Strehlow each received 92. Bonnie Byers, Diane Kimble, Linda Neff had 93; Catherine Menze, 94; Pam Buzzard, 96; Sue Hiller, Sue Ann Roemer, Todd Thompson, 98; and Linda Silverman, 99. In all five classes Jeff Baker was the only student to earn 100.

In Mr. Pipino's Biology 1 classes a test was given on everything they have had this semester. In period 6 those receiving high grades are Janet Deihl, 100; Janet Calvert, 96; Janet Dinius, 94; Peggy Schmidt, 96; Terry Smith ,90; Margaret Terry, 98; and Thomas Wooding, 90.

In period 3 the receivers of high grades are Lynn King, 94; Ann Flickinger, 92; Jerry Klaehn, 92; Paul Leipold, 92; Tom Liby, 92; Judith Giehan, 90; and Michael Zehender, 92.

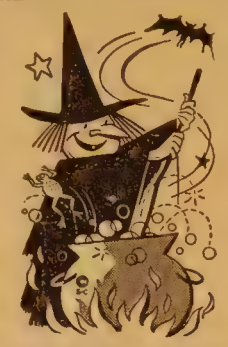
Babette Jones, Larry Lee, and William Wilder received the highest grades on a construction exam on infinitives and participles in Mrs. Redmond's Latin 3 period 4 class. Dianne Ball Steve Shambaugh, and Ellen Stanbery made the highest grades on a test over direct objects of the present tense in the Latin 1 period 6 class.

The girls in Miss Shideler's Home Economics 4 classes are studying different periods of furniture. Included in these periods are The Jacabean, William and Mary, Queen Ann, Chippendale, Adams, Sheraton, French Provincial, and Modern.

Miss Shideler's Home Economics 6 classes are studying the best type of beds for babies to sleep in. After they have selected the correct model, they will purchase a bed for Kim.

On a recent unit test in Miss Perkins' French 1 period 7 class Judy Merrill and Billy Swatz made 100's while Gereane Berry and Mike Houser made 90's or above.

Thirteen students in Miss Perkins' French 1 period 3 class made good grades on a recent unit test. They are Linda Adams, Kay Bradley, Ann Chenoweth, Sally Gelow, Sally McDonald, Gretchen Meister, Jan Martindale, Evilou North, Sharon Possell, Nancy Rose, Joan Rothchild, Terry Smith, and Donna Weinraub.



Ann Plogsterth, Marie Rohn, and John Stein made grades of 100 on a recent test in Miss Perkins' French 1 period 4 class. Grades of 90 or above on this unit test were made by Sally Capps, Sally Freeland, Nancy Gift, Susan Gough, Bob King, Paul Leipold, Jean McGinley, Lavinia Miles, and Karen Miller.

Sewing has begun in Mrs. Smith's Home Economics 1 classes. The girls have a choice of housecoats or pajamas.

Themes are being written in imitation style of Anglo-Saxon poetry in Mr. Morey's English 5 classes.

Student leaders chosen in one of Mr. Motz's period 7 classes are Tim Warren, Don Glass, Tom Marshall, Steve Pratt, Ron Russell, Ronald Shank, Carl Hike, Tyrone Porter, Steve Mueller, Tom Liby, DeWayne Trim, Max Redding, Tom Stephen, Steve Kunkle, and Shepard Jefferson.

In Mr. Motz's other period 7 class student leaders are Jon Bill, Steve McDonald, William Wilder, Dave Zimmerman, John McMillan, Dave Platz, Ken Lowden, Dennis Cook, Bob Toombs, Mike Smith, Dave Pritchard, Bill George, Dean Bordner, and Dave Meek.

Because of the weather conditions, Mr. Holt has been holding inside gym classes of soccer. The classes were rained out of their football tests.

Maps made in Mr. Arnold's U.S. History 1 periods 1, 4, and 7 classes are as follows: The Revolutionary War by Marrie Kasner, Ann Erickson, and Anita Wonderly. To show the place the Revolutionary War was fought, Carole Haag drew a map.

A map of The Seige of Yorktown was drawn by Patricia Worsham. A map of The British Three-Pronged Plan was drawn by Molly Dixon. Katherine Misegades drew an excellent map showing the Historical Statistics from 1789-1945. These maps were made for extra credit.

In Mrs. Luse's Algebra 4 period 1 class Richard Spencer, Grant Osborne, Richard Moser, Bob King, Jim Jackson, Charles Clifton, Mike Church, and Steve Bash made 96 or above on a recent test.

Ken Davis, Kay Falb, and Tim Grodrian received the highest grades on a test over verb forms in Mrs. Redmond's Latin 2 period 3 class. Fred Plothe, and Steve Banet received the highest grades on a translation exam in Latin 4 period 2 class.

Victor Chruchward, Jerry Klaehn, Mary Jo Kraus, Gary Overmyer, David Rodenbeck, and Karen Snavely received the highest grade on a test over direct objects in Latin 1 period 1 class.

On a unit test covering the short story in Mr. Applegate's English 6 period 6 class Judi Dye, Dave Newburn, and Phil Shulze made high grades.

Two highest grades over the short story unit test in Mrs. Spray's English 7 period 5 class were made by Ronald Flickinger and Barbara Wallace.

In Mrs. Spray's English 3 class period 2 the students are interpreting "Julius Caesar" and putting it on the tape recorder. In this way, they plan to improve their reading ability.

In Mrs. Fleck's Art 6 period 4 class exceptional notebooks were handed in by Sandy Grodrian and Susi Smethers. In the same class high test grades were made by Sandra Grodrian, Susi Smethers, Linda Towns, and Sheri DeYoung. Marsha Marschand and Sandy Grodrian are running a close race for best house plan honors.

A test was given in Mrs. Frankenstein's marketing class. Ron Bratemen received 94, Barbara More 93, and Jim Dawson 91.

Grades of 100 were earned on a spelling test in Business English by Judy Cramer, Pat Forehand, JoAnn High, and Barbara Nahrwold.

Barbara Nahrwold, Nancy Ormsby, and Marianne Pinkham received 100's on a spelling test in shorthand.

Mrs. Sosenheimer's English 1 classes are writing compositions. Her fifth period class is writing on their impressions of South Side. Periods 2 and 3 are writing on what they have planned for the future. Thank you letters are being written in the sixth and seventh period classes.

On a test over prepositions in Mr. Sterner's Latin 1 period 4 class the following made perfect scores: Janet Calvert, Sam Carter, Jim Kuker, Sue Lohman, Ann Roatz, Judy Schumm, and Mike Zehender.

In Latin 1 period 2 Dave Aubrey, Barbara Holler, Ann McCoy, Dennis Patton, JoAnn Patton, Karen Ponader, Nancy Sprunger, Betty Stephenson, and Linda Tomson also made perfect scores.

Biology 1 classes of Mr. Ober are studying Chemical Bases of Life.

Optional reports have been given on Hippocrates and Aristotle. Other reports on the ivory-billed woodpecker, whooping crane, whistling swan, and California condor have been given.

In Mr. Coats' English 5 and 6 classes Mary Follis, Ernestine Eldridge, and Steve Anderson scored the highest on a test covering the first 17 chapters of "Jane Eyre."

David Schwalm, Jack Winder, Jim Carter, and Stan Redding gave two original ballads by tape recording in Mr. Coats' English 5 period 1 class.

On a pronoun test given by Miss Pohlmeyer to her English 1 periods 1 and 7 classes Gaynel Musser and Jim Moun earned the highest scores.

Maryanne Clark, Sylvia Ehrman, and Shirley Stahlhut scored the highest grades on a persuasive theme in Mr. Gersmehl's English 6 classes.

Mr. Gersmehl's English 7 classes began the study of poetic analysis, and are beginning the preparation for reports.

Those receiving 100 on a test over "Silas Marner" in Mr. Compton's English 3 classes are Janet Christensen and Dayna Harader. Roberta Twitchell, David Meek, and Tamara Vyhovsky received a 98 on the same test.

Those receiving a 96 on this test are Pamela Bussard, William Carter, David Lipp, Ellen Lowe, Linda Turner, Richard Waterfield, Susanne Kelly, Linda Newell, and Lydia Sutto.

On a test given recently in Miss Ayers' Economic Geography classes high grades were made in period 5 by Genelle Erwin, Dorothy Major, and Phil Rodenbeck. They all received 96's. In period 2 the high grade was made by Peggy Markin who earned a 93.7.

Recent speedball games played in Mrs. Schone's Physical Education 1 classes are as follows: Winners in period 1, Group 1, Teams 1 and 2; Group 2, Teams 1 and 1.

Period 4 winners in Group 1 are Teams, 2 and 1; Group 2, Teams 2, 1, and 1. Period 6 winners in Group 1 are Teams 1, 3, and 1.

Those making above 90 on a participle and infinitive test in Mrs. Welty's Latin 3 period 3 class are Marilyn Block, Elaine Edwards, Diane Fredrick, Steve Mueller, and Cheryl Summers.

Those in period 7 are Joellen Bobey, Susie Bumgerdner, Elizabeth Ellis, Sally Franklin, Dianna Hess, Susanne Kelley, Linda Newell, and Tom Wright.

In Mrs. Luse's Geometry 1 period 2 class Terry Hiff, Alan Mitchell, and Keith Snavely made high grades on a test. On another test, Terry Hoff made the only A.

Karl Bandener, Joe Kraick, Marna Reiber, and Dan Toyas made A's on a recent test in Mrs. Luse's Geometry 1 period 3 class. Joe Kraick made the highest grade on another test.

Eleven students in Mrs. Luse's Geometry 1 period 4 class received high test grades. They are Jerry Blessing, Janet Christensen, Marilyn Cole, Steve Cook, Elizabeth Ellis, Larry Green, Diane Hess, Kathleen Knettle, Frank Lewis, Lee McClymonds, and Bonnie Russell.

Mr. Baker's industrial arts class has finished almost all of the small wood projects. Ken Buchan is making a solid mahogany table. John Hosler is making a slalom ski, and Jim Wolfe is making a mahogany lamp.

Outstanding book reports in Mrs. Emshwiller's English 2 period 1 class were written by Rosemary Capps, David Rood, Susan Moyer, Doug Yaney, Karl Krause, and Betsy Adams.

Those in period 4 who did well are Susan Smith, Tom Erb, Sue Gerig, Linda Seibel, Barbara Altevogt, Erin Rose, Sidney Schenbeckler, and Siegfrid Tagtmeyer.

Ira Hartman, Sandra Stouder, Diane Smith, Marcia Evilsizer, Pamela Punsky, Kenneth Davis, Beth Burnett, Jane Prill, and Bonnie Smith wrote the best book reports in period 7.

Table etiquette at the home and when eating out is being learned and practiced by Miss Murphy's food classes. Some factors being stressed are the duties of the hostess, the duties of the guest, how to serve, and being served.

Laboratory tests were given to all the food classes.

Food demonstrations were given by the following: period 1, Karen Finfrock, Gloria Lothamer, Susan Lotz, and Peggy Marlsin; period 6, Dorothy Dildine, Sandy Etzler, Lynne Frazer, and Susan Getty; and period 7, Margaret Dorsett, Mary Fawley, Martha Grimme, and Alice Habegger.

In one of Mr. Motz's period 6 gym classes the student leaders recently chosen are Bruce Winn, Jack Sanderson, Bob Rodocker, Tim Grodrian, Art Cross, Mike Carter, Roger Vorholzer, Fred Schoen, Dave Smith, Victor Pierson, William Hartsing, Mike Collins, Bob Herzog, and Alan Mitchell.

In Mr. Motz's other period 6 class, the student leaders are Dick Hirschberg, Greg Lantzer, Ray Lora, Rich Parke, Mike Ewald, Karl Bandemer, Ken Leakey, Joe McClure, Don Huhson, and Tom Irmscher.

In Mr. Sage's geometry classes, the great majority of the students did well over the final test on loci. Mr. Sage's Algebra 3 class is now tracing quadratics.

Bob Lohman, Tim Grodrian, Tom Erb, and Joyce Ake made A's on a recent test in Mrs. Luse's Algebra 2 period 7 class.

Archers Term LLA Confab At Cornell Successful; Hawaii, Japan, U.S. Delegates Learn Fellowship

Nine representatives from South Side attended the Luther League of America convention at Cornell University this summer. Those attending were Archers Diane Irmscher, Becky Baughman, Barb Frederick, Carol Miller, Barb Bailey, and Sandra Starke; Archer alumni included Linda Baughman, Linda Vanderford, and Arnold Pierson; and North Sider Jim Sheran.

Sunday morning, August 16, they left Fort Wayne in an ABC bus destined to reach Cornell University at Ithaca, N. Y., by the following evening. On the same day representatives from all the other states in the Union, Canada, Japan, and Africa were making their way to the convention.

All the members of Luther Leagues were eligible to attend the convention, the only qualification being that they signed up by a certain date.

\# \# \#

IN HIGH SPIRITS the Fort Wayne group decorated their bus with signs, one of which said "Cornell—We're Comin'!" However, it rained that day and the signs had to be removed.

The bus trip to Cornell took two days, so the delegates stopped overnight at Theil College in Greensville, Pa.

The following day the bus stopped at a little town named Almira to be safety checked before entering New York. Because the Fort Wayne bus didn't pass the test, the Leaguers had to pile into the other two buses from Indiana; and some had to stand the rest of the way to Cornell. Their luggage, left in the first bus, was to follow later; but unfortunately, it arrived much later than the Leaguers.

During the bus trip the kids sang songs; and some of them, including Barb Frederick, learned how to knit.

When they arrived at Cornell Monday evening, most of the Leaguers were amazed by the beauty of the campus and the surrounding scenery. Cornell University is in the beautiful, hilly, fingerlake region of New York and stands high on a hill above Lake Cuyaga.

The delegates were required to wear skirts to dinner, and since the Fort Wayne Leaguers were in bermudas, and their luggage hadn't arrived yet, they almost weren't allowed to get their meal. Their luggage finally arrived at 7 a.m. the following day, and they were properly dressed for the remainder of their stay.

\# \# \#

THE DELEGATES were divided into workshops in which they learned how to improve their local leagues, and each evening they had dormitory discussions on Christian ideas.

The daily schedule consisted of a business session, a Bible study session, and a workshop. Delegates could attend any number of these meetings they pleased. After supper they were shown a Luther League film, then there was dancing in the cafeteria, and curfew was at 11 p.m.

Some of the Cornell students were attending the summer sessions at the time of the convention. During their free time some of the Leaguers attended the students' recorded jazz sessions. There Barb Frederick saw what she described as an "ivy league beatnik" with a "beard in front and a belt in back."

The representatives from each state had a different symbol. Ohio, the Buckeye State, had hats made out of dollars with two eyes on the front. Indiana delegates had speedway hats.

Some of the states distributed souvenirs to the delegates. Hawaii gave baby orchids to all 2,000 delegates. New Jersey gave slivers of the Atlantic City boardwalk to each of the delegates and a whole plank to the Reverend Mr. Conrad, adviser of Luther Leagues of America.

The delegates roomed with delegates fro mmany different places, but Sandy Starke, Linda Baughman, and Linda Vanderford got to room together.

\# \# \#

ALL THE FORT WAYNE Leaguers agreed that the convention was a marvelous experience. "To live with, worship with, and work with people of different races was the most rewarding experience I've had," said Barb.

Sandy Starke said, "I will never forget this experience."

"The LLA convention was a great inspiration to me. I learned the true meaning o ffellowship during this unforgettable experience," said Diane Irmscher.

On August 26 the Leaguers waved good-bye to Cornell and the convention and headed for home. That night the Fort Wayne Leaguers again stayed at Theil. The Theil students gave a dance for the Leaguers, and so the delegates met many of the college students.

The delegates arrived back in Fort Wayne on August 27. All agreed that they had a marvelous time, met a lot of kids, and gained an experience that would last a lifetime.

Nuclear Physics To Resume Activity

Students interested in the study of the atom are invited to join the Nuclear Physics section of Junior Academy of Science.

The section is now inactive and without a sponsor because of a lack of members, but if enough interest is shown the section will resume full activity and will regain a sponsor.

Members of the section study the atomic bomb, cloud chambers, Geiger counters, and other fascination elements of nuclear physics with the equipment and books available in the physics room. The members also may receive the training necessary for working on the completion of the cyclotron.

Interested persons are to contact Bob Gifford, the section head, or to attend the next meeting of Junior Academy of Science.

Girls' Rifle Club Shows Techniques Of Shooting

The techniques of shooting on the rifle range were demonstrated by the old members at the October 13 meeting of the Girls' Rifle Club. New members took their positions and became accustomed to the sights on the rifles.

The club met on the range October 20, and the members practiced dry fire.

The first actual firing will take place at the October 27 meeting. Sponsors of the club are Mrs. Mildred Luse and Mr. Alfred Hemmer.

Senior B Carolyn Isch Makes School, Special Occasion Clothes

Clothes, clothes, gorgeous clothes of any style and for any occasion. Any clothes-conscious teenage girl would love to find herself in this wonderful predicament. If you are still in the dark from not knowing how to find yourself in such a state of enchantment, lend a good ear to the words below.

Senior Carolyn Isch knows the secret of having a versatile wardrobe of beautiful clothes. All it takes is some thread, material, a well-running sewing machine, and several years of knowledge on the subject of sewing.

Carolyn finds sewing an excellent way to have a varied amount of clothes for her dolls. As the years rolled by up into the seventh grade, Carolyn came to the undebating conclusion, that sewing really was for her.

Now, Carolyn makes all of her clothes for school and social occasions. She also enjoys sewing clothes as gifts for her family and friends.

During the summer months, and on Saturdays, it is not surprising to find Carolyn surrounded by pins and needles. Carolyn has never regretted being at a sewing machine when she turns out such lovely creations.

Last year Carolyn made her own Junior Prom dress of blue silk organza. This stunning formal is ballerina length in front, and reaches to the floor in back. The dress is set off by a blue taffeta cummerbund.

Another outfit Carolyn is especially proud of is a red wool pleated skirt with a middy top. Right now Carolyn is concentrating on a camel-hair coat.

As you have guessed, sewing takes up quite a bit of Carolyn's time, but swimming, tennis, and ice skating help to fill her well-rounded agenda.

Carolyn is taking Chemistry 1, Speech 1, English 7, and Home Economics 5, which no doubt has helped her greatly in sewing.

After high school, Carolyn certainly isn't going to throw away all those happy hours behind the sewing machine. She plans to study textiles at Purdue University.

All right girls, now that you've found the secret of having an extensive wardrobe, run to your favorite store and buy a sewing machine.

Mexico To Be Home Of Former Teacher

Former home economics teacher Mrs. Barbara Leif D'Unger spent a month in Mexico this summer, honeymooning with her husband.

Mr. and Mrs. D'Unger thoroughly covered Mexico, visiting many of the country's cities and resorts. The major part of their stay was spent at the capital, Mexico City.

The couple is planning to live in Monterrey permanently, where Mrs. D'Unger will work.

Frosh John Bailey Builds Transistor, Hears From Abroad

Wouldn't it be wonderful to be able to listen to people in Rome, London, Calcutta, and Peiping discussing the problems of the world in which they live? John Bailey, 9B, is one of the few people who are able to do this. He built his own transistor radio and now listens to people in foreign countries.

John built the transistor radio because he likes to work with radios and plans to become an amateur radio operator.

He believes that one of the best things about the transistor radio is that he is able to listen to people all over the world who speak of freedom and democracy.

John wants to make the radio business his occupation, so building the transistor was something that he enjoyed very much. He would also like to build more electrical projects.

John, a freshman on the college preparatory course, is taking English, algebra, biology, and Latin.

Math Club To Meet Today

A meeting of the Math Section will be today at 3:30 p.m. in Room 36, instead of November 5, as it was originally announced.

The topic for the discussion, "Number Systems With Bases Other Than Two and Ten," will be led by Mr. Richard Sage.

Grad Kitty Stevens Member Of Ice Show Achieves Dreams

Kitty Stevens, South Side graduate of 1959, has had her prayers answered. She is a member of the chorus in "Holiday on Ice of 1960." Many of us saw Kitty when "Holiday on Ice" was in Fort Wayne recently.

"It has always been in my mind to make a career of ice skating," says Kitty, "but it was not positive until this year."

She received her first pair of ice skates when she was six years old, and she has been skating now for 12 years. "I intend to skate all my life," Kitty added.

She attended two six-week summer skating schools at the Allen County Memorial Coliseum plus a winter season and other occasional lessons at Troy, O.

Her first instructor was Nino Minelli for just a few lessons at Troy. Then for one entire winter, she took lessons from Lois Williams in Fort Wayne. Kitty's two summer sessions of skating were taught by Mr. Minelli and Mimi Pong Page.

\# \# \#

Mr. Minelli is an internationally-known pro from Switzerland and a double gold medalist. Mimi Page is a gold medalist also and well-known in skating circles across the country. Lois Williams is a former professional skater and was line captain with "Holiday on Ice" several years ago.

Through Lois Williams, Kitty made application at New York for an audition. An advance agent for the show gave her an audition at the Coliseum and authorized her to go to Sioux City, Ia., for a tryout for summer rehearsal. It was at this time that Kitty's dreams were fulfilled. She is a member of the chorus at the present time and is skating in six numbers.

Officials of the ice show judge the newcomers on their ability to skate, if they have passed any figure skating tests, appearance of the girls and experience in ballet and acting.

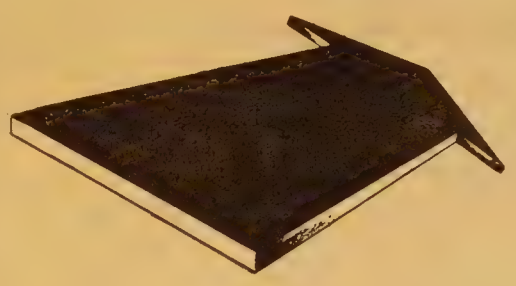
To go to Europe or South America, which Kitty hopes to do some day, she must stay with this company for several years and then ask for a transfer to the other tour.

Kitty's first ice skating awards came in 1953 when she placed second in both the 110 and 220-yard races in the city-wide skating championships here. The following year she took first in these two events. Kitty also established several records in competitive races here, and still holds the best marks in the indoor 220-yard senior event and the outdoor 220 and 440-yard events. Other records she established have since been broken by her sister, Barbara, who is a sophomore at South Side.

\# \# \#

On the figure-skating side, Kitty has passed her preliminary tests, numbering three in all. She also has passed nine tests in the field of dancing.

Kitty formerly was a member of the old Fort Wayne Figure Skating Club and the present Fort Wayne Skating Club. However, now that she is a pro, she no longer is eligible for amateur clubs.



When asked if she was glad the show was playing in her home town, Kitty replied, "Yes, it is so good to look out in the audience and see so many people I know."

In the February 9, 1956, issue of the South Side Times, a picture of four girls, including Kitty, appeared under the caption, "Skaters' Waltz Is Theme Song of Four Ice-Conscious Lassies." They were referred to as ice stars of 1960 and sure enough it came true for Kitty Stevens, for she is now a regular member of the cast in "Holiday on Ice of 1960."

Reading Time, 1 Minute, 45 Seconds

STUDENTS -- NOTICE!

Show This Message to Your Parents. Abraham Lincoln was a Fearless Republican, and He Said:

"Let the People Know the Facts and the Country will be Saved"

--and here Are the Facts...

NINETY-FOUR PERCENT (94%) of our National Debt was created by the Democrats. And so when you get to the tax paying age you can say to yourself, "this is an inheritance from the Democrat Party." The fruit of this wild spending has helped cause today's inflation.

Give This Some Thought

Fort Wayne had an offer for a "Free Way" which would have cost about EIGHTEEN MILLION DOLLARS. This was to be paid by the Federal Government Gasoline Fund. And this was when Burns was "in the saddle." They muffed it . . . and it would have helped solve our traffic problem. So you can say to yourself that Burns and the Democrats cost the taxpayer of Fort Wayne EIGHTEEN MILLION DOLLARS!

And during this time in office the accounts receivable at the City Owned Utilities went sky high . . . all because of negligence. As buyers of fuel they spent 25 to 40% more for inferior quality. And this cost the taxpayer hundreds of thousands of dollars. And still he, Mike Burns, talks about "experience" . . . the question is, "WHAT KIND OF EXPERIENCE?"

Why Take a Chance?

The Republicans in recent years brought about BAER FIELD at a cost of only $125,000. TODAY Baer Field is worth at least TWO and ONE-HALF MILLION DOLLARS plus rendering a great service to the community. Nickel Plate Elevation was the result of Republican planning.

Hundreds of miles of streets have been resurfaced in the last three years — not with your direct tax dollars — but with Gasoline moneys received from the State of Indiana.

Water and sewage disposal plants have been enlarged and made more adequate. Numerous street lighting systems have been installed at busy intersections to help facilitate traffic at nighttime. The Cloverleaf lighting system received national acclaim. Several intersections also were redesigned to speed up traffic flow. New dikes have been built for flood prevention. New schools have been built . . . in fact accomplishments have been so many it would be difficult to list them all here.

Protect Your Future!

Vote for Dick Fishering for Mayor

and the Entire REPUBLICAN Ticket

NOTE --- our Country today enjoys GOOD LIVING and we DO have PEACE . . . NO daily list of War dead because of Democrat Wars!

Thomas A. Gallmeyer, County Chairman — ALLEN COUNTY REPUBLICAN CENTRAL COMMITTEE, Harrison & Wayne St., Fort Wayne, Indiana — Orvas E. Beers, City Chairman

The Goblins Will Get You!

. . . if you don't watch out!

Penny
She's The DAR
Citizen Of The Year

The South Side Times

Beat CC
Bring Glory To Your Name
Win The Last Game

Vol. XXXVIII—No. 8 | South Side High School, Fort Wayne, Indiana, Thursday, November 5, 1959 | Price Ten Cents

Penny Hunt Named Archers' DAR Citizen

Qualifications Include Dependability, Service, Leadership, Patriotism

Penny Hunt

Penny Hunt, Senior A, has been named winner of the DAR Best Citizen Award. By fulfilling the requirements set by the DAR, Penny was chosen by the school.

The citizenship award, sponsored by the Daughters of the American Revolution, has certain qualifications that the winner must possess. These qualifications include dependability, service, leadership, and patriotism. South Side has always made it a policy to choose a good student.

"I was so overcome and thrilled I couldn't believe it," stated the winner. Penny continued, "I was called out of class into Miss Van Gorder's office. She asked me to sit down, and then she proceeded to read the announcement to me. I was shocked!"

Penny said that it is a very nice honor and she will try her best to do a good job on the test.

English, government, chemistry, and French are occupying Penny's school time.

Her extra-curricular activities include service in the chemistry laboratory and in the Totem office, associate editor of the Totem, vice-president of Philo, membership in the Assemblies Workshop, and participation in the 1500 Club.

In the past, Penny has been program chairman of Meterites, secretary of 36 Workshop, vice-president of 1500 Club, and a bookhead, copy editor, and a writer on the Times staff.

Besides school activities, Penny is vice-president of P.F. at her church, and is a member of the State Faith Commission.

Saturday, at 9 a.m. in South Side's study hall, Penny competed with 28 others from northeastern Indiana high schools in a test to determine the area winner. Each girl was given a code number which appears on the test instead of the contestant's name. The code system will eliminate any prejudice in grading the tests.

The best of these papers will be sent to Indianapolis for the selection of a state winner who will receive a $100 bond.

Certificates and pins will be presented to all winners at a social event in the spring.

The theme of this year's award is "Faith of Our Fathers Living Still."

PTA To Give Chili Supper

The annual Chili Supper sponsored by PTA will be November 17 from 5:30 p.m. to 7 p.m. The public is invited to attend. This year's menu will consist of chili, sloppy joes, ham sandwiches, potato chips, salads, dixie cups, pies and cakes, apple sauce, coffee and milk. All food for the supper will be very reasonably priced.

A bake sale will be held this year. The homeroom mothers will call mothers of the homerooms asking for help. The mothers will be asked to bake either pies or cakes, or to help in the kitchen.

Mrs. Lowell Redding has been chosen chairman for the event with Mrs. Stephan Capps and Mrs. James Demetre as her co-chairmen.

Class chairmen working on the committee are as follows: freshmen, Mrs. Howard McVay, chairman; sophomore, Mrs. Allen Sheldon, chairman; junior, Mrs. Norman Miner, chairman; senior, Mrs. Norman Rolf, chairman.

The Ways and Means class chairmen are Mrs. Louise Harsch, freshman; Mrs. Charles Harrod, sophomore; Mrs. Walter Vollmer, junior; Mrs. Frank Goldman, senior.

Underclass Pictures Scheduled Nov. 9, 10

Underclass pictures will be taken next Monday and Tuesday by Mr. Ward of the National School Studios.

The pictures will be taken in Room 118 during the English classes. Pictures of those students who are not taking English and are new to South Side will be taken during their study hall.

The Totem staff will provide Mr. Ward with two students each period to assist him by writing the students' names on the envelopes.

The schedule for the picture-taking will be issued on November 6.

Directories Compiled By Hi-Y Club

"This year the Hi-Y directories will feature each students' homeroom number as well as his or her name, address, and telephone number," commented Terry Berk on directories at the Hi-Y meeting Monday night in the Assembly Room of the YMCA.

The directories also include information concerning the clubs and various activities at South Side. This information consists of the principles of the Hi-Y Club, the sponsor, dues, meetings, and qualifications for membership. The directories are largely due to the work of Steve Bash and Bryon White who are the Hi-Y directory committee chairmen.

The entertainment portion of the meeting consisted of a speech, "American Finance and National Banks" by Mr. Earl Schwalm, president of the Lincoln National Bank and Trust Company. Mr. Schwalm's speech included information on finance, stocks, and bonds.

The meeting next Monday night will feature Mr. Jay Broad, director of the Civic Theater, who will speak on "The Modern Theater."

Archers Attend Hearing; Safety Views Discussed

Senior Larry Cooper and Junior Bill Stellhorn attended a public safety hearing of the Indiana Legislative Study Commission of Traffic Safety, Wednesday morning, October 28 in the County Room of the Coliseum. About 70 students were present representing high schools from Fort Wayne and several surrounding counties.

The purpose of the meeting was to get views from teenagers about traffic safety for study by the commission before recommendations for legislation.

Teenagers unanimously agreed that the present driver examination is not tough enough, and that beginners' licenses should be held for at least six months. They also felt that driving classes do not offer enough behind-the-wheel training.

Indiana Senator Martha Burnett opened the meeting with a brief explanation of the state legislature and of the purpose of this meeting. Lieutenant Ted Butz, head of the Safety Education Division of the Fort Wayne Police, then spoke briefly on driving, and suggested some possible topics for discussion.

Questions discussed included: Should driver training be a license requirement for persons under 18? Should a longer beginners' permit be required for persons who have not had the course? Could the course be conducted after school or on Saturday?

The Legislative Safety Commission itself is a group of six people appointed by the governor. Members of the commission are Senators Burnett and Eugene Bainbridge: Representatives L. Parker Baker and John E. Mitchell; and two non-legislative members, Phillip C. Johnson, Mooresville, and James D. Blythe, of the Indianapolis Power and Light Company.

Juniors Will Symbolize 1959 Events At Banquet

Affairs To Be Portrayed On Tables; Newspaper Will Pronounce Theme

SLAVING AWAY . . . Working diligently on preparations for the Junior Banquet, "This Wonderful Year 1959," scheduled for Friday, the 13th of November, are Trudy Bachman and Donna Preston, seated. Offering their help are Ann Plogsterth, Nancy Vanderford, and Martha Price, standing.—Photo by Thompson

The events of the year 1959 will be symbolized throughout the cafeteria for the Junior Banquet, "This Wonderful Year 1959," which will be Friday, November 13, in the cafeteria at 6:30 p.m.

The tables are to be placed in a V-shape, with the happenings of the year, both in school and out, portrayed on them.

A large newspaper will be displayed behind the head table, with the title, "This Wonderful Year 1959."

"We have 500 tickets to sell, so let's get busy," stated Bob Shine, ticket chairman.

The tickets will go on sale November 5 and have to be sold by November 10. Tickets will cost $1.65.

\# \# \#

HOMEROOM representatives selling tickets are Carol Abramson, Cafe B; Susan Getty, 12; Marcia Zelonis, 14; Nancy Swain, 34; Pat Jacobs, 38; Joan Rothchild, 44; Gene Jacobs, 50; Jack Harms, Jane Hunter, 56; Bonnie Shug, 64; John Stein, 66; Linda Meyers, 79; Jody Reiff, 84; Susie Stuffer, 88; Annette Plesniak, 94; Lesley Malone, 98; Val Callahan, 150; Becky Davis, 184; Molly Dixon, 186; and Susan Bond, 188.

Pam Olsen and Tom Ogles, publicity committee chairmen, plan to display posters throughout the school. Announcements will appear in the South Side Times as well as the city newspapers. Joan Stanton is in charge of announcements over the PA system.

\# \# \#

PUBLICITY COMMITTEE members are Mary Spindler, Lucille Palvich, Joan Stanton, Ann Erickson, Judy English, and Jim Somers.

Nancy Vanderford and Ann Plogsterth are in charge of program designing. The programs will follow a newspaper theme and will contain the events of the banquet.

Members of the decoration committee are Barbara Dicker, Rick Busch, Phyllis Redding, Sally Capps, Beth Curley, Ruby Martin, Diane Irmscher, Jack Winder, Linda Meyers, Diane Meyers, Susan Getty, Sylvia Ehrman, Pam Brown, Gene Jacobs, Linda Amos, Jack Harms, Nancy Gift, John Biteman, and Bonnie Bender.

Speech Meets, Contests In Future For Wranglers

"Wranglers will stage a freshman-sophomore speech meet on November 9, at 3:30 p.m. in the Greeley Room," stated Geri Geller, president. She also remarked, "This is the first time such a meet has been held for several years, and by the response already shown, we believe it will be very successful."

Competing in the humorous division will be Aletha Staight, Carol Ladig, Nancy Goebel, Erin Rose, and Karen Simmons. Joyce Brittenham is the head judge in the category.

Dramatic interpretation contestants are Diane Saalfrank, Marcia Evilsizer, Sherry Martin, Sally Franklin, Judi Hollister, Joyce Pollitt, Margaret Terry, Janet Christensen, Martha Dixon, Caron Fine, and Diane Fredrick. Head judge here will be JoAnn High.

Dan Schwartz, Sally Boyer, and Ron Ehrman will compete in the radio section, with Barb Eggeman presiding as head judge.

Diane Beams will choose judges to help her in the poetry division; and Barb Spiers, Marilyn Cole, and Joanna Goble will be the contestants.

November 7, Wranglers' members will travel to Howe Military School for its annual inexperienced speech contest. Participating in humorous interpretation will be Sharon Lake, Judi Wilburn, Ellen Crowder, Sue Hiller, Carol Ladig, and Carole Oxenrider.

Dramatic interpretation participants will be Annette Plesniak, Diane Fredrick, Sue Springer, Judy English, Sandy Landree, Susi Knight, Margaret Terry, Joyce Pollitt, Janet Christensen, Susan Menze, and Marsha Evilsizer.

Extemporaneous speakers will be Marilyn Miner and Susie Vesey; and Dieter Hillerbrand, Judy Snelling, and Linda Adams will compose South Side's entries in original oratory.

Oratorical speeches will be given by Ron Ehrman, Sally Franklin, and Marilyn Cole. Student judges will be Joyce Brittenham, Diane Beams, Geri Geller, JoAnn High, and Janet Terry.

November 4 the school Voice of Democracy contest was held. Finalists were Joan Stanton, Chuck Weinraub, Jim Carter, Gretchen Meister, Diane Saalfrank, Joan Novitsky, Katherine Misegades, Deiter Hillerbrand, and Janet Terry.

November 5 is the date for the school Rotary contest. The winner of this meet will compete with students from other Fort Wayne schools on November 16 at the Rotary Club. The topic this year is "Paths to Peace." Finalists for the school contest are Janet Terry, Joan Stanton, Gretchen Meister, Molly Dixon, Diane Irmscher, Jim Carter, Judy English, Carole Oxenrider, and Deiter Hillerbrand.

Mr. Jay Broad To Give Speech About Theater

Jay Broad, director of the Civic Theater, will speak on theater in the round at Masque and Gavel meeting today in the Greeley Room. The meeting will start promptly at 3:30 p.m.

This field is one of his primary interests and he worked in this type of production at Warsaw during the summer.

Mr. Broad, a well-known civic leader in Fort Wayne, is a graduate of Penn State University. In the Army, he served in the European theater of operations and wrote for the Army newspaper, "The Stars and Stripes."

As an actor, he has played a variety of roles including Stanley, in "A Streetcar Named Desire"; Deeter Lester, in "Tobacco Road"; and Elwod Dowd, in "Harvey."

He is also highly experienced in the field of play direction, and before coming to Fort Wayne he worked at Erie Playhouse, Lake Shore Playhouse in Buffalo, Brookside in Altoona, Pa., and Elmira Little Theater in New York. He is currently in his third season at Fort Wayne's Civic Theater.

Library Obtains New Fixtures

New draperies, paintings, and planters complete the decor of the new library in Room 114.

The library is the only school room in South Side which has draperies decorating its windows. Because of the lack of sun on the north windows, venetian blinds were decided unnecessary. After careful scanning of drapery material, Miss Price chose striped poplin which blends with the wall paint.

Several prints from outstanding artists adorn the library's south wall. The prints were taken from print catalogues and will be changed from time to time.

The Chinese evergreen, ivy, and philodendron plants in the library are held in new wrought-iron planters. The planters have a leaf pattern and were painted spice beige to blend with the wall coloring.

In addition, Mr. Murray is planning to build wrought-iron gates for the sides of the library desk.

These new accessories should help to create a more pleasant and comfortable atmosphere in the library, establishing an enjoyable place to study.

South's Band To March In Veteran's Parade

The South Side marching band will march in the Veteran's Day Parade on November 10 at 8 p.m. It will be held in the downtown Fort Wayne area.

The marching bands from the other high schools in this vicinity will also be there, in addition to the other organizations which customarily march in a parade.

G.E. Apprentice School Offered

For boys who are interesting in working as a machinist-toolmaker or draftsman after graduating from high school, General Electric has announced that the Fort Wayne Apprentice Program will have openings in these fields for graduating students.

Requirements include one year of algebra, geometry, and physics or chemistry. If possible, geometry is recommended.

The training would be on a college level. The apprentice work may be completed in three and a half years or can be continued if desired.

All information on class entrance fees, opportunities and any other questions may be answered by the guidance office.

Church Concert To Be Given By Music Group

A small singing group chosen from the outgoing choir will perform November 7 at 7:45 p.m. at Waynedale Methodist Church.

Songs which will be presented by this group at Waynedale will include "It's a Grand Night for Singing," by Rodgers and Hammerstein; "If I Loved You," by Rodgers and Hammerstein; "Autumn Leaves," by Johnny Mercer; "Li'l Liza Jane," by Lyn Murray; "Me and My Shadow," by Hawley Ades; and "Wells Fargo Wagon," by Meredith Willson.

A special trio, composed of Kathi Lee, Janet Long, and Loren Stanski, will present the popular song, "Three Bells."

Mr. Lester Hostetler, music director, announced, "This group was chosen on the basis of attitude and ability. They will present many concerts throughout the year when the entire outgoing choir cannot be used."

Sopranos include Joyce Brittenham, Sunny Kaade, Sandy Landree, and Janet Terry. Carrying the alto part will be Barb Frederick, Kathi Lee, Janet Long, and Marcia Mosel.

Lynn Gall, Grant Osborne, Jim Saylors, Marcia Swathwood, and Jack Winder will compose the tenor section; while Chuck Jellison, Bob Pfunstein, Nick Roembke, Dick Rothberg, Steve Seppenfield, and Loren Stanski handle the bass.

Veterans' Day Declared Holiday By Governor

All public schools shall be closed on Wednesday, November 11 since Governor Handley has signed an act declaring Veterans' Day as a state holiday.

Mr. Sterner Will Head Latin Group

Mr. Earl Sterner, Latin teacher, was recognized and honored for his many years of teaching Latin and for his interest in the classics. He was elected president of the Classical Section in Indianapolis of the Indiana State Teachers Association during October 22 and 23 for the year 1960.

The Classical Section is designed for teachers of Latin and Greek. Although Greek isn't taught in Indiana high schools, it is taught in the colleges and college instructors may be members of the Classical Section. The Classical Section meets in the Antlers Hotel with a morning session, a luncheon, a speaker, and an afternoon session. About 100 teachers attend this meeting.

Mr. Sterner will be responsible for the planning of the program for the Classical Section in Indianapolis, next year. There are usually one or two speakers on the subject of the classics, panel discussion on some phase of teaching Latin, and Latin plays by some high school in the state.

Mr. Sterner has no fear when some people talk about Latin being a "dead language."

At the present time more than 600 students are enrolled in the Latin department. Mr. Sterner has 22 students in his third year Latin class and that is the largest advance class since he has been at South Side.

Students Compose Essays For United Nations Contest

What does the United Nations really mean to you? A contest entitled "The United Nations' Pilgrimmage for Youth" is being conducted at South Side.

It is a national contest in which different sections of the United States are divided into districts with one school representing each district.

Each year the Odd Fellows Lodge of Fort Wayne chooses a school to represent our district. In the two previous years North Side High School and Central High School were chosen.

The purpose of the contest is to offer the student a chance to express his individual views concerning the United Nations and the work it is doing towards creating world peace.

A student may enter this contest by writing an essay on the theme, "What the United Nations Means to Me." It is purely on a voluntary basis.

The essays are to be completed by January 30. At this time, the United States history teachers will choose five or six of the best essays from all of the classes.

Then a committee consisting of teachers, excluding history instruction, will select the essay which shows the most originality and is the most meaningful.

The winning entry will then be asked to give his speech before the Odd Fellows Lodge members. He will also have to take a short written examination.

If he is found to be a suitable and capable representative for our district, he will be awarded a trip to the United Nations Building in New York City and other prizes.

Three Music Groups To Give Next Assembly

"The orchestra, symphonic band, and concert choir will perform in the fall music assembly to be presented Wednesday, November, 18 in the school gymnasium," announced Mr. Robert Drummond and Mr. Lester Hostetler, music directors.

The orchestra will present "Minuet in Four," arranged by Paulson; "Russian Sailors' Dance," by Gliere; and "Variations on 'Pop Goes the Weasel'," arranged by Cailliet.

A march by Goldman, "Alouette," and an English "Folk Song Suite," by Vaughan Williams, will be played by the symphonic band.

Songs by the choir will include "You Are Beautiful," by Rodgers and Hammerstein; "Oh, What a Beautiful Morning," by Rodgers and Hammerstein; "Autumn Leaves," by Johnny Mercer; "Give Me Your Tired Your Poor," by Irving Berlin; and "Wells Fargo Wagon," by Meredith Willson.

A trio composed of Jim Saylors, Lynn Gall, and Marcia Mosel will add the popular song, "Three Bells," as an encore. Accompanying the choir will be Sally Capps, Sandra Yaggy, Sharon Probst, and Diana Meyer.

Welch Elected Prexy Of Boys' Rifle Club

Monday, November 9, the Boys' Rifle Club will meet at 3:30 p.m. on the rifle range, according to an announcement by Mr. Stephen Berg, sponsor of the club.

High scorers on the rifle range at the last meeting were David Schele, Michael Seaman, and Kerry Nidlinger, who are new members. Old members who made high scores were David Lane, Sam Shinabery, Michael Durnell, David Welch, and William Batchelder.

The club hopes to have a team in the near future and compete in matches with other schools.

The officers for this semester are Dave Welch, president; Dale Smith, vice-president; Bill Batchelder, secretary-treasurer; and David Lane, assistant secretary-treasurer.

Camera Club To Be Tuesday

Camera Club will meet next Tuesday in Room 112 at 3:30 p.m. to discuss darkroom techniques and to elect officers.

Roger McNett presented a talk entitled "The Camera and How It Works" at the October 27 meeting.

Theme Chosen For Assembly November 25

"'We Gather Together' has been chosen as the theme of the annual Thanksgiving Assembly, Wednesday, November 25, at 8:20 p.m., in the South Side gym," stated general chairman Beth Golden. Parents, friends, and alumni are invited to attend.

Those assisting Beth are Dick Rothberg, chairman of the script committee; scriptwriters, Steve Myers, Carol Purdy, Carol Szink, Richard Dailey, Bessie Perguson, and Beth Golden; presentation chairman, Sylvia Ehrman; Steve Bash, main stagecraft chairman; and individual stagecraft chairmen, Penny Hunt, Sally Burton, Sally Gelow, Tom Felger, and Susie Slick.

Mr. William Applegate, sponsor of both Assemblies Workshop and Masque and Gavel, has given his approval of the people who will have the lead parts. They are: narrator, Merle Baldwin; modern mother, JoAnn High; modern father, Steve Meyers; daughter, Gretchen Meister; and son, John McNett.

Two Kellys To Be On TV Elektra Club

Susie Hines and Janet Lawry will represent South Side on the Elektra Club program, Sunday, November 8, at 5:30 p.m. on WANE television.

Reporters for the November 8 program will be John Bentz, North Side; Bea Rice, Elmhurst; Norbert Walz, Central Catholic; Susie Hines, South Side; Lewis Lantz, Central; and Don Luepke, Concordia.

Panelists include Elizabeth Arnold, Central; Richard Wiegman, Concordia; Becky Wright, North Side; Louise Newhard, Elmhurst; Jerry Eggers, Central Catholic; and Janet Lawry, South Side.

"What has 'The Fix' done to television?" is the subject to be discussed by panel members.

Totem Questionaires Distributed Today

Totem questionaires concerning activities and honors during their four years in high school will be distributed to seniors during homeroom period today. Totem agents are asked to have these filled out and to return them to the Totem office today.

Successful Campaign Ends As Totem Goal Surpassed By 250

Number of Subscriptions Reaches 1,750; Balance Deadline Is December 11

STEP RIGHT UP . . . . Get your Totems here, folks! Swarming around Totem agent Chuck Jellison in an effort to get their 1960 yearbooks before the end of the campaign are, counter-clockwise, Bob Hendrickson, Susi Horth, Sue Rousseau, and Jim Carter.—Photo by Thompson

"Our Totem campaign was a success. The goal of 1500 subscriptions was surpassed by 250, thus making our final total on Friday night, October 30, 1750 subscriptions. The entire Totem staff is very pleased," stated Carol Miller, co-circulation manager.

Although the Totem campaign is officially over, students may still purchase a Totem from their homeroom agents. However, an additional 25 cents must be paid in order to have their name imprinted on the cover of their yearbook. All students who made a down payment before the end of the campaign will get their name imprinted free on the cover of their Totem.

High salesman for the senior class was Nancy Ormsby, who will receive a free Totem. Underclassman high salesman was Debbie Brooke, who will also receive a free Totem. "To these winners and to all the other Totem agents who worked so hard, the Totem staff wishes to express their thanks and the sincere hope that these agents will continue the good work," stated Geri Geller, co-circulation manager.

\# \# \#

THE ENTIRE balance of the Totem, $3.00, must be paid by December 11. Underclass pictures may still be purchased for 35 cents; however, no more senior class pictures may be purchased, since the deadline was Friday, October 30.

Agents for the Totem are Delores Shadowens, 2; Jane Whitenack, 4; Ann Arnold, 6; Jim Feustel, 8; Karl Bandener, 10; Judith Follis, 12; Nancy Vanderford, 14; Bryan Sexton, 22; Mary Jane Keegan, 24; Rhonda Roehm, 26; James Ten Eyck, 28; Alan Mitchell, 30; Tom Shine, 32; Paul Sorg, 34; Peggy Brase, 36; Diane Kimble, 28; Joan Rothschild, 44; Leanna Morris, 46; Jerry Holliday, 50; Phil Spray, 52; Allen Purdy, 54; Carol Ann Hildebrand, 56; Iva Dell Anspach, 58; and Anna Mae Chen, 60; Diane Petznik, 61; Barb Collier, 62;

School Activities Featured During Education Week

WHICH BOOK, NOW? . . . At upper left, Jim King Dianne Ball, in the center of photo, help students in their selection of books in the school's spacious new library. Its fine facilities have already proved a great help to students.—Photo by Thompson

MUSIC MASTERS . . . At lower left, Martha Lanning and Rosemary Capps "fiddle away" in orchestra under the direction of Mr. Robert Drummond. Archer students interested in music can develop their talents in South's excellent band, orchestra, and choral program.—Photo by DeHaven

WITCHES' DELIGHT . . . In upper right, adding another ingredient to their boiling caldron in the chem lab are Pat Krebs and Jan Kessler. Students in chemistry, just one science course offered at South, get actual experience through experiments in the lab.—Photo by DeHaven

READ FASTER! . . . In lower right photo Barb Dicker and Mary Beth Foote increase their reading speed and comprehension in developmental reading class. This new course helps students become more proficient in their other studies through improved reading ability.—Photo by Thompson

Principal Evaluates School Instruction

By R. Nelson Snider
Principal, South Side High School

The nation-wide observance of American Education Week should remind us of the fact that Americans generally have a profound, if uncritical, belief in the public school system. No other nation, at any time in history, has furnished so much educational opportunity to so many of its citizens.

From early colonial days, through the early years of our Republic, and down to the present, leading individuals, state legislatures and the federal government have spoken, worked, and voted to support an ever-increasing educational opportunity for the youth of the country.

This individual and group interest, and the fact that every citizen is close to the operation of the public schools, have led to periodic examination, and criticism, of this operation. At no time have this interest and criticism been keener or more searching than now.

* * *

MANY PEOPLE in the school systems of our country know, and believe in, better educational programs than are now being operated. The schools belong to the people of the communities in which they are located, and the school administrators cannot move more rapidly than the citizens will permit. It is at this point that we have a conflict of values.

If the school administrators and teachers think the school should have additional library facilities, provisions for more laboratories, and special classes for the gifted youth, and the community thinks the money available should be spent for a spectators' gymnasium or lights for the football field, the wishes of the community usually prevail.

If the school wants to provide a more expensive program to enable every student to develop to his greatest capacity, and the community thinks a hot lunch program is better, the wishes of the community will be followed. In a nation as rich as ours, both programs should be supported, but to date, choices have been made time after time against the better educational effort.

* * *

THE NEED has never been greater for a strong system of education, for the future here will belong to those with the best education, and the world will be directed either by brute force or by those who are wholly educated. Within our own nation the number of unskilled positions is declining, and the need for highly skilled persons increases each day.

Those high school students who plan to go on with advanced education will meet stiffer and stiffer competition as the numbers wanting to enter our colleges and universities increase. Because of the limited physical facilities of these institutions of higher learning, those who wish to enter next year or five or ten years from now will have to meet higher and higher standards.

Can the high school—public, and with limited support—prepare its students for this competition? It can if it is not stampeded by scare-psychology into changing its educational program into one of mere training. Those schools which have maintained a sound basic course throughout the years will need only to adapt new material when it becomes available; the educational program and process do not change radically or quickly.

* * *

EMPHASIS SHOULD REMAIN upon the kind of mental work which stimulates thinking, encourages inquiry, and furnishes facts and information upon which sound judgments can be made. It will always be impossible to teach in four years of high school everything which all people wish taught.

Education Is Foremost To Thankful Americans

Martha Dixon, Freshman

An education to me, is the most important phase of my life! Why do I make a statement like this. Because my character will be developed as I overcome the hardships of a full and complete education. My associations with fellow students, teachers and books will further strengthen it. My patriotism should become established as I get a view of the whole America . . . how it started, how it grew, what it is, what it means to be an American. My understanding my role as an American should grow clearer with each added year of my education. It was movements of misguided young people, under the influence of older minds that have physical force to make Mussolini the tyrant of Italy and Hitler the dictator of Germany. We young people here will soon be expected to make decisions for ourselves, and this can only be done wisely if we have been educated. I humbly believe that my education will prepare me to live my role as an American citizen with helpful hands, an open mind, and a thankful heart.

Dave Wallace, Sophomore

To me education is more than important. It will be the determining factor of my livelihood, and beneficial to me in many ways. To me things don't end with the completion of an education. They just begin. To be educated in many ways require more than just book work. It isn't from black type alone that one's mind becomes aware of the important things in our world today. When you become educated, your mind is open and you are ready to think in a perceptive way. To be open-minded, and to own clear thoughts is important in establishing yourself as a good American citizen.

Mary Meily, Junior

To me education is a learning. It is a way of life. The door to education and democracy is unlocked. All we have to do is walk in. Without it we would not have a democracy, and we would not have such things as freedom of religion and speech. Our society would not progress, for education offers new frontiers of opportunity. In the United States we are all given an equal chance for eduation of others. Education means future. Without a complete education few professional jobs are available. To me, an education is the most important factor in a person's life and in the progress of the world.

Tom Cooper, Senior

It is hard to imagine a person my age not to have had an education of at least high school level. America's school systems are planned to give an individual the same education even if the person does not want it; so in that sense, everyone is required by law to attend school up to a certain age. America is the only country in the world that offers education to all individuals that desire it.

At the age of seventeen, youth is very conscious of its destiny; and education is a part of our future. It is a factor in determining our destiny, and it will influence our lives, work, and happiness in the future. I am very conscious of this fact and want to develop myself to such a degree, that I will become my best self and education is a means to this end. Formal education is a way of preparing and molding one's life in such a way that he will succeed and do his best in the responsibilities that lie ahead.

Even at the present, certain vocations require special training. In my own case, my goal in life will require considerable education; and to reach this goal I expect to acquire a great amount of self-satisfaction and happiness. It seems to me that if a person is to obtain self-satisfaction and happiness, he will need as much education as he is able to receive.

Senior Summary

Points Per Prominent Persons

Marsha Rolf . . . 17 . . . five-foot, three . . . eyes, blue . . . hair, blonde . . . course, college . . . favorites: food, ice cream . . . color, blue . . . singer, Johnny Mathis . . . subject, chemistry . . . TV show, "77 Sunset Strip" . . . fad, raccoon collars . . . pastime, Kenny . . . activities, service . . . pet peeve, people who think they're neat.

Bill Spindler . . . 17 . . . six-foot . . . eye, brown . . . hair, black . . . course, college . . . favorites: food, prime-rib . . . color, metalic blue . . . singers, Kingston Trio . . . subject, chemistry . . . record, "You Made Me Love You" . . . TV show, Saturday and Sunday football . . . fad, dancing . . . pastime, not conforming . . . activities, Lettermen's, football, P.F. youth group . . . pet peeve, conformity without logical reason.

Carol Szink . . . 17 . . . five-foot, eight inches . . . eyes, hazel . . . hair, brown . . . course, college . . . favorites: food, pizza . . . color, red . . . singer, Johnny Mathis . . . subject, shorthand . . . record, "Believe Me" . . . TV show, "Dick Clark Show . . . fad, pleated skirts . . . activities, Totem, Philo . . . hobbies, dancing . . . pet peeve, people who want a whole conversation repeated.

Phil Jones . . . 17 . . . six-foot, one inch . . . eyes, hazel . . . hair, brown . . . course, college . . . favorites: food, moldy cheeseburgers . . . color, black . . . subject, girls . . . singer, Dan O'Laughlin . . . record, "Shout" . . . TV show, "The Dan O'Laughlin Show" . . . fad, spitting on people . . . activities, anti-activities . . . hobby, go carts . . . pet peeve, "I am peeveless."

Marcia Eaton . . . 17 . . . eyes, green five-foot, five inches . . . hair, brown . . . course, college . . . favorites: food, pizza . . . color, red . . . singer, Rick Nelson . . . record, "Mr. Blue" . . . subject, English . . . TV show, "Dick Clark Show . . . fad, pleated skirts . . . hobbies, John Kepler . . . activities, library club, Philo . . . pet peeve, C.C. boys.

Carol Salaka . . . 17 . . . five feet, six and one-half inches . . . hazel eyes . . . hair, brown . . . business course . . . favorites . . . food, pizza . . . color, light blue . . . singer, Phil Phillips . . . record, "Sea of Love" . . . TV show, "77 Sunset Strip" . . . fad, penny loafers without slits . . . pastime, going to Hall's . . . activities, service . . . pet peeve . . . girls that smoke.

Lois Levine . . . 17 . . . five feet, five inches . . . hazel eyes . . . brown hair . . . college course . . . favorites . . . food, pizza . . . color, light blue . . . singers, Kingston Trio . . . record, "You'll Never Walk Alone" . . . TV show, "Leave It to Beaver" . . . fad, pleated skirts . . . pastime, loafing (when I don't study) . . . activities, B'nai B'rith Girls . . . pet peeve . . . people who walk slowly in the halls.

Interest In Travel Part Of Ann's Life

Ann Golden, Sophomore A, has been chosen personality of the week. Ann is on the college preparatory course taking French 3, Algebra 4, dance, English 5, occasional choir, and Latin 4. She is a member of Meterites, Assembly Workshops, and the Times Staff. Much of her time is occupied with the responsibilities of being a bookhead and writer for the latter.

This summer found Ann at summer school taking Algebra 3 and General History 2; vacationing at Lake Gage for four weeks; competing in a swim meet at Orchard Ridge Country Club; and touring Michigan.

Ann's leisure-time activities include piano, ballet lessons, swimming, boating, golfing, and reading.

Taking a wide interest in travel, Ann and her family have toured the Smoky Mountains, New York State, California, and Washington, D.C., in the past years.

Ann's favorites include eating steaks, watching "Maverick," and doing algebra.

South Siders Prove To Be Authorities On Evils Of Smoking

Scientists seem to know much on the subject of smoking, how it affects you and your personality.

It has been said that if a person starts to smoke in his youth, he is more likely to get lung cancer than a person who has waited longer before forming the habit. This statement appears to be making no affect on some of our teenagers of today.

Our South Siders seem to know quite a bit about smoking and its dangers. When they were asked the question, "At what age should teenagers start smoking, or should they smoke?" many intelligent, some humorous, but still bright answers were given to the subject.

After reading these answers, you're sure to come to some conclusion as to whether smoking is good or bad for you.

Kay Carrier—"I don't think teenagers should smoke because it stunts their growth," says five-foot Kay Carrier.

Martha Jacobs—"I don't think teenagers should smoke, even though some of them think it is okay. They don't realize what they are doing to their future health."

Chris Junker—"They shouldn't smoke until they're at least out of high school."

Barbara Buckles—"I don't think teenagers should smoke. It's bad for their health and also costly."

Dave Tyner—"Cough, cough, wheeze, furthermore, wheeze, cough, cough, wheeze."

Sandy Horstman—"Take it from an old smoker from way back, it's bad for your lungs!"

Alan Schlie—"It is my belief that teenagers should know when they should start to smoke. Since scientists say we will be weaker in future years, why not wait till then instead of starting now?"

Spanish, French, Latin, Russian Aim Of Todd Thompson

About a month ago, an energetic man with big ideas landed in Washington, D.C. Since then, we have heard and read his messages. Yet, according to newspapers, Mr. Krushchev has a very limited English vocabulary. How then, did he cross the great language barrier to tell us his ideas and plans?

The answer, of course, is through a linguist. You have probably seen his interpreter on television and found many articles about him, but have you thought of his job as a possible vocation for you?

To Todd Thompson, a South Side junior, this has been a long time goal. According to Todd, he became interested in languages when he started taking Latin. He had never had a foreign language and enjoyed learning a different tongue.

He has expanded his interests and is now taking Latin 3 and Spanish at South, and an adult lecture course in French at the Indiana University Extension. His spare time is occupied with a record course in Russian.

Although Todd has never met a lingust, he knows a great deal about a linguist's job. A person who goes into this field would find positions open as a teacher, an interpreter, and a translator of documents. He could find jobs with import and export companies, airports, and ship lines.

Girls will be interested to know that the airlines are now going overseas to find stewardesses who can speak several different dialects. The person himself would need a knowledge of languages, a good memory, speech ability, and a pleasing personality. Todd would recommend this as a good field, for few people are employed and the pay is excellent.

Todd was born in Fort Wayne. His favorite foods are pizza and spaghetti. After school, one can probably find him playing baseball or football. He also enjoys swimming. He likes to read science fiction and adventure stories. Also included in his interests are collecting stamps and coins. He is a member of the Latin Club and has been recognized in both Latin and biology.

Dreary Day Decisions Differ; Guys, Gals Brighten Horizons

What a grubby day! Wouldn't you know—it's a Saturday. Ah, yes, and not only is it half-snowing—half-raining; but also it's cold, dark, and the season in between football and basketball games.

But through this mess, the brighter side is present. **Pam Olson** and **Tom Duff** are gaily doing homework by the blazing fire at **Susie Scott's** house while **Dave Shank** (Purdue Extension), **Debbie Tourkow**, and **Bob Sheray** roast marshmallows. The odds are that **Mary Collins, Jim Somers, Bonnie Brenn,** and **Bill Heathman** will soon join them.

Out on a soggy golf course **Bing Gilardi** and **John Biteman** can be seen dragging **Sally McDonald** and **Sue Pfeiffer** to the 18th hole.

As night comes, **Susie Vesey, Dan O'Laughlin, Margo Dixon, Bill Lentz, Katie Rastetter, Dan Tritch, Louise Jackson,** and **Winfield Moses** meet to spend a quiet evening listening to Bo Diddley.

Then there are the spoil sports. **Evi North** seems to be having to help **Tom Ogles** just a bit on some homework. Homework? On a Saturday night? **Sharon Carrel** and **John Niezer** (C.C.) think they're crazy as they scan the movie page of the paper with no success.

Some people are spending their time by squatting at Hall's watching the cars roll by. **Janet Davies, John Henricksen** (I.U.), **Brenda Dull, Tom Lerch** (I.U.), **Mimi Hinman,** and **Jim Spuller** ('58) are there, and look like they are just as bored as everyone else.

Ah, at last! Someone is doing something constructive! **Ann Gallmeyer, Stan Redding, Julia Wadlington, Jim Carter, Diane Irmscher,** and **Jack Winder** are reading something. Shakespeare, maybe? Nupe. Guess it's Mad Magazine. Oh, well, try again.

Here we go! Culture is really taking hold. **Karen Brumm, Steve Black, Carol Druart, Dave Schwalm, Geri Geller, Dick Erb, Penny Hunt,** and **Roy Strohl** (N.S.) are just coming out of the Civic Theater. Outside, **Pegeen Horth** and **Pam Holtzberg** are still trying to persuade **Dick Delp** (Purdue) and **John Dickmeyer** (Concordia) to go in for some reforming. Too late, girls.

Oh, oh—here are some boys in for a Saturday night in the big city and they don't look too happy. Sems like **Neil Schieman** (Culver), **Dick Greene** (Hartford City High School), and **Trav Walker** (Lafayette Central) are peeved at **Sue Korte, Sandy Thorn,** and **Carol Pio** for not even finding a good movie.

Diane Hall, Jim Griffin, Lois Lerch, Brian Ronan, Judy Evans, and **Dave Wallace** have found it pays to stay home and make pizza.

Here come some people who found something invigorating to do: **Elaine Snow, Steve Scheiman** (N.S.), **Marilyn Pease, Al Eitman, Diane Hoppas, Gary Martin, Marcia Melching,** and **Chuck Putt** ('58) spent this dreary night bowling and now they, too, are ready to go home.

Guess I'll turn in, too—after I check these two stragglers. Hmmmmm . . . it's only **Nancy Robinson** and **Bob Haag** on their way home. Have a nice walk, this kid's going home to a nice, warm bed.

The Chatterbox

By Julie Carr and Kathie Sosinski

You can tell a freshman by his big, frightened eyes,
You can tell a sophomore by his one-year rise,
You can tell a junior by his clever ways and such,
And you can tell a senior—but you can't tell him much.

Sights Around South

Bessie Ferguson licking a sucker in Study Hall! Really, Bessie!

Sue Sappenfield falling out of her desk in government after trying to retrieve a fallen book! Whoops!

Dan Tritch filling all the distilled water bottles in chemistry with sodium hydroxide! Way to go, Dan!

Isn't it disgusting how some stores have started to put up their Christmas decorations even BEFORE Thanksgiving?

Jack Macy: "You mean you took your girl out and spent only three dollars on her?"

Dave Barrett: "Well, it was all she had."

* * * Those were the first thoughts that entered **Larry Lee's** head when he ran smack into an 'ole tree at Franke Park the night of the cross country meet with Leo. We say there—are you all right?

Hey! Aren't we EVER going to have any after-game dances?

Mr. Feasel was telling his history class of the coming unit test. He said it wouldn't be hard just as long as they had taken class notes and had listened well to the discussions.

Then as the class groaned, he added consolingly, "Don't worry. All of you will be in the same boat."

At this time, Jim Hill spoke up. "Yeah," he said, "the TITANIC!"

The world's shortest sermon: "When in doubt—don't."

If you want to hear something maddening, ask us to tell you about the joke of the baracuda in the swimming pool. We grant you it will start your day off right!

Ha, Ha, Beth Golden! We heard how you got up at 4 a.m. to do your chemistry problems that were due the NEXT day! Lose a little sleep? Ha, Ha!

Did you know that in West Texas State College's new football stadium there will be outlets so the spectators can plug in their electric blankets?

We would like to leave you with this serious thought;

"You told your friend; his oath was deep,
Now here's a question for your wisdom shelf,
Why did you hope someone else would keep
The secret you couldn't keep yourself?"

Superior Knowledge Of Words, Meanings Essential For Tests

No matter what one plans for the future, a well-rounded vocabulary is most necessary. Whether one has his mind set on a business career or a college education, it is essential to have a good vocabulary and one that is constantly expanding.

The Scholastic Aptitude Tests which are among the entrance requirements for many colleges consist in part of various vocabulary exercises. If the words below are not familiar, make them so by repeating them over and over until they are yours to use.

1. **ruminate**
   A. to wander around
   B. reside in the country
   C. ponder
   D. make larger
2. **proximity**
   A. nearness
   B. state of being almost correct
   C. substitution
   D. distance
3. **accentuate**
   A. to affect
   B. emphasize
   C. be eccentric
   D. speak with a brogue
4. **artifice**
   A. clever strategem
   B. skilled workmanship
   C. silly vanity
   D. framework
5. **rehabilitate**
   A. to acquaint
   B. to restore to good condition
   C. tear down
   D. review
6. **paroxysm**
   A. timidity
   B. a fit
   C. deep thought
   D. riot
7. **decrepit**
   A. disreputable
   B. mean
   C. depraved
   D. broken-down
8. **commitment**
   A. illegal act
   B. prophecy
   C. mixture
   D. pledge
9. **adamant**
   A. unyielding
   B. jewel-like
   C. blue
   D. crystal-clear
10. **commemorative**
    A. pertaining to learning by heart
    B. arranged in order
    C. flattering
    D. in celebration of

Answers: 1—A, 2—A, 3—B, 4—A, 5—B, 6—B, 7—D, 8—D, 9—A, 10—D.

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

Book Opened To Youth Through High Education

A book of opportunity is waiting for you every minute of your life. You have the power to open this book and learn—or to close it, disregard it and lose one of the most valuable opportunities of your life. What is this book? It is the Book of Knowledge . . . the Wonderful World of Education.

Your world of education already had a firm foundation established when you entered high school as a freshman. By the time you completed four years of high school, you were well into this fascinating new world.

Like all valuable and worthwhile things, education follows the rule of self-discipline: **You** get out of education just what **you** put into it.

You can sit in a classroom—one of thirty. You can listen, you can read, you can observe your education formulating. But, whether you listen and learn, read and understand, observe and interpret—**that** is up to YOU.

Why do we go to school? Why do we have to be educated? To these questions, one can reply with the usual answers. Education is imperative if we are to be successful in this world. Educated people are the ones who get the good jobs, the ones who become successful people, the ones who keep America free. In short, education is a password and **the** key word to success and freedom.

This Book of Knowledge is with you every moment of your life. Whether you realize it or not, whether it means anything to you or not—doesn't and can't stop the persistence of your education. For, every time you state your opinion, every time you ask a question, you are using your education. Stop and think—how many times a day, how many times within one hour, do you say, "I," "I think so," "I don't agree." Every time—any time you say this word "I"—you are saying Education.

Yes, education can be disappointing, it can be tiring, or even boring. But, overlook these short-lived feelings and open your mind to this Book of Knowledge which can give you so many, many benefits. Open your mind and open **your** Book of Knowledge . . . . **your** Wonderful World of Education!—Julie Carr

Safety Council To Guest Officer Robert Waldrop

Robert Waldrop, liaison officer for the Fort Wayne City High Schools, will be guest speaker at the Safety Council meeting at 3:30 tonight.

Officer Waldrop is one of the first guest speakers in a series to highlight the Safety Council meetings.

Chairmen for the various safety committees have been selected for the semester. Program chairmen are Pamela Stech and Pat Schuler. Accident reporting chairmen are Tamara Vhovsky and Connie Caley. Marsh Gripe and Sheri DeYoung are poster chairmen. Chairman for the bicycle committee is Jack Garrison.

A safety declamation titled "Moment in Time," condensed from "Seventeen" magazine is being revised by the officers and the club sponsors, Miss Virginia Ayres and Mr. Glen Stebing, for presentation over the public address system.

Sharon Gebhart, vice-president wishes to remind all students to be safety conscious always. "Let's get South Side down on the accident report charts; we don't want to be first in safety violation," said Sharon.

Lt. Robert Waldrop

Societas Latina To Meet; Delphi Oracle Presented

The Societas Latin will have a meeting Tuesday, November 10, at 3:30 p.m. in the Greeley Room. The entertainment will be several short skits about Rome and Roman customs. The skits will be written and presented by Ann Plogsterth, Shirley Stahlhut, Susan Bond, Karen Johnson, Ellen Beatty, and Alberta Bonnell.

At the last meeting, money-making projects for the club were discussed. Also, a take-off on the Delphi Oracle was presented by Dave Schwalm and Stan Redding.

New Yells, Speech To Spark Pep Rally

Tomorrow's pep session will be devoted to working on yells. The varsity cheerleaders will introduce a new cheer called, "Now Hey! Hey!"

The pep session will contain some surprises for the students as well as a talk given by Pam Olsen on girls' understanding of football.

The students are asked to show more enthusiasm in the yells and to stand for all of the songs, especially the school song. If the enthusiasm continues to dwindle, there will be fewer pep sessions.

Janet Terry, Outstanding Senior, Seeks Success In High School

Upon graduation, to be able to look back over one's high school days and proudly say, "I have made the most of my high school career," is a worthwhile goal for any student to place before himself. Janet Terry, making her high school career at South Side a great success, shall have achieved this goal within a few months.

Not only has Janet maintained a high scholastic average, but she has also participated actively in extra-curricular activities.

When asked to reveal her success secret, Janet replied, "A person must first have a definite goal. Secondly, he must enjoy what he is doing; and lastly, he must carefully budget and average his time."

* * *

BESIDES TAKING chemistry, government, English, and Choir, Janet also participates in Wranglers, Masque and Gavel, Choir, The Times, and MYF, a Methodist Youth Fellowship organization. In addition, she gives up two study periods and her lunch hour every day for service work.

Unlike other students, this outstanding miss is not just a member of the various activities in name only. For example, she is vice-president of Wranglers, head secretary of Choir, president of her church group, and circulation manager of the Times.

Recently Janet was awarded the Randolph Jacobs Cup, which is given annually to the senior most outstanding in service work. She commented on her award by saying, "I do this because I enjoy serving the teachers, and I feel that my study periods are being used for a good purpose."

She continued, "Not only do you become better acquainted with the teacher for whom you're servicing, but it is also a valuable experience as you learn working under another. This discipline, I know, will be beneficial in later life as well as the present."

* * *

ALTHOUGH THIS senior is a mighty busy lass, she still has time to play the piano for her Sunday School, work as a secretary on Saturday morning, and attend speech meets, which she considers to be a great deal of fun.

In fact, speech is Janet's favorite subject, which she took when she was a junior. She stated that she thought it a worth-while course because one gained through making speeches confidence and poise. Janet also chose this as her favorite subject because speech class helps one to express himself better, whether it be in a conversational manner or before an audience.

If a high school career is evidence of a person's college life, Janet's is bound to be good.

* * *

ALTHOUGH SHE hasn't decided on a particular college as of yet, she is considering Ohio Wesleyan in Delaware, O. This school is supported by her religious denomination, and offers excellent courses needed in order to become an educational teacher, which is the career which Janet will pursue.

Janet Terry, recognized by her trademark, a smile, leaves these words of advice for students striving to make the most of their education, "Keep your studies foremost, but don't ignore extra-curricular activities."

Upperclass Juniors Problem To Seniors

I am a Jovial Junior . . . I am confident of each and every thing that I do and say . . . I swagger rather than walk everywhere I go . . . I am incurably jolly and congenial, the picture supreme of assurance and ease . . . Although easily recognized by my smiling face and twinkling eyes, I offer an entirely different countenance, should I forget some small, insignificant item such as a hall pass, or that English composition . . . It seems as if I never get anywhere or do anything on time anymore . . . Proficient in all fields, I present an ever-growing problem to the Supreme Seniors, who are hard pressed to best our pace . . . No more the humility of being an insignificant underclassman, I now reign almost-supreme in our dear, ivy-covered halls . . . I am daily filled with aspirations of the future, and all of life seems a dream . . . I re-map my career with each passing day, the next a little more of a challenge than the one before . . . A sometimes-faithful member of every club that will have me, I am indispensable to committees (I hope) who need advice and assistance. Such is my lot, and these my traits. Just keep your eyes open, and you can't miss me.

Catastrophe Causes Chaos; Remain Cool, Calm, Collected

The sweater you just finished knitting unravels in center hall.

You're sneaking out the main entrance from the chem lab, and Mr. Snider asks if he might please see your hall pass.

You're sitting in study hall with three minutes to go until the bell will ring, and you suddenly remember that you have a theme due the next period.

You get a date with the president of your class, and then you remember that you promised your mother to take care of your brother that some night.

Your mother can't find her charge plate, and asks you if you've seen it.

You get all settled to study your history, then remember that you left your book in the lavatory, and the school's closed.

The near-sighted coach has just been informed that what he thought to be the star quarterback is really a girl.

Credit Card Mania Attributed To Desire To Buy Everything

In the present-day world of mortgages, loans, rising taxes, and finances, an increasing number of people are finding themselves short of breath in the race of "keeping up with the Joneses."

As an added vice to the teeming world of materialism, stores, banks, and companies everywhere are now offering their customers the increasingly popular credit cards.

To illustrate this credit-card mania, the Wall St. Journal recently ran a cartoon which pictured a withered, stooped, little old man standing beside his shoelace counter. Upon further examination of the cartoon, one sees a small sign which reads: "CREDIT CARDS HONORED."

Is the plight of the American people, once prosperous, once free, doomed to dodging credit companies? Where are those cheery, smiling faces of days gone by? If you look closely, you might spot them behind billboards, or maybe in bars, if the situation is bad enough.

Enough of this morbidness . . . a boy standing in the hall recently was heard to comment: "So who needs a billfold? I have leather credit cards!!" Naturally, this last comment was donated to the author by a person who wishes to remain anonymous. While these incidents most likely never did, nor ever will happen, nevertheless, they typify the problem facing many today.

In closing, the author wishes to spout a few pearls of wisdom . . . when using a credit card, make sure that the bill can be paid when presented. . . . don't be frivolous and careless, merely because you have a credit card, and you are simply WILD about that darling little hat . . . and, best of all, better get rid of that credit card right now, before you're tempted to buy more of those silly items that you don't need in the first place.

Business Classes Buy Chrysler Stock

One share of Chrysler stock has been purchased by three of Mr. Walker's Business Organization classes, periods 2, 3, and 7. The classes pooled their money to obtain the purchase price of 62⅝ dollars.

This is not the first time Mr. Walker's classes have tried such a business venture. Stock has previously been purchased from General Dynamics and American Airlines.

The Chrysler stock was purchased through Merrill, Lynch, Pierce, Fenner, and Smith, stock brokers. The buying was negotiated through nine students chosen from Mr. Walker's classes, three from each class. These students were Patty Harmeyer, Sharon Gebhart, and Max Lane, period 2; Gertrude Gerardot, Jeanne Schumm, and Steve Sappenfield, period 6; Pamm Holtzberg, Sharon Ebersole, and Carolyn Harrold, period 7.

The stock will be sold on January 15, 1960, to Mr. Walker. Whether the class will make a profit, or suffer a loss won't be known until then.

A chart will be kept throughout the semester, with Sharon Gebhart in charge of daily recordings. So far the stock has risen to a high of 64¼ dollars, and has fallen to a low of 60⅝ dollars.

Pupils' Study Hall Antics Lead To Frightful Finish

Now that November has shown its face, the days will turn so cold and bleak that they won't be fit for man nor beast, let alone an insect. That's why I'm staying right here in South Side. After all, who good is a frost-bitten fly?

Now I am sitting in the study hall, on the desk of a freckled girl staring dumbly into an open book. The girl behind her is trying frantically to get her attention, but her mind seems thoroughly shaken by an unexpected test.

I follow several pairs of eyes to a husky boy who is rhythmically clicking a ball point pen in and out. In his mind he is keeping time to a blaring band, a roaring crowd, and the desperate pounding of feet over a striped field.

Beside him sits a boy who is reading a Latin book with such an excited look on his face that I know something must be wrong. Ah, yes, concealed inside is a page of a comic book with little green men and six-legged monsters being overcome by a rubber robot.

I am brushed off my perch by a passing skirt. I see the tip of a pony-tail disappear into a seat and a scrap of paper flutter to the floor. It is quickly snatched up by a slender hand tipped with blue nail polish. The giggles that follow are immediately stifled.

Then my attention is drawn to two lads eyeing the shoes of a third. They are pointed at the toes and tipped with metal. They have alligator sides and genuine sharkskin tops. Then they are laced with yellow strings. The owner mouths the words, "Space Sandals."

I retreat for a better look at the pencil sharpener. It is being cranked mercilessly by a rotating hand. In the other is a fistful of pencils. Then I see the reason for this display of energy. There in the first seat is a sandy-haired boy with a smile on his face.

Down the next row sits a studious type fellow. His back is slumped and his head is barely visible behind a stack of books. His eyes are fixed on the page of a huge volume, the only strange thing is that they are closed in deep sleep.

A few seats down is a very wide awake fellow. His expression tenses and then breaks into a wide grin. This is followed by a weird set of facial contortions in which I realize he is listening to a radio with a pair of earplugs. Then he makes a fatal move to brush me aside, which bumps the earplugs out of their sockets. The laughter that follows is not shared by our friend when it comes eighth period time.

Then it is my turn to make a wrong move. I land on the desk of a scheming boy and in a matter of seconds I am bound with a thread and dangling before the girl in front of him. A scream and a clatter of books follow.

From now on, I'm taking my chances with the weather.

Access To Auto, Problem To Teens, Proven By Cards

Student driving at South Side is a problem. Parking spaces are scarce, and traffic tie-ups are intolerable. But are these the only problems student driving imposes? Not in the least. Looking at the situation more profoundly one realizes that cars and access to them during the school hours has a down grading effect on report cards, and it is often the underlying reason for dropping out of school.

Often the landslide to failure begins when a boy, already doing poorly in school, puts a down payment on a car. He then starts working part time to make payments and buy gas; his school work now begins to suffer. He is drowsy in class, doesn't have time to do homework, and often skips school days at a time. About this time the principal or dean points out he must choose between his car and his school work. All too often he drops the latter and never finishes high school.

"But," you say, "this case is extreme. Sure, I drive to school; but I don't have a job. I don't see how my grades suffer." Alright, this case is extreme; but what about the lunch hour one spring day that you needed to use brushing up for that final? The temptation was too great. Your car was there, the keys were in your pocket, and your friends were anxious to go on that joy-ride. Your parents weren't too pleased with your grades that semester, were they?

There must be solutions for these student driving problems. Programs of registration with permission of parents and principals have been used successfully in some high schools. In other cases, those students living within walking distance of school or bus line have had their driving privileges curtailed. In still other cases, those students driving to school have handed in their car keys to the principal's office to have them returned only after school.

Of course situations vary, and maybe these suggested solutions wouldn't be effective at South Side. However, the time is growing near when something will have to be done. Until then, don't abuse your privilege of driving to school; it could be taken away.

Health, Marriage, Alcohol Films To Be Shown

Today Miss Edith Crowe's Effects of Narcotics and Alcohol class will view two films, "Problem Drinkers" and "What About Alcohol?"

Monday the film "Marriage Today" will be shown to the Home Economics 6 students.

On Tuesday the Health 1 students will view three movies, "Rodney," "Inside Story," and "Are You Positive?"

One-Way Hall Plan For Traffic Control Favored By Archers

The modern trend for traffic control in our city is one-way streets. Here is what South Side students think of one-way halls in school.

Linda Chaney: I'd never get to my classes on time!

Patty Schieb: I wouldn't be able to congest the halls!

Sue Martin: I think it would be just great! If you came from Room 70 and had to go to Room 72 (pant, pant), you'd have to go clear around the building (pant, pant). But it'd be fun (pant, pant).

Dave Bauserman: There would be the same results as with one-way streets; people would go the wrong way.

Vicki Adams: They would be just terrible since I'm always going around in circles!

Barbara Buckles: Well, let me think. It takes a while to get where you are going.

Sandy Bates: Crazy! Way out!

April Hapner: That's cool!

Jane Finnell: It's different and it would be much faster.

Oma Ake: Neat, if they would have a half-hour between classes.

Marilyn Parke: Eeeek!

Linda Silverman: I think it would eliminate many traffic problems, but make it difficult to get around.

Gretchen Brumm: I think that one-way hall would be a good idea if it would keep these big lugs from going through you like a tank.

Pam Orchard: I think that one-way halls would be a big improvement over the present day halls in South. People wouldn't be running into each other and you could get to your destination quickly.

Sue Norman: Like, I mean it's bad news.

College, Occupations Will Be Discussed At Senior Tea Today

The senior mothers' tea will begin at 2 p.m. this afternoon in the cafeteria with selections by the Concert Choir under the direction of Mr. Lester Hostetler. Mr. Ora Davis, guidance director, will discuss college entrance, and Mr. J. H. Rowden of Lincoln National Life Insurance Company will speak about employment opportunities offered to the high school graduate.

Dick Rothberg, class president, will talk about senior activities and traditions. The senior reception, banquet and prom and the traditional Ivy Day and Recognition Day ceremonies will be explained.

A social hour will follow the program. Coffee, mints, and cookies will be served by the hospitality committee, headed by Mrs. J. F. Favorite. The cookies will be made by the Home Economics Department under the direction of Mrs. Lois Murphy and Miss Edna Shideler.

Vikings Trample Archers In 34-7 Revenge Battle

Ken Tewel Leads Vikes Over Green's Defense; Kellys' Mistakes Costly

By Bob Shine

South's eager but outplayed Archers discovered that Ken Tewel was nobody's fool as he led his aroused Huntington Vikings over South in a 34-7 rout at Kriegbaum Field in Huntington last Friday evening. The flashy quarterback ran for one touchdown and passed for another while leading his team to victory.

The Archers, who really tried their best to stop the Vikings' almost invincible attack, made too many costly mistakes and found themselves in trouble as soon as the game started.

After South received the kick-off, they fumbled twice but recovered each time. With third down and 10 yards to go, the Archers decided to punt, and Ken Howe "launched" a kick which might have won acclaim at Cape Canaveral, but did little to get the Archers out of a jam. It was good for a minus two yards.

\# \# \#

THREE PLAYS later, Tewel, using beautiful deception, raced around his left end to score from 19 yards out.

From this point on the Archers seemed to lose spirit and Huntington scored again early in the second stanza on a one-yard plunge by fullback Darl Welters, which climaxed a 57-yard driv.

The Archers' only score came soon after on a 66-yard run by Tom Duff, who swept the Vikes' left end for South's only touchdown. Steve Hargan passed to Howe for the extra point.

However, South's dim hopes suffered a real setback when Huntington came right back to score on a 57-yard run by Ron Handwork, who took a pitch-out from Tewel. This made the half-time score 21-7.

The Vikes scored twice more in the second half with Welters ending a 46-yard march by running for the score from the 12. The second score was a 32-yard pass from Tewel to end Jim Kaltenmark which climaxed an 80-yard drive.

The Vikings did not draw a single penalty during the entire game, while the Archers were penalized 30 yards. South picked up six first downs to Huntington's 10. The Archers also averaged 26.7 yards per punt, while the victors averaged 35 yards per kick.

\# \# \#

IN YARDAGE, the Vikes gained about 321 rushing, and 52 passing. The Kellys gained 186 on the turf, and 45 in the air. The Archers fumbled three times while Huntington did not have a single bobble.

Although the Archers were on the short end of the score, they played a good, rugged game. After the game, Viking Coach Jerry Huntsman said that South was the hardest-hitting team he had met. In the tackling department, Bob King, Dan Tritch, and Frank Lude did well as did Jim Dawson, Carl Biewald, Jim Olinske, and John Somers.

The Archers' pass defense seemed to have miproved for last Friday's game. Deep backs Steve Burton, Ken Howe, Tom Duff, Chris Parrott, and Dan Belchner all did a commendable job.

Except for Tom Duff's long run, the Archers were usually stymied on offense. Emmitt Bowen gave the Vikes the most trouble with his line plunges. Steve Hargan also opened up the Huntington defense with some accurate passes.

Score by quarters:

Huntington	7	14	13	0—34
South Side	0	7	0	0— 7

Daily Practices Eliminate Many; Brown Assists

Continuing the practice of light inter-squad scrimmage and other basic drills, Coach Don Reichert has, so far, been able to determine the boys with the best ability. Still remaining on the '59-'60 Archer squad after about four cuts are seniors Dave Anderson, Dave Barrett, Gary Gardner, Jim Saylors, and Gus Wade.

Juniors still practicing are Fred Dixie, Acie Eldridge, and Phil Gallmeier. Sophomores are Mike Dunn, Mike Ferverda, Bill Hohman, Matthew Jackson, Bill Kliefgan, John McMillen, Dave Meek, Allan Mitchell, Everett Mol, Bill Mueller, Ken Leakey, and Martin Platupe.

Since many of the Kelly hopefuls are still out for football, the scrimmages and drills should be picked up in tempo when these boys return. However, these boys will be a little behind in training.

Aiding Coach Reichert this year will be new assistant coach Pres Brown. This is Pres' first year at South, but he is not a stranger to Fort Wayne basketball as he was graduated from North Side. Pres will be in charge of the freshmen hoopsters, which at this time number around forty.

Mural Men

By Dieter Hillerbrand

FOOTBALL CHAMPS . . . Winners of the Intramural Heavyweight football crown are, front row, Roger Diffendorfer, Wendell Rose, Kenn Hike, Carl Hike, and Jerry Traxler; back row, Don Gordineer, Phil Jones, Doug Smith, Mike Boyer, and Tom Risk.—Photo by Thompson

Plenty of Intramuarl action took place during Teachers' Convention. The annual Fall Bowling Tournament was held Friday, October 24, at Scott's, with more than 40 boys participating in the three weight divisions.

Vaughn Correll won the lightweight title for the third straight time as he easily outscored all his opponents with a 495, the highest score of the entire tourney. Ron Ehrmann was second with a score of 461. He was well ahead of Steve Shambaugh's 425 and Don Reiling's 423.

Ed Freed copped top honors in the middleweight division, as he turned in the winning score of 454. Runner-up was Don Stalter with 423, followed by Dave Timma with 403 and Barry Koehl with 385.

Nosing out second place winner John Schmidt by one point, Bob Beckent won the blue ribbon in the heavyweight division with the score of 490. Bill Platka was third winner with 478, while David Disher was fourth with 471.

\# \# \#

INTRAMURAL basketball (Noon League) got underway last week as several games were played.

In the first one, the Mighty Mice turned back the Bubble Bouncers, 24-11. Richie Hutchenson led in scoring for the winners as he pounded in eight points, while Lee contributed six points to the winning cause.

With Dave Haslun scoring 18 points, the Demons clobbered the Schwartz Workers, 28-1. Ron Ehrman tallied eight points for the winners while Dan Schwartz scored a sole point for the losers.

Balanced scoring told the story as the Peods handed the Monolisas Men a 25-11 setback. Ron Ray and Dave Turner both netted six points for the winners, while Ed Tinkle added four points. Jim Allendorph scored 10 points for the losers.

After an absence of one year, boxing returns to the Intramural program. Many boys have signed up already, and although it has not yet been determined when the practices will start; anybody who is interested should sign up in the gym office.

Twenty practices will be held in Room 118 after school on Wednesday, Thursday, and Friday nights. They will consist of conditioning practices, calisthenics, rope skipping, sparring, and bag punching. Points will be given for participation only, as there will be no championship fights.

The word "boxing" seemed to have a detrimental effect on many two years ago. I took part in boxing, and let me tell you, it was a lot of fun. Of course I got a black eye now and then, but that's all. Boxing is an excellent way to get into shape for any sport. I enjoy it very much and I'm sure most of you will. So, sign up as soon as possible.

Well, so long.

Team 1 Captures Speedball Tourney

Team 1 captured the Freshman GAA Speedball Tournament by remaining victorious throughout the tournament. Team 2 placed second. Team 1 defeated Team 2, 5-2, Friday night in the gym.

Members of the winning team, Team 1, are Dodie Kessler, captain; Patty Allbott, Marsha Good, Martha Grimme, Claudia Hershberger, Judy Kaap, Nancy Lagemann, Gloria Lothamer, Mary Marker, Stella Masurah, Celeste Riemen, Virginia Rose, Colleen Roth, Carolyn Scherer, Sydney Schinbecker, Gwen Young, and Pamela Foust.

Team 2 consists of Betsy Junker, captain; Sue Burlage, Ann Chenoweth, Judy David, Elaine Edwards, Louraine Ford, Mary Fremon, Dianne Friedman, Sherry Hager, Anita Kimball, Mary Jo Kraus, Sue Lohman, Diane Longberry, Nancy McBride, Ann McCoy, Donna Rudasky, Toni Soranson, and Kay Krivorat, members.

Archers Cop Final Games For 2-4 Tally

Luers, Redskins Kelly Victims; End Winless Drought In Last Games

After a very dismal, discouraging start in which they lost their first four contests, the South Side reserve gridmen bounced back to close their 1959 season in story-book style with a 2-4 record.

The all-sophomore team could find no scoring punch early in the season and were whitewashed four times in as many outings.

The next start saw the Kellys break loose for 32 points, making North Side their first victim. Tough Bishop Luers was the second to fall to the Archers' arrows in the season climax.

Coach Warren Hoover's boys might have reversed their 2-4 record, because two losses were dealt in the closing seconds of play, another in the last four minutes.

One last-minute decision was dropped to Elmhurst in the season opener. The Trojan Junior Varsity managed to score after wearing down their foe the entire game with their complete-unit substitution tactics.

After the next contest, against Central Catholic, "Bill Barnes" was a bad word in the Archer camp. The fleet Irish end intercepted two Kelly passes and caught a key aerial in another Purple touchdown drive to account for all of CC's 18 points.

South's defensive line of Persons, Harter, Scherrer, Sievert, Hagerman, Parker, and Van Oosten stymied Central's vaunted offense for three and one-half quarters in the next game, but then it allowed a touchdown for South's third defeat.

Concordia then made the Kelly record 0-4 on a heartbreaking pass in the last play of the game which found its mark in the Archer end zone. This, however, ended South's scoreless streak.

Boosted by the arrival of big Nate Norment to the squad, Hoover's men thoroughly bombed the North Side Redskins. Dick Johnson and Ken Robinson tallied twice and the Green front line riddled the unorthodox enemy "sideline" offense.

South rounded out the campaign in fine style by grounding high-flying Bishop Luers, 6-0. In the toughest game, they completely stymied the rugged Knights.

The reserves, although failing to compile an impressive record, proved that they will be serious contenders in the years to come.

Girls' Gym Teachers Announce Basketball Rules For The Year

For the benefit of girls in GAA and in gym classes, the following basketball rules have been announced by Mrs. Alice Keegan and Mrs. Madge Schone, girls' physical education instructors.

I—Definitions of Playing Terms

a. Blocking—Personal contact which impedes the progress of an opponent who does not have the ball.
b. Bounce—A tactic in which a player gives impetus to the ball once, causing it to rebound from the floor and then touches or regains possession of the ball. This includes a player giving impetus to the ball by throwing, batting, or fumbling, and touching it again before another player has played it. If the ball has hit the floor more than once, having received only one impetus, it may be recovered.
c. Boxing-up—A foul in which a player in possession of the ball is guarded between two opponents and is unable to make a successful pass or score a goal.
d. Charging—A foul in which a player with the ball, or one in the act of bouncing, throwing, shooting, using a limited dribble, juggling, or pivoting, makes contact with the body of an opponent with either body or ball.
e. Foul—An infringement of a rule for which one or more free throws are given.
   1. Double Foul—Fouls called upon players of both teams simultaneously.
   2. Multiple Fouls—Two or more teammates commit fouls against opponents at approximately the same time.
   3. Personal Foul—Any foul involving personal contact.
   4. Technical Foul—Any foul not involving personal contact.
f. Holding the Ball—Retaining possession of the ball while it is in play for more than three seconds anywhere on the court; taking more than five seconds to put the ball in play from out of bounds; taking more than 10 seconds on a free throw.
g. Overguarding the Ball—Deliberately placing and keeping one or both hands on the ball when it has been secured by an opponent.
h. Pivot—A play in which the player holding the ball steps once or more than once in any direction with the same foot; the other foot, called the pivot foot, is kept at its initial point of contact with the floor.
i. Tagging—Constant or repeated contact with an opponent with hand, elbow, or body.
j. Traveling—Progression in any direction by moving both feet from the initial point of contact with the floor while retaining possession of the ball in bounds.
   1. If a player receives the ball when both feet are in contact with the floor, or receives the ball when both feet are off the floor and lands with both feet touching the floor simultaneously, she may move either foot in any direction provided that the other foot stays at its initial point of contact.
   2. A player who receives the ball while she is progressing or upon completion of a bounce or limited dribble may use a two-step stop in coming to a stop or in releasing the ball.
k. Violation—An infringement of a rule for which the ball is put in play from out of bounds.

II—Out of Bounds

a. The ball is awarded out of bounds after
   1. A player causes the ball to go out.
   2. A violation.
   3. A free throw, except following a double foul.
   4. A dead ball while a team is in possession and no foul is involved.
b. A player with the ball is out of bounds when she touches the floor or any person or object on or outside the boundary line, the supports or back of the backboard.
d. The Throw-in—If the ball goes out of bounds, it shall be put in play again by an opponent of the player who caused it to go out of bounds, said opponent to throw the ball to another player from the spot out of bounds where the ball left the court.

III—Free Throw

a. A free throw is an unguarded throw for goal by a forward from a position behind the free-throw line. If made it scores one point.
b. Whether the goal is made or missed, the ball shall be put in play from out of bounds at the sideline opposite the free-throw line by the forward who attempted the free throw. Time-in is taken when the ball touches a player on the court from the out of bounds play.
c. Double Foul—In case of a double foul, the ball is put in play at the center circle after the last free throw by a jump ball between two opposing forwards.

IV—Violations and Penalties

a. A violation is an infringement of a rule for which the ball is put in play from out of bounds.

V—Fouls and Penalties

a. A foul is an infringement of a rule for which one or more free throws are given.
b. A double foul occurs when fouls are called on players of both teams simultaneously.
c. A disqualifying foul is rough play or unsportsmanlike behavior for which a player is removed from the game.
d. Blocking—Personal contact which impedes the progress of an opponent who does not have the ball.
e. Charging—The player with the ball makes contact with an opponent with either body or ball as she is attempting to throw the ball, to use a bounce or limited dribble, to pivot, juggle, or shoot for goal. Contact caused by the momentum of a player who has passed or thrown for goal is a form of charging.
f. Guarding with Personal Contact—Holding, pushing, or tripping an opponent. Contact caused by a defensive player approaching the ball holder from the rear is a form of pushing.
g. Obstructing—Impeding by the use of personal contact the progress of an opponent who has started to advance the ball by means of a bounce to herself, a limited dribble, juggle, or pivot. If the defensive player moves into the path of a player who has started to advance the ball, the defensive player shall be called for obstruction.
h. Tagging—Contacting an opponent with any part of the body, or repeatedly touching her with hand, elbow, or body.
i. Unnecessary Roughness—Committing any act which might cause injury to an opponent.
j. Technical Fouls—A technical foul is any foul not involving personal contact, with the exception of blocking.
   1. Overguarding the ball by deliberately placing and keeping one or both hands on the ball when it has been secured by an opponent. If a player repeatedly touches the ball on the same play, even though it is accidental, it is overguarding the ball.
   2. Snatching or batting the ball from the hands of an opposing player.
   3. Threatening the eyes of the player in possession of the ball by using the hands in a dangerous manner.
   4. Boxing up a player in possession of the ball by guarding her between two opponents. This foul is not called if the player boxed-up is able to execute a successful pass or score a goal. In the judgment of the official, if she does not make an honest attempt to make a goal or pass to a teammate, the fouls will not be called.
k. The penalty for all fouls is as follows:
   Free throw for goal given to opponents and whether more or missed, the ball will be put in play from out of bounds at the sideline opposite the free-throw line by the forward taking the free throw.

Kellys Place Twenty-Fifth In State Harrier Meet

COMING UP FAST . . . Rounding the far turn, members of South's cross country Sectional and State squad are pictured in training. From left to right are Larry Fruchey, Dave Reece, Paul Romey, Sam Green, Al Rainbolt, Jim Porter, Stew Schmitz, Larry Lee, and Terry Dibert.—Photo by Thompson

Handicapped severely by a drizzly rain, the Archers came in twenty-fifth, as Anderson snagged the team title in the 1959 State Cross Country Meet, Saturday, October 31, at Indianapolis. Tim Bagby won the individual crown as he covered the distance of two miles in a record 9:48.2.

Balance told the story for Anderson as they placed their top five runners in the top 55, their total score being 156. Indianapolis Shortridge was runner-up with 171, and Elkhart was third with 195.

Charles Umbarger, the 1958 winner, had influenza the week preceding the meet, so could do no better than fifth.

\# \# \#

CENTRAL'S HENRY KING, regarded as one of the favorites for the individual crown, failed to live up to expectations as he came in fourth.

Paul Romey led the Archer team across the line as he finished 71st with a 10:48 clocking. Teammate Sam Green was the only other Archer to be clocked under 11 minutes as he took 95th place, timed at 10:55.

After the start of the race, North Side's Pete Poorman forged into the lead which he held for about a mile. But then he dropped back to finish seventh eventually.

\# \# \#

TOM HINSLE of Washington Catholic led for most of the second part of the race, trailed by Jack Armstrong of Michigan City and Tim Bagby. But when the finish line came closer, Bagby proved to have the best finishing sprint as he crossed the line first.

Having won the Hobart Invitational, he was the only runner from his school to qualify for the state meet.

The summary for the first 25 teams follows: First, Anderson, 156; second, Indianapolis Shortridge, 171; third, Elkhart, 195; fourth, Muncie Central, 240; fifth, Calumet Township, 241; sixth, Mishawaka, 255; seventh, Indianapolis Washington, 306; eighth, Marion, 311; ninth, Kouts, 311; tenth, Gary Emerson, 318; eleventh, Michigan City, 330; and twelfth, Fort Wayne Central, 350.

In thirteenth place is New Haven, 370; fourteenth, Southport, 389; fifteenth, Fort Wayne North, 422; sixteenth, Washington Catholic, 427; seventeenth, Warsaw, 430; eighteenth, South Bend Riley, 437; nineteenth, Bloomington, 456; twentieth, Valparaiso, 484; twenty-first, New Castle, 499; twenty-second, Crown Point, 505; twenty-third, Gary Roosevelt, 506; twenty-fourth, Charlestown, 516; and twenty-fifth, South Side, 575.

Fifty-Seven Girls Receive Upperclass Speedball Points

Fifty-seven girls received Upperclass GAA Speedball points as announced by Mrs. Alice Keegan. The girls receive 25 points for each GAA meeting they attend.

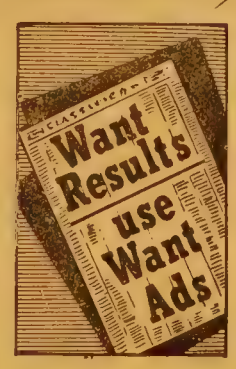
Those having perfect attendance and 100 points are Nancy Baltes, Barb Burdick, Jane Glass, Sandy Grodrian, Jan Kessler, Peggy Markin, Barb Nahrwold, Luann Uhl, Alberta Bonnell, Val Callahan, Connie Dennis, Sandy Dolson, Michelle Flaige, Carol Hofer, Alice Ashton, Tamara Beaty, and Joyce Cossairt.

Also, Pam Buzzard, Bella Dyson, Beverly Fromm, Sherry Hall, Ann Hechler, Sandy Heidbrink, Margie Lehman, Jane Ladig, Marcia Marschand, Marcia Melching, Susan Merchant, Janice Nahrwold, Nancy Nichols, Flora Reynolds, Jan Spuller, Sharon Todd, Barb Uhl, Mary Zimmerman.

Shelba Cox, Rita Hessert, Barb Markiton, Leslie Sipe, Diane Spencer, Margie Bloom, Sharon DeBaillie, Sharon Krakower, Nancy Pfeiffer, and Sharon Shuler each earned 75 points. Those obtaining 50 points are Judy Garrison, Joy Walling, Linda Wolf, Donna Barnes, Joan Erck, Shirley Stahlhut, Martha Bonnell, Gretchen Brumm, Dayna Harader, Ginny Kachiamenis ,and Jenny Slater. Becky Collins received 25 points.

K-Y-C Club Plans To Tour Parkview

The next meeting of the Know-Your-City Club will be held on Tuesday evening, at 3:30 p.m. in Room 110. The group, sponsored by Mr. Jack Weicker and Mr. Richard Block, will then proceed to the Parkview Memorial Hospital for a guided tour of the building. This project is in keeping with the club's goal of becoming familiar with the important establishments, people, and history of Fort Wayne.



Last week's meeting centered about reports on the prominent men in Fort Wayne's history, as were given by the members of KYC.

Archers To Battle Irish In Season Finish

C.C. Brings 2-6 Record Into Battle

Mike Perriguey Shines In Front Wall; Backs Led By Leroy Carcione

A rugged Central Catholic squad will invade South Side Stadium tomorrow night at 8 p.m. It will be bringing a misleading 2-6 record into the contest.

The young Irish under Head Coach Walt Bartkiewicz have had a disappointing season but figure to be up to par for the game with a weakened Archer crew. A relatively inexperienced team at the start of the season, the Irish should be hitting full stride now.

Central Catholic opened the season in poor shape with a 42-0 defeat at the hands of South Bend Washington. However, they have had a tough schedule, playing perennial powers such as Washington and Hammond Noll. The squad also dropped a 36-6 decision to Fort Wayne Central and were upset 20-10 by North Side.

The Irish forward wall averages 188 pounds per man, but this is helped a great deal by 235-pound tackle Mike Perriguey. They have quite a congregation of fast backs headed by Leroy Carcione, who has tallied 42 points so far this year.

C.C. runs from a split-T offense and Dave Langas will probably handle most of the quarterbacking. Jerry Perriguey is an excellent passer and could prove trouble with aerials to ends Mike Creigh and Don Baker.

South's defense has improved greatly since the shellacking it received from the Irish in the Jamboree. A victory for the Archers in this contest would insure a second-place finish in the City Series competition.

Probable starting lineups:

C.C.	Pos.	S.S.
Baker	LE	Lude
Perriguey, M.	LT	Tritch
Kelker	LK	Griffiths
Schimmele	C	Spindler
Pressler	RG	Olinske
Taylor	RT	Dawson
Creigh	LE	Howe
Langas	QB	Parrott
Vachon	LH	Duff
Carcione	RH	Burton
McCarthy	FB	Somers

City Scoreboard

City Series Standings

South 14, North 6. Central 36, C.C. 6. Central 27, South 0. North 20, C.C. 19.

Carter's Corner

By Jim Carter

The Archer gridmen, journeying to Huntington last week to take on the undefeated Vikings, returned home with their record evened at 4-4; the Vikings remained undefeated.

Undoubtedly seeking revenge for last year's 13-13 tie with the Kellys which spoiled a perfect season for them, the Vikings almost ran the visitors off the field in a 34-7 rout.

In their last three defeats the Archers have opposed teams featuring particularly outstanding quarterbacks. Central had Jim Keim and Goshen had Jim Yoder. Huntington also had a great field general in Ken Tewel, who directed an almost perfect Viking attack.

The statistics were nearly as lopsided in favor of the home team as the score was. The Vikings outgained the Green 321 yards to 186. South fumbled three times and was penalized 29½ yards, while the Vikings were perfect in both departments. The other figures were similarly discouraging.

The only well-executed plays from the Archers' standpoint were a beautiful 66-yard run from scrimmage by halfback Tom Duff for the only score, and quarterback Steve Hargan's fine pass to Ken Howe for the extra point.

Howe, an end who has recently taken over the Kelly punting chores, booted his first attempt of the evening straight up in the air for a net loss of two yards. He then got organized and accounted for some truly good kicks, one carrying 53 yards to the Huntington end zone.

* * *

WHILE A MAJORITY of the city teams had another losing week end, Central and Concordia managed to emerge victorious. The Tigers won another major prestige victory statewise, with a 12-0 defeat of Muncie Central's Bearcats.

Jim Keim ran an almost flawless attack, and T. C. Williams and Willie Rozier each added another touchdown to their totals in the fine showing.

The Bengals now stand 6-1 for the season, which is by far the best record in the city. They have a final chance to enhance their reputation still further tomorrow when they meet the Indianapolis Crispus Attucks.

Concordia scored its second victory of the year against six losses and will close out their season Saturday against Cleveland Lutheran.

The Irish of Central Catholic were handed their sixth setback by Hammond Noll, 13-7. The Irish's leading scorer, Leroy Carcione, was shut out by a sterling Warrior defense. C.C.'s only score came on a 91-yard pass interception runback by halfback Bob O'Reilly.

North Side took it on the chin once more from a Northern Indiana Conference foe, dropping a 39-6 decision to Michigan City. Duane "Sonny" Gordon once again looked good for the losers. The Redskins, seeking their second win and first in conference play, take on Mishawaka in their final engagement of the season tomorrow.

* * *

IN THE CITY scoring race the same five leaders held their respective positions this week. T. C. Williams, Central's fleet halfback, has upped his total to 54 points, 12 ahead of his nearest pursuer, Leroy Carcione, of C.C. Williams now appears to be a shoo-in for the scoring championship, won last year by South's Bill Meyer. Other leaders are Gordon of North and the Bengals' Rozier and Steve Cress.

* * *

THE FORT WAYNE Komets, only local representative in the world of professional sports, opened their 1959-60 season this past week end in their chase for the championship which barely evaded them last year. Fort Wayne is by far the smallest city in the International Hockey League, but in its seven years of membership it has always topped the loop in attendance.

There are several new cities in the league this year and many new faces on the Komet squad. With the great revival of interest in hockey and skating on the local scene at the high school level, enthusiasts have an excellent opportunity to pick up some pointers from the real professionals.

* * *

AND NOW THE major item of interest: tomorrow evening's clash with arch-rival Central Catholic. The Kellys' record is now even at 4-4; and this game can make or break the season, morale-wise as well as statistically.

Last year the Irish were victorious, 20-12, and in an abbreviated Jamboree contest in September they whipped the Archers, 13-0. C.C. has a 2-6 season record and their overall showing has not been too impressive.

Playing the way they were only a few weeks ago, the home forces would be definitely favored; continuing as they have recently, anything can happen.

The Irish have averaged 11.3 points scored per game to South's 10.1; but while the Green has limited its foes to a "mere" 17.1 points per game scored against it, Central Catholic has given up an average of 20.4.

It could be a wide open game with anything likely to happen. Both teams should be keyed for this one, since each would like to end its season successfully. If the Irish win, South will be tied with them for the cellar; if the Archers win, they will hold undisputed second place in the City Series.

See you next week.

Frosh Finish Season With 5-2 Grid Record

By Stuart Schmitz

South Side's freshman football squad concluded their 1959 campaign last Tuesday. The frosh gridders, coached by Glen Stebing, ended the season slate with a 5-2 record. Kelly defense allowed their opponents an average of 7.1 points per game, while the Archer offense scored 107 points, averaging 15.3 points per game.

Oliver Davis, Dave Platz, and Eddie Johnson tied for total touchdowns with three each. Davis, the halfback sensation, tallied his in the first four games and was out of action for the remainder of the season.

Shep Jefferson, Paul Slick, and Bill Wolfe kept the line alive this past season, demonstrating great defensive talents. These linesmen will surely be tremendous in future years. Bob Leininger and Dave Tipton, Kelly guards also accounted for a fine season. Rick Werling and Dave Meyer shared the kicking chores.

* * *

THE ARCHERS opened the '59 season at Northrop Field, September 14. North's Redskins clipped the Kellys, 13-12. In reality, South defeated themselves. Oliver Davis scored three touchdowns, but two of them were nullified. Dave Platz went over for the Green and White's second score in the third quarter.

North bounced back by scoring two touchdowns in the second half. They converted one crucial extra point to decide the game.

Doomed not by their first loss the Archers came back the next week to upset the Central Tigers in a battle royal, 13-6. Davis and Platz captured scoring honors. Davis ran a spectacular first quarter to send the Archers to a 7-0 lead. Late in the third quarter Platz intercepted a partially blocked pass for the Kelly score. Their point after touchdown was no good.

* * *

CENTRAL narrowed South's lead to 13-6 by finally scoring in the fourth quarter. South held off the Tigers for the remainder of the game, thus enabling the Kellys to capture their first victory.

South Side spectators witnessed a 21-6 victory over Concordia in the third game played September 24 at South Side field. This game marked the second consecutive win for the freshman gridders.

Davis continued his stupendous play with a 64-yard touchdown, the longest run of the season; gaining some 100 yards; and passing for a touchdown. His tremendous 64-yard dash came in the fourth quarter. In the first quarter Davis threw to Ed Johnson from the 25-yard line for another Archer score. After losing a touchdown on a penalty Davis passed to Lohman, who hurled through the Cadet line for the Kellys' third score.

* * *

WITH VICTORY the cry the Kellys met the Central Catholic Irish in the fourth contest, only to be trounced by a 25-0 score. This was the Green and White's second loss against two victories, and also their first and only shut out of the season. Irish offense crossed the end zone four times but were held to only one point after touchdown. Phil Charrias of Central Catholic highlighted the game with a 65-yard dash, marking the longest run of the game. Both the line and the backfield were weak compared to previous games., although the Irish were a very tough rival.

In the next game South trimmed New Haven, 7-0. The line was the main factor for the victory, as the powerful defensive unit held New Haven back to small yardage. New Haven threatened only once. With first and 10 on the four-yard line, the rugged Archer line halted the Bulldog backs. A 35-yard pass play from quarterback Tom Shine to Ed Johnson in the end zone accounted for the Archers' lone touchdown.

* * *

VICTORY-STRICKEN, the Kellys continued their power by trouncing a 16-man Bishop Luers squad, 28-0, on October 14. Tom Shine, Sid Sheray, and Dave Blanton shared scoring honors. Shine scored from the one-yard line after Sheray had moved it there from the 29-yard line. From there, there was no end to the Kellys' strength, and the final verdict was just a matter of time.

Archer gridders wrapped up the season with a 26-0 shellacking over Elmhurst at Elmhurst Field on October 20. Bob Lohman, Mike Hauser, Richie Clark, and Dave Platz all crossed the end zone for Kelly touchdowns. Lohman also turned in one of his greatest defensive performances of the year.

All in all it looks like the freshman squad has a bright future ahead of them. Next year they should come back to register an impressive record as South Side's reserve squad.

Jim Olinske, Tom Duff Cited Players Of Week

Tom Duff

Jim Olinske

Chosen as players of the week for fine performances in the Huntington game last Friday, were halfback Tom Duff and guard Jim Olinske.

Cited for fine blocking work in last Friday's game was guard Jim Olinske. Jim is a Senior A and is studying English 8, Algebra 4, Chemistry 2, and economics.

In junior high, Jim participated in track and baseball. He attended Abbett Junior High School.

As for this year's team, Jim thinks that "so far we have done a good job in spite of our tough schedule." He picks South to conquer Central Catholic tomorrow night in the final game of the season.

Jim said that hte real thrill he gets out of playing football is "playing."

"Our roughest opponent so far has been Shortridge, and we are not taking C.C. too lightly," Jim said concerning how he rated our adversaries.

When he is out of high school, Jim plans to go into the Army and follow the vocation in which he becomes interested while serving.

Junior left halfback Tom Duff was chosen back of the week following his fine performance against Huntington's Vikings last Friday at Kriegbaum Field. Duff scored the Archers' only touchdown in a losing cause as the Green was belted by a 34-7 margin.

Tom was chosen for the weekly honor by Coach Germand for his consistant gains and swift running. Duff was especially impressive in his end runs, gaining considerable chunks of yardage in each try.

The junior halfback's touchdown run opened the eyes of everyone, as the fleet Duff picked up blocking and skirted 66 yards around his right end to pay dirt.

Commenting on the Viking-Archer game, Tom felt that "Huntington had a good team, but not half as good as the score indicated. They just capitalized on our mistakes," he said.

Football is not the only activity that occupies the time of junior Tom Duff. Besides being a member of the varsity gridders, Tom is South's number one sprinter on the track squad. He earned his letter in the sport last spring as a sophomore. Tom is also a memebr of Lettermen's and on the social council for his class.

South will conclude its football season against Central Catholic tomorrow night, and Tom will again be punching away in the left halfback spot. But next year should prove to be his finest and most successful season after the experience he has gained from play with this year's squad.

Church Missionary Brothers Send Janet Christensen Dolls

Walking into Janet Christensen's bedroom closet can be beautiful and fascinating as well as treacherous!

Janet's closet, like those of most 15-year-old girls, is a spot to be well avoided with its hazardous landslide of tennis rackets, shoes, clothes, and last year's Totem.

But this particular closet has an added attraction, for between the tall stacks of memoirs and the fond stuffed animals piled high in a far corner of the closet, lies a stack of 11 interesting boxes.

Upon opening one of these plain looking containers one's eyes would meet the lovely face of one of Janet's prized dolls.

z z z

EACH ONE of her 11 dolls is attired in a brilliant costume characteristic of its native homeland. These dainty little moppets, her storybook doll size, hail from various western European countries—Britain, Ireland, Scotland, France, and Germany. She also has them from Canada and Mexico.

Janet received her lovely collection as gifts from her three widely-traveled brothers, Holbut, Kay, and Andy Christensen.

All of her brothers are missionaries for their church and sent Janet the beautiful dolls during their travels through various countries. Andy is presently in Australia.

Out of all the dolls, each one unique and exciting, one has completely captured the heart of the collector. It is a quaint Scottish doll dressed in an unusual costume. Each article of her costume is from a different country. For instance, the doll's dress is of French origin, while her apron is a typical German apron!

As beloved as they are, Janet has not as yet attributed names to her tiny companions.

Janet Christenson

JANET DOES not display her collection but keeps them in boxes in her closet. She made an attempt to exhibit a display in her bedroom, but they were soon packed away and into the closet to protect them from dust and possible accidents.

Friends are amazed, interested, and even a bit envious upon beholding the lovely collection of Janet's. She received the dolls a few years ago just as she was exiting upon the "doll-playing" stage of childhood. However, she has loved and cherished them and intends to keep them for her children.

Along with the dolls and the costumes, Janet has tiny pieces of doll furniture from Europe, a delicate and much-prized music box from Germany, and several lovable stuffed koala bears from Australia.

Janet is a 10B and on the college course studying English, general history, geomtery, Latin, and dance.

Ideal Teacher, Pupil Evaluated In Minds Of Archer Lassies

In this modern age of rock 'n' roll democracy, many students have their own idea of what teachers and pupils should be like. So all teachers and pupils take heed, for here are the opinions of the following pupils.

Barb Buckles—My favorite teacher is one that gives you a responsible kind of homework. My favorite type of student is one who gets his homework done and receives good grades.

Sandy Bates—I like reasonable teachers, and students that get their homework in. (Oh, if I could only do that!)

Sherry Baxter—My favorite teacher is one who understands you and gets things across clearly. I like pupils who really make an effort to understand.

Sue Martin—I like teachers who realize that they are not the only ones that give homework. I like pupils who know the secret of getting 100's on their biology tests.

Vicki Miller—I like teachers who—uh—uh—don't give any homework, and pupils who look like Kenny Hike.

Marti Morell—The type of teacher that I like best is the kind that isn't boring during class discussions and doesn't give very much homework. I like pupils who always get good grades, and participate in school activities.

Oma Ake—My favorite type of teacher is one who is tall, dark, and handsome, and of the male sex. While my favorite type of pupil is one who is kind enough to let me copy on a test.

Gretchen Brumm—My favorite type of teacher is one that explains what you are to do and lets you do it. I don't like teachers who talk the whole period and don't accomplish anything. I like pupils who get their work done.

Geri Geller, Speech Enthusiast, Feels Grades Over Emphasized

Of the hundreds of students who graduate from South Side High School, each student is interested in something different. For most of the students, they are entering a field they have dreamed about for years; they are entering a field for which they have planned. The students started by taking courses in high school that would better prepare them for their future.

Speech is the special interest of senior Geri Geller. The 17-year-old is presently taking English 8, French 3, Chemistry 1, and Orchestra 7.

Last year, Geri took public speaking. She said, "My special interest is centered around speech and drama. The course offered here at South gave me a basic background of what I hope to study further in college, I especially enjoyed preparing speeches and doing other speech projects."

Being a senior, Geri definitely knows her minors and majors. Social studies and English are her majors. Her minors include mathematics, Latin, and French.

z z z

CONCERNING college, Geri stated, "Unfortunately, I'm still in the process of trying to make up my mind as to which college to attend. It is really a rough and important decision to make."

z z z

WHEN ASKED the importance of high school education, Geri was quick to reply, "A good high school education such as is offered here at South is as necessary to students as a solid foundation is to the construction of a towering skyscraper. With such a broad basic background, the student can specialize in a certain field in college."

The knowledge gained from the student's high school education is very important. It is important while at high school, in college, and after college. Concerning knowledge and grades in high school, Geri said, "How I wish that all students could work for knowledge instead of grades! Too much emphasis is placed on grades by our friends, parents, and by the school. Certain clubs, honorary organizations, and scholarships are based on the student's grades. Therefore, the student has to worry about making high grades."

Geri had an idea about the grading system in order for the student to work for knowledge instead of for grades. The senior girl suggested, "I think it would be ideal to have a system of grading where the students received just a notice telling them whether they passed or failed."

z z z

EXTRA-CURRICULAR activities are important to the high school student. As Geri explains, "I've always felt that extra-curricular activities are most important to develop a well-balanced and well-educated student. The student who has too much spare time can only get into trouble. Through work in outside activities, the student can develop the necessary qualities of leadership, fellowship, discipline, responsibility, and citizenship needed to face the world."

This perky senior is very interested in outside activities. She was a former member of Philo and 36 Workshop. She also served as point recorder for Wranglers. Geri is presently a member of Wranglers, the Times, the Totem, Masque and Gavel, Service Club, and the 1500 Club.

Her offices include being president of Wranglers, an agent for the Times, and circulation manager for the Totem.

Membership in clubs is important as Geri stated, but just being a member of a club isn't enough. Geri also had a comment on this subject, and she said, "Many students join clubs because they are insecure and want to belong and be a part of things. This is good if these students are ambitious and hard workers and can help make the club successful. So many students join clubs so they can say they belong to it, and can boast that they attend a meeting every other week."

"It's true that everyone can't be a leader, but that doesn't mean that there can't be active followers. In other words, the student will only get out of the club what he is willing to put into it," concluded Geri.

BESIDES SCHOOL WORK and school activities, Geri enjoys working with movie cameras and equipment, radio announcing, drama and play reading, and participating in speech contests. She also enjoys water skiing, bowling, and music. Geri humorously stated, "I enjoy attempting to play golf and tennis."

To sum up the life of a senior girl, namely Geri Geller, the student herself comments, "I think I have discovered the importance of retaining high school education. I have realized the part that my high school activities and grades will play in college, employment, and in practically everything I do."

Civic-Minded South Siders Devote Time, Talent To Volunteer Jobs At Red Cross, Veterans' Hospital

All Archers didn't spend their time at the lakes this summer. Some of the Kelly lads and lasses volunteered their services to the American Red Cross. The students worked at the Chapter House of the American Red Cross, the Veterans' Hospital, private swimming pools, and various other places where their services were needed.

Sally Gelow, Judy Weber, Judy Riping, Laura Rhodes, Margo Dixon, Ann Brase, Ross Binkley, and Judy Cramer worked at their respective jobs for the American Red Cross. Each student volunteered his services at the organization.

Mrs. McFadden, secretary of the Junior Red Cross, stated that thirty-two high school students worked during the past summer. "We don't know what we would do without them," stated Mrs. McFadden.

"They worked at various jobs. Some of the students worked at the Veterans' Hospital. The hospital was very satisfied with the work done by the students and wants the work to be continued," she added.

A great deal of hard work is connected with the Red Cross. The secretary stated, "Everyone did a marvelous job. We are very proud of the high school students and the work they did."

z z z

SALLY GELOW worked as a typist in the blood center and folded letters. She worked a total of twenty hours. Sally said, "I thought it would help the community. It was very wonderful to work for and make friends with such wonderful people."

The only qualifications for Sally's job were that she had to be able to greet people and type.

Sally is a member of the Junior Red Cross, Philo, the Assembly Workshop, Drama Club, and the Times. She is serving as assistant ad manager of the Times.

Sally is on the college preparatory course taking English, U. S. history, chorus, French, and developmental reading. She is a junior A.

Senior B, Judy Weber, worked at the switchboard and at the swimming pools. Judy became interested in the work when she was a freshman at Concordia High School.

z z z

JUDY IS A MEMBER of the Service Club, Junior Red Cross, Vesta Club, and Junior Achievement. She is presently secretary of the Vesta Club. She is also a member of the Walther League at her church.

Judy may be found taking English, chemistry, government, alcohol and narcotics, and home economics.

When asked if she enjoyed her work, she commented, "It's a wonderful experience. I just loved it!"

"I especially enjoyed the children's joy when they learned to swim. They showed so much appreciation," commented senior B Margo Dixon.

Margo taught swimming in the Red Cross' "Learn to Swim Program." She also helped to register the children for the program. She explained, "About eight girls, under the guidance of Ron Kilpatrick, went to private pools to help the children in the neighborhood learn to swim." The program will be developed more next year.

z z z

THE QUALIFICATIONS for the job were junior life saving and senior life saving. The senior life saving was not always needed.

On the college preparatory course, Margo is presently taking English, Cross was senior A Judy Riping. Judy worked a total of ten hours. Judy said, "I recommend the job to others, it gives a person a feeling of having done something useful for his community."

Chemistry, Spanish, English, and economics are the subjects Judy takes. Very active in school clubs, Judy is a member of Philo, Dramatics, Service, and Junior Red Cross. She is serving as business manager of the Times and is also a Totem agent.

z z z

SOPHOMORE B Ann Brase worked at the switchboard, and taught swimming. Ann worked a total of sixty-two hours.

Ann is presently serving as a homeroom agent for the Times, a member of Meterites, and belongs to P.F. at her church.

General history, geometry, English, Latin, and dance are among her subjects.

Laura Rhodes is the only South Side student who remained at the Red Cross after summer. Laura is a junior B taking English, geometry, U. S. history, and physics.

Junior Achievement and Junior Red chemistry, government, art, and developmental reading.

She is a member of the Junior Red Cross, Wranglers, cheerleading, Times, and Totem. Margo is treasurer of the Red Cross, a varsity cheerleader, and the Totem office manager.

Working as a typist for the Red Cross occupy her extra time.

Since last July, she has been working as a receptionist Thursdays and every other Saturday afternoon at the Veterans' Hospital. Since last August, she has worked at the switchboard on Wednesday afternoons at the Chapter House on Berry Street.

As of this date, she has worked eighty-five hours at the Veterans' Hospital, and fifty-four hours at the switchboard.

z z z

"THE JOB OF receptionist at Veterans' Hospital is more of a job than I thought it would be. They have a system of visitors' passes. It is my job to give the passes out and to ask anyone, who is not to be in the hospital or on the third or fourth floor, to leave. I am also to answer any questions that might be asked."

When asked what she had learned, Laura answered, "I've learned to operate the switchboard, how to greet people properly, and how to hold my temper and at least act pleasant even if I'm not happy!"

z z z

BOYS ARE NEEDED to teach arts and crafts such as drawing, painting, ceramics, sculpture, and leather work to convalescent and able-bodied servicemen, veterans, and civilians.

They are also needed to provide entertainment and to arrange outings for sport activities, musical events, and the theater. They also serve as junior hosts, and dancing partners.

They are needed in Motor Service to transport disaster workers and supplies, to assist in collecting and distributing blood, to take convalescent servicemen, veterans, and crippled children to ball games, concerts, and movies, and drive patients, entertainers, and hostesses to and from the hospitals.

BOYS ARE NEEDED also as staff aids, to assist in the Red Cross Chapter doing the following various jobs: Keeping records, working in blood centers and at information desks, and serving as speakers, recruiters, reporters, and librarians.

Industrial arts projects must be done by boys. They can make gift boxes, book-ends, Chinese-checker boards, clipboards, darts and targets, playing card boxes and holders, and wooden toys.

Girls are needed in the Arts and Skills Services, Canteen Service, Entertainment and Supply Service, Motors Service, Production Service, Social Welfare Aid Service, and Staff Aid Service.

They can make candy cups, Christmas stockings, Santa Claus suits, holiday favors, soft toys, and table centerpieces.

If anyone is interested in becoming a volunteer, even though they're not a member of the Junior Red Cross at South Side, they may contact Mrs. McFadden through the Red Cross or contact Laura Rhodes in Homeroom 84.

Freshman B Stuart Schmitz Wins Fourth In Science Fair

A Freshman B certainly has shown how rewarding a school assignment can be if you really work on it. The freshman is Stewart Schmitz, and the assignment he received was to create a science project for the Northern Indiana Regional Science Fair.

No matter how complicated this may sound, it certainly was not much of a task for Stewart. He not only obtained a good grade in class, but he won fourth place at the Science Fair.

All of this happened while he was in the eighth grade at Harrison Hill.

His project was one of 15 chosen by the teachers to be sent to the fair which was held on April 10, 11, and 12. The fair had several age groups, the youngest being the fifth grade. He was included in the group from the seventh through ninth grades.

z z z

THERE WERE seven different categories which included botany, zoology, and cheimstry. Stewart was entered in the chemistry section. He was proving the formula H2O, which is water.

He formed three enlarged structures representing two parts hydrogen, and one part oxygen. Along with this he listed the 101 elements that were known at that time.

After the judging had been completed, Stewart was chosen to win fourth prize, which was a ribbon.

He is very proud of this and hopes to continue chemistry in his senior year, and to take physics during his junior semesters.

z z z

BESIDES HIS school work, which includes studies on the college course, Stewart is a sports writer for the Times. He enjoys this very much and finds it extremely interesting.

More sports enter in with his participation on the cross country squad. Stewart is also hoping to go out for basketball.

He devotes much of his time to helping with the social functions of the youth group at the B'nai Jacob Synagogue.

For three years he has been collecting old coins and menus from all over the world.

Telephone, Records, Soft Lights, Assist Students With Work

If the reader is typical of so many of the earth's inhabitants who find themselves chained to their desks night after night, faced with boring stacks of books on Cicero, trigonometry, government, and sociology, the author has a few tips on how to lighten the work and make life worth living again.

First of all, the successful student starts his work with a few neighborly chats on the telephone. Now, be careful not to overdo this. After all, three or four 55-minute conversations per night are not only healthy, but allow a generous leeway (say . . . one and one-half minutes) between calls.

z z z

SECONDLY, A very basic requirement of good study is the proper atmosphere. If a phonograph and some crazy bongo records aren't available, there's always Al Russell.

This particular type of music is especially conducive to study, or to quote a leading philosopher who recently passed on. (The background music of Peter Gunn got the best of him.)

Another element in this category which merits mentioning is a ready, access to a well-stocked larder. This allows one to eat, drink, and be merry, for tomorrow he'll probably have stomach pains in the middle of his pantomime in speech class.

z z z

ANOTHER FACTOR to keep in mind is the posture used while studying. One soon finds that a soft, downy bed is preferable to a stiff, straight-backed chair. Then, when that music really hits home, one can just lean back and absorb all of the culture to the heart's content. (A few pillows and some movie magazines help, too.)

The secret of success? Why, it's easy! Just follow the author's knowing footsteps; she's only been here for seven years now.

Homeroom News

Sue Rousseau, Homeroom News Editor

The members of Homeroom 45 did a lot of traveling this summer . . . Virginia Flagg went to summer school, then to Houston, Tex., for two weeks. Returning home, she visited her cousin in Michigan where she learned to water-ski . . . Margie Havens went camping with her family at Lake Higgins, Mich., to the Mackinac Bridge, Mackinac Island, and the locks at Sault Ste. Marie . . . Bill Heathman visited relatives in Middlebury, O. . . . Ed Kridler was in Canada and camped about 100 miles north of Sault Ste. Marie . . . Lucille Palevich attended summer school and went to Crooked Lake over the Labor Day week end . . . John Pierce worked at Johnny's Body Shop and went to Florida where he went deep sea fishing off Coco Beach.

Ken Rice went trout fishing in Northern Michigan . . . Bill Stout went to Canada, Indianapolis, and later worked for Coca-Cola . . . Tom Wenner went to Illinois and worked on his family's farm. He also went fishing in Michigan for two weeks . . . Dave Zimmerman tried to get a tan at Lake George, attended bongo sessions in Decatur, and worked building silos . . . Dave Cormany went to the National Championship "500" mile sports car race at Elkhart Lake, Wis. His father entered a "competition" Corvette but was forced out by mechanical failure.

Carol Byrne went to summer school and spent her week ends at Pretty Lake. She also attended her church's Labor Day Retreat, and spent two weeks at Camp Miniwanca in Michigan . . . Dave Bollinger and Ray Fanger were in an automobile accident . . . Sandra Bodkin spent most of her Fridays swimming at the pool . . . Alan David started to work out with the discus. In the process he brought down four rabbits . . .

Barbara Enzor went to camp and later vacationed with her family in New York, Washington, D.C., and Long Island. Later in the summer she went to Chicago with the Music Center to play in an accordion contest . . . Paul Fulgham went swimming, swimming, swimming! When he wasn't swimming, he was riding in what is called a skip jack, more commonly known as a type of racing boat . . .. Marcel Perrey helped his brother put a straight shift in his Oldsmobile . . . Dave Flaig did "nothin'!" . . . Dave Zuber spent his time swimming at Big Blue and the rest of it at another lake . . . Judy Fisher started out planning to go wading but ended up swimming . . . in all her clothes!!!—Joan Rothchild, reporter

z z z

The sophomores in Homeroom 91 were busy this summer. Marsha Lepper took a trip to Ohio, the bus she was on broke down "in the middle of no where" .. . While visiting Atlanta, Ga., Frank Lewis climbed to the top of a granite mountain where he watched a chain gang and other convicts at work.

Lois Lerch spent two weeks in Illinois . . . Jim Leiter traveled to Canada, Iowa, Kentucky, Tennessee, and Chicago . . . It's a miracle that we still have Steve Leitz with us. Steve got hit by a car while riding his bicycle.

Carol Link spent the summer sunbathing and record-hopping . . . Peggy Lee spent five days at Howe Military Academy . . . Sue Korte says that she found several new "interests" during summer school . . . Jill Leonard visited relatives in Tennessee.

Lavinia Miles won the Country Music Festival at Franke Park. Her prize included a trip to Nashville, Tenn., and having two records made . . . John McMillen visited his brother at Culver . . . Dave Meek went to the Upper Peninsula in Michigan on a fishing trip.

Terry Twitchell did quite a lot of traveling this summer. She went to California, Denver, Colorado, and Idaho . . . Mary Lou Treece visited Mackinac City, O., and Southern Indiana . . . Emily Traylor and Todd Thompson both went to Chicago.—Pat Tyler, reporter

Life Patterned From Television Program Outlined By Kellys

Life could be a bowl of cherries if we could pattern it after some TV shows. To help this along, some checks were handed out for a million dollars to numerous people. Most of them thought they were dreaming or didn't believe it. They did state some ideas on what they would do with such a fabulous sum. How would your reactions and ideas compare with these if you were told you were to receive a million dollars?

Jerry Holiday—Build the old part of South Side over, all modern.

Sally Capps—I'd probably sit there in a state of shock and never be the same again.

Alfred Mayle—Pay the taxes and hope there would be enough left for a candy bar.

Sandy Starke—Have loads of fun!

Larry Christman—Naturally, I would spend it.

Carolyn Holmes—I would buy a St. Bernard dog and spend the rest on dog food.

Steve Carr—I would have a party to end all parties.

Tom Ogles—Yak, Yak. Look who saved his box tops!

Carole Haag—Pay for Bill Heathman's car that I backed into.

Carolyn Hickman—I would travel around the world to gather knowledge!

Rick Busch—Now who's dreaming?

Sue Hiller—Go to Africa and consult with all my bosom buddies, the Mau Maus.

Jack Winder—I don't believe it, but I'll take it.

A 100-word spelling test was given to Mr. Furst's Clerical Practice classes recently. In period 1 the highest grade made was 95 by Dorothy Major. In the period 8 class, 100's were made by Bernice Sherman, Sandy Long, Carol Beghtel, and Marsha Klaehn. The next highest grade was made by Joyce Rondot, 95.

In Mr. Furst's Business Law classes on the first achievement test in period 2, high grades were received by Kay Hensch and Fred Syndram. They earned 98's. In period 3 Martha Price received the highest grade which was 98. In period 7 Marsha Chaney made 99, and Nina Canaan made 97.

On a test in Miss Ayers' Business Law classes the high grade went to Roxanne Smith. She received a 99.5.

In Mr. McQuillan's U.S. History 1 period 2 class on a quiz on the Constitution, 100 was earned by Larry Ballman, Jerry Clayton, Dave Dill, James Eme, Mickey Flaig, Mary Lou Gomez, Linda Meyers, Bill Meyers, Martha Price, Bobbi Ross, Pamela Stech, Tom Van Dolan, and Donna Weinraub.

On the same Constitution quiz in Mr. McQuillan's U.S. History 1 period 6 class, 100 was earned by Jon Anders, Jane Badders, Jaseph Bleakney, Connie Caley, Eric Culp, Dave Flaig, Sharon Longenberger, Margie Mercer, Don Nelson, Dixie Piercy, Iris Quick, Dave Schwalm, Sandra Starke, and Dave Zimmerman.

Fifth period concert choir of Mr. Hostetler sang at the Senior Mother's Tea, and will sing at the annual South Side chili supper, the music assembly on November 18, and at the November 25 Thanksgiving Assembly.

Madrigal choir will be singing at the Waynedale Methodist Church on November 7, and at the South Wayne EUB Church.

On a test over "Silas Marner" in English 3, first period class of Miss Burr, Frank Lewis and Karen McFarland were highest with Sally Gilbit and Ann Heckler a close second.

In English 3 third period on verb forms used correctly, A+ was made by Rebecca Collins and Dennis Groves; straight A's by Glenda Kayser, Bob Symonds, and John Weaver.

In Miss Burr's English 4 classes on a test over Colonial Period in American Literature, A grades were made by Howard Miller, Bob Bolyard, Donna Preston, Dean Rice, and Judy Chapman.

Diane Fredrick and Bill Muller made A+'s recently on a vocabulary test based on "Silas Marner."

In Miss Covalt's Typing 3 classes the following people qualified for their 40 ribbon: Virginia Adkinson typed 42 words a minute with 91 per cent accuracy ,Stephen Sappenfield typed 41 words a minute with 90 per cent accuracy, and Pat Forehand typed 42 words a minute with 91 per cent accuracy.

The following people in Typing 3 received their 50 ribbon: Karen Randall typed 52 words a minute with 90 per cent accuracy, Luann Uhl typed 51 words a minute with 96 per cent accuracy, and Mary Ann Soles typed 50 words a minute with 92 per cent accuracy.

People in Typing 3 who received their 60 ribbon are Carol Jekel, 61 words a minute with 96 per cent accuracy; Sharon Stevens typed 60 words a minute with 90 per cent accuracy; and Barbara Merchant typed 61 words a minute with 100 per cent accuracy.

Bob Bechart, Tom Duff, Jim Dumas, Tom Felger, Ron Hay, Rita Hessert, Steve Iannucilli, Barry McMillen, Don Nelson, Stan Redding, Phil Stout, and Nancy Swaim all received perfect scores on a recent test in Mr. Sidell's Geometry 3 period 7 class.

The sophomores of period 2 have been tape recording scenes from "Julius Caesar," and by this, trying to improve their interpretations.

Several are memorizing over 100 lines of "Julius Caesar," and are planning a costume dramatization at the close o ftheir reading of the play.

Twelve class members are reading another play by Shakespeare on which they will give a 10-minute report. This is to benefit everyone so that all will be familiar with the well-known Shakespearean dramas.

In Mr. Polite's Drawing 2 classes, those who have completed isometric drawings which involved the construction of an isometric circle are: period 1, Tom Adams, Don Walters, Dennis Vebert, Mike Hegerfeld, Ted VonGunten, Tom Sherer, and Paul Bultemeier; period 6, Nick Miller, Jerry Traxler, Gene Menze, Robert Dorsett, Jim Burton, Phil Glick, Frank Lude, and Gary Richardson.

Drawing 1 students who have finished one-view drawings involving geometric constructions are: period 3. Dave West, Joe Murphy, Richard Buchanan, Jim Lantz, Mike Clemmer, Harold King, Clint Wehrle, Tom Fawley, Rick Weitfeldt, Jack Fitzgerald, James Evans, Jerry Baker, and Bob Colburn; period 5, Richard Vaughn, Fred Kearnes, Eugene Best, Joe Gustin, Joe Rice, Jack Blombach, Robert King, Dan Miller, John Byer, David Ray, and John Gear.

In the period 2 Drawing 3 class, those who have completed the second development drawing on prisms are Larry Herbst, Stan Robinson, George Hamlet, Jack Waite, Phil Rodenbeck, and Fred Wyatt. Phil Rodenbeck, Richard Heckler, Keith, Correll, and Fred Wyatt have completed the development drawing of the pyramid.

In the period 2 Drawing 4 class, Rex Army is doing a detailed drawing, an assembly drawing, and an exploded pictorial view of a drill jig. Dan Belschner and Marshall Smith are following the same procedure with a stuffing box.

In Mr. Haven's BOM classes, high grades were made on a test over chapters 6 and 7 in the text book by Dick Loffi, John Schaper, and Bruce Chaney, period 1; Darlene Schrader, period 3.

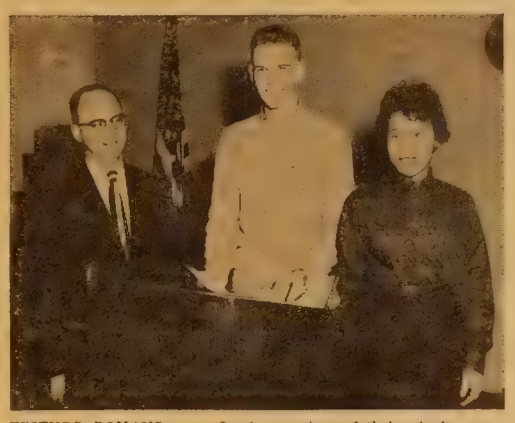
School Contest Copped By Two Archer Juniors

Stanton, Carter Win; City Contests Scheduled For November 14, 16

"I would like to thank everyone who participated in the Democracy and Rotary speech contests. The competition was of a very high calibre, and South's representatives are two excellent people," remarked Mr. Robert Storey, speech teacher.

Joan Stanton will represent South in the city Voice of Democracy contest next Saturday morning. Commenting on her victory in the school contest November 4, Joan stated, "I was very surprised and thrilled to be chosen. I hope I can represent South Side well."

* * *



JOAN IS ON the college course taking English, speech, U.S. History, and home economics. Her extra activities include Times, Wranglers, Masque and Gavel, and service. She serves as copy editor of The Times.

Second place in the school contest went to Gretchen Meister and Katherine Misegades. Other participants were Dieter Hillerbrand, Jim Carter, Janet Terry, Diane Saalfrank, Chuck Weinraub, and Joan Novitsky. Judges were Mr. Lowell Coats, English teacher; Mr. LaVerne Harader, English teacher; and Mr. Virgil Graber, English teacher.

* * *

JIM CARTER will speak as South's representative at the Rotary Club Monday in the city competition of that contest. This year's subject is "Paths to Peace." Jim earned this right by defeating other South Side contestants on November 5.

English, physics, speech, algebra, and U.S. History consume Jim's study time. His extra activities include being sports editor of The Times, sergeant-at-arms of Masque and Gavel, a member of Wranglers, and a service worker. Jim also stated that he was very honored and pleased to have been chosen South Side's representative.

FRIENDS, ROMANS . . . . Orating portions of their winning compositions are Jim Carter, center, and Joan Stanton. Jim is the school's winner in the "Paths to Peace" speech contest, sponsored by the Rotary Club; and Joan is South's winner in the "I Speak for Democracy" essay competition. Looking on is Mr. Robert Storey, speech instructor.—Photo by Thompson

Janet Terry was second place winner in the school contest; while Judy English, Carole Oxenrider, and Dieter Hillerbrand tied for third place. Other finalists included Gretchen Meister, Dianne Irmscher, and Molly Dixon. Judges were Mr. Charles Billiard, English teacher; Mr. David Cowdrey, English teacher; and Mr. John Arnold, history teacher.

* * *

AS IN A BASKETBALL tournament, both these contests continue until a state or national winner has been chosen. The state winners in the Voice of Democracy contest receive an all-expense paid trip to Washington, D.C., and the national winner, a $1,500 scholarship to any accredited college of his choice.

The Rotary contest only advances until a state winner has been chosen. Joan Littlejohn, class of 1959, was the state winner in this contest last year.

South Brings Home Six Speech Ribbons

By Margaret Terry

As if the fire at Howe Military School wasn't excitement enough for the Wranglers who attended Howe Inexperienced Speech Meet on November 7, South brought home six ribbons from various divisions and tied with New Haven for third place in the whole meet. First place was won by Dieter Hillerbrand and Ron Ehrmann. Diane Fredrick, Judy Snelling, Sylvia Ehrman, and Sandra Landree also brought home ribbons.

Dieter didn't score as high as he had hoped in his first round, but after changing his speech a little he received two top ratings the second and third times he gave it. He then went on to the finals and won first place. He stated that he was very happy to win, and it had pleased him greatly to beat two people out of the finals who had beaten him in his first round.

* * *

THE FLIP OF a coin decided whether Ron Ehrmann got a blue or a red ribbon for his speech, "I Speak for Democracy," in the oratorical interpretation division because of a tie for first place. Losing the flip and receiving the red ribbon, he still declared that he thought the judges were fair. He also said that he considered the whole meet just wonderful, but he found lots of good competition.

"Angel's Wickedness" is the title of the dramatic declamation that won a fourth place ribbon for Diane Fredrick. She had a delightful time participating in the meet, and met many people, and learned a great deal about dramatics.

A fourth place ribbon was awarded to Judy Snelling for her original speech entitled "It Doesn't Happen Over Night." Judy had to be told twice by a friend that she was to get the ribbon before she would believe that she had won.

Sandra Landree won in junior-senior dramatic with "Rider by the Sea." She was late for another engagement that evening because of being eligible for the finals, but she claimed it was worth it.

Extemporaneous division proved lucky for Sylvia Ehrman, for she walked away with a fifth place ribbon. She said that many of the participants were very hard to beat.

* * *

"EVERYONE who went to the meet from South performed wonderfully well," stated Mr. Robert Storey. Many of them came close to qualifying for the finals.

Those who went in the humorous interpretation were Sharon Lake, Judy Wilburn, Ellen Crowder, Sue Hiller, and Carol Ladig.

Dramatic interpretation participants were Annette Plesniak, Diane Fredrick, Sue Springer, Judy English, Sandra Landree, Susi Knight, Margaret Terry, Janet Christensen, Susan Menze, and Marcia Evilsizer.

Extemporaneous speakers were Marilyn Miner, Susie Vesey, and Sylvia Ehrman.

Dieter Hillerbrand, Judy Snelling, and Linda Adams were competing in original oratory.

Oratorical interpretations were given by Ron Ehrmann and Sally Franklin.

Student judges were Sue Blaising, Dianne Beams, Geri Geller, JoAnn High, and Janet Terry.

'Autumn Shadows' Selected As Theme For Meterite Dance

"Autumn Shadows" has been chosen as the theme of the annual Meterite after-game dance which will be held on November 20. Jenny Manth is the general chairman. Committee chairmen for the dance are Lisa Hoffman, program chairman; Susie Phillips, refreshment chairman; Debby Brooke, publicity chairman; Barb Altevogt, ticket chairman; Pam Punsky, clean-up chairman; and Sue Horth, cloakroom chairman.

A guest speaker will be featured at the next meeting Tuesday in the Greeley Room.

Babette Jones was the winner of the Meterite Original Poetry Contest held last November 3. Diane Saalfrank placed second and Peggy Schmidt was third.

Philo Club To Hear Thanksgiving Play

A Thanksgiving play, "Thankful Hearts," will be enacted at the Philo Club meeting Monday at 3:30 p.m. in the Greeley Room.

Ellen McCarron, director of the play, stated that the cast would include Karen Brumm, Susan Bond, Sue Hiller, Barbara Frederick, Gretchen Meister, Cindy Miller, and Susi Scott.

Following the play, Sandra Landree's discussion group will conclude its reports on George Bernard Shaw's life and works.

Plans for the Philo after-game dance, December 11, will be discussed.

Jr. Red Cross Collection Taken In H.R.'s Today

A collection will be taken for the Junior Red Cross this morning in all homerooms, since this organization is not supported by the United Fund and conducts its own collection.

Music Groups To Participate In Next Convo

The music department will present its first assembly of the season next Wednesday morning at 8:20 in the gymnasium. Mr. Robert Drummond and Mr. Lester Hostetler have announced that the orchestra, symphonic band, and concert choir groups will perform at this time.

Two Rodgers and Hammerstein tunes, "You Are Beautiful" and "Oh, What a Beautiful Morning," will begin the program for the choir. Following this will be a popular ballad, "Autumn Leaves," by Johnny Mercer. "Wells Fargo Wagon," from the Broadway musical "The Music Man," will also be on the choir's agenda. Concluding their section of the program, the choir will sing "Give Me Your Tired, Your Poor," by Irving Berlin.

Lynn Gall, Marcia Mosel, and Jim Saylors, a trio chosen from the choir, will present "Three Bells," as an extra. Sally Capps, Sandra Yaggy, and Diana Meyer will accompany the choir and trio.

The orchestra will present "Minuet in Four," arranged by Paulson; "Variations on 'Pop Goes the Weasel'," arranged by Cailliet; and "Russian Sailors' Dance," by Gliere.

Performances by the symphonic band will include a march by Goldman, "Alouette," and an English "Folk Song Suite," by Vaughan Williams.

Officer Waldrop Gives Address To Safety Group

"Common sense and co-operation from teenagers will cut down on violations and accidents greatly," was the subject for a talk given to the Safety Council by Officer Robert Waldrop, high school liaison officer.

He also gave the driving violation posters for the month of October to Susie Hoard, president of the Safety Council. South Side had 17 violations last month which occurred mainly between three and five p.m. The five city schools totaled 60 violations for the month of October, which is 22 violations higher than this time last year.

Officer Waldrop showed the Award of Excellence which Fort Wayne city schools received for their safety auto check last fall to the council. South Side will be given the award to display.

Next month an insurance salesman will talk to the council.

Dr. John Meister To Speak At Annual Junior Banquet

Junior Committees Add Finishing Touches To Plans For Banquet

Dr. John W. Meister will be the guest speaker at the Junior Banquet, "This Wonderful Year 1959." His topic of discussion will be "The Time Is Now." The banquet is tomorrow night at 6:30 p.m. in the school cafeteria.

"This Wonderful Year 1959" will be opened with the invocation by Gretchen Meister. Dinner will follow, with a menu of roast turkey, dressing, potatoes, gravy, hot rolls, cranberry sauce, and pumpkin pie.

Following the dinner, Chris Parrott will introduce the members of the head table, guests, and the program.

Chuck Weinraub will be master of ceremonies of the talent program. He will follow the newspaper theme in introducing the acts.

Highlighting the talent program will be a dance from "The Teahouse of the August Moon" by Molly Dixon and Mimi Hinman.

* * *

PROGRAMS FOR the annual event will display the title of the banquet in green and black on a white background. They are a keepsake for the juniors, and will list the officers, sponsors, junior homeroom teachers, and the program. Nancy Vanderford and Ann Plogsterth are in charge of the programs.

Formal invitations have been sent out to selected guests. The guests will include Mr. and Mrs. R. Nelson Snider, Mr. and Mrs. Aaron T. Lindley, Mr. and Mrs. Ora Davis, Miss Pauline Van Gorder, Miss Francis Stobaugh, Dr. and Mrs. O. A. Luse, Mr. and Mrs. Alfred Hemmer, and the junior homeroom teachers.

Martha Price, Donna Preston, and Trudy Bachman were in charge of the invitations.

Decorations for the banquet will also follow a newspaper theme. To carry out this theme, a large newspaper will be displayed behind the head table. "This Wonderful Year 1959" will be printed in large Old English letters. Flowers will decorate the head table.

Other tables will radiate out from the head table.

Centerpieces made up of the events of the year will adorn the tables, and important dates will be printed on the tablecloths.

* * *

MEMBERS OF THE decorations committee are Sheri DeYoung and Sally Dill, chairmen; Barbara Dicker, Rick Busch, Phyllis Redding, Sally Capps, Beth Curley, Ruby Martin, Diane Irmscher, Jack Winder, Linda Meyers, Diane Meyers, Susan Getty, Sylvia Ehrman, Pam Brown, Gene Jacobs, Linda Amos, Jack Harms, Nancy Gift, John Biteman, and Bonnie Bender.

Joan Stanton, Judy English, and Tom Ogles gave a skit over the P.A. system to advertise the banquet. Ann Ericson, Pam Olsen, Tom Ogles, and Mary Spindler made posters. Others working on publicity are Lucille Palevich, and Jim Somers.

The ticket sale ended Tuesday. The tickets sold for $1.65 per person. Bob Shine was in charge of the tickets, and homeroom representatives were in charge of selling the tickets.

* * *

MEMBERS OF the entertainment committee are Tom Duff and Evie North, chairman; Annette Plesniak, Patty McCoy, Jan Martindale, Sharon Longenberger, Dave Dill, Jeanie Carroll, Jim Carter, Mimi Hinman, Karen Roehm, Marie Rohn, Ellen Beatty, Pat Shuler, Gretchen Meister, Chuck Weinraub, John Wilks, Dave Welch, Cindy Miller, Sue Hiller, and Steve Black.

ORIENTAL DANCERS . . . . Molly Dixon, left, and Mimi Hinman, looking like a pair of apparitions straight from "Teahouse of the August Moon," engage in a preview of their Japanese Fan Dance. Theirs is one of the skits scheduled for the Junior Banquet tomorrow night in the cafeteria.—Photo by Thompson

Seniors Receive Personal Cards

The senior personal name cards are on sale. The sale of the cards, previously sponsored by So-Si-Y, is being sponsored by the English Department.

It was suggested that two separate types of cards be selected, one a card in keeping with custom suitable for mailing in the commencement invitation and for use with the class pictures, and another card less dignified in appearance for exchange.

The first deadline is November 20. The cards can be purchased from senior homeroom agents. There are 21 styles of type and 30 different types of cards. The choice of type color is either black or gold. The cards range from 85 cents per 100 to $2.05 per 100.

Grades To Be Issued

This grade period will end tomorrow. Letter grades will be issued next Tuesday.

NROTC Applications Due

All senior boys interested in applying for the NROTC, must send in their applications immediately.

Applications may be obtained from the office.

Archery Club Reorganized

After an absence of two years, a new archery club, which will be known officially as the South Side Bow Masters, has recently been organized. Mr. Virgil Graber will serve as the club's faculty adviser.

At an organization meeting October 27, the following officers were elected: James Wolfe, president; Susan Whitmer, vice-president; Sharon Snyder, secretary; Marilyn Doyle, treasurer; Vicki Troop, scorekeeper; and Susan Whitmer, club reporter.

An archery court has been set up in the rifle range quarters, using baled hay as a backdrop. The club members are indebted to Mr. R. Nelson Snider, principal, who contributed six bales of hay from his farm for this backdrop.

There will be practice sessions on the use of the bow and arrow each Thursday and Friday at 3:30 p.m. At this time, both men and women who are skilled in the use of the bow and arrow will teach the club members how to shoot and acquire archery skills.

The following students have joined the South Side Bow Masters as club members: Janice Nash, Susan Whitmer, Sharon Snyder, Sandra Scheeler, Marcia Evilsizer, Sally Byers, Dennis Lintermuth, James Wolfe, Gary Roby, Rollan Bentrup, Jerry King, Mike Schoen, Gary Hoffman, David Miller, Clifford Greiner, Paul Middelstadt, James Smith, Monda Tucker, Tom Adams, Victor Meyer, Vicki Troop, Ronnie Neff, Marti Morell, Susan Mayer, Alan Zimmerman, Marilyn Doyle, and Carolyn Martin.

PTA To Stage Bake Sale, Chili Supper November 17

The Parent-Teachers' Association of South Side is planning the annual Chili Supper for 1959. The supper will be served in the cafeteria on November 17 from 5:30 p.m. until 7 p.m.

"The menu will be much the same as last year's and the food will be reasonably priced," stated Mrs. Lowell Redding, chairman of the supper. The menu will consist of chili, ham sandwiches, sloppy joes, potato chips, different types of salads, applesauce, homemade pies and cakes, and dixie cups. Drinks to be served are coffee and milk.

A bake sale is being planned for the occasion, and the homeroom mothers will contact the mothers of the people of their homerooms for donations. The mothers will be asked to bake a pie or cake and send it to school with their children, or they may volunteer to help in the kitchen at the supper.

Mrs. Redding has named Mrs. more; Mrs. Walter Vollmer, junior; and Mrs. Frank Goldman, senior class chairman.

The class chairmen working on the planning committee are, freshman, Mrs. Howard McVay; sophomore, Mrs. Allen Sheldon; junior, Mrs. Norman Miner; and senior, Mrs. Norman Wolfmen are Mrs. Louise Harsch, freshman; Mrs. Charles Harrod, sopho-Capps as her co-chairmen to help with the coming event.

The Ways and Means class chair-James Demetre and Mrs. Stephen

Kellys To Appear On Elektra Club

Kate Rastetter and David Schwalm will represent South Side on the Elektra Club program, Sunday, November 15, at 5:30 p.m. on WANE television.

Reporters for the November 8 program will be Elaine Rousseau, Elmhurst; Ann Berg, Central Catholic; David Schwalm, South Side; Don Luepke, Concordia; Reva Berlin, North Side; and Georgianna Easley, Central.

Panelists include Dorothy Wyneken, Concordia; Ann Stellner, North Side; Marge Moulin, Elmhurst; Andrew O'Dwyer, Central Catholic; Kate Rastetter, South Side; and Kathy Krudop, Central.

"What do young people want from churches?" is the subject to be discussed by panel members.

Academy To Hear Talk On IBM Card

Bob Gifford has announced the plans for the meeting of the Junior Acad-3:30 p.m. The program will be a discussion of the IBM card.

Mr. Pete Anderson, the IBM system's representative, will speak. Mr. Anderson will give some demonstrations on the card and its uses.

Janet Terry To Assume General Manager Position

Sue Sappenfield To Be Times Student Adviser After December Third

"Janet Terry will serve as General Manager of the South Side Times from December third through February twenty-fifth," stated Mr. James Rohrabaugh, Times adviser. He continued, "Miss Harvey highly recommended Janet for the job before she left."

Janet's own comment on her appointment was, "I was very honored to be chosen, and I hope I can keep up the standards of the paper and the standards which Sue Sappenfield has set. I think she has done a terrific job."

Between now and December, Janet will work closely with Sue Sappenfield, present general manager, to learn her new duties. She will advance to this position from that of circulation manager, which she has filled so far this semester.

In addition to Times work, Janet currently is vice-president of Wranglers; head secretary of concert choir; president of her church group, Methodist Youth Fellowship; and a member of Masque and Gavel.

Scholastically, she is on the college course taking chemistry, government, concert choir, and English.

She also service works three periods daily, and was recently awarded the Randolph Jacobs Service Cup.

Sue Sappenfield will be promoted to the position of student adviser when Janet Terry takes over as general manager.

At this time, Susie Vesey will assume the newly-formed position of picture editor. Her job will be to plan and supervise the photography of all Times pictures.

Janet Terry

Jenny Manth will become outside circulation manager. Another school circulation manager will be appointed in January.

Other major staff personnel will continue in their present positions. These are managing editor, Ellen McCarron; news editor, Bill Stellhorn; editorial editor, Susie Hoard; feature editor, Linda Silverman; boys' sports editor, Jim Carter; girls' sports editor, Jane Glass; and make-up editor, Mike Church.

Photographers are Bob Thompson, Sam DeHaven, and Mike Seaman; business manager, Judy Riping; assistant business manager, Sandy Thorn; advertising manager, Karen Good; and assistant advertising manager, Sally Gelow.

Lt. Ted W. Butz Reports On Safety

Lt. Ted W. Butz, school safety director, released the monthly summary pertaining to high school safety program. For the month of October, 60 vehicle violations have been charged against local high school drivers. This is an increase over last month's total.

South Side and North Side led the field in violations. Each was charged with 17, followed by Central with 11, Central Catholic with 10, and Concordia with five.

Violations that led the field were reckless driving, speeding, improper equipment, and failure to yield the right of way.

Saturday and Sunday were the days when most violations occurred. Seventeen-year-old drivers have the most violations charged against them.

Since the opening of school a total of 115 violations have been recorded against the high school drivers.

Officer R. Waldrop announced the distribution of the November poster and stated it will feature and encourage students to "steer it safely."

Graduate Attains Honors At Yale

George Douglas McClain, '56, has been named to the Dean's List at Yale University for outstanding academic achievement. He has been named as a ranking scholar.

To qualify for the Dean's List, a student must maintain a grade average within the top 25 per cent of the class. Students in the top 10 per cent of the class are named to the list as ranking scholars.

He will take a Bachelor of Art Degree in history.

He is a member of Dwight's Hall, the Yale Christian Association, and is a resident of Saybrook College, one of Yale's undergraduate colleges.

Music Department Launches Candy Sale To Raise Money

Campaign Goal To Be $5000 Worth Of Turtles By Christmas Vacation

"The music department has the gigantic task of selling a high mountain of turtles—namely, $5000 worth—before Christmas vacation. We hope everyone will eat much and buy often," stated Mr. Lester Hostetler, vocal director.

DeMet's Turtles are being sold again this year to obtain money for the music department. Mr. Robert Drummond, instrumental director, and Mr. Hostetler commented that this money will go for buying dresses in future years, paying for music, and supplying any other music department need which arises.

Candy may be purchased for either $1 or $1.50 from any music department student or Mr. Hostetler and Mr. Drummond. In previous years only the $1 size box was sold; however, the music directors believe the $1.50 size box will be a fine addition. Mr. Hostetler remarked, "Many schools have found this larger size box sells with great success. Because of this, we are experimenting with it this year."

HAVE A TURTLE . . . . Making the first purchase of the Music Department's annual candy sale, Marcia Mosel buys her "turtles" from Mr. Lester Hostetler, left, choral director. The proceeds from the sale, which will be conducted by the students in the band, orchestra, and choirs, will be used for the benefit of these departments. Awards will be given to those selling the most boxes. Prizes will be announced at a later date.—Photo by Thompson

Krystyna Kriworotow, Russian Born Kelly, Tells Of War, American Joys

(Editor's Note: This is the true story of Krystyna Kriworotow, told in her own words as she experienced it.)

I am Krystyna Kriworotow. In many ways I am like the average American teenager, yet behind me lies a past that is entirely different from yours, I am sure. I have not always enjoyed a life of freedom, peace, and prosperity as I have known these past 10 years. You see, I was born in Russia, a land where freedom and opportunity are limited and the constant pang of cold fear lies within you at all times.

* * *

TEN DAYS after the bombing of Berlin, in 1945, I was born. It was during the cruel and terrible World War II. To many of you, this war meant little, but to me it was a complete change in my life. Because of this war my brother and sister died of diphtheria. There were no doctors available to take care of them. The doctors were busy taking care of the wounded on the battlefront. As many as 40 children died in one day because of the lack of doctors.

* * *

BECAUSE OF this war my parents were put into concentration camps in Germany. Since this time, my father has never been heard from. He may be alive or he may not. I will probably never know. My mother was

Krystyna Kriworotow

transferred back to Poland. With me in her arms, she walked 600 miles to Germany. No one can possibly know the terror that we had of being bombed and persecuted.

Yes, my life can tell a story, a story that now lies in the past, but can never be forgotten. Today I am a proud American. I am free from the once known fear and persecution. I live in peace.

My mother and I came to America in 1950. I started school when I was six years old. I have learned to speak, read, and write English; yet I still use Russian. Both my mother and father speak only Russian. Oh, yes, I almost forgot. I have a new father now whom I love very much. He is Russian. His family was lost in the war also. Many times he hid from the planes to escape the bullets and bombs of the Nazis.

* * *

I AM ASKED many times to compare Russia to America. Is it better, I am asked, to live in Russia or America? To me, I reply, America is now my home and I would never again live in Russia. I have learned and lived the ways of America and it is now a part of me. My parents feel the same as I do. Eventually, they would like to return to Russia and visit, but they will never leave this land of prosperity, opportunity, and peace that they call their home.

Yes, in many ways I am different than you, but mainly I do the same things and enjoy the same things as any American teenager. What do we have in common? Most important, we are all Americans and we love the country we live in. Like many of you, I plan to go to college. I would like to be an interpreter. In my free time I practice the accordion.

Senior Summary

Points Per Prominent Persons

Mike Millikan . . . age 17 . . . hair, brown . . . height, five feet, seven inches . . . eyes, gray . . . course, college . . favorite food, shrimp . . . color, navy blue . . . record, "This Time" . . . singer, Johnny Mathis . . . subject, mechanical drawing . . . TV show, "Maverick" . . . fad, tennis shoes with levies . . . pastime, chasing fickle girls . . . activities, Hi-Y and DeMolay . . . pet peeve, girls that wear eye make-up.

Barb Collier . . . age, 17 . . . eyes, hazel . . . hair, brown . . . height, five feet, six inches . . . course, college . . . favorite foot, watermelon . . . color, red . . . subject, chemistry . . . record, Mr. Blue . . . singer, Johnny Mathis . . . TV show, "Cheyenne" . . . fad, white tennis shoes . . . activities, Philo, Library Club . . . hobbies, Jon Brown . . . pet peeve, long, greasy hair.

Connie Brookhart . . . age, 17 . . . eyes, blue . . . hair, blonde . . . height, five feet, four inches . . . course, general . . . favorite subject, art . . . record, "Rhapsody in Blue" . . . singer, Frank Sinatra . . . TV show, "77 Sunset Strip" . . . fad, contact lenses . . . activities, drama and art . . . hobbies, acting and drawing . . . pet peeve, four-year-old brother.

Jim Jackson . . . age, 17 . . . eyes, brown . . . hair, black . . . height, six feet, one inch . . . course, college . . . favorite food, pizza . . . color, green . . . album, "Kingston Trio at Large" . . . singer, Frank Sinatra . . . subject, chemistry . . . TV show, "Maverick" . . . fad, bulky knit sweaters . . . activities, Drama Club president, and Times . . . hobbies, music and sports . . . pet peeve, people who don't mean what they say.

Bessie Ferguson . . . age 16 . . . hair, brown . . . eyes, brown . . . course, college . . . favorite food, watermelon . . . color, perriwinkle blue . . . record, "Here Comes Summer" . . . singer, Johnny Mathis . . . subject, English . . . TV show, "20th Century" . . . fad, going to bed early . . . pastime, reading . . . activities, Totem, Philo . . . pet peeve, erasers that smear.

Posy's Pointers

By Posy Weilemann

(Editor's Note: This column is being written to help our readers with their personal problems. If you have a question, mail it to Posy in care of the Times, bring it to Room 16, or mail it to 1245 W .Rudisill Blvd.)

Dear Posy,

Please answer this in a hurry. Today I found a strange note in my locker. It was signed K.H. and asked me to meet him in the right corner of front center hall next Tuesday fifth period. The question is . . . should I go?

"Hustle"

Dear Hustle,

Why not? You can run if it looks bad!

Posy

Dear Posy,

I think I'm the luckiest girl in the world. I don't have any problems. The guy I'm going with is just wonderful, and we always get along fine. I wouldn't trade him for all the tea in China.

Satisfied

Dear Satisfied,

What's his name?

Posy

Dear Posy,

I am a lonely boy and am in need of a lonely girl. The girl I'm looking for would have to be of good moral character. I am a sophomore, and it really depresses me to see the way the senior girls carry on at Miller's—smoking, swearing, and all that rot. Tell me, are there any nice girls left? Please help me find one.

B. B.

Dear B. B.,

Sure, there are plenty of the kind of girls you are looking for if you try and find them as hard as you try to find fault in the seniors. I'm not siding with the senior girls, and I don't believe in smoking myself; but they've got a right to do what they want as much as everyone else. If you look hard enough you'll find "something" wrong in everything. Why not spend your time looking for the good things in people? I'm sure you'll be a lot happier and will soon find the girl you're looking for.

Posy

Counterparts Of Cars Signify South Side High's Romances

It can be said that cars react in different ways under certain conditions. Could this be true of the couples around South?

Radio antenna (tune him in)
Margie Mercer and Jim Patten (Swarthmore)

Jack Winder and Diane Irmscher

Headlights (always on the look-out)
Merle Baldwin and Mike Millikan

Marilyn Taylor and Steve Stults

Air Brakes (stop that man!)
Martha Dixon and H. H. Persons

Mary Keegan and Stan Alfeld

License plates (they're tagged)
Larry Levy and Linda Silverman

Wheels (they go 'round and 'round)
Susie Vesey and Dan O'Laughlin

Posy Weilemann and John Slick

Mufflers (theirs won't back-fire)
Margo Dixon and Bill Lentz

Mary Collins and Jim Somers

Radio (music masters)
Marcia Mosel and Chuck Jellison

Edee White and Nickey Arnold

Rear-view Mirror (they reflect happiness)
Geri Geller and Dick Erb

Bessie Ferguson and Dick Rothberg

Cylinders (they go up and down)
Sue Seibel and Kenny Howe

Sue Sappenfield and Bob King

Radiator (they never spout off)
Katie Rastetter and Dan Tritch

Evilou North and John Wilks

The hanging dice (they have good luck)
Pam Olson and Tom Duff

Kellys View Book Study With Radio

Some people seem to be able to study with all sorts of distracting noises around them. When some Archers were asked about studying with the radio on, these were their replies:

Larry Levy: I don't study with my radio on because my record player is already much too loud.

Nancy Vanderford: I listen to the radio while I study so I don't have to concentrate on my work.

Bill Heathman: I do study with my radio on because it makes the time go faster so I can get out of my pad sooner.

Margie Havens: I don't study with the radio on because my sisters are already too noisy and distracting.

Chris Parrott: I don't have a radio; but even if I did have one, I would wait until after my school-work was done before "tuning in." There are enough distractions around our house without adding one more.

Sue Berk: Sometimes I study with the radio on and sometimes with it off. If depends on the subject!

Mike Levy: I would study with the radio on, but my radio batteries ran out and I haven't gotten any new ones for three weeks.

Mary Spindler: Yes, I study with the radio on. I can't concentrate in dead silence!

Dave Welch: It is impossible for me to study with the radio, television, or anything on. I can't see how anybody hopes to accomplish anything if he does.

Donna Weinraub: Usually I study with the radio tuned in to popular music. This way I usually keep time with the music and don't fall asleep.

Fred Musser: No, I don't study with the radio on but it doesn't seem to make much difference.

Nancy Swaim: Can't you tell just by looking at my grades?

Chuck Weinraub: I don't listen to the radio until the progressive jazz comes on, then I'm too "beat" to study.

Penny Yore: I don't study with the radio on. It distracts my parents!

Holiday Vocabulary Vital At Christmas, Thanksgiving Time

In a couple of weeks the yearly round of festive events will be in full swing. Maybe you've started preparing for those hectic, hilarious holidays. Wardrobes will be given that extra touch, and homes will be gaily decorated. While we're rejuvinating, let's spruce up our vocabularies.

1. **Throe**
   A. pitch, B. through, C. spasms, D. threw.
2. **Tic**
   A. pillow feathers, B. small insect, C. sound of a clock, D. sudden twitching.
3. **Vellum**
   A. parchment, B. large, C. war, D. vice.
4. **Vivacious**
   A. quick tempered, B. pugnacious, C. flirtatious, D. lively, animated.
5. **Transom**
   A. transparent, B. window above a door, C. across, D. under.
6. **Whist**
   A. hopeful, B. shove away, C. strand of hair, D. card game.
7. **Winsome**
   A. charming, B. lucky, C. clever, D. legal.
8. **Whit**
   A. clever, B. humorous, C. particle, D. faculties.
9. **Yokel**
   A. country person, B. rustic, C. part of an egg, D. neckpiece worn by oxen.
10. **Yowl**
    A. howl, B. whine, C. whisper, D. shout.

Answers

1. C. spasms
2. D. sudden twitches
3. A. parchment
4. D. lively, animated
5. B. window above a door
6. D. card game
7. A. charming
8. C. particle
9. B. rustic
10. A. howl

Archers Comment On Amount Of Freedom Teenagers Enjoy

In the topsy-turvy world of today, many times modern teenagers are believed to have too much freedom. Since this is a democracy, several Archer lads and lasses here reply to adult criticism, both in defense of and in scrutiny of the privileges they enjoy.

Listen now as your friends reply to the controversial question, "Do you think teenagers have too much or not enough freedom?"

John Somers: I think we have enough, maybe even more freedom than we need. This is shown in the teenage troubles (gang wars).

Cindy Miller: I believe that a great deal of freedom can either hurt or benefit teenagers, but the decision is left up to the individual. However, it is my belief that we have ample freedom.

Marti Morell: I don't think anyone has a lot of freedom because they either go to school or do other things.

Donna Weinraub: As teenagers, I think we do get away with a lot, but I think it's made up for—especially in homework!

Pat Bengs: Yes—freedom of press, as evidenced by this poll-taking jazz.

Gigi Gerardot: We enjoy lots of freedom, but we do have some restrictions that are necessary.

Barbara Dager: Some teenagers have more freedom than others, but I'm thankful for the freedom I have.

Mary Ellen Bowman: The average teenager has just enough freedom. However, some have too much—to put it bluntly, I get fed up with boys that rush out to smoke between their classes.

Judy Biberstein: I think most teenagers have the right amount of freedom.

Bob Sheray: Can a teenage boy have too much freedom?

Marie Rohn: Have you ever heard the "who were you with; what were you doing; where were you; and why were you there" questions?

Joe Slagle: I have never had enough freedom, and I never will.

Diane Spencer: The right to worship freely and acquire a good education is more than enough freedom for me. How much more freedom could one wish?

Aletha Staight: In some things I think we have too much freedom, but in the majority, it's just right.

Mickey Flaig: Freedom! Who's free? We're in school, aren't we?

Linda Meyers: Well, I'm satisfied with the freedom I have; but I can always use more!

Janice Tannehill: I've never had enough freedom!

Ron Buesking: Too much is not enough! Seriously though, I'm satisfied with things the way they are.

Elizabeth Hostetler: I have enough freedom as it is. If I had any more, I'm not sure if I would know what to do. After all, we do need some boundaries.

Marilyn Miner: I think I have just enough freedom. Usually I can do whatever I want.

Sue Hiller: I have a phobia against iron bars—maybe it's because my mother puts me in a cage every time there's a full moon. She says I do funny things when I see it. Cackle, cackle.

12B Larry Cooper, Auburn Transfer, Achieving Success

About one year ago, Auburn's loss was South's gain. This exchange involved a Junior, now a Senior B at South, whose name is **Larry Cooper.**

As one of our modern Americans, Larry is a very busy teenager. Let us follow an average day for him. First of all, he gets up at an hour considered, "the middle of the night" to most of us . . . four o'clock. His morning paper route provides a good reason for his early rising. South's doors soon open to him as he continues his routine. Here on the college prep course, Larry goes to his Chemistry 1, Government 1, English 7, and Algebra 4 classes. Being a Times writer and safety council representative pretty well completes his day at South. But by no means does this end his day.

Three nights a week and Saturday, Larry plays the organ at the Grand Leader Store in Southgate. He takes requests for the favorites of the customers, and then plays them for all to enjoy. He is very capable of doing this, for he has had nine years of study in piano, and one year of study in organ under Jack Loos. Larry's great ambition is to one day play the organ in a Presbyterian church.

Chemistry holds much of Larry's interest. He hopes to enter college where he wants to study to become a teacher of chemistry, or a pharmacist. macist.

Although he has been here only a year, Larry has grown to like South very much. He feels at South Side there are opportunities for everyone. He finds the students and teachers to be very nice and friendly. We have gained a good student and a wonderful person.

Safety Council Asks For Aid To Improve Archers' Record!

The South Side Safety Council needs your help! The Council, sponsored by Miss Virginia Ayers and Mr. Glen Stebing, will be working hard this year to enforce the principles of safety; but they need the cooperation of the whole student and faculty body.

* * *

EACH HOMEROOM is urged to do its best to get a perfect record, which means no traffic violations. If any homeroom succeeds in doing this for a period of one month, a trophy will be awarded to that homeroom and will be kept until the following month or until another homeroom receives a perfect record.

If more than one homeroom reaches this goal the same month, the trophy will be shared an equal amount of days in each of these rooms.

* * *

TO REMIND US, the students of South Side High School, of the dangers of traffic violations, pictures and posters will be set up around school of the terrible verdict careless drivers have to pay when traffic laws are enforced. In center hall, a poster will hang with different safety slogans. The first one will be "Anger Is One Letter Away From Danger!" During this semester a safety declamation will be presented over the P.A. system.

* * *

SOUTH SIDE HAS A right to be proud of the award which was presented last year to the city schools for the bicycle safety check contest. This trophy can be seen in our trophy case for a certain length of time.

Let's all do our part to follow the rules of traffic safety. For in the end WE are the ones to profit.

YWCA German Class Attracts Three Ambitious Senior Girls

GERMAN GREENIES . . . . Carefully enunciating their new German vowels are, left to right, Beth Golden, Penny Hunt, and Merle Baldwin. The girls are enrolled in the YWCA classes designed for those interested in learning another language. All three would like to major in this field in their later schooling.

Jch spreche deutsch! Ist dasdas Rheinland U.S.A.? Nein, nein, es sind nur die Madchen Beth Golden, Merle Baldwin, and Penny Hunt digging the German lingo.

These three ambitious seniors have added another subject to their busy schedules. For an hour every Wednesday night they attend a German class at the YWCA.

* * *

THE CLASS IS taught by "Herr" Schneider and is open to anyone who wishes to join.

Beth thinks the language is very interesting and a little gutteral. She is on the college course taking Latin, French, English, chemistry, and choir.

She is active in Junior Red Cross and Philo. She is also the vice-president of Assembly Workshop, a copy editor for the Times, and a co-faculty editor of the Totem, and a member of the 1500 Club.

* * *

OUTSIDE OF SCHOOL Beth is editor of her church newspaper. She also takes ballet classes and is a member of the Junior Board of Cancer.

Merle finds herself busy with English, government, French, band, orchestra, and developmental reading.

She is a copy editor and homeroom agent for the Times and the vice-president of the Masque and Gavel. She is also a member of Philo and the 1500 Club.

* * *

MERLE ALSO finds time to teach flute lessons and attend Seganeet, her church youth group. She hopes that the German class will help her to determine her choice of language courses in college.

Penny finds German fascinating and hopes to take it in college. She is the associate editor of the Totem, the vice-president of Philo, and a member of the 1500 Club. She is active in Assembly Workshop. Penny is the vice-president of her church youth group and a member of the state faith commission.

Ohio Wesleyan University Has Much To Offer South Siders

To live well with and for society is one of the highest goals. To accomplish this many obtain a college education. However, the prominent question in the minds of teenagers is, "What college should I attend?" It is difficult to decide, but for those looking for a liberal arts school about the size of South Side, Ohio Wesleyan in Delaware, Ohio, may be the answer.

* * *

THE SCHOOL is fully accredited by all agencies including North Central Association of Colleges and Secondary Schools. The people at Ohio Wesleyan believe that "the individual student determines the extent to which he gains an education at Ohio Wesleyan University;" for only sixteen hours a week are spent under the supervision of the classroom teacher. To aid in an all around education, many social functions are presented by the faculty-student social committee and the fraternities and sororities.

* * *

CERTAIN RULES are established by the school to help one gain the most from his experiences. No automobiles are allowed on campus except with special permission, smoking is not permitted in academic buildings or women's residence halls, and alcoholic beverages are not allowed on campus.

One of Ohio Wesleyan's strongest traditions is its compulsory chapel three times a week. Religious programs and various other activities are presented there. University convocations are included in such programs as Dad's Day, Homecoming, and Mother's Day.

* * *

MANY EXTRA-CURRICULAR activities are awaiting the eager student. These are musical organizations, debate and dramatic activities, student publications, clubs, and athletics.

Approximately 2100 students attend this school. Recommended high school courses for those planning to enroll include three or four units of English, two to four units of foreign language, two or three units of mathematics, and one to three units of laboratory science. All prospective students are also required to take the Scholastic Aptitude Test given by the College Entrance Examination Board.

Scholarships and loan funds are available to worthy students who need them. Board and tuition costs come to about $1800.

* * *

AS FAR AS housing is concerned, men may live in fraternity houses; but all women live in college dormitories. Sorority houses are maintained for social functions.

Ohio Wesleyan offers a study abroad plan for juniors who desire it. Majors in almost any field desired are offered, including interdepartmental majors.

From here each person must make his own decision. Look at a school, talk about it, and study it; and then come to a decision—Janet Terry

The Chatterbox

By Julie Carr and Kathie Sosinski

We would like to extend a big hearty HELLO to everyone . . . also a big HI to all the Redskins, Tigers, Irish AND Cadets!!!

Well, now that football season is over, basketball will soon get on its way. We would like to be the first to wish our Archer team the very best of luck through the season!

Double Talk

What a teacher says:
There will be no announced quizzes in this course.
There will be little outside reading.
My students tell me this is an easy course.
I won't go so fast that you'll get behind.
You won't be responsible for chapter eight in the test.
There will be a few problems in homework tonight.
There will be a small quiz tomorrow.

What he means:
Just wait until tomorrow.
Three book reports are due every grading period.
I failed 30 out of 32.
We should be on page 193 by October 5.
For 50 points—On what line on what page in chapter eight did Napoleon cross the steps of Russia?
Do problems 1-39 and pages 37-43 for tomorrow.
You will have a unit test which will determine your six weeks' grade.

Attention! Everyone stay clear of **Gene Jacobs!** It seems that one of Gene's teachers claims he's VERY radioactive . . . well, all we can say —it's been nice knowin' ya!

Mr. Snider saying to **Steve Matthias:** "It's very nice and generous of you, Steve, but I don't think your resignation would help our crowded school situation."

It was just a usual, quiet fourth period in the Times office last week—when the phone rang. "Quick, what's the name of a precious carbon stone?" Poor **John Wilks** was really flustered! So some of those brilliant seniors taking chemistry told him the answer, "A diamond!" . . . Right—you have just won a huge free (only $1.99) portrait of anyone you choose plus your choice of a diamond necklace or diamond bracelet! A representative will be at South Side within a few minutes to give you the prize. Sounds pretty good, John! What do you mean no one ever showed up? (By the way, in case Mr. R. is still wondering why everyone let out a big sigh every time the door opened —now you know why!)

Mr. Applegate: "Why are you late?"

Sally Burton: "Class started before I got here."

We believe in being loyal to the football team, but, Holy Cow, **Molly Dixon!** Weren't your parents a little mad? After Molly was passed the sentence of "stay in room for rest of the evening" she locked her bedroom door, merrily hopped out the window and ran to the get-away car which held her friends, then tore off to the game . . . that's the 'ole Dixon spirit!

Dear Dad,

Gue$$ what I need mo$t. That'$ right. $end it along. Be$t wihe, your $on.

Dear Son,

NOthing ever happens around here. We kNOw you like your school. Write us aNOther letter soon. NOw, I will say goodbye,

Your dad

Thought for the Day

The girl who searches too long for a smart cookie is apt to wind up with a crumb.

L. Crowell, Junior, Typical Teenager, Likes Food, School

We've been keeping track of a fellow-Archer. Who is he? Lee Crowell!

We checked his record here at South Side and found that he is a 11B on the college preparatory course. Every day he studies English, U. S. history, geometry, and physics.

This seemed too good to be true, so we asked him if he had any outdoor pleasures.

"Leaves," he said.

"Do you play with leaves?" we asked.

* * *

"OH, NO," HE replied. "I rake leaves for different people after school, as a part-time job."

"Does this take up most of your time?" we queried.

* * *

"NO, I ATTEND First Christian Church. Of course, this is only on Sundays. But I have other varied activities which include waterskiing, dancing, cars, and playing records."

"Eating is very important to me also. Some of my favorite foods are hamburgers, french fries and malts. But, I'm not particular . . . anything will do!"

Lee also confirmed our suspicions that he liked to date on the weekend.

* * *

"I LOOK FORWARD to dates," said Lee. "Nevertheless, I enjoy going to school—especially to such a fine school as South Side High School."

When asked if he had any important advice to his fellow-students, Lee replied by saying, "See you at the Junior Banquet, juniors!"

Team Deserves Thanks For Endurance, Work

South Side extends a tremendous thanks to all the boys who go out for sports, which are football, basketball, track, cross country, tennis and golf.

The boys have done an outstanding job, and we are proud when they show good sportsmanship or when they win a game.

Each sport is divided into groups of freshmen, reserve, and varsity. They follow strict training rules and attend meetings and practices regularly. Also, they stay after school every night for late practices. Smoking and drinking are not allowed, and keeping up their work is another important factor.

The football team started shaping up in early August and continued to work in the hot sun and in rain.

Taking all of the bumps and bruises in good spirit is one of their best qualities. Following the coach's instructions and showing good manners on road trips are other points these boys must follow.

The team's time and effort really pay off when we win our games. BOYS, SOUTH SIDE SINCERELY SAYS THANKS!

Recovery For Mr. Furst Expressed By All Archers

The faculty, student body, and the Times staff wish to extend their sincere sympathy to the Furst family in behalf of Mr. Furst's unexpected illness. Students and teachers know he will be missed at South Side High School during his illness.

We all wish Mr. Furst a speedy recovery and hope to see him back at South again next year!

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

Modern Family Setting To Be Assembly Center

Scenes To Be Related Through Flashbacks; Concert Choir To Sing

A script concerning a modern family, who, through flashbacks, relate various scenes of the past, will be presented at the Thanksgiving Assembly, November 25. Sally Burton will handle stagecraft for this group.

The assembly is under the direction of Beth Golden, who is assisted by the script planner, Dick Rothberg, and his committee composed of Steve Meyers, Richard Dailey, Bessie Ferguson, Carol Szink, and Carol Purdy.

In a pioneer scene which is centered around a log cabin, five dancers and eight couples will be utilized. Included in the scene will be "How Do You Build a Barn" from "Plain and Fancy." Byron White is heading the stagecraft plans for this scene which will include a large kettle, a tree, and a log cabin as props.

Susie Slick, who is in charge of stagecraft for the Civil War scene, has the task of acquiring material out of which to construct graves, crosses, and a platform.

Characters in this scene include 15 persons dressed as typical characters of the Civil War period, and a group of people who will stand around the tomb of a soldier killed in the Civil War. The "Battle Hymn of the Republic" will be sung.

Building a fireplace is the chief duty of Penny Hunt, stagecraft manager for the "Gay Nineties" scene. Two families of five members each, and a set of grandparents will complete the scene.

Four chanting soldiers on a battlefield are the principal characters in a scene taking place during the Second World War. A fire on the gym floor and four similar guns are to be the props used in this scene.

After the World War II scene, the modern family will be seen the night before attending church services.

The father recalls his army days and relates to his wife and children how he reunited with his family after battle. Tom Felger is working with his committee in completing stagecraft plans for this scene as well as the Second World War scene.

Locating pews for the church is the main problem of Sally Gelow, stagecraft head. "Now We Thank Thee All Our God" will be sung by the choir and chorus as the family enter the church. Dick Rothberg will give a sermon, and the assembly will end as the audience and choir join in singing "We Gather Together."

Kelly Parents Comment About Teenage Driving

In many major cities juvenile delinquency is a problem of grave importance. Luckily, Fort Wayne does not have street gangs or gang wars.

One smaller problem that Fort Wayne does have is that some teenaged drivers are very careless. The following paragraphs contain some parents' opinions of teenage driving.

Mrs. Bob Sievers, mother of Carolyn Sievers, thinks that if a teenager uses good judgment, he could be a better driver than older people because his reflexes are better. Mrs. Sievers feels that a 16-year-old boy or girl is not old enough to own his or her own car.

Mrs. Howard Martin, mother of Susan Martin, thinks that teenagers are just as good as drivers of any other age, only when a teenager is in an accident, it gets more publicity.

Mrs. Martin feels that a teenager should not be allowed his own car until he can afford the car and its expenses himself. She feels that a teenager should not be allowed to drive out of town to games or dances.

Mr. Howard Martin, father of Susan, feels that boys aren't as good drivers as girls are. He believes that boys show off more and go faster. He says this is why the insurance rate for boys is higher than for girls.

Mrs. Richard Busch, mother of Sharri and Rick Busch, feels that teenagers should be under strong supervision of their parents in these matters. She feels that teenagers should not have the family car whenever they wish, and that they should be out of high school and have enough money before they buy their own car.

Mr. Ralph Miller, father of Vicki Miller, says that teenagers have all the physical qualifications of being the best drivers, such as sight, hearing, and reflexes. They, however, lack responsibility, good judgment, and the experience that is essential for all good drivers.

Mr. Miller believes that if all teenagers could attain these three things, they could make adults look like amateurs.

Mrs. Alva Norman, mother of Sandra and Phil Norman, thinks that statistics prove the ability of the teenage driver. She says that some quiet teenagers are killers behind the wheel and some who appear to be dangerous may turn out to be very fine drivers.

Mrs. T. E. Chaney, mother of Mike and Linda Chaney, thinks that most teenage drivers are pretty good, but that there are a few show-offs who made a bad name for others. She says that some adults feel badly toward teenaged drivers just because they are young.

Art Club Plans Picture Project

Mr. Forrest Stark, who teaches portrait and still life painting at the Fort Wayne Art School, gave a demonstration on the potter's wheel to the Art Club during their last meeting.

During this semester the members of the Art Club, sponsored by Mrs. Ruth Fleck, art teacher, plan to take trips to the News-Sentinel and the Civic Theater. They also plan to have local artists give demonstrations to them during their meetings.

The members have a new project on which they are working. They plan to change the pictures in the rooms of South Side. This depends upon whether the teachers are agreeable to this project.

Looking into the future, the members of the Art Club will be preparing for their Christmas party. This year the Christmas party will take place at the Art Museum, and the members of all the other art clubs of the city will be included.

Jr. Red Cross To Make Gifts

Junior Red Cross will meet November 18 in the Greeley Room. After the regular meeting, the members will make tray favors for the elderly ladies in Crow's Haven Rest Home.

The favors will be made out of colored construction paper in the form of turkeys and will be filled with after- dinner mints.

The candy favors will grace the Thanksgiving tables at the rest home.

A future project of the club members is to adopt an elderly person at the County Infirmary. When the person is chosen, the members will do something each week, such as sending a card, visiting him, or taking a small gift to show him that he is being thought of by someone.

The club members have finished their 50 bean bags for the Retarded Children's School. The bean bags, decorated with button faces, are now adding to the enjoyment of the children's games.

Hi-Y Members To Sand Desks In Study Hall

Terry Berk, Hi-Y president, announced the Special Service Project at the meeting Monday night in the Assembly Room of the YMCA. This year, the Special Service Project will consist of the sanding and refinishing of the desks in Study Hall.

This will be carried out during the first week of Christmas vacation.

Chairmen for the project are Chris Parrott and Bob Thompson. Examples of this Special Service Project may be seen in row V in the Study Hall.

Bob King was appointed publicity and selling chairman for the Hi-Y directories. Byron White and Steve Bash, Hi-Y directory committee chairmen, announced that the directories will be printed about December 1.

Recognition was given to Chuck Clifton who gave the Bible reading Monday morning, and to Terry Berk and Bob King for helping to decorate the goal posts for the South Side-Central Catholic game last week.

The entertainment portion of the meeting consisted of a speech entitled "The Modern Theater," by Mr. Jay Broad, director of the Civic Theater. Mr. Broad spoke on related aspects of the theater, from technical problems and jobs to acting and producing.

The meeting next week will feature Dr. Lawrence Hess, marriage counsellor, who will speak on "Preparation for Marriage."

Grad Janis Mitchell Attends Lecture By Watching TV

Attend classes by watching television? Yes, that's just one of the many new learning aids being offered to American youth. It is being started right now in colleges all over the country.

South Side graduates, like Janis Mitchell, now of Stephens Junior College, will tell what an improvement it is over lecture courses.

The girls at Stephens, instead of becoming one of many hundred students in a class, are divided into small groups of 16 to 25. They receive instruction by television from noted teachers, yet have the benefits of smaller classes.

A member of the faculty is present with the group for answering questions and directing discussion periods.

The television network is a closed circuit within the campus. More than 50 classrooms are connected with the main studios and the entire first-year class can receive lectures at once.

Films To Be Shown To Archer Classes

Five classes will view movies this week. They will be physical geography, wood, home economics, drawing, and a special class on the effects of alcohol.

Physical geography classes see "Ground Water" and "Mountain Building." "Fall Planning" and "Jointing Edge for Gluing" will be shown to the wood classes, while "Dr. Spock" will be shown to home economics classes.

The drawing classes will be shown "Principle Dimensions, Surfaces, and Tolerances," "Principle of Scale Drawing," "Perspective Drawing," and "Selection of Dimensions." The special class on effects of alcohol will see "Drunk Driving" and "I Am an Alcoholic."

Alumni News

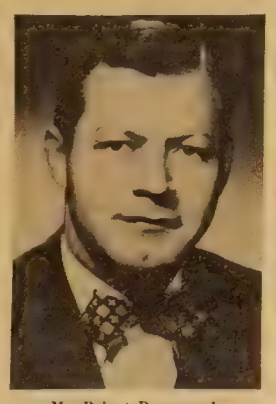
By Susi Hines

Robert John Stock and Betsy Wade were married October 31. Betsy is a graduate of Birmingham High School in Birmingham, Michigan, and attended Hillsdale College in Michigan. Robert is a graduate of Indiana University, where he was affiliated with Delta Upsilon Fraternity. He is now employed by Tremco Co., Cleveland.

Patricia Sue Watson, '59, and Alan Edward Schnelker were married October 31. Patricia is employed at Kresge's Warehouse. Alan was graduated from Central Catholic High School and is employed by the Parrott Packing Co.

Judy Lee Waltz, '58, and James Phillip Scott, '58, will be married November 14. Judy is a member of Beta Sigma Phi Sorority. She is now employed by the America For Loyalty Insurance Group. James is stationed with the Air Force in Kansas City, Mo.

Karen Ann Lauer, '55, and Gordon Amerman will be married November 14. Karen is an employe of Central Soya, Gordon was graduated from Clara City High School and is employed by ITT Laboratories.



Ann McMillan, '54, and Willard F. Doehrman will be married November 21. Ann is an employe of International Business Machines Corp. Willard studied at Indiana University after graduation from North Side High School and he is now employed by the Indiana State Insurance Dept.

Ronald E. Brockmyer, '55, and Anne Byer will be married November 28. Anne is a graduate of Willshire High School and is employed at Lincoln National Life Insurance Co. Ronald was graduated from Purdue University and is employed by the J. I. Case Co., Churubusco.

Larry R. Jackson, '59, and Judith Ann James will be married November 28. Judy is a graduate of Ossian High School. Larry is an employe of the Lincoln National Life Insurance Co.

Janet Hicks, '59, and Carol Lockwood, '59, recently pledged Kappa Alpha Theta Sorority. Janet is attending the University of Kentucky while Carol is attending DePauw.

Orchestra To Present 'Messiah' At Plymouth

Mr. Robert Drummond

The Chamber Orchestra, under the direction of Mr. Robert Drummond, will join the Plymouth Choir in presenting a concert on November 22 at the Plymouth Congregational Church at 8 p.m.

The combined group will be directed and accompanied on the organ by Mr. Vincent E. Slater. The program will be the Christmas portion of "The Messiah" by George Frederick Handel. Vocal solos will be performed by Mrs. Shirley Slater, Mr. Dan Grant, and Mr. Phil Steigerwald.

The members of the chamber orchestra, who will present this concert, are Bethany Bond, Susan Bond, Rosemary Capps, Mike Church, Carolyn DeVore, Judy English, Janice Ferber, Geri Geller, Karen Good, Becky Hostetler, Gretchen Meister, Kay Keiffer, Tom McMahan, and David Rood.

Cindy Miller, Sharon Possell, Carol Purdy, Bill Ryan, Jack Seigel, Vicki Collins, Tom Cooper, Carol Downhour, Wendell Eicher, and Judy Eisenhut will also play.

This program will be a public service presentation, and no admission will be charged. It is a part of a program designed to increase appreciation of fine arts by teenagers.

Bio Experimenters Study Embryology

A new club has recently been organized at South. The name of the club is Bio Experimenters. The sponsor, Mr. Pipino, urges all students interested in biology to join this club, which meets every Thursday at 2:30 p.m. in Room 91.

The students need to pay no dues to join the club, and they may choose what projects they would like to work on.

Today the club will study the embryology of poultry. They are planning on incubating three dozen eggs.

The three aims of the club are to increase one's knowledge of biology, to learn to perfect skills in biology, and to understand the importance of science in our lives.

Irish Whitewash Archers 25-0 In Last Grid Game

Bob O'Reilly Aids Creigh To Score First Tally In Second Quarter

South Side's grid squad and fans put on a sad spectacle last Friday night as the Kellys tumbled into a 25-0 defeat at the hands of the Central Catholic Irish.

The Green received the first-period kickoff and ran it back to the 32-yard line. However, they were stopped and forced to punt. The Irish, in turn, fumbled; and Tom Duff recovered for South.

The Bowmen then marched to two first downs only to lose the ball on an incomplete pass on a fourth-and-seven situation at mid-field.

The Irish, with Leroy Carcione, took command, smacking to two first downs, one on a 17-yard run by Carcione, and the other on a fake punt which developed into a long completed pass. At the quarter, the Irish were in control.

Central Catholic started off the second quarter with several short gains good for a first down.

The Irish moved to the South Side six, and in a brief time, O'Reilly passed to Creigh for the first C.C. score of the evening.

Afterwards, the two teams traded the pigskin several times, both being forced to punt. However, the downtown boys recovered a costly Archer fumble on the Green 25 and drove to a first down on the 15. Bob O'Reilly let fly a 10-yard pass to Langas across the goal line for the second Shamrock tally of the game. Again the extra point was no good. The halftime score was 12-0.

The Archers started off the third quarter by recovering a Central Catholic fumble. They capitalized on this by committing a personal foul penalty, good for 15 yards, and then fumbling themselves, close to their own goal line. Leroy Carcione rammed across for the score. Bob O'Reilly successfully ran the extra point.

The fourth quarter started with the Kellys in control, but they were forced to punt. The Archers and the Irish exchanged intercepted passes, with C.C. intercepting one on the South five. Carcione scored from the five for the final tally of the game. The extra point was not scored.

Chris Parrott, John Somers, and Tom Duff did a fine job for the Archers.

South turned in its seventh straight losing season, finishing 4-5.

Team 1 Victorious In Frosh Basketball

Team 1 defeated Team 2 12-6 in Freshman GAA Basketball Friday night in the gym. Team 3 came out victorious over Team 4, 14-6. High scorers were Toni Sorenson, Dodie Kessler, Pat Abbott, and Louraine Ford.

Players for Team 1 are Dodie Kessler, captain; Martha Grimme, Gloria Lothamer, Stella Masierak, Virginia Rose, Colleen Roth, Donna Rudasky, Sydney Schinbeckler, and Gwen Yordy.

Elaine Edwards, Pam Foust, Judy Koop, Kris Kriworotow, Diane Longberry, Mary Marker, Carolyn Scherer, and Toni Sorenson, captain, are members of Team 2.

Team 3 players are Louraine Ford, captain; Mary Fremion, Sherry Hager, Claudia Hershberger, Mary Kraus, Joyce Pollitt, Celeste Riemen, and Jane Whitenack.

Ann Chenoweth, Dianne Friedman, Marsha Good, Betsy Junker, Anita Kimball, Nancy Lagemann, Ann McCoy, and Patty Abbott, captain, are players for Team 4.

Referees for the games were Ann Heckler, Sandy Heidbrink, Jenny Slater, and Jan Spuller. Scorekeepers were Barb Nahrwold and Rebecca Collins.

Mr. Preston Brown Joins Archer Coaching Roster

Preston Brown

About the time the three mighty Archer basketball squads, freshman, reserve, and varsity, are seen soaring to new heights, there will also be a new coach in the ranks of South Side mentors. This man is Mr. Preston Brown, the new aid to Mr. Don Reichert for the coming 1959-60 season.

Coach Brown is replacing Mr. William Geyer in more than just assistant coach and head of the freshman squad; he also is teaching health classes during the regular school day.

Coach Brown showed his athletic prowess in Fort Wayne as an all-city athlete in both football and basketball while attending North Side. Also, at Ball State Teachers' College, Coach Brown scored as a varsity basketball man for a four-year duration.

After returning from service duty in Germany, Mr. Brown has come to South Side for his first season as a coach. He is married and has no children. He would like to attain the position of head coach in either a junior or senoir high school some day.

Coach Brown believes that South Side is a good school because, "The kids are wonderful to work with." As far as the teams go, Mr. Brown knows that his freshmen have some good prospects and the varsity should be good this year, also.

With a personality such as that of South Side's new Coach Brown, the school is sure to have a squad working at the top of its potentiality, and coming through with another winning season.

Mural Men

By Dieter Hillerbrand

A record number of 18 teams signed up in the Night League basketball division which is almost twice as many as last year.

Doug Smith's Stars nosed out the Pounders, as Doug led his team in scoring by pouring in eight points. Jack Macy also tallied eight points for the winners, while teammate Chuck Cook scored six. Frank Lude contributed eight points to a losing cause, while Mike David was second in scoring for the Pounders with six tallies.

Balanced scoring told the story as the Senior All Stars clobbered the Ten Ouncers, 75-13. Tom Lindenberg poured in the amazing total of 21 points, while Dave Miller was next with 19. This may be a record in Intramural play. Dick Alexander led the losers with four points.

In the Noon League, the Beatnik Bandits turned back the Ole Swimming Hole Gang by a score of 27-11. Bob Lohman was high for the victors with nine points, while Dave Mills scored almost half of his team's points as he tallied five.

Also in Noon League action, the Beatniks defeated the Flying Hawks to the tune of 28-14. Scoring honors were tied in this game as Bill Ausderan for the winners and Bruce Foltz for the losers both poured in 10 points.

Last year, 53 boys participated in the handball tourney. In the heavyweight division, Jim Dawson came off victorious as he defeated yours truly by a score of 15-9, 15-5.

Steve Longenberger won the blue ribbon among the middleweights, defeating Bob Engleman easily, 15-7, 15-5.

Three games were necessary to determine the champion of the lightweight division. Gary Butz defeated Larry Chen in the first game, 15-11, but Larry then rallied to win the second, 15-13. In the final game, Gary had less trouble than expected as he turned back his opponent, 15-5.

A new system for determining referees at the games was set up. Formerly, boys who wanted to be refs signed up in the gym office and told Mr. Motz when they could be available. But many times it happened that they didn't show up and the game was without a referee.

Now there are definite boys for each day of the week. They are Steve Burton, Gene Jacobs, Wendell Rose, Tom Schwartz, Ken Robinson, Bob Ramage, Gary Gardener, Gus Wade, and Ken Lowden, who work as refrees for the Night League games.

Howe, King, Lude Players Of The Week; Chosen For Excellence In Season Play

Ken Howe

Bob King

Frank Lude

This week three players have been chosen for recognition as the Players of the Week. The three, Ken Howe, Frank Lude, and Bob King, have been selected not only for their efforts in the Central Catholic contest, but for their consistently fine play during the recently-concluded football season.

* * *

KEN HOWE, senior end and defensive back, has been a sparkplug for the Archers during the entire season. His two pass receptions against North Side and Hammond Morton led the Green and White on to victory after the chips were down.

Howe also has been a continuously fine blocker on offense as well as a rugged tackler on defense. Many times during the past season, he has opened up the end hole for a "sweep" or come charging in to make a timely tackle.

Ken was a prime factor in South's spirited win over Anderson in the first game of the season as he was in so many of the other games on the Kellys' rugged schedule.

Surely Howe will be missed both as a fine player and an even finer friend to all when football begins next season.

* * *

BECAUSE OF his fine work all season, Frank Lude was chosen player of the week. It was obvious to everyone that Frank should get this honor, not for just a single game's performance, but for his outstanding ability as an end all season.

Frank was a stalwart both on offense and defense this year. He held back attempted ground and aerial gains as well as setting up scoring drives for the Archer team. Frank, himself, scored a touchdown in the Royerton game by snagging a pass in the end zone.

In Frank's estimation, South had a fine year and realized, after looking back at the season, that the majority of the teams that defeated us were ranked high in the state.

As for the team on the whole, Frank feels that the boys worked hard, and the coach, Mr. Gernand, deserves much praise.

Frank, a senior, is on the college course, taking English, algebra, chemistry, and drawing.

* * *

BOB KING WAS chosen player of the week for his outstanding performance during the entire season. He was a starting end for all the games. Bob was responsible for halting what could have been large gains for the Archers' opponents. Bob showed great improvement throughout the season and seemed to play his best game against Huntington, in which he made several fine tackles.

Bob thinks that the Archers had a fine season this year, considering a rough schedule and a fairly young team. He feels that the Kelly fans have much to look forward to next year.

Bob felt that the boys on the team are great guys, but sometimes they did not work to their capacity.

Fast Kelly Start Diminished By End Of Season

Early 4-2 Record Falls To Seventh Losing Year

By Bob King

After beginning the season with their first opening victory in ten years, South Side's varsity gridders fought to a respectable 4-2 record only to see it fall by the wayside as finishing with a 4-5 slate.

Fort Wayne's fourth annual Football Jamboree on Tuesday, September 8, saw the Kellys lose to Central Catholic's Irish in an abbreviated 16-minute contest, 13-0. Archer coach Bob Gernand used his entire 33-man team as he substituted his first two squads for six minutes each and then sent in his third unit for the final four minutes.

In doing so, the Kelly bossman enabled each varsity member to taste game conditions with nothing actually at stake.

But it was a different story the next Friday as the Archers journeyed to Anderson to clip the host Indians by a 6-0 count. The game was played under perfect conditions as junior fullback John Somers plunged over from the Anderson two-yard line early in the fourth quarter for the Kelly tally.

It seemed as though the Green defensive unit was going to establish itself as one of the best in the area as the forward line of Frank Lude and Dan Tritch at the ends, Jim Dawson and Terry Berk at the tackles, and Jim Olinske, Bob Griffiths, and John Somers as the linebackers, plugged up the Indian line when the Red bucks began to threaten. The Archers outrushed the Red as the Kelly backfield of quarterback Bob Bolyard, halfbacks Carl Johnson and Steve Burton, and fullback John Somers began to click.

# # #

IT WAS A "rock-'em sock-'em" game in which three ambulances had to be called to the South Anderson Field. South lost left tackle Steve Pohl for the season when he sustained a broken leg while attempting to block a pass early in the game. Somers received a broken finger but remained in the contest during which three Anderson players had to be carried from the field.

The Green faced the state's number two team the following week as they ventured to Indianapolis to tackle the Blue Devils of Shortridge. The Devils evened the Kellys' record at 1-1, trouncing the visitors, 31-0, behind the power of fleet Melvin Jeter, fullback.

# # #

THE GREEN bounced back in their third game, defeating Hammond Morton, 14-6, under South Side's new lighting system. Trailing 6-2 at the half, the Archers fought back to tally twice in the final 24 minutes of action.

End Ken Howe gathered in a beautiful 19-yard aerial from Bolyard to put the Green into the driver's seat, 8-6, in the third quarter. Later in the game, quarterback Bolyard took the snap from center, bobbled the pigskin, and headed 22 yards off his right guard to pay dirt. The win gave the Kellys a 2-1 record upon entering the North Side game.

# # #

SOUTH ENTERED the season's first City Series battle the favored eleven, looking for revenge for last year's 26-6 defeat. Coming from far behind after North's early touchdown, the Bowmen moved hard in the second quarter. A Johnson-to-Howe pass resulted in the first Kelly score as Somers plunged for the extra point to make it 7-6.

The third period saw the ball trade hands several times with the Archers in definite command. South scored again in the fourth period as Somers bulled through the Redskin line for both the TD and the PAT. The contest ended in a 14-6 score, South's first victory over cross-town rival North since 1952.

The Kellys entered the Central game with a 3-1 record, underdogs to Paul Bienz's Tigers, who featured 13 returning lettermen. The Blue pounded the Green to the tune of 27-0 as their ace halfback, T. C. Williams, tallied twice.

HERE AGAIN, South's pass defense was terrible, for the Bengals scored four touchdowns in the air. Guard Pete Hogan, whose extra point boot beat South two years ago, added three PAT's. The Archers were outcharged in the contest which left them in second place in the City Series race.

# # #

THE KELLYS played host to Royerton in their sixth game of the season. The contest turned out to be a rout for the Green as Coach Gernand was able to unload his bench after the first quarter.

Playing without any of the members of the first unit, the Green benchmen easily rolled to a 40-0 margin over the visiting Redbirds. Bob Shine and Emmitt Bowen scored two touchdowns each, while Bolyard and Johnson tallied one each. The victory left the Archers with a fine 4-2 record, and it seemed as though the Green were heading for their best season in years.

The Archers hit the road over Teachers' Convention, visiting Goshen's Redskins, the ninth-rated team in the state. The contest was played under constant rain on a muddy field as the Green was tromped, 33-0. The Bowmen were definitely hurt by the loss of Johnson and Bolyard, who were dropped for disciplinary reasons.

# # #

PLAYING A FIRED-UP Huntington team, the Archers dropped their fourth game of the season, 34-7. The Vikings had "blood in their eyes" as they sought revenge for last year's 13-13 tie on Kelly soil. The tie had put a blemish on the Vikes' previously undefeated record.

So the Red, led by slick quarterback Ken Tewel, clobbered the Green by a five-touchdown margin. Tewel ran around the ends for a huge chunk of ground and passed to his receivers, connecting when he needed the yardage.

Left halfback Tom Duff scored the only Archer touchdown as he took the ball from quarterback Chris Parrott and skirted 61 yards around his right end to pay dirt. A Steve Hargan-to-Howe pass added the Green's seventh and last point.

# # #

PASS DEFENSE was again the main Archer weakness as the Kellys dropped their season finale to Central Catholic. The Irish passed for two scores in the first half to lead 12-0 at the intermission.

The Archer gridders finished their season with a 4-5 record, and a last place tie in the City Series race, a one-game improvement over last year's record. But pass defense was the deciding factor in the four losing attempts as the Green blew what had promised to be an excellent season.

Kicking duties, kickoffs and punts for the season were handled by Bill Spindler and Ken Howe, respectively, both doing fine jobs.

A new Archer coach, Bob Baker, formerly of Royerton, instilled the "tiger instinct" in this year's squad. The Kellys were definitely one of the toughest South Side football teams in years. They handed a terrific physical beating to many of the teams they played.

Gernand and his aides lose most of the front line—ends Ken Howe, Bob King, and Frank Lude; tackles Dan Tritch and Terry Berk; guards Jim Olinske and Ron Moring; and center Bill Spindler—on graduation day. Returning will be 13 lettermen.

Carter's Corner

By Jim Carter

Although they blew their chances for a winning season in the record books in a cold "blizzard" last Friday, the Kelly gridders still turned in a good year with many interesting highlights. However, the 25-0 loss to Central Catholic for a 4-5 record ruined their chances of finishing in the black for the first time in several campaigns.

As has happened so often before, the Archers' offense didn't jell against the Irish; and their pass defense in particular resembled a leaky sieve. After narrowly missing a score in the first quarter, South was doomed to spend most of the rest of the evening pursuing C.C. ball carriers.

The frigid weather seemed to have its usual effect on the home forces, and they were not able to hold on to one of the eight passes attempted. The Irish, however, used their aerial gains to great advantage. Bob O'Reilly's deadly marksmanship and some fine receiving made it look easy for the visitors to walk all over the Green.

O'Reilly and quarterback Dave Langas worked the hand-off and pass play almost to perfection. It seemed obvious to almost everyone in the Stadium, those that were watching the game, that every time Langas gave the pigskin to number 24 he was eventually going to get it back. This was apparent to everyone except the Kelly secondary, which didn't seem to get the idea all evening.

Little halfback Leroy Carcione lived up to his advance reputation as the slippery speedster, and accounted for two of the Irish tallies.

The Kellys were in anything but final game form; two Central Catholic touchdowns came after costly fumbles and a third was set up by a pass interception. It was a dismal way to close out the season on an utterly miserable night. The boys gave it all they had, but it wasn't nearly enough.

# # #

AFTER A FAST start in which they swept three of four contests, the Archers seemed to be living up to high pre-season expectations. Then came a terrible 27-0 thumping by Central.

The next game brought a reversal in the trouncing of weak Royerton, but after two 30-point defeats by tough Goshen and Huntington elevens, in which the Green just never found itself, came the final debacle.

One of the Kelly difficulties was maintaining a consistent offense, since final totals reveal that they gave up an average of nine points per game more than they were able to tally.

Altogether, it wasn't such a bad season. The 4-5 record is a nice improvement over 1958's 3-4-1 total, and Coach Bob Gernand and his fine staff will have a veteran backfield and several returning linemen to look forward to greater things next year.

# # #

CENTRAL'S CITY champs posted by far the best record in the city and one of the finest in many years. The Bengals' 7-1 showing included many impressive wins and one narrow six-point loss to Elkhart.

Coach Paul Bienz had plenty of talent to carry his squad to the title in his first season at Central as a coach. Opponents were just unable to stop the likes of T. C. Williams, Steve Cress, Willie Rozier ,and Willie Curry.

# # #

NORTH SIDE suffered one of the worst grid campaigns in its history, taking lumps from six Northern Indiana Conference foes as well as the Archers.

The Redskins' lone victory against seven losses was a sweet one, however. This 20-18 squeaker over C.C. enabled them to evade er over C.C. enabled them to evade the cellar in City Series competition with a 1-1 record. This position was quite aptly filled by the Archers and Irish with 1-2 records each.

North's most outstanding players were Duane "Sonny" Gordon and Jack Smith, along with quarterback Brad Bendure.

# # #

THE IRISH OF Central Catholic finished with a 3-6 season count, featuring victories over Mississinewa, Garrett, and South. They improved as the season progressed and lost several contests by narrow margins. Individuals stars besides Carcione, O'Reilly, and Langas, were Mike Creigh and Mel Vachon.

# # #

CONCORDIA also closed out its season with a 3-6 record. After floundering early in the fall, the Cadets posted two rather impressive victories over Decatur and Cleveland Lutheran West. This last win, by a 48-6 margin, helped even some of the Maroon's averages for the year.

Some of Concordia's best players were Gary Novak, John Dickmeyer, and Keith Markey. Many of the Cadets are underclassmen who will be returning next season.

# # #

THE VICTOR in the city scoring race, who replaces former Archer Bill Meyer as tally champ, is Central's tremendous halfback, T. C. Williams. T. C. crossed the goal line 11 times for 66 points. His only close pursuer was Carcione with 54.

The weakness of the Archer offense, which scored the fewest number of points in the city, is demonstated by the absence of Kellys from the city's leading scorers. Although partly due to good balance, there is not a single South Sider in the first 10 scorers!

Following is a summary of the Green's scoring for the year, including touchdowns, extra points, and total points scored.

John Somers	2	2	14
Bob Shine	2	2	14
Ken Howe	2	1	13
Emmitt Bowen	2	1	13
Bob Bolyard	2	0	12
Tom Duff	1	0	6
Frank Lude	1	0	6
Carl Johnson	0	1	1

The team also scored one safety.

# # #

WITH THE END of the grid campaign, all attention will soon turn to thoughts of basketball, which has occupied Coach Reichert and his assistants for several weeks now. Be sure to watch next issue for advance information on our hardwood men.

GAA Officers Plan Sports, Events To Carry Out Jobs

"Growing Abler Athletically" is the phrase represented by the GAA letters. President Jane Glass is showing the letter to freshman representative Dodie Kessler, and welcoming her to GAA.

The Girls' Athletic Association offers any girl an opportunity to participate in a variety of interesting sports. Five officers are chosen each year. This year's officers are Jane Glass, president; Jan Kessler, vice-president; Connie Denis, secretary; Bella Dyson, sports manager; and Dodie Kessler, freshman representative.

Officers inform members of future events and lead the planning of the sports parties, Recognition Party, and the Spring Show. These duties will be carried out by president Jane Glass this year. Jane, a Senior B in Homeroom 99, said, "I belong to GAA because I like sports. I think it helps girls to understand any sport better once they have played it themselves. It also helps girls to get along with others." Jane has been in GAA since her freshman year, and has earned the numeral, letter, and pin.

Jane is on the college course taking English 7, Government 1, Chemistry 1, and Speech 1. She is girls' sports editor for the Times and participates in a church group, the Walther League.

# # #

ACTING AS vice-president this year is Jan Kessler. Jan is also a Senior B in Homeroom 110. Her subjects this year are English 7, Government 1, Chemistry 1, and Latin 3 for she is on the college course. Jan has been in GAA since her freshman year and has earned the numeral and letter. Right now she is working for a pin.

When asked what she thought of GAA, Jan replied, "I think it is really great and more girls should take advantage of it." Jan also participates in Walther League at church.

"I think GAA is really swell. It offers fun and a chance to compete in any kind of sport." This statement was made by Connie Dennis, secretary of GAA. Connie has been in GAA since her freshman year, and has earned a numeral. She now has enough points for the letter.

A Junior A and in Homeroom 12, Connie is on the college course. She is taking English 6, Typing 1, Shorthand 1, Botany 2, and U.S. History 2.

# # #

SPORTS MANAGER Bella Dyson has been in GAA for two years. Having earned a numeral, she thinks "all girls should join GAA. It is an opportunity to meet many girls your own age and have fun together."

Bella is a Sophomore A in Homeroom S-2. On the college course, she is taking English 3, General History 2, Geometry 2, Latin 4, and Gym 4. Bella is also in the band and plays the flute.

Recently elected an officer is Dodie Kessler, freshman representative. Dodie is a freshman B in Homeroom 140. She is on the business course and is taking English 1, Algebra 1, Citizenship 1, and Home Economics 1.

Other than GAA, Dodie enjoys the Rifle Club at school and the choir and Walther League at church. When asked to comment on GAA, Dodie replied, "I haven't been in GAA very long, but I know I'm going to enjoy it."

Kellys' Practice Picks Up Tempo

After three weeks of elimination Coach Don Reichert has been able to cut his '59-'60 Archer squad to nine upperclassmen, and twelve sophomores; while freshman coach Preston Brown had whittled his freshman list to 27.

Now that the 1959 football season has officially ended there will be more players trying to gain a position on the team and Coach Reichert will have more players from which to judge.

Archer seniors still practicing are Dave Barrett, Gary Gardner, Dave Hickman, Jim Saylors, Dave Anderson, and Gus Wade. The three remaining juniors are Acie Eldridge, Fred Dixon, and Dave Mosely.

Sophomores are Ken Leakey, Dave Meek, Martin Platupe, Matthew Jackson, John McMillen, Al Sheldon, Everett Mol, Al Mitchell, Bill Kleifgan, Bill Mueller, Bob Acker, and Bill Gerig.

Coach Brown, starting with forty some players, has cut his freshman squad to 27. Kelly freshmen still practicing are as follows: Shep Jefferson, Grid Biewald, Jerry Klaehn, Bob Wasson, Dave Hilsmier, Ed Johnson, Gary Probst, Bob Lohman, Denny Berryhill, Dave Blaton, Terry Baker, Mike Tompkinson, Dave Meyer, Shelly Sheray, Steve Marshall, Dave Platz, Walt Stuelpe, Dave Tipton, Bob Leininger, Bill Rastetter, Steve Birkenbeck, Ken Davis, Richie Clark, and Ed Freed.

Basic drills such as dribbling, jumping and passing exercises, weightlifting, and inter-squad scrimmaging are the daily routines for the Archer players. By next week Coach Reichert and Coach Brown should be able to eliminate the teams to their quotas. quotas.

Sophomore Susan Horth Gives Recipe For Success

Success is the goal many ambitious students wish to reach. Success does not grow on trees. One must find the road to this important factor by having that essential element known as faith. If this element and one are willing to work as a team, one will find the results are well worth his time spent on getting ahead.

Success is the field Susan Horth is majoring in. She never gives up in her search for success. Now, as a Sophomore A, Sue Horth knows and has felt that wonderful feeling obtained from the miraculous results of belief in herself. Here is a girl who can proudly say she has done a highly creditable job for South Side while helping herself.

Susan was snapped into this idea of wanting to learn. She wishes all students could be snapped into wanting to learn also. One must start to form this habit perfectly in order to become an individual in the future. Susan's own belief is that what is learned in high school is elemental in life and required knowledge for the more specified courses in college. Susan has formed many habits and ideas that will become important factors most likely to continue in her future and determine her success. She realized early learning how to study was good; but just knowing how, in time for really learning the essentials in college, is very important.

x x x

YOU MAY WONDER how Susie has acquired all of her ideas. She has formed a habit that will lead her on to become more successful. Subjects always come first in Sue's mind. Her recipe for a straight A student is obviously to study, study, study. Susan has devised a helpful schedule in her studies. For instance, she takes each subject in the order in which they come during the day for the basis of her studying.

A good homework period for Sue usually lasts from 6 p.m. to 12 midnight. She never misses a chance at a study period, for during her lunch hour, she forgets about food and concentrates on her new assignment. Susan's lunch is gulped and swallowed during the periods between classes. Although this seems like an awful tough schedule to follow, Susan really enjoys all of it, knowing her hours of studying will never be worthless.

x x x

SUE BELONGS TO many of South Side's extra-curricular activities. She finds that being vice-president of Meterites, editorial writer on the Times, and expressing herself through acting in Masque and Gavel, naturally interferes with her studying. However, she feels that extra-curricular activities are just as much a part of the school as the subjects learned in it.

Sue is on the college preparatory course, taking English 4, Latin 4, U.S. History 2, Geometry 2, dance, and developmental reading. Susan likes to read very much on the subject of psychology. In fact, Susan intends on becoming a psychologist. Susan is finding these years in high school to be especially pleasant, since she began working and realizing what a part these years will play in her future life.

Sleepy Kellys Tell How They Greet Rising Sun

Are you one of the unfortunate souls who is aroused each morning by the ear-splitting clanging of an old-fashioned alarm clock which leaves you shaking for hours afterwards? Maybe you are one of the luckier persons who is gently awakened by the soothing notes from your clock radio.

Whatever the situation, everyone must at some time jump gayly out of bed and prepare themselves for an exciting and inspiring day at school. Each Archer seems to have his own special method for greeting each day. When asked "How do you greet the day?", they replied:

Annette Plesniak: I greet the day with a nasty yawn . . . a few moans and groans—and a terrible longing to crawl back to my cozy warm bed.

Sally Capps: I never ever see it until I get to school and my eyes are opened wide enough to tell what is going on.

Ellen Crower: As somebody said, "I get up at the crack of dawn, stuff up the crack and go back to bed."

Dieter Hillerbrand: When the alarm clock rings, I turn it off and tell the poodle to stop licking my face! The clock awakens him and he awakens me!

Merle Baldwin: I don't greet, it, I just sort of ignore it.

Jodi Reiff, Sue Slick, Marijane Tobey, Bonnie Brenn: After a graceful leap from our beds, a splash of cold water, and head full of curlers, we launch into four cheery stanzas of "This is my lucky day" — (Slick, Brenn, Reiff on Soprano, Toby . . . bass)

Rita Hessert: I greet it happily because I know I'm just another day closer to getting my driver's license.

Sue Hiller: I greet the day with an aching back, bags and circles around and under my eyes, a pitcher of orange juice, and a sugared grapefruit. Now maybe I'll learn to go to bed instead of reading until 2:30 a.m.

Carl Johnson: After some great dreams of the great Z, it's not hard to get up. Sometimes I don't get a chance to greet it at all. I never wake up.

Rick Busch: Good morning, day!

John Biteman: Who wakes up?

Weather Views

By Charles Leopold

Howdy: I'm glad that you could join me for this, my first column of Weather Views. I hope to make this a weekly column; but more important, I hope that you enjoy it.

Last Thursday it finally came. Yes, finally we got our first snow of the year. But I must say that Friday was the day that everyone knew that winter had come.

If you don't believe me just ask **Julie Carr, Judy Robinson, l'am Holtzberg, Jim Jackson, Kathy Sosinski, Sylvia Ehrman,** or any of the others who helped decorate the goal posts before the South vs. C.C. game. Also, old man winter made himself known to both the team and all the loyal fans who braved the stirring weather. I'll bet it took **Kate Rastetter** and **Sue Sappenfield** a long time to thaw out, after looking all around for **Sam DeHaven.**

Say, did all you kids know that there is a renewed club at South called the Weather Bureau? Well, there is! If you're interested in observing the weather and studying it, just ask for information from Mr. Don Weaver, Mr. Robert White, or myself. The club needs you.

Now for one of my future weekly features I'm going to predict the weather for the next week. Monday and Tuesday will be partly cloudy and cold. Wednesday and Thursday will be a little warmer with either rain or snow, causing dangerous driving conditions. Friday will be clearer but colder.

Well, until next week, so long and "30."

H.R. 22 Banks Highest Amount

The total amount of receipts received the week of November 3, was $379.07.

The three rooms which turned in the most receipts are, first, Miss Edith Crowe's Homeroom 22; second, Miss Mary Crowe's Homeroom 142; and third, Mr. Stephan Berg's Homeroom 60.

Miss Edith Crowe's room banked $47.35 for first place. Second-place Room 142, Miss Mary Crowe, banked $22.75; and third-place Room 60, Mr. Berg, banked $20.

Archers Always Excel In Classes

Home Economics 2 students in Miss Murphy's periods 1, 6, and 7 classes made 1,800 cookies for the Parent-Teachers Association teas held November 2 through November 5.

Miss Marilynn Deetz, Utility Company demonstrator, along with a photographer, visited the home economics classes to take pictures for the Home Economics Exchange Club. The films will be made into slides and will be shown at a banquet for professional home economists.

Mrs. Emshwiller recently gave her English 2 classes a test on "David Copperfield." Students who scored 100 are Rosemary Capps, Karl Krause, Jack Siegel, Barbara Altevogt, Beth Burnett, and Cynthia Snider.

Mr. Cowdrey recently gave his English 5 classes a test over the history of the theater, dramatic arts, introduction to the Elizabethean age, William Shakespeare, Ben Johnson, and "Macbeth" Acts 1 and 2.

Margie Havens, period 2 student, was the only one to receive an A+. Other high grades in the period 2 class were made by John Anders, Margie Mercer, Pam Brown, Nancy Swaim, Ann Golden, Becky Davis, Jane Hunter, and Nancy Rose.

In the period 6 class those who did well are Nancy Gift, Karl Biewald, Joan Erck, Rita Hessert, Judy Hoffman, Ed Kridler, Linda Meyers, Jody Reiff, and Chuck Weinraub.

Mr. Cowdrey also gave the English 5 students a quiz over Acts 3, 4, and 5 of "Macbeth." Carole Abramson, Pam Brown, Ann Golden, Jane Hunter, Margie Havens, and Sandy Shug made a score of 100 in the period 2 class.

Scores of 100 were made by Karl Biewald, Joan Erck, Bruce Foltz, Rita Hessert, Ed Kridler, Chuck Weinraub, and Jackie Yaney in the period 6 class.

In Mr. Billiard's period 1 English 8 class an outstanding report on "Twelfth Night" was given by John Markiton. Selected cuttings of the Orson Wells Mercury Theater recording of this play were used in the report.

Highest scores on a test over radicals in Mr. Hoover's classes were by the following students: period 1, Kern Davis, Sheldon Sheray; period 2, Donna Arnett, Rosemary Capps, Cynthia Miller, Carol Moilanen, John Newluirn, Bonnie Smith; period 3, Suzan Blettner, Reynald, Mike Houser, and Ken Leakey.

High grades were made on a poetry assginment in Mr. Storey's speech classes by Sylvia Ehrman, Sandra Grodrian, Karen Curley, Susie Gilmer, Gretchen Meister, and Vicki Crow, period 1; Sue Hiller, Sandy Landree, Carole Downhour, and Terry Twitchell, period 2.

Carolyn Harrold, Diane Irmscher, and Lois Levine, period 3; Jim Carter, Annette Plesniak, Katherine Misegades, and Chuck Weinraub, period 5; Judy English, Carole Oxenrider, Susie Vesey, and Judy Shore, period 6.

New captains for the basketball games in Mrs. Schone's Physical Education 1 classes are period 1, Group 1, Pat Abbott, Judy Hoffman, Virginia Moore, and Pat Nettrour. Group 2, Sharon DeBaillie, Katherine Houser, Margie Lehman, and Sandy Kunkle.

Period 4, Group 1, Judy Eytcheson, Nancy Frentz, Ann Hechler, and Sandy Heidbrink. Group 2, Connie Belschner, Carolyn Burns, Mary Fawley, and Mary Merrill.

Period 6, Group 1, Rebecca Collins, Linda Siebel, Sandy Lamb, and Nancy Goebel. Group 2, Annell Hoover, Sue Mayer, Diane Petznik, and Sue Smith.

On a recent test over similar polygons in Mr. Sage's Geometry 2 classes, the best scores were received by Chris Coulter, period 1; Brenda Arnold and Ellen Williams, period 2; Judy Chapman, Bella Dyson, Anne Eversman, and Arnold Merrin, period 6; Dick Hershberg, Sandy Thorn, and Suzie Horth, period 7.

On an Algebra 3 test over synthetic divisions in Mr. Sage's period 4 class, Craig Holmes and Nancy Jones earned perfect scores.

In Mrs. Grimshaw's Spanish 1 periods 3 and 6 classes seven pupils earned high grades in composition. Nadine Wilson received 100; David Lane, 99; James Bly, 95; Ron Bauer, 95; Todd Thompson, 99; Linda Neff, 97; and Jeff Baker, 94.

In Mr. Baker's Wood 1 class Mike Metzger and Gary Turpchinoff are making a solid maple gun cabinet. Keith Turner is making a 12-inch mahogany salad bowl. Bill Alfeld is making a TV table, and Bill Campbell, a cherry bowl. Many of the boys have finished cutting boards and chopping blocks.

In Mrs. Frankenstein's Shorthand 3 class, Carol Szink has passed all 80 words per minute transcriptions and has started to work on 100 words per minute transcriptions.

On a test over hyphens in Business English, Barbara Nahrwold was the only one to earn 100.

In marketing class a test was given over the Federal Trade Commission. Bob Ross received the only 100, and Ron Borsos earned a 90.

Bonnie Adams, Bonnie Brenn, and Kay Huffman wrote detailed paragraphs worthy of an A in Mr. Knigge's English 5 class.

Karen Allmandinger, Karen Curley, Judy Eisenhut, Gretchen Meister, Mary Spindler, Janice Welborn, and Karol Wise made 100's on an exercise on sentence structure in Mr. Knigge's English 5 class.

Mr. Feasel's General History 1 classes are finishing the study of the Romans.

His General History 2 classes are studying the effects of the Industrial Revolution on European Society.

A test over developments or patterns of an object was given by Mr. Polite to his Drawing 2 students. Those in the period 2 class who received an O.K. are Phil Rodenbeck, Keith Correll, George Hamlet, and Fred Wyatt. Several students in this class have started developments and intersections of prisms, cones, and pyramids. These boys are Phil Rodenbeck, Dick Hechler, George Hamlet, Fred Wyatt, and Keith Correll.

Marshall Smith, Drawing 4 period 2 student, made an ink tracing of his exploded illustration of a stuffing box.

In the Drawing 2 period 1 class, several students are working on drawings which involve transferring an angle or angles in isometric. These boys are Dave Bollinger, Mike Hegerfeld, Glen Linsky, Tom Scherer, John Slick, Ted Von Gunten, Don Walters, Tom Adams, and George Townsend.

Robert Dorsett, Phil Glick, Frank Lude, Nick Miller, Fred Von Gunten, John Schaper, and Jim Burton of the Drawing 2 period 6 class are working on the same project.

Orthographic projection has been started by Clint Wehrle, Terry Thomas, Joe Murphy, Harold King, Thomas Fawley, Richard Buchanan, and Jerry Baker, students of the Drawing 1 period 3 class. Boys from this class who have already completed some drawings in orthographic projection are Bob Colburn, David West, Jack Fitzgerald, and James Evans.

In the Drawing 1 period 5 class, those who have just begun orthographic projection are Joe Markiton, Jerry Howard, Robert King, David Ray, John Gear, Richard Vaughn, Dick Waikel, and John Byer. Those who completed some drawings in orthographic projection are Joe Rice, Jack Blumbach, Dan Miller, Ken Gerke, Merlin Overman, Fred Kearnes, and Joe Gustin.

In Mr. Coats' English 5 period 1 class the highest grades were received on writing a paragraph of detail by Ann Erickson, Bob Shine, and Todd Thompson. Several students are reading over 500 words a minute with good comprehension scores on timed reading tests in Mr. Coats' Developmental Reading Classes.

In Mr. Arnold's History 1 and 2 periods 1, 4, and 6 classes, maps have been made for extra credit. The names of the maps and the students making them are "United States in 1800," Tom Schaefer; "Northwest Territory 1800," Tom Schaefer; "Indian Territory 1800," Larry Sievert; "Northwest Territory 1800," Larry Sievert; "Treaty of Greenville Area," Diane DeVincent; "Western Movement and Dates Which Each State Entered the Union," Pat Jacobs; "History of Free People," Nancy Rose; "Panama Canal," Sylvia Ehrman; "United States in 1800," Betsy Bowman; and "Our Growing Population," Molly Dixon.

Because of the cold weather, football teams in Mr. Motz's physical education classes were able to play only a few games. The gym classes are now playing basketball and learning about the fundamentals of handball.

In Miss Young's Geometry 1 periods 2, 5, and 7 classes, a test was given over the first three chapters. High grades were made by Dick Waterfield, David Flanigan, Sue Kelley, Steven Mueller, Tom Irmscher, Bill Wilder, Carol Becker, and Dave Meeks.

Mr. Pipino's Biology 2 students were recently given an hour test over Animal Phyla and Insections. In the second-period class high grades were received by the following: Tom Erb, 96; Tim Grodrian, 94; Karl Krause, 92; and Sondra Stouder, 94.

In the fifth-period class over the same material, Betsy Adams made a 92, and Beth Burnett made a 94. The only one to receive a 90 or above in the period 7 class on the same test was Jack Seigel. He received a 94.

Mr. Pipino's Biology 2 pupils were also given a test over the External Anatomy of the Clam and Crayfish. In period 5 Betsy Adams and Beth Burnett tied for the highest grade of 100. In the period 7 class 100's were made by Barbara Altevogt, Rosemary Capps, and Jack Seigel. Kay Falb received 98, John Newburn and Susan Smith earned 97's, and Jack Garrison received 96.

Give Thanks in Church on...

THANKSGIVING

Man Pays Tribute To God On This Thanksgiving Day

Thanksgiving is giving. In the past, the Pilgrims gave. They gave thanks to God for their first harvest in a rugged new land. They gave thanks to God also for the opportunity of freedom, for the opportunity to establish themselves as individuals.

But more than giving thanks, they gave, perhaps without realizing it, of themselves. They suffered unbelievable hardships —thirst, blight, and biting winter cold. They endured hunger and unending toil. They bore bitter defeats and heartbreaks. They threw their entire beings into surviving in this new land. For to them, it was not a land of unhappiness, but of plenty, of freedom, and of peace.

Today, 338 years after, it is we who give. We also thank God for the freedom and the plenty. We thank God for the Pilgrims and the result of their toil. On Thanksgiving especially we realize our comforts, our warm houses and full refrigerators, and the ease and satisfaction with which we are able to live from day to day.

And perhaps we compare ourselves and our ease to the Pilgrims and the hardships they endured. Perhaps we think that we can no longer live up to the high standards that small lands set. Perhaps, we say, we have become too accustomed to the comforts and conveniences of our way of life to carry on the ideas and ideals the Pilgrims began.

But actually we are like the Pilgrims, for we know that the "comforts and conveniences" are the result of the great and thriving nation they founded. We know that we must cherish and preserve the ideals for which they suffered. And as long as we know this, we too give of ourselves.

To them, an ideal. To us, a reality, to cherish and to preserve.—Linda Silverman

Appreciation Required For Bountiful Blessings

It doesn't take a long essay
Or expository thoughts,
To thank our Lord for this array
That long ago we sought.

It isn't required of us to give
A speech of lengthy sound,
To praise him for the way we live
He knows our gratitude unbound.

Among aromas of spice and sparkling snow
His bountiful blessings we all do see;
He gives so much and loves us so
We all must thank him on bended knee.

So on Thanksgiving Day remember where
Your appreciation should lie;
Just bowing your head in humble prayer
Will to him your gratitude signify.

Vacation Brings Cheers

As Wednesday before vacation comes round,
Cheers and yells become the main sounds;
Teachers are able to get little done,
As the students are ready for fun, fun, fun.

When the last bell rings its cheery note,
Halls are crowded with students afloat;
Soon to our homes we rush with glee,
Knowing til Monday our books we won't see.

Oh my what a fuss is made over dinner;
After vacation no one will be thinner.
Calories and diets have gone to the wind,
Weeks it will take for this splurge to mend.

Cheryl Summers, Sophomore B, Has Successfully Overcome Tribulation

By Sue Hiller

Cheryl Summers is a Sophomore B with a lot of ambition and plenty of that good, old get-up and go. This Archer is on the college course taking Latin, geometry, English, and general history.

She participates in such varied activities as Meterites and Junior Red Cross, and she is a feature and editorial writer for the Times staff.

Cheryl seems to enjoy taking part in these clubs, and she describes her work in them as being "tough, but a lot of fun." She is also active in the Luther League at her church, Trinity English Lutheran, and she is an ardent church-goer.

# # #

Leisure time finds Cheryl engaged in working on her figurine collection of horses, which she finds a most entertaining hobby. Cheryl and her parents have visited 16 states, and she has collected at least one miniature from each for her collection. The collection since has grown to 35 miniatures, although some are duplicates, ranging in size from one to ten inches apiece.

# # #

In keeping with this hobby, Cheryl reads various books (both narrative and informative) about horses and breeding, almost as faithfully as she does those for book reports, many times more so. She enjoys nearly

Cheryl Summers

everything that relates to horses, and she was greatly pleased when she got to see her first harness race last summer. Her father has promised that she can go to the Kentucky Derby of 1962 for a graduation present. Says Cheryl concerning this: "I can hardly wait, I'm so excited!"

# # #

Among Cheryl's former activities were basket-weaving and stamp collecting, but they seem to be "back in a closet somewhere, gathering dust." The basket weaving brought pleasant results, and she presented the finished products to relatives and friends one Christmas day. There was even the idea of starting a business, but this plan was also put away in mothballs. (Crowded closet!)

Cheryl's pride and joy is really a golf car that she "bombs around in all the time." She describes her vehicle as being "One of those old '30 jobs that has to be re-charged every night." Cheryl can be seen whizzing around on the sidewalks of her neighborhood, and her only complaint is that if it rains, she's just stuck, and usually pretty wet.

# # #

Cheryl is waiting for the basketball season to begin as she joins the rest of the world of females who don't understand football, and see no sense in "waiting so long just to score a few little points." She is a very faithful booster of the Archer five, and the team can well be thankful for supporters such as she.

Senior Summary

Points Per Prominent Persons

Nicky Arnold . . . 17 . . . five-foot-eight . . . hair, dark brown . . . eyes, dark brown . . . course, college . . . favorites: food, steak . . . TV show, "Gunsmoke" . . . singer, Johnny Mathis . . . record, "Dance With Me" . . . color, blue . . . subject, chemistry . . . fad, bulky knit sweaters . . . pastime, Edee . . . activities, Hi-Y, Intramurals, Grace E. and R. Youth Group . . . pet peeve, "stuck up people."

Joan Novitsky . . . 17 . . . five-foot-four . . . hair, dark brown . . . eyes, brown . . . course, college . . . favorites: food, any food well prepared . . . color, royal blue . . . TV show, "Danny Thomas" . . . singer, Johnny Mathis . . . record, Shelly Burman's album . . . subject, algebra . . . fad, rolled up bobby socks . . . pastime, listening to progressive jazz . . . activities, Wranglers and Service, B'nai B'rith Girls . . . pet peeve, typical teenagers.

Al Klopfenstein . . . 17 . . . six-foot . . . hair, blonde . . . eyes, hazel green . . . course, college . . . favorites: food, cabbage . . . color, brown . . . TV show "Hawaiian Eye" . . . singer, Phil Jones . . . record, "Say Man" . . . subject, government . . . fad, fadless . . . pastime, studying . . . activities, Intramurals, Hi-Y, MYF . . . pet peeve, jokes at lunch time.

Similar Sounds In Vocabularies Confuse Student

There are several words in the English language which are often confused because they look and sound almost alike. An understanding of the differences in meanings of these words is essential to a person who wants to have a good vocabulary. Choose the correct meaning for each word in the following pairs of words which are often misused.

1. **eminent**
   imminent
   A. imperfect; B. impending; C. distinguished; D. rising.
2. **explicit**
   implicit
   A. unquestioning; B. external; C. internal; D. distinct.
3. **allusion**
   illusion
   A. hint; B. illustration; C. false impression; D. sickness.
4. **ingenious**
   ingenuous
   A. unrelated; B. clever; C. sincere; D. stupid.
5. **mantel**
   mantle
   A. cloak; B. shelf above fireplace; C. to put together; D. manual.

Answers: 1. eminent—C; imminent—B, 2. explicit—D; implicit—A, 3. allusion—A; illusion—C, 4. ingenious—B; ingenuous—C, 5. mantel—B; mantle—A.

Small Snaps

The person in the baby chair
Is a Junior B.
He smiles a lot, and has brown hair,
And he is thin and lanky.

This lad's middle initial is R.
Friendly he is to all.
He likes to score below a par,
When shooting that little ball.

In Homeroom 14 he begins his daily program,
First period, in Room 54, him you're likely to see,
Learning English under Miss Graham.
Next period in Room 52, it's tackling Geometry 3.

After leaving Mr. Sidell,
He's again upon his way,
In developmental reading he tries to excel,
In 154, under guidance of Mrs. Spray.

Fourth period he does service work for this publication.
With Miss Crowe in Room 142 he is period 6,
Giving history recitation.
Seventh in Room 96, mastering physics.

If his name you wish to seek,
Look at the ad section for this week.

Happy Birthday

November

Posy's Pointers

By Posy Weilemann

Dear Posy,

The girl I am dating always makes solecisms. What I mean is she talks scurrilously. The more I go out with her, the more she endeavors to do it. I hear these atrocious sayings so frequently that they are beginning to bother me. What can I do?

The Beast

Dear "Sir,"

While trying to answer your letter, I gave my dictionary a good workout. My advice would be to buy a cake of soap and go to work! (For the curious reader: I would advise you to have a dictionary handy when you read this problem.)

Posy

Dear Posy,

I've been trying to date a very popular girl since school started. I have a new car and would take her anyplace she'd like to go. I'm also not bad looking. The problem is she'd rather date some guy that drives a broken down heap and can't afford to take her to nice places. What's the matter with her? Is she nuts?

The King

Dear "King,"

Whoever told you that money could buy everything sure was confused! It just might be that she likes the other boy for what he is, not what he has. Don't waste your time worrying about it—it's bad for your health.

Posy

Perplexing Perspectives Part Of Kellys' Weather Perception

November, the eleventh month of the year, is a perplexing one when it comes to weather. We can see several people getting ready for November's weather. **Allan Mason**, with a muffler around his neck and a shovel in one hand, is ready for the first snow. We can also see **Ann Gallmeyer** getting ready for any unexpected snowfall by getting out her snow skis.

Whatever the weather actually turns out to be, weather forecasters predict that the following freshmen will cause a high and rapidly-rising popularity wave for sure.

N—Blond-haired and blue-eyed **Nancy Goebel** has numerous talents. A singing ability is only one of these. Her witty remarks and sense of humor make her well liked by everyone. When she isn't singing you'll find her in the kitchen making peanut butter, jelly, and pickle sandwiches. Nancy spent most of her time last summer at the lake where she swam and skied. She hates to say good-by to fall, but she is equally happy that winter is on its way. This vivacious miss hails from Harrison Hill and is now in Homeroom 176.

O—Raven-haired **Harriet Ochstein** is in Homeroom 54. Her favorite color is brown and hash is her favorite food. She likes the ramps in South Side although her feet still get tired. While at home, her dog and homework occupy most of her time. Harriet came to South Side from Hoagland School.

V—**Victor Meyer**, a traveler, has visited the Smokey Mountains and Yellowstone National Park. His bright yellow sweater makes him stand out in the crowd. He has no favorite color but he does have a special food—shrimp.

E—Enthusiastic skier **Kaye Gall** is sorry to see winter coming. Kaye spent most of her time at the lake. Peas are the food that she craves the most. Mr. Brown's health class has been entertained by her interesting stories about her relatives. A lot really happens to the Gall family! Bright red is her favorite color. This unusual gal comes from Harrison Hill and is now in Homeroom 176.

M—Sally Mallough, another blue-eyed miss, spends most of her time with her giant-sized version of a French poodle. Her favorite color is green and thick, juicy steaks satisfy her appetite the best. She is a mathematical whiz, although she still likes Spanish the best. Sally is quite familiar with the profession of selling houses since her dad is a realtor.

B—**Sharon McBride** is an artist who hopes to become a commercial artist. She swam and dived in the city meet this year.

E—Energetic **Dave Fleming** is quite a swimmer. If you ever want to find him in the summer just look in the Fort Wayne Country Club pool. Dave likes to swim almost as much as he likes to eat hot dogs smothered with onions. Biology is his favorite subject. He and his cat spent a lot of time together.

R—**Richard Fisher**, a dog lover, spends part of his time with his dog, Squire. Green and blue are his favorite colors and steak is his favorite food. Richard does well in all of his subjects, although he enjoys Latin the most.

Turkey Trap, Dinner Dilemma; Old Farmer Brown Sets Snare

By Susie Harrod

Tommy lived on a very large beautiful farm with his mother, father, sisters, and brothers. He loved living in the country where he could always be outdoors in the sunshine and fresh air. This helped him grow big, strong, and bright-eyed.

His relatives always remarked how big he was for his age. His mother taught him to be proud of his ancestors, the Gallapavas, who dated back even before the settling of the Pilgrims in the New World.

A few times each year, everyone always scurried around getting ready for what they called "holidays." Tommy loved these times because there always was so much to do, and he was fascinated by all the goings on.

Last year about this time, some of his relatives went on a trip. He often wondered if they were enjoying themselves, because they never wrote back like they promised.

Delicious smells were coming from the kitchen, and the house seemed to burst with people. Just out of curiosity, he asked his mother what this holiday was called. She told him it was Thanksgiving Day. Upon inquiring further, he learned that it was originated by the Pilgrims in 1621. The Presidents of the United States have appointed the last Thursday in November as Thanksgiving Day since 1863. Tommy did enjoy history so!

Suddenly Tommy saw Farmer Brown standing by a big wood stump that Tommy often used as a picnic table. He was waving something long and shiny in Tommy's direction. Hoping this was his invitation to Thanksgiving dinner, Tommy decided to find out what he wanted.

He hurried over to Farmer Brown who said, "Come on, Tom Turkey, you shall have the place of honor at our Thanksgiving dinner!"

'Stop And Think Before You Drink', Wise Motto

Editor's Note: This editorial is first in a series of articles dealing with the Ten Commandments for Teens, courtesy of Robert Weber.

"Stop and think before you drink!" This admonition certainly sounds familiar, doesn't it? But really stop and think seriously about it for a minute. Although it's usually directed to adults, this warning applies to teenagers, too. While it is not one of Christianity's Ten Commandments, it is the first of our ten commandments for teenagers and is one of the Six Commandments of Buddhism.

E. M. Duval, Ph.D., talking to teenagers says, "Drinking, at best, is a social crutch. Drinkers report that they take a drink to give them courage for a difficult situation or to loosen their tongues when they may find it hard to talk. It is when young people feel insecure and inadequate that they are most likely to resort to the support they hope to get from alcohol.

"At worst, drinking is a serious illness brought on by the bad habit of propping oneself up too often and too long with alcoholic stimulation. Everybody knows that drinking and driving do not mix, nor do drinking and dates, nor drinking and family life, nor drinking and most of the other worthwhile things in life.

"Yet social drinking is so common that almost all young people must learn how to refuse it without being left out of good times with pleasant companions. Suppose you are out with a crowd who order drinks, what do you do then? When the gaze turns on you with the what-will-you-have query, you must be ready with an answer. That is not the time to stammer with indecision, or to mutter that you had better not, or to mention that your folks disapprove. Any of these responses is apt to make you conspicuous. The direct answer to the question, 'What will you have?' is something like, 'Make mine a root beer, please.'

"Refusing a drink is not hard once you have made up your own mind that you really do not want it and that you can have a good time without it. Any crowd that makes it uncomfortable for you to refuse cannot care too much for you as a person and very possibly is not the kind of gang with whom you can have the most interesting companionship."

Alcohol has no value whatsoever except to make the drinker feel "good" for a while. The energy, strength, or refreshment received from alcohol is deceiving. Although a person who takes beer, wine, or liquor for refreshment may think it gives him new strength or energy, it actually makes him less efficient, less alert.

Alcohol yields more calories than either protein, sugar, or starch per gram, (about ¼ of a teaspoonful) though less than oil or fat when taken; but in any circumstance, the body can burn, to produce warmth or muscular energy, only a limited amount of alcohol. If the dose is greater than this combustible limit, the alcohol acts as an intoxicant, a narcotic, which depresses, weakens, or impairs every mental and physical function.

As Winfield S. Hall, Ph.D., M.D., professor of physiology at Northwestern University Medical School, put it, "When we find that no function of the body is made more efficient or in any way improved by alcohol, but that all functions which are changed at all are distinctively decreased in efficiency by consuming small amounts of alcohol, it must be evident that the old theory that this substance possesses a food value will have to give way to the more rational theory, based on recent researches, that this substance is an artificial food, since it has proved to be an artificial stimulant.

A person who indulges in beer, wine, or liquor is numbing his consciousness of inferiority; but this indulgence has less "tonic" effect than an equal amount of milk would have. It's only a delinquent or a defective person who needs the narcotic effect of the alcohol to make him temporarily unaware of his weaknesses, functional deficiency, social unacceptability, or whatever his inferiority may be. A person in fairly good health can enjoy life naturally, without any such make-believe good cheer.

There are all kinds of people in the world. Some who have this sense of inadequacy feel that they have to drink to have a good time. There are those who, more wisely, think that they can have a better time without drinking. The individual teenager can find others who feel the same way, if he tries.

Let's make ours milk, or coke, or root beer, with no apologies. We who have youth and health and all of life's good things ahead, by refusing to drink, indicate wise and mature judgement and prove that we are responsible young adults.—By **Cheryl Summers**

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

The Chatterbox

By Julie Carr and Kathie Sosinski

Well, tomorrow night is our first basketball game and dance—everyone be sure and have fun, and most of all—GOOD LUCK, ARCHERS!

Seeing that there will be no paper next week, due to the long-awaited Thanksgiving vacation, we want to say now—Beat Southport and S-L-A-U-G-H-T-E-R Concordia . . . tee hee, you Cadets!

Since we are really conservative at heart, shy, and sweet (boy, are we glad that no one else writes this column) we will only give the initials of the person who stole 24 boxes of candy from Mr. Hostetler. The truth of the matter is that no one even noticed C. C. in the lineup when the Choir members were receiving their candy to sell! But we know who it is, don't we HOS???

If all else fails—follow directions.

Mr. Holtzberg saying to his secretary, "I've got to call home. Send Pamm a telegram to get off the telephone."

HELP! Poor Mr. Davis needs help in naming his federal reserve kitty. Every time someone loses a chemistry experiment or writes on a problem sheet, Dependable Davis is right there with his kitty, so they can deposit their 25 cents. Only problem—it needs a name! If anyone has any suggestions, please send them to Mr. Davis. (Mr. Davis says that even if you don't have any suggestions—not to hesitate to send contributions!)

When a fellow breaks a date,
he usually has to—
When a girl breaks a date,
she usually has two!

"Oh, What a Beautiful Morning," that was the melodious tune floating from John "Swinging" Slick one morning bright and early. As John always says, "I like a man who thinks for himself!" Is that why you used shaving cream on your toothbrush instead of tooth paste?

Why is it that the drinking fountain water is usually warm?

Why is it that $Na2+H2O=2NaOH$ —or does it?

Why is it that Dave Barrett and Ted Von Gunten always wear brown to English class?

Why is it that Byron White's name has been mispelled for three weeks in the Hi-Y stories???—because Julie writes them?

Why is it that Kathy spells Congress—GONGRESS???

Why is it that the senior boys always sing Bo Diddley?

Now remember, gang, tomorrow night at the game—the yell is: Two . . . Four . . . Six . . . Eight . . . WHOM do we appreciate? TEAM!

Thought for the Day:

The way to be seen is
stand up.
The way to be heard is
speak up.
The way to be appreciated is
shut up.

O.K., O.K., good-bye

JV's All Working Hard; Have Liveliness, Lightness

AND AWAY WE GO . . . . Seen here are the 1959-60 Junior Varsity Cheerleaders working diligently on one of their many pep yells. Pictured from left to right bottom are Sharon Carrel and Sheri De Young. Left to right from top are Sharon Eitman, Sylvia Ehrman, and Jeanie Carroll. The JV's work hard all of the time boosting our team to victory. They hope that everyone turns out for the basketball season.

H-E-LL-O! South Side High School says hello! Sounds like South's reserve cheerleaders welcoming the oncoming opponents of the basketball season.

The junior varsity cheerleaders who will lead the yells at the reserve basketball games include Sharon Eitman, 10B; Sharon Carrel, 10A; Jeanie Carroll, 11B; Sheri DeYoung, 11A; and Sylvia Ehrman, 11A.

Sharon Eitman, the youngest one of the group, takes English, general history, geometry, Latin, dance, and chorus. She is also busy on the Times. Her pet peeve is people who make the world look gray. Maybe that is why Sharon always has a cheery smile on her face.

Sharon Carrel takes English, general history, geometry, Latin, dance, and chorus. She does service work and also works on the Times.

Sharon remarked, "After being a cheerleader I now know how much cheering can mean to our team's success or failure, so I hope everyone really boosts the team this year."

The only 11B, Jeanie Carrol is taking English, U.S. history, speech, and botany. Jeanie, who is pleasingly frank, doesn't like girls that put on acts. "The world is full of females who put up a big front, but those who are 'themselves' are unique and special."

Sheri DeYoung is a perky 11A who takes English, U.S. history, art and botany. Sheri does service work, is a member of Philo and the Times, and is a junior class officer. Sheri said she felt that extra activities were important to teenagers to learn social graces, but learning was all important.

An active 11A is Sylvia Ehrman. Sylvia takes U.S. history, English, Latin, and speech. She does service work, is a member of Philo and Assembly Workshop, and is a bookhead for the Times.

Sylvia advised, "High school is the time when you get your basic ideas and education for use in the future. Now is the time to get the right ideas and a good education."

With such good ideas, our cheerleaders ought to come up with some peppy cheers and a clue for a louder cheering section, thus a winning team.

'Autumn Shadows' Theme Chosen For Annual Dance

Event To Take Place In Cafeteria; Tickets On Sale Until Tomorrow

The annual Meterite after-game dance will be held in the cafeteria tomorrow immediately following the Bluffton-South Side basketball game. The theme chosen for the dance is "Autumn Shadows."

Tickets, which are 50 cents, may be purchased from any Meterite girl. All tickets and ticket money must be turned in to Room 116 by 3:30 p.m. on Friday. Tickets will not be sold during the game or at the dance. On Thursday and Friday a table will be placed in center hall where tickets may also be purchased.

No one may leave the dance before 11:15 p.m. The dance will last until 11:30 p.m.

Refreshments will be served in Room 118; Room 120 will be used as the cloak room.

The chairmen for the dance are Jenny Manth, general chairman; Sue Harrod, decoration chairman; Lissa Hoffman, program chairman; Sue Phillips, refreshment chairman; Pam Punsky, clean-up chairman; Sue Horth, cloak room chairman; Barb Altevogt, ticket chairman; Debby Brooke, publicity chairman; Karen Simmons, chaperones; and Kaylene Gebert, music.

LITTLE COOL? . . . . Out to enjoy the last breath of autumn, inside to boot, planners for the Meterite "Autumn Shadows" after-game dance display their handiwork. In front are Bonnie Russell and Marna Reaber; in back, left to right, are Sue Harrod, Becky Baughman, and Sue Perry.—Photo by Thompson

KYC Club Hears Talks On Pioneers Bass, Hanna

At a recent meeting of the Know-Your-City Club, a series of reports were given on the lives of the more prominent men in the history of Fort Wayne.

As it is the responsibility of everyone to know at least the basic facts of his or her home town, the South Side Times is running a two-part series on the reports given at Know-Your-City.

The first half of this series is concerned with the lives of Mr. John H. Bass, and the Honorable Mr. Samuel Hanna.

\# \# \#

MR. JOHN H. BASS, a prominent settler of Fort Wayne, was born in Salem, Ky., in 1835.

He started his business career working as a bookkeeper in his brother's firm, and when the company dissolved in 1859, Bass became interested in the Fort Wayne Machine Works. At the age of 24, Mr. Bass became the sole owner of the business.

He founded the St. Louis Car Wheel Company in 1869 and four years later he established a large foundry in Chicago.

Mr. Bass is strongly identified with many commercial and financial institutions of Fort Wayne, such as the First National Bank and the Citizens' Steel Railway Company, both of which he was president.

\# \# \#

THE HONORABLE Mr. Samuel Hanna was born in 1797 in Kentucky. He then moved to Dayton, O., and finally to Fort Wayne.

He had a limited education, as did most boys of his time, and his younger life found him occupied with the position of post-rider (paper boy) until his arrival in Fort Wayne.

After Mr. Hanna had arrived, he opened a trading post, although it may easily be said that he was as concerned with the growth of Fort Wayne as he was with the growth of his fortune, for his many activities included building railroads, roads, and canals to connect Fort Wayne with larger cities.

His influence and manual labor resulted in the Lima Plank Road, the Wabash and Erie Canals, the Fort Wayne and Chicago Railroad, and the Ohio and Indiana Railroad.

Mr. Samuel Hanna was an intelligent, industrious, and influential man who was respected by all who knew him, and upon hearing of his death in 1866, the Common Council of Fort Wayne adjourned for one week, and asked that businesses close from 2 p.m. to 4 p.m. on the day of his burial.

Every church bell in the city tolled simultaneously during the funeral procession to Lindenwood Cemetery.

Discussion On Location Of Stars Planned By Astro-Physics Section

Don Nelson, chairman of the Astro-Physics Section, will present a discussion at the Monday meeting of the newly-formed Astro-Physics Section of Junoir Academy of Science on the location of stars using right ascension and declination. An article on the sun will also be discussed.

Mr. Robert White, sponsor of the club, urges everyone interested in astronomy to attend the meetings.

The present members are Don Nelson, Dan O'Bryant, John Smith, Bob Miller, Ellen Williams, Linda Moody, Victor Churchward, Tucker Schiebel, and Mike Bradley.

A committee will be chosen to write an outline of the purposes and functions of this section. This will then be approved by the members.

The main purpose of the club is to study basic astronomy, while the immediate goal is to learn the position of star constellations.

The Astro-Physics Section's telescope, having been repaired by Dan O'Bryant, is available to any member. In order to check the telescope out, a member must submit a program of what he plans to observe.

In the future members will have projects concerning astronomy. At present, they are reading current articles in order to become better informed on the subject of astronomy.

The Junior Academy News Letter, which is to be published once a month, will inform the members of all sections of the Junior Academy of Science about the meetings, projects, and interesting facts concerning the academy.

Decoration Work To Be Launched

Bob Thompson has announced the plans for the Math Section's meeting today. The club will work on room decorations for math rooms.

Decorations will include picture framing, working on charts, and making the rooms more attractive to the students.

Bob said that he might bring up the subject of having a computer as a club project.

Latin Members Present Skits

At the last meeting of Societas Latina, a series of skits and take-offs on Roman situations were given. Mr. Fred Hellman, one of the club's sponsors, started the program with a discussion of auspices. A group consisting of Ann Plogsterth, Susan Bond, Shirley Stahlhut, Susan Slick, Alberta Bonnell, and Karen Johnson presented a song. Dave Redmond gave a short oration by Cicero.

Other skits included the play-by-play account of a chariot race, the presentation of new captions to old pictures, and the singing of another song.

It was also decided at this meeting that Societas Latina would join the Junior Classical League. Money-making projects were discussed, and the regular business was carried on.

Art Club To Give Christmas Party

Art Club members are planning a Christmas party at the home of Paul Sorg on December 2. Refreshments will be served and entertainment provided.

Miss Blanche Hutto of the Fort Wayne Art School will present a demonstration on making fancy bows for Christmas packages. She will also show creative ways of wrapping gifts.

Frosh, Soph Act In Wranglers Speech Contest

After a short business meeting November 9, the freshman and sophomore members of Wranglers participated in an inexperienced speech meet. The four divisions in the contest were humorous, dramatic, radio, and poetry.

The winners in the humorous division, Nancy Goebel, first place, and Karen Simmons, second place, were chosen by the judges, Joyce Brittenham, head, Janet Terry, and Judy English. Those also participating in this division were Carol Ladig, Erin Rose, and Pat Bailey.

In the dramatic division Diane Fredrick placed first and Janet Christensen and Martha Dixon tied for second place. The judges were JoAnn High, head, Sue Blaising, and Margo Dixon.

Marcia Evilsizer, Pam Stech, Judy Hallister, and Margee Terry also participated in this division.

Diane Saalfrank placed first in the radio division. Barb Eggeman was head judge; Richard Dailey and Joan Novitsky were also judges. Other participants were Sally Boyer and Ron Ehrmann.

In the poetry division Jo Anna Goebel placed first. Diane Beams, Gretchen Meister, and Dieter Hillerbrand judged this division. Also participating were Barb Spiers and Marilyn Cole.

Teachers' Lounge, Conference Room Replace Old Cafe

The division and construction work on the old cafeteria has been completed and the teachers now have a new lounge and conference room. The building of these new rooms, done by the Hawk Construction Company, was started during the past summer and has recently been finished.

The lounge has many modern facilities for the convenience of the teachers. Among these are the duplicating machine moved from the office, sinks, a telephone, and new furniture. The room is not completely provided with furniture at the present, but a committee of teachers has been formed to select new furniture to fill the lounge.

The conference room is mostly for the convenience of the "floating teachers" without a homeroom. If these teachers have a free period and wish to instruct or talk with a pupil privately, they may do so in this room. New desks have been furnished in the conference room for this purpose.

Illinois Tech To Send Representative Dec. 2

"A representative of Illinois Technical Institute will be at South Side at 1 p.m. on December 2, to talk to seniors itnerested in this college," announced Mr. R. Nelson Snider, principal.

Music Department Sells Turtles To Finance Formals, New Music

"The candy sale has gone extremely well," stated Mr. Lester Hostetler, vocal director. "We now have only 250 boxes that have not yet been assigned."

The music department ordered $5000 worth of DeMett's Turtles this year, and are hoping that the members of the band, orchestra, and choir will have them sold before Christmas vacation.

This is the third year the music department has sold candy to raise money. In previous years the department conducted magazine drives and gave concerts. This year the department is selling $1 boxes, and is experimenting with $1.50 boxes, which have sold very well.

Mr. Robert Drummond, instrumental director, and Mr. Hostetler commented that this money will go for buying dresses in future years, paying for music, and supplying any other music department need which arises.

Three Archer Ice-Skaters To Skate In 'Pops On Ice'

Three South Side students will be skating in the "Pops on Ice" concert Sunday at 2:30 p.m. at the Coliseum. Jody Reiff, Barb Stevens, and Linda Towns will be in the group of 30 Fort Wayne skaters that will appear with the featured performers, Carol Heiss, of New York; Gayle and Allen Freed, of Cincinnati; and eight-year-old Robin Reynolds, of Detroit.

The girls have been attending three rehearsals a week, each an hour or an hour-and-a-half. They began their practice sessions five weeks ago, first walking out the numbers, then beginning to work them out on ice.

All three will be skating in "Precision 16," a number featuring 16 girls skating free style to the musical number, "We Whistle a Happy Tune." Jody and Barb will be in "Fort Wayne Six," of "We Kiss in a Shadow." "Swedish March" is the music for the finale, in which all the skaters will participate.

The Fort Wayne Philharmonic Orchestra, under the direction of Igor Buketoff, will provide the music for the performance. The "Pops on Ice" concert is believed to be the first of its kind where skaters skate accompanied by a full symphony orchestra. Miss Heiss, a world champion, will be making her last appearance before the Olympics, where she is expected to win a gold medal.

Linda Towns, a Senior B, has been skating for five years. She is on the business course, taking English, BOM, typing, home economics, and art. Barb is a Sophomore B on the business course taking English, French, bookkeeping, physical geography, and dance.

Jody is a Junior B on the college course. Her subjects are English, botany, United States history, choir, and public speaking. Jody echoes the feelings of all the girls when she says, "It is really a great honor to skate in a show with a world champion."

Music Department To Present Winter Concert On December 4

The band, orchestra, and concert choir will participate in the annual Winter Concert, December 4, at 7:30 p.m. in the South Side gymnasium.

Selections sung by the concert choir, under the direction of Mr. Lester Hostetler, will be "Lonesome Valley" by Ruth Heller, "He Took a Child" by Lois Myers Emig, "I Want the Lord to Be Near" by Haydn Morgan, and "The Story of the First Christmas" by Louise Grant, which will be done in the form of a tableau with pictures projected on a screen.

"Manhattan Beach March" by John Philip Souza, "O Jesu Blest" (St. Matthew Passion) by J. S. Bach, "Cole Porter Selection" by Porter adn arranged by Bennett, and "Pieces of Eight March" by Neff and Jenkins will be presented by the band, under the direction of Mr. Robert Drummond.

The following numbers will be played during the program by the orchestra, also under the direction of Mr. Drummond: "Variation on 'Pop Goes the Weasel'" arranged by Cailliet; two movements from "Concerto Grosso No. 4 in A Minor" by Handel, by the string orchestra; and "Fantasia on the Alleluia Hymn," arranged by Gordon Jacob.

Safety Council Installs New Flasher Display

The Safety Council has done it again! Where the old bulletin board used to be is a new flasher box. The Safety Council put this idea to work hoping it will save a life. Each month a new slogan will be used. This month's slogan sign—ANGER IS ONE LETTER SHORT OF DANGER—was made by Sheri DeYoung. The box will be on continually during school days from 7:30 a.m. until 4 p.m.

The Council encourages everyone to look at the box and slogan at least once a day because they feel that if each slogan is remembered by just one person when he is driving, it might save one life and thus have fulfilled its purpose. Students with ideas for slogans for the box are encouraged to tell the member of the Council in their homerooms.

The officers would like to express their sincere thanks to all those who have been coming to the meetings and invite all representatives to be present at today's meeting in Room 182 at 3:30 p.m. An average of 45 students have been present at each meeting. The officers also invite each student to look at the traffic violations graph around the school on various bulletin boards. South Side had 17 last month, leading all other city schools.

Hi-Y To Post Directory List

Dr. Gerald Hess, marriage counselor, highlighted the Hi-Y meeting Monday night in the Assembly Room of the YMCA. Dr. Hess spoke on "Preparation for Marriage." He stressed the factors of religion, common interests, finances, and sex.

Byron White and Steve Bash, Hi-Y directory commtitee chairmen, announced that the final check list will be posted in Center Hall sometime soon. Any corrections should be taken to Mr. Robert Weber in Room 76.

The Hi-Y Club voted to hold its annual Queen of Hearts dance on January 22, after the Muncie Burris game. Plans are now underway for the dance.

Next week's meeting will feature Dr. Jones, who will speak on "The Values of Thanksgiving."

Students To Present Thanksgiving Service

CAREFUL THERE . . . . Assembly Workshop members Sue Slick and Penny Hunt, in the foreground, are given some pointers on how to build a fire by seasoned woodsmen Steve Bash and Byron White. The Workshop is presently busy with preparations for the Thanksgiving Assembly. Smokey the Bear was absent when the picture was taken.

Next Wednesday the annual Thanksgiving Assembly, "We Gather Together," will be presented in the gym to South Side students, alumni, and friends. Members of the Dramatics Club and other selected students will participate in the several scenes.

A modern family consisting of Jo Ann High, Steve Meyers, Gretchen Meister, John McNett, and Merle Baldwin, will lead the audience through the scenes by reminiscing about their heritage.

In a pioneer scene Molly, Margo, and Martha Dixon, Babs Jones, and Marla Habecker will do a modern dance number with Bob Haag, Bob Sheray, Bob Duncan, Bob Shine, and Bill Lentz. Those playing the parts of children will be Stu Schmitz, Judy Riping, Ron Ehrmann, and Ron Flickinger.

\# \# \#

VOCAL MUSIC for the pioneer scene will be provided by Ellen Crowder, Gonda Rider, Rita Hessert, Ruth Finrow, Tim Grodrian, Steve Anderson, Mike Carter, Larry Gerig, Gordon Samra, Pam Olson, Ann Erickson, Pam Stech, Gaylene Hilsmier, Sharon Carrel, and Bonnie Riskas.

Bob Shine will portray Abe Lincoln in a scene depicting the Civil War era. Other students who will participate in this scene are Pat Slater, Marilyn Budd, Karen Curley, Martha Lanning, Bonnie Bender, Diana Ornas, Ellen Beatty, Dennis McBroom, John McMillen, James Rondot, Tom McMahan, Bob Haag, Steve Black, and Jim Edwards.

Representing the white and black races at the tomb of a Civil War soldier will be Chuck Weinraub, Pat Norman, Elaine Edwards, and Ann Plogsterth.

Pam Holtzberg, Frank Lude, Joel Feltenberger, Posy Weilemann, Fran Hoffman, Jeannie Carroll, Bob Duncan, Susie Bumgerdner, Ron Carlo, Phil Spray, Becyk Davis, and Tom Duff will portray a family during the Gay Nineties.

\# \# \#

SOLDIERS ON THE World War II battlefield will be Dave Redmond, Tom Cooper, Dan Oesch, and Jim Jackson. Penny Hunt, Bill Lentz, Mike Levy, Sam DeHaven, Sue Horth, Diane Fredrick, and Karen Brumm will be seen in the family grouping after World War II.

Several songs, including "Grandmother's Thanksgiving" and "Battle Hymn of the Republic," will be presented by the concert choir, under the direction of Mr. Lester Hostetler.

Dick Rothberg will give a sermon during the church service. At this time the audience and choir will join in the singing of "We Gather Together."

Meterites Plan Spelling Contest

"The annual Meterite spelling bee with Mr. Snider pronouncing the words will be Tuesday, December 1, in the Greeley Room at 3:30 p.m.," announced Rosemary Capps, program chairman.

Each member who attends this meeting will receive an additional 10 points for entering the contest. The member who wins first place will receive 25 points, second place will receive 20 points, and third place will receive 15 points.

As a service to South Side, 25 members of Meterites served at the Junior Banquet last Friday.

School To Be Closed

South Side will be closed Thursday, November 26, and Friday, November 27, for Thanksgiving vacation.

The only school activity scheduled during vacation is the South-Concordia basketball game, at Concordia. School will resume on Monday, November 30.

Times Homeroom Agents To Meet Tomorrow

Times room agents are to meet in the study hall tomorrow at 3:30 p.m. Sheets for the Christmas greetings will be handed out, and the agents will be given instructions about the cost and handling of the greetings.

Class Of '60 To Host Parents At Reception

Seniors, Sponsors Plan Informal Social Event; Representatives Chosen

Miss Mary Graham

Mr. Ronald Gersmehl

Senior class of 1960 and the senior class advisers, Miss Mary Graham and Mr. Ronald Gersmehl, will host the seniors' parents and all South Side teachers and school officials at the Senior Reception, Tuesday, December 8. The event is a "recognition night" for the parents and teachers of the graduation class and will be held from 8 until 9:30 p.m. in the school cafeteria.

The informal reception is a "come-and-go-as-you-please" affair, and will feature music and refreshments. The receiving line will consist of senior class sponsors and class officers. This is the largets senior class since the first reception, which was held about 18 years ago. Approximately 1,500 people are invited, and nearly 800 are expected in attendance.

General arrangements for the reception are being planned by the senior class advisers and officers, Dick Rothberg, Dick McGaw, Susan Van Fossen, Janet Lawry, Barb Frederick, and Ken Howe.

z z z

SIXTEEN SENIORS, selected by the officers, will represent each homeroom and announce to the homeroom members the class activities and procedure. They will begin their work today by explaining the purpose and procedure of the reception.

Representatives and their homerooms are Steve Adair, 58; Julie Carr, 60; Judy Cramer, 62; Barb Frederick, 77; Dick McGaw, 80; Geri Geller, 90; Kate Rastetter, 92; Susan Van Fossen, 96; Janet Lawry, 110; Bill Spindler, 120; Katie McGee, 142; Dan Oesch, 144; Dick Rothberg, 152; JoAnn High, 154; Dan Tritch, 156; and Marilyn Bugg, 178.

Joan Novitsky is the chairman of the invitations committee. Working with her are Nancy Ryan, Susan Seibel, Marian McCallister, Barb Eggeman, and Anna Mae Chen. The committee will count, package, and distribute the invitations. Seniors will address the invitations to their parents today. The addresses will be checked, stamped, and prepared for mailing by the committee. They will also address and deliver invitations to faculty members and school officials.

z z z

CHAIRMAN of the nametag committee is Sally Burton. She and her committee will package and distribute nametags for mailing with the invitations. The nametags will be filled out in the same manner as the invitations.

Other general committee heads are, serving, Sharon Probst; dishwashing, Bob Duncan, Steve Meyers, and Dave Redmond; decorations, Carole Oxenrider; refreshments, Fran Hoffman; hospitality, Merle Baldwin and Jim Jackson; checkroom, Steve Bash; music, Janet Terry; and cleanup, Ted Von Gunten and Karen Randall.

Eighteen Students Participate In New Haven Speech Meet

Janet Terry, South Side senior, was the only student to bring home a ribbon for South Side at the New Haven Speech Meet held last Saturday. Janet took fourth place in original oratory with her speech, "Paths to Peace."

Although only one ribbon was won by South Side, the rest of the participants made a good showing. Those students making semi-finals were Judy English, Diane Fredrick in dramatic; JoAnn High in humorous; Judy Snelling, Jim Carter in original oratory; Ron Ehrmann in oratory; and Geri Geller in girls' extemp.

Other students participating were Joyce Brittenham, Susan Menze, Karen Curly in dramtic; Dieter Hillerbrand, Gretchen Meister, Diane Saalfrank in original oratory; Sue Springer in oratory; Barbara Dicker, Louise Misegades, and Joanna Goebel in poetry.

Mr. Jack Terry, Mrs. Helen Geller, Mr. John Brittenham, and Mr. Robert Storey were the judges representing South Side.

Faculty To Welcome Mr. R. Nelson Snider Home From Japan

Shortly after Mr. Snider left for Japan, several of the teachers suggested that upon his return a faculty get-together be held to welcome him home.

Today at 3:40 p.m. the part will be held. It will be in the library and will last no more than an hour. Mr. Snider will relate his experiences during his recent trip to the faculty members.

The committee chairmen are Miss Price, general arrangements; Mr. Sterner, coffee and introduction; Mr. Wilson, cups to the library; Miss Osborne, serving; Mrs. Welty and Mr. Hemmer, clean-up; and Miss Van Gorder, food and finance. Each committee chairman chose the members of his or her committee.

Fabrics Expert Speaks At Vesta

Mr. Tom Roland, fabrics expert from Wolf and Dessauer's, was guest speaker at Vesta on November 4. He displayed many new imported fabrics, and the girls examined them carefully.

Following Mr. Roland's talk, Vesta members asked questions concerning the materials. One important question was, "Are American fabrics as good as imported fabrics?" Another point of discussion was netting for formal dresses. It was pointed out that a new embroidered netting can be used for a lacy effect.

A demonstration on small electric appliances will be given by Miss Peg Buchann from the Electric Company at the Vesta meeting next Wednesday.

Colossal College Week-End Is Traveling Triumph, Not Forgotten

One of the most wonderful and thrilling experiences in a young girl's life is a college week end. That is, if she knows just what to do, what to take, and how to make the most of herself. But without the proper knowledge of what to do just when and where, a college week end can be an embarrassing and exasperating experience.

z z z

ONCE THE INVITATION has been accepted, the inevitable question of clothes arises. The tendency is to overdo it. A girl shouldn't forget that she'll be judged by what she's wearing, not by the excess baggage she takes along. A smart suggestion to follow is to jot down on a piece of paper the probable occasions connected with your week end and what you'll need for each. Traveling clothes should be simple and plain. Better be under- than over-dressed. Pick a material that will shed dust and wrinkles as wool or jersey. The coat one chooses may have to serve for several types of dress, so a simple wool is best. Wear the same outfit for arrival and departure. In this outfit, one makes her date's first and last impression of the week end. Make it a pleasant one!

z z z

ALL FRATERNITY house parties usually include a couple of afternoon affairs, either in the form of tea dances, cocktail parties, or open houses. One afternoon tea dress should be adequate for such occasions. Select a dress which will pack easily.

Next consider sports clothes. Remember to take a pair of comfortable sports shoes along. Learn beforehand what sports will be featured during the week end. If you need several outfits, sports clothes will probably be the most cumbersome and bulky part of packing.

Remember to take three pairs of shoes. Traveling ones will serve for sight-seeing about the campus or university town, dress shoes for cocktail hours and to wear with your formal, and sports shoes for sports occasions.

z z z

IF THE WEEK END includes several formal dances, be sure to choose a silk, jersey, lace, or a similar material which will pack easily in small space. With a little ingenuity, the same basic evening dress can do double duty. Different accessories, such as bows or slips, can transform a dress. When buying a new gown, select something which fits your personality. Young and demure girls shouldn't buy a deep black satin in a frantic attempt to become sophisticated overnight. Extremes of any sort are in bad taste.

Now that the clothes problem is settled, we can turn to more general rules.

z z z

WHEN MEETING other boys and girls your own age, your name is adequate. However, when meeting chaperones, housemothers, or any other adults, a "Miss" and "Mister" are used.

Be friendly with the other girls. Talk to all the girls, but don't tell them too much. Don't gossip! Don't discuss all the good and bad points about your date; for it will get back to him.

z z z

DON'T BE AFRAID to enjoy the college week end. Express appreciation at all times, not just at departure. Be friendly with other boys but don't neglect the one who brought you.

To have fun, be fun! Don't go off in a corner and sulk, if some other girl is more popular than you. Practice up on your conversation.

z z z

ONE LAST suggestion: If possible, read up on the college or fraternity chapter before you go. The cadets at West Point issue "Week End Pointer" pamphlets to their dates. If you can, obtain similar pamphlets and information.

But the most important thing to remember is—be yourself!

Sophomore 1 Team Vanquishes Seniors In GAA Basketball

Sophomore 1's rose victorious again by defeating the Seniors 5-2 Monday, November 2 in Upperclass GAA basketball. The Juniors defeated the Sophomore 2's 20-6. High scorer in the Sophomore-Senior game was Jane Ladig, and in the Junior-Sophomore 2 game was Sandy Dolson.

New teams were chosen for basketball. Players for the Senior team are Jan Kessler, captain; Nancy Baltes, Pat Brown, Barb Burdick, Shelba Cox, Judy Garrison, Jane Glass, Sandy Grodrian, Peggy Markin, Barb Nahrwold, and Luann Uhl.

Tamara Beaty, Bella Dyson, Sherry Hall, Sharon Krakower, Marcia Melching, Susan Merchant, Nancy Nichols, Nancy Pfeiffer, Sharron Todd, and Jane Ladig, captain, are members of the Sophomore 1 team.

Members of the Junior team are Alberta Bonnell, Val Callahan, Marilyn Dauscher, Sandy Dolson, Connie Denis, Joan Erck, Mickey Flaig, Rita Hessert, and Diane Spencer. Sandy Heidbrink, Janice Nahrwold, Martha Bonnell, Gretchen Brumm, Pam Buzzard, Becky Collins, Joyce Cossairt, Barb Uhl, Dayna Harader, Jan Spuller, Margie Lehman, Bev Fromm, Jenny Slater, Ginny Kachiamenis, Mary Zimmerman, and Annie Heckler are players for the Sophomore 2 team.

Referees for the Senior-Sophomore 1 game were Jenny Slater, Ginny Kachiamenis, Jan Spuller, and Alberta Bonnell. Sandy Grodrian, Judy Garrison, Luann Uhl, and Jan Kessler refereed the Junior-Sophomore 2 game. Mrs. Keegan kept score.

Rifle Club To Meet

The Boys' Rifle Club will meet Monday at 3:30 p.m. on the rifle range, according to an announcement by Mr. Stephen Berg, sponsor of the club.

Kellys State Educational Goals, Ideals

Getting an education should be the most important project of teenagers today. This education will help each student to achieve the goal he wishes to attain. Serious-minded Archers state their goals and purposes for being in school.

JoAnn High: My ultimate goal in high school is to obtain a well-rounded education in order to be sufficiently prepared to enter college or to take up an interesting vocation upon graduation.

Susan Rousseau: I want to learn all I possibly can so that I can give this knowledge to less fortunate persons and possibly establish new concepts of knowledge.

Carol Miller: My purpose in attending high school is to gain the knowledge necessary for college and the vocation I plan to enter into when I graduate.

Karen Johnson: My purpose for going to school is not so much to get good grades as to increase my knowledge in numerous fields. This knowledge will aid me in my college education and in my future life.

Linda Niblick: In school I learn to get along with all different types of people, which is important in life.

Diane Saalfrank: Participation in class discussions helps me to organize thoughts clearly, express myself accurately, and learn to express the thoughts of others. Association with many types of persons stimulate me to improve my character.

Karen Good: To learn to think constructively is my goal in school. I want to take part in our form of government, and in order to do this, I must be able to vote intelligently. In order to vote intelligently, I must be able to think clearly.

Pat Schuler: I want to learn to be an informed, intelligent, and purposeful citizen of my state and country; to acquire enough knowledge to use in whatever I decide to do in the future; and to better myself in every respect.

H.R. 62 Cops Banking Honors

The total amount of receipts received the week of November 10 was $407.65.

The three rooms which turned in the most receipts are, first, Mr. Jack Morey's Homeroom 62; second, Mr. George Collyer's Homeroom 8; and third, Mr. Leon Smith's Homeroom 61.

Mr. Morey's room banked $51 for first place, while Mr. Collyer's room banked $50 for second place. Third-place Room 61 banked $22.80.

The bank books were collected from the rooms and interest on deposits was given.

KYC To Meet Tuesday

The annual Thanksgiving program of the Know-Your-City Club will be held next Tuesday. All members are invited. No definite plans for the program were given.

At this meeting, nominations for next semester's officers will be accepted.

Jack Winder's Goal Combines Studies, Clubs

It has been said that a good mind and a good personality do not mix. Jack Winder, Junior B, disproves this adage.

Jack believes that clubs develop a well-rounded personality. Studies are too confining and some release should be allowed from them.

Jack was last year's treasurer of the now inactive 36 Workshop, and is a member of the golf team, choir, Hi-Y, Times staff, and Intramurals.

Four hours of study every night are necessary for Jack to maintain his grades.

Jack is on the college course. His favorite class is advanced math taught by Mr. Robert Petty. He finds this class "stimulating and challenging."

Jack's goal in high school is to acquire the necessary training to enter college. He plans to attend the University of Michigan.

Classes which accomplish nothing are Jack's pet peeve.

He is taking English, physics, developmental reading, advanced algebra, and history.

Philo To Examine Shaw's "Pygmalion"

A discussion of George Bernard Shaw's play, "Pygmalion," will be conducted at the Philo meeting Monday at 3:30 p.m. in the Greeley Room. Bessie Ferguson and Ann Plogsterth are heading the study group which will delve into the purpose, plot, and characterization of the play.

Further plans for Philo's after-game dance, "Holly Hop," will be discussed.

Freshman Peggy Schmidt Is Average, Active Teen

A friend of mine who is a spy told me what he found out about Peggy Schmidt when he recently followed her through a couple of average days of her busy life. I am now repeating the story just the way he told it to me.

She rises at 6:30 a.m. and stumbles down the stairs for a bowl of Sugar Rice Crinkles for energy to see her through the morning. She arrives at school about 7:45 a.m. and then spends her day in English, algebra, Latin, biology, and gym or health classes.

Peggy is a freshman, and just beginning to feel a part of things.

She feels very different now than she did on her first day of high school. On that day of days she felt like a mouse placed in a maize to test one's intelligence.

z z z

AFTER SCHOOL my spy friend found her hurrying off to a Meterites meeting. She also is on the Times staff and finds them both very helpful in preparing for her career. Peggy hopes to be a newspaper or magazine writer, or perhaps a free-lance writer.

She enjoys the extra-curricular activities and social life at South.

To quote her, "South has a wonderful program of social activities. In fact, so many ,that students find it hard to decide which clubs to join. I believe, however, that during the high school years, studies come first! Therefore, any extra activities must be geared to the amount of energy left after a battle with the books.

"In other words, anyone who can make good grades and still have time to put his whole self into something else, may be able to participate in two or three extra activities.

"Some may find it hard to do anything extra, but all work and no play makes Jack a dull boy, so everyone should find something else to occupy his interests."

z z z

SATURDAYS ARE spent working with her hobbies—collecting fans and dolls, and reading; cleaning up her room, for her pet peeve is a messy room; or perhaps watching television. "Gunsmoke" and "Dennis the Menace" are her favorite shows.

Later that day, Peggy was observed speculating just how she could improve South. She'd like to make the school into a roller skating rink on Friday nights and skate down the ramps.

Or maybe she was dreaming about the time when she'll be an upperclassman, and just how she'll be better than the present upperclassmen. For one thing she will be friendly to freshmen. After all they aren't so different.

After this thorough investigation, my spy friend came up with the grand and glorious conclusion that Peggy Schmidt is truly an outstanding freshman.

Archer Toots Flute, Piccolo Old Bagpipes

At last the mystery has been solved! The recent earthquakes in Wyoming must be a relayed reaction of a piping Archer who visited there two summers ago.

Several years ago, Jeff Roth, a South Side sophomore, became interested in learning to play the bagpipes. We now find him a qualified piper of an instrument over 2,000 years old. Since the field of bagpipers is not too crowded, Jeff was lucky to find one person in Fort Wayne who played them.

His lessons began on a practice chanter, a small device designed to teach the beginner the nine bagpipe notes. It usually takes a student about two months to master these. Then a few days had to be spent just getting used to the instrument itself.

After a year of playing, Jeff still has trouble. The leather bag of pipes expands as it is filled with air, and takes its vengeance out on the player.

Then the side pipes are forever sliding off their position onto the arm. The blowpipe puts up the biggest fight and seems to get heavier with every note.

As there is not a great demand for bagpipers, Jeff may wish to take up teaching after graduating from college.

His favorite season is the good old summertime in which he enjoys golfing and a camping trip. Two years ago, he journeyed with the Pioneers to Wyoming. Since then he has also pitched his tent in Michigan and in the Smokey Mountains.

During the school months, you can fidn him tooting a flute or poccolo (which has won him several honors) in the school band. "Peter Gunn" and "77 Sunset Strip" are his favorite television programs. He entertains his friends by quoting sayings from Mad Magazine.

Come Christmas time, don't be alarmed at any strange sounds; it will probably be Jeff, playing "Jingle Bells" on his bagpipes.

Concert At Plymouth Church To Feature Handel's 'Messiah'

Purpose To Increase Youth's Appreciation Of Music, Fine Arts

Portions of the "Messiah" will be presented by the combined South Side Chamber Orchestra and the Plymouth Choir next Sunday at 8 p.m. at the Plymouth Congregational Church.

The group will play the Christmas part of the musical work by George Frederick Handel. It will be under the direction of Vincent E. Slater, organist at the Plymouth Congregational Church, who will also accompany the group on the organ.

Members of the Plymouth Choir who will perform vocal solos are Mrs. Shirley Slater, Mrs. Loretta Henderson, Mrs. Jaymee Seidel, Mr. Dan Grant, and Mr. Phil Steigerwald.

This program is not one of the Fine Arts in Miniature series. However, it is a public service presentation and is a part of the plan designed to increase the appreciation for good music and the other fine arts by the teenagers of the Fort Wayne area. No admission will be charged, and the concert is open to the public.

"I hope that this concert and others in the series will be well attended, and that they will achieve their purpose—to improve the cultural background of today's youth," stated Mr. Robert Drummond, director of the South Side band and orchestra.

MAD MUSICIANS . . . Busy rehearsing for the orchestra's presentation of the "Messiah" this Sunday are, left to right, Allen Steere, Gretchen Meister, Mike Church, and Cindy Miller. Handel's oratorio will be presented at Plymouth Congregational Church in cooperation with the Plymouth Choir.

The chamber orchestra will present another concert at the Plymouth Congregational Church early next spring. This program will be comparable to the one which will be presented this Sunday.

After-Game Dance Rules Enforced For Behavior

Since dances will be held in the cafeteria this year, students should observe the following rules:

1. All school dances are over at 11:30 p.m.
2. All students, including guests from other schools, are expected to remain until the end of the dance, or until 11:15 p.m. unless previous arrangeemnts have been made with Miss Van Gorder.
3. Guests at South Side's social affairs are never permitted to take the decorations home for favors. The decorations are the property of the school or the club sponsoring the dance. If any items are to be given away to students who have made them, the sponsors of the activity should give them to the students personally.
4. Smoking in the building is a violation of the state law of Indiana.
5. Cokes and other drinks sold are not to be taken into the dance room.
6. Students are not permitted to enter the room where a dance is being held with their topcoats or wraps.
7. Loud and boisterous conduct is considered discourteous and cannot be permitted.
8. Good manners dictate that students should greet chaperones.
9. Tickets are not sold at the door. All tickets must be purchased before the dance.
10. Pass-outs are not given.
11. Students at the beginning of the dance will enter from the main building by way of the hall to the cafeteria. At the end of the first 30 minutes, the inside entrance will be closed. All late comers will have to use the north, outside door to the cafeteria.

Students attending the dance should bring their wraps with them and have them checked. No students will be permitted to enter the main building after the dance.

Junior Margaret Wilson Tells Of Life In Thailand

Margaret Wilson, Junior B, is quite an unusual Kelly. Margaret, although born in Indianapolis, has spent most of her life in cities of many different countries.

At the age of two and one-half years, Margaret and her family moved to Thailand. After spending four and one-half years in Thailand, she and her family moved back to the United States for one year. The Wilson family then moved again to Thailand for another four and one-half years, finally returning to the United States two and one-half years ago.

Margaret and her family lived in Bangkok, the capital of Thailand. Here Margaret attended school.

When she was asked about the schools and how they differed, Margaret replied, "The schools in Thailand are quite different from the schools in the United States. They do not have microscopes or a printing press for the printing of a school paper. The paper usually was mimeographed."

# # #

"AS TO THE language of the schools," Margaret continued, "English was the most important language spoken. However, 27 different nationalities were included in the schools.

"The people of Thailand dress completely different from the people of the United States. They wear a long skirt which is about three yards around. The skirt is wrapped around the body and fastened with a belt."

Modern conveniences in Thailand are very few. Water must always be boiled before drinking. There is electricity, but it is not dependable.

"American food is very expensive," Margaret said. "The favorite native dish in Thailand is rice."

The customs are still quite ancient and unusual, according to Margaret. The most unusual is the custom of the native parents arranging their children's marriages.

When asked to compare the United States with Thailand, Margaret replied, "They cannot be compared. They are two completely different worlds."

# # #

THIS IS MARGARET'S first semester at South Side. She is on the college course and is taking U.S. History 1, English 5, Shorthand 1, Botany 1, and Health 1.

Margaret devotes her spare time to her collection of 30 dolls from 19 different countries.

'A Moment In Time' Highlights Council

After a short business meeting at the Safety Council meeting today in Room 184 at 3:30 p.m., a declamation, "A Moment in Time," will be read to the members.

Speaking parts will be announced for the declamation. Try-outs were held earlier this week.

Pamela Stech was elected Scrapbook Chairman at the last meeting. All of the news publications pertinent to safety will be placed in the book.

An insurance representative is scheduled to address the next Safety Council meeting.

Five South Siders To Appear On TV 'Horizons' Program

"Youth Builds a Cyclotron" is the title of the "Horizons" program that is to be presented on Saturday, November 21, from 5:30 p.m. to 6 p.m., on WANE-TV, Channel 15.

This program will feature a discussion about the cyclotron that is currently being built in the basement here at South Side.

South Siders who are participating in this program are Bob Gifford, Jim Mayle, Dave Callahan, Jim Freeman, and Phillip Schulze.

Highlighting the program will be a six-minute film about the cyclotron and a scale model of the cyclotron.

The host for this program is Robert Keathley, a representative from the International Telephone and Telegraph Company.

Sponsors of the program are the Fort Wayne Engineers Club and the International Telephone and Telegraph Company.

Shutterbugs Meet, Designate Officers

Camera Club held an election of officers at the November 10 meeting. Those elected are, president, David Briggs; vice-president, John Wilks; and secretary-treasurer, Jim Yerger. The officers selected a program committee consisting of Roger McNett, Dave Aubrey, and Mary Braden.

Following the election, Roger McNett talked to the members about darkroom procedure. A visit was made to the club's darkroom, and the equipment was explained and demonstrated.

Mr. Richard Shellenberger, the club's sponsor, will show the slides which he took while in the service in the Far East.

Bio-Experimenters To Study Isotopes

Tonight's meeting of the Biology Club is cancelled because of a teachers' meeting scheduled at 3:40 p.m. The next regular meeting will be held December 3 at 3:30 p.m. in Room 91.

Anyone who is interested in biology, and who has either taken or intends to take biology, is encouraged to join. The deadline for membership in the club has not yet been announced. There are no dues, and the club uses standard equipment from the biology lab for their work.

"The purpose of the club is to increase a person's knowledge of biology and to perfect his or her biological skills. It also attempts an interrelation of the sciences," stated Mr. Nicholas Pipino, sponsor.

At the last meeting the project of incubation of 36 eggs was accomplished by the members.

The first two meetings in December will be devoted to the study of the effects of radio-isotopes on plants and animals. Mice and tomato plants will be used for the experiments.

Busy Senior Merle Baldwin Enjoys Varied Activities

Merle Baldwin may be classified not only as a 12B, but as one of the busiest seniors at South Side. While many Archers were relaxing and taking it easy this summer, Merle was at rehearsals for "Plain and Fancy" and "Brigadoon", Summer Festival productions. These activities took up a lot of her vacation time.

Merle also plays the flute, and gives and takes flute lessons. On Tuesdays and Saturdays you may find her teaching her six flute students in her home. Merle is a flutist in band and orchestra. "It's fun and you learn almost as much by teaching as you do by taking lessons," commented Merle.

Somehow, between her many summer and winter activities, she has found time for traveling. Of the 20 states she has visited, Florida is her favorite. This sunny state impressed her most because she loves the ocean and enjoys Florida's beautiful scenery.

At the present Merle is taking French 3, Government 1, Latin 5, a special course of English 7-8, and band and orchestra. Merle is also attending a Conversational German Course at the YWCA. "It is mainly a course for people planning to visit Germany," says Merle, "but it will help me when I take German in college."

Merle would like to attend Indiana University where her major will be foreign languages.

Miss Versatility of South Side is also vice-president of the newly-formed Masque and Gavel Club. She is a member of Philo, and a Times copy editor.

Part of Merle's next summer vacation has already been planned, as she is looking forward to being a counseler at Girl Scout camp. The rest of her vacation will probably be spent preparing for college.

Appearing Black, White Dots Result Of Electronic Waves

Little Johnny had turned on the TV set to watch "Superman." He suddenly noticed that the screen was peppered with fine, black-and-white dots. By the time his older sister had come home from school and wanted to see "American Bandstand," the dots had grown as large as guppies' eyes. All through dinner and the Popeye cartoons they expanded. The picture tube was splattered with these spots up to signing-off time. Little Johnny, his sister, his mother, and his father were all in a panic.

"We must have it fixed," said little Johnny's mother.

"I'll miss Popeye," said little Johnny.

# # #

"I'LL MISS 'American Bandstand'," said little Johnny's sister.

"Then I'll take it to be fixed," said little Johnny's father.

But when his father took the set to the television repair shop, he found a long line of fathers waiting to have their TV sets repaired. They all said that they had begun noticing interference, namely large, glowing dots, about Superman-time that afternoon. They all stood transfixed at the thought of the consequences of not having those spots removed.

A crisis! Little Johnny's father went home to impart the terrible news to his family. The next morning's newspaper announced in four-inch headlines that the television sets over the entire country were plagued with these shimmering, black-and-white spots.

# # #

PUBLIC OPINION was so aroused that a governmental investigation was held. The findings of this investigating committee remained a secret for two months. During this time all of the business connected with television programs was suspended, and little Johnny missed his Popeye cartoon every day. The silence, the absence of the television's friendly hum, was particularly depressing at dinner time. There was nothing to do or talk about.

At last the results of the governmental hearings and investigations were made public (by newspaper for those who still remembered how to read and by radio for those who did not). This painstaking and involved research pointed to one conclusion: The interference was caused by electronic waves, **brain waves!**

# # #

ONLY ONE THING could be done to restore stability to the television-starved populus and protect their rights to viewing in the future. **Thinking was prohibited.** Of course, it was cut down gradually, first forbidding thought in the proximity of an operating television station and then later rationing thought elsewhere. A publicity campaign was held. Everywhere little Johnny went, he saw signs saying, "Thinking stinks!" or saying, "Thinking is bad for your health." Education programs were forgotten; public libraries became television stations; professors, writers, lawyers, and the like were burned in effigy. At last the public mind became completely acclimated to the new order.

Thinking was abolished—and there were no more black-and-white spots on the television screens of the nation.

Handwriting Shows Much About Kellys

People are really very different underneath than what they appear to be on the surface. This has been proven by some of the willing guinea pigs of our fair school.

Yes, another poll has been taken and more innocent children have been brainwashed. The question was: "Does your handwriting prove what kind of person you are?" Phrases have been analyzed and re-analyzed and we have come to this conclusion: NEVER TAKE A POLL!

These brave students have been asked to write a phrase and to their dismay we are printing the results.

Janet Brenn: Her handwriting shows that she is affectionate, relatively independent, but with no sense of order. She must overcome her laziness although she displays cleverness.

Joan Lambert: Joan is quite a writing enthusiast and writes to bring out her good points. (Sly, isn't she?) She has imagination and intelligence, but the standard of her work is unpredictable. She should be trained to systemize herself.

Dave Brumm: He is flexible and emotional. His writing shows inattention and a lively temperament. He has a high mental ability, but might become a problem child if not carefully guided.

Debby Brooke: Her writing reveals that she is skilled, mannerly, and well-trained. She is adaptable and not too quick in decisions. But she is easily influenced, depending on the opinions of others.

Dick Hirschberg Reports On Cryptography In Class

Not every student has the same interests. Many students are interested in mathematics, and many are interested in other subjects. Sophomore A Dick Hirschberg is interested in cryptography.

You are probably saying to yourself, "What is cryptography?" The students in Dick's geometry class know because he recently gave a half-hour report concerning the subject. Dick's teacher, Mr. Richard Sage, suggested that once a week the students of his seventh period class participate in an extra report. Every week a different member of the class gives a half-hour report.

Because Dick has recently read two books on cryptography, he wanted to give a report on the science of secret writing.

After telling that cryptography is the secret writing used in diplomatic service and in wars, Dick explained the various kinds that he studied.

# # #

A CODE IS A book. Incode is to put the message into a code, and decode is to take the message out of code and put it into English. He explained that the Army uses cipher, which is the substitution of letters. This method is used because it takes very little equipment.

Greek Cipher is the first science that Dick explained. With this cipher, he used a five-by-five grille. This grille consists of the letters of the alphabet, excluding the letter "j," which is the least used letter in the alphabet. Dick used an example for each cipher or code he explained.

The members of the class attempted, with Dick's help, to translate the message. His first message was "Sue Horth is dumb." This message was guessed by practically everyone but Sue.

The next message was written in Caesar's Code. Using the alphabet in a grille, he used the letter three letters back from the one he had written. When translated, this message read "Mr. Sage wears suspenders."

Code was used by Dick for the third message he had written on the blackboard. Dick said that he didn't know the inventory of that code. "Geometry" was the word guessed by the class.

Using a two-by-eight rectangle, Dick explained the Transposition Cipher. During this one, he very calmly commented, "Is everyone confused?" The class, answering with a strong "Yes," finally managed to translate the message, "A little knowledge."

The hardest code was the Playfair. It is placed in a five-by-five grille, leaving out the letter "z." Before the grille, Dick explained that a key word is used. During the war, the word "Edinborough" was used. Dick used the word 'girls." He was quick to comment, "My mind runs in patterns!"

After substituting the letter to the right, the class decided that the message was "Ramage is a star." Bob Ramage had to help Dick figure this message out.

# # #

CRYPTOGRAPHY isn't Dick's only interest. He is also interested in reading about other subjects, and he enjoys bowling. He enjoys playing basketball, and likes to watch hockey and football.

On the college preparatory course, Dick is presently taking English, Latin, general history, and geometry. His favorite subject is mathematics, because it is more of a challenge to him. Dick's extra-curricular activities include being a member of the Societas Latina and the math section of the Math-Science Club.

Two to two and a half hours are spent by Dick on his homework. He also spends an hour at school every day in study hall. Dick commented, "I can concentrate in study hall. I do all of my memorizing at home and do my 'busy work' at school."

When Dick studies at home, he studies in his room with the door shut. He never has the radio on, because the noise bothers him. He admits that he usually has something to eat or drink. When memorizing a lesson, Dick reads it and then repeats it without seeing it.

Being a member of two school clubs, Dick commented, "I think outside activities are a waste of time unless you do something for the club. If you just go to attend the meetings, you might just as well be home."

Dick doesn't know what he is going to do after college. He isn't sure if he is going to take his post graduate year or not. Because of this he is taking five solids next year.

He will continue Latin for four years. Dick is taking Latin because he is preparing to enter Yale University. Yale prefers that the student take one language for four years instead of taking two different languages.

Dick is interested in Yale because he wanted to attend a college in the East. After reading bulletins from various colleges in the East, he decided on Yale.

# # #

TELEVISION comes after homework in the Hirschberg family. Dick said, "I watch television for entertainment only; it shows no education." He doesn't have any favorite television program but just watches whatever is on.

History is Dick's easiest subject. He commented that it just comes naturally for him. Writing themes is the hardest thing that Dick has to do. He said, "If I have a theme to write, I worry about it all the time. I just can't do it."

"A teacher who can convey a lot of knowledge and can conduct a class in an interesting manner" is Dick's explanation of an ideal teacher.

When asked about his pet peeves, Dick commented, "I don't approve of cheating. It doesn't help the student get anything out of the subject. If you don't understand it, you don't understand it!" Other than cheating, Dick said, with a smile, "I don't care what people do!"

Using South Side's code, the message is "Dick Hirschberg is a good student, an excellent citizen, and a good example for teenagers everywhere." This is South's science of secret writing!

Archer Cagers Face Concordia, Southport In Early Season Games

Cadets To Face Kellys In Third Contest Nov. 28

North Side To Be Scene Of Net Contest; Cadets Seek Victory This Year

The Concordia Cadets will be out to avenge the hardwood havoc that South Side played with them last year. The Cadets will try to get even for a 68-46 loss last season in a net contest on Friday, November 28, at the North Side Gym.

Coach John Mader of the Concordia team will have an experienced but rather short team this year. The tallest man in their lineup is Del Dreyer, starting center, who is 6-1½. However, height didn't seem to stop last year's Concordia star, Bobby Stockcamp, who will return this year to the one starting guard position. Bob is 5-11.

# # #

ALSO RETURNING from last year's varsity squad is forward Gary Novak. Gary put on several excellent performances in games last year and is expected to more than live up to his reputation this year.

Steve Hartman and Jerry Widenhofer have been moved up from the reserve squad to fill forward and guard positions, respectively. Neither of these boys are much in altitude, but they are excellent shots and fine ball handlers.

Concordia

Place—North Side Gym.
Time—Saturday, November 28, at 8 p.m.
Last Met—Second game of 1959 Sectional; score, 79-44, South Side.

The Concordia varsity squad averages 5-11 in height, while the bench strength average is about one inch higher. The Cadet bench is strong, featuring experience and ability. This will be an aid early in the season, when fouls are rampant and substitutes are needed frequently.

# # #

THE SOUTH SIDE coaches were rather hush-hush on who would comprise the Archer starting lineup. However, the Kellys should have a fairly strong team. From last year's excellent tournament squad, Dave Barrett, Acie Eldridge, Gary Gardner, Ken Howe, and Steve Burton are returning cagers. Barrett and Howe comprise the height of that group.

Burton, Eldridge, and Gardner are all rather small among basketball men, but all three of them are crack shots from the outside, and the whole crew is capable of driving occasionally for an easy basket.

Aiding Dave Barrett in the center position will be senior Gus Wade. Wade had a lot of reserve experience last year, and over the summer he grew into his 6-4 frame. He moves smoothly and can sense plays.

# # #

OTHER BOWMAN cagers returning are Jimmy Saylors, Carl Johnson, John Somers, and Bob Bolyard. Most of this aggregation had some varsity work last year, and they saw a great deal of reserve service.

Although no South Side starting lineup has been released, the Green will be sure to have quite an advantage of height and experience on the small cage squad of Concordia.

The Archer coaching staff, Head Coach Don Reichert, Mr. Wayne Scott, Mr. Preston Brown, and Mr. Charles Holt, has been working hard to rebuild the Green squad to equal recent Kelly teams; they have done an excellent job.

Concordia's starting lineup will be as follows:

Bobby Stockcamp	G
Steve Hartman	F
Del Dreyer	C
Gary Novak	F
Jerry Widenhofer	G

Team 2 Victorious In GAA Basketball

Team 1 was victorious over Team 3, 18-16, in Freshman GAA basketball Friday night in the gym. Team 4 was defeated by Team 2, 13-10.

Players on Team 1 are Martha Grimme, Gloria Lothamer, Stella Masierak, Virginia Rose, Donna Rudasky, Sydney Schinbeckler, and Gwen Yordy. Dodie Kessler is the captain.

Elaine Edwards, Pam Foust, Judy Koop, Krys Kriworotow, Diane Longberry, Mary Marker, Carolyn Scherer, and Toni Sorensen, captain, are members of Team 2.

Players of Team 3 are Louraine Ford, captain; Mary Fremion, Sherry Hager, Claudia Hershberger, Mary Jo Kraus, Joyce Pollitt, Celeste Riemen, and Jane Whitenack.

Girls on Team 4 are Ann Chenoweth, Diane Friedman, Marsha Good, Betsy Junker, Anita Kimball, Nancy Lagemann, Ann McCoy, and Pat Abbott, captain.

Ann Heckler, Jan Spuller, Jenny Slater, and Sandy Heidbrink refereed the games, and Ginny Kachiamenis kept score.

Carter's Corner

By Jim Carter

Hoosier madness is back again. Tomorrow night marks the opening of the 1959-60 basketball season for this year's Archers, and they will have their work cut out for them in every respect.

Coach Don Reichert has only one returning starter, one pinch-hitter, and three other boys with varsity experience returning, but he is not conceding anything to South's rugged opponents.

In steering Archer quintets to a string of 30 straight victories over city teams, four consecutive city, Sectional, and Regional championships, and the 1958 State crown, he has given the Kellys something which is vital to continuous hardwood success: a winning spirit and tradition.

It is this type of spirit which will continue to inspire players and produce winning teams when the material may be little better than average. Last year this drive, although invaluably aided by one of the best high school cagers in the nation, produced a team which almost went to state again.

In 1960 there is no player to build around with the ability of a Tom Bolyard. Returning center Dave Barrett, however, who showed constant improvement last season, will provide an excellent nucleus from which to work.

# # #

THE KELLY starting lineup, and actually the whole varsity squad, is still not completely final in its composition. Barrett will undoubtedly start, either at center or as a forward. Another reasonable selection for a starting forward slot is Ken Howe, last year's number six man.

The other returnees from the 1959 tournament squad are three guards—senior Gary Gardner, and juniors Acie Eldridge and Steve Burton. These boys are being pressed so hard by the talented turnout that their positions are not safe in any sense of the word.

As contrasted with recent years, so many boys have yet to prove themselves and their abilities that several will probably be shuttled back and forth with the reserves before the squad is finalized.

# # #

BESIDES BARRETT, who now stands 6-5, and Howe, 6-1½, other leading front court prospects include seniors Gus Wade, 6-3½, Dave Anderson, 6-2, and Dave Hickman, 6-2, juniors Steve Hargan, Carl Johnson, and Bob Bolyard, and sophomore Ken Robinson.

Depending upon how they continue to develop in final practice sessions, this column will tentatively guess Wade or Hargan for the other nod up front. Hargan would start at forward; but if Wade is chosen, he will go at center. Barrett, due to his good maneuverability, will be shifted to a forward post.

Picking the starting guards will be hard enough for Coach Reichert, let alone anyone else. Seniors Gardner and Jim Saylors are possibilities, as well as juniors Eldridge, Burton, and John Somers. A boy to watch closely over the season is sophomore guard Ken Leakey, who could help the Green quite a bit by March.

# # #

THE POTENTIAL South squad does not seem to be lacking in height and this is very fortunate, for the opposition is equally blessed with tall boys this year. In their first game, the Archers will face an unusually stiff test, for an opener, with Bluffton.

The visitors will have outstanding lettermen Mike Milholland and Don Wasson, 6-5 and 6-4, respectively, ready for action. For his size in particular, Wade may see a good share of action in this one.

It is important that no one take Bluffton too lightly, because they will be very eager to knock off South Side, and they have the guns to do it this season. Nevertheless, watch for the home forces to unveil some new talent and open the campaign with a win.

# # #

CENTRAL AND Central Catholic have already taken over South's perennial spot as pre-season favorites, but they will have to prove it to the Kellys.

The Tigers have three starters coming back and six lettermen in their top 10. Led by T. C. Williams, Willie Curry, and Willie Rozier, three familiar gridiron names. The Bengals should be extremely formidable. Their main weakness will be lack of heighth, as Bob Tilker is the tallest man on the squad at 6-3.

Across Clinton Street at the home of the Irish, there is plenty of size; the lineup built around all-city center Bob Pelkington, 6-5, and Jay Bail, 6-4, could average 6-3 overall.

North seems to be coming out of its basketball dry spell at last, and seven returning veterans should make the Red a force to be reckoned with once again. Jim Lang and Ron Latham are the cornerstones on which new Head Coach By Hey is building.

Concordia appears to be an unknown quantity similar to South at the present time, and Coach John Mader's boys' meeting with the Archers on November 28 should go far in predicting this season's trends.

Elmhurst is now officially a city school, but still plays in the Allen County Tournament. The Trojans meet all of the other city teams except North Side this year, and it remains to be seen whether Bill Geyer's team will be considered in the City Series standings.

# # #

WITH SOUTH'S squad such an unknown quantity, one cannot predict anything yet as far as final season results are concerned. Nevertheless, here are a few other wild guesses which might be of interest:

City Series—Central wins, followed very closely by C.C.

In opening games: South—squeaks by Bluffton tomorrow with a narrow margin, topped by Southport Wednesday, beats Concordia for thirty-first City Series win.

Central—bests Anderson in opener and edges South Bend Central in thriller on November 27.

Central Catholic—trounces Kendallville tomorrow night, also defeats New Haven and Garrett for 3-0 record.

North—takes opener from Hartford City, is run off the floor by Muncie Central in Muncie.

Concordia—tops Angola and Garrett, and loses to South.

See you next issue.

Senior Team Defeats Junior Squad, 23-14

Seniors defeated the Juniors, 23-14, in Upperclass GAA basketball Monday night in the gym. Sophomore 2 team beat the Sophomore 1's, 26-21. High scorers for the Junior-Senior game were Judy Garrison and Sandey Dolson. Jane Ladig, Nancy Pfeiffer, and Sandy Heidbrink were high scorers for the Sophomores.

Players for the Seniors are Jan Kessler, Pat Brown, Barb Burdick, Shelba Cox, Judy Garrison, Jane Glass, Sandy Grodrian, Peggy Markin, Barb Nahrwold, Luann Uhl, and Joy Walling.

Alberta Bonnell, Val Callahan, Marilyn Dauscher, Connie Denis, Sandey Dolson, Joan Erck, Mickey Flaig, Rita Hessert, Diane Spencer, Melodie Potts, Dixie Piercy, Shirley Stahlhut, Carol Hofer, Donna Barnes, and Barb Markiton are members of the Junior team.

Sophomore 1 team consists of Alice Ashton, Tamara Beaty, Bella Dyson, Sherri Hall, Sharon Krakower, Jane Ladig, Marcia Melching, Susan Merchant, Nancy Nichols, Nancy Pfeiffer, and Sharon Todd.

Sandy Heidbrink, Janice Nahrwold, Martha Bonnell, Gretchen Brumm, Pam Buzzard, Becky Collins, Barb Uhl, Jan Spuller, Beb Fromm, Jenny Slater, Ginny Kachiamenis, Ann Hechler, and Margie Bloom are members of the Sophomore 2 team.

Archers Seek To Even Score With Cardinals

Southport, Foe In Past Season, To Meet With Kelly Squad Again

The second game of the new basketball season next Wednesday night will see the South Side Archer five hosting their newly-attained foe, the Cardinals of Southport High School.

Last season's meeting in the new Southport gym, the first between the two teams, proved to be the inevitable defeat which ended the great Archer winning streak of 21 games, including the 1958 State Championship.

Blackie Braden, the fine coach from the school with 1,750 enrollment, will not have the outstanding height or veteran combination which his team produced for last season's campaign.

This year's squad averages about five feet, 10 inches, with four returning lettermen, as opposed to last year's team which averaged over six feet, and listed nine lettermen in the group.

# # #

THIS SHORTER average height does not mean that the squad hasn't any big boys in the front line. Dick Brown, a 6-6 junior, will lead his team up court, with junior Rick Bruhn, 6-1, and sophomore Dick Putt, 6-2, following close behind. These two boys can play either the center position or fill in as a forward.

Southport

Place—South Side Gym.
Time—Wednesday, November 26, at 8 p.m.
Last Met—1958; score, 47-42, Southport.

Southport shows its depth in every position with Bob Rosebrock, a 5-11 senior, playing either forward or guard, and seniors Dan Worner at guard, and Dick Wayman and Don Pugh playing the forward positions.

These four boys and tall Dick Brown will probably make up the starting combination for the Cardinal squad.

# # #

THERE ARE also several up-and-coming young prospect to look forward to at Southport. Sophomores Fred Fleetwood, forward; Hank Orme, guard; and 6-2 Dick Putt, who alternates between forward and center, are the new boys.

Coach Blackie Braden seems to be rebuilding his squad since every other member of the team is either in the junior or sophomore class. The boys in this classification average well over six feet in height.

The Southport Cardinals show a great array of talent which should prove to be a serious challenge for the 1959-60 South Side Archer ball club.

Southport Roster

Player	Pos.	Ht.
Dan Worner	G	5-5
Bob Rosebrock	G-F	5-11
Dick Wayman	F	6-0
Don Pugh	F	5-11
Jack Pieper	C	6-0
Rick Bruhn	C-F	6-0
Wayne Howard	F	6-0
Larry Keine	G	5-8
Dick Brown	C	6-6
Steve Crist	G	5-9
Fred Fleetwood	F	6-0
Dick Putt	F-C	6-2
Hank Orme	G	5-9
Bill Bennett	G	5-6

'59 Runners End Season In 2-3 Tally

Rainbolt Paces Pack; Green, Reece, Romey Give Top Performances

Although the 1959 edition of the Archer cross country team had an unimpressive record of two wins and three losses, it was potentially one of the strongest teams in years as all varsity runners were below 11 minutes.

Junior Al Rainbolt led the team across the finish line in most of the meets. Al always placed first or second, and was clocked at around 10 minutes in practically every meet.

Sam Green, in his fourth year of cross country, was the second man in South's one-two scoring punch. He had trouble getting into shape early in the season, but Sam improved and by Sectional time, hit his peak.

# # #

ALWAYS READY to back up the top men were juniors Dave Reece and Paul Romey. Dave always contributed greatly to the Kelly team as he usually ranked in a middle place, which actually decides meets. Paul Romey, who made a good showing especially late in the season, always was a sure bet for one of the top five or six places.

Although they did not receive all the glory the others did, Larry Fruchey and Terry Dibert always could be depended upon when extra points were needed.

# # #

DUE TO COACHING difficulties, the 1959 cross country season got underway rather late.

Central's Tigers and Kokomo's Wildcats were South's first opponents in a triangular meet which the Archers dropped. Central's Henry King romped home first as Sam Green led the Archers placing seventh with a time of 10:30.

New Haven was South Side's next opponent when the two teams clashed at Franke Park, October 8. Bulldog Herman Schnelker led his team to victory running off with individual honors. However, he was followed closely by Al Rainbolt, who placed second in the excellent time of 9:50.

Snagging the first victory of the season, the South Side Archers turned back the Elmhurst Trojans by the score of 21-33 in the meet October 12 at Franke Park. Al Rainbolt took first place in this race, as he covered the distance of two miles in 10:03.

# # #

ON THE NEXT day, the Green and White again met New Haven, only to be defeated for the second time. Al Rainbolt ran the best time in his high school career, a booming 9:43, in this meet.

Then came the Sectionals. Generally regarded as not having a chance, the Archers pulled a big surprise by placing fourth. Al Rainbolt lived up to all expectations as he placed fifth. Sam Green pulled a pleasant surprise, taking tenth place while teammates Paul Romey and Dave Reece placed twenty-fifth and fortieth, respectively.

So for the second straight year, the Archers traveled to Indianapolis to take part in the State meet. However, handicapped by a drizzling rain, the Archers only placed in the twenty-fifth position.

So, although it was a losing season, much was gained as several new boys gave great promise for the future. In addition, most varsity runners will be back for another year. The prospect for next season looks bright.

Archer Hardwood Coaches Face Task Of Rebuilding

BASKETBALL MENTORS . . . . The "big chiefs" of the forthcoming Kelly basketball season, clockwise around the ball starting at top left are Don Reichert, Wayne Scott, Charles "Porky" Holt, and Preston Brown. They will coach the Archer team during their coming season, the first game of which is scheduled for November 20.

By Larry Lee

This season South Side's four-man basketball coaching staff will include two well-seasoned mentors in head coach Don Reichert and assistant head coach Wayne Scott, a one-year veteran at Kellyville in reserve instructor Charles "Porky" Holt, and a newcomer in freshman pilot Preston Brown.

Head coach Don Reichert is experiencing his ninth year at coaching varsity hopefuls at South. Under his reins the Archer hoopsters have compiled a truly remarkable won-lost record. The highlight of his career came in 1958 when he piloted the Kellys to the State championship.

This '37 South Side graduate has participated in sports himself, starring in basketball, football, and baseball at Franklin College. He captained the hardwood five during his junior and senior years.

# # #

AFTER GRADUATING from Franklin in 1941, Mr. Reichert coached high school basketball at Covington, Indiana for one year and then joined the Navy.

When he was discharged from the service in 1946, he returned to his head mentor post at Covington. In the fall of 1951 he moved to South where he has been stationed ever since.

Coach Reichert, who also leads freshman track in the spring, feels that South Side will be inexperienced for most of the campaign. The question of the team's strength is in its ability to produce a potent offense. Consequently, a wide-open battle for berths is currently being staged, with the best shooters gaining the inside track.

Mr. Reichert assures Archer fans that by tournament time South will be very tough.

# # #

ASSISTING MR. REICHERT with the varsity is Mr. Wayne Scott. "Scotty", who is South's athletic director, came to South Side in 1942 to replace head basketball mentor Mr. Burl Friddle.

Scotty played both basketball and baseball at Central High where he was graduated in 1925. In his college days at Michigan State University, he lettered in basketball for three years and captained the team in his senior year.

His experience before joining the Kelly faculty came from one year as freshman pilot at his college alma mater and four years at Harrison Hill Junior High as coach in all sports.

Like Mr. Reichert, Scotty believes the 1959-60 hardwood edition may lack experience, but if it continues the hard work shown thus far this year, South should be really rugged by Sectional time.

# # #

ADVANCING FROM the post of freshman coach in 1958 to that of reserve pilot is Mr. "Porky" Holt. Holt's promotion followed ex-reserve coach Mr. Bill Geyer's departure to Elmhurst at last season's climax.

Mr. Holt starred in baseball while attending Ball State Teachers' College from 1949 to 1955. Following his graduation, he became head basketball coach at Monmouth High School, piloting the Eagles and big Norb Witte for one and a half seasons.

In the spring of 1958 "Porky", also the Archer's varsity cross country coach, led roundball forces at Winchester High. That fall he came to South as freshman instructor.

Coach Holt has had little opportunity to view his basketball hopefuls because he's been busy guiding his cross country harriers to State until just recently.

An addition to the Kelly coaching staff this year is youthful freshman coach Preston Brown. He was graduated from North Side in 1953 and from Ball State in 1957. At both institutions he starred and lettered in basketball.

Coach Brown is looking forward to the coming season and feels that the freshmen have several good prospects.

This year's edition of the Archer squad will face a very difficult task in maintaining the fine records and high standards of its predecessors. Coach Reichert's charges will face particularly stiff competition in the City Series race, but he is no conceding anything in the defense of South's city, Sectional, and Regional championships.

Archers To Open 1959-60 Season With Bluffton

Inexperienced Archers To Try For Top Season

By Bob King

Defending their City, Sectional, and Regional titles is the work cut out for the 1959 edition of South Side's varsity basketball squad. Coach Don Reichert has only two returning lettermen, Dave Barrett and Ken Howe, who will have to carry the brunt of the load for South's "green" Archers.

Optimistically outlining the squad, Coach Reichert feels that the boys have shown fine spirit thus far, knowing that they have a big job ahead of them. He also observed that if the squad begins to jell, they may come up with a good record.

The team will be one of Reichert's most inexperienced squads. Seven seniors, only two of which saw much action last season, are listed on the Kelly roster. Nine juniors and two sophomores complete the 17-man roster, which will have to be trimmed down in the next week. Several of the boys will probably be returned to the reserve squad where they will be able to pick up more experience.

* * *

BARRETT, LISTED at 6-5 and 180 pounds, is the only returning regular from last year's squad, which won 21 and lost five. Dave improved steadily last season and figures to be one of Reichert's key players this year for center.

Gone from the 1958 starting five are Tom "The Terrific" Bolyard, who is now at Indiana University; Bill Meyer, football halfback now at Valparaiso University; and Mike Simmons, Harvard student. All three were seniors. Nick Demetre, the only junior on the quintet, is no longer enrolled in school.

Another important man will be 6-1 senior Ken Howe, Reichert's number six man last year. Howe will probably receive a starting assignment at a forward slot, his aggressiveness being his most valuable asset.

* * *

FROM THERE on through, Coach Reichert is completely uncertain about the rest of the squad. The guard situation poses quite a problem, with four boys on the inside track.

Seniors Gary Gardner and Jim Saylors may be given the first nod since they are the elder of the four. Gardner, at 5-7, is the shortest man on the squad, but makes up for his lack of height with bullseye shooting. Saylors, who saw considerable action on last year's reserves, may be on trial for a couple of games to see if he can make the grade. Gardner was the eleventh man on the tourney squad last season.

Acie Eldridge, a real hustler, is pushing the two seniors hard, as is Ken Leakey, a promising six-foot sophomore. Eldridge was also a member of the 1958 tournament twelve.

* * *

FOUR OTHER juniors are showing promise at the guard posts. John Somers, fullback on the gridiron; Ron Zigler, Fred Dixie, and Steve Burton, only other tournament squad member, will all see considerable reserve action and may be moved to the varsity as the season progresses.

The front line also poses a large question mark, for uncertainty also prevails here. Senior Gus Wade, who at 6-3, is probably the best jumper on the squad, will spell Barrett at center if he can gain enough savvy.

Two seniors are pushing each other hard for the nod at the other starting forward. Hickman and Anderson, whose first names both read Dave and who both stand 6-2, are likely to see plenty of action early in the season as Reichert experiments with his personnel.

Three other boys are being considered in the front line. Bob Bolyard and Carl Johnson, both juniors, could develop as could Ken Robinson, a promising sophomore. All three could see action as the year progresses.

* * *

REICHERT WILL be aided by Mr. Wayne Scott with the varsity team. Mr. Charles "Porky" Holt will handle the reserves for the departed Bill Geyer, present Elmhurst coach, and Mr. Preston Brown will coach the frosh squad.

The head man, Mr. Reichert, looks for Central and Central Catholic to be strong in the city, possibly developing into state powers. He also feels that Logansport and Gary Froebel will be tough opponents.

He sums up the outlook by describing the boys as a hustling bunch. "Defense must be our strong point this season. We'll fool them (the opponents) as we begin to roll, and, who knows, we may come up with another real fine team!"

South Side Varsity Basketball Squad

Player	Pos.	Ht.	Wt.	Cl.
Dave Anderson	F	6-2	170	Sr.
Dave Barrett	C	6-5	180	Sr.

Mural Men

By Dieter Hillerbrand

Intramural basketball is now well along. Seven games were played last week in Night League and Noon League action.

Rastetter's Raiders lost to the Peods by the score of 51-17. Dave Tyner poured in the amazing total of 27 points for the winners, while teammate Eddie Tinkle was next in scoring with nine tallies. Ed Johnson contributed eight points for a losing cause.

Watson's Wipers turned back the Demons, 23-16. Scoring honors were tied in this game as Dave Jones scored eight for the winners, while Dave Haslup tallied an equal amount for the losers.

Ron Hagerman scored 16 points as the Minute Men handed the Warriors a 49-34 setback. Bob Ramage added his 18 points for the victors, while Morrie Kasner was high for the losing team with 14.

Balanced scoring told the story as the Harlem Magicians clobbered the Voodoos, 57-18. Ollie Davis and Fred Bowen both scored 16 tallies for the winners, as Tim Grodrian scored one-third of his team's points.

In a real thriller, the Mighty Mice edged the Aces by the score of 22-21. Lee McClymonds was high for the winners with eight pointers, while Rick Busch led the Aces with nine.

It was a rather confused game when the Has-Beens turned back the Rebel Rousers, 60-23. Because some members of the winning team played on the losing team for part of the time in order to make the game more interesting, an accurate account of scoring cannot be given.

In the last game, the Crabs beat the Road Runners by a score of 24-10. Win Moses poured in nine points for a winning cause, while Jon VanOosten scored four for the losers.

Handball got underway as three games in the singles tournament were played. Two games were lost by forfeit. A player or team is dropped from the tournament if they forfeit a game. So let's be there the next time.

In the heavyweight division, Gary Butz defeated Alan Schlie in two games, 15-8, 15-13. Ron Ehrmann defeated Don Carlo in a close one, 15-8, 9-15, 15-2. Three games were needed to decide the winner of the game between Joe Bleakney and Jon Bill. Jon won the first game, 15-4, but lost the next one, 155-9. In the third and final game, Joe won the game and match with a 15-5 score.

Well, see you again in MURAL MEN!

Frosh Recognized In Speedball Points

Freshman GAA Speedball points were announced by Mrs. Madge Schone, sponsor. Points are given for participation in speedball every Friday night after school. Twenty-five girls had perfect attendance and received 100 points.

Girls who earned 100 points are Patty Abbott, Elaine Edwards, Lorri Ford, Pamela Foust, Dianne Friedman, Mary Fremion, Marsha Good, Martha Grimme, Sherry Hager, Betsy Junker, Claudia Hershberger, Dodie Kessler, Nancy Lagemann, Anita Kimball, Judy Koop, Kuistine Kriweret, Dianne Longberry, Ann McCoy, Mary Marker, Ginny Rose, Donna Roth, Carolyn Scherer, Sydney Schinbeckler, Toni Sorenson, Jane Whitenack, and Gwen Yordy.

Those who earned 75 points are Ann Chenoweth, Mary Kraus, and Colleen Roth. Sue Burlage, Judy David, Pamela Foust, Gloria Lothamer, and Nancy McBride all achieved 50 points.

Sue Lohman, Stella Masienak, and Celeste Fiemen received 25 points.

VARSITY CANDIDATES . . . . Prospective members of the basketball varsity team are, left to right in the front row, Acie Eldridge, Bob Bolyard, Fred Dixie, Steve Burton, and Jim Saylors; second row, Ken Robinson, Ken Howe, John Somers, Gary Gardner, Carl Johnson, and Dave Hickman; standing, Coach Don Reichert, Dave Barrett, Dave Anderson, Ken Leakey, Ron Ziegler, and Gus Wade. These boys will compose both the varsity and reserve teams.—Photo by Thompson

Sophomores Dominate Reserve Squad Under Watchful Eye Of Coach Holt

South Side's sophomore-studded reserve basketball squad will pace the hardwood in hopes for a highly-successful 1959-1960 campaign under a new reserve coach, Mr. Charles "Porky" Holt. The former Monmouth head pilot has coached most of the team before, as Archer freshman coach last year.

Battling for a spot on the squad, the boys have shown much hustle and good potential for a fine year. Coach Holt has not been out long enough to know for sure which boys are his best shooters or those that probably will see the most action this season.

However, from early indications, seven hopefuls have displayed more promise than the others. Among these lads are the only non-sophomores on the team, juniors Steve Banet and Jim Dawson.

* * *

BANET, A 6-3½ center-forward, is the only reserve who saw action on the squad last season. Steve can wheel-and-deal from the pivot or the corner position and will account for many Archer rebounds.

Another big rebound-grabber is 6-3, 235-pound Jim Dawson. Dawson, a football star who has never played on the hard court at South, has pleasantly surprised the Archer coaches with his fine all-around play at the center position.

Aggressive Dave Meek, a sophomore forward, is another reason why the Kellys will be tough under the boards. The 6-1, 185-pounder drives well and shoots much better this season than last.

Fellow-forward hopeful is 6-1½ Matthew Jackson. Although this is Matt's first year that he has tried out for basketball, he possesses a fine shooting eye and shows promise in adding to the Kellys' rebounding strength.

However, Jackson does not appear to hustle as much as he is capable at all times. In order to make the starting five, he must display more spirit than he has lately.

* * *

TOP BACKCOURT prospects include Tom McMahan, Martin Platupe, and Bob Ramage, all freshman basketball products of Coach Holt.

McMahan, at 6-1½, is unusually tall for a guard. After growing an inch and one-half since last year, he has been more aggressive on rebounds and has improved since last year in shooting, too.

Platupe, a tremendous hustler who just reaches the two-yard mark, has greatly improved this season. A strong driver, Martin moves his rugged, 172-pound frame well after acquiring much experience and finesse as a freshman hoopster.

* * *

SMALLEST LEADING candidate for a starting berth is 5-9½ Bob Ramage. This fine ball-handler works hard on defense and hits well from the longer distances.

At an overall scan of the leading reserve prospects, it appears that South Side will have exceptional starting height—in the back court as well as in the front line. Only guard Ramage fails to stand six feet.

* * *

COACH "PORKY" HOLT'S main problem in the near future is to find consistent scorers, good shooters who are able to swish the nets from all distances.

Perhaps Coach Holt will develop a boy from the remaining hopefuls who are battling hard to make the squad. These include Steve Cook, Larry Gerig, John McMillen, Al Mitchell, Mark Hagerman, Don Siever, and Jon VanOosten.

All are sophomores and have exhibited fine potential for this season and for future years, too. All except Sievers and VanOosten stand under the 5-11 mark. This fact rather hinders each one's chance to play this campaign in a sport gradually being taken over by the big men.

* * *

NOVEMBER 20 is the inaugural date for the Archer 1959-60 reserve schedule as Holt's crew battles the Bluffton Tigers in the South Side gym at 6:30 p.m., just preceding the South-Bluffton varsity contest.

The reserves will play the same schedule as the Kelly varsity, except they will not compete in the Elkhart Holiday Tournament on January 2. Each contest played at South Side will start at 6:30 p.m. and will precede the varsity game.

Following is a roster of the reserve squad prior to the final "cut" of November 16. Banet and Dawson are juniors; the rest are sophomores.

Name	Pos.	Wt.	Ht.
Steve Banet	C-F	190	6-3½
Jim Dawson	C-F	235	6-3
Matthew Jackson	F	151	6-1½
Tom McMahan	G	165	6-1½
Dave Meek	F	180	6-1
Martin Platupe	G	172	6-0
Bob Ramage	G	137	5-9½
Steve Cook	G	138	5-9½
Larry Gerig	G	159	5-9
Mark Hagerman	G	171	5-8
John McMillen	G	154	5-10
Al Mitchell	F-G	156	5-10½
Don Sievert	C-F	175	6-2
Jon VanOosten	C	195	6-4½

Seniors Victorious In GAA Basketball

Seniors defeated Sophomore 2's by a 36-10 score in Upperclass GAA Basketball Monday night in the gym. High scorers for this game were Joy Walling, Judy Garrison, Jan Kessler, and Sandy Grodrian.

The Juniors were victorious over the Sophomore 1's, 33-15. Joan Erck and Nancy Nichols were high scorers.

Senior players are Jan Kessler, Barb Burdick, Shelba Cox, Judy Garrison, Jane Glass, Sandy Grodrian, Barb Nahrwold, Luann Uhl, and Joy Walling.

Sandy Heidbrink, Janice Nahrwold, Martha Bonnell, Gretchen Brumm, Pam Buzzard, Becky Collins, Joyce Cossairt, Barb Uhl, Susan Harader, Jan Spuller, Jenny Slater, Ginny Kachiamenis, and Ann Heckler play for the Sophomore 2 team.

Members of the Junior team are Alberta Bonnell, Val Callahan, Marilyn Dauscher, Connie Dennis, Sandy Dolson, Joan Erck, Mickey Flaig, Rita Hessert, Diane Spencer, Melodie Potts, Dixie Piercy, Barb Markiton, Nancy Sipes, and Carol Hofer.

Alice Aston, Tamara Beaty, Bella Dyson, Sherry Hall, Sharon Krakower, Jane Ladig, Marcia Melching, Sue Merchant, Nancy Nichols, Nancy Pfeiffer, and Sharon Todd are members of the Sophomore 1 team.

Referees were Sandy Grodrian, Ginny Kachiamenis, Connie Dennis, Bella Dyson, Mickey Flaig, Shirley Stahlhut, Duann Uhl, Jan Spuller, and Jane Glass. Bev Fromm and Mrs. Alice Keegan, sponsor, kept score.

Seniors To Give Alumni Dance

Class of 1960 will entertain South Side alumni at an informal dance on Monday, December 21. Graduates of 1959, 1958, and 1957 are especially invited.

The dance will be in the school cafeteria. Co-chairmen are Linda Tomson and Terry Berk.

Tough Tigers To Oppose Weak Kellys

Contest Finds Bluffton With 1-Game Advantage; Weak In Bench Strength

Bluffton's Tigers will invade South Side's gymnasium at 8 p.m. tomorrow night for the Archer opener. Mr. Virgil Kirkpatrick's Tigers retain the nucleus of a team which sported a good 13-7 record last year.

Senior Mike Milholland, back for his third year, and Don Wasson, 6-5 and 6-4, respectively, head one of the most effective Bluffton crews of recent years. The Tigers have a glaring weakness, however, in a lack of bench strength.

Ted Collins and Bob Purkhiser will handle the back court chores for the Tigers. Both are fine shots. The Tiger reserves, however, are inexperienced, and foul trouble could make things really unpleasant for Mr. Kirkpatrick.

Bluffton

Place—South Side Gym.
Time—Friday, November 20, at 8 p.m.
Last Met—1958; score, 67-55, South Side.

The Tigers have a game with Hartford City under their belts and could prove a great deal of trouble. Milholland played well against South at Bluffton last year, and Wasson showed promise.

If the Crimson and Black can get a little bench help and a little luck, they will cause trouble in the NEIC this year. Some of their help could come from juniors Steve Heller and Dave Durr.

Probable starting lineup for Bluffton:

Mike Milholland	6-5	C
Don Wasson	6-4	F
Jesse Absher	6-2	F
Ted Collins	5-11	G
Bob Purkhiser	6-0	G

Coach Don Reichert To Present Teams

First pep session of the 1959-60 basketball season will be tomorrow.

Varsity Coach Don Reichert will introduce the varsity, reserve, and freshman teams to the students and faculty.

Margo Dixon and Sheri DeYoung are planning the cheers and program for this pep session. The girls have organized a skit in which Gene Jacobs, as the South Side Archer, chases a Bluffton Tiger whom he finally catches and subdues.

Gym Teams Finish First Tournament

Captains Lead Teams; Members Contribute To Girls' Victories

A speedball tournament was played in the girls' gym classes.

In Mrs. Alice Keegan's classes, Group 1, Team 2 won the tournament with eight wins and one tie.

Group 1, Team 4 came in second with seven wins and two ties. Also placing second is Group 2, Team 4 with seven wins and two ties.

Third place was won by Group 2, Team 3. They had seven wins. Group 1, Team 2 captured fourth place, having six wins and two ties. Fifth place winner is Group 2, Team 1 with six wins and one tie.

z z z

MEMBERS OF THE winning team are as follows: Period 2, Group 1, Team 2, Carole Haag, Sandy McCombs, captains; Susan Cox, June Dominy, Jackie French, Pamela Jackson, Wanda Klus, Marcia Kuhn, Linda Kumfer, and April Hapner.

Period 7, Group 1, Team 4, Cynthia Russell, Carolyn Spradlin, Ruth Stettner, Bonnie Strehlow, Vicky Suetterlin, Glena Terry, Sharon Todd, Vicki Troop, Dawn Truex, Gloria Underwood, Pat Wilson, Karen Walker, Rita Waikel, Judy York, Julia Wadlington.

Beverly Sievers, Karen Snavely, Claudia Stenners, Karen Stookey, Sendra Stouder, Avinell Swathwood, Siegrid Tagtmeyer, Margaret Terry, Edee White, Yvonne Wilson, Sharvan Yerger, Gwen Yordy, and Bonnie Smith and Ellen Williams, captains, are members of Period 3, Group 2, Team 4.

z z z

PLAYERS IN Period 2, Group 2, Team 3 are Susan Johns, Carolyn Martin, captains; Mary Jo Kraus, Carolyn Kumfer, Ann Ladd, Marjorie Lampel, Carol Link, Diane Longberry, Rita McCoy, Ruth Musser, and Kathy Pratt.

Period 3, Group 1, Team 2 consists of Marcia Melching, captain; Jane Ladig, Linda Moody, Jean Morris, Sandy Petrie, Karen Ponader, Pamela Punsky, Virginia Rose, Ruth Sain, Pamela Serrano, Susan Sesney, Judi Smith, Jan Spuller, Ellen Stanberry, Donna Summers, Jane Ulrich, and Marcia Melching.

Diane Carpenter, Sandy Etzler, captain and co-captain; Gloria Barnes, Margaret Burnett, Janet Brenn, Charlotte Byrd, Becky Davis, Eleanor Dekker, Martha Dixon, Bella Dyson, Mary Fremion, Rosemarie Gramelspacher, Barbara Haller, Kathleen Head, Helen Hteintzeiman, Ellen Hostetler, Dodie Kessler, Carol Ladig, Susan Lohman, Mary Marker, and Eileen Mayle, are members of Team 1, Group 2, Period 7.

z z z

IN MRS. MADGE SCHONE'S classes, Team 1, Group 2, Period 1 won the tournament with 10 wins. Second place was won by Team 1, Group 1, Period 1, having nine wins. Team 1, Group 1, Period 6 is in third place with six wins and four losses.

In fourth place are three teams, each having five wins. They are Team 1, Group 2, Period 4; Team 1, Group 2, Period 6; and Team 2, Group 1, Period 4.

Members of these teams are as follows: Team 1, Group 2, Period 1, Sandra Kunkel, captain; Mary Arnold, Mary Barretta, Kay Bragalon, Pamela Caley, Donna East, Sharon DeBaillie, Sandra Kunkel, Annie Eldridge, Mary Frederick, Ann Gallmeyer, Loretta Grider, Alice Habegger, Barbara Harding, Katherine Lacey, Susan Whitmer, and Marilyn Doyle.

z z z

TEAM 1, GROUP 2, Period 1, Patricia Abbott, Jane Augspurger, Sarah Barker, Carol Becher, Susan Burlage, Janet Clevenger, Judy David, Phyllis Dorsett, Judith Firestine, Babs Fitzgerald, Linda Gernand, Sondra Gustafson, Karen Guy, Judith Handy, Ann Harclerode, Judy Hoffman, and Virginia More, captain.

Donna Arnett, Patricia Bailey, Nancy Baron, Joyce Beberick, Marianne Best, Martha Bonnell, Mary Braden, Suzanne Burdick, Laura Carper, and Rebecca Collins, captain, are members of Team 1, Group 1, Period 6.

Players in Period 4, Group 1, Squad 1 are Sharon Ausdran, Sandy Baumgartner, Connie Belschner, Ann Burns, Bonnie Byers, Sarah Dickey, Barbara Driver, Mary Frye, Mary Gilles, and Mary Fawley, captain.

z z z

PERIOD 6, GROUP 2, Team 1 consists of Claudia Bradley, captain; Rosemary Capps, Janice Bechtold, Jacquelyn Berry, Karen Bragalone, Sharon Chase, Elizabeth Ellis, Ann Flickinger, Connie Fugate, Marsha Grabner, Kay Harmon, Karen Hathaway, Annell Hoover, and Sandra Lamb.

Dianne Hart, Sandra Heidbrink, Darleen McClure, Nancy Miles, Sharon McDonald, Nancy Nordeen, Celeste Riemen, Connie Reed, Marsha Ringle, Dianne Simmers, Barbara Smith, Virginia Southworth, Jane Whitenack, Mattie Woods, Mary Zimmerman, and Ann Heckler, captain, are members of Team 2, Group 1, Period 4.

Mr. Robert Storey Versatile Teacher

Mr. Robert Storey, speech teacher, has been a member of South Side's faculty for three years. This year he is teaching only speech classes, although in previous years he has taught English.

Teaching doesn't take all of Mr. Storey's time, however, for on week ends he has been working as a staff announcer at WANE radio and television for three years. Before that he had worked for seven years at WGL as a radio announcer. Also he has appeared in several Civic Theater plays.

Not to be forgotten is his family consisting of his wife and three daughters, Linda, Sara, and Lisa.

Homeroom Highlights

Homeroom 98 has really been busy doing nothing over the week ends except for a few ambitious people . . . Jan Martindale and her date rescued a man who was almost asphyxiated . . . Lesley Malone went to the DeMolay hayride.

Kenny Long took his boat to his grandmother's house for winter storage. He also went to the DeMolay hayride . . . Steve Kunkle and a friend have been looking at all the car lots for a car to buy. Does anyone know where you can buy a good car? If so, contact Steve Kunkle . . . Nancy Matlock and Marilyn Masters got their beginner's permit Saturday.—Marilyn Masters, reporter

z z z

Many parties have been attended by the people in Homeroom 54 this month . . . Karen Ponader, Linda Neff, and Ann Raatz had a good time at a freshman girls' slumber party . . . Susan Motter had a Halloween party.

Kathy Otis, Nancy Nordeen, Joe Murphy, Verna Patton, Charles Moore ,and Dave Moody all attended different parties . . . Ronnie Neff was on "Dance Date" . . . Joyce Pollitt went to Indianapolis to see Billy Graham.—Nancy Nordeen, reporter

z z z

During the four-day vacation Sandy Horstman went to an open house at Rit Bentz's. Fun! huh, Sandy? Martha Jacobs was really athletic. She went ice skating and bowling. Good for you, Martha!

It's birthday time again. Belated wishes to Sue Kelly.—Judi Hollister, reporter

z z z

The members of Homeroom S-2 spent the Halloween week end in many different ways . . . Larry Gerig spent the week end at parties and took a trip to Berne with friends . . . Others that went to parties were Marcia Disler and Trudy Estep . . . Trudy also went to the airport to see Senator Kennedy when he visited Fort Wayne . . . Bob Dorsett went on a hayride sponsored by his church, the Eastwood Chapel.

Diane Hall went with members of her church to Indianapolis to see Billy Graham. On the way back the bus broke down and she didn't get home until 3:30 a.m. . . . Mark Hagerman and Rich Dobson had fun trick-or-treating . . . Jim Hill went to the Wells County Game Preserve with his Explorer Troop to study different kinds of wildlife.—Bob Hendricksen, reporter

z z z

Kay Gall had a very exciting Halloween night. Her pumpkin caught on fire in the house on the television set. This caused a temporary panic, but the fire was quickly extinguished by her sister. While at a gathering of six girls at Nancy Goebel's house, Kay and three other girls got lost while trick-or-treating. They were later found in their own homes, safe and sound.

The week end before last, Barbara Haller, Nancy Goebel, and Ann Gallmeyer went wandering through Foster Park looking for leaves. They were supposed to find 25 different types for Mr. Ober's biology class . . . Connie Fugate enjoyed a roller skating party and admitted to several Halloween pranks, but said they were too bad to tell about!—Ann Gallmeyer, reporter

z z z

Connie Brookhart went to Marion, O., and saw many of her old friends . . . Dianne Beams and Sue Blaising went up to Howe Military Academy to the Founder's Day Dance with their boy friends, Rich Prete and Don Dian. They're both going up again soon—Dianne to judge a speech contest and Sue is going as a spectator.

Gus Wade went to a home wedding for his sister in Fort Wayne . . . Sandy Benz went to Delaware, O., and visited the Ohio Wesleyan University campus . . . Carol Bechtel, Sandy Benz, and 10 friends sponsored a record hop at the IOOF Lodge for the benefit of the Children's Home.

Phil Gallmeier went to the Coliseum Record Hop on Saturday night . . . Iva Anspach spent one day in school at Lutheran Hospital and one day at St. Joseph Hospital where she will enter X-ray technician school in July . . . Merle Baldwin went to see her sister at Wittenberg College for the homecoming week end.

Steve Adair took the college entrance exam here last Saturday . . . Tomma Arnold went to the Lutheran Hospital's Open House, and enjoyed it very much . . . Cary Baron went to Michigan over Teachers' Convention . . . Wayne Arnett caught a four-pound, 12-ounce small mouth bass on a night crawler harness in the Manastu River. For this he won a complete spinning outfit and tackle box.—Tomma Arnold, reporter

z z z

Everyone ready for Halloween? O-o-o-o-ps, I guess I missed it, but Room 26 didn't . . . Seen at various Halloween parties were Marilyn Roth, Stuart Schmitz, Sandy Scheeler, Rhonda Roehm, and Larry Schneider. Out-of-town entertainment was found by Rhonda Roehm. Marilyn Roth followed this example of out-of-town holiday enjoyment in Decatur with her cousins.

z z z

The majority of the pupils of Homeroom 116 spent their Teachers' Convention vacation sleeping. Claudia Stennes helped de-flea her dog. (Scratch!) . . . Nancy Sprunger visited Wheaton College . . . Tamara Stech went to Marion to help in her uncle's drugstone . . . Karen Stookey went to Kentucky.

Margaret Terry, Sally Sweet, and Dave Tipton went trick-or-treating for UNICEF . . . Betsy Stevenson went to a slumber party. They didn't slumber much, however. When they did, it was 5 a.m. (Yawn!)—Bonnie Strehlow, reporter.

* * *

Our homeroom teacher, Miss Edith Crowe, visited Berea College, Kentucky, during the four-day holiday . . . Ruth Sprunger and Alice Habegger visited Berne, Ind. . . . Janis Nash appeared on "Dance Date" during her vacation.

Alice Habegger, Janet Calvert, and Karen Walker went on a hayride . . . Celeste Reiman's family received a new car during the vacation . . . Poor Diane Friedman, I'm sure, will remember this vacation because she had to go to the dentist . . . Kathy Lacey spent her week end at the lake, during which time she had the pleasure of watching her brother bring in their raft through that icy cold water. Br-r-r-r!—Susan Whitmer, reporter

z z z

Homeroom 110 has gained a brand new member, and another returned to us . . . Leslie Larrison has come from North Side, and Kay Keiffer, who moved to Wabash last year, has come back to finish high school at South Side. Recently new homeroom officers were elected. Patty Krebs was elected president, Sunny Kaade as vice-president, and Jan Kessler as secretary.

Various students have been leading discussions on college—who should go and why, and what is to be gained by going to college . . . The class programs for next semester are now being made out by Mr. Weicker and the students . . . Several kids are trying to sell name cards and Totems. Let's get them ordered.—Kathi Lee, reporter

z z z

Ten of the students in Room 8 didn't spend their whole vacation sleeping . . . Ron Ehrmann participated in the Scott's Bowling Tournament and placed second . . . Jane Finnell was an usher at "Dear Liar," at the Shrine Auditorium. She also went to Logansport and North Manchester to visit some cousins . . . Murilyn Engle went roller skating and became a member of her church.

Bev Figel went to a going-away party for a friend . . . Becky Ensley, Sandy Etzler, Sharon Eitman, Sarah Finch, Karen Fine, and Judie Evans partied . . . The newest addition to the WKJG radio station is Judie Evans. She has the part-time job of assistant record librarian, and she spent most of her time playing records.

z z z

The members of Homeroom 12 spent most of their time during Teachers' Convention studying and sleeping. However, Mary Follis had a wiener roast which Judy English and Sandy Dolson attended . . . Sally Gelow handed out folders to the teachers for Wolf and Dessauer . . . Bob Griffiths enjoyed going to New York for his cousin's wedding.

Marilyn Hayden went to the conference for the National Association for the Advancement of Colored People (NAACP) in Gary, Ind. The conference was attended by youth councils from the entire state. At the convention which lasted Friday through Sunday, she heard a speech given by the national secretary of the NAACP from New York who is a blind Negro lawyer.

Sandra Hearn and Fred Dixie went out of town, Sandra to Fort Knox, Ky., and Fred to Silver Beach, St. Joseph, Mich. . . . John Gear went to Lafayette, Ind. He returned to Fort Wayne in his "new" car—a 1940 Hudson—which belonged to his grandmother . . . Homeroom 12 is very proud of its teacher, Mr. Arnold. He was elected to the board of directors of the Allen County Society for Crippled Children for three years. He was appointed the treasurer of the society at their annual dinner.—Sylvia Ehrman, reporter

z z z

During Teachers' Convention, members of Homeroom 72 enjoyed varied activities . . . Kay Carrier visited her sister in Haveland, O. . . . Sandy Christlieb, who had just returned to school after three weeks of illness, spent some time at the Roller Dome . . . Dennis Cook went fishing, but the big one got away(good line, huh, Dennis?).

Cindy Christman spent an enjoyable week end at her grandmother's and Becky Collins attended a Halloween party where she won third prize as a Chinese girl . . . Marilyn Cole slept most of it away (how about Saturday night, Marilyn?) . . . Susi Bumgerdner went to the lake . . . Shari Busch caught up on her sleep and did homework (the studious type), while Warren Burns made several short trips between naps.—Janet Christensen, reporter

z z z

Most of the members of Homeroom 150 "just loafed" during Teachers' Convention, so they should be pretty well rested. However, we do have a few ambitious students who took the PSAT. Among those were Bonnie Brenn, Mike Callahan, Connie Franz, and Becky Christ.

We welcome three new students into our homeroom this semester. They are Sandy Croft, from Ossian High School; Tom Barker, from North Side; and Steve Carney, from Kiski, a private boys' school in Pennsylvania.—Becky Crist, reporter

z z z

The members of Homeroom S-4 kept busy during the vacation for Teachers' Convention. Tom McMahon went to Marion, Ind., for Pilgrim Fellowship Workshop . . . Nancy Nichols saw "Pillow Talk." Like the rest of us Nancy slaved over her homework . . . Susi Phillips said she did homework and messed around . . . Bob Pio used his vacation time playing basketball, working, eating, and sleeping.

Marti Morrell went on a shopping spree in Indianapolis. While there she saw the campus of Indianapolis Tech High School . . . Jim Munro worked at his Dad's service station and played basketball . . . Pat Neuman and a bunch of her friends worked on a Halloween Dance at the IOOF Lodge. The proceeds of the dance went to the Children's Home.—Marijane Miller, reporter

z z z

Homeroom 45 had a moving day a few weeks ago. We moved next door to Room 44. Until next semester we'll still be known as Homeroom 45, however . . . Carol Byrne is a newcomer to our homeroom . . . Dave Zimmerman went to a two-day platter party in Decatur last Saturday and Sunday . . . Ken Rice got a job . . . Sandra Bodkin became 16 on September 27 . . . After school started Dan Zuber and his Dad were talking about Dave's club hayride.

Dave aske dhis father if he could have the car. His father told him to go out and buy one of his own. He did . . . a 1950 Plymouth.

Lucille Palevich had the honor of presenting Katherine Cornell with three dozen roses after her performance in "Dear Liar." Lucille also made a poster for the Junior Banquet . . . Bill Heathman was lucky enough to have Carole Haag run into his car at Hall's. She still owes him $1. (Pay up, Carol!)

Bob Enzor was in the Roller Derby at the Coliseum. The other team won, but it was still fun . . . Sandra Bodkin was elected vice-president of her J.A. company, and has sold the most shares of stock during the past three weeks. She also joined the Booster Club . . . Dave Zimmerman taped some bongo sessions with Dave Cormany, and went toa beatnik costume party. Ed Kridler refuses to testify on the grounds that it "might incriminate him."—Joan Rothchild, reporter

z z z

Judy Merrill of Homeroom 30 went to Indianapolis over Teachers' Convention. Sue Norman went to Waterloo over Teachers' Convention. Recently Barb Monser, Sue Norman, and Ed Musice have been on "Club 21." Alan Mitchell, Evert Mol, and Pam Orchard went to an open-house recently.—Pam Orchard, reporter

Six Kellys Claimed By Indian Tribe; Giant Teepee Used In Performances

HOW, BROTHER . . . . Says the brave at right in the photo, welcoming us to a secret ceremony of the Wa-Si-Cu Indian Tribe. Skilled dancers included in this group, originated in 1958 by local Explorer Scouts, are Archers Johny Wightman, Phil Snyder, Bob Parquet, Perry Schlie, Mike Ferverda, and Ed Kridler.—Courtesy of The News-Sentinel

Very few teenagers ever dream of becoming a member of an Indian tribe. Yet, this is an accomplishment of six Kelly boys: Johnny Wightman, sophomore; Phil Snyder, sophomore; Bob Parquet, senior; Perry Schlie, senior; Mike Ferverda, sophomore; and Ed Kridler, junior, who are members of the Wa-Si-Cu Sioux Tribe.

Other members are Jim Helbert, Nelson Dietche, Tucker Stinmetz, and Ernie Barrett, all from Garrett, Ind.; Chuck Notter, Elmhurst; Ronnie Eakins, Elmhurst; Harold Hopkins, Central; and Bob Hunt, Concordia.

Nelson Dietche is the head chief. The Wa-Si-Cu Sioux war chief is Jim Helbert, and Mike Ferverda is the chief. The other members are the warriors.

In January, 1958, there was a Boy Scout Circus. The members of Explorer Post 2300 of the Boy Scouts of America tried to think of something original for the circus. The idea of an Indian tribe was introduced to the members by some of the Garrett participants. Garrett formerly had an Indian tribe.

z z z

THE BOYS LIKED the idea of Indian dancing so they made plans to organize an Indian tribe. They decided to name their tribe the Wa-Si-Cu Sioux Tribe. Warrior Ed Kridler explained that Wa-Si-Cu means "white man" and Sioux means "cut-throat."

Members of the tribe explained that they were doing the dances for fun, although they receive money. Any money received by the tribe is placed in college funds for the members.

An additional cost of $25 is charged if the dancers set up their tepee. The tepee, one of the largest in the United States, is 13 feet, six inches high when erected. It takes the members much longer to erect the tepee, so an additional cost must be made.

The tribe has performed for many organizations without receiving money. On Friday, October 30, the Wa-Si-Cu Tribe appeared at Harrison Hill School for a Halloween party.

The dancers don't appear at scheduled times. Usually, they are called and they must appear some place that same night. As John Wightman explained, "We are minute-men; we never know when we have to perform!" He also added that they appear approximately twice a month.

The Wa-Si-Cu Sioux Tribe has appeared in the Indiana towns of South Whitley, Angola, and Fort Wayne. They have also appeared in Jackson, Mich. The dancers have performed at the Allen County War Memorial Coliseum and in the Potawatami Pageant at Angola, honoring Tri-State College.

z z z

THIS PAST SUMMER, part of the tribe traveled to Montreal River Harbor in Canada, where they camped for two weeks.

During this tour, a humorous incident happened. Ed Kridler explained, "Phil Snyder, Jim Helbert, and myself were in Jackson, Mich. About the only places where we could eat were root beer stands, so Bob Parquet said he would piek us up at 9 o'clock and we would go eat breakfast. We waited, but by 8 o'clock, we were really hungry. We decided to go to a root beer stand. For breakfast, we had hot dogs, french fries, and each of us had about a quart and a half of root beer!"

The costumes worn by the dancers have been made by them. The only articles which they have purchased are some bustles and beaded moccasins. The other beadwork is original and they do it themselves.

Awards have been won by Nelson Dietche, who won an Indian blanket; and Phil Snyder, who won an Indian ring and an actual pipe tomahawk.

Their dances include the ant dance, deer dance, chief's dance, and pipe dance. These express the various feelings. The skilled dances include the fire hoop dance and feather fluff dance. For the dances, Bob Parquet and Ed Kridler play the drums.

z z z

THE WA-SI-CU- SIOUX Tribe will continue for many years. The present members are now teaching the younger Boy Scouts how to dance. Whenever one of the present members drops out of the tribe, a younger member will be available.

The Sioux tribes are known to live long and endure all hardships. The Wa-Si-Cu Sioux Tribe is no different. The present members are prepared to continue the tribe; as they say, "It will continue forever."

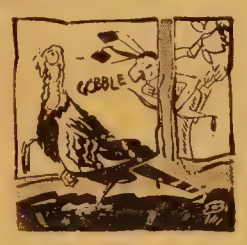
Students Express Thanks For Holiday, Excellent Grades

In Miss Osborne's English 8 period 4 class Sally Burton and Martha Reiff earned high grades on a recent test. In the English 8 period 2 class of Miss Osborne Steve Golden and Don Walters earned 100 on a recent review spelling test.

Mrs. Sosenheimer's periods 2, 3, 6, and 7 classes are writing two-paragraph themes from outlines.



Last Monday a comprehensive test was given over the literature studied by these classes.

Period 5 will complete the study of "Jonathan Goes West" on Friday.

In the period 2 class themes were written on students' impressions of South Side. A's were earned by Carolyn Ann Burns, Janet Calvert, Dave Moody, Steve Shambaugh, Susie Smith, Margaret Terry, Tom Wooding, Gwen Yordy, and Lynn King.

A test on fundamental processes with positive and negative numbers was given to Mr. Cramer's Algebra 1 classes. In period 1 Alvin Brown made a perfect paper. Sally Mallough was the only one in period 2. Dave Bauserman, Victor Churchward, Marsha Good, Gary Probst, and Karen Snavely scored perfect papers in period 6. Mary Ellen Bowman made a perfect score in period 7.

In the period 7 class Dianne Ball, Rosalie Ann Hall, Ellen Stanberry, and Mike Zehender made high grades. In the special Algebra class period 6 Jim Carter, Dennis Graham, and Ed Sarver made very high grades. Ann Golden, John Mader, and Bob Shine made 100's.

In Mrs. Luse's Algebra 4 period 1 class Mike Church, Jim Jackson, Bob King, Thomas Lindenberg, Richard Moser, Richard Spencer, and Shirley Stahlhut each made A on a recent test.

Tom Erb, Tim Grodrian, and Bob Lohman made high grades on a recent test in Mrs. Luse's Algebra 2 period 7 class.

A's on a recent test in Mrs. Luse's Geometry 1 period 2 class were made by Terry Hoff, David Rieman, Phillip Snyder, and Richard Vaughan.

Nine students in Mrs. Luse's Geometry 1 period 3 class made 100's on a recent test. They are Kay Carrier, Lois Lerch, Barbara Monser, Marna Reiber, Deloris Shadowens, Jim Smith, Joyce Stocks, and John Wightman.

In Mrs. Luse's Geometry 1 period 4 class 15 students made perfect scores on a recent test. They are Kay Carrier, Lois Lerch, Barbara Monser, Marna Reiber, Deloris Shadowens, Jim Smith, Joyce Stocks, and John Wightman.

Mr. Petty gave his Algebra 1 class a test covering Fundamental Processes. In the period 2 class Janet Brenn, Ann Gallmeyer, Steve Jones, Cynthia Korte, Celeste Riemen, and Julie Wadlington scored high grades. In period 3 high grades were made by Janet Diehl, Tom Galland, and Tom Wooding.

In the Botany 2 period 1 class of Mr. Weber on a stem-cutting lab paper Bonnie Bender earned 93; Ron Brateman, 92; Sheri DeYoung, 100; Karen Johnson, 93; Carole Maners, 94; Gary Martin, 92; Ward Miller, 92; Joyce Rothgeb, 95; and Ada Williams, 94.

In Mr. Weber's Botany 1 period 2 class on a cell lab quiz the highest grade, 90, was earned by Becky Hostetler, Sharon Longenberger, and Leslie Sipe.

Mr. White's Physics 1 classes are studying gas laws. On a recent test high scores were made by Fred Musser, Bob Shine, John Mader, Jack Harms, Ed Sarver, Tom Halley, and David Dill.

In his General Science 1 class students have completed individual projects concerning water. Bob Bryant, Dianne Friedman, Bruce Reed, and Michael Schoen turned in excellent papers.

Mr. Petty gave his Algebra 1 classes a series of tests over Chapter 3. Those making a perfect score in period 2 over one or more of the tests are Janet Brenn, Ann Gallmeyer, Judy Schumm, Julie Wadlington, and Karen Walker.

In period 3, Janet Calvert, Janet Diehl, Kaye Gall, Marsha Grabner, Howard Hoffman, and Tom Wooding scored high. In period 7, Dianne Ball, Fred Busche, Ann Flickenger, Rosalie Hall, Jim Smith, Jim Trulock, Mike Zehender, and Mary Reiff made high grades.

In Mr. Quance's shop classes, Paul Stammen is making a dock; Steve Wright, a book case; Bob Christlieb, a coffee table; Tom Harding, a desk; Paul Schoppman, a magazine stand; Dick Skelton, a corner cabinet; Jim Speck, a chest; Eddie Windmiller, a chest; Paul Freehill, a coffee table; Neil Pierce, a table; Art Templar, a porch swing; and Jim Lacy is working for the shop class.

A test on solution of fractional equations was given to Mr. Cramer's Algebra 1 classes. Those in period 1 who made perfect papers are Kay Bradley, Bob Leslie, Scott Arum, Rhonda Roehm, and Nancy Sprunger. Period 2, Dean Bright, Salli Mallow, Colleen Roth, and Ann Shilling.

Period 6, Dave Bauserman, Vic Churchword, Marsha Good, Paul Leipold, Gary Probst, Joanne Rose, Karen Snavely, and Dave Tipton. Period 7, Mary Bowman, Ann Chenowith, Ann McCallister, Stuart Schmitz, Shari DeHaven, Ed Freed, Nancy Gobel, and Bob Leininger.

On a recent biology test over the environment of living organisms in Mr. Yoder's biology class James Mann, Gary Probst, and Walt Stvelpe received perfect scores. Next highest scores were earned by Jim Kenwood, Jim Markiton, Paul Mittelstadt, Karen Snavely, and David Yamey.

A test was given to Miss Ayers' business law classes and the following students received 90 or better: Joe Harper, David Reece, Acie Eldridge, Georgeanan Johnson, Kenneth Pattie, Larry Sievert, and Dick Waikel.

Students receiving 90 or better on a test over "Silas Marner" in Mr. Compton's English classes are period 2, Gretchen Brumm, Janet Christensen, David Lipp, Vicki Miller, Richard Waterfield, and Thomas Wright.

Those in period 6 are Dayna Harader, Marsha Lepper, David Meek, Henry Persons, Tamara Vyhousky, and William Wilder.

Diane Aubrey, Janice Ferher, Connie Frantz, Diane Irmscher, Susan Knight, Dixie Piercy, Joan Rothchild, Linda Silverman, Joan Stanton, and Larry Wedertz received the highest grades on a grammar test in Mr. Morey's English 5 period 2 class.

Bob Bechert, Tom Felger, Craig Holmes, William Meyer, Karen Roehm, Susan Stauffer, and Jean Schott were high in the period 6 class.

Students receiving high grades on a half-hour test over "Silas Marner" in Mr. Compton's second and sixth period English classes are Pamela Bussard, William George, Judith Godman, David Lipp, Richard Waterfield, Sarah Finch, Susan Kelly, and David Meek.

Those receiving 100 on the same test are Diane Gebhard, Dayna Harader, Margaret Lee, Linda Newell, and Charlotte Powell.

High grades were made on a Metropolitan Museum Art Seminars test in Mrs. Fleck's period 4 Art 4 class by Sandra Grodrian, Sheri DeYoung, Susi Smethers, and Linda Towns. Best grades on the same test were made in period 1 by Mary Spindler, Janice Brandyberry, Judy Godman, Sue Martin, and Sam Green.

Outstanding notebooks were turned in period 4 by Sandra Grodrian and Susi Smethers. Sheri DeYoung made an A on a test over house planning in the same period.

Mrs. Fleck's Art 4 students, period 4, have been studying the cultural resources of our city pertaining to art. Those who attended the recent Parade of Homes are Emmett Bowen, Sandra Grodrian, Jay Daggett, John Remmers, and Nancy Sheefel. Those who attedned the W&D home decoration lecture are Susi Smethers, Marsha Marschand, and Sharon Shuler.

Art 3 and 4 students with the highest grades on trips and reports from the Fort Wayne Art Museum on the Newberg collection of paintings are Tom Burton, Linda Towns, Janice Brandyberry, Pat Brown, Bill Cartwright, Jane Fennell, Judy Godman, Sam Green, Sue Martin, Mary Spindler, and Linda Wolf.

Mr. Gersmehl's English classes are studying the full length novel "Hie to the Hunters." Jean Beers, Sandy Baumgartner, Richard Alexander, John Crick, and Katie Mishler in his second and sixth period classes scored the highest grades on a review of the first unit.

Excellent papers in Miss Crowe's U.S. History 1 classes on tests were by Mike Callahan, Jack Harms, Judy Eisenhut, Marilyn Masters, Steve Marshall, Cindy Miller, Marie Rohn, Janice Ferber, Dave Welch, Sally Freeland, Joan Stanton, and Susie Scott.

Norma Baughman, Susan Case, Mike Clemmer, William Disler, Margaret Dorsett, Lynne Fraser, Mike Smith, Ronna White, and Robert Zartman earned the highest scores on a test in Mr. Gernand's General Math 1 period 1 class over decimals.

Sally Sweet and Sharyan Yerger received 100's on a test over Taxonomey and Introduction to Plants in Mr. Ober's Biology 1 classes.

A study of the root system will be the topic of discussion in the biology classes this week.

Demonstrations on finding the density of materials were given in Mr. Ober's General Science 1 classes. Problems on water pressure were also discussed.

In Mr. Shellenberger's Physical Geography 1 periods 1, 3, and 4 classes students made lab papers over relative humidity. High grades were earned by Ginny Southworth, Vicki Adams, Mike Fielding, Bob Simond, John Allan Smith, and Richard Klaehn.

Also Allan Rainbolt, Melodie Potts, Ken Meeks, Carol Eberle, Lewis Troop, Diane DeVincent, Marilyn Headford, Nancy Matlock, Dixie Piercy, Barbara Stevens, Tom Able, and Sandra Coft.

Students in Typing 3 who have received their 50 typing ribbon are Angel Body, who typed 57 words a minute with 100 per cent accuracy; Sandy Hewop, 56 words a minute with 96 per cent accuracy; Bonnie Nahrwold, 57 words a minute with 100 per cent accuracy; Karen Meyers, 54 words a minute with 93 per cent accuracy; Betty Jackson, 51 words a minute with 90 per cent accuracy; and Bernice Sherman, 52 words a minute with 95 per cent accuracy.

The following students who have received their 60 ribbons are Sharon Probst, who typed 60 words a minute with 96 per cent accuracy; Carol Szink, 61 words a minute with 96 percent accuracy; and Marsha Klaehn, 60 words a minute with 100 per cent accuracy.

Those who received their 40 ribbon are Georgia Gomez, who typed 44 words a minute with 90 per cent accuracy, and Jane Saylor, 40 words a minute with 90 per cent accuracy.

In Mr. Hellman's Latin 4 period 2 class special reports were made by Edee White, who reported on the names, places, and things mentioned in the Argonauts. In the same period, Jennifer Manth reported on a lyre.

In Mr. Hellman's Latin 1 period 4 class, special reports were done by Ann Gallmeyer, who reported on the Roman Alphabet; Dennis Jones, who reported on the Appian Way and Catacombes; and Tonja Hines, who reported on ancient Rome.

In Mr. Hellman's Latin 2 period 1 class, Erin Rose made a series of three couplets of faith, hope, and charity. In the same period, Susan Link made a decorative poster.

On a recent dictation test in Miss Perkins' French 1 period 3 class Jan Martindale, Gretchen Meister, Evie North, Nancy Rose, Joan Rothchild, and Donna Weinraub made the highest grades.

Paul Leopold, Jean McGinley, and Ann Plogsterth made perfect scores on a recent dictation test in Miss Perkins' French 1 period 4 class.

On a test covering relative pronouns, the following received the highest grades in Mr. Sterner's Latin 2 period 7 class: Betsy Adams, Karl Krause, Bob Miller, and Karen Finfrock.

On a test covering cardinal numerals, the following received the best grades in his Latin 2 period 6 class: Jane Augspurger and Cindy Miller.

Teams winning recent basketball games in Mrs. Schone's Physical Education 1 classes are period 1, Group 1, Team 1, 2. Group 2, Teams 3 and 4.

Period 4, Group 1, Teams 3, 4. Group 2, Teams 4, 2. Period 6, Group 1, Teams 1, 2. Group 2, Teams 4, 2.

In Mr. Arnold's United States History 1 period 7 class Terry Usher depicted the Battle at Lexington in miniature toys. He did an excellent job.

On Mr. Arnold's bulletin board, the students have put up clippings from magazines on the leaders of the Revolutionary War.

Students in Mr. Scott's English 3 classes are writing short narrative stories. In the English 4 class they are discussing and writing about the **newspaper.**

Mr. Hauk's General Science 2 period 2 class had a test over metals. High grades were made by Philip Bennett, Brian Summers, and Bob Smith.

Mr. Hauk's General Science 1 period 3 class had a test covering water. High grades were made by Ann Shilling, Dan Richardson, and Charles Parker.

Mr. Walker's periods 2 and 6 BOM classes have been studying tact and personality. They have also been studying characteristics of a good employee and employer.

Barbara Merchant gave a report on the traits of a good employee in the period 6 class. A test covering all of this material will be given soon.

Mr. Smith's General History 1 period 6 class made maps of the Roman Empire showing its status in 508 B.C. to 117 A.D. Unusually good maps were made by Max Brown, Anita Clayton, Brenda Dull, Barbara Gautz, Margie Lehman, Kathy Knettle, Frank Lewis, Steve McDonald, Janice Nahrwold, Barbara Spiers, Delores Shadowens, Joyce Stocks, and Sue Harrod.

Mr. Harader's English 7 periods 4 and 7 classes are writing short stories based on the conflict which the student feels in selected pictures.

Mr. Harader's English 4 period 6 class is analyzing and diagramming sentences containing the participle, gerund, and infinitive phrases.

On a short story test in Miss Graham's English 5 classes, Ann Eversman, Nancy DeBrulur, and Jerry Moring made the highest grades in period 2. In the period 6 class on the same test Michele Flaig, Morrie Kasner, and Billie Swartz made the highest scores.

In Miss Arber's English 2 classes, hgih grades were made on a literature test by Mike Hofer, period 1; Terry Baker, Brad Call, and Bob Smith, period 3; and Mike Glover, period 6.

In period 1, 14 made perfect papers over a spelling test; 17 made perfect papers in periods 3 and 6.

Barton Bailey, Jackie Burry, Cindy Christman, Susie Martin, and Chris Junker made top grades on research reports concerning the study of "Julius Caesar."

Nancy Norden and Virginia Rose received high grades on a test covering the rules and regulations of the school in Mr. Reichert's citizenship class, period 2.

In Mr. Walker's marketing class recently a test was given over the "General Principles of Buying." A bonus question was also added, entitling the students to add extra points to their grades. Those receiving 100 or above were Bonnie Allen, Cary Baron, June Garvin, Janet Long, Gaylene Rowley, John Remmers, Margaret Tsuleff, and Stan Robinson.

Wednesday in Mrs. Spray's English 3 period 2 class the students performed a drama of "Julius Caesar" in the Greeley Room.

Charles DeVore, Janice Ferber, Connie Frantz, Carole Maners, Marlene Mailanen, Joan Rothchild, Linda Silverman, and Joan Stanton received A's and A+'s on themes in the style of Chaucer in Mr. Morey's English 5 period 2 class.

Craig Holmes, Steve Holmes, Jim King, William Meyer, and Bonnie Strutz also received A's and A+'s in the period 6 class.

Nancy Rhoads and Annette Plesniak have started sewing on their skirts in Mrs. Smith's Home Economics 1 classes. The rest of the class will begin their skirts next week.

A high grade was made in Miss Arber's period 1 English class on a punctuation test by Ralph Erhardt. Over the same test plus capitalization, high grades were made by Brad Call and Ken Lowden.

Perfect grades were made on a spelling test by Susie Bumgerdner, Mary Fredrick, and Pat Nettrour, period 3; David Allen, Sandy Hadley, Susan Johns, Mary Keegan, Diane Leath, Tom Plesniak, and Karen Simmons, period 7.

In the period 6 class high grades were made on a test over punctuation by James Bly, Beverly Fromm, Jan Kammer, and Diane Simmers.

Carol Szink, Susan Carto, Phil Jones, Bill Lentz, and Jim Stewart made the highest scores on a test over Modern Drama in Miss Graham's English 7 period 4 class.

In Mr. Harader's English 7 class, high grades were scored by Bob Smith, Donna Schumm, Tom Lindenberg, Cindy Hart, Barb Burdick, and Tomma Arnold over an imaginative theme written by viewing a picture.

Mr. Harader's English 7 periods 4 and 7 classes are writing short, short stories based on the conflict which the student feels from selected pictures. His English 4 period 6 class is analyzing and diagramming sentences containing the participle, gerund, and infinitive phrase.

Dick Hirschberg, Sandy Miller, Susi Horth, Jim Hill, and Marijane Miller received the highest grade on a grammar test in Mr. Morey's English 4 period 4 class. Dick Hirschberg, Susi Horth, Lola McLaughlin, and Marijane Miller received the highest grades on a literature test.

Stephan Jones, Jerry Klaehn, and Paulette Lontz received the highest grades on a mid-term test in Mrs. Redmond's Latin 1 period 1 class. Dianne Ball, Steve Shambaugh, and Anita Kimball were high in the period 6 class. Rosemary Capps and Jack Seigel received the highest grades on a mid-term exam in the Latin 2 period 3 class. James Feustal, Babette Jones, and Lyall Morrill were high in the Latin 3 period 4 class.

Penny Hunt, Dick Rothberg, Susie Hoard, Sue Sappenfield, Jim Stewart, and Barb Bailey received the highest grades on a test over the executive in Mr. Berg's Government 1 period 2 class. JoAnn High, Carol Eisenacher, and Vickie Crow were high in the period 6 class.

Mr. Walker, head of the business department, announced recently that a new demonstration table has been added to the typing room. With this new table, the teacher can stand in front of the class and demonstrate. The table is adjustable and may be set to any height.

Mr. Walker's BOM students have been studying ways to determine the location of a business. A test over this material will be given very shortly.

In Mr. Quance's Wood 2 period 6 class Dave Anderson is making a book shelf; Ron Becker, Dan Belchner, Phil Norman, Larry Herbst, Fred Locke, and Steve Spaw are making coffee tables; Tom Burton, Louis Rarback, Dick Waikel, and Howard Romanowski are making book cases.

Ken Robinson is making a wall shelf; Dave Lane is making a record case; Carl Matthias, Perry Herbert, and Ron Bynum are making step tables; and Charles Cary is helping on class projects.

In the city-wide Education Week poster contest two South Side students from Mrs. Fleck's classes placed. They are John Harper, first place; and Zorana Toscas, third place.

Outstanding textile lunch squares have been made by Hershell Case, Jerry Fruchey, Sandra Gustafson, David Newburn, Tom Risk, and Toni Sorensen.

Katie McGee and Zorana Toscos turned in the best notebooks during the last grade period.

High grades over the Metropolitan Museum Art Seminars test were made by Larry Christman, Paul John, Beverly Sievers, Sharon Smith, Richard Clark, and Marsha Gripe.

On one of Mr. Wilson's economics tests over Business Organization Allan Flowers and Ed Crowell made the highest scores.

Students that received the highest grades in Government 1 period 3 over Executive Branch and President Cabinets test are Jim Jackson, Dave Bosselmann, Mike Church, Linda Niblick Janet Terry, Katie Rastetter, Douglas Smith, and Richard Spencer.

The following received high scores on the government test in Government 1 period 5: James Chi, Larry Levy, and Janet Lawry.

In Government 2 the students are turning in outside reading reports and average around 300 pages. Students that are doing excellent are Dick McGaw, Steve Meyers, Susan Parady, and Nancy Jones.

Those receiving high test grades on a current events test in Mr. Reichert's Citizenship 2 class are Larry Bodkin, Ken Fehman, Bruce Fletter, Marylin Hansen, Nancy Nordeen, Virginia Rose, and Tom Wenger.

On a quiz on Chapter 9 in Mr. McQuillan's Government 1 period 7 class the highest grade, 100, was earned by Gary Wilson. The second highest grade, 90, was earned by Sue Blaising and Carles Cary. On a quiz on Chapter 10 in the same class, 90, the highest grade, was earned by Linda Fox, Keith Henninger, Fran Hoffman, Tom Schwartz, and John Slick.

In the U.S. History 1 period 2 class of Mr. McQuillan on a quiz on Chapter 5, 100 was earned by Ron Buesking, Bill Burr, Jerry Clayton, Karen Curley, Dave Dill, Mike Hogg, Linda Meyers, and Sue Pfeiffer. On the same quiz in the period 6 class, 100 was earned by Joe Harper, Don Nelson, and Dave Schwalm.

In Miss Rehorst's Home Economics 5 period 6 class Barbara Emzar completed her two-piece suit and Sylvia Robles finished her white blazer.

In Miss Rehorst's Home Economics 3 period 7 class Kathy Moore has completed her third project which was a vest, and Judy Bloom has finished a dress.

In Mrs. Shang's clerical practice classes the students were recently given a 100-word spelling test. Grades of 100 were made by Sharon Gebhard, Robert Pfundstein, and Karen Randall. In the fifth period class 100's were earned by Marsha Klaehn, Joyce Rondot, and Ada Williams.

An Accuracy in Arithmetic test was also given to Mrs. Shang's clerical students. In period 1 Gertrude Gerardot, Sandra Parrott, Robert Pfundstein, Ersal Sterling, and Barbara Wallace received 100's. Those receiving 100's in the period 5 class are Carol Beghtel, Bonnie Hathaway, Susan Heidbrink, Marsha Klaehn, Cathie Miller, Carol Salaka, and Ada Williams.

Van Schwartz and Linda Snider scored the highest grades on a test over heat in Mr. Weaver's physical geography class.

Members of Mrs. Keegan's first period dance class put on a demonstration of Modern Jazz Movements for the Junior PTA Tea. Caron Fine was the narrator. Jane Glass explained how GAA is organized.

Mrs. Keegan's dance classes have been tested on Modern Jazz Movements. Her gym classes are practicing basketball techniques.

Mr. Hostetler's fourth period occasional chorus is singing "Lonesome Valley" and "Now Thank We All Our God."

The general church program for the concert choir is as follows: "Love Divine," "I Want the Lord to Be Near," "Couldn't Hear," a special by Jim Saylors; "It's a Grand Night," "If I Loved You," "Thanksgiving," "Madame Jeanette," a special by Yagev, Brittenham, and Stanski; "He Took a Child," and "Give Me Your Tired."

On November 25, Mr. Hostetler's concert choir will sing at the Thanksgiving Assembly. They will sing "The President's Hymn," "Plain and Fancy," "Now Thank We All," "Battle Hymn," "Over the River," "Madame Jeanette," and "We Gather Together."

Oma Ake, Joan Lambert, and Joyce Moore received the highest grades on a quiz over dating in Mr. Berg's Citizenship 2 period 1 class. John Schmitt and Carol Stanger were high in the period 7 class.

Mr. Collyer recently gave a current events test in his General History 1 classes and the following received high grades: period 2, Gary Tinkel, high; Sally Franklin and Larry Green, next high. Period 3, William Borgmann, Dave Meek, and William Kliefgan made the best grades; Lyall Morell, Phil Spray, and Steve Lowens, second in line.

In period 4 Lydia Sutto took the honors with Mary Karrick, Sarah Finch, Karen McFarland, and Marsha Sills, second. Dave Flannigan, Louise Jackson, and Doug Woodside received the best grades in period 6, while Mary Keegan, Karrie Lindlinger, and Karen Swygart were next high.

Period 7 saw the only perfect score as Carol Becker received 100. She was followed by Diane Fredrick and Susan McGinnis.

Diane Leath and Lissa Hoffmar scored the highest grades on a test over a standard triangle markings test in Mr. Weaver's Geometry 1 period 1 class. Dave Katzenmaier scored the highest grade on the same test seventh period.

Steve Kelly scored the highest grade on a test over water in Mr. Weaver's sixth period physical science class.

Housecleaning is a bad word
to most of us, so you'll be glad to hear that housecleaning is a snap in a
Shirmeyer Home
Because there's hardly any place for dirt to light! Shirmeyer homes just don't have dirt catchers . . . And there are no hard-to-get-at- corners, no cracks to gather dirt. But they do have an extra helping of streamlined construction that's long on easy-to-clean finishes and smooth surfaces. It's a snap to keep your Shirmeyer home sparkling . . . And that puts sparkles in the eyes of the lady of the house.

Give Praise Unto the Lord on . . .

Thanksgiving Day

A Prayer

Found in Chester Cathedral

Give me a good digestion, Lord,
And also something to digest.
Give me a healthy body, Lord,
With sense to keep it at its best.

Give me a healthy mind, good Lord,
To keep the good and pure in sight,
Which, seeing sin, is not appalled,
But finds a way to set it right.

Give me a mind that is not bored,
That does not whimper, whine or sigh,
Don't let me worry overmuch
About the fussy thing called I.

Give me a sense of humor, Lord,
Give me the grace to see a joke;
To get some happiness from life,
And pass it on to other folk.

* * *

This prayer was left by an unknown worshiper in Chester Cathedral (England). A tablet, with the words engraved thereon, hangs on the cathedral wall near the place where it was found.

Hymn Of Praise

O Thou, Whose eyes of love
Look on us from above
Low at Thy throne.
We come to Thee and pray
That, gleaning day by day,
Our grateful hearts always
Thy hand may own.

Thine are the waving fields,
Thy hand the harvest yields;
And unto Thee
To Whom for rain and dew,
And skies of sunny blue,
Our love and praise are due,
We bend the knee.

And when beneath the trees
In fairer fields than these
Our glad feet roam,
There where the bright harps ring,
May we our gleanings bring,
And in Thy presence sing
Our harvest home.

Choir, Orchestra, Band To Give Winter Concert

NO CONDUCTOR? . . . . Waiting and ready to go at the crack of a whip, members of the orchestra and choir rehearsing for the Winter Concert lack only the presence of Mr. Drummond and Mr. Hostetler. Seated are Carol Purdy and Vicki Sheldon; standing, Dave Dill, Wendell Eicher, Joyce Brittenham, and Kathi Lee.

The annual winter concert will be presented tomorrow night at 7:30 p.m. in the South Side gymnasium. Tickets for the program are 50 cents. The South Side Concert Choir under the direction of Mr. Lester Hostetler, and South Side concert orchestra and symphonic band under the direction of Mr. Robert Drummond are the groups participating in the program.

The Concert Choir will sing "Lonesome Valley" by Ruth Heller, "He Took a Child" by Lois Myers Emiz, "I Want the Lord to Be Near" by Haydn Morgan, and "The Story of the First Christmas" by Louise Grant. The last number will be accompanied by slides projected on a screen. The accompanists for the choir will be Sandra Yaggy, Diane Meyers, and Sally Capps.

The symphonic band will play "O Jesus Blest" by J. S. Bach, "Manhattan Beach March" by John Phillip Souza, "Cole Porter Selections" by Cole Porter and arranged by Bennett, and "Pieces of Eight March" by Neff and Jenkins.

"Variations on 'Pop Goes the Weasel'" arranged by Caillet; two movements from "Concerto Grosso No. 4 in A Minor" by Handel, played by the string orchestra; and "Fantasia on the Alleluia Hymn," arranged by Gordon Jacob will be selections presented by the concert orchestra. Sharon Possell will accompany the orchestra as pianist.

Nancy Ormsby, Debby Brooke Win Totems For Salesmanship

Nancy Ormsby, who sold 91 Totems, and Debby Brooke, who sold 67, will receive free 1960 Totems for being senior and underclass high salesmen during this year's yearbook campaign.

"Although the official Totem campaign is over, students and teachers who have not yet purchased a yearbook may do so before February 12," stated Geri Geller, Totem co-circulation manager.

Exactly 1,790 Totems have been sold. Persons who still wish to buy the Totem must pay $3, plus an additional 25 cents if they want their names printed on the cover.

Those who have already made a down payment should pay the full amount by December 11 in order to have their names printed on the cover.

Office managers will be in the Totem office mornings, noons, and after school to receive receipts. The office managers include Linda Niblick, Barb Eggeman, Lois Levine, Carol Szink, Margo Dixon, JoAnn High, Linda Tomson, Judy Robinson, and Anna Mae Chen. Circulation managers are Geri Geller and Carol Miller.

Those who are selling Totems include Judy Ashman, Mary Fawley, Jane Ladig, Carolyn Pio, Deborah Tourkow, Karen Rawley, Pamela Whitenack, Ann Arnold, Jim Feustel, Karl Bandener, Judy Follis, Nancy Vanderford, Byron Sexton, Mary Jane Keegan, Rhonda Roehm, James Ten-Eyck, Alan Mitchell, and Tom Shine;

Paul Sorg, Peggy Brase, Diane Kimble, Joan Rothchild, Leanna Morris, Jerry Holliday, Phil Spray, Al Purdy, Carol Ann Hildebrand, Iva Dell Anspach, Anna Mae Chen, Diane Petznik, Barb Collier, Pat Shuler, Phil Stettner, Sue Ellen Gerig, and Pamela Buzzard;

Karen Miller, Dayna Harader, Sharon Stettner, Mary Beth Foote, Mary Meily, Chuck Jellison, Sue Perry, Dave Schwalm, Sandra Starke, Pat Glass, Lois Lerch, Judy Ridlen, Evilou North, Judy Riping, Jan Martindale, Dick Waterfield, Helena Kamm, and Connie Vallance;

Carol Downhour, Mike Levy, Connie Kaade, Carol Livington, Nancy Ormsby, Lane Grile, John Biteman, Darlene Schrader, Bonnie Hathaway, Diane Telgman, Jane Augspurger, Judy Conley, Nancy Goebel, Karen Brumm, Debbie Brooke, Karen Curley, Carol Druart, Ellen Beatty, Martha Dixon, and Carol Abramson.

Enter New Safety Slogan Contest; Winner To Receive $10 In Cash

A safety slogan contest began Monday for the students in the local city high schools, according to an announcement made by Lt. Ted W. Butz, School Safety Education Director of the Fort Wayne Police Department. The slogan contest will be sponsored by the Fort Wayne National Bank and the School Safety Education Division of the police department. The safety slogan contest began Tuesday. Students from the high schools may submit their entries to the School Safety Education Division of the police department. As many entries may be submitted by an individual as desired, but the deadline for all entries is December 15, the closing date of the contest.

The winner of the safety slogan contest will receive $10 in cash, or the opening of a savings account in the amount of $10 at any Fort Wayne National Bank, sponsor of the program.

The winners will be announced on Friday, December 18, which officially ends the 1959 school year.

Officials expressed hope that this contest will keep the high school students safety-conscious during the Christmas holidays.

Handbills have been placed on parked cars located near South Side concerning this slogan contest.

Miss Virginia Ayers and Mr. Glen Stebing, sponsors of Safety Council, urge all students to participate in this contest for safety slogans.

"It would be great if someone from South Side could win the contest!" stated Susie Hoard, Safety Council president.

Six Kelly Speech Enthusiasts To Attend Purdue Legislature

In 1975, who will be the senators from Indiana? Both could be from among the six students from South Side who will participate in the Seventeenth Annual Purdue Legislature tomorrow and Saturday.

Janet Terry, Geri Geller, Joyce Brittenham, JoAnn High, Dick McGaw, and Jim Carter are the students who were chosen to represent South Side, but because of other commitments, Sylvia Ehrman, Carol Oxenrider, and Richard Dailey will be alternates for Janet Terry, Geri Geller, and Joyce Brittenham.

The meet is staged in three events: extemporaneous speaking contest, debater's convention, and legislature. Jim Carter and Sylvia Ehrman will attend the extemporaneous contest. Euch submitted a list of 10 topics on current news.

Legislature is divided into the Senate; House A and House B. Dick McGaw will represent South Side as a senator; while JoAnn High, Richard Dailey, and Carole Oxenrider will be going as representatives. Each person wrote a one-page bill on the committee he had chosen. Dick McGaw selected labor; JoAnn High, the Supreme Court; Richard Dailey, education; and Carole Oxenrider, ethics in advertising.

Tomorrow night each committee will hold a session from 7 p.m. to 10 p.m. During this time each committee will report on a bill to the legislature. At the Saturday morning sessions, the bills will be discussed and voted on by the students.

Certificates for the 10 best speakers in each category will be given.

When asked his opinion on the event, Mr. Storey replied, "This is one of the most worthwhile projects of its type to be staged during the school year. We are very happy to participate in it."

Skating Season Begins At Park

On Thanksgiving Day, the McMillen Park ice skating rink opened for the winter. Twenty-five cents is the admission price for people under 19 for one period of skating, while those 19 and over must pay 50 cents. Economy tickets worth $5 in skating may be purchased for $4.

Extra services are offered to the public, such as concessions and the renting, sharpening, and repairing of skates.

The rink may be reserved by groups on Sundays from 6:30 to 10 p.m. for a fee of $45.

High school boys interested in participating in a hockey league may contact Mr. Martin Nading, superintendent of recreation, at H-8468.

The schedule for the season is Sunday, 1:30 to 3:30 p.m., 4:30 to 6:30 p.m.; Monday, closed; Tuesday, 1 to 3 p.m., 4 to 6:30 p.m., 7:30 to 10 p.m.; Wednesday, Thursday, and Friday, 4 to 6:30 p.m., 7:30 to 10 p.m.; Saturday, 1 to 3 p.m., 4 to 6:30 p.m., 7:30 to 10 p.m.

The South Side Times

Vol. XXXVIII—No. 11 South Side High School, Fort Wayne, Indiana, Thursday, December 3, 1959 Price Ten Cents

Seniors Plan Alumni Dance December 23

Class of 1960 and senior class advisers will host South Side alumni at the Alumni Dance, December 23, from 8:30-11:30 p.m. in the school cafeteria. All alumni, especially the classes of 1959, 1958, and 1957 are invited.

Special invitations are being sent to school officials, South Side faculty, parents of senior officers and co-chairmen of the dance. Tickets will cost 50 cents per person.

Linda Tomson and Terry Berk have been named co-chairmen for the dance. Invitations will be addressed and mailed by a committee under the direction of Judy Riping. Working with Judy is Bethany Bond, Judy Ridlen, Carol Miller, Judy Cramer, Judy Robinson, Susan Bechtold, and Susan Parady.

Carol Szink is committee chairman for the invitations to guests and chaperones. The ticket sale will be headed by Vicki Sheldon. Nick Roembke and Anna Mae Chen will be in charge of the decorations commitee.

Committee chairman for registration and name tagging is Barb Wallace. Jim Olinske is in charge of refreshments, and Chuck Jellison will head the checkroom committee.

George Pifer and Beth Golden have been placed in charge of cleanup. Homeroom speakers are in charge of homeroom publicity, Sandra Landree and Carol Downhour are in charge of P.A. annnouncements, and Sandra Grodrian, newspaper publicity.

Totem Deadine Set For December 11

"Any student who wishes to have his name engraved free of charge on the cover of his Totem has until December 11 to pay the remaining balance," stated Carol Miller, co-circulation manager on the '60 Totem staff.

"Although December 11 is the deadline for payment in order to have names printed without charge, students may pay an extra 25 cents until the middle of February for their names. Totems may be purchased at any time from Totem agents or in the Totem office," Carol continued.

Notices will be sent to each student informing him of the balance due on his Totem. The Totem office urges students to complete their payments before December 11.

Hi-Y Directories On Sale Monday

"Hi-Y directories will be on sale next week for 50 cents and may be purchased from any Hi-Y member," stated Terry Berk, president. The directories will be light blue with dark blue printing.

Dr. Gerald Jones, pastor of the Wayne Street Methodist Church, and Mr. Ronald Gersmehl, English teacher, spoke at the ovember 23 and November 30 meetings, respectively. Dr. Jones talked on "The Values of Thanksgiving"; while Mr. Gersmehl's topic was "Sex Problems."

Hi-Y's special service project this year is the sanding and refinishing of the desks in study hall. Mike Millikan was appointed chairman of this special service project, which will begin the first week of vacation.

Plans are now underway for the club's annual Queen of Hearts Dance. Jack Fitzgerald has been appointed general chairman.

Nominating committee members were chosen by Terry Berk and include junior B Jack Winder, junior A John Gear, senior B Terry Berk, and Tom Cooper, and senior A Bob Lee, chairman.

Dick Rothberg concluded the meeting with the reading of the Lord's Prayer.

Next week's program will feature Mr. Robert Weber, the club's sponsor, who will speak on "Pioneer Camping."

Candy Sale High; 4,800 Boxes Sold

"The candy sale this year is the best we've had," stated Mr. Lester Hostetler concerning the music department's candy sale of DeMet turtles.

The 4,800 boxes have been distributed to the members of the Music Department and are either now sold or being sold. The sale is two-thirds completed and is expected to be entirely finished before the Christmas vacation.

Money received from the candy sale is used for various expenses and equipment for the Music Department.

Mr. Hostetler also reported that the collection at the music assembly was quite successful. A total of $80 was collected. This money is also used by the music department for musical instruments and formals.

Archer Grad Wins Award

Peggy J. Cansfield, '56 South Side graduate, was recently cited as having the highest attainment in scholarship at Michigan State University. Peggy, now a senior attending the School of Science and Arts at Michigan State, was on the four-year honor roll at South Side.

Jim Carter Places First In Contest

Winning the first place in the competition at South Side, Jim Carter went on to take city in the Rotary Club international speech contest. The theme of this year's annual contest is "Paths to Peace."

On Monday, November 16, Jim, accompanied by his coach and sponsor, Mr. Robert Storey, attended the city contest at the Rotary Club. The other school winners, along with their coaches, were also present. Certificates were presented to the other contestants by Mr. C. V. Sorenson, president of the Fort Wayne Rotary Club.

After the meal the students spoke in the order which had been predetermined by the drawing of lots. Each contestant presented a memorized eight to 10 minute speech.

North Side principal, Mr. O. Dale Robertson, was the chairman of the contest. Three of the Rotary Club members served as judges.

Upon winning, Jim received a plaque which he keeps for himself. He was also awarded the traveling plaque on which his name will be engraved and which South Side will possess for the year.

Joan Littlejohn, '59 graduate of South Side, won last year when the plaque was first put into circulation. She went on to win state which makes South Side the defending state champion in the Rotary Club contest.

Having won the local contest, Jim will represent the Fort Wayne Rotary Club in the district contest to be in February, 1960. If he should win, Jim will go on to the regional contest.

A junior on the college course, Jim takes English 5, Physics 1, Public Speaking 1, Algebra 4, and U.S. History 1. Active in several organizations, he is the sports editor of The Times, Masque and Gavel's sergeant-at-arms, and DeMolay's chaplain. Jim is also a member of Hi-Y, Wranglers, and Service Club.

Class Of 1961 To Take Test

"Any 1961 graduate who wishes to enter the 1960-61 National Merit Scholarship competition to be given Saturday, March 19, at 9 a.m., has until Tuesday, December 8, to register," stated Mr. R. Nelson Snider, principal. Homeroom teachers are handling the registration.

To be eligible for the test, students must be second-semester juniors or first-semester seniors at the time of the examination. One dollar will be charged on the day of registration.

The tests are given each year by the National Merit Scholarship Corporation as part of the nation's largest independent scholarship program. Last year 550,000 students competed in 14,500 schools for more than $3.5 million worth of four-year scholarships.

Scholarships Announced

A bulletin board containing announcements of scholarships has been placed near the general office door. Seniors who are interested in any of the scholarship notices are to see Mr. R. Nelson Snider, principal.

Seniors To Host Parents At Reception December 8

Instrumental Groups, Senior Choir To Give Musical Entertainment

By Sandra Grodrian

Fifteen hundred people have been invited to the Senior Reception on Tuesday. The reception is a come-and-go-as-you-please affair, and will be from 8 to 9:30 p.m. in the school cafeteria. The senior class and their advisers will host the seniors' parents, faculty, and school officials.

The Senior Reception is the only entertainment planned especially for the seniors' parents and all faculty members. The seniors, who will take their parents through the receiving line, consisting of class officers and advisers, will present their parents to other seniors, parents, and teachers.

Dan Oesch, Bruce Berlien, and Wendell Eicher make up a trumpet trio, which will play at the Reception. An instrumental group, selected by Mr. Robert Drummond, will also play during an early part of the Reception. The Senior Choir, under the direction of Mr. Lester Hostetler, will make its first appearance of the year at the Reception. Members of this choir are Tomma Arnold, Barb Bailey, Marge Bauer, Joyce Brittenham, Marilyn Bugg, Julie Carr, Sharon Ebersole, Carol Eisenacher, Suzie Fast, Bernice Fitch, Mary Beth Foote, Barb Frederick, Lynn Gall, Lois Levine, and Janet Long.

Marcia Mosel, Linda Niblick, Grant Osborne, Bob Pfundstein, Betty Pherson, Marianne Pinkham, Sharon Probst, Judy Robinson, Nick Roembke, Dick Rothberg, Steve Sappenfield, Beth Golden, Nancy Gooden, Eugene Guenther, Susie Hoard, Pegeen Horth, Chuck Jellison, Sunny Kaade, Sandra Landree, Kathi Lee, Bob Lee, Sue Sappenfield, Jim Saylors, Loren Stanski, Bob Steinbauer, Marcia Swathwood, Janet Terry, Linda Tomson, Joy Walling, Chris Weyer, Anne Witte, and Ann Wilson are also in the senior group.

* * *

SENIOR HOMEROOM members addressed printed invitations to their parents and made nametags for their parents and themselves to wear at the Reception. Special invitations have been sent to Superintendent and Mrs. Aaron T. Lindley and all faculty members.

Joan Novitsky, Nancy Ryan, Marian McCallister, Susan Seibel, Barb Eggeman, and Anna Mae Chen are the members of the invitations committee.

Sally Burton is the head of the nametag committee. Working with her are Lois Levine, Marcia Eaton, Barb Bailey, Vicki Sheldon, Linda Tomson, Carol Miller, and Marge Bauer.

Merle Baldwin and Jim Jackson head the hospitality committee. Karen Brumm, JoAnn High, Penny Hunt, Katie McGee, Helen Robinson, Lois Levine, Susie Smethers, Lynne Goldman, Joan Novitsky, Pat Krebs, Byron White, Chuck Jellison, Dan Oesch, Jim Saylors, Bill Spindler, George Pifer, Gus Wade, Steve Druart, Tom Cooper, Mike Church, Wendell Eicher, Gary Gardner, Bill Harader, Dan Tritch, Roger McNett, Dave Bosselmann, Mike Milligan, Bob Thompson, and Larry Levy will assist these committee heads.

* * *

THE DECORATIONS committee will choose a color scheme and centerpiece for the refreshment table. Carole Oxenrider is the chairman of this committee. Helping her are Nancy Jones. Martha Reiff, Helen Robinson, Barb Wallace, and Marsha Rolf.

The serving committee will serve refreshments at the refreshment table during the evening. Sharon Probst is the chairman of the serving committee, and Bessie Ferguson, Julie Carr, Beth Golden, Marcia Mosel, Pat Forehand, Nancy Jones, Marilyn Bugg, Sandra Collins, Judy Robinson, Sharon Ebersole, Carolyn Isch, Sue Menze, Susan Hoard, Marsha Rolf, Barb Burdick, Judy Biberstein, Marsha Klaehn, Barb Nahrwold, Barb Collier, Lynne Goldman, and Carol Szink are the members.

Five girls will pour at the refreshment table; they are Merle Baldwin, Sally Burton, Penny Hunt, Kate Rastetter, and Sharon Probst.

Kitchen crews have been chosen to clear, wash, and prepare dishes and silver for use. The first crew consists of Steve Meyers, chairman; Jim Olinske, Bob Gifford, Byron White, Frank Lude, and Bill Spindler.

Dave Redmond is the head of the second crew, with Dan Oesch, Tom Cooper, George Pifer, Nick Roembke, and Jack Fitzgerald assisting. Members of the third crew are Terry Berk, Bob King, Bob Haag, Bing Gilardi, Bill Lentz, and Bob Duncan, chairman.

* * *

EIGHT JUNIOR class members will assist in the checkroom; they are Bob Shine, John Biteman, Jim Carter, Ed Sarver, Dave Schwalm, Jack Winder, Dave Dill, and Tom Ogles. Senior Steve Bash is the chairman of this committee.

Karen Randall and Ted VonGunten are the co-chairmen of the cleanup committee. Committee members are Barb Frederick, Janet Lawry, Susan Van Fossen, Carol Miller, Judy Ridlen, Judy Shore, Luann Uhl, Janet Long, Bessie Ferguson, Dick Rothberg, Dick McGaw, Kenny Howe, Fred VonGunten, Nick Arnold, John Slick, Al Klopfenstein, Phil Jones, Ron Carlo, Dave Bosselmann, Dick Butzow, Chuck Clifton, Mike Boyer, Bruce Berlien, and Mac Wirick.

RECEPTION COMMITTEE . . . . Committee heads planning for the Senior Reception, which will take place next Tuesday evening, are left to right seated, Joan Novitsky, Sally Burton, and Sharon Probst. Standing are Steve Bash, Dick McGaw, Bob Duncan, and Steve Meyers.—Photo by Thompson

Griffin Scholarship Available To Pupils

"Senior boys interested in the Griffin scholarship to Yale University should see me this week," stated Mr. R. Nelson Snider, principal. One scholarship a year is granted on the basis of scholastic records and financial need. The recipient must be a boy from the Fourth Indiana Congressional District.

Boys with high scores on the College Board Tests will be interviewed by a selection committee, and then the committee will grant the scholarship to a student.

The scholarship fund was established in memory of Jack Merillat Griffin, who was born in Fort Wayne and attended Yale University.

Principal Praises Japan For Friendly Atmosphere

By Sandy Thorn

"Japan was tremendously interesting and my favorite country while touring. I was very impressed with the friendliness and the courtesy of the Japanese people," stated Mr. R. Nelson Snider, principal, on his return from a tour of secondary schools in the Pacific.

Mr. Snider and Mr. H. W. Frankenfeld, registrar of the University of South Dakota, were selected to tour Japan and other surrounding islands to accredit secondary schools in that area. The men were selected for the trip by the Secondary School Commission of the North Central Association.

Mr. Snider believes that the choice of Japan as his favorite country is probably due to the fact that Mr. Frankenfeld and he spent a longer time in Japan. "We visited the country from the north to the south, and I liked every part of it." The men visited a total of nine schools while in that country.

* * *

WHEN ASKED if he would like to live in Japan, Mr. Snider replied, "It would be nice for a while, but I still prefer Fort Wayne. After visiting many towns, I believe that Fort Wayne is still the best city in which to live."

Mr. Snider said that the weather was fairly nice, although there were no sunny days. He had to wear a topcoat while visiting the northern part of Japan, but the climate was very hot in the Philippines, Okinawa, and Guam.

While in Japan Mr. Snider had the opportunity of staying with an upper-middle class family. The man was a publisher. Mr. Snider occupied a western-style room, the floor of which was covered with a straw mat.

Our touring principal observed that 95 per cent of the Japanese people wear western clothing. When attending night clubs and various other parties, the women wear the traditional dress of the Japanese, the Kimona. Mr. Snider commented that the dresses were very beautiful.

* * *

ALTHOUGH Mr. Snider usually ate American food, he did try some Japanese food. In one Japanese restaurant, he tried his ability in using chopsticks. When asked if he mastered chopsticks, Mr. Snider replied with a smile, "I didn't master them, but I could use them!"

Mr. Snider and Mr. Frankenfeld toured many high schools while accrediting for the North Central Association. When Mr. Snider was asked if he compared the schools to South Side, he said, "I made no comparison. My only observation was seeing that

Mr. R. Nelson Snider

Wranglers Hear James Lewinski Tell Of 'Cyrano'

Mr. James Lewinski, last year's winner of the Anthony Award for the best Civic actor in Fort Wayne, spoke to the members of Wranglers November 23 in the Greeley Room.

Mr. Lewinski, a North Side English teacher, told of his part in "Cyrano de Bergerac" for which he won the award. He also related his theater-in-the-round experiences during the summer at Warsaw, Ind.

Geri Geller, president of Wranglers, stated, "I know most Wrangler members will agree when I say Mr. Lewinski presented a very entertaining program."

Monday will be the Wranglers' annual Christmas party and play. Judy Englisb, with the help of Sue Springer, is directing this year's play, entitled "The Tree."

The cast is as follows: Father, Dave Dill; mother, Erin Rose; college son, Jim King; college daughter, Karen Curley; high school son, Phil Spray; high school daughter, Nancy Goebel; and grade school son, Ron Ehrmann.

Any person interested in participating in the North Side Speech Meet may sign with Mr. Storey in Room 190.

Lettermen Plan Yule Food Drive

The problem of how to handle the canned goods collection for the needy at Christmas will be discussed at the Lettermen's meeting tonight at 7 p.m. in the Greeley Room.

"Last year South Side collected several thousand cans of food and sent them to the Christmas Bureau. This organization distributes the cans gathered all over the city to needy people," stated Mr. Ora Davis, sponsor.

A committee will be appointed to handle the complaints about the point system now used by which boys qualify for membership to the club. The committee will talk to the conches and help to decide whether or not the system should be changed.

Know-Your-City To Elect Officers

Mr. Richard Block, history teacher, will be guest speaker at Know-Your-City Club on December 8 at 3:30 p.m. in Room 110. Officers will be selected at this meeting.

Joyce Reynolds, Betty Pherson, and Nancy Baltes were nominated for president at the November 24 meeting. Vice-president nominees are Carol Dehnert, Helena Kamm, and Diane DeVincent. The treasurer for the club will be selected from candidates Ann Wilson, Lee Jackson, and Gary Harold.

The club will not have a Christmas party this year.

Kellys To Represent School On TV Show

Dick McGaw, Sylvia Ehrman, and Gonda Rider will represent South Side on the Elektra Club at 5:30 p.m., Sunday, on WANE-TV.

Gonda will do a jazz dance; Sylvia will be news reporter; and Dick will be on the panel.

Other reporters are Kathy Gift from Central Catholic, William Willard from Elmhurst, Dale Terry from North Side, Elizabeth Fuelling from Concordia, and Karna Hunt from Central.

Other panel members include Mary Hoevel from Central Catholic, Wayne Savoghoon from Elmhurst, Vicki Poffenbarger from North Side, Beth McCord from Concordia, and Sharon Evans from Central.

Linda Tomson President-Elect Of Association

Linda Tomson, Senior A, was recently elected president of the Achievers Association of Fort Wayne Junior Achievement. She is a member of Al-Lit-Co, sponsored by the Indiana Rod and Wire Division of Phelps Dodge Copper Products Corporation.

Other officers elected at the Association's meeting Monday, November 23, are Fran Hoffman, vice-president, South Side, a member of No-Jac, sponsored by Bowser, Incorporated; Connie Mettler, treasurer, Central Catholic, a member of the Pied-Pica Print Shop, sponsored by the Fort Wayne Club of Printing House Craftsmen; and Marilyn Zager, secretary, North Side, a member of Tok-Co-Note, sponsored by the Tokheim Corporation.

The officers assume duties until the middle of February when new officers are elected or former officers are re-elected.

The Association, consisting of representatives from each of the 29 companies, serves Junior Achievement as its Chamber of Commerce and plans programs throughout the year.

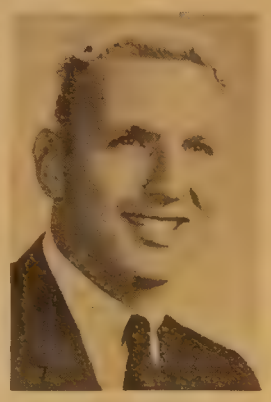
Helping a needy family, planning a program for the children at the West Side Community Center, and buying a Christmas tree for the Junior Achievement Center, are the three projects for the year.

Betty Pherson, South Side, was named co-chairman of the committee arranging the program for the West Side Community Center.

Terry Berk Represents American Boy; Active Participant Of Intramurals, Hi-Y

Terry Berk, South Side senior, and president of Hi-Y, might be described as an All-American boy for he is not only busy with extra-curricular activities but maintains a good scholastic record as well.

Terry is on the college course taking English, public speaking, government, and chemistry. He states that chemistry is his favorite subject.



When asked for his advice for incoming freshmen, he said, "Study hard all four years. Extra-curricular activities are very necessary to your high school life, but they should come second to school work."

Whenever he is asked to serve his class, he is more than willing to give his time. This is emphasized by the fact that Terry was co-chairman of the ticket committee for the Junior Prom last spring. This year he was chosen to be co-chairman of the Alumni Dance, which will be held December 21. Archers have also seen Terry participating in many of the assemblies. At present he is working hard on the Senior Reception.

z z z

TERRY ENJOYS the Intramural program at South Side. He is on the Intramural basketball team at the present time.

Terry is quite busy as president of Hi-Y this year. Sanding the desks in study hall is an example of the diligent work which the Hi-Y, directed by Terry, is performing to better the school. "This has been hard work, and I hope the student body will appreciate all the work and elbow grease that went into this project," Terry states.

Terry Berk

During spring vacation last year, Terry went to the Smokey Mountains with the Hi-Y members. He enjoyed this thoroughly, and he hopes to do it again in the near future. He liked "roughing" it on the trip. Terry stated that the mountain scenery was spectacular.

z z z

TERRY IS ALSO active in the Lettermen's Club. Again this year, the members are going to collect cans for the Christmas Bureau, a worthy endeavor of the Lettermen's Club.

Terry Berk is indeed a well rounded person, both in his studies and extra-curricular activities. Outside of school, he takes an active part in his church group.

Terry may be classified as a true American boy with high ideals. With his active participation in worthwhile organizations, Terry has indeed proved himself to be an asset to South Side.

Versatile Miss Mary Graham Intrigued By Zealous Seniors

For 15 years she's been faithful and true,
As an adviser to the seniors she's nothing new!
In her classes she can always spot a ham,
She's no one else except Miss Graham!

Since the distant year of 1945, Miss Mary Graham has been a faithful adviser to the senior class. Her popularity with the seniors as well as underclassmen knows no limit!

As one of South Side's English teachers, Miss Graham has proved her versatility with various English classes. At the present she has two senior English classes and finds each group more stimulating than the last!

Miss Graham and Mr. Ronald Gersmehl will lead the senior class during its annual functions for '59-'60. The Senior Reception, the Senior Banquet, the Senior Play, and the Senior Prom are the activities in which these sponsors will aid the seniors during the year.

One of the added features of her work, which she loves, is the letters and visits she receives from her former pupils.

Commencement and graduation are happy but just a trifle sad for Miss Graham, for it is through working with the seniors throughout their various social functions that she becomes so well-acquainted with them.

Miss Graham stated that although she is very interested in the underclassmen, she feels that the senior year is the year the students blossom, and she is proud to be a part of it!

When asked if her philosophy of life had changed since she began to work with the seniors, she said, "It hasn't changed to any great degree, but my attitude toward young people has intensified a great deal. I love to work with them, and I feel that during the last few months of the senior year, they really open up, and I can see what sort of young people they are going to be. It is all so intriguing."

Besides working at South Side, Miss Graham has done extensive traveling throughout the United States and Canada. She returned in the fall of 1957 from a trip in Europe.

It was once said that self-preservation is the first law of nature; self-sacrifice is the highest rule of grace. It could be easily said of Miss Mary Graham that her sacrifice for others has preserved her wonderful, charming spirit! She knows so well that it is more blessed to give than it is to receive!

Heavens Declare Glory Of God; He Created Man

(Editor's Note: This article is the second in a continued series. This editorial concerns church attendance.)

In this modern age of satellites, nuclear weapons, and trips to the moon, we are inclined to leave God behind and dismiss Him with a shrug of our shoulders, implying that we are self-sufficient and have no need for such intangibles as religious beliefs and convictions. Worshipping God and attending church seem relatively unimportant. We need to remember that God created these marvelous things about which we are just beginning to learn. We should realize and be humbled by the fact that in our amazing discoveries we are merely thinking God's thought after Him. It was He Who created the distances, who made the measurements we are just now discovering.

We human beings have such a practical nature that unless we have definite proof that God exists, we find it hard to believe in Him. But there is definite proof, proof which satisfies the scientific mind of A. Cressy Morrison, who says, "By unwavering mathematical law we can prove that our universe was designed and executed by a great engineering Intelligence. Animal wisdom speaks irresistibly of a good Creator who infused instinct into otherwise helpless little creatures. By the economy of nature we are forced to realize that only infinite wisdom could have foreseen and prepared with such resourcefulness. The fact that man can conceive the idea of God is in itself a unique proof." In the words of the Psalmist, "The heavens declare the glory of God and the firmament showeth His handiwork."

We teenagers who are about to take our place in this modern, complex, space-age world will need God more than ever. We shall need the firm belief and strong conviction which our faith provides that this world is a basically wonderful world and that it takes only man's goodness, charity, and honesty to make it more so. We need to realize that the most powerful microscope will never replace the Twenty-third Psalm. Teenagers need the stability that the church gives them. The church cannot be helpful if it is empty. Nor can it build a better world from leftover loyalties. You must admit, with all the wonderful youth programs which the various churches provide, attending church and its activities is far from dull. "Man cannot live by bread alone," and certainly no teenager can. Being a Christian does not mean giving up something, but growing into something.

The church does not make morals, it only teaches them. No church can do more than point the way, and it's up to us to fulfill God's purpose for our lives. Dr. Paul Krauss, minister of Trinity English Lutheran Church, said in a recent sermon, "We are more than limited beings, living by the values of a yardstick. We are infinite beings, seeking the peace only an infinite God can give." The place to learn the way, to seek the purpose, to find the peace is in church. Dr. Ernest Fremont Tittle, the late great minister of First Methodist Church of Evanston, Ill., said, "Let God be thanked there is on earth an institution that has a high opinion of man, declaring that he is in some sense a son of God, who has within himself divine possibilities; an institution that transcends race, nation, and class; an institution which is loyally undertaking to embody the spirit of Christ, and in His name to relieve human suffering, promote human welfare, and carry on a ministry of reconciliation among men."

Go to church faithfully. The Creator gave you the week; give Him back an hour and discover how much better your whole life can be.

—By Cheryl Summers

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

True Meaning Of Christmas Lost In Rush

Each year as Thanksgiving draws near, all of the department stores begin to display their Christmas decorations. It seems that each year the decorations begin to appear earlier and more in number.

Many discussions have arisen concerning this increase toward completely commercializing Christmas. Several Archers when asked the question, "Do you feel that Christmas 'begins' too early today?" agreed that it does and gave thought-provoking reasons to confirm their opinions.

Chris Parrott: The true spirit of Christmas is probably one of the finest things we have. If people and industry will permit this true spirit to accompany Christmas, then the time for Christmas can't come too early.

Nancy Swaim: Yes, I do. When the advertising for Christmas starts so early, I think it ruins the spirit of the Christmas season by overlapping the Thanksgiving season.

Joan Rothchild: I think that too many companies take advantage of Christmas to sell their products. By the time Christmas is over, I'm so tired of hearing "Santa and his little helpers made this and that," that I lose the true meaning of the season.

Steve Koos: Christmas is beginning to lose its real meaning. Stores and companies stress Christmas for commercial reasons rather than for religious significance.

Valerie Callahan: The only signs ever seen about Thanksgiving are "Closed Thanksgiving Day," but you see signs about Christmas two months in advance. This shows that Thanksgiving is being pushed out by the advanced Christmas displays.

Margie Havens: I think that by beginning to commercialize Christmas too early, most of the real meaning is lost.

Rita Hessert: When they start commercializing Christmas two months in advance, I get excited and can't wait until it's here, but really I'm getting excited for nothing because it is a long way off.

Mary Fawley: It begins too early. The turkey doesn't even get a chance anymore.

Mike Callahan: Sure, Christmas comes too early. Almost every store commercializes Christmas, but the stores cater to the wishes of the public. Therefore, to get Christmas to "begin" later, the public must wish it.

Senior Summary

Points Per Prominent Persons

Jeanne Schumm . . . 16 . . . eyes, green . . . hair, blonde . . . height, five-foot-one . . . course, business . . . favorites: food, broiled lobster . . . color, blue . . . subject, speech . . . singer, Pat Boone . . . record, "Old Shep" . . . Small Snaps

These next-of-kin are really alive!
As a senior and sophomore at South Side.
In Fort Wayne at 3917 Indiana Avenue,
The brother-sister role is played there too!
Their father's an engineer at the G.E. plant.
To them an older brother Dave their mother did grant.
The college course is the favorite of them all.
Times is her work, his sport is football.
He is taking algebra, drawing, and chem,
In occasional choir as a singer she's a gem!
He has Mr. Peirce in Room 82
Mr. Murray for metal, a teacher sorta new!
This nice-built guy and brown haired lady,
Have homerooms of eight and eighty!
As a 10B and 12A they fit school just right!
With his "Excuse me sir" and her "fight, fight, fight!"
In the morn they walk to school
According to the rule.
They believe in exercise for the spirit and the pep,
As you probably know, they are really "hep."

Look in the ads and you will see!
Who the Small Snaps this week are to be!

Turkey's Tale One Of Grief; Kellys Attend Fabulous Feast

We are sorry to announce that Tommy Turkey was gobbled down at a feast attended by numerous Archers last Thursday night.

We wish to thank all those who expressed their bereavement for our close kin, but a turkey's life isn't very lengthy!

Farmer Brown related to us that **Kathy Moore** and **Gene Menze** starved themselves for several days previous to the feast in order that they might benefit from the delicious meal prepared for the Kellys.

Serving the appetizer were **Karen Curley** and **Jeff George**. The tomato juice and cider with crackers were readily eaten by everyone, especially **Carol Haag** and **Mike Turney** ('59).

The salads offered to the South Siders were cottage cheese and pears or yogurt. The salad forks were supplied by **Sharon Zelt** and **Frank Lude**. The yogurt was gobbled down by **Steve Druart** and **Edee White**.

The chef cooking the scrumptious meal was **Bruce Berlien**, assisted by **Janet Long**.

Chief turkey cleaner and stuffer was **Dan O'Laughlin**, with **Sylvia Ehrman** sewing up the turkey with a giant-sized needle.

Chief supplier was **Kenny Howe** bringing the turkey with compliments of his father who won the turkey at the Foster Park Lions' Club. It was so heavy that **Susie Seibel** had to aid him in transportation.

Chief table-setter was **Terry Van Blaricom**. **Leslie Malone** stitched the tablecloths together which were supplied by Fort Wayne Tent and Awning Company.

Chief dishwasher was **Steve Meyers**. Steve saw to it that **Susie Korte** put just the right amount of detergent into the steaming hot water.

Judy Robinson and **Bill Harmison** ('57) supplied the rubber gloves for Steve's lily white hands. **Sally Franklin** and **Fred Richardson** were so entranced with each other that they dropped the big platters for Mr. Howe's turkey. It was broken into a million pieces.

Chief gravy makers were **Karen Good** and **Mike Church**. They filled 50 gravy bowls each on five tables. There were four Archers at each table. My, we had a hungry crowd!

Diane Leath and **Fred Locke** brought a pack of hound dogs to gobble up the food dropped from the tables.

Dave Terrill and **Danny Oesch** were the parking attendants while **Nancy DeBrular** and **Brenda Harper** collected the money.

Bonnie Strutz and **Steve Bowen** supplied the pumpkin pie while **Cindy Miller** and **Dave Crapo** brought a ton of whipping cream.

After three hours of hearty eating, everyone decided to try to get away from the table and attempt to put on his formal attire for the big dance that night. Alas, no one could move!

And **Susie Harrod** and **John Weaver** found them still there Monday morning.

Sharyan Yerger Plans To Enter Medical School

Though one may think that collecting leaves and recipes are unusual hobbies for a person interested in being a doctor of medicine, freshman Sharyan Yerger spends many enjoyable hours with these.

Sharyan, who is on the college course, is taking biology, algebra, Latin, English, health, and gym. Biology and algebra are her favorite subjects.

"Out of this world" is Sharyan's description of South Side's extra-curricular activities. Wranglers, band, Safety Council, and Biology Club claim much of her free time.

"More campaigning ought to be done before class officers are elected," states Sharyan, expressing her attitude on class elections. She also feels that the freshman class should be able to have class officers.

When asked about her first day at South, she describes her feelings in one word, "Bewildered"; but she now thinks South is a wonderful and friendly school.

To obtain the best education possible is Sharyan's goal while in high school. She hopes South Side will help in building her character and personality. To accomplish this she plans to study and work up to her capacity. "I can get the best from South Side because it offers the best," she remarked.

Not all of Sharyan's time is spent at school. One can find her practically every Sunday sitting in a pew at Turner Chapel where she attends church. Being an active member of the youth group and choir requires both time and energy. She plans to go even further and utilize her talents by taking part in the church Christmas activities.

Steve Burton Rivals Tarzan With Odd Pet

Tarzan has nothing on Steve Burton! Steve, a junior, is keeping an alligator right in the midst of civilization!

Steve's uncle brought the alligator, whose name is Elwood, from California to reside at the Burton home.

At first glance Elwood appears to be a typical, well-adjusted alligator.

In spite of the fact that he is just a baby, he is almost four feet long. His coloring is dark brown and he has bright, shiny brown eyes. His feet are small and webbed, and he has a long, curled tail.

He always seems to be sneering because he has a peculiar smile with his long teeth showing, and he keeps one eye more closed than the other.

From his description Elwood seems to be just like most other alligators. However, there is something a trifle unusual about Elwood; he never sleeps. He just can't ever seem to be able to close his eyes. He has a very small appetite. As a matter of fact he NEVER eats.

The reason for Elwood's highly unusual behavior is quite simple. Elwood is an alligator . . . of the stuffed variety.

Sparkling Speaker Captures Attention In Conversations

Do others hang on to every word you speak? Does it seem that you are in the center of many conversations? Do you have a colorful and exciting way of expressing the recent history text, the party last night, and your week end at the state university?

If not, your conversational habits are in need of a change. Perhaps it may be a drastic change, or on the other hand it may be that you simply are in need of a larger and more vibrant vocabulary. The following vocabulary quiz, a good start to enlarging and giving color to your vocabulary, will help in becoming a conversationalist who has many listeners.

1. **extrinsic**
   a. severe, b. free from entanglement, c. external
2. **invulnerable**
   a. uninteresting, b. incapable of being wounded, c. morally offensive
3. **capriciously**
   a. whimsical, b. wasteful, c. belonging to all the world
4. **deplorable**
   a. unreherased, b. unbearable, c. wretched, grievous
5. **proponent**
   a. competitor, b. advocate, c. objector
6. **impiety**
   a. impudence, b. wastefulness, c. wickedness
7. **abracadabra**
   a. pretended spell, b. insult, c. heart disease
8. **countervail**
   a. offset, b. revoke, c. argue
9. **geriatrics**
   Branch of medicine dealing with a. ailments of the liver, b. disease of the blood, c. old age
10. **divest**
    a. to scatter, b. strip or deprive, c. endow

The following are the right answers: 1—A, 2—B, 3—A, 4—C, 5—B, 6—C, 7—A, 8—A, 9—C, 10—B.

South Siders State Ideas On Courtesy; Are Students Polite?

Courtesy is a common word,
A word we've used, a word we've heard.
But because of rush and hustle,
Is it dying out like the bustle?

This writer decided to do some questioning, and see if people thought that courtesy was contageous. These are the comments which were received:

Jenny Manth: "Yes. Aren't all diseases?"

Karen Good: "No. Only measles and mumps are contageous."

Cindy Russell: "It rubs off, like soap."

Paul Sorg: "The courteous population is dwindling."

Bev Liggett: "I think courtesy is dying. When's the last time I've met a gentleman?"

Bonnie Russell: "If anybody's courteous, they haven't caught the habit from me."

Maurine Schultz: "I think it's a chain reaction. When I see somebody doing something kind, I try to be considerate, too."

Susie Rousseau: "I haven't decided, yet."

Barbara Smith: "I think there should be more of it."

Mary Zimmerman: "Hardly anybody bothers to think about it anymore."

Steve Kunkle: "I feel that when I see someone being courteous, I have an obligation to mankind."

Mimi Hinman: "It spreads, like dandruff."

Barbara Steiner: "I think it all depends on where you are."

Sigrid Tagtmeyer: "If parents are polite, children will follow their example."

Diane Saalfrank: "I hear that the guys at Howe Military are offering an excellent course in politeness. Maybe it would be a good idea if some of the South Side fellows would sign up for instructions."

Homeroom News

Sue Rousseau, Homeroom News Editor

Connie Reed of Homeroom 82 went to a Halloween dance held by the Civil Air Patrol. While Jeanie Pollom visited her sister at North Manchester College, David Pritchard spent Veteran's Day rabbit hunting . . . Karin Rahden had the pleasure to entertain one of the Cleveland, O., football players, who played opposite her brother in the Concordia game.—Sue Penland, reporter

z z z

Ah! Teachers' Convention! Tom Erb, Kay Falb, and Karen Finfrock of Homeroom 70 enjoyed a hayride given by Beth Burnett and Betsy Adams. Kay also received an inspiring message from Billy Graham at Indianapolis . . . Tim Grodrian visited his sister . . . Marcia Evilsizer spent two days at her grandfather's in Bluffton. —Marcia Evilsizer, reporter

z z z

In Homeroom 50, Charlene Laubscher went to Ligonier to visit a girl friend . . . Barry McMillen went to the lake over Teachers' Convention week end and to a Purdue football game . . . Ellen McCarron simply relaxed and enjoyed herself . . . Ruby Martin and Karen Johnson went to a wiener roast held at Mary Follis' house.—Marilyn Miner, reporter

Peggy Schmidt was too busy to worry about the ghosts and goblins for she was sharing her holiday with the chickens and pigs on her farm in Huntington. Peggy kept a bull on her farm and I guess it wanted to share the holiday with her so badly that it chased her all the way across the field, but Peggy out-ran him by a horn. By the way, Peg, how do you enjoy the standing view in all of your classes? With what little energy she had left, she celebrated her birthday.

The boys wound up the week end with their favorite sports. Dave Rodenbeck went bowling. John Rupel went to a hockey game. Last, but not least, Larry Schneider, after participating in the South Side bowling and golf tournaments, completed his week end by fishing in Michigan.—Nancy Robinson, reporter

z z z

Nancy Gift of Homeroom 98 took a week-end trip with her family to Aashland, O., to visit relatives . . . Judy Koontz went to Ft. Leonard Wood, Mo., over Teachers' Convention . . . Dave Martin went camping on a farm 40 miles from here . . . Sue Maxson visited a farm in this vicinity.

Nancy Matlock had company from southern Indiana at her home over Teachers' Convention . . . Barb Markiton went to a Halloween party . . . Carol Lewis went to a hayride, Halloween party, and slumber party in one night.

Steve Kunkle had a lot of fun at a Halloween party . . . Camille Luther took her younger brother trick-or-treating.—Marilyn Masters, reporter

z z z

Homeroom 172 is happy to welcome Mrs. Schang, the new homeroom teacher. Prior to coming to South Side, Mrs. Schang was a secretary at International Telephone Laboratories. She is a graduate of Ball State Teachers' College.

Many of the members attended the DeMolay hayride at Robinson Park . . . Barb Altevogt, Betsy Adams, and Rosemary Capps went to the South-Huntington football game. Rosemary was watching the game half-unconsciously, when she was hit on the head with a football—Barb Altevogt, reporter

z z z

Homeroom 60 is very proud of Emmitt Bowen who was lineman of the week . . . Emmitt did a fine job in the South-Central game a few weeks ago . . . Kenny Buchan is another hard-working member of Homeroom 60 . . . Kenny goes to school one-half of a day and works 40 hours per week. He is going to either Purdue or Indiana Extension next year.

Patty Brown plans to visit different campuses this year . . . You'll be hearing a lot from Joyce Brittenham this year. Joyce is the star soloist for the concert choir. She plans to take nurse's training at Parkview Hospital or Indiana Central College . . . Jo-Ann Bressler is going to the Fort Wayne Beauty College so she can become a beautician.

After graduation, Ron Carlo plans to go to either Michigan University or Indiana University and study medicine or engineering . . . Dave Bosselmann was chosen as one of the new Active Candidates of the Hi-Y Club! Congratulations, Dave! . . . Homeroom 60 has a new teacher—Mr. Stephen Berg. Mr. Berg teaches citizenship and government. This year we can proudly claim the title of seniors!!!—Julie Carr, reporter

z z z

Marsha Sills of Homeroom 52 went on a hayride and to a party . . . Ginny Southworth went to Indianapolis to see Billy Graham . . . Allen Sheldon went to a football game at Purdue . . . Jenny Slater went to Columbus, O., to visit her aunt and uncle.—Barbara Spiers, reporter

z z z

Several of the students in Homeroom 88 have taken part-time jobs of all varieties, which they manage to hold in spite of the school work that occupies much of their time. Joan Stanton works in a doctor's office as a receptionist on Saturdays . . . Larry Sievers is a sales clerk at Smiley's Drug Store after school and on week ends.

Ron Simon is employed at Liberty Gourmet doing all sorts of odd jobs . . . Bobbi Jo Ross is also a sales clerk at Grant's Department Store . . . Pam Stech and Barb Steiner receive no pay for their work as nurserettes at Parkview Hospital. Pam is employed in central supply, sharpening needles, packaging assorted articles, folding surgical gowns, and running errands in general. Barb works in the business office filing bills.—Carolyn Seivers, reporter

Behind Scenes Advertising Staff Vital To Newspaper Production

GET THOSE ADS! . . . . Hard-working members of the Times advertising staff getting their ad chart up-to-date for next week's issue are, seated, Karen Good, ad manager; Judy Riping, business manager; Sandy Thorn, assistant business manager; and Sally Gelow, assistant ad manager. John Wilks, calendar manager, writes the goal on the board.—Photo by Thompson

Often the people behind the scenes who really contribute a great deal to a production receive little credit. Without these people, little could be accomplished.

So it is with the advertising staff of The South Side Times. Four girls and one boy are consistently busy with readying The Times by collecting the ads which are so necessary in the running of a paper.

Judy Riping, business manager of The Times, is one of these Kellys. In this position, Judy makes certain the paper has enough advertisements each week. She also has been a news writer, bill collector, ad solicitor, credit manager and assistant advertising manager for The Times.

Judy is a Senior A and on the college course. She is taking Spanish 3, Chemistry 2, English 8, and Economics 1. She belongs to Masque and Gavel, Philo, Service, and Junior Red Cross.

Judy had an amusing experience recently when a boy asked her if he could run a four-page ad of Brigitte Bardot.

Sally Gelow is assistant advertising manager and tie-up manager. She is a junior and on the college course. She is a member of Philo, Assemblies' Workshop, and Junior Red Cross. Sally is taking journalism, developmental reading, French 1, occasional choir, U.S. History 2, and English 6.

John Wilks, Junior B, is the person responsible for the calendar make-up. He is on the college course and is taking English 5, Geometry 3, developmental reading, U.S. History 1, and Physics 1. His pet peeve is a person who changes his mind about an ad.

Sandy Thorn, sophomore A, is another Kelly responsible for the advertising in The Times. She is assistant business manager. Her duties include taking care of ad solicitors, preparing the ad list, getting copy to the press, and checking the ads.

Sandy is taking developmental reading, Latin 4, dance, English 4, General History 2, and Geometry 2. She is on the college course and plans to attend Ball State College. Sandy is Meterite president, a member of the 1500 Club, and a service worker.

Karen Good is advertising manager and previously had been an ad solicitor and news writer. She is a Senior B and is on the college course taking journalism, sociology, speech, occasional orchestra, and Chemistry 1.

Karen is a member of Wranglers and Philo. She spends her spare time ice skating and playing the violin.

Principal Praises

(Continued from Page 1)

the particular school was doing the best for its people and its purposes."

After his return, however, Mr. Snider made several comparisons. One of the comparisons was that South Side was larger than the foreign schools. Many of the foreign schools are much newer than South, while others are old war-time buildings.

# # #

AT EACH SCHOOL, the men talked to students who previously attended schools in the United States. The American students agreed that the work in the foreign schools was more difficult than their work in American schools.

One of the major problems of the schools is that students enter and withdraw at various times, because their parents are transferred to the islands of Armed Forces work. The faculty turnover is also high.

The schools must provide a tutorial form of schooling dealing directly with the individual. The faculty consists mostly of teachers who have leaves of absence from their teaching positions in the United States. Other teachers are the wives of the Armed Forces' personnel. All teachers are college graduates who have teaching licenses.

Mr. Snider was impressed with the good facilities and the wide curriculum in the foreign schools. The schools offered four years of English, mathematics, and science. The majority of schools offered three languages, business courses, economics, shop, and art. "The Armed Services are very interested in the schools, which helps a great deal," commented Mr. Snider.

# # #

OUR PRINCIPAL met three former friends while visiting the foreign lands. In Japan, Mr. Snider had dinner with Mr. Tilson L. King, who was once coach at Ossian High School. Mr. Snider met Mr. Gary Weiss, a graduate of South Side, a Lieutenant in the Air Force, at the Tachikana Air Base in Tokyo. He also met the former Miss Frost, now Mrs. David Coulter, a South graduate. Mr. Coulter is a major stationed in Guam.

Some interesting statistics compiled by the Archer principal are that he traveled 24,378 miles by plane, 350 miles by train, 1,640 miles by car, and 30 miles in a Japanese sixty-yen taxi.

When asked if he was happy to return to South, Mr. Snider smiled and replied, "I am very happy to see that South has been running so well. I appreciate the work of Mr. Ora Davis, director of guidance; Miss Pauline Van Gorder, dean of girls; and the entire faculty, who did such a good job during my absence."

Latin Club To Give Christmas Plays

Two short Saturnalia (Christmas) plays will be presented at the Tuesday meeting of Societas Latina in the Greeley Room at 3:30 p.m. Mr. Earl Sterner is working with six girls from his Latin 5 class on these plays.

Officers of Societas Latina, Dave Schwalm, Stan Redding, and Ann Plogsterth, met with Mrs. Anne Redmond and Mr. Fred Hellman to discuss plans for the remaining meetings of the club. Although nothing was definitely decided, January will be set aside for a discussion of Roman and Greek art; February, a discussion of Roman meals; March, a discussion of mythology; and April will end the year with a Roman banquet.

EVENTS TO COME

Thursday, December 3
- Masque and Gavel, Room 112, 3:30 p.m.
- Math Section, Room 36, 3:30 p.m.
- Safety Council, Room 178, 3:30 p.m.
- Lettermen, Room 112, 7 p.m.

Friday, December 4
- GAA Basketball, 3:30 p.m.
- Winter Musical

Monday, December 7
- Wranglers, Room 112, 3:30 p.m.
- Hi-Y, 7:30 p.m.
- GAA Basketball, 3:30 p.m.
- Room 112 decorated, a.m.
- Astro-Physics Section. Room 76, 3:30 p.m.

Tuesday, December 8
- Camera Club, Room 14, 3:30 p.m.
- Know-Your-City Club, Room 110, 3:30 p.m.
- Senior Reception of Parents, 8 to 9:30 p.m.
- Latin Club, Room 112, 3:30 p.m.
- Nuclear Physics, 3:30 p.m.

Wednesday, December 9
- Vesta Club, Room 112, 3:30 p.m.
- Designers Associated, Room 44, 3:30 p.m.

See Your Times Agent

Act now! Let your girlfriend, boyfriend, teacher, and parent read your own personal Christmas greetings to them in The South Side Times.

See your Times room agent for information about getting your greetings in the December 17 issue.

Family Group Gives Thanks At Convocation

A family living in the present day related various scenes of the past through flashbacks in this year's annual Thanksgiving Assembly, "We Gather Together," presented November 25. Beth Golden served as general chairman of the assembly.

Principal characters were those in the modern family, which reappeared intermittently relating various scenes of the past. JoAnn High, Steve Meyers, Gretchen Meister, and John McNett made up the family group.

In the Pioneer scene the modern parents related to their children the joys experienced by the pilgrims, and a group from the fourth period choir sang "Now We Thank Thee All Our God."

Steve Black represented Abraham Lincoln, and Loren Stanski, a senior from fifth period choir, sang "The President's Hymn" in the scene depicting the Civil War.

After the Father reminisced about his return from the Second World War, the fifth period choir sang Harry Simeon's arrangement of "Grandma's Thanksgiving."

"Come Ye Thankful People Come," sung by the fifth period choir began the church service. Dick Rothberg gave a sermon and the assembly ended as the choir sang "We Gather Together."

$774.60 Banked In Two Weeks

The amount of $234.55 was banked the week of November 17.

The three rooms which turned in the most receipts are Miss Lutie Young's Homeroom 156 with $18.50, Mr. Robert Weber's Homeroom 76 with $15, and Mr. Robert Petty's Homeroom 74 with $14.

Total receipts received the week of November 24 were $540.05.

The three rooms which turned in the most receipts are first, Mr. Peirce's Homeroom 92 with $200; second, Mr. Ronald Gersmehl's Homeroom 66 with $34.20; and third, Miss Olive Perkins' Room 90 with $30.50.

Astro-Physics Club To Discuss Stars

The Constellations will be discussed at the Astro-Physics Club on Monday in Room 98 at 3:30 p.m. Don Nelson, president of the club, reports that they will also discuss an article about the sun.

New Lounge To Provide Relaxation For Teachers

HIDDEN TALENT . . . . Mr. David ("Keys") Cramer is about to display his newly discovered musical abilities at the keyboard of the piano in the new teachers' lounge. Mr. Robert Storey, far left, and Mr. Charles Billiard prepare to listen in.—Photo by Thompson

The faculty now has its first real lounge in 21 years! A faculty lounge and conference room have been constructed at the north end of the second floor of the school building. The lounge is the first designed especially to accommodate the teachers since the second story was completed in 1938. Since the original lounge became part of the general office and the hall, the faculty members had to use Rooms 106 and 102 as temporary lounges.

"Floating" teachers, those without rooms of their own, use the conference room to meet with students. The room is specifically designed for this purpose. Four small rooms, each furnished with two chairs and a table, branch off from the main room so that teachers may privately confer with their students.

Five desks, several chairs, and a telephone are provided in the main room for the convenience of the faculty members.

Be A Success!

Have you always dreamed of being a success? Then follow these directions!

Always chew your gum in class . . . it strengthens your jaw muscles.

Never do what you are told . . . it shows you are independent.

Tiptoe through the NO PASSAGE zones . . . maybe you won't get caught.

When you say you're selling turtles tell people they are alive.

Never watch "Huckleberry Hound" and be completely "out of it."

Study during assemblies; maybe you'll pass that test.

When you forget your lunch in the restroom fourth period, pretend you are on a diet.

Draw pictures on your desk. This shows your ability in art and gives the Hi-Y Club something to do!

Come late to class . . . avoid the rush.

Scuff your feet in the halls . . . it keeps your shoes on.

Throw paper airplanes . . . maybe you'll claim the moon for South Side.

Trip kids in the hall; this shows you are quick on your feet.

Keep your feet in the aisle . . . they fill up the empty space between the rows.

Learn to sleep in class without nodding your head; it is helpful in avoiding eighth periods.

Alcohol, Narcotics Class To See Films

Miss Edith Crowe's Alcohol and Narcotics class will view three films, "Alcohol Is Dynamite," "What About Drinking?", and "The Vicious Circle," on December 8 in the Greeley Room.

In "Alcohol Is Dynamite" several typical case histories are shown that are examples of the tragic consequences that may happen to young people who experiment with drinking.

A group discussion by teenagers on the use of alcoholic beverages is presented in "What About Drinking."

The "Vicious Circle" depicts the power of advertising over the public's mind.

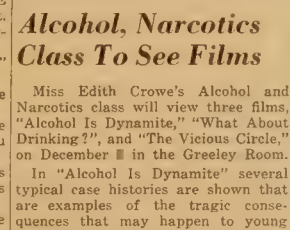
Rifle Club Enters National Contest

Ten members of the Girls' Rifle Club have entered their first national postal match of the year with targets shot at their November 24 meeting.

Five such matches are sponsored annually between November and March by the National Rifle Association. For a small fee, any club may become a participating team and compete with hundreds of other organizations from every state in the United States and also from a few foreign countries.

Each month 10 girls shoot targets which are submitted to Mr. Floyd Williams in Beverly Shores, Ind., for judging. The best five targets are accepted as the club's entry.

Mr. Williams scores targets from Indiana and four neighboring states before sending his results to the National Rifle Association headquarters in Washington, D.C. There, scores submitted by all the district judges are compiled into a final list of standings, copies of which are mailed to all participating teams.



Entered in the November match are Pat Abbott, Jacquelyn Berry, Sue Blaising, Rebecca Collins, Connie Franz, Judy Godman, Kathleen Petty, Joanne Rose, Nancy Rose, and Pat Wilson.

The club has only entered these matches in two previous years. Once, four years ago, they were ranked seventeenth in the United States.

Annual Chili Supper Serves 500 People

"The annual PTA chili supper was very successful, although we didn't have as big turnout as last year," stated Mrs. Lowell Redding, chairman of the event. Approximately five hundred people were served at the supper, which was in the new cafeteria.

Profits from the supper will go for items included in the PTA budget.

Archers Drop Tigers, Cadets, Fall To Cards

Kellys Bow To Southport; Exert Wrath On Concordia

Cardinals Cop Overtime; Green Clobbers Purple In Easy Cage Victory

South Side's rugged Archers continued their dominance over city rivals last Saturday with a 63-42 swamping of Concordia at North Side gym. The victory extended South's winning skein to 31 consecutive games of City Series competition.

The Kellys hit 10 of 20 field goal attempts in the first quarter and continued to pile away a safe margin over an inept Cadet squad. Concordia was obviously helpless against the tough Archer defense so characteristic of a Reichert team. The Cadets became so befuddled that even when they got open shots they could not hit.

* * *

CONCORDIA, who had run up 92 points against Decatur, hit only 11 field goals for an anemic .109 percentage. Garry Novak, who previously had scored 24 points, was completely shut out, but was fortunate enough to hit the backboard upon occasion. Jerry Widenhofer led Cadet scoring with 11 while Tom Reiter tallied 10.

The Archers ran into quite a bit of foul trouble in the first two periods, but the substitutes put on performances equal to those of the starters. Dave Barrett led Kelly scoring with 12 points, though he didn't start. The rest of the Archer scoring was well-balanced as everyone played except the student managers.

Dave Hickman, Gus Wade, Steve Hargan, and Dave Barrett controlled the boards for the Green and White; and, at one time, South took five rebounds on one play before scoring. Acie Eldridge and Ken Leakey made things rough on the Cadets by consistently stealing the ball.

* * *

SOUTH SHOWED good promise for future City Series games in soundly trouncing a team that was supposed to give them a real battle. The Kellys successfully stopped the Concordia offense, which was considered their strong point.

* * *

SOUTH SIDE ARCHERS sampled defeat last Wednesday night at South Side as they fell at the hands of the Southport Cardinals, 51-47, in the Green's second overtime contest this season.

This hardwood battle featured everything typical of an early-season game. Both teams frequently threw the ball away and fouls were everpresent. Neither squad seemed to have complete control of the ball at any time. Several players on both teams attempted to dribble the ball on their respective feet.

* * *

THE FIRST quarter, as well as the whole game, was typified by bad ball handling. But both squads were hot on defense. Acie Eldridge hampered the Cards' offense with his defensive tactics, and he stole the ball often. Also, Eldridge and Ken Howe turned in some fine assists. That same pair was responsible for all South's field goals in the first period.

Play was rough in the starting stanza, and Cardinal forward Fred Fleetwood was taken out of the game temporarily with a bloody nose. Thanks to good defense, the first quarter score was 10-8 in favor of Southport.

In the second period, neither squad could yet hang onto the ball. As a result, scoring was still subdued. The Archers substituted for four of the starting five. They played an unbalanced floor, frequently getting the ball jammed into the corner. There were many bad passes which the Cards converted into baskets. However, the Red and White also played mediocre ball, keeping the score fairly static. The half-time score showed Southport still on top, 24-20.

* * *

The second half started off with a bang, which must have been from a cannon which shot a hole in the Archer defense. The Cards got several easy baskets in a row on simple lay-ups without a Kelly near. After a South Side time out, the Archers came back only to throw the ball directly to their opponents five times. This was the epitome of the sloppy play, and another Archer time-out was called for reorganization.

After this pause, Southport led 33-23; but the Green, late in the period, started a comeback. Eldridge, Barrett, and Hickman poured in goals to make the third period score 36-31 in favor of the Cards.

The South Side spurt continued into the fourth quarter, and on goals by Barrett and Bolyard, and the newly-applied zone defense, the Kellys took the lead, 37-36. From then on, the Archers kept their lead at two or four points.

Ahead four points, the Archers called time to plan with 34 seconds to go. After the time-out, the Cards scored, making the score 47-45 South, with 10 seconds to go.

But, as the Green passed the ball in, it went right into the hands of Fred Fleetwood who canned the tying points as the final gun sounded.

The Cards took over in the overtime, and on a goal by Fleetwood and a pair of foul shots by Woerner, Southport copped the contest.

Neither team was hot from the floor, with the Archers hitting .302 and the Cards sacking .282 of their shots. Foul shots made the difference as both teams had the same number of field goals. However, the Cards banged 17 for 25 from the foul line while South managed only 13 for 24.

Carter's Corner

By Jim Carter

Much to the surprise of many, the I-told-you-so's of a few, and the excitement of all, the South Side cagers have served notice to their foes and area fans that they will be far from pushovers in the 1959-60 season. There is still a very long way to go before the Kellys can hope to beat Central's favored Tigers, but they have shown good potential. Coach Don Reichert has again exhibited his hardwood genius for molding a good nucleus and plenty of desire into a winning team.

Center Dave Barrett has been the biggest gun in the Archer attack, as was expected; and he now ranks fourth in the city in scoring, with the capability to go even higher. Forward Dave Hickman and guard Acie Eldridge are both doing fine jobs at their positions and averaging 8.7 points each. Both have shown on defense as well, and Hickman has been very good at helping Barrett snag those rebounds.

Sophomore Ken Leakey's play has been one of the most noticeable features at the guard position. With a little more experience, it is highly possible that he may see action as a starter before the season is over.

Other front-liners, Gus Wade, Dave Anderson, Steve Hargan, and Bob Bolyard definitely lack experience. Nevertheless, they are progressing rapidly, as was demonstrated by some good play by each against Concordia. Sophomore Ken Robinson also showed some excellent potential in the Cadet contest.

* * *

In the Bluffton game the Green showed its determination and fight with a fine come-from-behind drive which should have won, and the Archer fans responded with wonderful vocal support, almost "raising the roof three feet" as Coach Reichert requested. Bluffton tied it up to force an overtime, but the Archers kept going strong to pull out a 59-53 win.

Against Southport, however, the inexperience and ball-handling errors caught up with South. When the same tremendous late rally surged the Green into a seven-point lead, the game seemed to be in the bag. The Cardinals, a more experienced crew, took full advantage of the late Kelly mistakes, tied the score forcing the second overtime in as many games, and held the home forces scoreless in the additional three minutes to emerge victorious, 51-47.

The Concordia game was supposed to be close, largely on the strength of the Maroon's easy 40-point romp over Decatur. But the Cadets found South quite different from Decatur, and once again the old adage "They don't score too many points against a Reichert team" held true. The sticky Kelly defense limited Concordia to a mere 11 field goals, while giving them 20 on charity tosses. The final margin was 63-42, and it easily could have been larger.

* * *

Overall, South showed good rebounding and defense, with the zone most effective. On the rebounds, however, especially versus Southport, the Kellys were tied up an excessive number of times. Under the present IHSAA rule, a jump-ball must be called as soon as two opposing players are both in contact with the ball. When Barrett, Hickman, and the other tall Archers would come down with a rebound, they would find their hands empty or a whistle blowing before they could hit the floor. This same situation plagued the Green in last year's Central games.

* * *

In other city contests, 12 of 13 games turned out as this column's wild guesses listed them. The lone exception was Anderson's 59-55 upset of Central in their opener.

The Tigers still appear to be the team to beat, as they proved by leveling rugged South Bend Central, 71-62. The Bengals are tied for fourth in the overall standings with a 1-1 record, but with such shooters as T. C. Williams, Willie Curry, and company, their stock is due for a big rise.

* * *

Here are this week's blindfolded picks, with a few appropriate explanations:

1. **C.C. vs. Mishawaka**—Mishawaka shows some startling Irish weaknesses in handing them their first defeat. The Cavemen came close to beating well-regarded Logansport last week.
2. **Central vs. North**—Central all the way, for many obvious reasons.
3. **Kendallville vs. Elmhurst**—Take Kendallville, who came within six of C.C. in their opener.
4. **C.C. vs. Concordia**—The Irish are too tall and talented for the Cadets, so pick C.C.
5. **South vs. Huntington**—A week's practice helps as the Kellys settle down to avenge that unmentionable football defeat and make their record 3-1.
6. **Central vs. Elmhurst**—Absolutely no contest, as the Trojans get an extremely rough initiation into city ranks at the hands of the Bengals.

Archers Cage Bluffton Tigers In 59-53 Battle

Barrett, Eldridge Lead Kellys' Scoring As Team Gets Off To Good Start

South Side's mighty Archers proved that they won't be pushovers this season; for they fought off a nine-point half-time deficit to defeat the Bluffton Tigers, 59-53, in a thrilling overtime in the South Side gym.

The Kellys' star player was Dave Barrett, a 6-5 senior, who collected 21 points on 10 fielders and a free throw.

Barrett, the only returning starter from last year's varsity, staged a terrific duel with Bluffton's star center, Mike Milholland. Although the South Side center fouled out of the contest with only 14 seconds remaining in the overtime, he held Milholland to 16 points, a fine defensive accomplishment.

* * *

THE HOME FORCES jumped off to a 7-3 lead in the first quarter, Gary Gardner's opening basket leading the way. However, the Tigers fought back to take an 18-15 lead at the first break. The Black expanded their lead to 34-25 at the half, Milholland and Bob Purkhiser carrying the load of the scoring punch as the visitors gained confidence.

The second half was a different story as the Archers outscored the Bengals, 34-19. With only six minutes remaining, the Kellys closed the gap with some fine defensive work by junior guard Acie Eldridge. Timely shooting by Barrett and sophomore guard Ken Leakey resulted in a 51-51 tie at the conclusion of the 32 minutes of regular play.

* * *

THE KELLYS LOOKED in mid-season form as they took command in the three-minute overtime. Barrett and senior Ken Howe each hit a fielder, and Eldridge tallied two free throws and a two-pointer to Bluffton's sole two points.

The fans were really behind the Green in this one, for the gym practically shook in the final 11 minutes of action.

* * *

COACH DON REICHERT and his aides were very satisfied and a little surprised with their boys' fine showing. Coach Reichert used nine of the 12 dressed for varsity action and experimented to find a good combination.

The win was the third straight opening game for the Kellys, who evened Bluffton's record at 1-1.

Varsity, Reserve Football Teams Honored At Dads' Club Banquet

DADS HONOR TEAM . . . . Pictured above are the speakers which appeared at the November 18 banquet for the varsity and reserve football teams presented by the South Side Dad's Club. The banquet took place at Hall's Guest House.—Photo by Thompson

South Side's varsity and reserve football teams were honored by the South Side Dad's Club on Wednesday, November 18, at Hall's Guest House.

The feature of the banquet, which was attended by 128 boys and dads, was a speech by South Side English teacher Mr. Ronald Gersmehl.

After the dinner, toastmaster Dr. V. K. McMahan welcomed all the players and fathers and thanked Mrs. Johnson and Mrs. Somers for the beautiful decorations on the walls and tables. Then, speaking for the dads, Dr. G. H. Somers thanked all the team members for their efforts during the past season and offered hope that the Archers would be playing football in a new stadium by next year.

History teacher and former coach George Collyer represented the faculty and related to the team the fact that there were many second guessers on the faculty who were always glad to voice their opinions on Monday morning. Mr. Collyer also stated that the faculty was behind the team in all its efforts.

* * *

MR. COLLYER was followed by Dan Tritch, co-captain of this year's team. In his talk, Dan thanked the coaching staff for its hard work and patience, and especially cited the new defensive coach, Mr. Robert Baker, for his work with the team. Dan also stated that football would help the player as a student and in later life as an adult by teaching him leadership, concentration, the importance of teamwork, and how to take orders.

The surprise of the evening came when Terry Berk, speaking on behalf of the Dad's Club, presented Dr. Somers with a beautiful mahogany and bronze plaque for his outstanding leadership, both as a founder of the Dad's Club and as team physician for the past two years.

Athletic Director Wayne Scott then introduced the coaches. Head Coach Robert Gernand followed by pointing out that the Archers lost to some very creditable and rugged teams during the past season and gave hope that next year's team would improve on their 1959 record.

* * *

HIGHLIGHTING the evening's entertainment was an enlightening speech by Mr. Ronald Gersmehl, former football, basketball, and baseball coach at Concordia High School and now an English teacher at South. In his talk, Mr. Gersmehl stressed the fact that the efforts a boy displays in football are indicative of the efforts he will exert in later life. He also pointed out that work in the classroom and on the field are based on the same effort, and a boy who does not try hard in the classroom will exhibit the same attitude on the playing field.

After Mr. Gersmehl's speech, Dr. W. J. Gernand gave the benediction. Movies of the Central Catholic and Royerton games were then shown to the group.

Kellys To Seek Revenge On Huntington Court

Archers After Third Conquest At Huntington

Vikings Lack Height; Archers Will Exhibit More Game Experience

South Side's mighty Archers will invade the Huntington Community Gymnasium to tackle the Huntington Vikings Saturday night at 8:15 p.m. South will attempt to avenge the loss suffered from Huntington during the football campaign.

In last season's contest, the Green trounced the Vikes 72-55. Tom Bolyard set a scoring record in that game by scoring 40 points.

Huntington has five returning lettermen this year, three of whom were starters last year. Coach Bob Straight has a fine team to work with and a good year is expected for the Red and Black.

z z z

THE VIKES LACK the needed height to become a championship team as their starters average five feet, 11 inches. The bench strength will also be weak for not one member of the second team is over six feet.

Starting at the forward positions will be Ken Tewel and Kent Paul. Ken Tewel, a six-foot senior, has been on the team for two previous seasons and the Vikes' fans are expecting much out of him in this year's hardwood season. Tewel is well-known all over the state for his fine performances as quarterback on Huntington's undefeated football team.

Kent Paul is a new face on the squad. Paul, standing 6-2, came up from the reserves this year and being only a junior, has a great high school basketball career ahead of him.

z z z

JOHN OWEN, center, is another starter returning from last year. Owen stands 6-2 and is a senior. He was good at the forward position last season and because of his height and consistent scoring ability, was moved to the center slot this year.

At the guards will be Ron Handwork and Glen Fahrnow. Both of these boys were on the second team and provided excellent bench strength. Fahrnow stands 5-8 and Handwork 5-9. Both boys are seniors.

South will have played three games by the date of the game and Huntington will have only played two. With more experience, the Archers may adjust to the different styles of playing of their opponents.

z z z

COACH REICHERT is not sure of his starting lineup and will tell by the way the boys work in the games and at the practice sessions.

All-City Team Claims Olinske From South Side

Howe, Dawson Cop Second String Honors; Seven Tigers Named

Central's City Champion Tigers dominated the All-City Football Team by placing seven starters on the first team. South Side placed only one player, that being guard Jim Olinske. Central Catholic rounded out the starting squad with three players gaining positions.

Olinske was given recognition for his consistently rugged play during the season, while tackle Jim Dawson and end Kenny Howe made the second team. Archers receiving honorable mention included Chris Parrott, Tom Duff, Steve Burton, John Somers, Emmitt Bowen, Dan Tritch, Bob Griffiths, and Frank Lude.

Central halfback T. C. Williams, center Dick Bates, and quarterback Jim Keim ranked high in All-State selections also. Williams led city scoring with 66 points, while Leroy Carcione of Central Catholic was second with 54.

Reserve Cagers Cop First Three Games

Archers Whip Tigers, Cards, Cadets; Kellys Begin Season Strong

Opening the 1959-60 hardwood season with a happy note, the South Side reserve quintet rambled to a 49-32 decision over the Bluffton Tigers in the Archer gym on November 20. The Kellys broke up a very close contest in the final quarter by exploding for 21 points while holding their staggered foe to only seven tallies.

z z z

THE STARTING five, consisting of guards, Burton and Platupe; forwards, Zigler and Somers; and center, Johnson, each scored as the Green jumped to a commanding 13-6 lead.

However, Bluffton, which made numerous mistakes in the first quarter, soon found an answer to the Archer defense in the next two quarters. Led by their "hot-shot" guard, Edington, they cut their host's margin to a mere four points by the start of the fourth quarter. Only Johnson's eight-point outburst in the second quarter prevented the Tigers from taking command.

Then came the Archer onslaught. Although only three players scored, South tallied 21 points to sew up the contest. Zigler and Somers combined for 13 tallies, but the big spark came from big sophomore Dave Meek. Dave came from the bench to connect on three out of four field goals, two out of two free throws, and to grab numerous rebounds.

z z z

COACH HOLT was pleased with his team's performance as a whole but was disturbed with its defensive showing. Also weak was the Archers' offensive rebounding. The shooting was rather poor, but first game jitters may have had a hand in that.

z z z

SPARKED BY Ron Zigler, Carl Johnson, and John Somers, the Archer reserve quintet handed the Southport Cardinals a 45-37 verdict at the South Side Gym on November 25 for their second victory.

The Kellys drew their first score as Carl Johnson stripped the nets to place South in a 2-0 lead. Archer spectators witnessed a see-saw battle during the first quarter of play. Southport's four-point advantage near the close of the period was the largest lead.

z z z

BALANCED SCORING continued throughout the second stanza, although it wasn't until midway in the period that the Archers seized solo control of the scoring column. Ron Zigler and Dave Meek blazed the scoring attack, scoring 11 points between them. Zigler's finest shot of the game came with a few seconds remaining in the half. His shot roared through the hoop as the buzzer rang, sustaining a 25-20 margin for the Green and White. South displayed considerable improvement compared to the previous period, outscoring the Cardinals, 17-10.

Martin Platupe quickly extended the mighty Archers' lead to seven at the beginning of third quarter action. Kelly cagers gave the Cardinals no leeway and by the third-quarter mark, South possessed a 35-25 lead, the largest margin in the entire game.

In the fourth period the Green and White began to falter, but eventually regained their strength. Johnson scored and the Southport quintet rallied for eight consecutive points, narrowing South's lead to 37-33. South began to show poor passing and weak defense. Although they still led by four, the Archers were not satisfied.

After a brief talk from Coach Porky Holt the Kellys came back on the hardwood playing in true South Side style. As the final buzzer rang ending the game the score read South 45 and Southport 37.

As far as defense, the Kelly reserves are very strong. Johnson, Somers, and Platupe broke up many key plays during the game. Johnson and Somers were great on the backboards as they dominated rebounding control for the Archers.

z z z

AS THE ARCHER varsity squad marked up its 31st consecutive victory over city foes and second victory in three games, the reserve squad powered its way to its third consecutive win of the season. The reserve boys defeated Concordia, 45-32, in a hectic offensive game at the North Side Gym.

z z z

WITH A STARTING lineup of Burton, Johnson, Somers, Zigler, and Platupe, the Archers were never behind as these five tall boys grabbed most of the tips and rebounds throughout the first quarter. A tight defense, which permitted only two baskets, and a classy offense powered the Archers to a 16-7 first-quarter lead.

At the outset of the second quarter, Coach Holt substituted his second platoon, which gained only eight points, but played a more deliberate game. This squad was led by Tom McMahan, who totaled six points in the quarter. The second platoon also held the Cadet offense to three shots, all of which scored.

Concordia showed an up and coming Dave Widenhofer, who provided most of their offensive punch in the first half. In the second half, Al Colvin sparked the Cadets.

The Concordia squad must have had a great defensive lesson during halftime, as they were so long in their session they had to enter the second half without a warm-up. The Cadet defense shifted from an all-court press, to a zone, to a half-court press effectively throughout the remainder of the game. But the Archer's classy offense, led by Steve Burton and John Somers, baffled the opposition, leading 36-27 at the close of the third quarter.

z z z

IN THE FINAL period the Archers hit a total of nine points and permitted the Cadet offense only one shot. There was frantic play under the backboards, and in one situation Carl Johnson picked up a technical foul for over-using his elbows while trying to gain a rebound. The Archers again showed a plunging offense which completely stymied the Cadets. While the Archers provided a football-line type of play, the Cadets scored from another line, the foul line. The Concordia squad scored 12 points from the charity line and missed only two attempts during the game.

Mural Men

By Dieter Hillerbrand

After an absence of a year, boxing returns to the South Side Intramural program. A record number of 40 boys have signed up in the three weight divisions.

Practices, which will be held after school on Thursday and Friday, consist of calisthenics and basic fundamentals of boxing. A special emphasis is placed on rope-skipping. Clubs are formed among the boys according to the number of times they can skip rope.

Points are given for participation only, as no championship fights are conducted.

However, extra points can be earned if one is able to make one of the rope-skipping clubs.

All of the boys are doing excellent work, but some who show unusual promise are Bob Bryant, Ron Bynum, Dave Wallace, Jerry Moring, Ron Moring, and Mike Smith. Let's keep up the good work, boys!

Several games were played in Noon and Night League basketball, as the tourney is nearing its end.

Continuing on the victory trail, the Flying Hawks trounced Schwartz's Workers by the score of 35-6. Bill Ausderan again played an excellent game as he poured in 23 points to lead the winners in scoring. Larry Levy was high for the losers with four points.

It was balanced scoring that made the difference, as the Lightweights defeated the Bubble Bouncers, 22-14. Both Tom Schwartz and Jim Vanderford scored six points for the winning team, while Dan Flynn contributed four tallies in a losing cause.

Although Dave Reece scored 15 points, it was in a losing effort as the Basketbenders, led by Jim Dawson's eight points, beat the Rogues by a score of 34-17.

The Dubblers turned back the Motz Monsters to the tune of 19-7. Don Glass led the victors with eight tallies, while Arnold Merin snagged scoring honors on his team with five.

Mike Dunn's 15 points made the difference when the Beat Neats set back the Tindall All Stars, 43-22. Don Dawson's four baskets were high for the All Stars. The Crabs beat the Big Littles by the score of 38-18. Paul Johns scored seven baskets for the winners as Ron Hege led his team with six points.

Bob Lohman scored 13 tallies as the Beatnik Bandits handed the All Americans a 33-22 loss. High man for the losing team was Shep Jefferson with 10 points.

Romping along on the winning trail in the Night League, the Has Beens trounced the Minute Men, 25-20. Steve Meyers poured in nine points to snatch scoring honors among the victors, while Ron Hagerman contributed seven points in a losing cause.

Again it was Mike Dunn's scoring that was the key to victory for the Beat Neats as they nosed out the Basketbenders, 32-29. Mike's 12 points were tops for both teams; Loren Hinderer's eight tallies were high for the losers.

For the second straight game Fred Bowen scored above 20 points, as the Playmakers slaughtered the Dubbers, 70-27. Ollie Davis was also in double figures for the winners with 12 points, while Al Sheldon's 17 points topped the losers.

Doug Smith's Stars, on their way to another championship (the same team captured the heavyweight football title), turned back the Senior All Stars, 37-34. Howard Romanowski poured in 11 points to lead the Stars' scoring, as Phil Gallmeier topped both teams with 12 tallies.

The Beatniks took the Watson Wipers out of competition as they beat them to the tune of 34-28. Ron Heathman's 14 pointers was high for the victors, while Bob Rodocker contributed 10 tallies in a vain effort.

John Biteman tallied 10 as the Slide Rules swarmed over the Maynard Mouse Hounds by a score of 23-13. Dan Belscher scored almost one-third of his team's points as he scored four.

Four games were played in handball. However, another five games were lost by forfeit.

In the first game, Steve Longenberger defeated Steve Sweetman, 15-2, 15-4. Dave Reece beat Jim Vanderford, 15-3, 15-5. Bob Bryant turned back Jim Barnhart, 15-5, 15-8. In the last game, Larry Chen set back Tucker Schiebel, 15-3, 15-4.

Rambling Notes: Up to date, there were 32 games played in the basketball tournament, 12 of which were played in the Night League. However, six games were lost by forfeit. A note from the bowling tourney: a record number of 70 boys participated this year.

Local Teams Challenge South For City Crown

Central, C.C., North Show Good Prospects For 1959-60 Season

Defending City, Sectional, and Regional champions, the 1959-60 Archers will face a difficult task in holding these laurels against some strong city contenders.

Central is the pre-season choice to cart away honors in city competition this year. The Bengals have six lettermen returning, and this includes four of last year's starting five. Only Percy Moore and Bill Boyd, who have been declared ineligible because of age, will be missed.

Although the Tigers, with only one man reaching 6-3, will definitely lack height this year, veteran Coach Herb Banet says that this is the best group of shooters he has ever handled. A last-season returnee is T. C. Williams, who led the Tiger squad with 388 points; while Willie Curry and Willie Rozier had 248 and 141 points respectively.

z z z

BOB TILKER is the tallest man, standing 6-3, and Steve Cress is the shortest at 5-10. Either Tilker or J. C. Lapsley will handle the center position while Williams, Rozier, and Curry will hold down the forward spots. The guard positions will be manned by Cress and Jim Keim.

While Central is boasting its "hottest" shooting team in years, Central Catholic Coach Terry Coonan is proud of the fact that this season's team is the tallest and perhaps the best yet to represent Central Catholic in basketball.

z z z

MR. COONAN lost only three men, all guards, from last year's team; and the Irish starting lineup averages 6-3, with each member boasting at least one year of varsity competition. C.C. has plenty of competition for all varsity berths, and this year's team will have a strong bench.

The Irish will build around Bob Pelkington, a 6-5 senior center, who scored 403 points last season. At the forward positions, Jay Bail and Ray Mueller, both 6-3, appear to have improved since last season.

At the guard positions, Coonan will start Chuck Kegler, a 6-3 converted forward, and John Cook, the team's smallest player, at 5-11.

z z z

THE IRISH, WHO will probably use a man-to-man defense, will meet South in the last game of the regular season on February 19.

At North Side, only the coach, Mr. Byard Hey, is new. The Redskins have three of their five leading scorers back, and seven returnees in all.

Leading the Redskins this year will be All-City representatives Jim Lang and Ron Latham, who scored 296 and 230 points respectively during last year's campaign.

Coach Hey is elated to see the fine competition for every position. North will average over six feet this season.

z z z

MR. HEY BELIEVES that North is coming to the end of many years of futility on the hardwood. He has been stressing defense, and seems well pleased with the team's development along this line.

At the forward and center positions, Lang, Latham, Jack Hallenbeck, Don Goff, and Ron Cummings are the top prospects. Of these, Latham is the tallest, standing 6-2.

Leading the competition for the back court assignments are Norm Snow, Lary Soucie, Stan Heine, Karl Zimmerman, and Jack Smith.

Philo Will Present 'Holly Hop' After South Side-Auburn Game

Christmas Ornaments, Red, Green Packages To Decorate Cafeteria

"Holly Hop," Philo's after-game dance, will be presented tomorrow night in the cafeteria following the Auburn game.

Tickets for the dance are 50 cents and may be purchased from any Philo member or from Mrs. Evlyn Spray in Room 156. Sally Capps, ticket chairman, said that tickets would be sold until 3:30 p.m. Friday, but could not be purchased at the door.

Marge Bauer and Susan Bond, decoration chairmen, announced that the decorations would include large holly leaves and red Christmas balls placed on the frames over the windows. The tables will be wrapped to look like Christmas packages. Ribbon will extend from the ends of the tables to the center to make a bow.

"Programs will be made of red and green construction paper with white lettering," stated Barbara Dennis, program chairman. Mimi Hinman is assisting Barb in making the programs.

Chairman of the chaperon committee, Marilyn Miner, announced that the chaperons would be Miss Pauline Van Gorder, Mr. and Mrs. R. Nelson Snider, Mr. Ora Davis, Mrs. Evlyn Spray, Mr. and Mrs. Paul Brumm, Mr. and Mrs. Sam Hunt, Mr. and Mrs. George Landree, Dr. and Mrs. O. A. Luse, Mr. and Mrs. Alfred Hemmer, Mr. and Mrs. Ivan Grimshaw, Mr. and Mrs. Leon Smith, and Miss Ann Arber.

Bessie Ferguson and her committee have placed posters around the school publicizing the dance. Bessie and Penny Hunt made a P.A. announcement urging students to buy tickets.

Other committee chairmen are invitations, Ellen Beaty; hi-fi and records, Carol Szink; cloakroom, Sue Menze; clean up, Sylvia Ehrman and Lynn Goldman.

HERE'S THE HOLLY . . . Working on decorations for Philo's "Holly Hop" after-game dance are Marge Bauer and Susie Bond, co-chairmen, Marcia Swathwood, and Susie Smethers. The club's dance will be presented tomorrow evening in the cafeteria following the Auburn game.—Photo by Thompson

Russian Icons To Be Shown At Art Museum

Forty-five rare Russian icons, religious subjects painted on wood panels, which range from the thirteenth to the twentieth century is the center of attraction of the Fort Wayne Art Museum display. The icons will be on exhibit from December 6 to January 10 in celebration of the museum's tenth anniversary.

Stained glass and original Currier and Ives prints are also on exhibition.

Student Christmas by the new Junior Museum galley art work from all the Fort Wayne Community Schools, will be shown.

Th museum will be open Tuesday from 1 p.m. to 5 p.m., and on Sunday from 2 p.m. until 5 p.m. No admission is charged to the public. Groups can make appointments Tuesday through Saturday mornings.

Miss Stobaugh Elected Prexy Of Secretaries

Miss Frances Stobaugh, office secretary, has been elected president of the Indiana State Association of Educational Secretaries.

The organization, which was established 35 years ago, meets annually on the Thursday of Teachers' Convention at the Hotel Lincoln in Indianapolis. Any secretarial employee of a school in Indiana is eligible for membership in the association, which presently has 404 members.

"One of the main functions of the organization is to help plan the workshop sponsored by Indiana University, which is to be April 11 and 12," stated Miss Stobaugh.

Boys' Rifle Club Members To Practice Marksmanship

Members of the Boys' Rifle Club will practice their marksmanship at the meeting Monday.

Guns will be sent to a gunsmith over the Christmas vacation to be cleaned and repaired.

Riflers will form a rifle team which will enter competition after the holidays.

Hi-Y Members Sell Directories

"All students are urged to purchase their directories immediately as there is a limited supply," stated Bob King, chairman of this year's directory.

Bob, Hi-Y directory sales and publicity chairman, announced at the meeting Monday night at the YMCA that Hi-Y directories this year include many new features. They contain the names and phone numbers of students and also teachers and custodians. The homeroom numbers of the students and teachers are also included this year.

Bryon White and Steve Bash were responsible for compiling the lists of the various students according to their respective classes. Terry Van Blaricom was in charge of the posters with Chuck Jellison and Allen Flowers assisting him.

Nick Roembke designed the caricature which is printed on the back of the directories.

Tom Ogles and Jack Winder will present a skit next Monday concerning the directories.

This year the directories will be sold before school and fifth period in Center Hall. Also, directories may be purchased for 50 cents from any Hi-Y member.

To stimulate sales, the members are holding a contest. Posted in Center Hall are several pictures of teachers at South Side. Whoever is able to correctly guess the identity of a teacher receives a free directory.

The profit received from the directories is used to obtain equipment for the club's special service project of sanding the desks in study hall.

Mr. Dale Amstutz Speaks To Council On Reckless Driving

Mr. Dale Amstutz, from Amstutz Insurance Agency, spoke at the December 3 meeting of Safety Council. He discussed the importance of insurance premiums and related to the group the seriousness of reckless driving.

An illustration titled the "American Totem" by Mr. Forrest Stark, has been donated to the Safety Council for several weeks. Sharon Gebhard, vice-president, said, "I think that all South Siders should take a look at this painting. It is not beautiful, for it portrays an accident scene which, to the artist, appears to be the common portrayal of American lives. It makes you stop and think." The location of the painting will be posted later.

A short business meeting will prevail tonight. A report from the letter requesting a sandbox for slippery walks will be given.

Yule Party For Faculty To Be Today

The faculty will gather in the Greeley Room today from 3:30 to 5 p.m. for its annual Christmas party.

The Greeley Room will be decorated with evergreens hanging from the bulletin board. A large decorated Christmas tree will complete the decorations.

The room was arranged and decorated by Mrs. Alice Keegan and her committee composed of Mrs. Ruth Fleck, Miss Ann Arber, Mrs. Mary Smith, Miss Willodeen Price, Mrs. Madge Schone, and Miss Pearl Rehorst.

Miss Lutie Young was in charge of the program, with the help of Miss Mary Crowe, Mrs. Agnes Sosenheimer, Miss Virginia Ayers, Miss Helen Burr, and Mrs. Ramona Ransburg.

Mr. Jack Weicker will sing a solo, and a trio will sing another song. Group singing of Christmas carols, led by Mr. Lester Hostetler, who will be accompanied by Mr. Ronald Gersmehl on the organ, will also comprise the program.

The invitations were made by Miss Olive Perkins and her helpers, Miss Nell Covalt, and Mrs. Karen Frankenstein.

The table committee included Miss Lucy Osborne, chairman; Miss Pauline Van Gorder, Mrs. Frances Stuart, and Mrs. Anne Redmond.

The food was ordered by Miss Mary Graham and Mrs. Evlyn Spray.

Miss Helen Pohlmeyer, Mrs. Florence Emshwiller, Mrs. Marlene Schang, and Mrs. Lois Murphy will be servers for the party.

The hostesses are Miss Mabel Fortney, Mrs. Dorothy Arnold, Miss Edith Crowe, Mrs. Grace Welty, Mrs. Myrtle Grimshaw, and Miss Edna Shideler.

Miss Mary Reiff, Mrs. Carolyn Clark, and Mrs. Mildred Luse are in charge of the finances.

Cleaning up and washing the dishes will be Miss Osborne, Mrs. Keegan, Miss Young, Miss Perkins, Miss Graham, Miss Pohlmeyer, Mrs. Luse, Miss Fortney, and Miss Van Gorder.

New Uniforms To Be Shown By Majorettes

"Since the old uniforms were becoming quite dilapidated and it was time for the periodical change, Majorettes have gotten new uniforms," stated Mr. Robert Drummond, majorette sponsor.

Two completely different outfits have been selected. The first to arrive were "white" uniforms which include a white skirt, green tie and cummerbund, and the traditional white boots. This outfit was seen at the Southport game.

The second outfit features a green vest with white pleated skirt and boots, which will be worn at the January 9 game.

Money derived from the annual Turtle Sale, and the Music Assembly collections helped pay for the new ensembles.

This year's majorettes include Vicki Adams, Barbara Andrews, Tomma Arnold, Nancy Bain, Judy Conley, Brenda Dull, Barbara Enzor, Mary Beth Foote, Connie Franz, Priscilla Ickes, Virginia Kachiamenis, Sheri Koch; Joan Lambert, Marcia Melching, Carole Maners, Joyce Moore, Janice Nahrwold, Nancy Rose, Sid Schinbeckler, Diane Simmers, Jenny Slater, Nancy Stillwell, Yvonne Swartz, Janice Thiele, Dianne Thomas, and Sandra Walton.

Totem "Free Name" Deadline Tomorrow

Tomorrow is the last day for those students who wish to have their names printed free on the Totem cover to pay the entire balance of the Totem.

Lettermen Sponsor Food Drive; Goal Of Four Cans Per Person Needed To Help Underprivileged

Dry Milk, Hot Cereal, Instant Coffee Needed; Money May Be Given

FOOD DRIVE BEGINS . . . Getting ready for the annual Lettermen's Food Drive, which is to begin next Wednesday, are Lettermen Bill Lentz, Ken Howe, president, Bill Spindler, and Dan Tritch. The project's goal of 9,396 cans of food will be donated to the Christmas Bureau.—Photo by Thompson

A quota of 9,396 cans of food, or four cans per person, has been set as South Side's goal in the annual food drive, which will be next Wednesday and Thursday, December 16 and 17, for the benefit of the Christmas Bureau. This project is sponsored by the Lettermen's Club.

Dry milk, hot cereals, instant coffee, and any other non-perishable food will be accepted, with canned meat receiving double credit. This year students may also bring money for the drive.

Food collected will be turned over to the Christmas Bureau. "Needy people have been served by this organization for over 20 years," stated Mr. Ora Davis, adviser for Lettermen's Club. "Staffed with volunteer workers," he added, "this organization checks throughout the city to try to make everyone's Christmas happy. Each of us can help this organization carry on its fine work by bringing his share of canned goods."

Mr. Davis further stated, "No material reward will be given, but by helping other people have a merry Christmas, you will be experiencing the joy of giving. It did one's heart good to see all the cans ready to load and transport to the Christmas Bureau last year. Let's get out and beat our past record."

If one homeroom wishes to challenge another homeroom to a race for the highest number of cans collected, this may be done by writing an invitation to the homeroom whom the other wishes to challenge.

Quotas have been set up for each homeroom so that they have a goal for which to strive and pass if at all possible. The quota for each room is in the list that follows.

H.R.	Quota	H.R.	Quota
2	124	90	116

A Letterman will explain to each homeroom on Monday and Tuesday how the drive will be conducted.

Choir To Use Slides, Narration To Illustrate Christmas Pageant

The outgoing choir, under the direction of Mr. Lester Hostetler, will present a Christmas concert at the West Creighton Christian Church Sunday at 7:30 p.m.

The group will perform "The Story of the First Christmas," arranged by Louise Grant. The program will be presented in nine tableaux with approximately 30 slides. Each tableau will consist of a song which describes some part of the birth of Christ, and the song will be accompanied by slides pertaining to it.

The first tableau is entitled "The Long Expected Jesus." The choir will sing "O Come, O Come, Emmanuel"; while slides which have to do with the coming of Christ are shown. The second tableau, "The Annunciation," will be accompanied by "Thus Did the Angel Sing," an early English melody. "The Manger Throne," the third tableau, will use a traditional tune, "Venite Adoremus," as its background.

For the "Adoration of the Shepherds" tableau, the choir will sing a spiritual, "Rise Up Shepherd and Follow." "Mary's Song," an Italian folk song, will provide an accompaniment for the fifth tableau, "The Mother Mary."

The sixth scene, "The Star of the East," will be illustrated by slides; while the choir sings "The Noel Star," an Austrian melody. A French Flanders melody, "Bethlehem, Where All Is Still," will be sung; while the slides pertaining to this tableau are shown.

"We Three Kings, the seventh tableau, will use "Ye Monarchs," an old English tune, as an accompaniment. The final scene, "Light of the World," will be accompanied by a tune by Molitor, "Give to the World, Thy Peace."

These nine scenes will be tied together by narration. Mr. Hostetler has chosen Evan Berkwall to be the narrator. The slide projector will be operated by Bob Steinbauer.

"I think that this concert will be one of the most effective Christmas pageant the choir has ever done," commented Mr. Hostetler.

Frosh Rosie Capps Wins Spelling Bee

Rosemary Capps

Rosemary Capps, freshman A, won the annual Meterite Spelling Bee December 1. Barb Altevogt was second, and Susan Horth placed third.

The election of officers for the spring semester will highlight the December 15 meeting at 3:30 p.m. in the Greeley Room.

Kaylene Gebert has been named chairman of the nominating committee. Other members of the committee are Ellen Williams, Rosemary Capps, Bonnie Russell, and Dianne Ball.

Christmas carols will be sung at this meeting, and refreshments will be served. Members of the refreshment committee are Sue McGinnis, chairman, with Marna Reiber and Sally Sweet.

Girls Decorate Greeley Room

Decorations for the Greeley Room Christmas tree have been completed by the Girls' Physical Education Department. Mr. R. Nelson Snider and Miss Pauline Van Gorder sponsored the project, which started Monday, December 7.

Mr. Snider purchased a huge Christmas tree to put in the Greeley Room. The school custodians put up the tree and the lights and the electrical equipment was placed on it Monday. Mrs. Alice Keegan's first period dance class decorated the tree.

A Christmas tree and outside lights have been placed over the new entrance to the added wing of the school. Also, a large Santa Claus has been set up over the South Calhoun Street entrance.

Art Club Members To Redesign Display

Redesigning the War Memorial Display is to be the outstanding project of the Honorary Arts Club. Members will design the memorial, and carpenters will build it according to their students' plans.

Following the reorganization of the club, a slate of officers has been selected, and projects for the club have been established.

The club leaders are Ann Plogsterth, president; Rodka Shady, vice-president; Marsha Mosel, secretary; and Bob Griffiths, treasurer.

Designing and installing a showcase containing displays which will be changed monthly in the school building is another project of the club.

Under the direction of Mr. Leon Smith, the club meets on alternate Tuesdays.

Mr. Franklyn Brady To Tell Of Astronautics

Mr. Franklyn Brady will present a speech on the field of astronautics, its history, and how today's young men can prepare for a career along this line at today's meeting of the Junior Academy of Science in Room 98 at 3:30 p.m.

Mr. Brady, a graduate of California Tech and UCLA, has received both his bachelor and master degrees in science. He is now employed at the International Telephone and Telegraph laboratory where he is computer.

Bob Gifford, president of the Junior Academy of Science, stated, "Mr. Brady's talk should prove to be very stimulating; therefore, I hope many members will attend this meeting."

Christmas Plays, Music Are Features Of Next Assembly

"The Spirit of Giving" has been chosen as the theme for the annual Christmas assembly to be presented Friday, December 18 in the gymnasium. Marge Bauer, senior B, has been appointed general chairman. Members of Masque and Gavel will present a cutting from The Christmas Carol by Charles Dickens, and "Why The Chimes Rang" by Raymond MacDonald Alden. The Concert Choir under the diretcion of Mr. Lester Hostetler will provide appropriate music for the assembly.

Julie Carr is chairman of presentation. Those serving on her committee are: Barb Wallace, Lois Levine, Kathy Sosinski, Carol Miller, Pamm Holtzberg, Sandi Hadley, Lois Lerch, Bonnie Russell, Marna Reiber, Karen Simmons, Judy Estlick, Donna Weinraub, and Lynn Goldman.

Stagecraft is under the direction of Susie Smethers. Her committee consists of Carol Miller, Lois Levine, Judy Ridlen, Marcia Swathwood, Suzi Fast, Marna Reiber, Sandi Hadley, Lois Lerch, Bonnie Russell, Dianna Weinraub, Lynne Goldman, and Barb Bailey.

Anyone who wishes to help on one of the committees may see Miss Ann Arber in Room 152.

Boys' Lockers Arrive

Boys' lockers, which were ordered last summer, have arrived.

The delay in receiving the lockers was due to the steel strike.

Mr. R. Nelson Snider, principal, stated that the boys may have to pay $1 for a locker, but they will get 75 cents at the end of the year.

Mrs. Ransburg, Auburn Native, Joins English, French Staffs

Mrs. Romona Ransburg has joined the language department here at South Side. Mrs. Ransburg, a native of Auburn, Indiana, teaches both English and French. She previously taught seventh-grade and eighth-grade English at Franklin School.

She attended Western College and received her A.B. degree from Saint Francis College. Mrs. Ransburg is currently working on her Master's Degree.

When asked for her impression of South Side, Mrs. Ransburg replied that she was very impressed by the students, the faculty and the administration of South Side. She admitted however that she was a bit lost "like a freshman" her first few days here.

Mr. and Mrs. Ransburg reside at 1809 Nevada with their three sons.

Mrs. Ransburg

Two Archers To Be On TV Elektra Club

Archers Sue Sappenfield, senior B, and Steve Meyers, senior A, will represent South Side on WANE-TV's Elektra Club Sunday. Steve will participate in the panel discussion, while Sue will give a summary of current South Side happenings.

Other reporters will include Carole Glitter, Central Catholic; Judy Leach, North Side; Julie Gouty, Concordia; Eva Jo Sarles, Elmhurst; and Lawrence Howell, Central.

Panel members will be Elizabeth Arnold, Central; Julie Hein, Concordia; Deanna Hinshaw, North Side; Gene Stout, Elmhurst; and Dianne Lenarz, Central Catholic.

Orchid raiser Douglas Hosler, from North Side, will be interviewed, and entertainment will be provided by the "Three Cardinals," a trumpet trio from Elmhurst.

'Where Mileage Begins' Among Scheduled Movies

Six movies are scheduled to be shown this week. The first three, "Where Mileage Begins," "Body Beautiful," and "Magic in the Air," will be seen by the drawing classes tomorrow.

Physical geography students are scehduled to see "Work of Rivers" and "Water Supply" next Tuesday.

Metal classes will see "Spinning Aluminum on the Skyline" next Wednesday.

Christmas Programs Scheduled For Choir

"The Christmas season has brought with it many demands for the South Side Choir and special groups. Five concerts during the week of December 12 will complete our list of Christmas programs," stated Mr. Lester Hostetler, choir director.

The Madrigal Choir will give a concert at the Foreman's Club Saturday. On Sunday, the outgoing choir will present a program at the West Creigton Christ Church. They will sing "The Story of the First Christmas" by Louise Grant.

On Monday, December 14, the Woman's Republican Club will host the Madrigal group.

To round out the final week before Christmas vacation, the entire choir will perform at the Lincoln National Bank in the afternoon of December 18.

Bio-Experimenters Club To Study Radio-isotopes

The study of radio-isotopes in plants using phosphorous, and in mice using iodine, will be the topics for today's Bio-Experimenters' meeting. The meeting will be at 3:30 p.m. in Room 91.

In future meetings, the Bio-Experimenters will be doing feeding experiments with mice and baby chickens.

Corridors Filled With Christmas Spirit As Kellys Give Parties, Concerts, Plays

Christmas comes but once a year, and apparently it has come to South Side. Archerland abounds with good cheer and busy preparations for the holiday season. The annual parties and dances are well past the planning stage. Traces of evergreen are appearing in many places, and students and faculty alike are looking forward to the two-week vacation.

The first sight of Christmas that greeted South Siders was a jaunty Santa Claus perched over the Calhoun Street door. An evergreen tree has been placed over the Darrow Street entrance. The tree was decorated with ornaments bought last year especially for this purpose.

Monday girls from Mrs. Alice Keegan's periods 1 and 2 gym classes decorated a large Christmas tree in the Greeley Room. This marks the twenty-second year that a tree has been in the Greeley Room.

Miss Willodeen Price has placed pictures around the library that gives it a festive appearance.

\# \# \#

TODAY THE ANNUAL faculty Christmas party will begin at 3:30 p.m. in the Greeley Room. The women faculty members will host the men. Eggnog, fruit cake, coffee, crackers, cookies, and nuts will be served. Retired teachers and the custodial and cafeteria staff are invited to attend.

The first of Christmas dances is Philo's after-game dance, "Holly Hop," tomorrow night in the cafeteria. Holly leaves will be placed on the window lattices and the tables will be decorated as Christmas packages. On December 23, seniors will host returning alumni when they present their annual Alumni Dance in the cafeteria from 8:30 to 11:30 p.m.

The Concert Choir is embarking on a crowded schedule of six Christmas concerts. They will sing Saturday at the Foremen's Club, Sunday at the West Creighton Avenue Church, and on Monday they will entertain the Women's Republican Club. On December 18, the choir will sing at the Christmas Assembly and in the afternoon at the Lincoln Bank. A small group of the choir will also sing Christmas carols in the halls.

\# \# \#

LATIN CLASSES will go to the Greeley Room on December 18 and view a Christmas play, presented in Latin and the Christmas story will be read in Latin. A paper on the Saturnalia, the Roman holiday that corresponds to Christmas, will be read.

Many clubs are planning Christmas parties or working on special Christmas projects. The Lettermen's Club will again sponsor a canned food drive for needy families. Food will be collected on Decemebr 16 and 17.

Junior Red Cross Club will make aprons for the Retarded Children's School, and scuffs for the State School. Members will make this apparel at the December 16 meeting. Vesta Club will sing Christmas carols at Irene Byron Sanitarium on December 22.

Monday Philo members will present their Christmas play, "Once Upon a Christmas." Refreshments will be served at the meeting.

Hi-Y will have carol singing, a talk on the meaning of Christmas, and refreshments at their meeting Monday evening.

On Tuesday, Meterites will sing carols and have refreshments for their Christmas program.

Molly Dixon Contains Rare Enthusiasm; Her Talents Many; Her Pet Peeves Nil

"O-o-o-oh how gorgeous! O-o-o-oh!" This is the typical comment made by our perky Molly Dixon, a junior B here at South Side. This warm-hearted gal thinks everyone is beautiful and everything is luscious! To Molly's close friends she is known as "Pixie." No one has the heart to tell this gal that the world is not all gold and vices are unheard of. They, on the other hand, realize that it is this type of rare enthusiasm which brightens our daily living, and strengthens the optimistic forces sometimes not so prevalent in our world today.

* * *

WITH A WIDE range of interests this blonde-haired gal seems to be everyone's friend and nobody's foe! Molly can be seen inside the ivy-covered building carrying English and literature books, journalism material, United States history information, and music from songs in occasional choir, for these are the courses in which she is now enrolled.

As a college preparatory student, Molly has not definitely decided what her future occupation will turn out to be. She is sure that she will go to college if at all possible, however, for this gal is interested in an education plus!

* * *

AS SHOWN IN the picture above, Molly has adapted herself quite well to various dancing routines and techniques. All juniors remember her performance the night of the Junior Banquet. Miss Dixon has also danced roles in the summer festivals. She was given a speaking part in the festival theater for the stage production, "Plain and Fancy." She has been seen in "Showboat," "Slaughter on Tenth Avenue," and in last year's "Get Happy Show."

All enjoy the dancing which Molly frequently displays. She has been instructed under Carol Crow, John Neff, Ann Adams, Reva Greenwalt, Pauline Geyer, and Margaret Palmer Taylor. All of these instructors are righly recommended by their previous students. Molly is one of them!

DOUBLE IMAGE . . . . Practicing her ballet, Molly Dixon has a familiar-looking companion. Those who know her will attest that her kind of enthusiasm is the kind needed in today's world.

* * *

ON THE LOCAL scene Molly is a member of Masque and Gavel, Assembly Workshop, and the Times staff. Molly is a classroom news reporter in her journalism class.

Her outside activities include membership in the Blonde Blades hockey team, participation in the YMCA swimming team, and the Pilgrim Youth Fellowship group, a youth organization at Plymouth Congregational Church.

Many interesting hobbies find themselves on Molly's list. Water-skiing, swimming, boating, dancing, dramatics, and music are some of them. A date finds this gal real interesting!

This Kelly doesn't feel much different than the average girl today. Molly likes everyone and loves to be with people. Whether or not she knows it, we don't know; but this gal holds the secret for success right in her own heart. Her liking of people.

Can you imagine Molly an isolationist?

Lissa Hoffman May Try Wings As Stewardess

Lissa Hoffman, sophomore, is on "cloud nine" when it comes to ambitions. Another two years should find her trying her wings at college, perhaps Northwestern, and maybe a flight into the wild blue yonder as a stewardess.

Right now she is taxiing down the runway at South Side and making quite a mark.

Those acorn programs at the Meterites' dance were a product of Lissa Hoffman, program chairman. She has also served Meterites as secretary and ticket seller.

The television set knows Lissa as a fan of "77 Sunset Strip" and "Maverick." Most of the time, however, she is too busy with homework, drama club, service work, and Pilgrim Fellowship to give it much attention. Any extra time gives her a chance for reading, dancing, playing the piano, and golfing.

During the summer months one is very likely to see Lissa diving into the water and displaying her swimming talents, but if a fish is added to the water, the story changes considerably. A small fish under the dock at Clear Lake scared her so badly that she jumped up on the pier and refused to go into the lake. She doesn't even like the little creatures when they are sizzling in a frying pan.

"Waste not, want not" seems to be the slogan of this sophomore, for she has made a hobby of collecting the things that most people throw away. Summer vacations in California, Canada, and Michigan have added to her assortment of postcards, empty match books, and travel folders, and her scrapbooks have grown larger.

The clickety clack of pointer sticks hitting together has become a common sound around the Hoffman household. Lissa is busy knitting herself a sweater, and she has already completed ear-warmers and a sweater for her father.

The Chatterbox

By Julie Carr and Kathie Sosinski

That's right! FIFTEEN DAYS UNTIL CHRISTMAS! Now, let's see . . . 15 times 24 hours a day equals 302, times 60 seconds in a minute equals 18,120 seconds until Christmas. Christmas! Oh, we love Christmas! . . . 18,119 . . . 18,118 . . . 18,117 . . .

We're sorry that we didn't have our column in last week, but we were in a state of oblivion. In order to make up for our mistake, we had to accost a lot of people, but through our assiduous efforts we have enough innocuous information for this week. Well, enough of this prosaic jargon—it's just insane anyway!

Boy, are we really proud of our basketball team! They sure are doing a great job—keep up the great work and remember—BEAT Auburn and MURDER Logansport!!

Things People Forgot to Keep to Themselves

Tom Cooper sitting on top of the coffee tray prepared for a guest of Mr. Drummond's . . .

Mr. Reichert saying to the team: "Remember that basketball develops individuality, initiative, and leadership. Now get out on the floor and do exactly as I told you."

Kathy Sosinski and **Pamm Holtzberg** sneaking through the boys' locker room . . . didn't think I saw you, did you!!

Sue Sappenfield pulling up three chairs and soundly sleeping first period in the chemistry lab.

H-E-L-L-O! A big hello to Phil Carson and Sally Hurter. These Archers were in the class of '60, but were transferred to different cities.

We sincerely offer our deepest sympathy to the students of C.C. on the death of their coach, Mr. Ralph H. Manny, Jr.

Thought for the Day

"It is what we find out after we know it all that counts."

And Honorable Mention to:

Mr. George (Slippery-fingers) Davis for dropping his best crystal after giving his class a lecture titled "Careless Teenagers." AND: **Dennis (The Menace) McBroom** for locking his car—with the keys inside.

Learn to listen and listen to learn.

Do you know what the following people have in common? Steve Meyers, Carol Purdy, Pat Shuler, Joan Novitsky, Sue Getty, Dave Schwalm, Marian McCallister, and Evilou North . . . Give up? They all wear contact lenses!

Say, Scotty! Better watch your sleepy service workers next time you leave your office—one has the habit of falling asleep on the chairs . . . right, Sue Hickman?

HURRAY FOR THE NEW BOYS' LOCKERS!!! What a welcome sight! Just in time to be stuffed with left-over turkey sandwiches from Thanksgiving and snowballs for Christmas.

And then there is the story of the woman driver who went to Heaven—and knocked one of the gates off getting in . . .

Worried about dating? Just remember this little poem.

Early to bed,
Early to rise;
And your girl
Goes out with other guys.

From Beatnik To Portuguese, Love Is Identical In Meaning

The words, "I love you," express the same feelings the world around. From the tea shops in the Orient to the blue Mediterranean, from Parisian clubs to the wonderful halls of South Side, the words are different, but they mean the same thing.

Slight romantic influences have been noticed in these halls. It's spring fever in the winter!

Kay Sheean and Don Miller ('59)

Small Snaps

A happy "babe," who was she,
The subject of today's history?
She had a charming personality.
She's the same as she used to be.

Beside her sits her older sister,
My thanks to her for this picture.
She, too, is a student at South Side,
In Junior B, she does preside.

You saw a picture of our lass
In The Times, two weeks past,
With her instrument and a great big smile,
She plays the violin most of the while.

First period she can be found
In Room 116, with a great big frown.
This is Mrs. Emshwiller's English class,
In which our gal really does surpass.

Then she wanders into Algebra 2
Where she learns that x+y=u.
Third period our Teeny Miss learns a lot,
All about amo, amas, amat.

Fourth period she can be found
Tuning up Jack Benny's sounds.
Fifth period finds her free
Of the worries of her morning spree.

After lunch our gal departs
To basketball or body parts.
As in everything, in these she excels,
For our miss does everything well.

Seventh period is here at last,
She studies fish with the rest of the class.
Our gal has had a busy day,
As you can see, a Freshman A.

Our last clue about our miss,
Her hair is long and brown.
If her name you cannot guess,
Look the ads up and down.

Homeroom News

Sue Rousseau, Homeroom News Editor

Pupils in Homeroom 76 have been quite active during the last few weeks . . . Susan Smith and Patty Somers went on a church trip to Wittenberg College, where they went to a football game and toured the campus . . . Bill Whitmer watched the Purdue-Minnesota game at Lafayette.

Cheryl Williams visited her uncle's farm where she rode horseback . . . Cindy Snider and Siegrid Tagtmeyer had an enjoyable time at a week-end ice skating party . . . Marvina Van Skyock went horseback riding at the Fort Wayne Riding Academy.

Bonnie Smith played with the Chamber Orchestra which presented the "Messiah" at the Plymouth Congregational Church.—Patty Somers and Bob Wasson, reporters

* * *

Elaine Snow, of Homeroom S-5, attended a B'nai B'rith Youth Regional executive meeting in Fort Wayne, and is looking forward to attending the regional convention to be held in Louisville, Ky., in December . . . Mr. F. Roland Smith is helping everyone with their programs . . . Marijane Tobey was "Sweet Sixteen" Saturday, November 21. Happy Birthday and good luck with your beginner's.—Sandy Thorn, reporter

* * *

Eleanor Dekker of Homeroom 172 visited Mr. Furst last week. She reports that he is feeling fine, and hopes to return to South next year . . . Rosemary Capps, Jane Augspurger, Patty Bailey, and Barb Altevogt served at the Junior Banquet.

Bob Camp appeared on "Dance Date," and he won a piece of coconut pie . . . A few weeks ago, Dave Blanton made the freshman basketball team . . . Those celebrating birthdays this month are Patty Bailey, Barb Altevogt, Laura Carper, and Bill Cupp. Happy Birthday!

Rosemary Capps played with the Chamber Orchestra in a performance of the "Messiah" at Plymouth Congregational Church.—Barb Altevogt, reporter

* * *

Diane Thomas and Janice Thiele of Homeroom 28 have been attending majorette practice . . . Cheryl Summers went to Madsville, and Lydia Sutto went along for the ride. Says Lydia, "It was a bit crowded but we made it!" . . . Joyce Stocks has been planning a talent review . . . Jim Stirn was on "Club 21."

Mr. Sterner made history at our last football pep session . . . It was the first time that a lesson in English grammar was ever given at a pep session.—Barb Uhl, reporter

* * *

Sally Newell, Kathy Petty, Diane Petznik, Pam Punsky, Erin Rose, Sidney Schinbeckler, Linda Seibel, and Jack Sanderson of Homeroom 61 went to an ice skating party at the Memorial Coliseum.

Jane Prill and Sandra Petrie both went on a three-hour horseback ride at Robinson Park over Teachers' Convention.—Ed Sanborn, reporter

Vicki Troop of Homeroom 116 and her family had nine unexpected guests for Thanksgiving . . . Connie Vallance was on the Marvin Hunter show "So You Want to Be a D.J.?" Saturday night from 7:05 till 7:30 p.m. She played records, gave commercials and news bulletins, then attended the game at North Side . . . Patricia Solomon went to Terre Haute to visit her grandmother.—Monda Tucker, reporter

* * *

Most of Homeroom 50 didn't do very much over the Thanksgiving holiday, they simply loafed and enjoyed themselves. Becky Hostetler went to her grandfather's in LaGrange . . . Ronny King had several band engagements . . . Pete Moore went hunting and was stopped by the game commissioner . . . Patty McCoy went to Ohio . . . The rest of the class gladly slept during the holiday.—Marilyn Minor, reporter

* * *

Gobble, gobble, gob! That's the way the big Thanksgiving week end started for most of the people in Homeroom 72. Nancy Byers went to her grandmother's for Thanksgiving . . . Pam Buzzard also went to her grandmother's and spent the rest of the time watching her young brothers and sisters since her parents were out of town . . . Barbara Buckles went to Chicago.

Mike Carter went to a party after eating at his grandmother's in Orleans, Ind. . . . Dave Bunsolt went to Hamilton Lake . . . Reba Burgess babysat.

Several girls in our room seemed to have Christmas on their minds almost before Thanksgiving was over. Sue Martin, after eating at her cousins, made Christmas cookies . . . Barbara Cleary started her Christmas shopping . . . and Anita Clayton surprised everyone by having TWO Thanksgiving dinners.

And last but not least, Steve Cook spent his Thanksgiving vacation playing and watching basketball.—Janet Christensen, reporter

Archers Feel Clothes Don't Make Person

Being well-mannered, friendly, and considerate of other people has much to do with a person's character. Rich or poor, plain or pretty, one is able to form these fortunate characteristics easily.

People admire others who recognize their friends for what they are, not for what they wear.

A few Archers have answered the question, "Do you think clothes make the person?"

Pam Holtzberg: Oh, goodness, let's hope not! It looks like I'd be out of luck!

Sam Green: Not quite, just the way they are worn.

Linda Woodruff: Not hardly! Although neat clothes make a nice appearance, I think too often, too much attention is given to what a person wears from day to day.

Steve Hargan: It is the neatness of the clothes.

Barb Keller: Oh, golly no! To have everything neat and clean is more important.

Karen Simmons: Not really. It's the person himself, but you must admit that clothes do attract attention.

Liberal Arts Worth Pursuing; Knowledge Benefits Mankind

By Dick Dailey

A prominent question among teenagers is "Why should we take certain subjects which seem to be of no importance to us?" These "certain" subjects really are of importance to us. The primary object of a high school education is to make the student into a well-rounded individual. This is accomplished through liberal arts.

What are the liberal arts? Why do we have them? The liberal arts might be classified as the social sciences, the arts, and the languages. The liberal arts are a reflection of the past pertaining to the present, and even future. They are the tools by which we forge our intellect. They are the expressions of our mother tongue.

To express ourselves fully to others, as is our inalienable right and duty, a thorough study of language is needed. A liberal arts education does not cite memory of mere facts as its goal; rather it teaches one to think.

Yet, it is only sensible to be moderate. If one is going to be a ditch digger, he does not need years of careful education in learning to think and express himself. He needs only that which will make him understood, and that is meager. A business leader needs, and it is demanded of him, a strong liberal arts education. He must think rapidly and easily and freely express himself in many important split-second decisions. You may ask "What does liberal arts offer me?" What do you have to offer liberal arts?

The cardinal purpose of education is enjoyment. Everything, our whole civilization, is bent to relieve the labor of the individual and to promote his pleasure. We joy to beauty of music, and relax to the enthrallment of a good book.

Liberal arts are reflections of life. They decline with degeneration and advance with the classic ages of letters. Liberal arts is the portal through which we look back to the past and forward to the future. Liberal arts is the heartbeat of society. As we study liberal arts, we feel the pulse of civilization.

Trustworthiness, Honesty Virtues Found In Friend

Brotherly love just wouldn't exist if it weren't for friends! If there were no friendly faces and cheery greetings to bring our "downs" up, what would we do? This poll reveals that South Siders are particular in their selection of personal friends.

Kay Carrier: A good friend should be honest and trustworthy. If you tell her or him a secret, you expect it to be kept a secret. A friend should not talk about you behind your back. You should be able to have fun and laugh with your friend.

Sarah Finch: To me a good friend is a person that can be trusted. He should be able to keep things to himself and not tell everything he knows. A true friend should be loyal at any time and be ready and willing to help with any problem. I like someone who is cheerful and fun to be with.

Lynne Goldman: A good friend should be someone that you can confide in and trust that they will understand you. They should have a good personality and a good sense of humor. Above all, you should have things in common with them.

Susi Hines: Good friends are very important to me. I think a good friend is one who can be trusted. They should always keep their promises. A good friend is one that would not give you false information. They should help you when you need it and try to cheer you when you are sad.

Susi Slick: A good friend should do what you ask him to do without telling everyone. You should be able to trust him and rely on him in a crisis. In my opinion, that is what friends should be for. Friends should never be two-faced or tell "I won't tell" secrets. A true friend should be very close to you and help you when you need a sympathetic listener.

Dieter Hillerbrand: A good friend should be a person upon whom you can depend. He (or she) should know your faults, but like you in spite of them. A good friend is a person you can trust.

Junior Bongo Beater Likes Jazz Music, Hopes For Law Job

"One . . . two . . . cha, cha, cha!" These are the sounds coming from the bonga drums of junior Dave Zimmerman, an enthusiastic bongo player for three years.

Dave became interested in "beating the skin" through Mike Worthman, a cousin from Decatur. "I found it was interesting and started playing them myself," said Dave.

After almost three years of playing the bongos, Dave still proudly says that he likes them as well as he did when he first started. Dave is planning to enter our South Side Talent Contest this spring. He is planning to play his bongoes; but not alone. Some of his other friends will join him with their bongoes to create Latin-American music.

A junior B on the college prep course, Dave's ambition is to go to Indiana University to enter law school. If Dave cannot study law, he has decided that he would like to play in either Ray Anthony's or Harry Manzini's band.

Dave, a former resident of Warsaw, Ind., has two sisters and three brothers, one of whom is a senior here at South Side. Certainly coming from a family of this size, Dave has many likes and dislikes.

Dave's favorite television programs are "Peter Gunn" and other detective stories. One of his pet peeves is people who put on a front.

Engineering, Sports, Knowledge Interest Junior John Mader

Lights burn until the wee hours of the morning in the homes of many South Siders. Everyone studies hard, but do many work for five hours every day? Hard, serious studying can and will help high grades. John Mader, junior B, has discovered this.

John has reaped rewards from knowing this secret for success in high school. Last year, on Recognition Day, he was honored in geometry and Latin.

To become an engineer or a mathematician is the goal John has in life. He feels he can get the necessary training at Purdue or another engineering school.

Every day finds John hard at work in his algebra, English, U.S. history, physics, and driver's training classes. He spent last summer at summer school getting the necessary background to enter Mr. Petty's advanced algebra class.

John enjoys his large stamp collection on which he and his father have labored together. Boy Scouts and work in the youth group of his church occupy much of his spare time.

Football, basketball, and all sports are enjoyed by John, who participates in Intramurals. He is also a member of Cyclotron.

Everyone at South Side could take a lesson from John Mader. His advice is to study and accomplish.

Parents Deserve Love; Repay Them Generously

When someone mentions the word, parent, a teenager often thinks of his mean old dad who won't let him use the car Saturday night or her unreasonable mother who won't even consider buying that adorable formal in that exclusive store window downtown. "You just don't understand!" is probably the most overworked sentence in any home where a teenager lives.

Much too often we are guilty of calling our parents "old-fashioned fuddy-duddies who just aren't tuned in on our lives." It's true that parents do seem unreasonable sometimes; but before you condemn their opinions as old-fashioned or just plain wrong, give the matter a little thought. Did it ever occur to you that they might be right? That you might be wrong? Of course, your folks are not perfect, but neither are you! Just as you are not always right, they are not always wrong. Isn't that logical?

Parents are trying to do what they think will best help to make us decent, respected adults, eventually. You're really a pretty lucky person if your parents seem to be unreasonable sometimes, for this indicates that they are trying to fulfill their duties and responsibilities as good parents. And, often, this is a pretty tough job because we teenagers are just as hard to get along with and understand as we think they are.

There is a sense of pride when we say, "My parents would never let me do that." This remark indicates that our parents have set up for us certain standards of good conduct which we are expected to maintain. Upholding these standards is one way we can repay our parents for the help and care they've given us and will continue to give us through the years.

We teenagers should try a little harder to understand our parents' point of view and listen to their suggestions. They have had a great deal more experience, and in the business of living, experience counts.

If we want to have our parents put a little more confidence in us and our suggestions and trust us a little more, we must prove to them that we're worthy of their confidence and trust. After all, quite often we complain that we're being treated as a child one minute, and the next minute we turn around and act the part. When there is the right relationship between our parents and ourselves, there is cooperation and understanding between us.

Parents want to be proud of their sons or daughters and their success and happiness in life. This is their only goal as parents, and we are honor-bound and should really and truly want to obey our parents and heed their advice.

Quoting the Fourth Commandment, "Honor thy father and mother that thy days may be long upon the land which the Lord thy God giveth thee."—By **Cheryl Summers**

The South Side Times

Founded October 6, 1922

CSPA: Medalist; Quill and Scroll: International Honor Rating, George Gallup Award
Member of the Better Business Bureau

Published weekly by the pupils of South Side High School, Fort Wayne, Indiana, except during the months of June, July, and August. Subscription per semester, $1.00. Composition and make-up by The School Press.

Entered as second class matter December 11, 1922, at the postoffice at Fort Wayne, Indiana, under the act of March 3, 1879. Acceptance for mailing at special rate of postage provided in section 1103, Act of October 3, 1917, authorized December 19, 1922.

Twins Margaret, Roberta; Dave, Dennis; Chuck, Donna Cause Archers Trouble

Archers have to be on their toes this year to know just who they are greeting in the halls. Several sets of twins are the cause of this mix-up in names and faces.

Freshmen are continually guessing about Margaret and Roberta Burnett.

These freshman twins agree that one has many advantages when he has a double. "It is wonderful to have a pal around, and it's especially nice when we want to let off steam," stated Margaret and Roberta.

Roberta is interested in becoming an elementary school teacher and hopes to attend Ball State Teachers College.

She enjoys ice skating, bowling, and horseback riding. Collecting diaries, travel folders, and knick-knacks are also listed as her hobbies.

Margaret is setting her goal in the nursing field, probably as an assistant in surgery. She likes many of the things that her sister likes, but she particularly enjoys swimming.

z z z

ANOTHER PAIR to make you do a double take is Dave and Dennis Jones.

The two boys are great fans of automobiles. They agree that hockey, basketball, baseball, football, and swimming are their favorite sports, but they never seem to agree on the plays.

The twins are particularly fond of visiting their uncle in White Springs, Fla. They have proved themselves true sportsmen by shouldering rifles and braving a Florida wilderness. They have come out with everything from a rat skin to a bobcat pelt.

Dennis and Dave's extra-curricular activiites include DeMolay and Methodist Youth Fellowship.

z z z

DAVE IS contemplating a future as a corporation lawyer.

Dennis admires professional basketball players and spends some time each night practicing his playing.

SEEING DOUBLE . . . Striking similarities in some of South's students can be seen in the picture above. From left to right are twins Roberta and Margaret Burnett, Donna and Chuck Weinraub, and Dave and Dennis Jones.—Photo by Thompson

Aside from this, he likes track, and collecting hot rod books.

Both testify having a duplicate is very handy, especially when you both are in some of the same classes.

z z z

UNLIKE THE OTHERS, Chuck and Donna Weinraub are not hard to tell apart.

Chuck is seriously devoting most of his time to getting the best education possible at South, and then attending a college where he will pursue a career in the medical field.

Besides U.S. history, solid geometry, speech, English, and physics, he is busy with Wranglers, Masque and Gavel, and The Times.

Donna finds time to be active in Philo, newspaper work, and chorus. She had participated in a Philo talent show, and is busy with decorations for their annual dance and play. Being head typist for the Times keeps her quite busy. Donna terms her hobbies as collecting records and driving the car. She plans to someday teach children in elementary grades.

The Weinraubs are members of various Temple Youth Groups. They both belong to NFTY, of which Chuck is president, and Donna is the corresponding secretary of B'nai B'rith Girls. Chuck is the treasurer of AZA, a boys' organization for social and service purposes. They have both traveled to all parts of Indiana, Ohio, Kentucky, and West Virginia for regional conventions of these groups.

Donna had the thrill of her life on a two weeks' vacation to a camp for teenagers of the Temple Youth Groups from all over the country. She got to know all kinds of people and is now writing to a good many of them.

The South Siders agree that two heads are better than one, and it is nice to have a twin around the house.

Archers Abroad

(Editor's Note: Last summer, Archer Gwen Langdot and her family moved to the small European country of Luxembourg. The following is an excerpt of a letter from Gwen to a friend at South.)

Hi!

Mom and Dad went to the European Community School last Monday to talk about special French classes for me. The director had other ideas. As of tomorrow, I will sit in on all required courses of the eleventh year. The only difficulty is that all these classes are taught in French. The director thinks that I'll pick up enough of the language by merely sitting and listening. The director himself spoke very poor English, the reason being that English is not an official language of the school. French, Italian, German, Dutch, and, I think, Spanish are termed official.

This school was set up for the children of the families living in Luxembourg, a city in connection with the European Economic Community. This is an organization which is working towards economic unity of European countries. It is voluntary, and England chose not to join.

I am the first American to attend this school, and I've been labeled an experiment. The director said there was one boy from Iran who spoke fair English, and a few teachers could speak some; but other than that, it will be up to me to learn French.

My four classes will be Latin, three years required; math; some sort of science; and religion, which is taught in Germany. I won't understand any of it, but it will be very interesting to watch; that is, after I get used to it.

Right now the whole deal seems petrifying. I'll know a lot more after I've been there a couple of days.

Modeling Dream Realized For Junior Jackie Yaney

Modeling is a dream come true for junior B Jackie Yaney. Jackie became interested in modeling when she was seven years old. Jackie's aunt, a buyer for a prominent New York department store, encouraged Jackie to become a model. She became interested in modeling and did odd jobs in New York. At the same time, she became acquainted with many New York models.

Jackie began taking dance lessons while she was in the sixth grade. She took ballet and tap, and had singing lessons. When she was in the eighth grade, she attended the Bobbi Ray School of Charm. At the present time, she is taking private lessons from Mrs. Helen Hitchcock, modeling consultant. She has been with Mrs. Hitchcock for a year and a half.

While a freshman at Central Catholic, Jackie modeled at Marshall Fields in Chicago. She had previously modeled for Sears Roebuck, Leo Ward, and private organizations. Jackie's most recent show was one at St. Joseph's.

Jackie's dreams haven't completely come true. They keep getting larger and better. She is now concentrating on being a private model for Wolf and Dessauer's.

z z z

BEFORE BEING interviewed for a job, Jackie takes brush-up lessons with Mrs. Hitchcock. When asked what she would model at an interview, Jackie answered, "I will be expected to model many articles of clothing. These will include a bathing suit, sports clothes ,a cocktail dress, and an evening dress."

Jackie also stressed the fact that clothing isn't the only thing that is noticed when being interviewed. She will also be judged for hair, poise, talk, and how she gets along with others.

In answering the question, "What do you consider the most important qualifications of a good model?" the talented junior answered, "I believe that poise, grace, a radiant smile, personality, congeniality, and co-operation are the most important qualifications for a model."

She continued, "Even if you are actually nervous and you are fumbling around, as long as you have a radiant smile it doesn't make too much difference."

The most important thing to remember while modeling is the fact that the model must sell the clothing. Jackie said, "An employer wants a model that has no flaws and one that can sell the clothing she is modeling."

z z z

MODELING TAKES a lot of hard work and a great desire to become a good model. Jackie spends a great deal of time on exercising. She does waist and shoulder exercises more often than the others. She practices walking, posture, and pivoting with heels.

Jackie explained that models "come and go" with the styles. She said that this year was a good year for her because she is considered a short model. She said that some of the taller models were having some trouble with the styles this year.

Jackie Yaney

Some statistics of this model include dark brown hair and green eyes.

When Jackie was asked if she had a particular favorite model, she answered, "When I first went to Helen Hitchcock's lessons, she said to keep in mind a person that you liked. She said that you can learn by watching. My favorite is Sandra Dee. I copy her way of walking, but other than that I think it is good to be an individualist."

z z z

JACKIE'S FINAL goal is modeling professionally for magazines. She is interested in attending Aldelphi College in New York.

Although a great deal of her time is spent working with modeling, Jackie is also interested in photography, swimming, tennis, and boating.

United States history, English, home economics, and law are her subjects. She is a member of CYO (the Catholic Youth Organization), and other church organizations. This is Jackie's first year at South; she previously attended Central Catholic for two years.

z z z

JACKIE'S FAVORITE television shows are "The Saturday Night Dick Clark Show" and "Alcoa Presents." She admits, however, that she has very little time in which to watch television.

Collecting records is another hobby of Jackie's. Her favorite singer is Johnny Mathis. She has all of his albums. Some of her present favorite songs are "Don't You Know," "Enchanted Sea," and "Misty" by Johnny Mathis. She also enjoys jazz.

Not all of Jackie's dreams have come true. She has the initiative and ability to make a wonderful model. She also has a wonderful personality and that all-important radiant smile. South Side welcomes Jackie Yaney to Archerland!

Homeroom 66 Banks $35.35

Total amount of receipts received the week of December 1 was $323.15.

The three rooms which turned in the most receipts are first, Mr. Ronald Gersmehl's Homeroom 66; second, Miss Nell Covalt's Homeroom 184; and third, Mr. Glen Stebing's Homeroom 88.

Mr. Gersmehl's room banked $35.35 for first place, while Miss Covalt's room banked $21.80 for second place. Third-place Room 88 banked $16.25.

Educator, Historian Leave Their Imprint On Fort Wayne's Future Generations

Mr. R. Nelson Snider and Mr. Bert J. Griswold are the prominent men of Fort Wayne who were discussed at the last meeting of Know-Your-City Club.

Mr. Snider's interest in education goes back to his own days as a student. After graduating from the DeSoto Consolidated High School in Delaware County, he went to Normal School at Muncie to prepare to be a teacher.

While attending college he also managed to teach school on the side. On one occasion Mr. Snider taught 30 students for the sum of $2.50 per day.

Although he was a good student, the long-time Archer chief did not spend all his time studying. While at Ball State he was president of his junior and senior classes, business manager of the Orient, college yearbook, and also was the organizer of the first school paper, a debating club, the Booster Club, and the Navajo Club.

In addition to these activities, Mr. Snider was a member of the Spanish Club, Dramatics Club, and the YMCA. He was also manager of the baseball team for two years and captain of the basketball team for three years.

z z z

AN ENGLISH MAJOR, Mr. Snider was graduated from Ball State with an A.B. degree in 1922. Later that year he became principal of Jefferson School here in Fort Wayne. From Jefferson School he went to the James Smart School as principal; in 1926 Mr. Snider became principal of South Side.

Mr. Snider is known not only throughout Indiana, but also across the nation as an outstanding educator. Through his work with the North Central Association of Colleges and Secondary Schools he has made friends with other educators in many states.

He has won many honors including an Honorary Doctor's degree awarded by Ball State this year for his outstanding contribution to the field of education.

No honor, however, is as important to Mr. Snider as the privilege over the years of helping thousands of boys and girls achieve a richer and fuller life.

IN 1926, JUST AFTER he became principal of South Side, Mr. Snider was interviewed by Bert J. Griswold for a biographical sketch in Griswold's book, "Builders of Greater Fort Wayne." The historian quotes Mr. Snider's opinion about the public high school: "No other institution is charged with greater responsibility in the forming of the ideals of our boys and girls. It is during their high school age that these boys and girls are formulating the ideals which are to lead them through life.

"It is during this period of life that they receive their most lasting impressions. Upon the teachers of the high school lies the responsibility of directing the youth into activities which form the character which will produce the best possible conditions in the communities of the future.

"And in spite of all criticism to the contrary, our high schools are turning out hundreds of fine young men and women, trained in honest effort, high idealism, and sincere purpose."

Mr. Snider has never changed his mind on this over the years.

z z z

BERT J. GRISWOLD was born on October 13, 1873, at Osage, Ia. He was the son of James J. and Ruth Velerie Griswold. After Mr. Griswold left the public school system, he began his newspaper experience in the office of the Osage Weekly News. He later served on newspaper staffs in Waterloo and Cedar Rapids, Ia., and in Terre Haute and Indianapolis, Ind.

On March 21, 1901, Mr. Griswold was married to Miss Clara Louise Norton at Cedar Rapids, Ia. They came to Fort Wayne in 1902, and for 10 years Mr. Griswold filled the post of cartoonist for the Fort Wayne Daily News.

After leaving the cartooning field, he established an advertising agency. When asked about Bert's ability to accomplish things in many directions, one of his friends said, "He is a man who, when given anything to do, does it a little better than anyone else could."

z z z

MR. GRISWOLD became interested in the history of Fort Wayne and the three rivers and began an intensive study of their history.

After many years of gathering and putting facts together, he published, in 1917, his "Pictorial History of Fort Wayne."

His research and labor resulted in the most comprehensive history ever written on this section of the country. In 1917, he published his "History of Fort Wayne and Allen County," which contained biographical sketches of citizens who were influential in the city and county.

Before his death, Mr. Griswold received many awards for his various civic activities. He was a charter member of the Rotary Club and several other civic clubs that are still in existence in Fort Wayne.

On March 8, 1927, Bert J. Griswold died, leaving behind volumes of history of Fort Wayne for future generations.

Students, Teachers Say Service Work Is Benefit To Both

Taking one's time to do service work for a teacher is regarded by many Archers as one of the valuable assets of South Side. To illustrate, the following students and teachers have expressed their views on the question, "Do you feel that servicing is an aid to you as well as your teacher?"

Sharyan Yerger says, "Think of the poor teacher with no service workers! He has no one to check papers, keep grade records, answer telephones, clean his desk, and most of all, run errands. In other words, service workers are of vital importance to the teachers for whom they work."

Virginia Rose replies, "Yes, because I find the mistakes that others make and they help me not to make the same ones."

Joyce Lockwood states, "Yes, because if teachers didn't have service workers, they would have to take their papers home and grade them. It also gives the service worker experience."

Mr. David Cramer answers, "Yes, it helps a great deal. It not only aids the teacher, but it helps the student, for learning to accept responsibility teaches him to follow directions."

Susie Knight says, "Yes, it's a 50-50 proposition, because it gives the students an insight to the teachers' problems."

Miss Helen Pohlmeyer says, "The work being done by the student helps him as well as the teacher. Most of my service workers are servicing either for points for their service pin or to give them a better view of teaching."

Marti Morell replies, "I think that it is good that the students should want to help the teachers. The service workers enjoy it."

Mrs. Fleck says, "Without the service workers in the art department, we would be lost."

Sheri DeYoung says, "Sometimes I feel a little guilty about it. I'm sure that, at least in my case, the service worker benefits more than the teacher! By grading papers and sitting through another class, you can acquire much valuable help in your subject. I also believe I've made closer friendships with my teachers."

Huntington Downs Green In Error-Filled Contest

Mistakes Prove Costly In 2nd Loss Of Season

Senior Dave Hickman Leads Archer Scoring In Defeat By Vikings

Ball-handling errors were the downfall of South Side's Archers as the Green dropped a 49-40 decision to Huntington's Vikings last Friday in the Huntington gym.

The Kellys were guilty of 22 mistakes, 11 in each half, to nine wrongs for the Vikes.

Senior forward Dave Hickman netted 15 points on seven field goals and a free throw to lead the Bowmen in the scoring column. Senior Dave Barrett, whose work on the defensive and offensive boards was excellent, collected nine points for the Archers.

Kent Paul, 6-2 junior forward, was the big gun for the home forces, pumping in nine fielders and five free throws for 23 points. Glen Fahrow, 5-8 guard, was also in double figures with 12 points for the victors.

z z z

THE CONTEST was a ragged affair in which the Kellys remained in contention until nearly midway through the second quarter. The Red and Black jumped off to a 9-5 lead, but South fought back to a one-point deficit, 13-12, at the first stop. Both squads used zone defenses for the entire first quarter, the Norsemen collecting a greater amount of field goal attempts.

Coach Don Reichert started Hickman and Bob Bolyard at the forward slots, Barrett at Center, and Ken Leakey and Acie Eldridge at the guard positions. Eldridge turned his ankle with 1:21 remaining in the first quarter.

The Green continued to fight back and finally gained a short-lived 18-17 lead at 5:36. Junior Steve Hargan was the only Archer to connect as the 6-3 forward hit three straight two-pointers.

But the Bowmen were held scoreless the rest of the second stanza as the Vikes ran the score to a 26-18 half-time margin. Huntington remained in a zone defense, but South switched to a man-to-man defense at the four-minute mark of the second quarter.

z z z

SOUTH WAS never back in the game during the second half, as the Black led 39-30 at the third-quarter halt. Senior Ken Howe, who had been ill with the flu the entire week, picked up his fourth foul of the second half with 7:26 left to go in the game.

Huntington stayed in a zone defense the entire second half; while South switched from a zone to a man-to-man at 5:14 of the fourth quarter.

The game ended in a 49-40 tally with the Archers averaging 31 per cent for the field and 60 per cent from the charity stripe to 30 per cent and 63 per cent, respectively, for the Red.

The victory was Huntington's first this season with the Vikes now holding a 1-2 mark. South, whose record now stands at 2-2, will entertain Auburn tomorrow night and travel to Logansport on Saturday night.

Scoring summary:

Huntington	G	F	T
Tewel	1	3	5
Paul	9	5	23
Owen	2	0	4
Fahrow	4	4	12
Handwork	2	0	4

Still Unbeaten Kelly Reserves Blast Huntington Vikings, 38-31

South Side Archer reserve squad bombed the meshes for its fourth victory in four starts by a 38-31 score last Saturday night at Huntington.

Junior Steve Burton led the Kelly assault on the hardwood with 11 tallies, followed closely by center Carl Johnson with 10.

The Green cagers looked smooth as they exhibited rather good ball handling and were hitting at a .333 clip.

The Archers moved the ball well during the entire game after quickly overcoming what looked to be a tough Viking defense. Johnson rebounded and shot well from underneath, shaking the Huntinton defense for several easy layups. He also moved quite effectively in the post.

Steve Burton and Ron Zigler did some fine shooting from the court. Burton hit well in the first three periods, but he stopped shooting in the final stanza. Zigler hit three for five from the field adding to the Archer cause.

In rebounding, Carl Johnson led the pack, but everyone did well off the boards. The Green well out-rebounded a shorter Viking aggregation.

It was a fairly clean game as the Vikes were low on personal fouls. The Archers were slightly higher in that column, but no one was in foul trouble.

The Green made this the fourth melon they have cut in four starts. They have overcome four reserve squads while varsity has been able to lick only two of its opponents. The second squad seems to handle the ball with more finesse than the varsity, which aids greatly in these victories. Moreover, they have a balanced scoring attack and good height, all of which points to a fine reserve season.

South Side scoring was as follows:

South Side	G	F	T
Burton	5	1	11
Johnson	5	0	10
Somers	2	0	4
Zigler	3	0	6
Platupe	0	2	2
Meek	0	1	1
McMahon	2	0	4
Totals	17	4	38

Upperclassmen Win In GAA

Seniors defeated the Sophomore 2's, 28-15, in Upperclass GAA Basketball after school Monday night in the gym. Juniors were victorious over the Sophomore 1's, 12-9. High scorers were Jan Kessler, Judy Garrison, and Sandy Heidbrink for the Seniors and the Sophomore 2 game. For the Junior-Sophomore 1 game, Sandey Dolson scored high.

Members of the Senior team are Jan Kessler, captain; Barb Burdick, Judy Garrison, Jane Glass, Peggy Markin, Barb Nahrwold, Sandy Grodrian, Luann Uhl, and Judy Weber.

Sandy Heidbrink, Janice Nahrwold, Martha Bonnell, Gretchen Brumm, Becky Collins, Carolyn Kumfer, Jan Spuller, Bev Fromm, Jenny Slater, Ginny Kachiamenis, Ann Heckler, and Margie Bloom are the players for the Sophomore 2 team.

Junior teammates are Rita Hessert, captain; Alberta Bonnell, Val Callahan, Donna Barnes, Marilyn Dauscher, Connie Dennis, Sandey Dolson, Joan Erck, Mickey Flaig, Leslie Sipe, Diane Spencer, Melodie Potts, Shirley Stahlhut, Carol Hofer, and Barb Markiton.

Tamara Beaty, Bella Dyson, Sherry Hall, Sharon Krakower, Marcia Melching, Susan Merchant, Nancy Nichols, Nancy Pfeiffer, Marcia Marschand, and Jane Ladig, captain, are members of the Sophomore 1 team.

Referees were Bella Dyson, Connie Denis, Sharon Krakower, Marcia Melching, and Flora Reynolds, scorekeeper, for the Senior-Sophomore 2 game. Luann Uhl, Sandy Grodrian, Ann Heckler, and Sandy Heidbrink were referees; and Carole Hofer and Mrs. Keegan kept score for the Junior-Sophomore 1 game.

Carter's Corner

By Jim Carter

It certainly was a week for upsets. Basketball action last Friday and Saturday saw no less than three upsets, one of them a major surprise. That was, of course, North Side's astounding 71-61 defeat of the Central Tigers. Surprising as it was, it should be pointed out that the Redskins have a noticeable habit of playing their best games against their downtown foes.

There were two major contributing factors, one well-known and the other new. Central's notorious lack of teamwork is continuing to cause them grief; and unless something is done, it will be their downfall. T. C. Williams and some of the others just can't play their own individual games and hope to beat stiff competition.

The other factor was North's Ron Latham, who poured in 31 points to outscore even T. C. On the strength of this performance, he rocketed from somewhere below the top ten to take over third spot in the city scoring chase.

z z z

And then we come to the South-Huntington game, which is even painful to mention, much less to discuss. The Green definitely should have beaten the Vikings, but not with the game they played Saturday night.

Bad passes and fouls made the Archers look sick as they literally gave this one away. The Huntington half-court zone and press, combined with Kelly mistakes, led to a grand total of 25 errors (a conservative estimate).

South outshot the Vikes .310 to .300 from the field, but gave away seven more points at the charity stripe. The Green managed to score only 18 points in the first half, and only six in the second quarter. Totals like that just aren't going to win many ball games.

Still, this was not the Archer team that we were banking on. It was an off night when all the glaring errors of inexperience caught up and proved costly. Coach Reichert knows the problem, and he and his staff are working diligently, so don't give up this season yet. The Auburn game should be a different story.

z z z

Elmhurst also got into the upset column by upending Kendallville, 53-52. The Trojans have some strength all right, even though Central did take revenge on them to the tune of 72-49 after the North debacle.

In other city action, Central Catholic suffered its first defeat in an even split over the week end. Mishawaka was the culprit in a 44-42 overtime thriller. The Irish bounced back the next night to take their first City Series contest, a 65-60 win from Concordia. Still, this should have been an easier game for C.C. Look at what South did to the Cadets, who are admittedly an up-and-down team.

z z z

After the smoke of battle cleared, the City Series and overall races were in a mess. C.C. and North have gained a first-place tie with the Archers by virtue of their recent conquests, while Central, the favorite, is now one-half game out with a 1-1 record. Elmhurst and Concordia, the winless also-rans, have lost one and two respectively.

In the overall statistics, C.C. leads the pack with a 4-1 record, followed by all five teams tied at 2-2! South and Central have been alternating wins and losses, while the other teams' week-end results evened up their totals, too.

The Bengals of Central have the highest scoring average at 64.8, but their opponents are also averaging over 60 points scored against them. Other high scorers are North and Concordia, the former also having decided defensive troubles in the figures.

On the defensive side of the picture, South is low with 48.8, as should be expected from a Reichert team. However, the Kellys' scoring average is also the city low at 52.2 points per game. This demonstrates another decided problem this year: the Green is not scoring enough points. It takes more than 52 tallies to win most games these days, even if your defense is exceptional.

z z z

The individual scoring chase seems already narrowed down to Williams and Bob Pelkington of C.C. T. C. has a fairly wide margin of 5.3 points a game at present. Following the leaders, the contenders are well bunched, with the next six players separated by only two points. Archer Dave Barrett slipped to seventh with a 14-point average this week.

z z z

The lunatic who climbs out on a limb every week to guess these crazy high school basketball games is now batting .789, and here are his weekly absurdities:

1. **Indianapolis Crispus Attucks vs. Central**—Many Fort Wayne Tiger fans had hoped this game could really show the state something with a Central victory, but the way they have been playing, Attucks are a shoo-in. If Central gets up for the game it could be the battle of the year in this area, but the odds are still against it.

2. **North vs. South Bend Washington**—Based upon their whipping by Hammond Clark, the South Benders should be overcome by North's newly-found offensive punch and enthusiasm. Watch out for a mental let-down after Central, though.

3. **C.C. vs. Decatur**—An easy win for the Irish over the Yellow Jackets, a previous Concordia victim.

4. **Concordia vs. Elmhurst**—This should be an interesting scrap; rather evenly matched all the way; but we'll take the Cadets.

5. **South vs. Auburn**—The coach has the boys back in the groove and South takes its third win of the season. Watch Dave Hickman's improved play.

6. **South vs. Logansport**—Bad news here. The Berries, conquerors of Mishawaka, are too experienced at home for the still-green Archers. The record is now an even 3-3.

7. **North vs. Auburn**—The Redskins keep rolling by defeating South's foe of the previous evening.

8. **C.C. vs. South Bend Washington**—In true double-or-nothing fashion, we'll go with the Irish to also defeat the out-of-towners.

There's nothing like pushing one's luck. See you next week.

Frosh Cagers Conquer Irish In Opening Tilt

Coach Preston Brown Boasts Of 15-Man Squad, Five Starters

After recording one victory against no defeats, the Archer freshman quintet under the direction of Mr. Preston Brown, new assistant coach, will hope to continue the '59-'60 season slate in fine style.

South Side freshman cagers officially opened their 1959-60 season slate as they beat Central Catholic on tne Irish hardwood.

Basketball fever attracted about 40 enthusiastic players. About 25 of these were released by elimination, and Coach Brown has a 15-man squad.

Most prominent and probable starters are Shep Jefferson, Gerd Biewald, Jerry Klaehn, Dale Hilsmier, and Bob Wasson.

Jefferson, a hustling six-footer, will play the center slot. He is very versatile on the hardwood and shows tremendous potential. It is possible that by mid-season he could be playing reserve ball.

Quick, short, and aggressive is a good description of Gerd Biewald, Archer guard. Biewald, at a mere 5-4, is the shortest member of the squad, although he is an excellent ball handler and a good shooter.

Jerry Klaehn, the other guard, stands 5-6. He is an equally snappy ball handler and talented shooter.

Dale Hilsmier and Bob Wasson will fill in the forward positions. Hilsmier, six-foot even, is a great rebounder; and his shot is usually deadly. At the other forward position is 5-10 Bob Wasson, who will also help strengthen the Archers. These boys will also be prospects for the reserve squad as the season progresses.

Name	Pos.	Wt.	Ht.
Ed Johnson	F	136	5-8
Shep Jefferson	C	176	6-0
Bob Lohman	F	156	6-0
Gerd Biewald	G	122	5-4
Jerry Klaehn	G	128	5-6
Dale Hilsmier	F	161	6-0
Gary Probst	F	132	5-9
Tom Marshall	G	158	5-7
Sheldon Sheray	G	133	5-6
Dave Blanton	C	167	5-10
Bob Leininger	F	140	5-8
Dave Meyer	F	154	6-0
Richie Clark	G	137	5-6
Bob Wasson	F	166	5-10

Coach Brown foresees a prosperous season, although his main worry is losing key players like Jefferson, Wasson, and Hilsmier to the reserve squad. Brown's players have good height and are good shooters, and from this Mr. Brown should produce a fine season.

The freshman schedule is as follows:

Dec.	3	C.C. ....there
	7	Concordia ....here
	17	Elmhurst ....here
	19	Freshman tourney at C.C.
Jan.	7	North ....here
	14	Central ....there
	21	C.C. ....here
	26	Luers ....here
	28	New Haven ....there
Feb.	1	Elmhurst ....there
	10	North Side ....there
	16	New Haven ....here

Seniors Capture GAA Tourney

Seniors captured the first place basketball title by defeating the Juniors, 28-25, in Upperclass GAA Monday night in the gym. High scorers for the Junior-Senior game were Sandy Dolson, Val Callahan, Shelba Cox, and Judy Garrison.

Sophomore 2 team beat the Sophomore 1's, 16-14, Monday night in the gym. High scorers were Ann Hechler, Janice Nahrwold, Jenny Slater, Tamara Beaty, and Marcia Marschand.

Players for the Senior team are Jan Kessler, captain; Nancy Baltes, Pat Brown, Barb Burdick, Shelba Cox, Judy Garrison, Jane Glass, Sandy Grodrian, Peggy Markin, Barb Nahrwold, Luann Uhl, Joy Walling, and Judy Weber.

Alberta Bonnell, Val Callahan, Marilyn Dauscher, Connie Denis, Sandy Dolson, Joan Erck, Mickey Flaig, Dianne Spencer, Melodie Potts, Dixie Piercy, Shirley Stahlhut, Carol Hofer, Donna Barnes, Barb Markiton, Leslie Sipe, and Rita Hessert, captain, are the members of the Junior team.

Teammates for the Sophomore 2 team are Sandy Heidbrink, captain; Martha Bonnell, Gretchen Brumm, Pam Buzzard, Margie Bloom, Becky Collins, Bev Fromm, Ann Hechler, Carolyn Kumfer, Ginny Kachiamenis, Janice Nahrwold, Jenny Slater, Jan Spuller, Nancy Zimmerman, and Barb Uhl.

Alice Ashton, Tamara Beaty, Bella Dyson, Sherry Hall, Sharon Krakower, Marcia Melching, Susan Merchant, Nancy Nichols, Nancy Pfeiffer, Sharon Todd, Marcia Marschand, Jan Shuler, and Jane Ladig, captain, are the players for the Sophomore 1 team.

Referees for the Junior-Senior game were Mrs. Alice Keegan and Elizabeth Hostetler; Dixie Piercy and Sandy Grodrian kept score. Alberta Bonnell, Luann Uhl, Connie Denis, and Shirley Stahlhut were the umpires, and Flora Reynolds kept score for the Sophomore game.

'Rugged' Competition To Confront Bowmen

South To Face Auburn Team On Home Court

Auburn Team Lacks Size, Adequate Defense To Stop Green Attack

South Side will host Auburn tomorrow night in the South Side gym at 8 p.m. The Archers will be looking for their third victory against two defeats.

The Kellys have a good chance to go over the .500 mark against the Red Devils, who have a 1-1 record.

Auburn will carry no tall players into this contest and they are apt to exhibit a poor defense upon which the Archers will be able to capitalize.

The Red Devils appear to be weak, and the Archers will be eager to make up for the humiliating loss against Huntington last week.

In last year's game, the Archers defeated Auburn by an 80-48 score. Tom Bolyard set a school and city scoring record of 43 points while leading the Archers to their fourth straight victory.

After tomorrow night's game, South will journey to Logansport on Saturday while Auburn will play Fort Wayne North, who surprised many by defeating Central last week.

However, South's main problem will be finding a more prolific scoring attack to balance with their fine defense. So far only Barrett has scored with any consistency. Other Archers must score in double figures if the Berries "get hot" from the field or come up with an effective defense to stymie Barrett.

This contest should be most interesting with Logansport's fine offense meeting South's sticky defense, a fast breaking attack meeting a slow, deliberate attack. The Berries' home court advantage may offset the Archers' greater height, so that the game should be very close.

Cleveland Indian Great Speaks At Local Banquet

IN PERSON . . . Bob Feller, center, talks with Archers Ed Sarver and Dave Dill after his speech at the Wayne Street Methodist Church Father and Son Banquet. In his talk there he emphasized the importance of health and especially character in one's life—Photo by Thompson

By Ed Sarver

The big, raw-boned rookie from Van Meter, Ia., had just faced nine Cardinals in his first major-league appearance. He had fanned eight of them. A photographer asked Dizzy Dean if he would mind having his picture taken with the 17-year-old sensation. "Me mind?" laughed Diz, "after what he just did, you'd better ask him if he'd mind havin' his picture took with me."

The young fireballer went on to win 266 games in 18 seasons with the Cleveland Indians. His name is Robert William Andrew Feller. Over that 18-year span, he hurled 46 shutouts, three no-hitters, 12 one-hitters, and fanned 2,581 batsmen. There is no telling what records he might have set except for a four-year term in the Navy from 1941-45.

Rapid Robert won 20 or more games in six seasons with 27 in 1940 and 26 in 1946. In '46 he hurled the grand total of 371 innings. On October 2, 1938, he struck out 18 Tigers in a nine-inning contest, though he lost the game, 4-1.

Bob Feller started playing ball in the second grade. He played catch with his father inside. He would hurl a rubber ball from the living room and his father would catch it in a pillow in the kitchen. Thus his father was to be a guiding factor throughout his baseball career.

After playing high school baseball and basketball, American Legion ball, and Semi-Pro ball, Bob was signed by the Indians. As a bonus, he received two slightly used autographed baseballs. Though ordered to report to a minor league club, Feller developed a sore arm and he couldn't pitch. When it healed, he was so impressive against the Cards that he was kept on the parent roster.

Hurler Feller, whose fast ball has been clocked near 100 mph, had many problems with the New York Yankees. Tommy Henrich especially gave him trouble; while Joe DiMaggio was no picnic. One of these duels gave Feller his greatest thrill in sports. He hurled a 1-0 no-hitter against the Bronx Bombers in Yankee Stadium, April 30, 1946. Catcher Frankie Hayes hit a game-winning homer, and Bob survived a neat 12th-hour Yankee uprising.

This writer had the privilege of hearing Bob Feller speak at the Father and Son Banquet at the Wayne Street Methodist Church. Mr. Feller now speaks to church youth groups as well as being chairman of the Ohio March of Dimes.

Mr. Feller said the two most important elements in a person's life are his health and his character, with the latter rating higher. He brought out the importance of eating the right food, getting enough sleep and exercise, and staying away from tobacco and alcohol.

However, the most important point Mr. Feller made was that about a person's character. No matter where you go or what you do, your character, like your shadow, stays with you. Your character continues to pattern your whole life and tell the world what you really are.

Some advice he gave to the young people of today was be honest with your parents, get along with your classmates, don't cheat, and study hard. He left everyone with the impression that he was not only a master in his chosen field, but a man of high ideals, well worth listening to.

Teams 1, 4 Victorious In Freshman GAA

Team 1 was victorious over Team 2, 26-20, Friday after school in Freshman GAA basketball in the gym. Team 3 was defeated by Team 4, 23-11. High scorers for the winners were Virginia Rose, Sydney Schinbeckler, Dodie Kessler, Pat Abbott, Betsy Junker, and Susan Burlage. Krystein Krirworotow, and Louraine Ford were the high scorers for the losers.

Members of Team 1 are Dodie Kessler, captain; Martha Grimme, Gloria Rothamer, Stella Masienah, Virginia Rose, Colleen Roth, Donna Rudasky, Sydney Schinbeckler, and Gwen Yordy.

Toni Sorenson, captain; Elaine Edwards, Pam Foust, Judy Koop, Krystein Krirworotow, Diane Langberry, Mary Marker, and Carolyn Scherer are the members of Team 2.

Players for Team 3 are Sherry Hager, Claudia Hershberger, Mary Jo Kraus, Joyce Politt, Celeste Riemen, Jane Whitacker, Mary Fremion, and Louraine Ford, captain.

Pat Abbott, captain; Dianne Friedman, Marsha Good, Betsey Junker, Anita Kimball, Nancy Lagemann, Ann McCoy, and Susan Burlage are members of Team 4.

Sandy Heidbrink and Ann Heckler refereed for Teams 1 and 2, while Jenny Kachiamenis kept score. Jenny Slater refereed the game between Teams 3 and 4; Jinny Kachiamenis kept score.

Mural Men

By Dieter Hillerbrand

Congratulations to the Peods, the middleweight champions of the Noon League! The Peods, first champions to be decided, trounced Rastetter's Raiders, 38-24, in the final game. Ron Hay led the victors with 12 tallies, while Ed Johnson canned 12 in a vain effort. But it was balance that told the story of success, as the Peods had Ed Tinkle and Terry Usher both scoring nine points.

Captain of the Peods is Mike Hegerfeld, while the following made up the rest of the team: Ron Hay, Gary Simmons, Eddie Tinkle, Dave Tyner, and Terry Usher. Nice work, boys!

In the other divisions, games were played as usual. Championships will not be decided in these divisions for quite some time. This is due to the large number of teams that are signed up in the lightweight and heavyweight divisions.

Leading all the way, the Ten Ounces clobbered the Rebel Rousers by a score of 20-4. George Paris poured in six points to top his team in scoring, while Glen Crosier scored all of his team's four points.

In a real thriller, the Voodoos rallied from an early deficit to nose out the Warriors, 29-27. Dave Osborne was high for both teams with 19 tallies, while Tim Grodrian's 14 points were tops for the winners. The Ole Swimming Hole Gang sneaked by the Lightweights, 27-25. Tom Schwartz's rebounding and scoring was the key, as he tallied 10 points. Teammate Stew Crabill had seven. Ellis Line was high man for the losing team with 13 points.

Returning to the winning trail after one loss, Watson's Wipers handed the Demons a 20-16 setback. Dave Jones canned three baskets for the winners, while Dave Haslup led his team with eight points.

Balanced scoring told the difference as the Mighty Mice set back the Beatnik Bandits, 24-22. Again it was Max Tinkle who led his team in scoring as he contributed 10 tallies in a winning cause. Bob Lohman copped scoring honors on the losing team as he poured in seven points.

In Night League action, the Tindall All-Stars handed the Motz Monsters a loss to the tune of 25-19. Mike Tomkinson hit four baskets to be high scorer on the winning team, while Bob Weiss scored five points to head the losers.

Congratulations also to Tom Wible, the middleweight champion in handball. The road to victory was not an easy one for Tom, who defeated Jim Allendoph in three games to take home the crown. Tom won the first game, 15-8, but then Jim rallied to take the next one, 15-11. But Wible regained form in the final game and handed Allendoph a 15-3 loss to win game and match.

In other handball games, Dave Reece defeated Ken Lothamer, 15-1, 15-2. Bill Joy turned back Ron Hasselbring, 15-8, 15-9; Bruce Reed beat Dan Schwartz, 15-3, 15-3. In doubles competition, Rose-Schwartz defeated Dixon-Elwald, 15-3, 16-14. Townsend-Dobson turned back Dawson-Baralar, 15-3, 19-17.

Rambling Notes: Now that the games in basketball are well along, I shall predict the winners in the divisions. In the Night League, superior height and shooting should lead the Has Beens to victory. In the Noon League, I pick the Beatniks to take lightweight honors; while the Mighty Mice should come out on top among the heavies.

By the way, have any of you seen the Intramural managers in their new uniforms? They were acquired only recently and look very snazzy.

Correction of last week's column: Boxing is held on Wednesday and Thursday instead of Thursday and Friday.

IHSAA Officials Arrange Referees For Advance Game

Although both teams in a basketball contest think the other has paid the referees, the Indiana High School Athletic Association has made this impossible. IHSAA officials have set up a plan for hiring referees which corrals both schools in agreement.

Each year the IHSAA sends out a pamphlet listing all the licensed and certified officials of Indiana. Then, when one athletic director sends a game contract to another sports mentor, he accompanies it with two lists of officials. The recipient scratches off the names of the refrees he doesn't want and then lists his preferences. One list is filed and the other is sent back to the sender. With this method both schools agree upon the stripe-shirted men.

After agreement, the athletic director who leads the host team contacts the officials with a game contract. When both schools are certain that a game is definitely scheduled, officials may be hired two years in advance to referee.

Kellys To Meet Undefeated Foe At Berry Bowl

Archers Hope For Win Over First NCC Foe; Height Favors Locals

Facing their toughest foe of the young 1959-60 campaign, the South Side Archers tangle with the high-flying Logansport Berries Saturday evening at the Berry Bowl in Logansport. From all indications, this hardwood contest should be very close and exciting.

Owning a good 3-1 record thus far in the season, the Berries hold an edge over the Green in won-lost percentage. However, their first two victims, Winamac, which lost by a 73-51 count, and Rochester, which dropped an 88-63 decision, were not very strong. Mishawaka proved more troublesome, being nipped in a 63-59 affair.

Coach Jim Jones' boys are young but experienced. Although the 14-member squad has only two seniors, there are eight returning lettermen. The seniors, Mike Tuberty and Tim Wagner, will start at a center and forward post, respectively. Both were on last years' team which compiled a 17-11 record and journeyed to the State Fnials where they bowed to eventual State Champion Indianapolis Attucks.

* * *

ROUNDING OUT the probable starting quintet are junior Mike Huston, a forward, and Jim Bender and Dan Ferrell, a slick back court combination. All five are lettermen as are 6-4 Dick Shook, 6-2 Charley Myers, and 6-1 Jim Vance. These last three lead the strong Berry bench.

Since they are considerably shorter than the Archers, the Red might have more trouble under the boards this outing than they have had against their smaller previous foes. Tuberty at 6-3½ and Wagner at 6-3 account for almost all of their team's rebounds. The other three starters are under six feet.

What the Berries lack in height is made up in the shooting department. By blasting enemy nets for a 75-points-per-game average, they definitely possess a very capable offensive attack. Coach Jones employs a running game, which has paid off well in the scoring column; but at the same time, it has allowed the opposition 58 points per game.

* * *

SOUTH SIDE possesses a worse record than the Berries as a result of heart-breaking losses to Southport and Huntington. However South does not go into the game as the underdog because of their superior height and tight defense.

Led by 6-5 Dave Barrett, the Kellys' starting unit averages almost 6-2, or about one and one-half inches per man taller than the Berries. This difference will undoubtedly aid the Archer rebounding. It also will help to contain Logansport's high-scoring front line.

Coach Don Reichert will use a probable starting lineup of Barrett at center, rugged Ken Howe and "rubber-legged" Dave Hickman at forwards, and Acie Eldridge and Ken Leakey at guard posts. Leakey, only a sophomore, gained a starting role after the season began by his fine offensive and defensive performances.

* * *

GARY GARDNER, Steve Hargan, and Bob Bolyard will probably see more action than usual. This is because the Archers play Auburn the night before, and the starters may have endurance trouble.

Kelly Frosh Defeat C.C. In Opener

Archer freshman cagers opened their '59-'60 season slate last Thursday at the Central Catholic gym with a 42-37 victory over the Irish in a battle royal, as Gerd Biewald and Jerry Klaehn blazed the scoring attack for the mighty Archers. The Kelly offense used primarily the figure eight and the weave.

Gerd Biewald, starting guard, tallied five field goals and one free throw for a total of 11 points. He was high scorer for the Archers, although Steve Krull of Central Catholic stripped the nets for six field goals for a final account of 12. Jerry Klaehn accounted for eight of the Archer points.

Well-balanced scoring was an excellent description of first-quarter play. Klaehn tallied for the first score of the game.

The remainder of the period was a see-saw battle. South sustained the largest lead, leading by 8-4 with a little more than two minutes left to play. The Green received a good break at the end of the quarter. Klaehn was fouled as the buzzer rang and his free throw was good to set the Kellys in a 9-8 lead.

Kelly cagers tallied four consecutive points in the opening minute of second-period action to increase their lead to five points. C.C. scored and Bob Lohman boosted the Kellys to a 17-10 margin, scoring two field goals in succession. As the quarter progressed the Irish were unable to touch the Green and White, and by half-time South possessed a 24-18 lead.

Krull of C.C. added two more points to the Irish score to commence second-half activity. Bob Wasson and Dave Meyer netted four points to expand South's lead to 28-20, the biggest margin in the entire game.

South began to slump after that and the Irish rallied back to narrow the Kelly lead to 31-30. The tightened Irish defense prevented the Archers from scoring with 17 seconds remaining in the third period. Central Catholic outscored South, 12-7.

As the fourth quarter opened, Dale Hilsmier scored on an assist by Klaehn, marking the finest play in the game. Shep Jefferson added two to the Archer cause and Biewald hit two consecutive field goals to practically clinch the game. The final verdict was just a matter of time. Gary Probst scored the final Archer point and South Side won, 42-37.

Dale Hilsmier was the key rebounder for South, bringing down some 13 rebounds. Coach Preston Brown was well-pleased with their performance, and stated that he looked ahead to a fine season. If the Kellys improve a little every game, they will certainly have a great season record.

Muncie Central, Cubs, Attucks Top Cage Poll

Ranking 1-2-3 in the Indiana prep basketball picture are Muncie Central, Madison, and defending state champs, Indianapolis Crispus Attucks. The top three candidates, all possible entrants in the Indianapolis Semi-State tourney, were easy choices for the forecasters. Each of the three teams has shown amazing abilities thus far in the season.

The Bearcats from Muncie, led by 6-7 John Davis and 6-4 Ron Bonham, walloped the previously unbeaten Logansport team last Friday by a 93-62 score. Bonham, considered one of the best state products since Oscar Robertson, scored 36 points in the win.

The Madison Cubs have averaged over 100 points per game up to their win over North Vernon, 88-65. The North Vernon squad stalled the ball three minutes before the end of the game so that the Cubs could not continue their fantastic average.

The defending state champs, Indianapolis Crispus Attucks, had a tougher time in defeating South Bend Central, 75-67, in an overtime affair. The Attucks had to come back in the last 12 seconds of the game to tie the score and finally go on to win. Junior center Bill Jones, who stands 6-8, tallied 24 points for the Attucks in their win.

Number four on the list, East Chicago Washington, defeated Elkhart, 79-34. The ranking of Fort Wayne schools are Fort Wayne Central, 39; North Side, 36; South Side, 39; Central Catholic, 49; and Concordia, 65. The top 10 teams include:

1. Muncie Central
2. Madison
3. Indianapolis Attucks
4. East Chicago Washington
5. Rushville
6. Bloomington
7. Elwood
8. Madison Heights
9. South Bend Adams
10. Michigan City

Kellys Work For Superior Grades To Assure Santa's Visit

On a recent physics test given by Mr. Bussard, Beth Curley, Al Mayle, Mike Callahan, Marge Havens, Chris Parrott, Chuck Jellison, Shirley Stahlhut, Mike Collins, Eric Hoekstra, Ellen Beatty, Ron King, Ellen McCarron, Ann Plogsterth, and Bill Stellhorn earned high grades.

Physics 1 classes of Mr. Bussard have studied the mechanics of gases and are now studying the behavior of molecules. His Physics 2 classes have studied the reflection of light and are now studying the refraction of light.

In Mr. Coats' English 5 period 1 class an A— was earned by Jim Carter, Cynthia Miller, and Pamela Stech on a test over the characters in the prologue of "Canterbury Tales."

High grades were made in Mr. Storey's speech classes on a democracy speech by Carole Burn, Susie Gilmer, Sandra Grodrian, Gretchen Meister, Susi Smethers, and Judy Snelling, period 1; Carol Downhour, Sandy Landree, and Terry Twitchell, period 2.

Judy Estlick, Lynne Goldman, Diane Irmscher, and Dave Dill, period 3; Jim Carter, Dieter Hillerbrand, Kathy Misegades, Annette Plesniak, Joan Stanton, and Chuck Weinraub, period 5; Judy English, Fran Hoffman, and Carole Oxenrider, period 6.

Mr. Feasel's General History 1 classes have been studying the results of the Industrial Revolution.

Mr. Feasel's General History 2 classes have been studying the civilizations of India and China.

Mrs. Shriner's French 3 period 1 classes have been having quizzes over unfamiliar material. Perfect scores were made by Merle Baldwin, Wendell Eicher, Ann Golden, Pegeen Horth, Evert Mol, and Martha Reiff.

Students in Mrs. Shriner's English 6 period 6 class are now studying "Our Town" and have been reading scenes in class. Marilyn Budd as Emily, Richard Heckler as George, and Steve Bowen as the stage manager were the leading parts. Others who read well are June Garvin, Marilyn Hayden, and Phil Gallmaier.

Alice Ashton, John Poinsette, and Barbara Stevens were among those who made the highest grades in Mrs. Shriner's French 3 period 3 class on a review test. Debbie Tourkow had the highest grade, 98.

Mrs. Shriner's English 6 periods 2 and 7 have been writing satires based on the 18th Century. High grades were made by Ann Plogsterth, Bill Stellhorn, Ellen Beatty, Sheri DeYoung, Mike Collins, Dan Decker, and Mike Skiver.

Some of the students in Mr. Rohrabaugh's journalism period 1 class have been given special duties on the Times. They are Pat Shuler, auditor; Bonnie Shug, point recorder; Cindy Hart, credit manager; Pam Thomas, copy return; and John Musser, post office count.

In Mr. Rohrabaugh's journalism period 2 class the students who received A+ on a written test are Susie Mayer, Sandy Grodrian, and Sue Rousseau.

CLASSROOM NEWS TIMES

Students receiving 95 or better on a 40-word vocabulary test in Mrs. Welty's Latin 1 classes are, period 1, Marcia Gronauer and Don Reiling. Those in period 6 are Alvin Brown, Richard Clark, Carol Forsgren, Joseph Lepley, and Carol McVay.

Students receiving 95 or better on a 50-word vocabulary test in Mrs. Welty's Latin 3 classes are Sally Bash, Carol Becher, Marilyn Block, Debby Brooke, Diane Fredrick, Mary Jane Hake, Gay Hilsmier, Frank Lewis, Steve Mueller, and Cheryl Summers, period 3. Those in period 7 are Jo Ellen Bobay, Susie Bumgerdner, Sally Franklin, Ellen Lowe, and Linda Newell.

Mrs. Shriner recently gave a test to her second and seventh period classes on the 18th Century. High grades were made by Carol Eisenacher, Ann Plogsterth, Ellen Beatty, Larry Allen, Susan Bond, Mike Collins, Sheri DeYoung, and John Stein.

A recent test was given to Mr. Smith's General History 1 period 6 class. The following pupils who scored high are Barbara Spiers, 100; Stephen McDonald, 100; Barbara Gautz, 97; Tom Fazell, 97; Jo Ellen Bobay, 94; Jim Mosshammer, 94; David Pritchard, 94; Bob Symonds, 94; Delores Shadowens, 94; Stan Alfeld, 91; Sue Harrod, 91; Kathy Knettle, 91; Frank Lewis, 91.

On a test given in Roman History 1 period 6 the following students who made 90 or above are Anita Clayton, 97; Lissa Hoffman, 97; James Mosshammer, 97; Bob Symonds, 96; Barbara Gautz, 94; Sue Harrod, 94; Frank Lewis, 91; Barbara Spiers, 91; and Delores Shadowens, 90.

Kristin McDermott drew colored pictures of George Washington, Alexander Hamilton, and Thomas Jefferson to emphasize the importance of their service in making the Constitution work in Mr. Smith's U.S. History 1 period 1 class.

A unit test covering Chapters 4, 5, and 6 in Mr. Smith's United States History 1 classes was given. Students scoring the highest were, period 1, Joan Rothchild, 97; Charles Weinraub, 93; Nancy Swaim, 91; Tom Felger, 91.

Period 2, Tom Halley, 99; Ed Sarver, 97; Evilou North, 97; Craig Holmes, 93; and John Biteman, 91.

Period 3, Marjorie Havens, 99; Steve Pohl, 95; Jeff Baker, 93; Dennis McBroom, 92; Jerry Suetterlin, 92; and Allan Steere, 91. Period 7, Jim Carter, 100; Jody Reiff, 100; Linda Silverman, 99; Jane Hunter, 95; Ed Krider, 92; Nancy Vanderford, 92; and Marcia Zelonis, 92.

Bonnie Brenn has completed a chart showing the structure of our government as planned in the Constitution. The chart is unique since it shows the executive department surrounded by a symbol for each cabinet post. Bonnie is in Mr. Smith's seventh period U.S. history class.

Mr. Hauk's Chemistry 1 periods 4 and 7 classes recently had a mid-term test. High grades were made by Ramona Byrd, Carol Dehnert, Penny Hunt, Jim Jackson, Susan Menze, James Chi, Geraldine Geller, Sue Sappenfield, Doug Smith, and Shelby Smith.

In Mr. Roland Smith's U.S. history classes, students who turned in outstanding papers on history terms are Lee Crowell, Sue Knight, and Nancy Swaim.

In period 2 Carol Holmes, Camille Luther, Sue Stauffer, and Bonnie Strutz received highest grades.

Water softeners and how they operate, water sources, and water purifications have been discussed in Mr. Ober's General Science 1 classes.

Marks of 100 were earned by Reba Burgess, Mary Ann Gillies, Glenn Linsky, and Betsy Stephenson on a test covering Hydraulic and Density Substances in Mr. Ober's General Science 1 classes.

Studying osmosis in connection with the functioning of plant roots has been the topic of discussion in Mr. Ober's Biology 1 classes.

A test over the Root System was given in Mr. Ober's Biology 1 classes. Marks of 97 were earned in period 1 by David Aubrey, Mike Weinraub, and Sharyan Yerger. Period 3, Sally Mallough and Sally Sweet got 100's.

Ann Arnold, Sue Pfeiffer, Gloria Barnes, Donna Summers, Reba Burgess, Patty Schieb, Susie Hoard, Louise Houser, Janice Nahrwold, Barbara Smith, Mary Arnold, and Pat Menze have finished their housecoats and pajamas in Mrs. Smith's Home Economics 1 classes.

Winning teams in Mrs. Schone's Physical Education 1 classes are period 1, Group 1, Teams 1, 4; Group 2, Teams 1, 4; period 4, Group 1, Teams 1, 2; Group 2, Teams 1, 4; period 6, Group 1, Teams 3, 4; Group 2, Teams 3, 4.

Mr. Shellenberger's Physical Geography 1 and 2 classes wrote essays on "What is the most important idea in this unit?" High grades were made by Judy Godman, Ginny Southworth, Vick Adams, Lillian Krudop, Nick Markiton, Marcia Marschand, Diane Carpenter, John Poinsette, George Gosheff, and James Eme.

A literature test was given in Mrs. Sosenheimer's English classes. High grades were received in period 2 by Tom Wooding, A+; Sue Burdick, A; Janet Calvert, A; and Steve Shambaugh, A.

Tonya Hines, Karen Miller, Harriet Ochstein, and Joanne Rose earned A's in period 3.

In period 6, Karen Stookey received an A+. A's were earned by Celeste Rieman, Duane Dunken, and June Dominy.

Richard Clark and Karen Snavely received A+'s. Alvin Brown, Alan Hoagland, Carole Anne McVay, and Jim Plummer earned A's in period 7.

Jim Stewart and Sally Burton made high grades on a recent unit test in Miss Perkins' French 3 period 6 class.

On a recent unit test in Miss Perkins' French 1 period 7 class, Judy Merrill and Billie Swartz made 90 or above.

In Mrs. Luse's Algebra 2 period 7 class, 93's and above were made by Tom Erb, Tim Grodrian, Bob Lohman, Susan Moyer, and Martin Platupe on a recent test. On another test in Mrs. Luse's period 7 class, Martin Platupe made the only perfect score.

General history from 4,000 B.C. to 100 A.D. has been studied in Mr. Collyer's general history classes. Bill Borgman, William Kleifgen, James Walker, Susie Bumgerdner, and Phil Spray scored high on a test given over the material.

Alan Mitchell, Karen McFarland, Elizabeth Hostetler, and Lydia Sutto made the best grades in the period 4 class. In period 6, Karen Swygart, Dave Flannigan, Mary Keegan, Karen Simmons, and Dave Tyner took the honors.

Dave Lipp, Bill Mueller, Susan McGinnis, Bruce Joyner, and Diane Fredrick made the best grades in period 7.

Paul Mittelstadt received a perfect score in Mr. Yoder's Health 1 period 1 class on a test covering respiration. In the period 6 class, Jerry Klaehn received a perfect score.

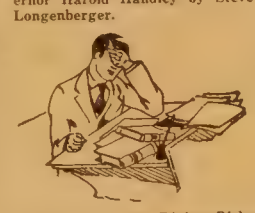
Chuck Bodenhorn and Ira Hartman earned the next highest scores. In Mr. Yoder's period 7 class David Young received the only perfect score. Philip Waltz received the next highest score.

Mrs. Keegan's dance classes are learning the five foot and arm positions and the exercises for Classical Ballet.

Her gym classes are playing a Round Robin tournament in basketball.

Mr. White's General Science 1 period 1 class completed a test on heat and expansion. Top marks were made by Mary Merrill, Michael Shoen, Bob Bryant, and Denver Druesedaw.

His Physics 1 classes are studying forces, both parallel and nonparallel, using vector diagrams. Bob Beckert gave a demonstration on liquid diffusion in the period 4 class.



Mr. Cramer gave his Algebra 1 classes a test covering Chapter 3 on Fundamental Processes. Kay Bradley was the only one in period 1 that scored 100. Those in period 2 who made perfect papers are Diane Bright, Sally Mallough, and Donna Summers.

Victor Churchward, Paul Leipold, Gary Probst, and Karen Snavely made 100's in period 6.

High scores were made by Mary Bowman and Ann Chenoweth who made perfect paper in the period 7 class.

Iris Quick spoke on "Samuel Brady's Frontier Man" in the U.S. History 1 period 6 class of Mr. McQuillan. Bill Meyers gave a good report on "History in the Arctic" in the period 2 class.

John Hosler gave a biographical sketch of Sam Rayburn in the Government 1 period 1 class of Mr. McQuillan. Barbara Nahrwold gave a biographical sketch of Alben Barkley in the Government 1 period 4 class. In the Government 1 period 7 class, a good biographical sketch was given on Governor Harold Handley by Steve Longenberger.

Janet Brenn, Janet Dinius, Richard Fisher, Judy Garrison, Peggy Schmidt, Sally Sweet, and Honey-K Martindale earned the highest averages on a grammar test in Miss Osborne's period 1 freshman English class.

In Miss Osborne's fourth period senior English class, good epic reports have been given by Judy Garrison, Bob Foltz, Eugene Guenther, and Barbara Hamilton.

Excellent reports have been given by Marge Bauer, Wendell Eicher, Bill Harader, Jim Jackson, Carol Miller, Dick Rothberg, Mike Church, Richard Dailey, and Janet Lawry in the period 6 class.

Barb Wallace typed 51 words a minute with 96 per cent accuracy to earn a 50 ribbon in Miss Covalt's Typing 3 period 3 class. Ersal Sterling typed 50 words a minute with 92 per cent accuracy; Pat Forehand, 50 words a minute with 92 per cent accuracy; and Georgia Gomez, 50 words a minute with 92 per cent accuracy. All received 50-word ribbons.

In Mr. Weber's Botany 2 period 1 class on the second weed identification list, the top mark was earned by Joyce Rothgeb, and the second highest grade was received by Sheri DeYoung.

On a chromotography quiz in Mr. Weber's Botany 1 period 2 class, 100 was earned by Linda Amos and Roger McNett; Rodka Shady, 99; Rita Hessert, 97; Bonnie Brenn, Sarah Dill, and Becky Hostetler, 95; Nancy Gift and Leslie Malone, 94; and Bonnie Adams, 92.

In the same class on an elodea leaf lab paper, grades of 90 or above were earned by Bonnie Brenn, Carol Campbell, Sarah Dill, Roger McNett, and Rodka Shady.

On the second weed identification list in Mr. Weber's Botany 2 period 5 class, Jack Fitzgerald earned 92, and Charles Cook, 90.

Dan Bill earned the highest grade, 98, on an elodea leaf lab paper in Mr. Weber's Botany 1 period 6 class. In the same class on the second weed identification list, Donna Weinraub earned the highest grade, 96.

Grades of 90 or above were earned by Karl Biewald, Mary Collins, Christine Coulter, Marilyn Dauscher, Sharon Dill, Fred Dibert, Anne Eversman, Michele Flaig, Steve Haifley, Steve Holmes, Marjorie Mercer, Cynthia Miller, Evilou North, Susan Rousseau, Perry Schlie, Jean Schott, Nancy Tagtmeyer, Michael Vaughn, Margie Wilson, and Lois Wartenbe in Mr. Weber's Botany 1 period 7 class on a chromotography quiz.

Linda Vollmer and Judy Eisenhower gave talks to their U.S. history classes explaining why we observe Veterans' Day.

At the end of this grade period, high marks were earned by Vallerie Calahan, period 1; Stan Redding and Nancy Rose, period 4; Sally Capps, Molly Dixon, and Ann Erickson, period 7, in Mr. Arnold's classes.

Miss Ayers' commercial geography classes were recently given a test over the Middle Atlantic States. Marks of 90 or above were made by the following in the period 2 class: Kenneth Gerke, Bonnie Hathaway, Peggy Markin, Louise Misegades, Darlene Schrader, and Thomas Wible.

Over the same material, 90 or above was made by Janelle Erwin, Bob Griffiths, and Dorothy Major, period 5.

Connie Vallance, Bob Gargett, Mary Ellen Bowman, Steve Jones, Kay Bradley, Judy Schumm, Sharyan Yerger, Marcia Kuhn, and Sally Mallough received A's on compositions in Mr. Scott's English 1 classes.

Dianne Ball, Anita Kimball, and Steve Shambaugh received the highest grade on a test over construction of sentences in Mrs. Redmond's Latin 1 period 6 class.

Joan Gerten, John Creck, and Larry Davis received the highest grades on a test over vocations in Mr. Berg's citizenship class period 1. Mike Hofer, Sarah Dickey, Ed Musice, Bob Zartman, Bill Syndram, Sheila Eddy, and Kathy Pratt were high in the period 7 class.

Barbara Driver, Mary Ella Hite, Janice Dedman, David Johnson, Pauline Marsh, John Remmers, Carol Ann Stanger, William Stanger, Judy York, Gary Turpchinoff, Larry Britton, Sarah Dicker, Sheila Eddy, Ronald Guenther, Shepard Jefferson, Darlene McClure, and Sandy McCombs received the highest scores on a test covering an introduction to algebra in Mr. Gernand's General Math 2 periods 6 and 7 classes.

Pat Galloway has the highest average in Mr. Weaver's general science class sixth period.

Sue Lohman received the highest average for the first 10 weeks in Mr. Weaver's Algebra 1 class.

Cheryl Summers and Barbara Nahrwold have the highest averages in Mr. Weaver's Geometry 1 classes.

Students who have turned in their term projects in Mr. Weaver's general science classes are Marguerite Dorset with Power Plants, and Leanne Novitsky with Little Known Facts in Science.

Students scoring 90 on the "Scarlet Pimpernel" test in Mr. Compton's English 1 period 3 class are Anita Kimball, John Knight, John Kokosa, Gary Probst, and Ruth Sprunger.

Those receiving 91 are Mary Fremion, Susan Lohman, and Nancy Nardeen. Alan Purdy scored a 92. Peggy Brase, Ronald Bultemeier, and Jean Ann McGinley each received 93. Students receiving a 94 on the same test are Sarah Barker and Patricia Wilson.

Students scoring 90 or better on a test over "Ramona" in Mr. Compton's English 3 classes are, first period, William Branstrator, Janice Foreman, James Leiter, Carol Moilanen, Karen Rahden, and Jeanine Syndram. Those in period 4 are Joyce Ake, Karl Bandemer, Beverly Figel, John Smith, and John Wightman.

Steve Anderson is making a small chest in Mr. Quance's Wood 3 class. Tom Barker and Vaith Barnhill are making book cases; Jim Biggs is making an end table along with Dick Loffi. Chuck Bowling is making a desk along with Perry Muncel, Bob Colby, Morrie Kasner; Jim Dawson and Ron Dawson are making coffee tables.

Jim Mills, Jim Myers, and Larry Schrader are making cabinets. Larry Platz is making a headboard; Jim Porter is making a book case, Tom Scherer is making a base cabinet, Bob Steinbayer is making a drop-leaf table, and Mike Vaughn, an end table.

On a recent test given by Mr. Hemmer to his citizenship classes, Laura Buckmaster, Lyle Culbertson, Thomas Liby, and Marsha Grabner made the highest grades.

Jerry Holliday, Leslie Malone, Larry Allen, and Ron Johnson made the highest grades on a History 2 test given by Mr. Hemmer.

Pat Forehand, Georgia Gomez, Jo-Ann High, Carol Jekel, Barbara Nahrwold, and Nancy Ormsby are taking 100 words per minute transcription in Mrs. Frankenstein's Shorthand 3 class.

A brief forms test was given to Mrs. Frankenstein's Shorthand 1 class. Marks of 100 were earned by Jane Badders, Marilyn Dauscher, Sharon Dills, Carol Lewis, Carolyn Murphy, and Elana Stepanek.

Those receiving 100 in period 6 were Bonnie Adams, Carol Dehnert, Judy Eisenhut, Janelle Erwin, Mimi Hinman, and Joyce Rothgeb.

On a marketing test over contracts, Ron Brateman, Jerry Holiday, and Anita Keller each earned 97.

Miss Murphy recently gave her Home Economics 2 classes a test. In the period 1 class the following students scored 100: Suzanne Berk, Karen Finfrock, Peggy Markin, Janet Markley, Ann Raatz, Karen Reddy, Nancy Robinson, Sydney Schinbeckler, Lucille Wagner, Ann McCoy, and Nancy Nichols.

Top grades were earned by Pat Menze, Corine Silvers, Virginia Potter, Dan Dentzer, Patty Drake, and Mike Hullinger on a test covering a unit called "Conflict" in the literature books in Miss Pohlmeyer's English 1 period 4 class.

Mary Ella Branden, Paul Leipold, Joe Murphy, Gaynel Musser, Carol Forsgren, James Mann, Allan Mason, and Karen Ponader made the highest scores on a test over punctuation in Miss Pohlmeyer's English 1 periods 1 and 7 classes.

English 3 period 2 class of Mrs. Spray recently had a unit test on Julius Caesar. High grades were earned by Babette Jones, Larry Lee, and Phil Spray. In the same class on notebooks covering Julius Caesar, A+ was received by Cheryl Summers, Lyall Morrill, Susan McGinnis, Larry Lee, and Gaylene Hilsmier.

A test on poetry was given to the English 7 period 5 class of Mrs. Spray. Fran Hoffman, Ronald Flickinger, and David Bosselmann received top marks.

Cheryl Summers has the highest average for the first 10 weeks in Mrs. Welty's Latin 3 classes.

An excellent report on Hamlet was given by Chuck Jellison in Mr. Billiard's English 8 period 1 class. Others in this class will be giving more reports.

Judy Ridlen, Susan Mayer, Sandy Grodrian, and Sue Rousseau made high grades on a copy reading lesson in Mr. Rohrabaugh's journalism period 2 class.

Mr. Cowdrey recently gave his English 5 students a test covering Acts 3, 4, and 5 of "Macbeth." In the period 2 class, high grades were made by the following: Chris Parrott, 96; Ann Golden, 93; Jon Anders and Jeff Baker, 92; Pam Brown, Margie Havens, and Nancy Rose, 91.

In the English 5 period 6 class, high grades were made by the following: Chuck Weinraub, 95; Bobbi Jo Ross, Rita Hessert, and Nancy Gift, 93; Jody Reiff, 92; and Joan Erck, 91.

Oral book reports were given by both English 5 classes. In the period 2 class A's were made by Pam Brown, Jane Hunter, Ann Golden, Margie Mercer, and Chris Parrott. A— was earned by Carol Abramson, Jeff Baker, Becky Davis, Barb Dicker, Margie Havens, Annette Plesniak, and Sandy Schug.

In the English 5 period 6 class, A+ was made by Joan Erck, Sharon Dill, Jody Reiff, Bobbie Jo Ross, Elana Stepanek, and Chuck Weinraub. A's were made by Nancy Gift, Rita Hessert, Sally McDonald, Marilyn Masters, and Linda Meyers. A— was made by Karl Biewald, John Byer, Carol Byrnes, Sally Dill, Judy Hoffman, and Ed Kridler.

Mr. Cowdrey gave his English 4 period 3 class a test covering the novel, "Swift Water." Dave Katzenmaier received a 97, while Beth Hinton earned a 96.

Oral book reports were given by the English 4 students. Tamara Beaty, Mary Fawley, Beth Hinton, Curt Holley, and Sharon White each received A. A—'s were received by Karen Guy, Dave Katzenmaier, Marcia Marschand, and Sharon Todd.

On a test covering poetry which Mr. Cowdrey gave to his English 1 classes, high grades in the period 5 class were made by the following: Nancy Baron, 97; Pat Scheib and Don Carlo, 92; and Stella Masierak, 90. In the period 7 class, Colleen Roth received a 96.

Oral book reports were done by both English 1 classes periods 5 and 7. In the period 5 class A's were made by Marge Lampel, Susan Motter, and Pat Scheib. A— was made by Don Carlo and Jim Trulock. In the period 7 class, A's were made by Dennis Berryhill, Laura Buckmaster, and Don Reihms.

Rex Armey and Dan Belschner of the Drafting 4 period 2 class are making pencil tracings of their detailed assembly drawings. Marshall Smith is making an ink tracing of his detailed assembly drawings.

Drafting 3 period 2 students who are starting thread drawings are Phil Rodenbeck, Keith Correll, Fred Wyatt, and Richard Hechler.

In Hope Of Finding Rewards Under Tree On Christmas Day

A quiz was given recently to Mr. Pipino's Biology 1 classes on the Functions and Parts of the Root. In the period 3 class, Paul Leipold and Jerry Klaehn made the highest grades. Honey-Kay Martindale, Tamara Steeh, and Michael Zehender also made excellent grades.

Peggy Schmidt, Janet Dinius, Janet Diehl, Sue Lowman, Louis Culbertson, Janet Calvert, Steve Burkenbuhl, and Linda Gernand scored high on the same quiz in the period 6 class.

On a test given by Mr. Havens to his BOM period 1 class over the first 10 chapters of the textbook, Bruce Chaney scored the highest grade, 92.

In Mr. Haven's junior business class period 5, high grades were made over parts 35-39 in the textbook by Carolyn Martin, 92; and Phil Bennett, 91.

The highest grade on a test over Chapters 23-27 in Mr. Havens' business problems period 7 class was made by Everett Scherrer with a 91.

Ten students in Mr. Graber's English 4 class earned A's on their mid-semester grade card. Earning these A's are Joe Gustin, Kenneth Long, Nadine Wilson, David Zimmerman, Pat Tyler, Acie Eldridge, Georgia Keener, Carolyn Martin, Michael Metzger, and Marti Morell.

A's on their report card at mid-semester were made by nine students in Mr. Graber's English 5 class. The nine are Bill Bryant, Lee Crowell, Fred Locke, Nancy Mattock, Barry McMillen, Arlene Osbun, David Reynolds, Kenneth Rice, and Max Tinkel.

Twelve A's and three A—'s were written on the report cards of deserving students in Mr. Graber's English 1 class. The students earning these high grades are Dianne Ball, Jane Ann Crabill, Cindy Jackson, Jerry Klaehn, Ann McCoy, Stuart Schmitz, Bonnie Strehlow, Julie Wadlington, Susan Whitmer, Sherry Martin, Gayle McNutt, Paul Mittelstadt, Nancy Robinson, Virginia Rose, and Donna Summers.

Karen Briggs, Sarah Dickey, and Mike Houser made perfect scores on two verb tests in Miss Arber's second semester English class, period 1. Almost perfect scores were made on the same tests in the period 3 class, second semester English, by Sheldon Sheray and Karen Plothe. In the period 6 class, the top grades on the two tests were made by Dick Klaehn.

Miss Osborne's English 8 period 2 class recently had a review spelling test. Steve Golden made a 96, Don Walters received a 94, and Ramona Byrd was given a 94.

Mike Bradley and Terry Smith, who are in Miss Osborne's English 1 period 1 class, recently made a guillotine for their class in relation to the book which they are studying, "Scarlet Pimpernel."

A test covering the parts of speech was given in Mrs. Sosenheimer's period 6 English class. June Dominy earned a 96; Karen Stookey, 95; and Kathleen Lacey, 96.

Students receiving A's or higher in the period 7 class are Alvin Brown, Richie Clark, Karen Snavely, Pamela Serrano, Annie Eldridge, and Bonny Leferva.

Mr. Weber's Botany 2 period 1 class recently had a quiz on flower parts. Those receiving 100 are Tomma Arnold, Carole Maners, Joyce Rothgeb, and Janice Summers. Marks of 95 were made by Bonnie Bender, Ron Brateman, Steve Kearnes, and Max VanFossen.

Perfect scores on a test over the classification of plants in Mr. Yoder's Biology 1 period 4 class were made by Kay Bradley and Mary Marker.

Jim Markiton, Paul Mittelstadt, Don Reiling, and Jim Smith also scored high on the same test.

"Exterior Appearance of Businesses" was the title of the quiz recently given to Mr. Walker's BOM students. In the period 2 class, James Speck, Zorana Toscos, Barb Wallace, and Ada Williams received the highest grades. In the period 6 class, Bill Bryant, Brenda Dugger, Bonnie Hathaway, Sandy Long, Joyce Rondot, and Ersal Sterling made the highest grades.

In the period 7 class over the same material, James Bright, Marty Clark, Sharon Ebersole, Carol Eisenacher, Carolyn Harold, Sandy Hearn, Marsha Klaehn, Carol Lehman, Robert Pfundstein, Karen Randall, Joy Walling, and Linda Woodruff made the highest scores.

Mr. Walker has recently obtained some supplementary reading material for his BOM classes. He has received a booklet entitled "What Every Investor Should Know." Every BOM student will receive one. He has also obtained a glossary entitled "The Language of the Investing," of which each BOM student will receive one.

English 2 students who wrote outstanding book reports for Mrs. Emshwiller are, period 1, Tim Grodrian and Betsy Adams; period 4, Sue Gerig, Barbara Altevogt, Karen Finfrock, Siegrid Tagtmeyer, and Tom Erb; period 7, Beth Burnett, Kenneth Davis, Marcia Evilsizer, Diane Smith, Sandra Stouder, Jane Prill, and Bonnie Smith.

Word group tests were given to two English 5 classes by Mr. Knigge. The test resulted in grades of 95 or higher for Carl Johnson, Karol Wise, Judy Eisenhut, Sue Maxson, Marilyn Pease, Pat Worsham, Marcia Zelonis, and Susan Gough.

Geometry classes under Mr. Sidell recently had a test over cylinders and prisms. Perfect scores were made by Ed Kridler, Ron Seyman, John Somers, and Jerry Stout in period 2; period 7, Nancy Swaim, Dan Nelson, Stan Redding, and Bill Stout.

Mrs. Schang's clerical practice students were recently given a spelling test. The following made 100 in the first period class: Sharol Booth, Sharon Gebhard, Gertrude Gerardot, Donna Kuehner, and Barbara Wallace.

Those earning 100 in the period 5 class are Virginia Adkinson, Betty Jackson, Marsha Klaehn, Sandy Long, Cathie Miller, Karen Myers, Joyce Rondot, Sandy Schug, and Ada Williams.

Mrs. Schang recently gave her business law students their second achievement test. Those earning 100 in the period 3 class are Connie Caley and Martha Price. In period 7, Nina Canaan and Dixie Piercy made top grades.

Miss Shideler's Home Economics 4 classes have prepared notebooks using the principles of design applying to color. The girls were asked to show pictures illustrating each principle.

A field trip to Sears to get first-hand information on house furnishings on the market will be taken by the Home Economics 4 classes next week.

Miss Marilyn Dietz from the Northern Indiana Public Service Company came out to demonstrate the use and care of gas ranges in Miss Shideler's Foods 1 classes.

Home Economics 6 classes are finishing up the study of Child Care and will begin Home Nursing.

Major projects are under way in Mr. Baker's Wood 1 class. Tom Neuenschwander, Maurice Shively, and Bob Wasson are making coffee tables. John Kokoso and Jim Wolfe are each making a lamp.

Dan Bishop is making a box; Bob Cormany, a zebra bowl; Bob Fruchey, a book holder; Earl Irwin, a gun rack; Emmitt Bowen, a chopping block; Jim Trulock, a cedar chest; and Wilbur Walker, a table.

Gary Roby is making a treasure chest and a zebra bowl. Tom Schaeffer is making a zebra bowl and skis.

Students in Mr. Polite's Drafting 1 period 3 class who have started dimensioning orthographic projection drawings are Jerry Baker, Bob Colburn, James Evans, Jack Fitzgerald, Harold King, Ed Musice, and David West.

Jack Blumbach, John Byer, George Gear, Ken Gerke, Joe Gustin, Mike Hogg, Jerry Howard, Dan Miller, Merlin Overman, Joe Rice, Louis Troup, Richard Vaughn, and Fred Kearnes have begun dimensioning orthographic projection drawing in the Drafting 1 period 5 class.

Drafting 2 students who have completed oblique drawings and have started on one point perspective drawings are as follows: Period 1, Don Walters, Ted VonGunten, John Slick, Tom Scherer, Mike Hegerfeld, Charles Cary, Dave Bollinger, and Glenn Linsky; period 6, Robert Dorsett, Les Fairweather, Frank Lude, Ken Howe, Mike Millikan, Fred VonGunten, and Nick Miller.

"Your Built-In Air Conditioning" was the topic of Chapter 5 in Mr. Brown's Health 1 classes. Paul Dolde, Jack Seigel, Sally Sweet, Jane Prill, and Rosemary Capps did excellent work on the test.

Mid-term examinations were given recently in Mr. Sage's classes. Chris Coulter, Stuart Crabill, Richard Koch, Dave Lane, and Sandy Miller made A papers in Mr. Sage's Geometry 2 period 1 class. Brenda Arnold, Bill Branning, Lola McLaughlin, Bill Shaefer, and Ellen Williams also received A papers. In the period 6 class, Debbie Turkow received the only A paper.

Bob Acker, Dick Hershberg, Sue Horth, and Carol Pio made A papers in Mr. Sage's Geometry 2 period 7 class. High grades on the mid-term examinations in Mr. Sage's Algebra 3 period 4 class were made by Larry Allen, Evan Burgwell, Marilyn Budd, Eric Hoekstra, Craig Holmes, Don Stalter, Phil Stettner, Dave Timma, Jim Vanderford, and Ron Zigler.

A recent test was given on Chapter 4 in Miss Young's Geometry 1 periods 1, 2, 5, and 7 classes. High grades were made by Tom Watson, Carol Jo Baker, Karen Swager, Janet Davies, Jim Feustel, Gaylene Hilsmier, and Dick Waterfield.

Mr. Block's United States History 1 period 2 class was given a mid-term test, with Judy Koontz, John Nader, and Bruce Foltz scoring high. They have recently been studying the political parties and have been assigned projects.

In Mr. Peirce's Government 1 period 3 class the highest grades on the ABC's of politics were made by Sam DeHaven, Bessie Ferguson, Pegeen Horth, Sondra Kaade, and Win Moses. In period 4, Martha Clark, John Musser, and Janice Summers received the best grades; period 7, Larry Cooper, Jane Glass, and Neil Peirce scored high.

Chemistry 1 and 2 tests were given by Mr. Davis. Barb Frederick, Kathy Lee, Dick Rothberg, Vicki Sheldon, Jim Stewart, Mike Church, Wendell Eicher, Carol Miller, Grant Osborn, Al Flowers, Bob King, Linda Tomson, Byron White, Frank Lude, Jim Olinske, Sue Gilmar, Phil Jones, Bill Lentz, and Dan Tritch made top marks.

Miss Ayers, business teacher, now has Miss Carper, a student teacher, working with her. Miss Carper is from Indiana University and her home is in Garrett, Ind. She is now teaching the business training classes and will soon be teaching the business law classes.

Skirts are the second required sewing project in Mrs. Smith's Home Economics 1 classes. Several girls are working with wool, and some with cotton, depending on the results of their housecoats. If the girls did excellent work on their housecoats, they are allowed to work with wool.

Boys in Mr. Quance's shop classes have made racks for the lumber in the storage room. They have also made a rack containing holders for each piece of hand equipment.

Girls in Mrs. Keegan's dance classes are learning classic ballet steps and phrases to waltz-time music. The gym classes are playing basketball.

Mr. Reichert's citizenship classes had a test over extra-curricular activities at South Side. Those in period 2 who made high grades are Jim Barnhart and Virginia Rose. Carolyn Burns, Jim Crabhill, and Karen Hathaway achieved the high grades in period 3. In period 4, Sharon Bass, Annie Eldridge, Nancy Lagemann, Sue Palmer, Beverly Seivers, and Linda Snyder received the highest marks.

Kay Falb and Jack Seigel received the highest grades on a construction exam over the third conjugation in Mrs. Redmond's Latin 2 period 3 class.

Students in Mr. Ober's General Science 1 classes are studying heat energy. Included in this study is heat conduction and heat expansion.

Stems are being studied in Mr. Ober's Biology 1 classes. Classifications of leaves was also discussed.

Mr. Shellenberger's Physical Geography 2 periods 2 and 7 classes had a test over glaciation. High grades were received by Vaughn Correll, James Eme, John Poinsette, and Curtis Holley.

Girls in Miss Shideler's Home Economics 6 classes are beginning the study of Home Nursing. Included in this study will be how to recognize sickness, taking care of bed patients, soft diets for sick patients, how to make a bed with and without a patient in it, and taking temperatures.

Preparations of salads and luncheons are being studied in Miss Shideler's Foods 1 classes.

Linoleum, asphalt tile, and rugs are being studied in Miss Shideler's Home Economics 4 classes.

Miss Young's Geometry 1 classes have been working on unit construction. They are learning to sketch the figure as it should appear when completed, then to examine this figure carefully to see the relation between the given points and the finished figure. They are also learning to think first, then to use their compasses and straight edges.

Carol Szink took 120 words per minute dictation in Mrs. Frankenstein's Shorthand 3 class.

Angel Body, Sandra Collins, and Judy Cramer are ready for 100-words-per-minute dictation.

Marks of 100 were received on Mrs. Frankenstein's spelling test by Angel Body, Sandra Collins, Georgia Gomez, Carol Jekel, Mary Ann Soles, and Carol Szink.

Mrs. Grimshaw's Spanish 3 class had a surprise quiz over the imperative mood. Mary Karrick received a 91; Kay Keiffer, a 98; Pam Orchard, 98; and Kerry Nidlinger, 97.

Susan Harrod received a 92 in the period 2 class.

Marks of 100 were received on a composition test in Mrs. Grimshaw's Spanish class by Jeff Baker and Todd Thompson. Sue Hiller received a 92; Linda Neff, 91; Harriet Ochstein, 93; Roberta Omspach, 94; Sue Romer, 94; and Linda Silverman, 97.

By making doughnuts, Miss Murphy's Home Economics 2 girls learned about deep fat frying. Also, they have been studying luncheons and making time schedules for the preparation of them.

Girls in Miss Murphy's clothing classes are starting their second and third projects.

Students in Mr. Billiard's English 8 period 1 class have been giving hour-long reports on plays. Les Fairweather recently reported on "The Rivals" and Julie Dedman on "The Doll's House."

Students in Mr. Pipino's periods 2, 5, and 7 biology classes have just taken a test over the "Internal Parts of the Frog." In period 2, those who received 90 or above are Leanna Morris, Sherry Hall, and Tim Grodrian. In period 5 Betsy Adams and Beth Burnett earned 90 or above.

In the period 7 class Barbara Altevogt, Dave Anderson, Rosie Capps, Sue Gerig, Jack Seigel, and Jack Garrison all made grades above 90 on the same test.

Mr. Pipino's Biology 2 students have just completed the study of amphibians; they will now start the study of reptiles.

Highest grades were earned by Vickie Troop, Dorothy Dildine, and Donna White on a test covering punctuation in Miss Pohlmeyer's English 1 period 2 class.

Marilyn Hanson, Robert Knox, Rita McCoy, and Vicky Suetterlin received the highest grades in Miss Pohlmeyer's English 1 period 6 class on a test over punctuation.

Robert Anderson, Mike Close, Marsha Gripe, and Michael Reiter made excellent scores on a quiz given on "The Spy" in English 5, Mr. Knigge reports.

Bob Kellogg and Ron Zigler also made excellent grades in Mr. Knigge's other English 5 class.

Covering a test on civilization in General History 1 in Mr. Feasel's class, the following people in period 1 made high scores: Dale Smith, Babs Jones, Dave Allen, and Dave Schele. Those in period 3 are Larry Lee, Richard Waterfield, Karen Fine, Evert Mol, Tom Plesniak, and Cheryl Summers made the highest grades in period 4. In period 7, Dan McCroskey and Vic Pierson received the high grades.

Anita Ferber, Gary Tinkel, Warren Burns, Dave Mangerum, and Sue Kelly achieved the highest grades on a test over Unit 2 in Mr. Collyer's second period general history class.

Taking the honors in period 7 on the same test are Dave Lipp, Susan McGinnis, William Mueller, and Bruce Joyner.

Mr. Hostetler's Concert Choir will be singing at the First Methodist Church at 2 p.m. on December 2. On December 4, the fifth period choir will sing at the Winter Concert. December 8 the choir will sing at the Senior Reception. On the same day at 2 p.m. the Madrigal Choir will sing at the Plymouth Church. December 12, the Foremen's Club will be entertained by the Concert Choir.

Fifth period choir will also sing at the Creighton Church at 7:30 p.m. on December 13. They will sing again on December 14 at the Women's Republican Club. On December 18, the Concert Choir will sing at the Christmas Assembly.

A test was given on Chapter 11, "The Work of Congress," and on Chapter 12, "The Federal Courts," in Mr. McQuillan's Government 1 classes. In the period 1 class, on Chapter 11, the highest grade, 90, was earned by Jay Daggett, Brenda Dugger, Steve Golden, Bonnie Hathaway, Jan Kessler, Rex Patterson, Jeannie Pelz, Marsha Rolf, and Nancy Stillwell. Marks of 90 was earned by Judy Bieberstein, Rex Patterson, Jeannie Pelz, and Nancy Stillwell on Chapter 12.

Grades of 100 were received by Ken Buchan, Ron Carlo, and Ken Hike on the Chapter 11 test in period 4. Paul Klenzak, Richard Fruchey, Cindy Lou Hart, and Barbara Nahrwold were given 90. On the Chapter 12 test, the only 100 was earned by Barry McMillen; 90 was given to Ron Carlo, Richard Fruchey, and Sandy Russell.

Dotty Ertel, Linda Fox, Fran Hoffman, Steve Kearnes, Steve Longenberger, Stan Robinson, Jim Speck, Fred Syndram, and Gary Wilson made 100 on the Chapter 11 test in the period 7 class. Marks of 90 were given to Sue Blaising, Susan Carto, Harry Collins, Roger Diffendarfer, Pat Glass, Susan Mayer, James Porter, and Carol Salaka. On the Chapter 12 test, 90 was given to Roger Diffendarfer, Larry Dominy, Carol Salaka, and Fred Syndram.

High grades on a test over the federal government in Mr. Berg's Citizenship 2 period 1 class were made by Karen Rowley, Joyce Moore, Barbara Nahrwold, and John Wightman. Steve Chapin, Mike Hofer, Susan Burlage, John Schmitt, and Sheila Eddy scored high in the period 7 class.

U.S. History 1 classes had a test on Chapter 3, "The Federalists and the Republicans," and on Chapter 9, "Foreign Entanglements." In the period 8 class on Chapter 8, 100 was given to Dave Dill, Dian Spencer, and Pamela Stech. On Chapter 9, 100 was earned by Ron Buesking, Jerry Clayton, Karen Curley, Dave Dill, James Eme, Mickey Flaig, Ray Hieber, Bob Kellogg, Bob Leslie, Linda Meyers, Martha Price, Bobbi Ross, Pam Stech, and Donna Weinraub.

Jon Anders, Jane Badders, Joseph Bleakney, Mike Durnell, Betty Lamley, Sharon Longenberger, Margie Mercer, Dixie Piercy, Dave Schwalm, and Sandra Starke in the period 6 class received 100 on the Chapter 8 test. On the Chapter 9 test, 100 was made by Jane Badders, Joseph Bleakney, Margie Mercer, Don Nelson, Dixie Piercy, Ken Rice, and Terry Twitchell.

Sally Franklin, Chris Junker, and Nancy Stauffer received 100 on a mid-term test in Mr. Weaver's Geometry 1 class.

Mr. Weaver's Geometry 1 students have been bringing in examples illustrating symmetry of nature, such as leaves and butterflies.

Susie Slick, Marilyn Miner, Steve Huffman, and Bill Stellhorn have used Allen's "The Big Change" to describe phases of the "Golden Twenties" to their U.S. History 2 classes in Miss Crowe's classes.

Mrs. Schone's Physical Education 1 classes have completed their basketball games. Period 1, Group 1, Team 1 has won nine games and tied two. Group 2, Team 4 has won 10 games and lost none.

Period 4, Group 1, Team 4 has won nine, lost two, and tied one. Group 2, Team 2 has won seven and lost four. Period 6, Group 1, Team 3 has won nine, lost three, and tied one. Group 2, Team 4 has won 10 games and tied one.

Miss Shideler's Foods 2 class is preparing luncheons consisting of a casserole, salad, and a hot bread.

Complete dinners are being planned by Miss Shideler's Home Economics 4 classes. After the girls choose their menus, they got recipes for each dish. Each group was requested to turn in a grocery list, work schedule, and recipe for each dish.

Plant Physiology, Pollination of Flowers, and Fertilization are the topics of discussion in Mr. Ober's Biology 1 classes.

Jody Reiff, Barb Stevens, Linda Towns Skate In Fort Wayne's 'Pops On Ice'

Hans Brinker and his legendary silver skates have nothing on Kelly "ice-gliders" Linda Towns, Jody Reiff, and Barb Stevens, who skate year-round at the Memorial Coliseum.

A good ice skating student need never complain in the summer about lack of practice facilities, for ample facilities are provided at the Coliseum in the form of the Fort Wayne Skating School's summer session. All three "ice-prodigies" are enrolled in the Fort Wayne Skating Club and in the school's summer session.

Linda Towns has been skating five years, and has taken lessons at the Memorial Coliseum for four years. At the present, Linda, Barb, and Jody are taking private lessons from Harry Barton, director of the Fort Wayne Skating School.

* * *

JODY REIFF has labored three years under the direction of the Coliseum and Harry Barton. Previously, she was taught by Ronny Baker of Detroit. Jody and Barb Stevens have passed their Bronze Skating tests. Jody is now working towards her second figure skating test; while Barb, an old "pro," is attempting her fourth figure skating test.

Practice, as for diligent musicians or dancers, is necessary for hard-working skaters and is extremely time-consuming. Practice days vary and depend upon the week or days during which the Coliseum will be "iced."

Usually, the girls get in two to three days of practice each week. During the summer session, however, seven hours every day for several weeks is spent in rugged, feverish practice. Skating tacte, or figure skating, dance, and free-style are rehearsed.

* * *

YOUNG AND OLD alike are represented at the school. Older limbs are trained and exercised side by side with the young. The tiniest student is four years old, while the oldest student is 65.

The skating attire is varied and decidedly attractive. Linda possesses six or seven short skating skirts along with a number of mulit-colored danskins. When asked why danskins were necessary for indoor work as well as protection against the cold, Linda replied, :"I take so many tumbles when practicing my routines that they serve as protection against bruisign and other minor injuries."

Jody, who is a junior B on the college course, stated, "Although I do not have great intentions of being a professional skater, I know it is one hobby I'll always be able to enjoy." Benefits are numerous, but Jody summed them up as such: "Most important are the facts that it teaches us some very important lessons about life and how to face yourself after failing an important test, it helps in getting along with people, and it makes one realize the importance of perfect co-ordination and teamwork."

* * *

A PROVERB SHOULD certainly be invented which would state that a reward follows hard work, for it certainly applies to Linda, Jody, and Barb. The Coliseum, quickly becoming the second home of these girls, was also the scene of the local "Pops on Ice" show Sunday, November 22. The artistic and unique combination of the music of the Fort Wayne Philharmonic Orchestra and the fine skating of talents of the Fort Wayne Ice Skating Club was a tremendous success and drew a large crowd.

Two months of rehearsal preceded the long-awaited performance in which two numbers which included all three girls, were presented by the skating club.

Stagefright was unbearable. However, after the first four strokes, the world stopped spinning and the skaters felt right at home on the ice and relaxed. In Jody's words, "Before going out on the ice, I wasn't exactly frightened, just a little weak!" Linda added, "Only one error was prominent. In the finale number we all carried flags from various countries. The girl in the front of me, carrying the American flag, fell down. She felt terribly bad, but it could have happened to any of us." Jody went on to say, "When I went into a spin, I also went into a hole—the only hole on the ice!"

* * *

THE SHOW CENTERED around Carol Heiss, the world's and U.S. figure skating champion. Miss Heiss, only 19 years of age, enlightened and thrilled Linda as they talked together. "I asked her all about college. She attends New York University, and she was extremely friendly. I can't begin to say how thrilling she and the whole wonderful affair was to me," concluded Linda. Jody added, "Carol was always smiling, vivacious, friendly, and eager to talk!"

To sum up the whole fascinating experience, Jody says "It was great!"

'Hot Rodder' Is Experimenter, Seeks Improvement, Perfection

"Hot Rodder" is a term which has several different definitions. There are as many opinions of hot rodders and shot-rodding as there are people to express them.

To a great many persons, any driver under the age of 25 is a hot rodder. To some, anyone who drives fast and a bit recklessly is a hot rodder.

Fortunately a true hot rodder need not belong to either category. There are major differences between a "hot rodder" and what we will call a "shot rodder."

A real hot rodder is a person who wants to learn about the automobile, not just the major points, but everything concerning the building and operation of it.

The first and most important of these objectives is to know the engine. Body styling, steering, suspension, and gearing all contribute toward the safety and pleasure which a hot rodder tries to obtain from his work.

The fellow often confused with the "hot rodder" is the "shot rodder." He rounds every corner with reckless flurry, starting and stopping with a screech of tires. He burns up the highway in dad's car, propelled by dad's gas. He has little respect for persons or property and is a menace on the road.

Thus having no responsibilities or incentives, he is always looking for something to do . . . Well, you've no doubt heard the saying, "The devil finds work for idle hands."

Such a driver needs to know a serious hot rodder whose knowledge and safety measures may help him to become a better driver.

The virus of hot rodding bites deeply. It can become your whole life. Adult guidance and assistance can make it constructive. Misunderstanding can only create bitterness and drive the sport underground.

The real hot rodder is an experimenter; he uses his knowledge of physics, chemistry, all phases of mathematics, drafting, and metal work to reach his goal.

A hot rodder is perpetually dissatisfied with things as they are. He is always seeking improvement and works hours on end to obtain it. He spends all of his time, money, and dreams on the car that he is creating. He is putting together something of which he is proud.

The "tool" most often denied the hot rodder is the testing spot or drag strip. When you create something, you want to see how it works.

A drag strip would be a common ground where these drivers could meet. This place could provide a proving ground for safety devices and safe drivers.

In this case the by-product normally is speed. The testing of safety factors and performance, as well as speed, is vitally important to the work.

Faculty Recall Favorite Yule, Past Activites

Perhaps you're an Eskimo in Nome, Alaska, sitting in an igloo with the temperature 50 degrees below zero outside. Maybe you're on top of snow-covered mountains in Walla Walla, Washington, or eating hot tamales down in Tiajuana, Mexico. A person could be right here in Fort Wayne enjoying all of that holiday turkey and pumpkin pie. Whoever one may be or wherever one may live, the Christmas spirit fills his heart in a special way different from someone else's feeling.

What does a person think of when the yuletide season rolls around? Perhaps it brings out once again that happy memory of a favorite Christmas he once had. Some of our South Side teachers recalling some of their past Christmases are eagerly willing to share them with the students in sincere hopes that they will have a Merry, Merry Christmas.

Miss Arber: "Every Christmas is fascinating to me in that each Christmas brings something new for which to be thankful. I must admit though, that a child's Christmas never once loses its happy, jolly memory."

Mrs. Luse: "I recall a very unusual but wonderful Christmas which I enjoyed. I went to church without my coat on and picked flowers in the sun with the temperature 75 degres. I suppose you're wondering where I was on Christmas Day? I was in New Orleans, La., and enjoyed a green Christmas instead of a white one.

Mr. Compton: "I remember the first Christmas vacation I had during my first year at Yale. There is nothing like home-stweet-home on Christmas day."

Miss Osborne: "I recall vividly a Christmas I'll remember forever. I remember well that brick house on the hill, my mother's birthplace, where we celebrated Christmas again some years later in the typical old-fashioned way. Along with the rest of my family, which is approximately 60, I enjoyed a memorable Christmas.

"Just as in the old days, the men went out hunting and brought back the meat ready for us to prepare for that special feast. After the holiday meal was over, the children were sent upstairs to play, while the older folks sat around and recalled memories of their mother.

Two Enter, Three Leave

Two new students have entered South Side. They are Judith Chandran and Nancy Watson. Judith moved to Fort Wayne from Junction City, Kansas. Nancy comes from Waterloo, Indiana.

Students who have have withdrawn are Judy Young, Ann Harglerode, and Barbara Merchant. Ann has moved to Pennsylvania, and Barbara moved to Florida.

Volleyball Rules Announced; Leaders To Turn In Reports

Girls volleyball rules have been announced by Mrs. Alice Keegan and Mrs. Madge Schone. Student leaders are reminded to turn in their rules.

1. Service

(a) A service is the putting of the ball in play by the player in the right back position by batting it over the net into the opponents' court in any direction with one or both hands (open or closed), or with a forearm, and while in a position with both feet wholly behind the serving line within the designated section.

(b) A "let" service is one in which the ball after striking the net goes over the net within bounds into the opponents' court. It must be re-served.

(c) Rotation. The shifting of all players in position for service shall be called "rotation." This shall be done in S-formation.

(d) Point. Point shall be called when a team receiving fails to return the ball legally to the opponents' court.

(e) Dead Ball. The ball is dead after point, side out, after any other decision temporarily suspending play, or when the timekeeper's whistle blows, announcing the end of a half. The ball is dead when it strikes any object or surface within the boundary lines, the floor or the ceiling, or a player on the court, except a legal play on the ball. NOTE: If the ball is in the air at the time the whistle is blown, a point, if made, shall not be counted.

(f) Out of Bounds. The ball is out of bounds when it touches any surface or object, or the ground outside the court, except a player in the act of playing the ball. A ball touching the boundary line is good. The ball is not dead until it hits outside the court or is declared dead by the referee.

(g) Catching or Holding the Ball. When the ball momentarily comes to rest in the hands of a player, she shall be considered as catching or holding the ball. The ball must be clearly batted. Stooping, lifting, or holding the ball shall be considered holding.

2. Courts and Service

(a) Ball put in play. At the apening of the game, the ball shall be put into play by the player in the right back position. At the beginning of the second half, the ball shall be put into play in the same way by the team that did not have service at the beginning of the game.

(b) Term of Service. Each server shall continue to serve until the referee calls side out. Side out is the only ending of a player's term of service.

NOTE: If the server's term of serving is unfinished at the end of the first half, and the opposing team is to serve first in the second half, that same server shall continue her serve when the team regains the ball for service in the second half. The team does not rotate. If during the intermission a player is substituted for that server, the team shall not rotate and the player substituted for the server shall serve.

(c) Change Courts. Players shall change courts at the end of the half. In case the wind, sun, or other circumstances favor one court, teams shall change courts in the middle of the half.

NOTE: Time out shall be taken for this change of courts. The position of the players shall not be change.

3. Playing the Ball

(a) Batting the ball. The ball may be volleyed in any direction with one or both hands, the hands being either opened or closed, or with the forearm. The ball is dead if it touches any part of the player's body except the hands and forearms.

(b) Played by three. The ball may be volleyed by three players before being batted over the net.

(c) A ball, except a service, striking the net and going over is still in play.

(d) Recovery from net. A ball, other than service may be recovered from the net, provided the player avoids touching the net.

4. The Game

(a) Scoring. Failure of the receiving team to return the ball legally over the net into the opponents' court shall score one point for the team serving.

NOTE: The receiving team never scores. When the serving side fails, it is side out.

(b) A game shall be decided by the winning of the most points during playing time.

Glistening Snow

The world is transformed into glistening white,
As feathers from angels' wings softly float down.
The land is glowing with diaphanous light,
And a lovely white blanket covers the town.

The snow looks like glitter as it falls on wraps,
Shining brightly for seconds before melting away,
Personifying good things to come, perhaps.
And the blanket grows thicker, to last for some days.

The trees seem to put on shining robes,
And they glisten proudly in the moonlight.
The world seems purified, filled with hope;
And our hearts fill with gladness, seeing the sight.

—By Cheryl Summers

Philo To Present Annual Yule Play

Philo will present its annual Christmas play, "Once Upon a Christmas," Monday, December 14, at 3:30 p.m. in the Greeley Room.

Following the play, Philo members will sing Christmas carols. Refreshments will be served by Nancy DeBrular and her committee.

Mothers of the participants in the play and South Side English teachers are invited to attend this meeting.

English Powerful Tool In Life; Heart Of Effective Conversation

By Ann Erickson

"Remember that you are a human being with a soul and the divine gift of articulate speech—that your native language is the language of Shakespeare and Milton and the Bible."—George Bernard Shaw.

One finds English emphasized more than anything else in school. A minimum of three years of English is required at South Side. One might ask, "Why is this?"

English is the heart of speaking and writing effectively. When we open our mouths to speak, we open our minds and lives to judgment. Our listeners form opinions about us from our use of the language. They will almost unconsciously connect a shoddy verb or a double negative with ignorance and stupidity. Mastering English is the only way by which we can clearly convey our thoughts and feelings with a minimum of social friction and in an interesting manner.

* * *

LOOKING TO the near future, many of us are soon going on to college or are going to seek some type of employment. It is easy to understand how English is all-important to future education. We use it in speaking, writing, remembering, and recalling. Almost everything we learn, we learn in English. We explain chemical reactions in English, and we describe the election of 1840 in English. Almost all learning is revealed in speech and preserved in writing; we learn more easily in our native tongue and most easily if we speak it well.

* * *

THOSE OF US who are applying for any kind of work wish to present ourselves as best we can to our prospective employer. The mastery of English yields the language ready to serve us anytime we wish to make use of it. It will even enable us to do much of our work better, whatever occupation we have chosen. Any contact we have with people or knowledge will make a demand on our English.

English is not just a weak spot which we want to cover up and reinforce. It can become a powerful tool, and its use, an art. The storyteller and speaker have long been the most loved and influential of men. Through our native language we may understand better all things which have a name, and may express more clearly all thoughts which have a word.

...And On Earth Peace, Good Will Toward Men

Christmas Customs Spread Spirit Of Peace, Good Will

By Joan Stanton

Christmas time is a glad time. Peace and good will prevail throughout the land. An undefinable "glad to be alive" feeling is evident in centuries-old traditions and customs.

The Christmas celebrations, as we know them today, had their origin long ago. In the middle of the fourth century, the Bishop of Jerusalem consulted the Bishop of Rome in order to learn the exact date of Christ's birth. After looking into the archives, or public records, the Bishop of Rome decided that Christ was born on December 25.

Today scholars believe that the Bishop, not knowing the date, fixed it arbitrarily. However, he used good reasoning because for many previous centuries, December had been a month of pagan merrymaking, which marked the returning strength of the sun. Feasting, exchanging gifts, and decorating homes with mistletoe were all included in the paganistic festivities.

The Bishop of Rome expected men to turn from these pagan revelries and pursue spiritual goals; so, for this reason, he declared that Christmas occurred at approximately the same time as the heathen celebrations. These celebrations continued nevertheless; and although the Church disapproved, it finally permitted pagan traditions to be accepted as a part of Christmas. It proved a wise step because men were reluctant to give up their ancient traditions.

For example, gift-giving began with the Romans. During the Saturnalia, or period of rejoicing and feasting in honor of the emergence of the sun after the shortest day of the year, good will was shown by giving gifts. A little statuette modeled from a divinity was the most common gift for many years; but as the empire grew richer, more expensive gifts were exchanged.

In addition to the old pagan customs, the Church added many, many new ones by the 13th century, notably the drama centered around the creche, or crib. Saint Francis used the crib as a rude altar when he celebrated Christmas in 1223. This event so popularized the Nativity scene that it continued to be a basic part of Christmas celebrations even to this day.

Martin Luther, 300 years later, was widely believed to have originated the still-popular custom of decorating evergreen trees. He placed lighted candles on an evergreen branch in his home with the idea of stimulating the sky which had brightly shone on that Holy Night above Christ's lowly stable.

Caroling, another of our popular Christmas customs, began many years ago. During the middle ages, it included both singing and dancing. People would gather around a creche inside the church; and by the 14th century, it moved into the home and became a well-loved feature there.

Christmas would not be Christmas without Santa Claus, alias Saint Nicholas. He was introduced to the new world by the early Dutch settlers of New Amsterdam.

Originally, the Saint was a bishop of Asia Minor who appeared about December 6, riding upon a white horse and accompanied by his Moorish servant. He would leave gifts for good children and switches for the bad.

These old Christmas celebrations have lasted down through the ages and are today an integral part of our Christmas. Caroling, gift-giving, and other traditions are expressions of the good-will and gladness which prevail at Christmas, the birth of our Saviour.

Korean Boy Receives Christmas Deed From Methodist Church Youth Group

His name is Kwang-Pyung-Kim, and he is a might lucky lad! This young man lives in Korea and is the recipient of a generous donation made by the youth of Wayne Street Methodist Church, some of which attend South Side, as shown in the picture here.

Mrs. L. H. Weilemann, teacher of the large-sized Sunday School class sponsoring the lovely deed, and mother of Posy Weilemann, a senior here at South, is mighty proud of the young adults in her class. This group is endeavoring to put Kim through college. In Kim's letter he writes that he received 13 A's, two B's, and one C. He is elated that he will have the opportunity to study and receive a thorough education and obtain a degree. These kids are more than happy to help him for they know that it is truly more blessed to give than to receive.

Tom Cooper, Sally Burton, Susie Vesey, Cynthia Snider, Ann Flickinger, Claudia Stennes, Dan Decker, Jim Richardson, Susie Hoard, Steve Pratt, Eileen Ray, Dave and Dennis Jones, Tom Erb, Janet and Margee Terry, Posy Weilemann, Carol and Steve Druart, Eleanor Dekker, Dave Meek, Bob Wasson, Dave Dill, Ron Flickinger, Chuck Clifton, Susie Phillips, and Anne Eversman are some of the Archers also aiding young Kim.

One of these Archers attending this Sunday School class is Cynthia Snider, freshman A. Cindy earned her money for Kim by babysitting. "I loved and enjoyed doing this for Kim. I think it is a very worthwhile project. Although I don't know the boy personally, I just know that he is wonderful! And he is such a good student!" Cindy is looking forward to the Christmas holidays with great anticipation. Attending a dinner at her great aunt's home and celebrating her sister's birthday plus having Christmas too, will add up to a very enjoyable holiday for Miss Snider.

Cindy is taking English, citizenship, biology, algebra, gym and health. She is a member of Meterites and hopes to service for a teacher next year.

Senior Jim Richardson tells that it is a very generous gesture on the part of the Sunday School class to do this for Kim. "I feel that Kim is very deserving of the work that we did for him. His scholastic record indicates that he is entitled to our gift." Jim is taking chemistry, English, government, and algebra. He is a member of the Sports Sedan Club of America and there is where he earned his money to donate to this project for the Korean young man. Jim is also a member of Hi-Y.

OUR BOY SCOUT DEED! . . . Left to right, Jim Richardson, Dan Decker, Claudia Stennes, and Cynthia Snider offer their charitable services for the Wayne Street Methodist Teen-Age Sunday School group project.

Freshman Claudia Stennes, who is enrolled on the college course taking algebra, Latin, English, health, home economics, and gym, feels that it is lots of fun to help others and that this is an excellent way to do it. "I think I could do what Kim is doing, but I must admit it would take a lot of faith and courage plus stamina, too, to complete it successfully. He is to be admired, indeed," stated Claudia.

"When I think of his wonderful academic record, it really makes me stop and think," stated junior Dan Decker. Dan feels that the best way you can give your money to the church is by giving it directly to others. He also feels that the gifts one receives during Christmas should not hold as much meaning to you as the religious story behind Christmas. Dan intends to read some extra books over the holidays for English class and attend several holiday dances.

Taking history, physics (his favorite), English, and geometry, Dan would like to become skilled in commercial art advertising.

Freshman Ann Flickinger feels that her Sunday School class could not have thought of a better project for the Christmas holidays, or anytime for that matter!

Certainly this group will be doubly blessed on Christmas. Matthew 5:42; "Give to him that asketh and from him that would borrow of thee turn not thou away. And whosoever shall go compel thee to go a mile, go with him twain."

'Peace On Earth' Reigns During Yuletide Season

Christmas is celebrated in many countries in many different ways. Customs in Germany date back to the Reformation and the Middle Ages.

Santa Claus and Christmas are synonomous in the USA; this is due to the fact that he brings the presents. In Germany the presents are brought by the Christ Child. The children are taught that Jesus loves mankind so much that he gives a present to everyone on the day of His birth. Christ was born on December 24; and on this night, He delivers His gifts. Because of this, presents are opened on Holy Eve instead of the next morning, as is customary in the United States.

However, there is a rather significant meaning behind this. Santa Claus does not have anything to do with religion. In Germany, religion and Christmas are closely tied together. Christmas night has lost its true meaning and become a commercial enterprise, but the customs based on religion still remain.

Because there is no Thanksgiving in Germany, the people focus their attention towards Christmas much earlier than do Americans. The first sign is observed November 12, when the "Pelzmartel" arrives. This might be compared to Santa Claus. Unlike Santa, he makes his rounds by foot. It is his job to be a messenger for the Christ Child. He counts the good and bad children and makes a report of this to the Christ Child. To the good children he brings candy or cookies, while he puts the bad ones in his big sack and takes them along with him. He lives far away in a house in the woods, which he only leaves around Christmas time. Incidentally, it is quite popular for parents to hire college students to impersonate "Pelzmartel."

If one should attempt to trace this custom back to its origin, we would make an interesting discovery. November 12 is the date of Martin Luther's birth. So in actuality, this a celebration of Martin Luther that has been connected with Christmas.

As December approaches, the time of Advent is celebrated. It is the time of the arrival of John the Baptist who announced the birth of our Lord. As a way of outward celebration, Advent wreaths are hung up. They are ordinarily green wreaths with four candles on them, which signify the four Sundays before Christmas. Every Sunday one more candle is lighted, and sometimes, a red candle is placed in the middle of the wreath. The candle is then lighted on Holy Eve.

On Holy Eve, the presents are opened and then at 10 p.m. Catholics and Protestants come together in their respective churches to worship God.

This is Christmas in Germany. It is different in America, different in France, and again, different in England. But the spirit is the same. On Christmas, there is "Peace on Earth."

By Dieter Hillerbrand

Christmas In Your Heart Brings Love, Kindness

Christmas! This magic word has the ability to make our faces light up in anticipation. Now Christmas and our two weeks of vacation are almost here. Contemplate those luxurious mornings when we can sleep to our heart's content (but usually don't because of the racket made by brothers and sisters); those free days in which we can get caught up on all that homework (but usually don't because there are presents to wrap and cards to send); those lovely evenings when we can lounge around and watch TV (but usually don't because there is the house to decorate and the Christmas creche to assemble); and, finally, Christmas Eve, time to light the tree, attend the Christmas Eve service, and maybe open a present or two.

Christmas is a hectic time. We dash around at the last minute to complete our shopping, our cookie baking, our tree trimming, our decorating, our gift wrapping—with each passing day the pace becomes a little faster, more frantic. These and many other activities add to this hectic but very enjoyable season.

Christmas is a joyous and fun-filled holiday. There are parties and the fun of opening presents on Christmas day and the fun of eating a turkey dinner with the family. But sometimes, too, Christmas is disappointing. We didn't get the thing we wanted most or we just couldn't find a suitable present for so-and-so. We couldn't go to the big Christmas dance or we weren't allowed to go to the family gathering because we were sick. And there's always the biggest disappointment of all, Christmas is over.

Christmas is the birth of Jesus Christ, a time in which everyone rejoices. The world remembers that night in Bethlehem long ago when God sent His Son to be the Saviour of the world. Human beings everywhere are kinder at Christmas than at any other time in the year, and it seems that every face is a-light with the "Christmas spirit." Customs vary, holiday foods are different, traditional rituals are dissimilar, but the holy festival season is filled with graciousness and hospitality wherever it is celebrated.

Christmas is the most exciting and heartwarming time of the year. It is everything and everywhere, and we should all appreciate Christmas just as it is. We ourselves should have hearts aglow with happiness and good will. This Christmas let Jesus be born, not in a gaudy inn, but in the quiet manger of your heart.

TV show, "Bourbon Street Beat" . . . singer, Johnny Mathis . . . record, "Believe Me" . . . color, blue . . . fad, crew-neck sweaters and tennis shoes . . . pastime, going out to Hall's . . . pet peeve, people who think that they are better than everybody else.

Buy Christmas Seals

Every six minutes someone, somewhere is struck down with tuberculosis. By supporting the Tuberculosis Association you are supporting yourself! Buy Christmas seals this year and help others while you are helping yourself. To only see the effect of this powerful disease makes the healthy realize how much they have, how grateful they should be and what they can give.

Santa's Season Brings Caroling, Formal Dances

From my position on the stairway I could view the entire room. The Christmas tree blinked gayly, the fire roared in the fireplace, and the snow drifted by the window . . . . a perfect setting for the first open house of the holiday season. The doorbell chimed and in tumbled **Sheri DeYoung, Mike Millikan, Linda Amos,** and **Denny McBroom** with armfulls of packages. They explained that they had just been shopping and had bought steady shirts for **Pam Olson, Tom Duff, Beth Curley,** and **Steve Stults.** We were all admiring their purchases when a snowball hit the window, announcing the arrival of **Jeanne Carrol, Ed Sarver, Susi Horth,** and **Chris Parrott.** We forgave the culprit, **Sue Phillips,** when she explained that she was only trying to hit **Bob Duncan** with it; but missed.

After a few more guests arrived, including **Sue Lee, Larry Gerig, Carol Druart, Larry Christman, Dianna Ornas, Steve Holmes, Carolyn Hickman,** and **Dave Welch,** things were beginning to settle down to about normal when two shrieks from outside sent everyone to the window to look. **Tom McMahan** and **Steve Pohl** had just pushed a huge snowman over into **Molly** and **Martha Dixon.** It was completely demolished. Too bad, because **Sharon Carroll** and **John Niezer** (C.C.) had worked so hard to make it look just like **Bill Spindler. Janet Lawry** hadn't seen any resemblance, however.

Sue Harrod then told us the refreshments were ready. **John Weaver** had been more than willing to help Sue, **Judy Merrill,** and **Tom Wright** get them ready. As we filed into the dining room we saw more of our friends. **Sue Korte, Louise Jackson, Win Moses, Sue Pfeiffer, John Biteman, Posy Weileman,** and **John Slick** must have just arrived.

When everyone was getting settled by the fire once more, the phone rang. It was **Trav Walker** (Lafayette Central) who told **Carol Pio** he would be late because of icy roads, but nevertheless, would arrive in Fort Wayne tonight. Carol glanced at **Sylvia Ehrman,** who was waiting for **Tom Bolyard (I.U.). Janet Davies, George Gilmour, Judy Evans,** and **Dave Wallace** seemed to agree that they were glad that they lived in the same town.

Jane Augsburger, Ken Leakey, Sally Capps, and **Bob Wasson** arriving late, told us that they had seen **Elaine Snow, Steve Shimer (N.S.), Marijane Toby, Steve Burton, Honey-K Martindale,** and **Ron Carlo** ice skating and that they were sorry that they couldn't come until the last minute.

Battle Of Selfishness Difficult To Fight; Discipline Important

By Julie Carr

Les vertus se perdent dans l'intiret, comme les fleuves se perdent dans la mer.

Virtues lose themselves in self-interest, as streams lose themselves in the sea.

La Rochefoucauld, Maximes No. 171

Many are the values of these words. Strong is the lesson to be learned. Important is the secret they possess. They merit high consideration and deep thought. Seek these values, learn their lesson, unlock the secret and lock out self-pity.

Hope, humbleness, consideration, selflessness, determination, vitality, cheerfulness, and understanding are forgotten by people when they become subject to their own self-pity and self-interest. They fail to realize anything but themselves, their problems, and the hopelessness of their world. Strange—if they'd only once stop and ask themselves "why," they'd realize their hopelessness was only due to their selfishness. All their virtues have indeed been lost.

All that remains are the vices—the hopelessness, rashness, selfishness, irresoluteness, lifelessness, and mindlessness. The longer they are subjects to their self-pity, the longer, deeper, and more senseless their state will become. Their friends have no use for them. They find these people so self-centered and pitiful that few, if any, even feel they merit consideration. Do they?

\# \# \#

SOMEONE ONCE said, "God only helps those who help themselves." These selfish people say that's not true. I tried. I turned to God. Yes, they turned to God. They said, "Help me." But, did they say, "Just give me the strength to help myself, so I can fight my own battle"?

This is the secret to be unlocked. Self-pity is no laughing matter. It is a fault easily had. It is characteristic of every single person. But it is not, and does not have to be, ruler of any person. People contain emotions. Self-pity is just one emotional characteristic. How strange that some people let this one emotion rule them entirely.

\# \# \#

EVERYONE FIGHTS this battle. It is not easy to win. It may not be that big of a fault; and yet, it may be serious. If it is serious, it takes self-respect, determination, humbleness, and strength to win.

Hand-Made Presents Add Personal Touch To Christmas Gifts

A large part of Christmas is the giving and making of gifts. Gifts that are made by yourself are always remembered and appreciated. To add glamour and glitter to gifts this year take inexpensive dime-store gifts and add a personal touch. Cover them with glitters, flowers, sequins, berries, holly, and other bangles. To make original gifts all you need are the above items: scissors, glue, and felt,

To make a glittering hairpiece, take a plastic headband and add sequins. A velvet headband becomes a work of art when a large bow is attached and glitter applied. A metal ponytail clip can be glamourized by adding berries and the like. Tiny artificial flowers can be added to earring backs by glue. With a little imagination you can turn an ordinary orange juice can into a pencil holder by painting it and adding baubles. A cigar box, when painted and decorated with shells and sequins, becomes a pretty jewelry box.

Small Snaps

The hidden name behind this pix
Faces this world without many kicks.
For like the name so is the gal
With an S for her first name
But it's not Sal!

With Miss Luse in Algebra 4
First period in Room 94,
She shows her mathematics skill
In a very complicated drill.

With English, orchestra, and chemistry
And sixth left for study
She finds herself a busy lass
Much homework Sal certainly has.

Wranglers and Philo are the clubs she is in,
As for music and dancing a lover of these she's long been.
As a member of the Fort Wayne Ballet group
She could really be called one of the troupe!

With curly brown hair and great big eyes
This gal's ID to you will be a surprise!
Browse through the Times, and look at the ads
And find her name, you lassies and lads!

The Chatterbox

By Julie Carr and Kathie Sosinski

We want to wish all Archer students and teachers a very **MERRY CHRISTMAS** and a **HAPPY NEW YEAR!**

We were just wondering if this was true . . . that **Mr. Reichert** told the team: "All right, boys," he cried cheerily, "here we are, unbeaten, untied, and unscored upon—and ready for the first game of the season."

We want to thank everyone who has brought cans of food for the needy people of Fort Wayne! We're sure that through your giving, your vacation will be much happier.

Nothing like a surprise birthday party over at Miller's, with all the trimmings such as a cupcake with one candle in it. Right, **Bob Colburn?**

Mr. Weaver: "Show how science has aided business."

Tom Wright: "Well, look how the law of gravity has helped the sale of suspenders."

Bob Haag has asked us to thank **Kenny Howe** for him publicly. Kenny was a great aid to Bob when he suffered a mishap in a hockey game. Thank you, **Kenny!**

Thought for the Day

Blessed are those with noses like bananas for they shall be known as one of the bunch.

Don Sievert: "There are several things I can always count on."

Larry Sievert: "What are they?"

Don: "My fingers."

Don't you think that **Hi-Y** did a fine job on the student directories? Don't forget to buy **YOURS!**

Advice to all teenagers—be **REAL** good and help around the house this week and maybe you'll get that special gift you've been wanting for Christmas!

The Big Bluff

Freshman: "I don't know."
Sophomore: "I don't remember."
Junior: "I'm not prepared."
Senior: "I don't believe that I can add anything to the discussion that has taken place."

Just a little bit better—SENIORS!

Get that Zest glow—don't burn the midnight oil!

Radiantly alive—Monday morning at 6:30 a.m.

Nothing does it like—homework on a busy week end!

The forward look—new grading period!

Fifty-seven varieties—teachers!

The man who thinks for himself—doesn't need cheat sheets!

They said it couldn't be done—oh well, you can't win them all!

CHRISTMAS: A widely observed holiday on which the past nor the future is of so much interest as the present!

Christmas Vacation

Sleighbells, snow and mistletoe
Frosted trees and fires aglow
Fun and stuff for girls and boys
Bringing them such Christmas joys
Snowball fights and sledding, too
Seem to be the thing to do.
Last-minute shopping in a holiday rush
O-o-ops, there goes a package in the slush.
Dances, parties, and staying out late
On that very special date.
Holly wreaths upon a door—
But is this what Christmas is REALLY for?

Holiday Dancing Prescription Explained By Dr. Fred Astaire

Girls, how well equipped are you to "face the music" at the approaching holiday dances? You can be better dancers if you follow a few basic rules of facile footwork as prescribed by Dr. Fred Astaire, Ph.D (perfectly heavenly dancer). Have the feeling of the music, know the steps perfectly, relax, and never anticipate your partner's lead . . . these are but a few of the helpful hints. Let's examine more closely some of the tips for the toe-tappers from Mr. Astaire.

Before you start the practice, which is a must, unwind to music. Our expert confides, "I put on a record and simply move to the music, wave my arms, kick, and roll on the floor. This makes for more balance and lithe-ness. When you practice alone, always keep your arms up; then you won't ever hang on your partner.

\# \# \#

GET THE FEEL of the music before you learn a new dance. Mr. Astaire points out that "Once you understand the beat, music almost carries you along on its own." Clap your hands and tap your foot to the beat. When you do the basic steps, count out loud to the music first. In every dance, a slow step calls for two counts, a quick step for one.

"The best preparation for dancing is natural exercise," says Fred Astaire. "Practice stepping; take very long steps back; swing your leg from the hip, knee straight. Now look into the mirror. Do you look graceful, easy, relaxed?

"The most important point to remember is to relax; you shouldn't worry about what your partner is going to do. It should just happen. To make it happen, master the basic steps of a dance till they become automatic, as if you were walking. When you are learning a new routine, practice without music first . . . alone . . . following the directions step by step, over and over till your feet do the thinking. Then put on a record and try it."

\# \# \#

IF YOU MISS steps as a rule, brush up on the following. Although Fred Astaire reports that if a girl misses a step he thinks nothing of it, it is better not to make a habit of it. Remember to stand close to your partner, leaning back a bit on his arm. Don't raise your left arm; let it rest on his, from the elbow. Keep your arms relaxed but not limp so he may maneuver you easily.

"The girl shouldn't try to lead," Mr. Astaire warns. "It isn't very pleasant if she is trying to steer you around the floor." Never anticipate your partner's lead. Transfer your weight completely from one foot to the other as you take each step; keep your weightless foot waiting for his next move as though you hadn't the least idea of what he was going to do.

Well, girls, there's your prescription for fun in the future. Directions? When properly applied, this preparation will remove every trace of wallflower in you and help you glide more gracefully into the holiday whirl!

Word Power Needs Continual Coaching To Keep Increasing

Have you ever stopped to consider the amount of effort our coach and team put forth before the squad plays a game? Mr. Don Reichert, the rest of the coaching staff, and the team are constantly inventing and making use of new plays.

While the team is busy designing effective basketball procedure, let's see if we can give our vocabularies some coaching, also.

Below are 10 words, each listed with four meanings, three of which are incorrect. Accurate meanings are listed at the end of the column.

1. **competent**
   A. capable, B. confident, C. conference, D. comparable.
2. **ravishing**
   A. ravaging, B. very delightful, C. rancor, D. raucous.
3. **fervor**
   A. complete, B. revenge, C. passion, D. mirth.
4. **smirk**
   A. happy smile, B. sad look, C. mournful grin, D. fiendish leer.
5. **buoyant**
   A. boy crazy, B. something concerning boys, C. adjective referring to a boy, D. an object that will float.
6. **haven**
   A. birdhouse, B. beehive, C. refuge, D. doghouse.
7. **basque**
   A. basket part, B. part of a woman's clothing, C. a cooking vessel, D. to lay in the sun.
8. **dire**
   A. absolute, B. part of a book, C. humorous, D. sad.
9. **plausible**
   A. sentence fragment, B. reasonable, C. applaud, D. apply.
10. **monotone**
    A. interesting speech, B. dull reading, C. lively narrative, D. dull way of speaking.

Answers

1. capable, 2. very delightful, 3. passion, 4. fiendish leer, 5. an object that will float, 6. refuge, 7. part of a woman's clothing, 8. absolute, 9. reasonable, 10. dull way of speaking.

Different Requests Made By Archers For Yule Presents

When these Kellys were asked what they would most like to have from "Santa", these were their replies.

Phyllis Redding — My Two Front Teeth . . .

Ruth Finrow—Not teeth, that's for sure!

Susan Getty—A new pretty "Big" package.

Sandy Seiber—I'm not particular; any little donation will do.

Anonymous—A pin-up picture of Carolyn Sievers.

Ron Buesking—An Alfred E. Newman T-shirt.

Bob Colby—A tax free cashier's check for a million dollars.

Dianne Beams—A small foreign car with a big guy from Howe in it.

Karen and **Geoff-E. Bugg** — "Each other" and money.

Linda Amos—Someone too big to fit in my stocking.

Judy Clark — Any CARE package will do!

Allan Mitchell—'Life' subscription to Mad Magazine.

Ken Rice—A pair of polka-dot shoestrings (a real cool cat).

Carole Oxenrider—A neater Kappa Sig . . . right, Nancy?

Nancy Jones — A wonderful guy from that neat (as Carole says) chapter of Kappa Sigma at I.U. See you at Christmas, Jack!

Nancy Ryan—Only one thing (for a change!)—a ticket.

Carol Downhour—A short package from New Haven.

Pat Busche — A year around Santa Claus. Hmmm!

Muriel Hickman—Well, let's see . . . First I will take a car and then a typewriter and a desk and . . . Heck, you only believe in Santa Claus once in your life.

Larry Christman—Diane in a big package, Kathy in a bigger package, and Connie in the biggest package.

Jerry Clayton — An autographed pair of Mickey Mouse ears.

Vaughn Correll—A "foot" more of me.

Lee Crowell—I'm not particular. Any small thing from a Ford to a Cadillac.

Yule Greetings Extended

The members of the South Side Times and the Totem staffs would like to take this opportunity to extend Holiday Greetings to all students and faculty members.

Best Wishes for a prosperous New Year.

Students Donate Foods In Campaign For Needy

Cash To Be Accepted; Useful Cans Wanted For Successful Drive

Today is the last day of the Lettermen's food drive for less-fortunate families in Fort Wayne. "Things began to move yesterday, and we hope it really rolls today," states Mr. Ora Davis, sponsor of Lettermen.

"I would like to caution you about bringing inexpensive food just for a good record," Mr. Davis continues, "instead of food that people need and can use. If less expensive food is received, I hope that food which costs a little more will also be brought in to balance the cost at about 20 cents a can.

"Cash contributions can be made without actually purchasing the food. Any money received from parents will be considered a donation by the student's homeroom.

"The Lettermen and I hope that everyone remembered their cans of food, and that previous records will again be topped."

Miss Lutie Young, teacher in Homeroom 156, feels that the drive does almost as much for the donors as it does for the receivers. By teaching unselfishness, the drive brings out the best in each individual. Working together to top the quota brings unity in the homeroom.

Room 156 has challenged 152 which in turn challenged 154. "The three rooms are battling to the finish," stated Miss Young. She likes the idea of competition for she feels it helps to keep students from forgetting their cans.

Last year the classes ranked as follows:

Changes Made In Times' Staff; Jackson To Be Managing Editor

Several changes in the major staff of The South Side Times will become effective with the January 7 issue of the paper, according to an announcement made by Mr. James Rohrabaugh, adviser.

Junior A, Ellen McCarron, who has been managing editor for the past two semesters, will work as make-up editor, along with Mike Church, senior, who is doing that job now. In the past, Ellen has had several other Times jobs including room agent, bookhead, outside circulation manager, and copy editor. She is also a member of Philo.

* * *

REPLACING Ellen as managing editor will be Jim Jackson. Jim, a senior B, has had copy experience both as a reporter and as a copy editor. In addition to Times work, he is president of Masque and Gavel, and a participant in Intramurals, service club, and the Junior Academy of Science.

Sandy Thorn, sophomore A, will be the new business manager. She has worked on the business staff this semester. She will replace senior Judy Riping, who will become a copy editor.

Sandy does service work third period and is also a member of the Times 1500 Club and Meterites.

Joan Stanton, junior B, will be the new editorial editor. Her background includes the positions of copy editor and feature editor. She is also a member of Wranglers, Masque and Gavel, and Service Club.

* * *

THE NEW FEATURE editor will be Merle Baldwin, senior B. In the past she has worked as a reporter, room agent, bookhead, copy editor, and circulation manager. Merle's other activities include Masque and Gavel and Philo.

Managing the circulation campaign next semester will be Sylvia Ehrman, a junior A. Sylvia is a room agent, and she has twice served as a bookhead. Her other extra-curricular activities include cheerleading, Philo, Assemblies Workshop, and service work.

Assisting Sylvia will be eight bookheads: Edee White, junior; Ann Golden, sophomore; Sue Springer, junior; Sandy Miller, sophomore; Pamela Punsky, freshman; Sue Smith, freshman; Margaret Terry, freshman; and Linda Amos, junior.

Managing circulation outside the school will be sophomore Jenny Manth, who has been doing this work unofficially since Sue Vesey's appointment as picture editor last month. Jenny is a member of the Times 1500 Club, Service Club, and Meterites.

Judy Riping, Susie Hoard, and Linda Silverman will be new copy editors.

146 Kellys Sign For Merit Test

One hundred forty-six students have signed up for the 1960-61 National Merit Scholarship Test to be taken March 19.

The National Merit tests are part of an annual nationwide search for students demonstrating extraordinary scholastic ability. The search is sponsored by the National Merit Scholarship Corporation, a non-profit organization established in 1955 for this purpose.

The test consists of three parts, the first of which will be given Saturday, March 19, at 9 a.m., to those second-semester juniors and first-semester seniors who have paid the $1 registration fee. On the basis of this three-hour examination, semi-finalists are chosen.

Another examination is given to these semi-finalists. Students who repeat a high performance on this second examination, become finalists in the Merit Program.

Four-year scholarships will be awarded to the winners. Each finalist's name is sent to colleges, universities, and other scholarship agencies.

An additional 10,000 students, those next in line in each state, will be awarded letters commending them for their superior performance.

English usage, mathematics usage, word usage, social studies reading, and natural sciences reading are covered by the examination.

Today Final Opportunity To Order Name Cards

Two hundred sixty-five seniors have placed orders with Mr. Charles Billiard for name cards.

The cards have been ordered from the Printcraft Printing Company in New York.

The cards will be distributed before Christmas. The second and final order is due today, after which no more orders will be taken.

The purpose of the cards is to exchange them with friends, to put them in the invitations to graduation, and in thank-you notes after graduation.

Archers Win Speech Ribbons

JoAnn High, Susan Menze, Geri Geller, and Ron Ehrmann won ribbons for placing in North Side's speech meet last Saturday.

Jo Ann, a senior, placed first in the humorous declamation division. She presented a cutting from "Auntie Mame."

A third-place ribbon for her interpretation of "The Messiah," a dramatic reading, was awarded Susan Menze, senior.

Girls' extemporaneous speaking was the category in which Geri Geller, senior, won a fourth-place ribbon. Sophomore Ron Ehrman also placed fourth in oratorical interpretation.

Mr. Robert Storey, speech teacher, remarked that he was very pleased with the results and proud of everyone who participated in the meet.

Dramatic participants were Joyce Brittenham, Annette Plesniak, Judy English, Diane Fredrick, and Val Callahan. Those presenting poetry selections were Louise Misegades, Dieter Hillerbrand, Katherine Misegades, Barb Eggeman, and Ann Arnold.

Janet Terry, Dieter Hillerbrand, Gretchen Meister, Judy English, and Jim Carter entered in original oratory.

Oratorical interpretation was presented by Diane Beams and Sue Blaising, while Sharon Lake entered girls' extemporaneous speaking.

Kellys Express Spirit Of Giving; Aid Poor Families With Food

By Sandy Thorn

The person who wrote " 'Tis better to give than to receive" has nothing over Archerland. Each year the Archer students give their time and effort in contributing to the Fort Wayne Christmas Bureau. By helping in distributing Christmas cheer to others less fortunate than themselves, Archers find the true spirit of Christmas, the spirit of giving.

With headquarters at 703 South Clinton Street, the former Journal-Gazette building, the Christmas Bureau is again open from 9 a.m. to 5 p.m. Monday through Friday and from 9:30 a.m. to 1 p.m. on Saturday. The telephone numbers are E-2428 and E-2429. The Bureau will close on Wednesday.

The purpose of the Christmas Bureau is to insure a happy Christmas for the needy families of Fort Wayne and Allen County by providing a channel for gift giving.

The Christmas Bureau, in operation for over 20 years, is a volunteer organization which operates as a clearing house for both public and private social service agencies to avoid the duplication of Christmas gifts for the needy families.

Mrs. Delbert Auman, a member of the Christmas Bureau Board, stated that one of the problems of the Bureau is that someone else will call asking help for another person.

Mrs. Auman explained, "For example, a person will call and say 'My neighbor needs help. Would you please send them a basket of food or something else.' For many years, we accepted these calls and took baskets and other items to the famliy which, in many cases, wouldn't accept the help."

"These people are very proud. They only want the help if they themselves ask for it. Because of these incidents, we now say that only the person who needs help may apply for it."

People are then interviewed by a social worker. The social workers are working at the Bureau until Saturday. The professional social worker and the people discuss the problem, and the people are later helped.

All of the families are given a code number. Using this method, no family is hurt. Mrs. Auman said, "We do this in order to protect the underprivileged family. We only know a number and how many are in the family, the ages of each member, and what they especially need."

One case includes a father, mother, and a daughter 19, who is not at home. The daughter has tuberculosis and is presently in a sanitarium. The elderly couple is unable to pay the hospital bills, but they would enjoy a basket of food because their daughter is going to be home for Christmas.

Another case is the J. family. Besides the regularly low income, the father is in a hospital. The mother and four children "were getting along" until it was discovered that the father had cancer. Hearing this news, the mother immediately went to pieces. They are interested in clothing and toys for the children.

A typical case at the bureau is like the S family. Mr. and Mrs. S are divorced. They, along with their daughter, lived in a trailer. The bad part is that Mr. S sold the trailer. Mrs. S and her daughter have no home.

Mrs. D's husband died leaving her with the support of two children. Mrs. D, who is partially deaf, is recovering from recent surgery. This family certainly needs help during the Christmas season.

The Christmas Bureau is very happy to receive gifts of food, new and good used toys, clothing, furniture, and contributions of money.

For the first year, the Bureau is accepting gifts of yardgoods. One of the social service agencies is teaching the needy families how to sew. Many want to make skirts, blouses, shirts, hem their clothing, and do other sewing jobs. Many do not have sewing machines and the other needed materials. Because of this, the social service agency has regular clesses. Mrs. Auman commented, "With this work, we are teaching them to help themselves."

The "Toys For Tots" campaign sponsored annually by the Marine Corps is another division of the Christmas Bureau. The toys which are taken to Shell stations and to various Sheriff departments are distributed by the Bureau.

Other "behind the scenes" gifts are donated. All of the money contributed to the Bureau is used specifically for the needy families and is not used to operate the building and other facilities. All of the electricity, heating, rent, and telephones have been donated to the Christmas Bureau.

South Side plays a very important role in the Christmas Bureau production. Mrs. Auman expressed the feelings of everyone at the Bureau when she said, "We look forward to the South Side contribution. Without their food, we would be sunk!"

The Letterman's Club will again deliver its collected food to the Christmas Bureau. The Archers and their families will feel better as they gather with their families around their Christmas trees knowing that other families will be sharing in the Christmas spirit because of a contribution they made to the Bureau through the Letterman's Club.

'A Christmas Carol' By Dickens To Highlight Yule Assembly

"SPIRIT OF GIVING" . . . Committee heads and actors for the Christmas assembly tomorrow are, standing, Dick Rothberg and Jim Jackson; seated are John McNett and Barb Eggeman. The assembly will illustrate "The Spirit of Giving."—Photo by Thompson

"The Spirit of Giving" is the theme of the annual Christmas Assembly to be presented in the gymnasium tomorrow at 8:20 a.m.

Miss Ann Arber, director of the assembly, has been working with Marge Bauer, general chairman: Bessie Ferguson and Julie Carr, co-chairman of the planning committee: Susie Smethers, chairman of stagecraft; and Karen Simmons, chairman of the presentation committee, in planning and presenting this assembly.

The choir, under the direction of Mr. Lester Hostetler, will set the Christmas mood by singing carols before the assembly begins.

* * *

A PORTRAYAL of the traditional decorating of the yuletide tree constitutes the first scene. The girls in this scene are Margo Dixon, Karen Simmons, Lissa Hoffman, Babette Jones, Barb Wallace, Penny Hunt, Carole Maners, and Susie Rousseau; while Dave Dill, Dan Oesch, Larry Lee, Tom Schwartz, and Terry Berk are the boys.

The second scene is a presentation of "A Christmas Carol" by Charles Dickens. Dick McGaw narrates the play while the part of Scrooge is played by Dick Rothberg, Cratchet by Chuck Clifton, the ghost by Judy English, Tiny Tim by John McNett, and the three children by Geri Geller, Judy Riping, and Ron Ehrmann. The group consists of Steve Feustel, Brenda Dull, Pat Stater, Ronda Roehm, Pamm Holtzberg, Ross Binkley, Chuck Leopold, and Dave Allen.

* * *

A PRESENTATION of the entire play, "Why the Chimes Ring" constitutes the third scene. Bill Harader takes the part of the priest; Dick McGaw, the angel; Stan Redding, Holger; Phil Spray, Steen; Chuck Weinraub, Uncle Bertel; and Joyce Brittenham, the old woman. Molly Dixon, Jim Edwards, Dave Schwalm, Jim Carter, Brenda Harper, and Marilyn Budd play the crowd.

Alumni and parents of South Side students are invited to attend.

Wranglers Observe Christmas With Presentation Of 'The Tree'

Wranglers observed the Christmas season with their annual play and party December 7 at 3:30 p.m. in the Greeley Room.

"The Tree," a play in which the members of the family realize the importance of a Christmas tree, was this year's presentation, directed by Judy English, assisted by Sue Springer.

The cast included the father, Dave Dill; mother, Erin Rose; college son, Jim King; college daughter, Karen Curley; high school son, Phil Spray; high school daughter, Nancy Goebel; and junior high son, Ron Ehrman.

* * *

GRETCHEN MEISTER, Joyce Pollitt, and Leanna Morris worked on the play as backstage helpers.

The program committee for the Christmas party consisted of Lynn Goldman, Margee Terry, Martha Dixon, and Janet Christensen.

Sharon Possell, Annette Plesniak, and Lois Levine were in charge of the invitations.

Joan Novitsky and Diane Beams secured the decorations as well as the cookies and punch which were served following the play.

Geri Geller, president of Wranglers, stated, "Everyone deserves a thanks who helped make our play and party successful."

* * *

AN INEXPERIENCED junior-senior speech meet will highlight the January 4 meeting. Each contestant will enter one of the four categories which are humorous, dramatic, radio, and extemp.

Those who have entered the humorous division are Judi Estlick, Sharon Lake, Molly Dixon, and Sandra Grodrian.

The dramatic division contestants are Annette Plesniak, Susie Knight, Sandy Landree, Jane Hunter, Marilynn Masters, Sharon Possell, and Susan Menze.

Louise Misegades has entered the radio division; and Chuck Weinraub, Lee Jackson, Carol Downhour, and Marilyn Miner will give extemporaneous speeches.

Senior Class, Advisers To Host Alumni At Dance December 23

Linda Tomson, T. Berk Co-Chairmen; Other Committees Appointed

Class of 1960 and the senior class advisers, Miss Mary Graham and Mr. Ronald Gersmehl, will host all South Side alumni at the Alumni Dance Wednesday, December 23. The dance will be from 8:30-11:30 in the school cafeteria. Records will be played on the Hi-Fi set for music, and tickets cost 50 cents per person.

Graduates of the last three years are especially invited. Guests and chaperones for the annual affair are Mr. and Mrs. R. Nelson Snider, Miss Pauline Van Gorder, Mr. and Mrs. Ora Davis, Mrs. Ronald Gersmehl, Mr. and Mrs. Sol Rothberg, Mr. and Mrs. Robert Gerding, Mr. and Mrs. L. Van Fossen, Mrs. Mary Frederick, Mr. and Mrs. Harry Lawry, Mr. and Mrs. Allan Berk, Mr. and Mrs. Burney Tomson, and Mr. and Mrs. George Howe. Senior homeroom teachers of the class of 1959 and present senior homeroom teachers are also invited.

z z z

LINDA TOMSON and Terry Berk are the co-chairmen of the dance. Carol Szink is the chairman of the invitations to guests and chaperones committee. Helping are Penny Hunt, Beth Golden, Kathi Lee, Sue Carto, JoAnn High, Marian McCallister, and Helen Robinson.

z z z

NICK ROEMBKE and Anna Mae Chen are the co-chairmen of the decorations committee. Working on their committee are Dave Redmond, Dan Oesch, Sue VanFossen, Sandra Landree, Pegeen Horth, Posy Weilemann, Susie Hoard, Larry McDonald, and Ron Carlo.

WELCOME, ALUMNI . . . Say the committee heads for this year's Alumni Dance. From left to right are Sandra Landree, George Pifer, Linda Tomson, Nick Roembke, and Terry Berk. The dance is to be presented next Wednesday in the cafeteria by the senior class.—Photo by Thompson

The registration and name tag committee is headed by Barb Wallace. Helping are Merle Baldwin, Julie Carr, Susie Vesey, Susie Hoard, Sue Sappenfield, Sally Burton, Margo Dixon, Kate Rastetter, Penny Hunt, Sue Seibel, Janet Lawry, and Margaret Rogers.

Totems dating several years back will be placed on a table for the alumni. Barb Collier, Sharon Zelt, Janet Long, Karen Randall, and Nancy Stillwell will help at this table.

z z z

JIM OLINSKE is the chairman of the refreshment committee. Don Walters, Tom Schwartz, and Bob Gifford will help. Vicki Sheldon is the chairman of the ticket committee. Tickets will be sold by homeroom representatives. They are Marcia Eaton, 77; Dianne Beams, 58; Bob Haag, 62; Dan Oesch, 144; Margaret Rogers, 96; Janet Long, 80; Carol Purdy, 92; Julie Dedman, 120; Bethany Bond, 178; Vicki Sheldon, 152; Shelby Smith, 156; Marian McCallister, 142; Pat Busche, 60; Beth Golden, 90; and Pat Krebs, 110.

Stan Redding, John Wilks, Steve Bowen, Jerry Zinn, Bill Stellhorn, Jack Harms, and Charles Jellison, chairman, will work in the checkroom.

George Pifer and Beth Golden are the co-chairmen of the clean-up committee. Dick Rothberg, Dick McGaw, Kenny Howe, Susan VanFossen, Janet Lawry, Barb Frederick, Beverly Flood, Kate Rastetter, and Lynne Goldman are their committee members.

Hi-Y Club Planning For Annual Dance

"The Meaning of Christmas" was the theme of the Hi-Y meeting Monday in the Assembly Room of the YMCA.

The Christmas program consisted of singing Christmas carols and having refreshments.

Terry Berk, club president, also announced the committee heads, appointed by Jack Fitzgerald, chairman, for the annual Queen of Hearts dance. Working on the dance are Dave Schwalm, publicity; Carl Johnson and Dwight Flowers, decorations; Dan O'Laughlin, music; Dick McGaw, tickets; and Bruce Berlien, chaperones.

As a special service for the YMCA, the members of the Hi-Y Club are selling Christmas trees from 4 p.m. to 7 p.m. this week at the Kroger Store on North Anthony. Members participating in this project are Ron Becker, Ross Binkley, Steve Feustel, Jim Chi, Mike Collins, Ron Flickinger, Steve Leininger, Dennis McBroom, Roger McNett, Dan Oesch, Tom Ogles, Chris Parrott, and Jim Yerger. Jim Yerger and Steve Feustel are co-chairmen of the group.

Nominating committee members appointed were Jack Winder, John Gear, Bob Lee, Tom Cooper, and Terry Berk. This committee will meet during Christmas vacation to determine the nominations for next semester's officers.

Bob King, Hi-Y director of sales and publicity chairman, announced that as of Monday 700 Hi-Y directories had been sold.

"All students are asked to buy their directories this week. They will be a great help in addressing Christmas cards," stated Bob. Directories are on sale for 50 cents before school and during fifth period in center hall.

Vacationing Archers To Enjoy Civic Plays, Holiday Tournament

Although Archers will be deprived of school from December 18 through January 3, they make take advantage of some of the many activities which will occur during the Christmas vacation.

Tomorrow night the Fort Wayne Ballet Company will present "Cinderella" at the Scottish Rite Auditorium at 8:30 p.m. At the same time the last presentation of the Civic Theater's current production, "Dark of the Moon," will be performed.

Saturday night the Archers will play Michigan City at Michigan City. Monday, December 21, the War Memorial Coliseum will be the scene of a double-header college basketball game. In the first game Miami of Ohio will meet Miami of Florida, and the second contest will see Xavier against the Citadel.

z z z

TUESDAY, the Fort Wayne Komets will go against Milwaukee at the Coliseum. On Christmas Day, the Coliseum will feature wrestling matches. Saturday, December 26, the Komets will meet Toledo.

Midget auto races on the afternoon of December 27 will be the featured attraction at the Coliseum. That night, DeMolay and Job's Daughters will present their annual Christmas formal.

December 28 and 29 will see a holiday tournament at the Coliseum in which Central Catholic, Goshen, Wabash, and New Haven will be the participants. Thursday, December 31, the Komets will again play Toledo.

z z z

BOTH McMILLEN PARK and the Coliseum will feature regular skating sessions throughout the two-week's vacation. The public may skate at the Coliseum on Saturday, December 19, from 2:30 to 4:30 p.m. in the afternoon and from 7:30 to 9:30 p.m. that night. Sunday there will be skating from 2:30 to 4:30 p.m. in the afternoon only.

Tuesday there will also be skating in the afternoon from 2:30 to 4:30 p.m. On December 23 and 30 skating sessions will be in the afternoon from 2:30 to 4:30 p.m. and again in the evening from 7:30 to 9:30 p.m.

For roller skating enthusiasts, the Roller Dome will be open for skating between 7:30 and 10:30 p.m., Tuesday, Friday, and Saturday evenings and from 2 to 5 p.m. Saturday and Sunday afternoons.

Record hops will be featured on Saturday nights from 10:30 p.m. to 1 a.m. with Al Russell as disc jockey. Denny Nichter will serve as D.J. at the regular Thursday hops from 7:30 to 10 p.m. A special party has been planned for New Year's Eve between 10:30 p.m. and 1 a.m.

Archers may view a variety of motion picture entertainment during the Christmas vacation. The Embassy will feature "Goliath"; the Clyde will hold "The Big Fisherman" over until at least Christmas and probably until after the New Year. "1,001 Arabian Nights," a feature-length cartoon, starring Mr. Magoo will be shown at the Jefferson while the Paramount will feature "Li'l Abner." For the stay-at-home type, there will be many special programs on television throughout the two-week period.

Yule Time Brings Calls For Choir

"South Side's concert choir performed for approximately 1,000 persons this past week end at various concerts. The Christmas season has brought with it many calls for choir programs. These concerts will be continued throughout this week," stated Mr. Lester Hostetler, choir director.

Members from the concert choir were selected by Mr. Hostetler to sing Saturday night at Cutter's Chalet. These included Connie Arnold, Tomma Arnold, Marjorie Bauer, Joyce Brittenham, Marilyn Bugg, Sally Capps, Larry Cooper, Beth Curley, Barb Frederick, Lynn Gall, Eugene Guenther;

Carolyn Hickman, Becky Hostetler, Chuck Jellison, Sunny Kaade, Sandy Landree, Kathi Lee, Lois Levine, Janet Long, Lesley Malone, Jan Martindale, Diane Meyer, Marcia Mosel, Don Nobles, Bob Pfundstein, Nick Roembke;

z z z

DICK ROTHBERG, Steve Sappenfield, Jim Saylors, Dave Schwalm, Fred Schoen, Susie Scott, Bob Steinbauer, Barb Steiner, Marcia Swathwood, Janet Terry, Linda Tomson, Linda Vollmer, Roger Vorholzer, Joy Walling, Jack Winder, Ann Wilson, and Sandra Yaggy.

"The Christmas Story," by Louise Grant, portrayed in nine tableaux, was presented by the choir at the West Creighton Church last Sunday. The entire outgoing choir performed nine numbers, which were accompanied with slides and narration. Evan Bergwall, junior, gave the narration; and Bob Steinbauer handled the projector.

The songs sung were "O Come, O Come, Emmanuel," "Thus Did the Angels Sing," "Venite Adoremus," "Rise Up Shepherd and Follow," "Mary's Song," "The Noel Star," "Bethlehem Where All Is Still," "Ye Monarchs Three," and "Give to the World, Thy Peace."

z z z

SIMPSON METHODIST Church and the Women's Republican Club called upon the choir for Christmas music last Monday night. Those presenting the music at Simpson included Linda Tomson, Becky Hostetler, Joyce Brittenham, Janet Terry, Janet Long, Marcia Mosel, Kathi Lee, Elana Stepanek, Marjorie Bauer, Marcia Swathwood, Lynn Gall, Linda Vollmer, Chuck Jellison, Loren Stanski, Bob Lee, and Dick Rothberg.

Choral numbers performed at the Republican Club were "It's a Grand Night for Singing," "Silver Bells," "Winter Wonderland," "O Come All Ye Faithful," "Lo How a Rose E'er Blooming," "Deck the Halls," "Carol of the Bells," and "We Wish You a Merry Christmas."

Choir members who sang at the Republican Club were Joyce Brittenham, Janet Terry, Sunny Kaade, Sandy Landree, Marilyn Bugg, Janet Long, Marcia Mosel, Kathi Lee, Elana Stepanek, Barb Frederick;

z z z

JIM SAYLORS, Jack Winder, Lynn Gall, Marcia Swathwood, Linda Vollmer, Marjorie Bauer, Dave Schwalm, Chuck Jellison, Loren Stanski, Dick Rothberg, Steve Sappenfield, Bob Pfundstein, and Nick Roembke.

Concluding the 1959 Christmas programs will be caroling in the hall and a concert at Lincoln Bank tomorrow. Madrigal choir will sing in the halls; the outgoing choir will perform at the bank.

Archers To Attend College Speech Meet

"Twenty-six persons have signed up to attend Ball State's annual speech meet. This promises to be one of the most interesting and educational meets of the year, and we hope all interested persons will participate," stated Mr. Robert Storey, speech teacher.

Those who are participating in the humorous division include Karen Simmons, Sue Hiller, Joyce Pollitt, Sue Gerig, Joyce Brittenham, Judi Estlick, Carole Oxenrider, JoAnn High, and Ellen Crowder.

Dramatic interpretation contestants will be Judy English, Kay Falb, Diane Fredrick, Bonnie Render, and Susan Menze. Diane Beams will attend in the radio division.

Extemporaneous speakers will be Marilyn Miner and Sylvia Ehrmann; while Erin Rose, Leanna Morris, Katherine Misegades, and Sharon Lake present poetry selections.

Competing in original oratory are Dieter Hillerbrand, Joan Stanton, Judy Snelling, and Jim Carter.

H.R. 66 Wins Banking Honors

The three homerooms which banked the most money during the week of December 8 are first, Mr. Ronald Gersmehl's Homeroom 66 with $28.60; second, Mrs. Alice Keegan's Homeroom 98 with $22; and third, Mr. Richard Sage's Homeroom 70 with $21.

Archers Cop Times Awards

Seventeen Archers have received Times awards so far this semester for their outstanding work on the Times.

Seniors who have earned their bronze pins and, consequently, membership in the 1500 Club are Sunny Kaade, Carol Szink, and Sue Menze. Juniors Sue Springer and Dieter Hillerbrand; sophomores Marilyn Cole, Sandy Miller, Sandy Thorn, Jenny Manth, and Sharon Eitman; and freshman Susan Smith have also received this award.

Four girls have earned silver pins. They are senior Lois Levine, sophomores Sandy Thorn and Edee White, and junior Diane Fredrick.

Senior Susie Hoard has received her gold pin, and junior Ellen McCarron has received a gold-jeweled pin.

Grade Period To End

Tomorrow is the end of the grade period. S and U grades will be issued on January 5.

Kellys Singe Auburn Devils Friday; Edged By Logansport Five 59-58

Fighting Kellys Drop Thriller To Logansport

Man-To-Man Defense Proves Non-Effective For Once-Ahead Kellys

South Side's inexperienced Archers dropped a thrilling 59-58 overtime to the Berries of Logansport last Saturday night at the Berry Bowl.

Senior Dave Barrett led the way, but the Kellys failed to hold their 56-52 overtime lead as the Red held their poise to overtake the Green in the final 15 seconds of play. Barrett carried the load for the visitors, dumping in 26 points and snagging 21 rebounds.

South jumped off to a 4-0 margin in the opening minutes of the contest, only to see the home squad fight back to ■ 16-10 lead at the first stop.

Coach Don Reichert opened with his regular starting five of Barrett and Dave Hickman as the forwards, Ken Howe at the center, and Acie Eldridge and Ken Leakey at the guards. But Howe picked up his third foul in only five minutes of action to earn a spot on the bench with Steve Hargan and Bob Bolyard subbing for him the rest of the way.

* * *

WITH THE TWO teams in man-to-man defenses, the second quarter saw some very rugged action. The Kellys fought back the entire quarter to come within two points of the Berries at the half. The work on the boards for both squads was excellent, although neither five was in definite command of the rebounding.

A hard third period saw the Green forge ahead to ■ one-point margin at the buzzer. Staying within striking distance the entire quarter, the Bowmen moved ahead 38-37 with 1:20 remaining, but the Berries added a free throw and a two-pointer to make it 40-38. Barrett, who controlled the boards in this period, was fouled at the buzzer as his tip-in rolled through the hoop. He added the free one to make it 41-40 as the contest entered the final eight minutes of regulation play.

The final quarter was thrilling as the lead changed hands several times. Logansport threw an all-court press at 6:06 and moved ahead to a 52-48 lead at 1:15. South, then in a zone defense, fought back bravely as Barrett's tip with 10 seconds remaining evened the score at 52-52.

* * *

IN THE OVERTIME, the Green again jumped off to ■ four-point lead with only 1:10 left in the extra three minutes. But, Dave Farrell, high for the victors with 15 markers, made it 57-56 with only 24 seconds to go.

Barrett was called for charging with only 15 seconds remaining and the Archers watched guard Jim Bender cooly sink both free throws to ice the game for the home force. Hickman's tip with five seconds to go made it 59-58, but Berry guard Mike Newton held the ball out of bounds as the buzzer sounded.

The Green hit 22 of the 63 from the field for a .349 average to a .310 average for the Red. The Berries actually bested South at the free-throw line, cashing in on 18 free tries to 14 for the losers.

The game was marked by very aggressive play. The win was the Berries' fifth against one loss, and the defeat evened the Kellys' record at 3-3. The Green will return to action Saturday against a well-regarded Michigan City club.

Scoring:

Logansport	16	13	11	12	7—59
South Side	10	17	14	11	6—58

BUT HE MISSED . . . Fighting hard for a tally in the Auburn game last Friday, Carl Johnson goes up for a shot. South won a decisive victory over the Auburn Red Devils, by the score of 67-51. —Photo by Seaman

Michigan Alumni Club Awards City Athletes, Coaches With Dinner

To honor All-City football players, coaches, and athletic directors of the Fort Wayne schools, the University of Michigan Alumni Club of Fort Wayne held their annual stag dinner Tuseday, December 8, at the Orchard Ridge Country Club.

All Alumni Club members were invited to come and bring their sons. All but four of the All-City squad were able to attend. Those representing South Side were Jim Olinske and Jim Dawson.

After the dinner, the All-City teams and coaches from the four city schools were introduced and season's records were discussed.

The main program consisted of talks given by program chairman Bob Chappius, and four guest speakers, Dick Balzhiser, Don Robinson, Jack Fouts, and Howard Waikel.

Bob Chappius, a Michigan alumnus and football star, told All-City boys of the athletic and educational benefits of the university in 1947. He aided in their 49-0 defeat of California in the Rose Bowl game of that year.

Dick Balzhiser is a former All-Big Ten fullback at Michigan in 1953. Besides being selected one of the best in the Big Ten, he was named to the All-Scholastic-All-American team. He is currently an instructor in the Chemical Engineering Department at the university. He is ■ member of the faculty board which meets with the Board of Control of Michigan Athletics.

Mr. Balzhiser told the guests of Michigan's high standards of education and its past record of achievements. He said that all those who are planning to attend college should think of what they want from an institution and what they should get out of a college education.

Don Robinson is a former football and baseball player at the University of Michigan. On the team in 1942, he played for one of the only Michigan teams to defeat Notre Dame. In this contest, Robinson scored the winning tally. He was called "a great competitor" by his teammates. Robinson served as baskfield coach and scout for Michigan and is now a successful insurance agent in Ann Arbor, Mich.

Mr. Robinson spoke entirely on the educational benefits of any institution and his opinion of a good college education.

The third guest speaker, Jack Fouts, is the interior line coach for the Wolverines. He is a graduate of Ohio Wesleyan and he received his Master's degree from Wisconsin in 1957. He was ■ high school football coach at Dayton, O., prior to his coaching responsibilities at a large university. He did a fine job as line coach this year.

Mr. Fouts spoke of the college education with athletics. He told guests to consider learning higher than sports in college. He also talked about the just-completed football campaign at Michigan.

Mr. Howard Waikel closed the speakers' portion of the program. Waikel was ■ football player and baseball captain at Michigan in 1947-1948. Now he is extremely active in alumni activities as well as serving as president of the Graduate "M" Club.

Mr. Waikel summarized the previous speeches and gave his own opinions of a college education.

Following this, movies were shown of the Michigan-Ohio State game. These were narrated by Coach Jack Foust.

A question and answer session completed the program.

Holiday Tickets On Sale

"Tickets for the Elkhart Holiday Tournament on January 2 will go on sale today in the Athletic Office," announced South Side Athletic Director Mr. Wayne Scott.

The price of the ticket is $1.50. This includes both the afternoon and evening sessions. Individual game tickets may be purchased at Elkhart, but none will be sold at South Side. The tickets will be sold on a first come, first serve basis.

Bowmen Defeat Auburn Squad; 15 Kellys Score

Senior Dave Hickman High Scorer, Team Sets Fire To Devils

South Side's Archers trounced the Auburn Red Devils, 67-51, last Friday in South's gym. The Kellys ran up an early lead that was never seriously tested during the game.

Though hitting well from the outside, the Archers were consistently able to work by the Auburn defense for layups. South also controlled the boards well while their tricky defense completely befuddled the inept ■ed Devils.

Dave Hickman continued to hit well and took scoring honors with 13. Wayne Seagraves paced Auburn with nine tallies. Coach Don Reichert used 15 Archers and each one entered the scoring column.

South took an 8-0 lead early in the game and ■ 19-5 lead at the end of the first quarter. The end of the first half found the Red Devils down 35-19. The Archers expanded this to 53-34 at the three-quarter mark.

Acie Eldridge chipped in nine points to the Archer cause while Dave Barrett, working at forward, and Bob Bolyard each tallied eight. South had a .391 shooting percentage from the field, but sacked only 13 of 26 charity tosses. The Red Devils hit only a .283 clip from the field with 17 of 30 free throws.

Underclassmen Lose To Juniors, Seniors

Seniors defeated the Sophomore 1's, 49-18, in first games of Upperclass GAA Speedball Monday in the gym. High scorers were Barbara Nahrwold and Joy Walling. Sophomore 2's defeated the Juniors, 32-31. High scorers were Rita Hessert, Marilyn Dauscher, Janice Nahrwold, and Jenny Slater.

Members of the Senior team are Joy Walling, captain; Barb Burdick, Shelba Cox, Judy Garrison, Jane Glass, Jan Kessler, Peggy Markin, Barb Nahrwold, and Luann Uhl.

Alice Ashton, Tamara Beaty, Bella Dyson, Sherry Hall, Sharon Krakower, Jane Ladig, Marcia Melching, Susan Merchant, Nancy Nichols, Sharon Todd, and Nancy Pfeiffer, captain, are players for the Sophomore 1 team.

Teammates for the Juniors are Joan Erck, captain, Alberta Bonnell, Val Callahan, Marilyn Dauscher, Connie Dennis, Mickey Flaig, Rita Hessert, Carol Hofer, Dixie Piercy, Melodie Potts, and Dianne Spencer.

Martha Bonnell, Gretchen Brumm, Pam Buzzard, Rebecca Collins, Joyce Cossairt, Sandy Heidbring, Linda Kumfer, Ginny Kachiamenis, Janice Nahrwold, Jenny Slater, Barb Uhl, and Annie Heckler, captain, are the members of the Sophomore 2's.

Mrs. Keegan and Elaine Edwards kept score for the two games, while Susan Burlage and Judy Koop umpired.

Mural Men

By Dieter Hillerbrand

Night League action was predominant in Intramural basketball competition, as five games were played in comparison to three in the Noon League. The end of the tourney in the Noon League is near; only a few games have to be played to determine the champions. Because of the large number of teams that have signed up, the Night League should continue action for some time.

Watson's Wipers have made two straight wins as they trounced the Flying Hawks by the score of 22-19. Bob Rodocker's seven points provided the key for the winners, while Joe Harper easily captured scoring honors on the losing team with 11 tallies.

Balanced scoring told the story when the Crabs outlasted the Beatnik Bandits in a defensive contest, 17-15. Bob Lohman poured in five points to be top scorer among the losers; however the Crabs had three men scoring four points. But in the next game, Gary Tinkle's Mighty Mice took the Crabs out of contention by a score of 19-5. Lee McClymonds of the winning team also took individual scoring honors with six points, while Dick Campbell led the losers with four.

Tom Lindenberg canned 26 points, as the Senior All-Stars clobbered the Basketbenders to the tune of 66-29. Tom, along with Phil Gallmeier who tallied 14, proved to be a little too much for the 'Benders. Dick Andrews topped the losers with 11 points.

Turning in another sparkling performance, John Biteman scored 15 points and led the Slide Rules to a 43-28 victory over the Beat-Neats. Jim Burton was high man for the losing team with 10 points.

The Rogues, a team that is made up of the varsity cross country squad, handed the Dubbers a 29-11 beating. Dave Reece again was high man for the winners as he hit the nets for 17 tallies. Al Sheldon's four points were tops for the losers.

Bob Lee poured in the amazing total of 27 points as the Pounders handed the Maynard Mouse Hounds a 52-20 setback. Bob's 27 points easily captured scoring honors on both teams. Ron Becker had 10 to lead the Mouse Hounds.

In the last game, the Aces nosed out the All-Americans by a score of 21-20. Rick Busch's nine points were high for the winners, although Shep Jefferson contributed 10 to a losing cause.

In handball action, it seems like Steve Longenberger has the intentions o taking another championship. Steve, who won last year's middleweight tourney, beat Kerry Nidlinger, 15-1, 15-3; and Larry Schneider, 15-7, 15-13. He will meet Gary Butz in the final game. Gary defeated Denny Druesdow, 15-7, 15-4, to get into the final game.

In other games, Bob Bechert defeated Ray Fanger, 4-15, 15-13, 15-4. Larry Chen beat Joe Bleakney, 15-9, 10-15, 15-0. Ray Lerch handed Bob Bryant ■ setback to the tune of 15-11, 13-15, 15-11. Jack Garrison trounced Jim Trulock, 15-8, 155-12; and Dave Reece overpowered Ken Lothamer, 15-11, 15-2.

The annual free-throw tourney will not be this week, because of some difficulties. It has been postponed until after vacation.

School To Resume Jan. 4

Christmas vacation this season begins tomorrow, which marks the end of the third grade period. It continues until January 4 when classes will be resumed.

Kellys Down Devils; Bow To Logansport

Reserves' Shooting, Rebounding Surpass Smaller Red Devils

South's rugged Archer reserves turned in their fifth win of the season by handing the Red Devils from Auburn a 51-33 setback, in the game played last Friday at the South Side gym, but dropped a rugging 40-27 decision to a rugged Logansport team there Saturday.

Coach "Porky" Holt used 14 players in the Auburn game, nine of whom dented the scoring column. Steve Burton was high scorer for the Kellys as he accounted for 11 tallies, while Ken Robinson was next with 10. This superior shooting coupled with a tremendous rebounding job done by Jim Dawson and Carl Johnson, proved to be just too much for the smaller Red Devils.

Although Coach Holt took out his first string in the second stanza, an Auburn rally failed, as the visitors were outscored 13-11 in this period. Jim Dawson was the outstanding player in this period, as he snagged six of his nine rebounds and also hit two baskets to make the half-time score 26-13 in favor of the Archers.

* * *

IN THE SECOND half, the picture was much the same. The Red Devils just weren't able to penetrate the sticky Kelly defense. And if they managed to get off a shot, Archers Robinson and Johnson swept the boards clean. Carl not only did a good rebounding job, but also canned nine tallies to aid the Archer cause. The scoreboard read 42-25 in favor of South at the end of the third quarter.

Freshmen Biewald, Wasson, Klaehn, and Hilsmier were given a chance to play in the final stanza. But even then, the Red Devils failed to make any substantial gains on the Green and White. Although outscored, 10-9 in this period, the Kellys also racked up their biggest lead by a score of 51-31. The Auburn center, John Martin, hit a field goal and a free throw to make the final score 51-35.

* * *

SOUTH HAD A marked advantage over Auburn in the statistical department. The Archers made 22 out of 51 shots from the field for a hot .431 clip. The Red Devils, led in scoring by Bob Long with 13, hit nine out of 25 for a .360 mark.

South Side scoring:

	G	F	T
Burton	5	1	11
Somers	3	0	6
Zigler	0	0	0
Johnson	3	3	9
Platupe	1	2	4
Meek	2	0	4
Robinson	5	0	10
Dawson	2	0	4
VanOosten	0	0	0
McMahan	0	0	0
Biewald	0	0	1
Wasson	1	0	2
Klaehn	0	0	0
Hilsmier	0	0	0

Bad ball-handling and a frigid field-goal percentage were the main reasons for the Archers' loss at Logansport. Coach "Porky" Holt's boys were called for numerous traveling and double-dribble violations, and managed to sink only eight baskets from the field during the entire game.

On the encouraging side, the Kelly defense managed to contain the vaunted Berry offense very well, except in a couple of isolated situations. The winners' 40-point total was the lowest that they have amassed this season in any game.

* * *

HOWEVER, the defensive work of Logansport, whose only defeat in six outings was dealt by highly-touted Muncie Central, was even more impressive. The hosts' sticky man-to-man guarding allowed only one enemy score beyond 15 feet and no more than eight points in any stanza.

During the first period of play, the Red managed a shaky 9-7 lead. South Side had tough luck on several shots which could have easily dropped for two points. However, Logansport was unable to grab a commanding position because they threw the ball away repeatedly.

Handling the ball much better in the second six-minute session, the Berries connected for the easy buckets. Still having scoring troubles, the Archers found themselves down by nine, 22-13, at half-time.

* * *

APPARENTLY inspired by ■ peptalk by Coach Holt during the rest period, the Green began to move in the third quarter. With some nice passes and good shots, they whittled the Berry margin to five points. However, Logansport's Fielder pumped in five straight points before the end of the period to stop the Kellys' chances.

South substituted freely in the final stanza with sophomores Dave Meek and Tommy McMahan turning in fine stints. Their foes, intent on running up a respectable winning margin, stayed with their starting five for the entire game.

Fielder paced the winners, netting 18 points and snagging most of his team's rebounds. Ron Zigler and John Somers were high scorers for South with 10 and nine points, respectively. Carl Johnson was a demon on rebounding, especially under the defensive boards.

Archer scoring for the game is as follows:

	G	F	T
Burton	0	3	3
Johnson	0	1	1
Somers	3	3	9
Zigler	4	2	10
Meek	0	2	2
Robinson	1	0	2

Score by quarters:

South	7	6	6	8	27
Logansport	9	13	7	11	40

PATTERSON FLETCHER —— Wayne at Harrison

Archers Will Face Rough Holiday Competition

Green To Meet Blazers, Stonecutters, Blue Raiders

By Dave Schwalm

South Side's Archers may expect to meet some stiff competition at the annual Holiday Tournament at the Elkhart North Side Gym on January 2. The Kellys will compete with excellent squads from Elkhart, Tolleston, and Bedford; the latter two are both newcomers to the tourney.

At the present time the always strong Elkhart Blue Blazers sport a 2-0 record with victories over East Chicago Roosevelt and Nappaneee.

The Blue and White cagers will have three veterans on the starting five this year. They are forward J. Evans, 6-1; guard Talbert, 5-11; and guard Middleton, 5-11.

z z z

THE BLAZERS average about six-foot, giving the Bowmen an advantage in that field. Also, the reserve power is inexperienced, and the Blazers do not substitude quite so freely as the Archers.

Coach Max Bell has this figured as another good year for the Elkhart team. Mr. Bell has a habit of making every year a good one for the Blazers.

However, Elkhart will not be the only tough squad trying to capture the holiday title. Charging out of the Tolleston High School gym will come the Tolelston Blue Raiders.

z z z

THE RAIDERS LOOK strong carrying five seniors, including four lettermen, on the starting lineup.

The Tolleston boys have good height, equal to that of South, but they are longer on game experience.

Starting in the center position for the Raiders will be senior Royal Wyatt, 6-4. The two forward spots will be filled by senior lettermen Clyde Cook and Sidney Gunn, 6-2 and 6-3, respectively. Starting as guards will be Tom Patton and Aaron Regans.

The Tolleston squad will have to prove itself against Michigan City, Gary Froebel, and Hammond before the tourney. If they can contain this competition, they may prove to be quite a handful on January 2.

z z z

COMING OUT OF the south for the joust will be the Bedford Stonecutters. The 1-3 record of this team does not tell a true tale. This team is tall. Center Marc Denny is 6-7, backed up by forwards Beedie and Smith, 6-3 and 6-1 in that order. Crack guards Torphy and Emerson round out the starting lineup.

Thus far this year, the Stonecutters have taken on Jasper, Vincennes, Mitchell, and always tough New Albany. They bowed to three of these teams because of early-season jitters.

Coach Loren Johnson and his team know that they will not be the strongest aggregation at the tourney, but they will be keyed to win and are capable of being very stiff competition. They will be shooting well to prove themselves in their first appearance at the Elkhart tilt; they are quite capable of an upset.

z z z

THE ARCHERS TOO will be out to win the tourney this season. They bowed to Muncie Central in 1958 and to Terre Haute Gerstmeyer last year.

Coach Reichert has been drilling the Kelly cagers on ball-handling techniques as well as working on an effective zone defense, and offense against zone and press defenses.

The probable starting lineups will be as follows:

Elkhart		
Evans	6-1	F
Lamb	6-2	F
Smith	6-3½	C
Talbert	5-11	G
Middleton	5-11	G
Tolleston		
C. Cook	6-2	F
S. Gunn	6-3	F
R. Wyatt	6-4	C
T. Patton	5-8	G
A. Regans	5-10	G
Bedford		
Beedie	6-3	F
Smith	6-1	F
Denny	6-7	C
Torphy	5-9	G
Emerson	5-10	G
South Side		
Hickman	6-2	F
Howe	6-1½	F
Barrett	6-5	C
Eldridge	5-8½	G
Gardner	5-7½	G

Undefeated Freshmen Down Cadets, Tigers

Outstanding Scorers Wasson, Jefferson Head Kelly Offense

South Side's "mighty freshman team," in its two-game schedule last week, defeated the Concordia Cadets and the Central Tigers to leave the Green undefeated that far in the '59-'60 hardwood campaign. Archer cagers defeated the Central Catholic Irish December 3.

South Side's rugged Archers surpassed the Concordia Cadets December 7 at the Zion Lutheran Gym as Bob Wasson and Shep Jefferson dominated Kelly scoring, enabling the Green to post a 38-30 victory.

Kelly offense was good but their defense was not nearly as effective as in the previous game against C.C.

Coach Preston Brown substituted very consistently, especially during the first half. Every member saw action against the Cadets, and most of them made their debut for the '59-'60 season.

Wasson and Jefferson controlled the Archer scoring. Wasson converted six field goals and a free throw for a total count of 13. Jefferson, rugged Archer center, tallied four field goals and a free throw for nine points. Dave Widenhofer of Concordia was high scorer in the game with 16.

z z z

FIRST-QUARTER action was typical of South's previous game, being balanced and having fairly high scoring. With 30 seconds remaining, the Archers found themselves behind by three points.

Wasson quickly netted two field goals to place the Archers ahead by one. Widenhofer of the Cadets converted a free throw to tie the Archers.

South outscored the Cadets in the second period, four to one, in what proved to be a boring and quite infrequent scoring contest. The score was again close at the end of the quarter, but with 10 seconds remaining Dave Meyer sank a free throw to determine who controlled the scoring column at halftime.

z z z

AFTER A FREE THROW conversion by Concordia, South's original quintet commenced second-half activity with a bang.

Archer cagers tallied four points in succession to place South in a lead they never lost. By the three-quarter mark, South sustained a 28-20 margin.

Wasson's three-point conversion started the Archers on a good note in the last stanza, increasing the Archers' lead to 11, the largest margin in the game. The final verdict was just a matter of time as the Archers easily glided to the 38-30 episode.

Dale Hilsmier, aided by Wasson, shared the bulk of rebounding chores for the Archers. Hilsmier, always great on the boards, did an excellent job.

South Side netted 17 of 50 to record a .340 percentage on field goals.

z z z

A LIGHT AND rugged Archer squad, led by the talented Bob Wasson and Dale Hilsmier, trounced an inept Central squad, 36-28, at the South Side gym last Thursday to record their third win against no losses.

This, their first home game, proved to be a prosperous one. Kelly players were not as tense with home forces cheering for them.

Wasson, high scorer for South in the Concordia game, repeated his performance, recording 12 against Central for top scoring honors. Hilsmier tallied nine to aid Archer scoring.

z z z

COACH PRESTON BROWN was well pleased with the Kellys' performance. He thought the boys played an exceptionally fine game and was quite satisfied.

The Archer quintet scored three consecutive points to commence first-quarter action. Archer cagers controlled the scoring column and never lost the lead at any time.

By the end of the quarter, the Green and White sustained a 12-8 lead, the most points the Kellys have recorded for a first quarter thus far this season.

As the second period progressed, the Archers displayed signs of victory. Kelly hardwood versatility did not allow the Tigers to come close enough to threaten or worry the Archers.

At the conclusion of the first half, the Green and White possessed a 24-12 lead. Archer spectators were jubilant and were beginning to taste victory.

z z z

A DEPRESSED Tiger squad, although they had a 12-point deficit, would not bow to the Archers yet. They narrowed the Archer lead, but it wasn't enough to tighten the contest and by the close of the third period, Kelly cagers sustained a substantial seven-point margin.

In the final stanza Coach Brown's squad outscored the Blue 7-6 as they rolled to a 36-28 win. Archer netters converted 15 of 39 for a .385 percentage.

Hilsmier again displayed his tremendous rebounding skills turning in an equally exceptional job in the Central contest. Shep Jefferson also accounted for several rebounds.

Carter's Corner

By Jim Carter

These overtimes are getting expensive. Two of the Kelly cagers' losses, including Saturday night's episode at Logansport, have come in extra-time contests. The other overtime defeat was caused by Southport, while the Archers have won one, with Bluffton.

It's record now standing 3-3, tied for fourth in the overall city standings, South has suffered those three losses by an average of only four and two-thirds points. Also taking into account the fact that two losses did come in overtime, the record could just as easily now read 5-1.

Nevertheless, there is nothing to be gained by wondering what might have happened "if." Due to the constant improving of South's schedule over the years by weeding out and replacing the "weak sisters," the rest of the season will be rough all the way; the Green can expect few breathers.

z z z

Last week end's action, including a romp over Auburn and that heartbreaker at Logansport, brought some relief for fears aroused while witnessing the Huntington debacle. Some work on fundamentals seems to have helped, and once again Kelly prospects are looking up for tourney time.

Senior forward Dave Hickman, who seems to have springs in his legs, continues to show marked improvement with each game. Sophomore guard Ken Leakey, too, continues to glow as a bright spot in future Archer plans. At present, his main difficulty is only a lack of experience.

Center Dave Barrett also started to hit his stride in the Logansport game when he turned in 26 points, his high for the season. This showing helped to balance two other sub-par performances point-wise and left him with a 15-point-per-game average. This is the fifth best in the city.

z z z

Central's Tigers, who were rated as one of the state's strongest quintets in pre-season predictions, had helped the state writers in Indianapolis to completely forget them with their poor early-season performances. However, their inspired, come-from-behind, 66-61 upset of State Champs Indianapolis Crispus Attucks last Friday night should do something to change that situation.

Once again this points up the tremendous potential which the Bengals possess when the boys play together as a team. Still, they have quite a few off-nights when no one will co-operate, and if the Archers can continue to improve, don't count them out of everything yet.

z z z

Central Catholic still boasts the city's best won-lost record, now 6-1. The Irish do not play anywhere near as demanding a schedule as do some other teams, and some of their wins have been unimpressive, but they are still a power to be reckoned with. Big Jay Bail has missed the last four games because of an injury, and the most effective big guns continue to be Bob Pelkington and John Cook.

The Irish finally seemed to click as they should in week-end routs of Decatur and South Bend Washington. The latter victory is the more notable, in view of their victory over North Side the previous night.

z z z

After this four-point loss to the South Benders, the Redskins bounced back to tromp South Side's recent victim, Auburn, 73-47. The Redskins feature the highest-scoring offensive punch in the city, averaging 66.7 points per game. Nevertheless, the defense still leaves much to be desired, as is evidenced by the fact that South Bend, which managed only 36 points against C.C., hit 77 against the Red.

z z z

The only other hardwood contest was a City Series scrap between Concordia and Elmhurst. As expected, this was a thrilling, evenly-matched contest. It took a second, "sudden-death" overtime for Concordia to pull out a 62-60 win.

The Cadets are now one game out of fiirst in the series standings with a 1-2 record, while Elmhurst holds down the cellar with two losses and no victories.

z z z

There is a full slate of action scheduled over the holidays, and quite a bit more about relative strengths should be known by the time school starts again in January. The record is now 21-6 for guesses, and here are a few holiday comments and prognostications:

1. **Central vs. Marion**—Here Central will show whether the Attucks game was an accident, and much of the rest of the season will depend on whether or not they settle back into their old ways. Marion is not too strong this year, however, so be prepared for a Tiger win.
2. **C.C. vs. South Bend St. Joseph**—The Indians have six returnees and a strong squad overall. This will be an important game in determining the Irish's real strength. This column picks C.C.
3. **Concordia vs. New Haven**—The Bulldogs were 15-point losers to C.C., and Concordia's stock should continue on the rise with a victory here.
4. **North Side vs. LaPorte**—North's Redskins fail again to break the ice in the Northern Indiana Conference, as the Slicers are just too good.
5. **Elmhurst vs. Harlan**—Harlan gives the Trojans a stiff battle before succumbing to defeat.
6. **South Side vs. Michigan City**—The Archers have their backs to the wall when they meet what will probably be their strongest opponents thus far. Barring a tremendous amount of hoped-for improvement, it looks like Michigan City.
7. **Central vs. Concordia**—Cadet fans hope for another North Side game, but the Tigers have far too much overall strength for the Maroon.
8. **Elmhurst vs. Huntertown**—These county games are hard to predict, but this column will say its another win for the Trojans.
9. **Central vs. C.C.**—This will be the decisive battle of the first half of the season. If the Tigers, who should win in a close battle, could thus even C.C.'s City Series record, South and North, two "also rans," would be tied for the city lead at 1-0.

Five of the city teams will take part in holiday tourneys, with North at Huntington, C.C. in its own event here, Central at East Chicago Washington, Concordia at Kendallville, and South at Elkhart.

Janice Nahrwold Captures GAA Ping Pong Tourney

TABLE TENNIS CHAMPS . . . Rita Hessert, runner-up in the GAA Ping Pong Tournament, and Janice Nahrwold, the winner, show their elation over victory. The tournament was held last week.—Photo by Thompson

Janice Nahrwold captured the annual GAA ping pong tournament by defeating runner-up Rita Hessert, 21-17, 23-21. Janice will receive 50 points for winning the tournament and Rita will receive 25 points as runner-up.

Thirty-one girls entered the tournament. In the first round Val Callahan defeated Connie Denis, 21-6, 21-18. Barbara Nahrwold won over Cheryl Hager, 21-2, 21-1. Rita Hessert was victorious over Jane Glass, 21-11, 21-6. Sandra Grodrian defeated Mary Marker, 21-7, 21-8. Virginia Kachiamenis lost to Pat Abbott, 21-17, 21-19. Sharon Krakower won over Sandey Dolson, 21-14, 21-18.

Jenny Slater lost to Shelba Cox, 21-5, 21-18. Bella Dyson rose victorious over Alberta Bonnell, 21-11, 21-19. Sandy Heidbrink defeated Pamela Faust, 21-7, 21-8. Dodie Kessler lost to Louraine Ford, 21-6, 21-3. Janice Nahrwold beat Diane Longberry, 21-7, 21-6.

Jan Spuller moved into the second round over Peggy Markin, winning by default. Luann Uhl beat Sue Case, 21-4, 21-6. Nancy Lagemann rose victorious over Jan Kessler, 21-18, 22-20. Ann Hechler won over Shirley Stahlhut, 21-4, 21-4.

z z z

SIXTEEN GIRLS remained in the tournament for the second round. Barbara Nahrwold defeated Val Callahan, 21-10, 21-15. Sandy Grodrian lost to Rita Hessert, 21-15, 21-17. Sharon Krakower beat Pat Abbott, 18-21, 23-21, 21-5. Alberta Bonnell won over Shelba Cox, 23-21, 24-22.

Sandy Heidbrink was the winner over Michele Flaig, 21-16, 21-19. Louraine Ford lost to Janice Nahrwold, 21-7, 21-15. Jan Spuller defeated Luann Uhl, 21-12, 15-21, 21-19. To end this round, Ann Hechler won over Nancy Lagemann, 21-9, 21-10.

Rita Hessert defeated Barb Nahrwold, 23-21, 21-15, to begin the third round in the tournament. Sharon Krakower beat Alberta Bonnell, 21-19, 22-20. Janice Nahrwold won over Sandy Heidbrink, 21-15, 21-19. Ann Hechler defeated Jan Spuller, 21-16, 21-13.

z z z

IN THE FOURTH round, Rita Hessert beat Sharon Krakower, 21-19, 22-20. Ann Hechler lost to Janice Nahrwold, 21-19, 21-16, and the following game between Rita and Janice determined the winner.

Twenty-eight girls each earned 10 points by entering the tournament. Senior girls earning 10 points are Shelba Cox, Jane Glass, Sandy Grodrian, Jan Kessler, Barb Nahrwold, and Luann Uhl. Alberta Bonnell, Val Callahan, Connie Denis, Sandey Dolson, Mickey Flaig, and Shirley Stahlhut are the junior girls receiving these points.

Sophomores receiving 10 points are Susan Case, Bella Dyson, Ann Hechler, Sandy Heidbrink, Virginia Kachiamenis, Sharon Krakower, Jenny Slater, and Jan Spuller.

Marines To Collect Toys

The Marine Corps Reserve, Ninth Rifle Company of Fort Wayne, is conducting this years' version of the annual Toys for Tots Compangn. Their collection will be given to the Christmas Bureau for distribution.

Anyone having any good used toys should call E-6393 before December 21.

Michigan City Devils To Host Hopeful Kellys

Opposing Five Features Strong Bench; Archers Ready Team For Zone

Fresh from a stunning upset of high-ranking South Bend Central, Michigan City will hope to avenge last year's defeat at the hands of South when they host the Archers at Michigan City School Auditorium Saturday evening at 8 p.m.

The Red Devils are fortified by returning lettermen Bob Lopp, Charlie Mack, and Richard Roland. Lopp is a 6-1 forward while Roland, who is also 6-1, occupies the other forward slot. Mack, who is 5-11, holds a starting guard position.

Besides these three lettermen the remaining starting quintet is composed of Bob Johnson at center and 5-10 Jim Forester at the other guard position.

z z z

THIS SEASON, Coach Douglas Adams appears to have molded his starting five into a talented scoring combination. In the Red Devils' first game of the season, they defeated Gary Tolleston, 69-50. This was followed by a surprising victory over South Bend Central.

The Archers will have to exhibit a peak performance to beat Michigan City, whose second team is almost as talented as the first string lineup. Coach Reichert, however, has had a full week to prepare the squad as the Archers do not play tomorrow.

z z z

IN RECENT workouts the team has concentrated on bringing the ball over the time line during a press and also on various zone defenses. They should be in good physical condition for this important battle with Michigan City's Red Devils.

Thus far the Archers are 3 and 3 for the season. This record includes wins over Bluffton, Concordia, and Auburn; and losses to Southport, Huntington, and Logansport.

Coach Reichert's probable lineup will consist of Ken Leakey and Acie Eldridge at the guardposts, Ken Howe and Dave Hickman at the forward positions and Dave Barrett, who is leading the Archers in scoring with a 14 point per game average, at center.

Michigan City

Place—Michigan City Gymnasium.

Birth Of Christ Child Reveals 'Greatest Story Ever Told'

Time-Honored Legend Relates Genuine Spirit Of Christmas

Perhaps the greatest story ever told is that depicting the life of Christ, the first chapter of which deals with the age-old, tender story of the birth of the Child in the stable. This is the origin of our celebration of Christmas. This beautiful and moving story can be told in its greatest splendor only by Luke in Chapter 1, beginning with Verse 26.

"And in the sixth month the angel Gabriel was sent from God unto a city of Galilee, named Nazareth, to a virgin espoused to a man whose name was Joseph, of the house of David; and the virgin's name was Mary.

"The angel came in unto her, and said, "Hail, thou that art highly favoured, the Lord is with thee: blessed art thou among women."

"When she saw him, she was troubled at his saying, and cast in her mind what manner of salutation this should be.

"The angel said unto her, 'Fear not, Mary: for thou hast found favour with God.' And behold, thou shall conceive in thy womb, and bring forth a son, and shalt call his name Jesus. He shall be great, and shall be called the Son of the Highest: and the Lord God shall give unto him the throne of his father David: And he shall reign over the house of Jacob forever; and of his kingdom there shall be no end."

"Then Mary said unto the angel, 'How shall this be, seeing I know not a man?'

"The angel answered and said unto her, 'The Holy Ghost shall come upon thee, and the power of the Highest shall overshadow thee: therefore also that holy thing which shall be born of thee shall be called the Son of God. And behold, thy cousin Elizabeth, she hath also conceived a son in her old age: and this is the sixth month with her, who was called barren. For with God nothing shall be impossible'."

"And Mary said, 'Behold the handmaiden of God; be it unto me according to thy word.' And the angel departed from her.

"And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

"And this taxing was first made when Cyrenius was governor of Syria. And all went to be taxed, every one into his own city.

"And Joseph also went up from Galilee, out of the city of Nazareth, into the city of David, which is called Bethlehem (because he was of the house and lineage of David), to be taxed with Mary his espoused wife, being great with child.

"And so it was, that, while they were there, the days were accomplished that she should be delivered.

"And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid in a manger; because there was no room in the inn.

"And there were in the country shepherds abiding in the field, keeping watch over their flock by night.

"And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them: and they were sore afraid.

"And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

"For unto is born this day in the city of David a Saviour, which is Christ the Lord.

"And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

"And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, Glory be to God on high, and on earth peace, good will toward men.

"And it came to pass, as the angels were gone away from them into heaven, the shepherds said to one another, let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known to us.

"And they came with haste, and found Mary, and Joseph, and the babe lying in a manger.

"And when they had seen it, they made known abroad the saying which was told them concerning the child.

"And all they that heard it wondered at those things which were told them by the shepherds.

"But Mary kept all these things, and pondered them in her heart.

"And the shepherds return, glorifying and praising God for all the things that they had heard and seen, as it was told unto them."

Kellys Appreciate Spirit Of Christmas, Peace, Joy

Christmas is the time of year when people all around the world celebrate the birth of the infant Jesus. It is a season of joy and good will for all.

On a crisp, cold night, the sound of carolers singing is enough to raise the spirits of anyone. Christmas seems to bring the family closer together through the joy of giving gifts.

When asked the question, "Why do you appreciate Christmas?" Archers responded:

John Biteman—I appreciate Christmas because of the holiday times and the fun our family has together. Of course, anyone likes to get presents, but it is the joy of watching other faces when they open theirs that counts.

Ann Golden—I appreciate Christmas because of the great big family get-togethers we have. There is a certain joyfulness around Christmas-time that really makes one feel wonderful. Of course, vacation and presents are nice too.

Sally Capps—To me, Christmas is a time of happiness and joy which is lacking during the rest of the year. It is a time when world peace seems more possible.

Diana Meyer—I appreciate Christmas because it is a time filled with happiness and the celebration of our Lord's birth.

Nancy Rose—I love giving parties and presents to underprivileged children and seeing how happy it makes them. I also like the Christmas Candlelight Concert.

Marilyn Masters—Christmas time is a time for making other people happy. I have a lot of fun shopping for gifts for my family and friends. It also means the time for the Candlelight Service on Christmas Eve which is very inspiring.

Valerie Callahan—Christmas time seems to decrease the tension and confusion of the world. It is a time of peace and good will. If there were more of this feeling the year round, it would be a better world to live in.

Ron Ehrmann—Christmas is a time of remembering your family and relatives. I enjoy seeing all the little children's faces as they open their presents on Christmas morning.

Annette Plesniak—The Christmas season seems to break the monotony of everyday problems, that we must face through the entire year. It is a time to relax, a time to enjoy company around you. If we all do this, surely no one will be left out of the Christmas spirit.

Margie Mercer — Christmas is a time when the whole family gets together to celebrate the birth of Christ. Everyone is full of the holiday spirit, and it is wonderful seeing people look so happy.

Kellys Believe Religious Spirit Replacing Santa

In this day and age when many people depend upon commercialization for a living, many believe that most of the religious meaning of Christmas has been lost. Do you think that Santa Claus has become more important in Christmas than Christ? This was the question posed to Archers and here are their answers.

Honey-Kay Martindale: Although Christ should be, I think Santa Claus has become a more dominant figure. Instead of being Christ's birthday, children now look forward to Christmas as a time when a fat man showers them with gifts.

Vicki Sheldon: People have come to the point where Christmas is a time for only receiving gifts. Do you go to church on Christmas? Why don't you go this Christmas? Remember that Christ's birth was the factor that started the act of giving and receiving gifts.

Mike Collins: I think that parents have emphasized the Santa side of Christmas to their children. But I don't feel that the religious side has been so under-emphasized as to be dangerous, because even if we are just thinking about Santa, I think a spirit of good will prevails.

Worship, Merriment, Fellowship Symbolize Russians' Christmas

Christmas is celebrated throughout the whole world at different times, in different ways; but there is that same feeling and meaning in each. The Russian Christmas is celebrated in January and is a fast preceding the holiday. The people in Russia, like America, prepare their surprises, greeting the holiday in a religious and jovial mood.

Here in America we celebrate an old and religious custom. The priest visits each home accompanied sometimes with a young boy carrying a vessel of holy water. He sprinkles each room with water, each person kissing the cross he carries and receiving his blessing. In parts of Russia songs are sung of the Virgin Mary throughout the Christmas holidays by groups of young people at social gatherings, or in homes. On Christmas Eve it is customary for the people to fast until after the first service in church.

Usually, Christmas is celebrated with friends and relatives. They arrive with gifts and other things. Christmas is a wonderful day; for the people feast, play games, go snowballing, and are filled up to the brim with joy and happiness. The Russians never tire of hearing the songs and poetry. Sometimes they sing and recite this the whole night through. The familiar greeting of "Merry Christmas" is not heard in Russia; the usual salutation on this day being "Greeting for the Lord's Birth."

Marla Habecker To Portray Cinderella In Ballet Production

ONE AND THE SAME . . . Marla Habecker's dramatic change in appearance, which she undergoes in her rags-to-riches role of Cinderella in the Fort Wayne Ballet Company's presentation, is illustrated in the two photos above.—Courtesy of News-Sentinel

At one time or another everyone dreams of himself being the main character in a rags to riches story such as "Cinderella." A South Side student who has achieved this dream, not by wishing, but by hard work and determination, is Marla Habecker. Marla is dancing the title role in the Fort Wayne Ballet Company's production of "Cinderella."

In her own words Marla states, "'Cinderella' is a wonderful and colorful ballet. Miracles are performed on stage." The ragged dress which she wears at first is transformed into a beautiful gold dress. The lizards become a magnificent coach, all by a wave of the fairy godmother's wand.

The ballet be presented tomorrow at the Scottish Rite Auditorium at 8:30 p.m.

z z z

BESIDES BALLET this perky freshman B also does modern toe, character tap, and American jazz dancing. Marla enjoys all of these types of dancing, but as yet is undecided concerning her future.

Approximately three weeks before a performance Marla has rehearsals every day lasting at least four hours. She also has four lessons a week.

Marla, a Harrison Hill graduate, has been seen in various Fort Wayne Ballet productions. She has also appeared in the Festival Theater's production of "Plain and Fancy," and in the Children's Theater production of "The Elves and the Shoemaker."

Marla, after joining the Fort Wayne Ballet Company in 1956, studied under the direction of Mr. John Neff. Prior to this she studied with Miss Ann Adams.

Marla is on the college course taking Latin 1, Algebra 1, Biology 1, English 1, health and gym.

When not dancing, doing homework, babysitting or listening to recording artist Johnny Mathis, this busy miss can be found either writing a feature for The Times or participating in an activity of the Meterites.

This versatile girl also enjoys playing golf, swimming, water skiing, and ice skating.

z z z

PLEATED SKIRTS are Marla's favorite fad and her favorite color is red. She lists French fried shrimp as her favorite food.

Her favorite record is "Misty" and her pet peeve is a common one, that of hating to get up in the morning.

When asked for her impression of South Side, Marla replied, "South Side is a large school, but I like it very much and have enjoyed getting acquainted with the students and teachers. I think South has a lot to offer students in its varied school activities and programs."

By her actions and statements, Marla Habecker has clearly shown herself to be talented, to have a well rounded personality, and to be an asset to the South Side student body.

Unusual Suggestions For Presents Made; Economical, Varied

Have you run out of ideas for Christmas presents this year? Wrap up your presents in "people packages" this Christmas to show your "giftees" how extra special they are. Here are some suggestions ranging from "Glamour Girl" and "Hot Rodder" to "Very Important Poppa" and "Santa Daddy." All seals, stickers, tags, labels, and papers can be found in stationery stores and five-and-tens.

For a Hobo—(Kid Brother) toss a grab bag of lumpy offerings into a bandana, tie onto a stick.

Glamour Girl—has a paper face and woolly ringlets set in pin-curl clips, all pasted onto a package wrapped in lace-patterned foil. Crayon on a dreamy expression, cut eyelashes from paper.

You're First Class Matter!—shouts a box wrapped for special delivery. Rubber-cement corrugated paper to a box, then slap on as many tags, labels, stickers, and stars you can find. To get a wavy look, press decorations into the folds of the paper.

Hot Rodder—gets not one new car but two, racing down a foil road with puffs of cotton smoke behind them. Colored plastic tape marks the course; scraps of foil and tape, mounted on pipe cleaners make the flag. Use glue to fasten the toy cars.

Very Important Poppas—gift can be wrapped in a box made to look like an advertising man's brief case. Cover box with self-sticking plastic film; add tags, gilt "V.I.P." initials, lock and handle from the five-and-ten.

Santa Daddy—is perfect for the "do-it-yourselfer." He builds his own chimney! Cut bricks from a kitchen sponge and rubber-cement to a tall box. Daddy himself is snipped from paper scraps and embroidery floss. To give him room to stand half in the chimney, put your present in a small box inside the bigger box used for the chimney.

These original ideas will make the Christmas presents you give unforgettable. It is lots of fun making presents such as these, too!

Archers Make Odd Promises For New Year

Fascinating, isn't it, how much one can overhear in jam-packed halls. This being the Yuletide season, a few Kelly New Year's resolutions were caught in passing.

"I vow to gain 20 pounds in the next five days," was among the first.

A sober-faced Archer was heard to remark, "I promise to finish my library book at least 15 minutes before the report is due."

An impish student declared, "I propose to swipe Allen Steere's contact lenses."

An oft-repeated resolution was, "Next year I'll buy and address my Christmas cards in August."

Voicing the secret desire of many, some hardy soul said, "I'm going to bring my roller skates to try out those ramps!"

Some Cyclotron Club devotee resolved, "I'll create a miniature atom bomb in the chem lab next year."

One mischievous band member whispered, "I'm going to pour molasses in Bill Stellhorn's imposing tuba." (Bill, a word to the wise . . .)

Seated on a pillow, an Archer sighed, "I'm going to learn to ski—on my feet for a change!"

"I intend to tape a "Mad" version of "Macbeth" and switch it with the tape by the Globe Theater Players," stated one devilish member of a notorious English class.

An obviously tongue-lashed student vowed, "I resolve to get up at 3 a.m. every morning so that I will arrive at school on time."

Another resolution was, "I'm going to buy one of those neat boys' hats instead of walking out with Larry Levy's."

A monstrous frosh said, "I resolve to set loose my pet white mouse in the girls' locker room some fifth period.

Finally, there was Mr. R. Nelson Snider's generous resolution, "I vow to let all students run in the halls on every Friday the Thirteenth that's a Tuesday."

Judaism Celebrates Chanukah With Gifts, 'Menorah' Lighting

Two of the world's major religions, Christianity and Judaism, will observe two holidays, equally important to both. While the Christians celebrate Christmas, Jews all over the world will observe the eight-day festival of Chanukah, which is a time for giving gifts and rejoicing.

The story of Chanukah is the story of a rebellion of a people against oppression. For a century after the death of Alexander the Great, Palestine was a part of Syria. The Jews made no resistance to the Syrians until Antiochus, the Syrian King, tried to impose his ways upon them.

z z z

LED BY MATTATHIAS and his son Judah Macabee, the Jews revolted against the Syrians. The odds were against them and they were very outnumbered, but they were fighting to preserve their faith, spirit, and homeland.

Through their knowledge of the lands, caves, and hiding places, and their sheer determination, they were able to defeat the Syrians and bring independence to Palestine.

When Judah Macabee marched in triumph to Jerusalem, he found the temple polluted and ruined by the Syrian warriors. His first act was to again make it holy. Only one flask of oil could be found to kindle the eternal light. This one flask of oil had to last until more could be brought from a nearby city. The one flask of oil, which should have lasted only one day, kept the light burning for eight days.

z z z

THIS IS THE story of the Jewish festival of lights, Chanukah. Today it is commemorated by the lighting of the "Menorah," a candelabra with places for nine candles. On the first day, the "shamash" candle, from which all the other candles receive their flame, and the first candle are lit. Each day one more candle is lighted until, at the end of the eight days, all are burning.

Foreign Languages Express Universality Of Christmas Spirit

The whole world is entering into the spirit which prevails during the Christmas season. Each person is busy shopping and picking out a tree that is just right for his home. Although most persons are quite rushed, they always seem to find time to drop a good-will greeting to a passerby. In America we know this greeting to be "Merry Christmas and a Happy New Year." Did you ever think what it is in France or Germany? Here are some of the greetings you might receive in other countries throughout the world:

France—Joyeux Noel
Germany—Frohliche Weihnachten
Spain—Feliz Navidad
Turkey—Christmas' iniz kutlu olsun
Latin—Natalis Christi
Denmark—Glaelig Jul
Holland—Gelukkig Kerstmis
Finland—Hauskaa Joulua
China—Kun Ho Shen Tan
Italy—Buon Natale
Norway—God Jul
Sweden—God Jul

The feeling behind this greeting is the same all over the world no matter in what tongue it is spoken.

Survey Reveals Archer Reading Habits; Criticisms To Better South Side Times

By Carole Fischer

To many, The Times is just a weekly diversion to kill time in homeroom, library, and study hall. To others, mainly 174 writers, typists, copy editors, make-up editors, printers, and pressman, it's a labor of love, a weekly chore, and a rat race to be completed on time. In order to find out if we could improve our efforts, a poll was taken in third period study hall.

Although only six per cent of the boys and 10 per cent of the girls worked on The Times, the poll showed that the majority actually liked the paper. Both 36 per cent of the boys and girls replied that they read The Times from cover to cover. Fifty-eight per cent of the boys and 64 per cent of the girls said they read most of it. The remaining six per cent of the boys reported that they didn't read any of it. These people probably use the paper as locker insulation.

In view of this, a question is raised: "How on earth, if they don't read the Times, did they answer the rest of the poll?" There must be thieves around!

z z z

EVERYBODY HAS certain reading habits. Some people turn right to the sports or editorial page. Some people won't budge until they've devoured the first page. Times writers look for their stories first. Forty-four per cent of the boys and eight per cent of the girls (probably our team's steadies!) turn first to the sports page.

Twelve per cent of the boys and 42 per cent of the girls read the editorial page first. Forty per cent of the boys and 50 per cent of the girls start at the front and work back. One girl stated, "The first thing I do is glance through the captions and pictures. I read anything that strikes my attention. Usually I don't have time to go any farther until the weekend."

It is said that a picture speaks a thousand words. This is what Mr. Rohrabaugh is trying to teach the photographers. Eighty-eight per cent of the boys and 70 per cent of the girls thought the pictures were interesting. Twelve per cent of the boys and 10 per cent of the girls turned thumbs down on the photographers. Twenty per cent of the girls replied "Sometimes."

Some interesting comments were "Not lively enough," "Could be better and show more action," "No, need more action," "Yes, but they usually aren't very good," "Yes, but too blurry usually," "Yes, when you can see them!" Attention, Times photographers!

For centuries now women are supposedly the ones interested in gossip, while men are supposed to scorn it. Let it be known, at least at South Side, this is false. This poll showed that 34 per cent of the boys and 32 per cent of the girls read the Chatterbox and gossip columns only. Three per cent of the boys and 10 per cent of the girls read the serious editorials only.

Forty-eight per cent of the boys and 58 per cent of the girls read both the gossip columns and the serious editorials. Twelve per cent, all boys, skip this section entirely. A number of fellows voted emphatically that the gossip columns should be dropped. But, guys, what will we talk about then? To these fellows, a counter-question: "How would you like it if the sports pages were missing every week?"

z z z

TO SEE HOW MANY people remember what they read, we threw a curve ball in the form of the question, "If you read last week's serious editorial, what was its subject?" To the horror of the editorial editor, only two per cent of the boys and 14 per cent of the girls knew. For you frustrated people who frantically searched for that issue after you answered the poll, the answer was "Education Week." In lieu of this, one girl stated: "I only remember things that impress me."

Ten per cent of the boys and 30 per cent of the girls read every "em" (printer's measure) of classroom news, while 60 per cent of the boys and 64 per cent of the girls read only a part. There are always dissenters. Twenty-four per cent of the boys and six per cent of the girls use this part to plaster their walls.

Eight per cent of the boys and 26 per cent of the girls read homeroom news entirely. Sixty per cent of the boys and 64 per cent of the girls read a portion of it, while 32 per cent of the boys and 10 per cent of the girls use this section to keep their heads dry when it rains. A percentage of those questioned said they only read it when their homeroom was involved.

z z z

THE MAJOR JOB of The Times is to inform students of school news. To this question, 66 per cent of the boys and 68 per cent of the girls agreed with us and said that the paper had fulfilled its duty. Thirty-four per cent of the boys and 22 per cent of the girls disagreed. One girl stated that it was hard to search through the paper for the school news and wonders if it couldn't be put in one place.

To some people polls are an easy way of getting your name in the paper. To others they are a pain in the neck. Sixty-six per cent of the boys and 68 per cent of the girls replied that they read polls. Thirty-four per cent of the boys and 22 per cent of the girls disagreed with the others. Grouches!

Fifty-eight per cent of the boys and 92 per cent of the girls agreed that there should be more stories on Archer personalities. Forty-two per cent of the boys and eight per cent of the girls gave a hearty "No!" to this question. Some of their reasons were: "No, it creates hero-worship in the school," "Too much propaganda," "Not if it's meant for favoritism," and "Depends on who the personalities are." As it has been said, " .... out of the mouths of babes."

"Do parents, besides our own, ever see the inside of The Times?" wonders co-workers on the staff. According to this poll, a great majority do. Sixty-two per cent of the boys and 68 per cent of the girls' parents do read the paper. Thirty-eight per cent of the boys and 16 per cent of the girls answered negatively. Sixteen per cent of the girls replied "Sometimes." One boy stated, "If they get a chance."

z z z

THROUGH THE AGES it has been said that females are the sentimental sex. Almost as many boys as girls, 42 per cent to 46 per cent, save their Times. Twenty per cent of the girls replied "sometimes." Two people agreed that they saved theirs "in the bottom of their lockers." Still, that's better than decorating the seats in study hall with them. One person admitted that the only copy he saved wa sthe State issue. We all agreed that was an issue to end all issues!

Eighty-six per cent of the boys and 86 per cent of the girls agreed that they considered the Times an asset to the school. Fourteen per cent of the boys and 12 per cent of the girls did not answer the question. One non-commital girl answered, "Sometimes." That's probably when she's in a good mood!

Seventy-two per cent of the boys and eight per cent of the girls replied that they read Mural Men column. Twenty-eight per cent of the boys and 70 per cent of the girls replied "No." Twenty-two per cent of the girls said "Sometimes."

Fifty-six per cent of the boys and 25 per cent of the girls replied that they read Carter's Column. Twenty-six per cent of the girls said they read it sometimes.

z z z

SEVENTY-SIX PER CENT of the boys and 80 per cent of the girls were aware of the fact that The Times is one of the few top high school papers in the world. Twenty-four per cent of the boys and 20 per cent of the girls didn't realize this. Outstanding comments were: "Yes, South Side has something to be proud of," "Yes, hear it all the time." "No, but I can see why," "No kidding, really?" I don't know if that last comment was meant seriously or sarcastically.

While one person complained "I feel that this poll is keeping me from studying," a small voice was heard, wailing, "What happened to Teeny Times?"

Gym Girls Decorate Yule Tree

A JOB WELL DONE . . . Student leaders from periods one, two, and three of Mrs. Alice Keegan's gym classes pose in front of the Christmas tree in the Greeley Room which they decorated at the beginning of last week for the holidays.—Photo by Musser

Sue Sappenfield Relates Experiences, Gives Advice

Approaching the end of her high school education and looking forward to college, Sue Sappenfield, Senior B, relates her advice and tells of her experiences at South Side.

Sue, who is on the college preparatory course, is presently taking chemistry, English, government, French, and concert choir. Sue's favorite subject is chemistry because she enjoys mixing ingredients together.

French is her most difficult subject. Sue explains, "I previously had two years of Latin. This helped a great deal with my first year of French, but now it is quite difficult."

Although Sue doesn't have much time to spend on hobbies, she admits that she started knitting a sweater a year ago. She says, "I love to knit, but I just can't find the time to complete that unfinished sweater."

* * *

WHEN IT comes to homework, Sue tries to spend an hour on each subject every night. "I study, usually in complete silence, at my desk in my room. Sometimes I turn on a little music," remarked Sue.

Concerning the value of study hall, Sue said, "If one resigns himself to studying, he can get much done. I was usually too fascinated by the various people to accomplish much."

This outstanding senior girl enjoys sports. Her favorites include football, basketball, and ice skating.

Sue said that although she has favorite sports, she likes all sports in general. "I'm not the limited type," commented the perky senior. She added to her many sport interests when she took up skiing this summer. She comments, "Skiing is really a ball."

* * *

ALTHOUGH MAKING good grades is very important to Sue, she finds a great deal of time for extra-curricular activities. She is a member of Philo, service, and the Totem and Times staffs.

At present her various positions include being a copy editor on the Totem staff and a student adviser for The Times. In the past she has served as general manager, bookhead, editorial editor, and news editor.

The most exciting event in Sue's high school career was being general manager of The Times. Smiling she said, "I learned the sweat and tears of publishing a paper."

* * *

SUE IS STILL undecided about her plans for college. She is contemplating attending the University of Wisconsin and pursuing a liberal arts course.

When asked to express her feeling about the school she will be leaving in less than a year, Sue replied, "South Side offers many opportunities. I sometimes wish that I could be a freshman again."

Sue's advice to the freshmen, "Study right now. Don't wait until you are a junior or senior!"

This busy senior's philosophy is, "With most people, you have to give more than you receive. This always takes more on your part. The person who does the most may not get the recognition at the time; but later, he will profit most."

Tom McMahan, Versatile Soph, Fits 'Busy' Title

A French horn player, a year-round athlete, a good student, a churchgoer—all are titles to fit sophomore Tom McMahan. Let's speed up the times a little, and follow Tom through a whole year of events and activities.

Starting in the fall of the year, Tom can be found on the football field. It is here that he proves himself one of the best quarterbacks on the reserve team. Old man winter soon stops this sport, but he can't discourage Tom. Inside he moves onto the gym floor to start the basketball season.

In the spring of the year, one would find Tom engaged in track. As the weather changes and grows warmer, his sport changes to baseball. He plays on an outstanding Pony League team which came close to winning the championship when they were defeated in the semi-finals this summer.

* * *

PRACTICING AND playing the French horn is a year-round activity for Tom. He is taught by an Italian gentleman, Tullio Tutrinoli. Practice makes perfect, so after long hours comes the time to perform. Playing in the orchestra and band in school is a solid stepping stone for Tom, who has advanced to playing in the Festival Theater during the summer months, and to playing assistant first chair French horn in the Fort Wayne Philharmonic Orchestra.

Like all South Siders, Tom spends nine months out of the year in school. This year he is taking Geometry 2, English 4, Latin 4, and General History 2. He excels not only in grades, but also as Social Council chairman of his class.

* * *

SUNDAYS, TOM can be found at Plymouth Congregational Church. On Sundays throughout the year he holds the office of treasurer of Pilgrim Fellowship, a youth group, and works on the State Action Commission for his church. The purpose of the State Action Commission is to work with projects in the missionary field.

Whether it's sports, music, classwork, or church activities, Archer Tom McMahan appears to be well on his way up the ladder of success.

Gifted Sophomore, Dennis Crill, Accompanies Choruses, Choirs

The featured teen of this week is Dennis Crill, a sophomore B and an enthusiastic musician! Denny has studied piano for seven years under Miss Walker, a teacher at the Fort Wayne College of Music. About eight months ago, he decided to take up a new art, that of playing the organ. He takes these lessons at the Fred Myers Organ and Piano Company.

Denny plays unusually well on both the organ and piano. Any student taking choir under Mr. Lester Hostetler will verify it. Second period every other day, Denny accompanies the advanced chorus and every other day during the fourth period he can be found playing for the occasional choir. During fifth period he enjoys singing in the concert choir.

* * *

ALTHOUGH this talented sophomore spends a lot of time with music during school, he also has musical interests outside of school. Denny sings in the choir at Lincolnshire Church of the Brethren, is part-time organist, and plays for a Sunday school class.

"I do not prefer any certain kind of music," states Denny, "I thoroughly enjoy every kind!" Denny plans to give a concert of classical music at the College of Music within a year.

A native born lad, Dennis has lived in Fort Wayne his entire life. In 1958 he graduated from Merle J. Abbett School, and is now adjusting to sophomore life. He is on the college course taking English literature, general history, Latin, geometry, and last but not least, choir. From these, Denny has chosen Latin as his favorite subject.

* * *

ALTHOUGH MUSIC plays a big part in his busy life, Denny also has other hobbies. About a year ago, he decided to become a ham operator. "I find this very entertaining and educational," says Denny. He spends his free time, that isn't devoted to music, operating his radio. The farthest place he has contacted is Labrador, and he frequently communicates with people in all parts of the United States.

Another one of Denny's hobbies is collecting statuettes of many kinds of dogs. Although he doesn't own a dog, he has a canary that shares his musical talent.

Another means of entertainment for Denny is watching television. After serious thinking, he chose "Ozzie and Harriet" as his favorite program. His favorite sport is basketball and he always enjoys an exciting game.

After seeing the high points in Denny's life, everyone is sure to agree he is a very interesting boy with many talents, and he will certainly have no trouble achieving success.

JoAnnHigh,12B Enjoys Service, Speech Studies

JoAnn High

"Hu-hum" is heard as the toastmaster of the high school speakers of South Side prepares to introduce the next speaker, Archer JoAnn High, a senior.

"I like Wranglers better than any other club I've joined, because I enjoy speech. I would like to continue with speech after high school," is how JoAnn put it. This fact is further illustrated by the awards and honors she has won, and by her participation in the Thanksgiving Assembly, earning a pin and guard in Wranglers, and winning a second-place ribbon in a Wranglers contest with a humorous declamation.

* * *

TREASURER OF Wranglers, and program chairman of Masque and Gavel, she also belongs to Service Club, is office manager of the Totem, and is a Times agent. A high academic record has been maintained by JoAnn as she ranks near the top of her class. Her second year at South finds her taking Typing 3, Shorthand 3, Government 1, Home Economics 3, and Business English 1.

This Archer's favorite pastime is servicing for teachers. Why? "Servicing gives one a chance to talk to the teachers, and I especially like the close, personal contact you can have with them." This year finds her servicing for three teachers.

It's Saturday! She's up early to catch a bus for the Hobby House Restaurant. Working as a hostess can be hectic, so she comes home and goes to bed, dead tired. JoAnn's busy schedule doesn't stop on Saturday; she feels she gains a great deal, even with the rush, and it is well worth her trouble.

* * *

SOUTH HAS NOT always been her high school home. High school for her started in Fort Wayne at Elmhurst. Soon, however, she moved to Richmond, and from there she went all the way to Orlando, Fla. It wasn't long before she came running back to Fort Wayne and South Side.

The toastmaster concludes his introduction by saying that "her advice to others is 'Study hard, but don't forget extra-curricular activities. Always put forth your best effort and top it off with a smile!'"

Nancy Baltes To Be New KYC President

Nancy Baltes was elected president of the Know-Your-City Club for the coming semester at the December 8 meeting. Also elected were Helena Kamm, vice-president; Dayna Harader, secretary; and Lee Jackson, treasurer.

At the club's next meeting on January 5 in Room 110 at 3:30 p.m., Mr. Richard Block, co-sponsor, will speak on the high society of early Fort Wayne. His talk will include who the important families were and how they lived.

Biology Experiment Test Isotopes, Mice

"Eight radioisotopes, radio active chemicals, have been donated to South Side by the Atomic Energy Commission," stated Mr. Nicholas Pipino, biology instructor.

The Biology Experimenters, a group of freshman and sophomore biology students, will experiment with these isotopes tonight. They will trace the path of carbon 14 and phosphorus 32 through white mice, which were raised by David Moody, 9B.

Homeroom Highlights

Homeroom 150 wishes Sandy Croft a belated happy birthday. She turned 17 on November 20 . . . Hey, everybody! Ask Pam Brown why she was mad at herself after the Bluffton game . . . Bill Burr has been going hunting . . . Mike Callahan and Paul Freehill have been working on antique cars.

Bonnie Brenn and Rick Busch participated in the entertainment at the Junior Banquet. Bonnie was in a track skit, and Rick played his guitar . . . Caroline Baughman is working at Harges-Mills Candy Shop.—Becky Crist, reporter

* * *

Members of Homeroom 45 have been working hard both in and out of school. When they aren't busy working, they're busy enjoying themselves. Lucille Palevich has started her Christmas shopping. She says, "Gee, it's rough on your money this year!" . . . Bill Stout has been painting, laying bricks (and doing other gold-bricking jobs).

Bill "Studs" Heathman "cut" over to the Drug Room last week end . . . Dave Cormany and Ron Schwartz are tearing down Ron's Olds to install new rings, valves, and bearings . . . Margie Havens and her family had a big family dinner on Thanksgiving . . . Dave Flaig and Dave Zimmerman "did a lot of nothing" . . . Alan David was in a three-car smashup on the New Jersey Freeway, where five people were killed and two more injured. He was with his father on a business trip . . . Sandra Bodkin went roller skating at Bells and left her purse there.—Joan Rothchild, reporter

* * *

Thanksgiving is over; the food is gone; and the students in Homeroom 8 have returned to school, a few pounds overweight! Everyone had a good time eating, but they also did other things . . . Karen McFarland, Judie Evans, Sharon Eitman, and Sarah Finch were seen supporting the team at the games.

Penny Frey visited relatives in South Whitley and Decatur . . . David Flanigan went to his grandmother's house; Bev Figel painted her room and was on "Dance Date." Judie Evans and Sharon Eitman went to a recent Thanksgiving formal.

Jim Feustel loafed . . . Betty Ensley, Sarah Finch, Karen McFarland, and Elizabeth Ellis went ice skating . . . Judy Eytcheson went to Monroeville and attended an Arcola game (traitor) . . . Jane Finell and Judie Evans were sick most of their vacation. (Eat much, girls?)—Sarah Finch, reporter

* * *

Jim Carter, of Homeroom 184, won first place in the Rotary Speech Contest and will enter the district contest in February. If he would win the district meet, he will go into the regional.

Beth Curley is working at Hutner's Paris. For enjoyment last week end she went skating with Steve Stults, Mary Collins, and Bob Griffiths.

Karen Curley went to the Purdue vs. Notre Dame game and saw Bob Hope in person. She is working at Grant's . . . Larry Chen is working at his father's restaurant which is located in Northcrest . . . Jeanne Carrol went to a recent formal.—Phyllis Cozmas, reporter

* * *

Thanksgiving was spent in many different ways by the seniors in Room 152. Bernice Sherman was in the hospital and didn't return home until after vacation. Howard Romanowski was best man at his brother's wedding . . . John Slick, Sue Sappenfield, Carol Salaka, Marsha Rolf, Vickie Sheldon, and Jim Saylors went to a Thanksgiving formal.

Vickie Sheldon played her violin in the "Pops on Ice." Rodka Shady, Tom Schwartz, and Judy Shore spent Thanksgiving stuffing themselves at their grandparents' homes . . . Two of the members of our homeroom already have big plans for Christmas vacation. Jeanne Schumm is going to Florida, and Miss Arber is going to Detroit for a week.

The remaining members of our homeroom have hopes of visiting Mrs. Darby who was our homeroom teacher, and is now teaching in Chattanooga, Tenn. She will return to Fort Wayne for Christmas. The homeroom got together for a farewell party for Mr. and Mrs. Darby at the lake last summer, and we hope to have a welcome-home party for them during Christmas vacation. If anyone sees Priscilla Scott, ask her where her license was when she was driving around town recently.—Carol Salaka, reporter

* * *

In Homeroom S-3, Ken Lowden went to a Purdue-Minnesota football game November 14 with DeMolay . . . Sue Horth worked hard as cloak room chairman for the Meterite after-game dance . . . Mr. George Scott served as a chaperone at the same dance.—Jenny Manth, reporter

* * *

Members of Homeroom 98 spent their Thanksgiving vacation in many different ways, but they all say they ate too much Thanksgiving Day . . . Jan Martindale's sisters came home from Purdue and her cousins came from Gary, Ind. She also went to a formal . . . Ken Long had a pool (?) party . . .

Nancy Gift, Sharon Longenberger, and Leslie Malone also went to a recent formal . . . Barb Markiton went ice skating at McMillen on Thanksgiving Day . . . Janet Markley spent Thanksgiving Day at Long Lake with a girl friend. She also went tobogganing . . . Sue Maxson went to the 50th wedding anniversary celebration of her grandparents on Thanksgiving . . . Steve Kunkle and his family went out to eat Thanksgiving night.—Marilyn Masters, reporter

* * *

A recent formal heads the list of activities for members of Homeroom 146. Diane Fredrick, Sally Franklin, and Sally Gilbert attended with their beaux . . . Barbara Ganlz went to Chicago November 28 with her friend, Lydia Sutto, to see "Music Man" . . . Larry Green just finished putting the valves in his model A Ford.—Diane Gebhard and Sally Franklin, reporters

* * *

Homeroom 26 spent a busy Thanksgiving doing a variety of things. Stuart Schmitz went to Ann Arbor to visit his brother at the University of Michigan . . . Larry Schneider played hockey at McMillen Park with the seventh, eighth, and ninth grade hockey team. He also was on "Dance Date" . . . Arlene Shroyer went to her aunt's house in Goshen, Ind., to visit her cousin, who was "Miss Indiana '59" . . .

Donna Rudasky got a sore arm from bowling too much . . . Sandra Scheeler spent Thanksgiving night at her girl friend's home . . . Margaret Ranso went ice skating after finishing her appetizing Thanksgiving dinner . . . Bruce Reed and his father went hunting. They got nothing but sore feet . . . Mary Jane Reiff entertained relatives . . . Ronda Roehm, Marilyn Roth, and Phyllis Rearich visited their aunts . . .

Daniel Richardson shared his Thanksgiving with his grandmother and his girl friend at the lake . . . Colleen Roth had fun dancing and entertaining some friends . . . Virginia Rose went ice skating four days in a row . . . Joanne Rose and her cousin had a "ball" exploring the city.—Nancy Robinson, reporter

* * *

Students in Homeroom 77 are expecting great things to happen over this coming vacation, but in the meantime they are keeping very busy with the many high school activities . . . Barb Frederick, Suzie Fast, Carol Eisenacher, Bernice Fitch, Mary Beth Foote, and Sharon Ebersole will have a full week end keeping up with Mr. Hostetler's concerts . . .

Barb Eggeman had open house after the Winter Concert Friday night for the orchestra, band, and choir . . . Jim Ervin got tired of being in a plain homeroom and renamed ours as "77 Sunset Strip." I might add this is a very fitting name, that is if you know some of our brilliant students, such as "Beaver," his friends, and a few others of the "Cool Kookies," including Ervin . . .

Everyone really enjoyed the Senior reception where Wendell Eicher played in the Trumpet Trio . . . Merry Christmas and Happy New Year . . . We'll see you all next year.—Sharon Ebersole, reporter

Merry Christmas to Morrison's Drug Store—from a freshman.

Merry Christmas and a Happy New Year everybody, a freshman.

Marry Christmas Stuart Schmitz and Janet Calvert.

Merry Christmas, Bobby—Love, Sis.

Merry Christmas to Vern—Mary Fawley.

Merry Christmas Jerry (C.C.)—Marcia.

Merry Christmas Pete—Mary Ellen.

A very Merry Christmas Reggie, may it be the happiest one yet—Lilly.

Merry Christmas to my goodest neighbor—from the neatest neighbor.

Merry Christmas to everyone—Ann Ladd.

Merry Christmas Lane—with all my love, Kenny.

Merry Christmas Mamma—Your boy, Charles Weaver.

Dear goodest neighbor, Greetings—Surprise, you can't add very well. Before I added this, the greetings only added up to $2 so you'd better learn to add.—Susie.

Merry Christmas Kenny—Love Lane.

Merry Christmas Alberta Martha, Bella, Carole, Susan, Pat, Sylvia, Margaret, Kathy, Ellen, Connie, Don, Bill, Bob, Lois, Jane Finnel—Shirley.

Happy New Year Brutus—Cicero.

Merry Christmas to all "Goofers."

Merry Christmas and Happy New Year to Bonnie from Diddily.

Happy Hanukah, you bunch of Mishuganas.

A very Merry Christmas to Dave Stump—With love, P.J.

Merry Christmas Gary—Sandy Collins.

Merry Christmas to Johnny Brown and Rollo—Love Barbs.

Merry Christmas to Ellen McCarron—R.D.

Merry Christmas to Sue from Steve.

Merry Christmas and be good while I'm gone—Dick.

Merry Christmas Kenny from Jane.

Merry Christmas to Joe Harper.

Merry Christmas to Don Stalter from Sally.

Merry Christmas to Big Bob and Little Bill.

Merry Christmas to Rosie and Bob.

Merry Christmas to Barb and Jack.

Merry Christmas to Wayne and Beth.

Merry Christmas to Eddy Long.

GO KOMETS.

Merry Christmas to all my friends at South and North.

Here's to a Cool Yule to my friends—From Barry Koehl.

A Merry Christmas to the 10A cats—from Katzy.

Here's to a wild 25th and a wilder First, Larry—from Suzi.

Greetings, Dave.

To a wonderful guy, Frank, whom I love muchly—Your long lost friend—Susie.

Greetings—Sam Huff.

Merry Christmas Mike, wow! Leslie, Judi, Mel, and Dixie.

Merry Christmas Jackie Kuhns—from Sharyan Yerger.

Merry Christmas Stuart—from an admirer.

Merry Christmas and best wishes to Jim Bishop—from Loretta Kimmel.

Merry Christmas Carol, Myra, Valerie—Jody.

Merry Christmas to the Times and Totem staffs—Mr. Rohrabaugh.

Merry Christmas Kirk—Susan Heidbrink.

Merry Christmas Jackie from the Loser of Keys.

Merry Christmas to all seniors and the kids at the rink, especially Tim (Central)—Ada.

Merry Christmas to the best and sweetest steady in the world—Love Howie.

A very Merry Christmas and a Happy New Year, Pos—John.

Merry Christmas to Wade Altevogt (Indiana University), Bill and Penny Chapman—Love Iva.

Merry Christmas to Kay, Lynne, Nancy, and Mr. Davis—Helena.

Merry Christmas and Happy New Year to Stan, the most wonderful guy I have ever dated. With all my love—Judith Shore.

Hopeful Archers Exert Utmost; Santa Claus Arrives Soon

Mr. Weicker's General History 2 classes have been studying imperialism as it affected Africa. Those who received grades of 95 or above are Sharon Carrel, Kaylene Gebert, Mark Haggerman, Richard Hirschberg, and Tom McMahan, period 1. In period 2, the highest grade was made by Robert Heizon.

Anita Clayton and Janice Nahrwold received the highest grades on a paper on history terms in Mr. Roland Smith's general history period 6 class.

A study of home management, personal and social relationships, and advanced foods will begin in Miss Shideler's Home Economics 4 classes.

Intrductory chapters on home nursing are being read in Miss Shideler's Home Economics 6 classes.

John Nader made the highest grade over a test, "Jefferson's Inaugural," in Mr. Block's United States History 2 period 2 class. John Nader, Dieter

Hillerbrand, and Jim Dumas are working on term papers instead of book reports.

In Mr. Block's Citizenship 2 periods 3 and 6 classes, Sharon Stettner, Cynthia Snider, and Seigrid Tagtmeyer made the highest grades on a test. They are currently studying the city's government and are making special reports on important men of Fort Wayne.

Mr. Block's Citizenship 1 period 5 class had a test over study habits and skills. High grades were made by Diane Fremont and Nancy A'Heasan.

Mr. Shellenberger's Physical Geography 1 classes had a test over precipitation. High grades of above 90 were made by Bob Symonds, Marsha Lepper, Judy Godman, Lillian Krudop, Virginia Southworth, Vicki Adams, Donna Preston, and Bob Bradfield, period 1.

Period 3, Dick Klaehn, Louis Troop, Dave Pelz, John Smith, Melody Potts, Mike Pierson, Bob Dorsett, Dave Coolman, Carolyn Martin, and Allan Rainbolt scored high. Period 4, Paulette Lontz, Diane DeVincent, Dave Flaig, Jerry Leaman, Carol Link, Ken Lowden, Joe McClure, Nancy Matlock, Dixie Piercy, Flora Reynolds, Larry Sievert, and Max Tinkel made excellent grades.

Mr. Smith's General History 1 period 6 class had a test on Unit 2, "Our Civilization Is Shaped by the Peoples of East and West." High grades were made by Frank Lewis, Jim Leiter, Barbara Spiers, Sue Harrod, James Mosshammer, and JoEllen Bobay.

Major projects are under way in Mr. Baker's period 3 wood class. Jim Adamson, Larry Brown, and Mike Fox are making gun racks. Ron Balalar, Gregory Lantzen, Dan Schiebel, Bob Sheray, and Jim Yerger are making bowls.

Alvin Brown, Harold Houser, Jim Sughes, and Phil Waldrop are working on shadow boxes, and chopping blocks are being made by Dan Dentizer, Mike Gaffer, Harold Lyons, and Steve Squire.

Ken Buchan is making a coffee table and skis; Joe Koch, a boat divider and a rear boat seat. Steve Haifley is working on a bench and a table.

John Belling is constructing an end table; Bill Cupp, a coffee table; Mike Fox, an ice fishing box; Jim Kuker, a bird feeder; Mickey Miller, an ice fishing box; Robert Parquet, a lounge chair; and Joe Thorpe, a paper pad holder.

Bob Bolyard, Brenda Harper, Ron Heye, and Dave Katzenmaier told of their experiences in Spanish speaking countries in Mrs. Grimshaw's Spanish 3 class.

Robert Anderson, Steve Gard, and Lydia Robles told of their experiences in the Spanish 1 class.

Articles from Spanish-speaking countries were brought to Mrs. Grimshaw's Spanish 3 class by Ray Juncal, Keyes Schmidt, Bill Platka, Kathy Menze, and Todd Thompson.

Mrs. Sosenheimer gave a test on the parts of speech. Janet Calvert received 100 in the second-period class. Steve Shambaugh received a 98 and Dave Moody, a 97.

Karen Miller and Joanne Rose each received 100 in the period 3 English class.

Marks of 100 was received on the parts of speech test in period 6 by Susan Burlage, Judy David, June Dominy, and Celeste Riemen.

Richie Clark and Karen Snavely received 100's in the period 7 class. James Wolfe, Carol Ann McVay, and Alvin Brown each earned 99.

Major projects have been started in Mr. Baker's Wood 1 class during sixth period. Rollan Bentrup, Steve Dannenfelser, Clyde Harte, David Haslup, Dave Koehlinger, Larry Mathews, Ken Richard, and Gene Todd are making chopping blocks.

Tables are being constructed by Steve Kostek and Ron Neff. Jim Dixon and Lewis Jones are making gun racks.

Bill Alfeld is making a bowl, a chopping block, and a television cabinet. Brian Bixby is also making a bowl and a chopping block. Mike Boyer is making an ironing board and a rolling pin.

Kenny Davis is working on a chopping block and a bookcase in Mr. Baker's class. Also constructing a bookcase is Bill Disler. John Hosler is making a bowl, a lamp base, and a pair of skis. John Turner is constructing a shadow box and a bowl.

Seven students in Mrs. Luse's Algebra 4 period 1 class earned A's on a recent test. The A's were made by Mike Church, Charles Clifton, Ronald Flickinger, Richard Moser, Grant Osborne, Shelby Smith, and Robert Thompson. On another recent test, Mike Church, Edwin Heuer, Jim Jackson, and Grant Osborne earned the highest grades.

Terry Hoff of period 2, and Joe Kraick of period 3 each made 93 on a recent test in their geometry book in Mrs. Luse's class.

Perfect scores on a recent book test in Mrs. Luse's Geometry 1 period 4 class were earned by Janet Christensen, Marilyn Cole, and Steve Cook. Pam Orchard, Frank Lewis, Kathleen Knettle, Susie Hines, and Larry Green each made 93.

Tim Grodrian made the only A on a recent mimeographed test in Mrs. Luse's Algebra 2 period 7 class.

Ten students in Miss Perkins' Spanish 1 period 1 class received perfect scores on a recent test. They are Nancy A'Hearn, Sally Boyer, Ronald Davies, Carolyn DeVore, Sally Mallough, Margie Mercer, Imogene Pollen, Gary Probst, Stuart Schmitz, and Edith White.

Tim Grodrian and Dale Hilsmier earned high grades on a recent test in Mrs. Luse's Algebra 2 period 7 class.

Receiving perfect scores on a test covering the five declensions in Mr. Sterner's Latin 1 period 7 class are Betsy Adams, Karl Krause, and Bob Miller.

Sue Burdick, Gayle McNutt, and Judy Schumm scored pefrect on a vocabulary test in the Latin 1 period 4 class. In his period 1 class, Ann McCoy, Karen Ponader, and Nancy Sprunger received perfect scores on a similar test.

Latin 5 class has been translating the letters written by Pliny. For Latin composition they have translated the letter written by Lincoln to Mrs. Bixby when he learned of her loss of five sons in the Civil War.

Mr. Collyer's General History 1 classes were recently given a test over the Roman Christian Church and Feudalism. In his second period class Martin Baily and Anita Ferber received the highest grades.

William Borgmann, Sue Bumgerdner, and Lyall Morrill did the best work on his period 3 class. Period 4 saw Tom Wright, Barbara Buckles, and Dave Bennett hand in the best papers.

Taking high honors in his period 6 class are Mary Keegan, Pat Lee, Karen Simmons, and Karen Swygart. Period 7 had the only perfect papers in the works of Susan McGinnis and Lynn Mueller. Other high grades in this class were earned by Mike Carter, Chris Junker, Barbara Uhl, Tamara Vyhovsky, and Sandra Yaggy.

Three fastest cross country runners in Mr. Motz's gym classes are lightweight, Bob Bryant, Mike Weinraub, and Dennis Jones; middleweight, Dave Platz, Alan Schlie, and Earl Irwin. Nate Norment set a new record in the heavyweight division, and John McMillen and Lee McClymonds ran the fastest cross country in the heavyweight division.

Mr. Yoder's health classes were recently given a test over the liver and kidneys of the human body. Perfect scores in the period 1 classes were received by Duane Dunkin, Craig Holmes, David Knight, and Alan Zimmerman. Mike Stalter, Fred Busche, and Louis Culbertson received perfect papers in the period 3 class.

David Blanton, Tom Erb, Ira Hartman, Jerry Klaehn, Mike Levy, David Rood, Jim Osbun, and Lynn Kink received perfect scores in the period 6 class. Top scores in the period 7 class were earned by Joe Thorpe, David West, and Tim Wooding.

Boys throwing the football the farthest in Mr. Yoder's gym classes are lightweight, Bob Bryant, Ken Koch, and Jack Seigel. The farthest throws in the middleweight division were by Clint Wearly, Bob Weiss, and Evert Mol. Those in the heavyweight division are Nate Norment, Sid Sheray, and Tom Marshall.

A similar polygon test was given to Mr. Sage's Geometry 2 classes. Scores of 100 in the first period class were made by Chris Coulter, Kenny Long, Kenny Meese, Sandy Miller, Nate Norment, Carolyn Ripple, Billie Swartz, and Terry Thomas.

A papers in the period 2 class were made by Bill Branning and Susi Phillips. In the period 6 class, A papers were turned in by Bella Dyson, Anne Eversman, and Dan Logan.

Mr. Sage recently gave his Algebra 3 period 4 class a test over exponents and radicals. There were only two A's in the class, received by Marilyn Budd and Eric Hoekstra.

Mr. McQuillan's Government 1 classes recently had an hour-long exam on Chapters 1 through 15 in their textbook. The highest grades in the period 1 class were made by Gus Wade, Marsha Rolf, Jeanne Pelz, and Judy Bibenstein. In the period 4 class, high grades were earned by Ken Buchan, Ron Carlo, Richard Fruchey, Betty Jackson, Arnold Merin, Barb Nahrwold, Nancy Ormsby, Joyce Reynolds, Sandy Russell, Rodka Shady, Sharon Smith, and Dave Disher.

Steve Kearnes, Stan Robinson, Fran Hoffman, Jim Porter, Charles Cary, Steve Longenberger, Tom Schwartz, Pat Glass, James Speck, Sue Blaising, Roger Diffendarfer, and Gary Wilson received the top grades in the peroid 7 class.

A quiz on simple sex reproduction was given to Mr. Weber's Botany 2 classes. In period 1 Joyce Rothgeb made 100 and Sheri DeYoung received 99. In the Botany 5 class, Jack Fitzgerald made 91; Fred Wyatt, 88; and Joan Novitsky, 93.

Mr. Weber's Botany 1 classes were given a coloration test. In the period 2 class, high grades were received by Bonnie Adams, 93; Linda Amos, 97; Vicki Crowe, 95; Sarah Dill, 97; and Roger McNett, 97. Jeannie Carroll made 90; Susan Gough, 97; Carolyn Hickman, 100; and Donna Weinraub, 92 in the period 6 class.

High grades in the period 7 class were made by Christine Coulter, 99; Margie Mercer, 100; Cynthia Miller, 102; Evilou North, 102; Perry Schlie, 94; and Margaret Wilson, 95.

Pupils in Mr. White's Physics 1 classes gave soap bubble demonstrations. Jack Harms, John Biteman, Jack Winder, Evan Berkwall, Stan Redding, and Al Steere gave excellent demonstrations.

A test was given on forces. High scores were Steve Pohl, Dave Schwalm, John Mader, Don Nelson, and Chuck Weinraub.

In Mr. White's General Science 1 class, Bob Bryant, Denver Drusedow, Paul Hinds, Victor Meyer, and Karen Porter made top marks.

Mrs. Keegan's dance classes are being graded on their skill in classic ballet exercises. Gym classes are having written tests over basketball rules.

Pat Salomon made a perfect paper on a test over per cents in Mr. Cramer's general math class. Other high scores were by Lyle Culbertson, Pat Keck, and Dawn Truex.

Third and sixth periods of Miss Burr's English 3 classes had a unique composition assignment. Each pupil was paired with a classmate he wished to know better, and was allowed to ask several questions. The interview, when written, must contain some direct quotations, thus offering good use of punctuation rules.

Clever reports were done by Bob Symonds, Sandra Heidbrink, Julia Hutchens, Joyce Lockwood, Joyce Cossairt, Janice Bodkin, Carol Bowers, and Marilyn Headford.

On a test over subordinate clauses in English 3 period 1, A grades were made by Becky Baughman, JoEllen Bobay, Tom Irmscher, Bill Mueller,

Douglas Wordside. A+ was made by Diane Fredrick and Dick Parke.

A+ stories were written by Diane Fredrick, Bell Muller, Frank Lewis, and Joyce Stocks. The stories were based on early experiences.

Excellent thinking was shown in compositions in English 4 second and third periods by Bob Wegner, Alice Ashton, Sheryl Hall, and Nancy Nichols.

English 3 period 3 students doing the best work with "Ramona" are Oma Ake, Rebecca Collins, Janet Daugherty, Mary Ann Giles, Sandra Heidbrink, Judy Hutchens, and Bob Symonds.

Students who received their 50 ribbons in Miss Covalt's Typing 3 classes are Sharon Gebhart, 52 words a minute with 100 per cent accuracy; Elaine Meyer, 54 words a minute with 100 per cent accuracy.

Judy Cramer typed 63 words a minute with 100 per cent accuracy to receive a 60 ribbon.

Mr. Billiard's English 8 period 1 class has been giving hour-long book reports. Frank Lude recently gave an excellent report on "The Skin of Our Teeth." Geri Geller reported on "Man and Superman."

U.S. History 1 classes under Miss Crowe had informative talks about Thanksgiving as a national holiday. These were given by Susie Scott, John Wilks, and Marie Rohn.

Marilyn Miner reported from Allen's "Only Yesterday" for her U.S. History 2 class Monday first period.

On a quadratic equations test the following students earned A's: Larry Motter, Rosemary Capps, Ira Hartman, Mike Hofer, David Rood, Linda Seibel, Bonnie Smith, Sharon Stettner, Kay Falb, Mike Houser, Cynthia Snider;

Marvin VonSkyock, Betsy Adams, Barbara Altevogt, Bob Barter, Beth Burnett, Bill Cupp, Sue Gerig, Karl Krause, Suzanne Link, Leanna Morris, Bill Rastetter, Sydney Schinbeckler, Jack Seigel, Sondra Stouder, and Bob Wasson.

One hundred-word spelling tests were given to Mrs. Schang's clerical practice students. Each student who received 100 will receive a NOMA spelling certificate. In the first period class, Sharol Booth and Karen Randell received 100. In the fifth period class, the only one to receive 100 was Marsha Klaehn.

Dick Rothberg, Penny Hunt, Merle Baldwin, and Julie Carr each received A on a test over congress in Mr. Berg's Government 1 period 2 class. A's in the period 4 class were made by JoAnn High, Richard Dailey, Bill Harader, Barb Dennis, Vickie Crowe, Chuck Clifton, Dave Barrett, Barb Burdick, and David Conine.

Steve Adair, Barb Frederick, Susan Menze, Carol Szink, Bing Gilardi, Al Klopfenstein, Dan Oesch, Nancy Sheefel, Barb Wallace, and Jim Saylors were high in the period 6 class.

Laurie Crapo, Steve Jones, Jerry Klaehn, Dave Rodenbeck, and Karen Snavely received the highest grades on a test over the principal parts of verbs in Mrs. Redmond's Latin 1 period 1 class. Anita Kimball, Ellen Stanbery, Allen Mason, Dave Moody, and Steve Shambaugh were high in the period 6 class.

Highest scores were earned in Miss Pohlmeyer's English 1 periods 1 and 7 classes by Lyle Culbertson, Karen Hathawny, Paul Leipold. Joseph Murphy, Linda Neff, Nancy Brubaker, Phyllis Dorsett, Carol Forsgren, Ann Gallmeyer, Karen Ponader, and Walter Stuelpe on a review test in grammar.

Corine Silvers, Mike Hullinger, and Kenneth Koch made the highest grades on a literature test in Miss Pohlmeyer's English 1 period 4 class.

Barbara Helmsoth, period 2, Diane Friedman and Robert Knox, period 6, earned the highest scores on a review spelling test in Miss Pohlmeyer's English 1 periods 2 and 6 classes.

Students scoring 90 or better on a test in Mr. Compton's English 3 classes are Janet Christensen, Dannie Davis, Judith Godman, David Lipp, Ellen Lowe, Vickie Miller, Pamela Orchard, Victor Pierson, Marsha Ringle, Frederic Schoen, Roberta Twitchell, Richard Waterfield, Sarah Bash, David Bennett, Sarah Franklin, Dayna Harader, David Meek, Linda Newell, Henry Persons, Charlotte Powell, Allen Sheldon, Lydia Sutto, and William Wilder.

Dave Reese and Bob Anderson are making skiis; Emmitt Bowen, Bob Brown, and Matthew Jackson are making step tables for their own use in Mr. Quance's Wood 2 period 2 class.

Those students receiving 90 or better on a grammar test in Mr. Compton's English 1 period 3 class are Sarah Barker, Ronald Bultemeier, Anita Kimball, John Knight, Susan Lohman, Jean Ann McGinley, Gary Probst, and Ruth Sprunger.

Top grades were made on a test over verbs given by Miss Arber to her English 2 students by Sharon McDonald, period 1; Sheldon Sheray, period 3; and Jan Kammer, period 6.

Art 1 students who have done outstanding work with poster lay-out and free-brush lettering in Mrs. Fleck's art classes are John Harper, Margo Dixon, and Judy Dye.

Those Art 4 students who have matted a transparent watercolor in Mrs. Fleck's period 4 class are Jay Daggett, Sheri DeYoung, Sandy Grodrian, Marsha Marschand, Linda Towns, Mike Rogan, and Sharon Schuler.

Interesting toothpick sculptures, done by Mrs. Fleck's Art 2 students, were made by Jerry Fruchey, Sandra Gustafson, Jacki French, Sandra Bates, and Shelba Cox.

Outstanding five-minute extemporaneous speeches were given in Mr. Storey's classes by Susie Gilmer, Karen Curley, Vicki Crowe, Susi Smethers, and Gretchen Meister, period 1; Sue Seibel, Carole Downhour, Sandy Landree, and Julie Lipp, period 2.

Marilyn Miner, period 3; Sally Dill, Sharon Gebhart, Jim Carter, and Mickey Flaig, period 5; Fran Hoffman, Carole Oxenrider, Judy English, and Lee Jackson, period 6.

Robert Anderson, Mike Close, Marsha Gripe, and Mike Reiter have made commendable grades in English 5 on literature quizzes on "The Spy," a novel by Cooper. Esther Barringer, Sam Fryback Nancy Goodwin. Kay Hensch, Barbara Jacquay, Bob Kellogg, Lucille Palevich, Gary Simmons, and Ron Zigler also have made good scores, reports Mr. Knigge.

These people in Mr. Reichert's citizenship classes have made high grades on a mid-semester current events test. In period 2, Jim Barnhart received the highest score. Carolyn Ann Burns of period 2 and Denver Druesedow, Steve Chen, and Sheila Palmer of period 4 received high grades.

James Osbun and Michael Ewald received the highest score on a grammar test in Mr. Compton's English classes.

Mr. Smith's United States History 1 classes had a recent test over Chapters 7, 8, and 9. High grades in period 1 were made by Dave Smith, 80; Rita Hessert, 82; Paul Romey, 83; Bill Sherbondy, 83; Nancy DeBrular, 83; Nancy Swaim, 90; Joan Rothchild, 93; Chuck Weinraub, 97; and Tom Felger, 97.

In period 2, Dave Cormany, 81; Bonnie Strutz, 81; John Biteman, 86; Ed McClure, 90; Evilou North, 90; Ed Sarver, 90; Tom Halley, 97; Craig Holmes, 97; Jim Freeman, 80; Susie Ringenberger, 80; Mike Reater, 80; Steve Pohl, 83; Jody Huffman, 83; Heidy Hess, 86; Jim Crabill, 90; Jeff Baker, 92; Marjorie Havens, 93; Chris Parrott, 93; and Allan Steere, 93.

Period 7, Evan Bergwall, 82; Estherjean Baringer, 83; Sue Maxson, 83; Linda Amos, 85; Gary Overmeyer, 85; Bonnie Brenn, 86; Monica Zelonis, 86; Ed Kridler, 90; Jane Hunter, 93; Linda Silverman, 95; Jody Reiff, 97; and Jim Carter, 97.

Miss Young's Geometry 1 classes had a recent test on quadrilaterals. High grades in period 1 were made by Steve Weiss, Don Sievert, and Victor Lewandowski. In period 2, Carol Becker, Dave Meek, and Bill Wilder scored high. Also in periods 5 and 7, Barbara Uhl, Larry Lee, Steve Lowens, and Barbara Spiers made excellent scores.

High grades over a major test were made by Bill Stout, Bill Nader, and Pam Olson in Mr. Block's United States History 1 period 2 class.

Mr. Block's Citizenship 2 periods 3 and 6 classes had a recent test over city government. Top grades were made by Tom Marshall, Sharon Stettner, Pauline Marsh, Siegrid Tagtmeyer, Bonnie Smith, and Karen Porter.

Vol. XXXVIII—No. 14 | South Side High School, Fort Wayne, Indiana, Thursday, January 7, 1960 | Price Ten Cents

Drive Exceeds Goal With 18,955 Cans

HIGH HOMEROOM . . . . Mr. Stephen Berg's homeroom brought in the greatest number of cans during the South Side Hi-Y Club's annual food drive before vacation. They topped the school by donating over 1,000 cans.—Photo by DeHaven

"Reaching a total of 18,955 cans, almost double last year's total, made the food drive a huge success," remarked Mr. Ora Davis, sponsor of the Lettermen's Club. "It was perfectly marvelous to see how students and teachers responded. South Side has grown in its contribution until it is one of the principal suppliers of food to the Christmas Bureau, and many of the Bureau's activities are planned around us. This activity has grown at South until it is almost a tradition.

"Enthusiasm has extended from South throughout the community. Several articles concerning the drive were printed in the school and city papers and it was publicized on television. This prompted the people of the community to call the school to find out what they could do. Donations accounted for over $60.

"I feel that the student body has really proved itself and has chosen a fine way to extend the Christmas spirit."

Mr. Davis continued, "The problem of next year's quota has become a stumbling block. The student body has shown that it can apply itself and produce results, but it isn't right to press too hard either."

Following is a list of what each homeroom contributed to this collection:

DeMolay Heads Take Positions

The Fort Wayne Chapter Order of DeMolay installed officers for the coming year in services in the Commandery Room of the Masonic Temple on Wednesday, December 23.

The nine South Siders who were installed are James King, junior councilor; Frank Lude, senior deacon; William Branstrator, junior deacon; Allen Mitchell, senior steward; James Carter, orator; Eugene Jacobs, scribe; Stanley Redding, standard bearer; Kenneth Lowden and Henry Persons, preceptors.

Other officers include Robert Kabisch, master councilor; William Tanner, senior councilor; Roger Wagner, junior steward; John Griffith, treasurer; Roger Hebermehl, sentinel; Paul Raver, marshall; Richard Ungerer, chaplain; Gayle Ort, almoner; Larry Juday, David Foreman, Thomas DeWeese, Craig Brosius, and Arthur Hafner, preceptors.

The Chevalier Degree, the highest honor that can be bestowed upon a DeMolay member, was also given at this meeting. Two former Archers received the award along with a former North Sider. Bill Boggess and Steve Coleman, both of the Class of 1958 of South Side, and John Johnson of the Class of 1959 of North Side, were the recipients of this award.

PTA Cancels Meeting

Mrs. Francis Hoffman, PTA president, has announced that there will be no meeting for eight grade parents on January 11 as was originally scheduled. The meeting was cancelled because of uncertainty as to whether eighth graders will come to high school or attend junior high.

Mrs. Hoffman also stated that the meeting will be rescheduled later when definite plans have been established.

Hi-Y To Close Directory Sales, Sets Dance Date

Special recognition was awarded to those members who helped to sand and refinish the desks in Study Hall over Christmas vacation at the Hi-Y meeting Monday night in the Assembly Room of the YMCA. A party is being planned by Terry Berk, club president, to acknowledge the service done by the club members.

Bob King, publicity and sales committee chairman, announced that the Hi-Y directory sale would be completed this week.

Committee reports were then given concerning the annual Queen of Hearts dance to be January 22. Jack Fitzgerald, general chairman of the dance, announced that plans are now underway.

Mr. Robert Weber, the club's sponsor, was presented with a birthday present from the members who all joined in singing "Happy Birthday" under the direction of Bill Lentz.

The entertainment portion of the meeting consisted of a panel discussion on "Religion and Philosophies of Life." The panel members were Dick McGaw, Dick Rothberg, and Dave Redmond. A question and answer period followed the discussion.

Lifesaving Classes To Begin At YMCA

The junior-senior lifesaving classes will begin on January 12 at the YMCA.

The classes will be co-educational and the junior and senior classes will be combined.

The classes are offered free to members of the YMCA and their families. The cost for non-member high school students is $3.50; $7.50 is the cost for those non-members 18 or over.

The instructor will be Mr. Walter Kerley. His assistants will be Mr. Al Long and Mr. John Sturtivant.

The classes will be held on Mondays from 8:30 to 10 p.m. for 10 weeks.

1,912 Totems Sold So Far In Campaign

Totem subscriptions now have reached a grand total of 1,912, and the Totem staff has collected $6,000.

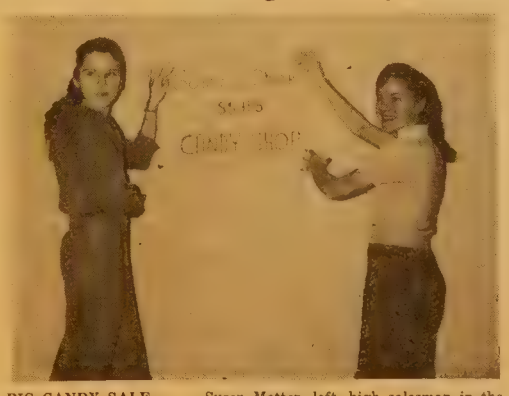
Although the subscription campaign has officially ended, students may still purchase yearbooks either from their homeroom agents or at the Totem office in Room 16. The price of the book is $3 with an additional fee of 25 cents for any student wishing to have his name placed on the cover.

Money for the publication of underclass pictures is currently being collected. "The deadline for picture money has not been definitely established, but it will be sometime early next semester," announced Carol Miller, circulation manager.

Coach Baker To Speak At Pep Rally Tomorrow

Boom, boom, boom! Five Redskins will powwow in the gym during the pep session tomorrow. Their powwow will be interrupted however, because five mighty Archers will attack the Redskins, and conquer them.

Mr. Robert Baker, assistant football coach, will speak to the student body on sportsmanship at this rally.



The varsity cheerleaders will renew the H-E-L-L-O cheer used last year during the basketball season. The reserve cheerleaders will introduce a new cheer, Get Hep. Let's Go will be the cheer used for the yell contest between the classes. The teachers judging the contest are Mrs. Mildred Luse, Mr. John Arnold, and Mr. Ronald Gersmehl. Sally Dill and Sylvia Ehrman are in charge of planning and leading the pep session.

Designers To Meet

Designers Associated will have a general meeting in Room 120 with Mr. Thomas Polite on January 13 at 3:30 p.m. The boys will view and discuss car drawings they have made. They will also talk over any new ideas for the coming meetings and the films which they have seen lately.

This will be the last meeting of the semester.

Susen Motter Takes Salesman Honors In Closing Candy Sale

BIG CANDY SALE . . . . Susen Motter, left, high salesman in the Music Department's candy sale, and Sheri Koch, runner-up, get ready to go into business for the remainder of the sale after their vacation shut-down.—Photo by DeHaven

"The candy sale, although not yet quite completed, has been most satisfactory," state Mr. Robert Drummond, director of instrumental music, and Mr. Lester Hostetler, director of the vocal section. High salesman was Susen Motter, freshman. Her next contender was Sheri Koch, junior.

The proceeds from the boxes of DeMet's Turtles, which have already been sold, number 5,000. The last proceeds which are still being brought in, will be combined with the present amount to buy new band uniforms and music for the Music Department.

All members of the band, orchestra, choir, and majorettes have an obligation of selling at least 12 boxes. Prizes will be awarded to the high salesmen, Susen Motter and Sheri Koch, at a later date.

Twenty-Four Kelly Seniors Cited For Quill And Scroll Recognition

TOP JOURNALISTS . . . . Twenty-four students from the Times and Totem staffs have been named to Quill and Scroll, the international journalistic honor society. Pictured above are, left to right, front row: Sunny Kaade, Judy Riping, Cindy Hart, and Geri Geller; second row, Katie Rastetter, Merle Baldwin, Sue Sappenfield, Sandy Grodrian, and Karen Good; third row, Penny Hunt, Sally Burton, Susan Menze, and Janet Terry; fourth row, Beth Golden, Bessie Ferguson, Barb Frederick, Carol Miller, and Bob King; fifth row, Sam DeHaven, Bob Thompson, Jim Jackson, and Mike Church. Susi Hoard and Julie Carr were absent when the picture was taken.—Photo by Ehrman

Students To Receive Subscription To Paper, Gold Pins At Banquet

Twenty-four Archer journalists have been chosen for membership in Quill and Scroll, an international honor society for high school journalists. Mr. James Rohrabaugh, Times and Totem adviser, has announced that more students may be selected in February if they can qualify for membership.

Chosen this year are Janet Terry, Katie Rastetter, Sue Sappenfield, Penny Hunt, Sue Hoard, Barbara Frederick, Merle Baldwin, Sandy Grodrian, Sue Menze, Beth Golden, Sam DeHaven, Geri Geller, Carol Miller, Bob Thompson, Bessie Ferguson, Mike Church, Judy Riping, Karen Good, Bob King, Julie Carr, Sonny Kaade, Jim Jackson, Sally Burton, and Cindy Hart.

\# \# \#

QUILL AND SCROLL was organized in 1926 by a group of high school newspaper supervisors including Miss Rowena Harvey, former Times adviser, for the purpose of encouraging and rewarding individual achievements in the field of journalism.

To qualify for membership, a candidate must be a graduating senior in the upper third of his class. He must have been a member of the publications staff for at least two years, and have shown superior work in some phase of journalistic or creative endeavor.

\# \# \#

EACH NEW MEMBER will receive a gold pin at the annual banquet in the spring, designating him as a part of the organization. He will also receive a year's subscription for "Quill and Scroll," the society's magazine.

Quill and Scroll itself is a worldwide organization having over 3,500 chapters and a membership of over 91,000.

To qualify for a chapter, a high school must publish a newspaper, an annual, or a magazine which is considered to be of sufficient merit by the society's executive council. Schools in which students gather under supervision to write news for a regular town or city newspaper are also eligible.

'Pygmalion' Cuttings, Elections To Highlight Philo Club Monday

Play cuttings from George Bernard Shaw's "Pygmalion" will highlight the Philo meeting Monday at 3:30 p.m. in the Greeley Room. Try-outs for "Pygmalion's" cast were completed during Christmas vacation.

Julie Carr and Sally Capps, co-chairmen of the cuttings, announced that the presentation would consist of various bit cuttings tied together by narration. In this way, the entire story of the play will be revealed to the audience.

The play cuttings will conclude Philo's group studies of Shaw.

Philo will hold its election of officers following the play. Those nominated for vice-president are Penny Hunt, Julie Carr, and Barb Frederick. Running for secretary are Susi Smethers, Carol Szink, and Marcia Swathwood.

Nominated for sergeant-at-arms are Annette Plesniak, Barbara Dennis, and Susan Menze. Nominations for program chairman include Gretchen Meister, Barb Eggeman, and Margie Mercer.

Karen Brumm and Lois Levine will retain their positions as president and treasurer, respectively, for the second semester.

The following people have been appointed to fulfill positions for next semester: assistant thespian director, Susan Bond; poster chairman, Jan Martindale; bulletin, Becky Davis; scrapbook, Margie Havens; and song leader, Kathi Lee.

Nine Archer Lasses Lead Job's Daughters

Job's Daughters held its installation of officers on December 22 at 7:30 p.m. in the Egyptian Room of the Masonic Temple.

Nancy Tennant took the oath of Honored Queen. Patty McCoy and Judy English received the capes and crowns of the Senior and Junior Princesses, respectively.

Roxanne Smith was installed as the new Guide, and Dianne Simmers took the office of Marshall.

The appointed officers are as follows: Chaplain, Stevie Richards; Treasurer, Sheri Cole; Recorder, Joyce Richart; Musician, Susan Mowery; Junior Custodian, Carol Botteron; Senior Custodian, Susan Edgerley.

Librarian, Judy Barnard; First Messenger, Sandra Means; Second Messenger, Jean Morris; Third Messenger, Louise Misegades; Fourth Messenger, Ellen Stanberry; Fifth Messenger, Elizabeth Stone; Inner Guard, Janice Spuller; and Outer Guard, Karen Johnson.

Meterites To Honor Sophomore A Girls

Meterites' Recognition Day Tea will be Tuesday at 3:30 p.m. in the Greeley Room. All sophomore girls in Meterites having 358 points or more will receive a certificate and graduate into Philo, which is Meterite's big sister club.

At the tea, the new officers for the spring semester will be installed. The new officers are Lissa Hoffman, president; Rosemary Capps, vice-president; Peggy Schmidt, secretary; Sue Kelley, treasurer; and Marilyn Cole, sergeant-at-arms.

Two chairmen have been appointed for committees for the tea. Elaine Snow is chairman of the writing committee. This committee will send postal cards inviting the mothers of all Meterite girls to attend the tea. Diane Hall is the chairman of the refreshment committee.

Sophomore A girls who will be graduating are Sharon Carrel, Susi Horth, Kaylene Gebert, Ann Golden, Jenny Manth, Sandy Thorn, and Ellen Williams.

Rifle Club To Meet

"A regular business meeting, with shooting on the range afterwards, will be featured at next Monday's meeting of the Boys' Rifle Club," stated Mr. Stephen Berg, club sponsor.

Mr. Berg also stated that the club is planning future meets with Decatur, New Haven, and Elmhurst school rifle clubs.

Armco Foundation Offers Scholarship

Armco Foundation, Inc. will offer a $3,000 scholarship to boys or girls who wish to study civil engineering.

National Society of Professional Engineers will choose recipients of the scholarships.

Any interested senior is urged to write Mr. Paul A. Lauletta of Joslyn Stainless Steels in Fort Wayne.

Students should express their desire to study civil engineering and give their scholastic standing.

Students are asked to write immediately. The local committee must select one student to enter state competition before January 15.

Professor To Speak On Science Exhibit

Dr. Leslie Willig

Dr. Leslie Willig, assistant director of Purdue Center, will speak today to the Junior Academy of Science at 3:30 p.m. in Room 76 concerning the annual Science Fair to be at the Coliseum in March. He also plans to present slides showing last year's fair.

The Science Fair will be in the exhibition hall of the Coliseum Friday, Saturday, and Sunday, March 25, 26, and 27. Students and adults may view the projects on Saturday and Sunday.

\# \# \#

IN ORDER to participate in the Science Fair, entries must be in by Monday, February 29.

Each year thousands of students from the first grade to the twelfth grade take part in the Science Fair.

The students are divided into three sections. Grades one through six are in the elementary section. Grades seven through nine are classified under the junior division. Grades ten through twelve are classified under the senior division.

The categories under which the students can participate in are: microbiology, chemistry, zoology, engineering, botany, geography, geology, mathematics, and physics.

\# \# \#

ON SUNDAY, March 27, the awards will be given to the student with the best project in each category. The awards are based on the scientific thought behind the project, the thoroughness of covering the subject, and the choice of a subject for a project.

Kellys To Represent School On TV Show

Seniors Janet Terry and Sue Menze will represent South Side this Sunday on "Elektra Club." Janet will appear on the panel and give her views on the question, "How important should money be in my life?" Sue will give the current South Side news.

Other students who will be panelists are Patsie Dorton, Central; Roy Strohl, North Side; Gerald Gallina, Central Catholic; Ann McClure, Elmhurst; and Mike Congdon, Concordia.

Students who will give their school's news are Nancy Whited, Central; Jim O'Brien, North Side; Andrea Hall, Central Catholic; Sandra Follis, Elmhurst; and Tom Reilly, Concordia.

Mary Ann Stump of Elmhurst will sing for the talent number.
